MASERU, Basutoland, May 12.—British forces from Thabanchu under General Rundle and General Brabant are reported to have advanced toward Clocolan and Platberg. A large commando of Boers has returned from the Koranaberg hills and is in readiness to meet the British, but the Boers are puzzled to know by which route the British will appear.

THE NAVAL BILL.

Senate Votes on Armor Today—Senator Lodge Speaks.

WASHINGTON, May 12.—No disposition has been made as yet of the naval appropriation bill by the senate, but after an all day discussion an agreement was reached to vote on the armor plate section at 3 o'clock this afternoon.

During the discussion a notable speech was delivered by Mr. Lodge of Massachusetts upon the necessity of building up the United States navy without delay. The speech was delivered with the vigor and earnestness characteristic of Mr. Lodge's discussion of public questions and attracted much attention.

Mr. Daniel of Virginia presented an extended argument in support of the immediate construction by the government of an armor factory, while Mr. Allison of Iowa opposed the project of a government armor factory on the score of economy.

The house broke all records by passing 180 private pension bills. Among them was the senate bill to pension the widow of the late General Guy V. Henry, the house reducing the amount from $100 to $50 per month. The house adjourned over until Monday.

The members of the interoceanic canal commission appeared yesterday before the senate committee in charge of the Hepburn bill. Great interest was manifested in the meeting, as it was hoped that the commission would be able to materially aid the committee in determining whether it was desirable to proceed at once with the legislation on this subject or defer action until the next session of congress.

A number of the engineering experts and attaches also were present. All of the members of the commission were given an opportunity to express their views and were questioned at considerable length by the senators. There appeared to be no division of sentiment on the main points involved, although the members were loath to express opinions of a final character in the midst of their investigations.

Naval Movements.

WASHINGTON, May 12.—The battleship Iowa has gone into dock at Bremerton, Puget sound, for repairs, which will consume 40 days. The Michigan, which is training some of the naval militiamen on the lakes, is scheduled to leave Chicago on the 28th inst. for Kenosha, Mich., where she will embark some of the Michigan militiamen. Admiral Watson on his flagship Baltimore arrived at Shanghai yesterday en route for home. The Bennington, which is coming across the Pacific to San Francisco, has arrived at Yokohama.

Old Enough to Know Better.

TRENTON, May 12.—Samuel Dean, aged 64, and Henry Tilton, aged 78, two well known citizens here, have been quarreling for some time about Mary Enright, aged 28. Each wants to marry her, and their animosity has resulted in both being arrested and the town being excited over the attempt of one to kill the other. Dean was shot through the wrist by Tilton, the first of two shots fired from his pistol taking effect.

Spanish Antitaxation Riots.

BARCELONA, May 12.—Disorders were renewed here yesterday afternoon, but on a less serious scale than those of Thursday. The gendarmerie dispersed the crowd. The street car and omnibus services are suspended.

Russian Purchase In Korea.

YOKOHAMA, May 12.—Another extensive Russian purchase of land in Korea has been disclosed at Port Chin-Nan, on the west coast.

THE PHILADELPHIA WOMAN.

According to This She Is Much More Conservative Than Her New York Sister.

Every portion of our great country has its individual characteristics, and the women of each section have their peculiar charm, native to themselves, and dissimilar to that of their neighbors, says Collier's Weekly. Take Philadelphia as an example. New York and Philadelphia are not many hours apart, yet the women of the two cities are in many ways altogether different. The fair Philadelphian is much the more conservative of the two; she is less ready to adopt a novel fad, less hospitable to new theories, and even in her housewifery she is more staid and old-fashioned than her sister who dwells under heaven-aspiring roofs and sees the statue of liberty every day.

The New York woman contentedly packs and squeezes her family and her goods into a narrow flat; the Philadelphian lives in a stately and ample house with a spacious back building attached, and her home has front and back stairways and beautifully appointed chambers for guests. She goes to market herself, and her servant behind her carries a basket in which to bring home her provisions; her table is always sufficiently spread to allow for an extra plate and cup. Most gracious and kindly is her welcome to the stranger within her gates, while in her courteous and exclusive inner circles the person presenting proper credentials is made free to the best with a charming and intimate cordiality, and a hospitality which knows no bounds.

DID NOT FLATTER THE ORATOR

A Minnesota Congressman Who Made a Hit by the Drummer He Engaged.

Congressman Eddy, of Minnesota, enjoys a joke, even though it is at his own expense. He relates this story of how one of his constituents got the best of him and curbed his youthful vanity, says the Chicago Chronicle.

"In making the campaign in my district one year," said Mr. Eddy, "I took along as an attraction a veteran of the war of 1812 and of the civil war who was a famous hand at beating the drum. He was a drummer from away back and could arouse a whole township. Drum music is an incendiary kind of thing anyhow, and the old captain's drumming was particularly stirring.

"Well, one night, after the captain's drum had given the usual overture, I commenced my speech to the populace which had been lured to the scene by his drum. I noticed at the foot of the rostrum, the same being a big dry goods box, a bright-eyed little fellow about 12 years old, who sat through the speech, following me with great attention. It pleased me very much. Any fool can interest an audience of adults, but it takes a genius to hold a child.

"So, after the speaking, I went down and spoke to the little fellow, and after shaking hands with him asked him how he liked my speech.

"'Oh, it will do,' he said, 'but if I was you I would keep the captain a drummin' all the time.'"

ALL KILLED IN 27 YEARS.

The Arctic Sea Cow, Discovered in 1741, Had Entirely Disappeared in 1768.

One of the most remarkable animals on the Pacific to disappear before the advance of man within the past 150 years was the rhytina or sea cow—rhytina gigas—which was discovered by Behring in 1741 on the island that was given his name, says the Scientific American.

The surgeon of the wrecked party has left an interesting account of this Arctic manatee—an extraordinary animal, which attained a length of 30 feet and a weight of 8,000 pounds.

The animal was found in herds about the mouths of streams, and being a clumsy creature, with no means of defense, easily became a victim to the party, who speared them for food.

So vigorous was the warfare against it carried on that in nine years the five herds on Copper island were extirpated; in 1763, those on Behring island had been destroyed, and in 1768 the last one paid the penalty and the rhytina became a memory, the skeletons in the National and Russian museums, the San Francisco academy of science and a few others alone telling the story.

A HEALTHY DECLINE.

Business of the Country In Good Condition, With Lower Prices.

NEW YORK, May 12.—R. G. Dun & Co.'s weekly review of trade says:

With wholesome promptness the country is recovering from the embarrassment of unnaturally high prices. In some lines the great manufacturing associations have taken the lead; in others reduction is still deferred because the entire producing capacity is engaged at high prices for some months to come; in others it comes in spite of resistance because buyers hold back orders for their own protection until material concessions are made. No disturbance nor stringency of credits results nor any sign of alarm.

Considerable increase of business is reported, resulting from recent reductions, but demands for higher wages and also for closing of some iron works two months in the year whether there is business or not cause some hesitation regarding future contracts. The Smelting and Refining company has reduced lead $9 per ton, to 4¼ cents, and copper has declined an eighth, to 16⅞ cents for Lake, while tin is also lower, at 29 cents.

Shipments of boots and shoes from the east for the first week of May were smaller than in the corresponding week of every year save one since 1894. The decline in hides, which has affected nearly all country quotations at Chicago this week, and some further decline in upper leather have not brought concessions in boots and shoes, but have strengthened the purpose of dealers to keep back orders. Accounts indicate that dealers' stocks throughout the country are unusually large and many shops are closed, while many more have but little work ahead.

In spite of good exports, wheat prospects suffice to cause a decline of 1⅝ cents, while corn has declined 2⅝ cents. Corn exports still run much beyond last year's, in two weeks 6,850,500 bushels against 4,720,666 last year, and at Atlantic exports of wheat, flour included, have been in two weeks 5,199,508 bushels against 5,336,705 last year, with Pacific exports 1,094,697 bushels against 1,089,132 last last year. Of both grains the movement from the farms is large enough to dispel all fear that the supply will run short.

Failures for the week have been 192 in the United States against 165 last year and 15 in Canada against 20 last year.

METHODISTS IN COUNCIL.

The Woman Question and the Time Limit Discussed at Chicago.

CHICAGO, May 12.—The woman question received the attention of the committee on revision yesterday, a resolution being reported by a subcommittee providing for such a change in the discipline as would permit the licensing of women as local preachers and exhorters. After a long debate the resolution was voted down.

A discussion of the time limit occupied over two hours at the meeting of the committee on itinerancy, but the committee failed to reach an agreement.

The subcommittee of the committee of the state of the church, which has in hand the amusement question and the removal of the ban on certain kinds of amusements, is literally swamped with memorials and petitions pro and con. As a result the committee asked for more time to report.

The committee on boundaries took action to correlate all the Japanese work on the Pacific coast and in the Hawaiian Islands into a mission to be known as the Pacific Japanese mission.

At a meeting of the committee on the Epworth league yesterday it was decided to recommend to the conference the appointment of a general superintendent for the Junior Epworth league. It was also decided to continue in office the secretary in charge of the work among the colored churches.

THE SPANISH RIOTS.

Martial Law Proclaimed In Two Provinces.

MADRID, May 12.—Martial law has been proclaimed in the provinces of Barcelona and Valencia.

At Seville, where the shops are still closed, the excitement continues. There has been further resistance to the gendarmes at Valencia.

Notwithstanding the solicitations of the antitaxation press, there was a complete absence of the labor element in the manifestations at Barcelona.

The ministerial papers say that the rate payers continue to pay taxes as in the past and that so far no diminution is noticed. They point out that the taxes paid by tradespeople only represent a twentieth part of the receipts and that of this twentieth—namely, 42,000,000 pesetas—more than 12,000,000 are paid by large banks and railway companies.

Crops Destroyed by Frost.

CATSKILL, N. Y., May 12.—The temperature yesterday morning fell to 26 degrees above zero. In consequence the fruit and berry crops in this vicinity, which a week ago never appeared more promising, have been destroyed. The loss in this immediate section is estimated at $100,000.

YEAR YOUNGER THAN THE CHURCH ITSELF.

Nineteenth Anniversary of the Ladies' Christian Work Society of Trinity Church.

MUCH GOOD WORK DONE.

INTERESTING TALKS GIVEN BY MISSIONARY WORKERS.

Rev. Cornelius Schenck Praised the Society for the Good Work That it Has Done—Receipts and Disbursements.

The nineteenth anniversary of the Ladies' Christian Work Society of Trinity Reformed church was observed last evening in an interesting and profitable manner. The Junior Christian Endeavor Society of the church attended in a body.

After the devotional exercises conducted by the pastor, Rev. Cornelius Schenck, Ph.D., assisted by Rev. Daniel Rapelje, who read the Scriptures, Mr. Schenck said that the society is only one year younger than the church, and its members had accomplished a grand work for the church and the denomination. He spoke of the earnest workers and toilers in the society and what they have done for the advancement of the Kingdom of God. He took occasion to thank the officers and members for their devotion and the committees for their earnest efforts, and prophesied greater things in the future. Mr. Schenck then announced that the report of the treasurer, Mrs. O. W. Dunham, would be read.

This report is as follows: General fund, receipts, $35.80; disbursements, $35.12; balance, 68 cents; poor fund, receipts, $8.54; disbursements, $8.05; balance, 49 cents; sewing fund, receipts, $16.36; disbursements, $15.49; balance, 87 cents; sinking fund, receipts, $347.92; disbursements, $347.92. The receipts for the missionary fund were $89.33 and were divided equally between foreign and home missions. The total receips wer $497.95, and the disbursements $495.91, leaving a total balance of $2.04.

Mrs. H. W. Marshall, secretary for the society, presented her report, which showed a membership of 44 active and 12 honorary, and the average attendance 22.

The chairman of the sewing committee gave twenty-one articles towards the missionary box. Two barrels of clothing were sent to Schofield School, South Carolina, and the usual amount of $5 was donated to the W. C. T. U. During the year two members resigned and one died.

Following the above reports, Pastor Schenck introduced Miss Leila Winn, of Aomori, an island of Japan. Miss Winn's work is chiefly in teaching women and holding Sunday-schools for the children. She is designated as a children's missionary. She told of the work of Christ in that portion of Japan where she has been stationed, and said that Japan is now open to the missionaries of the world, thus affording a wonderful opportunity to win souls for Christ and to advance the work of his kindgom.

At the conclusion of Miss Winn's talk she exhibited a number of idols and different style shoes worn in Japan.

After the Junior Christian Endeavor Society sang one of their favorite songs, Rev. Daniel Rapalje, of Fairview avenue, who for forty years was a missionary at Amoy, China, gave brief talk. He referred to the gloomy prospects for the girls of China, who are allowed to come up in ignorance, while the boys are sent to school when they arrive at the proper age. He said that the girls and boys are not allowed to learn anything that will be of use to them, and cited the need of more missionaries. In closing he referred to the idolatry and polygamy to be found in China, and how much work will have to be done to educate the people of that vast Empire.

The offering made during the service was for the ladies Christian Work Society to assist them in carrying on their noble work.

Summer Uniforms for Cops.

Orders have been placed for the summer uniforms for the Plainfield police and they are expected by June 1st, when the change is made. Some of the police have received their white hats, but they will not wear them until they get their suits.

GOLFERS WERE PLENTY.

LARGE ATTENDANCE AT LINKS OF PARK GOLF CLUB SATURDAY.

Most Members Were Making Up Trial Scores—Professional Blair Defeated Best Ball of Anderson and Thiers.

Ideal weather, an excellent course and the desire to complete the trial scores for a basis for handicapping, all combined to crowd the links of the Park Golf Club Saturday afternoon. The attendance was the largest of the season and equal to the holiday crowds of last year. Although there was no regular competion, there was much interest manifested in the scores.

Saturday was the last chance of the club members to hand in their three trial scores necessary to secure a handicap for the opening competition next Saturday. Those who have the opportunity of playing during the week had their scores completed, but they were in the minority and the others spent the afternoon that way. The course was in fine condition. The fair greens had just been cut and were firm and smooth while the putting greens showed up fast and even. There was a brisk breeze that died away toward evening, but it interfered but little.

There was the usual little group of ladies who played around and a larger gathering at the clubhouse, where an informal tea was held. Quite a number of members were out for the first time this season, and several guests played over the links with friends.

The chief happening of interest was a match arranged between Andrew B. Blair, the club professional, and W. de la R. Anderson and William J. R. Thiers, two of the best players on the club. Blair played the best ball of the amateurs and finally won two up and one to go in the eighteen holes. The amateurs won on the first round, but Blair played almost par golf in the second and finally won out. He made the rounds in 46 and 42. His opponents scored 46 and 48 in the first round and 47 and 47 in the second. Thiers showed slightly better form than Anderson, particularly in his driving.

CARS PILED UP.

Coupling Broke and Air Brakes Set so Quick That There Was a Mix-up.

As an empty westbound coal train was passing Rock avenue yesterday morning about 5 o'clock a coupling broke, causing the air brakes to set and stop the rear part with a sudden jerk. As a result seven large gondolas were demolished and thrown across the tracks, blocking three of them. The steam derrick was summoned from Elizabethport and worked until 10 o'clock before the tracks were all cleared. No one was injured, but several of the crew had narrow escapes.

THINKS ROAD TOO NARROW.

Mr. Wilson's Views on the Watchung Trolley Extension.

An idea seems to prevail that J. I. Wilson, owner of the quarry between the borough and Watchung, is opposed to granting a right of way to the trolley line.

In conversation with Mr. Wilson with the editor of The Weekly Review he expressed his views on this subject about as follows:

"The trolley people and I understand each other perfectly well. I am willing that the trolley should go to Watchung, but it is a well-known fact that the highway is very narrow; that it is daily used a great deal by farmers for 12 miles away, and by many others for pleasure driving, as well as for business, and if a trolley is placed there the road will be blocked. What I want is for the trolley people to widen the road to at least 50 feet, which will provide room sufficient for the vehicles and allow of a sidewalk. I don't want to let the trolley in, and inside of three months compel the taxpayers of Somerset county to do this necessary work at their own expense."

Another Trolley Switch.

It is understood that the Plainfield Street Railway Company has a scheme on foot to locate another switch on East Fifth street, between Watchung avenue and Washington street. It was reported that the work was to have been done last Friday night, but it was not. Thus far the company has made no application to the Common Council in open session for the right to place this switch.

To Drill in Music.

F. S. Cutter and Miss Force have volunteered to drill the Marconnier chapel Sunday-school in singing for the Children's Day service. They met the school for the first time yesterday afternoon and were well pleased with the way the school took hold of the music.

TWO SURPRISES ON LOCAL DIAMONDS.

Leal's School Met Crushing Defeat at Hands of East Orange High School.

1ST GAME LOST THIS SEASON

PLAINFIELD HIGH SCHOOL TEAM CAME PERILOUSLY NEAR WINNING.

Defeated in the Last Inning by the Arion A. C., of This City—Game Was a Good One Up Sixth Inning.

There were two surprises on local diamonds Saturday afternoon. The Plainfield High School team came perilously near winning, only being defeated in the ninth inning by the Arion A. C., of this city, by a score of 24 to 22. The other surprise was when the Leal's School nine, heretofore easily victorious, met a crushing defeat at the hands of the East Orange High School.

The High School boys and the Arion nine met on Martine Common. At the start it looked very much as if the High School team was going to break its record and win. For the first two innings the Arion boys were shut out. When five innings had been played the High School was in the lead 8 to 4. Squires' delivery puzzled the other team while his support was excellent, only three errors being recorded against the High School team up to that point.

Then the old trouble appeared and the error column on the score book grew rapidly. Arion A. C. made six runs in the sixth to the High School's one. The seventh showed the Arions still ahead by one run. The latter batted Squires freely in the eighth, scoring seven times. In the same inning, however, the High School boys fell upon Smith's delivery and with the aid of wretched fielding made nine runs, taking the lead again. But it couldn't last. The Arions scored five and the school team but two in the last inning.

The first part of the game was excellent, but towards the end it became a question as to which team could play the worse. The teams batted as follows:

PL'NF'D HIGH SCHOOL.	ARION A. C.
F. Mason, lf.,	Kennett, ss., c.,
Squires, c.,	Reynolds, cf.,
T. Mason, 2b.,	Martin, 2b., ss.,
VanAuken, ss.,	Gordon, 3b.,
Schemp, 3b.,	Roseberry, c., 2b.,
Doerge, 1b.,	Evans, 1b.,
Monihan, of.,	Smith, p.,
Pond, rf.,	Dolliver, lf.,
Herman, c.	Hand, rf.

SCORE BY INNINGS:

Arion A. C.....0 0 4 1 0 6 1 7 5—24
High School.....1 2 3 3 0 1 1 9 2—22

The biggest surprise of the day was the game on the Washington avenue grounds when the East Orange High School defeated the Leal's School team 21 to 4. The Leal's School boys were fairly outclassed. The mysteries of the curves of Underhill, the East Orange pitcher, who possessed the wonderful faculty of being able to pitch with either hand at will, were beyond the local team. Tilney, captain of Leal's, has been ill for two weeks, and in his absence the boys had not practiced at all. The lack of it was shown.

The score by innings:

E. O. H. S. 1 8 0 8 2 2 0 0 0—21
Leal's.....0 0 0 0 1 0 1 0 2— 4

A Plainfield Pianist.

Miss Saidee Mae Howell, a talented young pianist of Plainfield, gave some delightful piano solos at the State Federation of Clubs held at Cranford last Thursday afternoon, and completely won her audience by her sympathetic touch and fine rendering of selections by Chopin and Moszkowski. Miss Howell who has played at several musical clubs and entertainments in Plainfield during the past year is a pupil of Miss Minnie S. Marsh, of Madison avenue.

Eastern Honor for Mr. Bowen.

Herbert W. Bowen, United States Minister and Consul General of Teheran, Persia, has had conferred upon him by the Shah of Persia the decoration of "The Grand Cordon of the Lion and the Sun." The decoration is one of the first class and came as a surprise to Mr. Bowen. Before he can accept it, permission must be granted by Congress. Mr. Bowen is a brother of Henry E. Bowen, of Watchung avenue.

A Dangerous Spot.

The attention of Superintendent of Highways Thomas Doud is called to a broken flagstone leading from the crosswalk to the curb on the corner of Duer street and Mercer avenue. It is dangerous, and if a person is injured by stepping on the broken stone the borough is liable for damages.

DEATH OF E. C. MULFORD

OLDEST REAL ESTATE BROKER IN THIS CITY.

Also Oldest Past Master in Free Masonry in Plainfield—Born Near Somerville.

Edward C. Mulford, the oldest real estate broker in this city, and the oldest Past Master in Free Masonry in Plainfield, died yesternay morning at 2 o'clock at his home on East Fifth street, after an illness covering a period of four years, two of which were passed at home unable to attend to business. Occasionally he would gain sufficient strength to take a short drive, but improvement was only temporary. The best of medical skill was employed and everything possible was done to restore him to health and strength. Mr. Mulford's death was due to a general complication of disease and his age, 66 years, was against recovery.

Mr. Mulford was born near Somerville, and early in life engaged with his father in the building business. Before the Civil War the family moved to this city, and then Mr. Mulford succeeded his father in the business which he continued for about twenty-five years, assisted by his father, whose advanced age would not permit him to take the management of it. Mr. Mulford lived in Plainfield about forty years, and after giving up the building business he engaged in the real estate and insurance business. His first office was located in the north end of the North Avenue Station, where he remained for six years. He then occupied a small building on North avenue for a short time. Soon afterward he erected the building on North avenue which he has been occupying for many years. He was associated in business during the past seventeen years with his son, Armstrong Mulford, who is now in charge of it.

Mr. Mulford was a member of Jerusalem Lodge, No. 26, F. and A. M., of which he was a Past Master. For several terms he was a member of the Common Council and for number of years was a Commissioner of Appeal. When the war broke out he enlisted in Co. H, 30th N. J. Vols., which was formed at Flemington, and served full time, nine months, being honorably discharged. He never associated himself with the Grand Army of the Republic. When a young man he joined the First M. E. church, and was a faithful member, being regular in attendance up to two years ago.

Although his family was prepared for the worst his death was sudden. He had been sitting on the edge of his bed, and soon after lying down he expired. Members of the family called to him, but there was no response.

The funeral services will be held from the house tomorrow afternoon ot 3 o'clock, and interment will be in the family plot at Hillside cemetery. The members of Jerusalem Lodge, No. 26, F. and A. M. will attend in a body.

A wife, four daughters, Mrs. John M. Lewis, Mrs. F. S. Cutter, Miss May Mulford and Miss Carrie Mulford and one son, Armstrong Mulford, survive Mr. Mulford.

SET ASIDE APPOINTMENT.

Frank T. Okell, of Westfield, Not Allowed to Continue as Administrator of Mellick Estate.

(Special to The Daily Press.)

Elizabeth, May 14—In the Union County Orphans' Court, Saturday, Judge Vail set aside the appointment of Frank T. Okell, a Westfield lawyer, as administrator of the estate of Henry Mellick, on the ground that the dead man was not a resident of Union county, but had lived just over the line in Middlesex county, where the application for an administrator should be made to the Orphans' Court there.

Mellick was an aged miser, and at his demise left an estate valued at $100,000. He died April 10th last without making a will. Lawyer Okell will now make a contest in the Middlesex court for the administratorship, where a caveat has already been filed filed in the matter by one of the dead man's alleged heirs.

Must be Disinfected.

The public is notified that no books which have been in houses where there is contagious disease are to be returned to the Public Library or to the schools until they have been disinfected by the Board of Health.

Many Use the Trolley.

Additional trolley cars were necessary on the Elizabeth and Westfield line yesterday. The travel was very heavy and many people from along the line visited this city.

As a Result of "A Night Off."

EPWORTH LEAGUE WAS BORN IN PLAINFILD.

Eleventh Anniversary of Chapter No 1 Was Celebrated Last Night.

ALMOST 2,000,000 MEMBERS

THE ORIGINAL CHAPTER NOW HAS 105 MEMBERS.

There Are Now 27,000 Chapters in the World—Special Address Delived by Gen. Russling, of Trenton.

Chapter No. 1 of the Epworth League, which has its abiding place in the First M. E. church, observed the completion of its eleventh year last evening with special service held in the church. As Chapter No. 1 and the League itself came into existance the same day, the service marked the anniversary of the organization of the League as well.

In the absence of the president of the chapter, Henry Gee, Rev. Dr. W. C. Snodgrass presided. The address of the evening was by Gen. Russling, of Trenton. His subject was "The Advance of Methodism." He talked at length on the growth of Methodism, its present proportions and what the future held in store for that denomination. He also told what it stood for.

A short exercise was conducted by Miss Jennie Davies, first vice president, in which the graduates from the Junior Epworth League were received into membership of the main league. She made a short address to the graduates.

The Epworth League was organized in May, 1889, by the union of five societies then existing in the M. E. church. Among them was the Oxford League, a branch of which was located at the First M. E. church, this city. The meeting at which the Epworth League was founded was held in Pittsburgh and was presided over by Rev. Dr. J. L. Hurlburt, then of Plainfield. Through him Plainfield secured the honor of having Chapter No. 1. The local chapter has 105 members. There are 60 leagues in the Elizabeth district and 27,000 in the world with a membership of nearly two million.

Special services in commemoration of the eleventh anniversary of the league were also held at the Monroe Avenue M. E. church. Edwin Beekman, president of the chapter from that church, presided. A short address on "Value of the Human Soul" was made by the pastor, Rev. John McMurray. The four vice presidents, Miss Florence Burt, Mrs. Walter Manning, Walter M. McGee and Miss Edith Manning, assisted in a special exercise.

The Grace M. E church was very prettily decorated last evening with the Epworth League colors and a profusion of flowers for the special services.

The exercises, which consisted of singing by the children, under the direction of Mrs. Low, and special anthems by the choir under the leadership of John Steiner, were in charge of the president of the league. The speaker of the evening was Thomas E. Greason, of New York city.

TO ACT JOINTLY.

Two Alumni Associations of the Borough to Give Reception to Graduates.

The North Plainfield Public School is possessed of two alumni associatons. One is composed of those who graduated from there before the High School department was added and the other includes in its membership the graduates of the North Plainfield High School. There has been some question as to which alumni association should take charge of the commencement reception. It has finally been decided that the most satisfactory way will be to have them unite forces and conduct a joint reception. A meeting of both associations will therefore be held tomorrow evening at the school building.

At the meeting it will be decided whether or not to give a reception this year. That question will, in all probability, be decided in the affirmative as most of the alumni are in favor of a reception. It will probably be held the same evening as the commencement exercises, Friday, June 22d, after the exercises are over. The place will be the Casino or the Park Club.

An Approaching Wedding.

The wedding bands of Miss Mamie McKeon, of West Front street, and Thomas Lynch, the popular foreman of the press-room at The Daily Press office, were read at St. Mary's church Wednesday, May 23d.

ROWLAND COX IS DEAD

PROMINENT TRADEMARK LAWYER PASSED AWAY LAST NIGHT.

Death Followed an Attack of Appendicitis—Left Princeton to Enlist But Was Given His Degree.

Rowland Cox, one of the best trademark lawyers of the country, passed away late last evening at his residence 310 West Seventh street. He was taken ill Wednesday with appendicitis. An operation was performed by Dr. Hartley, of New York, but his system was too weak to rally from its effects and he died last evening.

Mr. Cox was born in Philadelphia, July 9, 1842. He entered Princeton University but left at the beginning of the Civil War to enlist in the 13th Anderson Cavalry. He was given his degree, however, as a member of the class of 1862. He was commissioned as captain, and appointed on the staff of General Grant but he did not serve there. He was subsequently appointed on Gen. McPherson's staff, and afterwards breveted major.

At the close of the war Mr. Cox went to Washington, D. C., and then came Plainfield in 1872. He married Miss Fanny C. Hill, of Smyrna, Del. He was admitted to the New York bar and made a specialty of trademark cases, in which class of practice he attained a National reputation. His law offices were at 229 Broadway, New York. His son, Archibald Cox, has been associated with him in the business for the past few years.

Mr. Cox had a host of friends in this city and New York with whom he was very popular. At his home he was a loving husband and a kind father. He was particularly interested in all matters for the advancement of the interests of Plainfield. He was a regular attendant at the Grace P. E. church. He was a member of the board of governors of Muhlenberg Hospital, the Military Order of the Loyal Legion, the Hillside Tennis and Golf Club, the Baltusrol Golf Club and also the Zeta Psi Fraternity.

He leaves a widow and four children, Dr. Rowland Cox, Archibald Cox, Robert H. Cox and Miss Fanny C. Cox. His sister is Mrs. George Wharton Edwards, of Franklin place.

The funeral will be held Friday afternoon from the Grace P. E. church.

NEARLY A RIOT.

Rival Baseball Nines Disputed About the Use of a West End Diamond.

Constable Mattox had to be called Saturday to quell a small sized riot which was taking place on the Clinton avenue baseball grounds over the ownership of the lot.

The right to play on the grounds was claimed by the two teams from Ponds. The Clinton avenue team declared they would have the field as it was through their efforts that the diamond was laid out. Matters were assuming a serious aspect when Constable Mattox appeared and persuaded the Clinton avenue boys to let the Pond teams play.

This they finally decided to do and they left the field in the possession of the Pond boys.

Case was Dismissed.

Charles Housell, of Scotch Plains, who was arrested on complaint of Duncan Monroe, was discharged before Justice Mosher Saturday evening for lack of evidence. The trial had already been adjourned in order to allow both parties to secure witnesses. The plaintiff did not have his and asked the Judge for another adjournment, but it was refused and the case was dismissed.

Power of Little Things.

The evening service at Marconnier chapel last night was led by E. E. Anthony, who delivered a very helpful address on the topic, "The Power of Little Things." Mrs. Anthony acted as pianist. The meeting was very well attended and the chapel presented a very attractive appearance, decorated with dogwood and lilacs. Seven Plainfielders were present at the service.

Necessary Money Subscribed.

The necessary $100 to macadamize Watchung avenue between Grandview and Coddington avenues has been subscribed and the borough officials will start the work next week. It will be remembered that the property-owners petitioned for the improvement, and were told that if $100 was subscribed for the work it would be done.

Must Start Sprinkling Tomorrow.

According to the contract between the city and the Street Railway Company the latter should commence sprinkling the street along the line of their road tomorrow, and thus a suffering public will be relieved of one great nuisance.

KINDNESS REWARDED BY THEFT OF $140

Flagrant Ingratitude of a "Black Sheep" to Scotch Plains Family.

SAVINGS OF A YOUNG MAN.

WARRANT FOR ARREST, BUT NO TRACE OF THE THIEF.

Made Believe That He Wanted to Reform, But It Was Only a Cloak Which Resulted in His Committing the Robbery.

A flagrant case of ingratitude was brought to light this morning in a warrant issued in the court of Justice Schlich, at Scotch Plains, for the arrest of William Balsor, who comes from a respectable family in New York. Balsor is accused of stealing $140 in cash from William Hosinger, of Scotch Plains, who is employed in the printing press factory of Walter Scott in this city. Early in April Balsor made his appearance at Hosinger's home and related a tale of hard luck to Mrs. Hosinger, telling her that he had done wrong in the past, but that he was ready to reform. He asked to remain at her home until he could get a position and by hard work and good behavior get into the good graces of his parents again.

Mrs. Hosinger took pity on the young man and told him that he could stay with the family till he secured a position, and the meantime he could work about the house to pay for his board. He was allowed to share the room with her son William. In some way Balsor learned that young Hosinger had saved up quite a sum of money, and gradually made himself well-liked in the household.

One day Balsor came to Plainfield and applied at the press works for a job. It appears that he did not get a position, but when he returned to Hosinger's that afternoon he told a plausible story about having secured a job at the hands of Superintendent Weseman. He carried out the deception cleverly, going back and forth to this city for several days.

On May 2d Balsor remained at home and while Mrs. Hosinger was busy about her household duties the former ransacked several of the upper floor rooms, and finally succeeded in finding young Hosinger's savings hidden under the matress which the latter slept upon. Balsor then disappeared and when young Hosinger returned home he discovered the theft. An effort has been made to trace the missing man and money but all efforts have failed. The warrant was issued today, so that police in neighboring towns and cities may watch out for Balsor and arrest him as a fugitive should he be apprehended.

SCHOOL OF METHODS.

Union County W. C. T. U. to Meet at Scotch Plains.

The Union county W. C. T. U. School of Methods will be held in the Scotch Plains Baptist church tomorrow. At the morning session Mrs. C. M. Anderson, of Westfield, will conduct the devotional exercises, and in addition to the reports and other business there will be an address on "The Responsibility of Motherhood," by Mrs. T. W. Powell, of Plainfield; and a bible reading by Miss Anna M. Ramsay, of Plainfield. Mrs. W. Vigelius, of Cranford, will lead in the afternoon devotion, and Miss E. L. Starr, of Westfield, will conduct the W. C. T. U. catechism. Rev. G. M. Shott, pastor of the Scotch Plains Baptist church, will speak on "Should Temperance Work Have a Prominent Place in Church Activities?" There will be an address by Mrs. Emma Bourne the state president, and a talk to the children by Miss S. J. Keron, of this city. At the evening session, C. M. Anderson, D. D., of Westfield, will speak on "The Christian View of the Liquor Traffic." The ladies of Scotch Plains will furnish a supper, and at the noon hour the delegates will have a box lunch.

Too Drunk to Drive.

A spirited horse driven by two strange young men, under the influence of liquor, became frightened at the corner of Front street and Watchung avenue Saturday night about 11 o'clock and ran away. Both young men were thrown out at the corner of Second street, sustaining several bad cuts. The horse continued to North avenue, where he was caught by Ferd Denckiau.

Frost Hit Him Heavily.

Frank Miles, the Somerset street florist, was a heavy loser by the frost of Friday night, several thousand tomato plants that were not covered being killed.

A FIELD BAKERY IN SOUTH AFRICA.

Providing Tommy Atkins with his daily bread is one of the problems that English officers have to face in South Africa. It is no easy matter to do this when the thousands of soldiers are good distances from the base of supplies. The illustration shows how it is done. The commissariat department carries a sufficient number of oblong steel ovens. When a position is taken the ovens are placed in a row upon the ground. A trench is dug in front of the row and hot coals are heaped upon the ovens, inside of which the loaded bread pans are placed. The bread is not always light and fine but it is wholesome and the soldier boys like it.

The Plainfield Daily Press was thirteen years old Thursday, and in a modest six-liner announces the fact, stating also that its career from the day it started has been one of continuous increase in all the details that pertain to a successful newspaper. We would like to add more than this in favor of The Press, but if we were to write a column we could say no more. The Press is a successful newspaper and its popularity is daily increasing. —North Plainfield Weekly Review.

Too Much Water on the Streets.

A number of wheelmen have been complaining a great deal of late about the way the streets are deluged with water by the sprinkling wagons. It should be borne in mind that there is a city ordinance covering this work, and a fine of $20 can be imposed on the violators of the ordinance. The men who do the sprinkling no doubt soak the streets so that frequent trips will not be necessary, but it causes no end of trouble to people who ride over the streets, especially on wheels. There is no trouble in the borough from this cause and there should not be in the city if proper care is taken.

THEATRICAL.

Current Dramatic Attractions That Plainfielders Can Witness.

The very newest of romantic comedies is "Her Majesty," in which Miss Grace George, a young actress of distinctive personal charm and admirable method, will appear at Music Hall tonight, under the direction of Wm. A. Brady. The central figure is Queen Honoria ruling in the mythical kingdom of Nordenmark. Fresh from a convent, impulsive and with a mind of her own, she goes about disguised among her own people, seeking to learn the cause of their discontent. Her kingdom, like that of all rulers, is disturbed by the rumble of revolution, but it does not take the young Queen long to discover that the discontent of her subjects is bred by the mischievous machinations of a plotting prime minister. It is a story of delicate sentiment, quaint humor and thrilling incidents, quite after the fasion of "The Prisoner of Zenda" and "The Price of Jennico," but lacking their improbabilities. As a matter of fact, Elizabeth Knight Tompkins' story, of which J. I. C. Clark, of the Criterion, has made his dramatization, was published some years before the present craze for romantic drama had taken root. Miss George's performance of the young Queen will be awaited with interest. In the cast are also Forrest Robinson, Sheridan Block, Herbert Carr, Paul F. Nicholson, John H. Bunny, W.T. Ellwanger, Mabel Strickland, Ella Hugh Wood and other players identified with metropolitan productions.

The Philadelphia Evening Bulletin says of "The Queen of Chinatown," which is to be at Music Hall tomorrow night: The audience that packed itself between the four walls of the Auditorium last night was a spectacle in itself. Every seat was filled, all the available standing room was occupied and the irrepressible enthusiasm of the crowds frequently broke forth in demonstrations that nearly drowned the voices of the performers behind the footlights. "The Queen of Chinatown" is sensational from start to finish and its scenic and mechanical effects are unusually complete. It is full of lively incident, daring heroes, thrilling perils. The pictures of life in the opium dens were certainly startling enough to thrill the nerves of the most jaded theatre patrons and the representations of Chatham Square and the interior of a Chinese gambling den were highly satisfactory.

The attraction at Music Hall next Friday night will be the latest revision of William Gill's most popular comedy, "The Rising Generation," introducing young Billy Barry in the role of "Martin McShane," which character was created by his father, the late William Barry. Like his sire the son has made an excellent impression in the part, and in all the cities, where he has appeared during the present season, he has received the most favorable notices. Reserved seat tickets can now be had at box office.

To Open a New Road.

A. I. & N. B. Smalley, of the borough, expect in a short time to open a roadway from their property where the stone quarries are located, into Grove street, and macadamize the same. This will make one of the finest drives from the city or borough to the mountains, and there will be no trolley nuisance. Messrs. Smalley will also improve their property and make it as attractive as possible.

And his store is just delightfully nice.
He has pretty inkstands and paper weights,
Alphabet blocks and transparent slates.

"He has all the popular novels, too,
And special books he'll get for you.
He has paper napkins and fountain pens,
And the sweetest, loveliest, dearest things.

He has dominoes, checkers and playing cards,
Duplicate whist and tally cards,
Crokinole, archarena and also chess,
And all other kinds of games, I guess.

"He has papeteries in greatest array,

WAR NEARLY ENDED?

British Correspondents Take Rosy Views of Situation.

KRUGER NOT READY TO GIVE UP.

Ten Thousand Boers, With Twenty Guns, Trekked From Kroonstadt Without Making Resistance. Praise For Lord Roberts.

LONDON, May 14.—"The war is practically over," says The Daily Chronicle's Kroonstadt correspondent, and in less definite terms this is the view to be gathered from all the correspondents. They picture the Boers as utterly demoralized and disheartened by Lord Roberts' unexpectedly rapid advance and by his facile turning of the carefully prepared positions of the Boers.

There was practically no fighting, and there are no further details to give respecting the occupation of Kroonstadt. The correspondent of The Daily Telegraph says:

"The union jack was hoisted in the market place by Mrs. Lockhead, the American wife of a Scotchman. Most of the horses of the Boers are in a wretched condition, but President Kruger declares he will continue the war."

It appears that the Boers at Kroonstadt had been re-enforced by 3,000 men from Natal last Friday and that altogether 10,000, with 20 guns, trekked from Kroonstadt on the approach of Lord Roberts.

The Boers made an ineffectual stand at Boschrand and had elaborate intrenchments in front of Kroonstadt, which offered great facilities for a rear guard action. Their only anxiety, however, appears to have been to get away safely with all their guns and convoys, which again they have successfully accomplished.

President Steyn is represented as having been frantic with rage and as having kicked and cuffed the burghers after vainly imploring them to continue the fight.

Lord Roberts, after a march which is regarded as worthy of being ranked with his famous march to Kandahar, has thus covered another stage of his campaign, a stage which, although successful and without the mistakes and misfortunes that characterized the earlier stages, leaves the Boer forces quite intact, not having lost a gun and having lost very few men.

Experience has taught the critics to be chary of accepting reports of Boer demoralization. The Times says:

"The signs point to military breakdown on the part of the Boers, but after experience of the past we cannot accept the reports of demoralization without reserve. The game of war must be strictly played out to the end."

Lindley, the new Free State capital, is 45 miles southeast of Kroonstadt, half way to Bethlehem, and was probably selected as a convenient rendezvous for the commandoes now retiring before General Brabant and General Rundle in the Thabanchu district. Brabant has occupied Hoepellok, half way on the road from Thabanchu to Ladybrand.

There is not a word of news regarding General Buller's movements or from the far western side. Nothing is known, therefore, of the progress of the Mafeking relief column.

The Standard publishes the following from Durban, dated Sunday:

"There are persistent rumors here of heavy fighting in Natal. A Red Cross train left last night for the north."

A dispatch to The Times from Kroonstadt, dated Saturday, says:

"It is reported that President Kruger intends moving to Lydenburg as soon as he is joined by President Steyn, who left yesterday with General Botha.

"The country between Boschplatts and Kroonstadt might have been effectively held if the spirit had been willing."

AT KROONSTADT.

Arrival of British Hailed With Joy. Backbone of War Broken.

KROONSTADT, May 14.—The arrival of Lord Roberts was hailed with enthusiasm by all the British inhabitants. Three hundred Free Staters were anxious to surrender. The bridge to the south had not been destroyed, but the large bridge near the town had been demolished.

The Irish brigade with the federals burned the goods shed. According to the townspeople, many of them were drunk.

The Boers are now trekking to the Vaal river, where they are intrenching. General French encamped northeast of the town and dispatched a force to cut the line. The project succeeded late at night, but unfortunately after the departure of the last train.

Although the troops had marched 16 miles, they were in excellent form on entering the town. Many arrests have been made, chiefly of those who had maligned the British. It was found that many persons have been deported from Ladybrand for ultra sympathy with the British.

President Steyn has gone to Lindley, the new seat of the Free State government. A number of the burghers are trekking homeward. The opposition in the Free State is practically over.

All the prisoners in the hands of the British here agree that the quarrel between the Free Staters and the Transvaalers is so acute that the Transvaalers have decided to leave their allies, whom they accuse of cowardice and lack of patriotism.

Most of the Transvaal prisoners think that if they are defeated at the Vaal river the Boers will retreat to Pretoria, but there appears to be a growing distrust in the Transvaal government. In a word, the backbone of the Boer resistance seems to have been broken. The burghers are fighting without their previous stubbornness. They seem ready to retreat on the slightest pretext.

The prisoners, even the Transvaalers, appear glad to have been captured. They say they are sick of a war which can have only one end. Several have exclaimed, "We have lost our liberty, but why should we lose our lives?"

German Compliments For Roberts.

BERLIN, May 14.—The occupation of Kroonstadt by Lord Roberts without resistance has caused the greatest surprise here. The military expert of the Lokal Anzeiger finds an explanation in the fact that many of the Boers have deserted. He says: "Lord Roberts' advance was splendidly executed. It is worthy to be placed beside the Kandahar expedition. The situation is now changed so greatly in favor of the British that the fate of the Transvaal Boers is settled."

ARGONAUTS ARRIVE.

Russians In Search of Gold In Siberia.

AMERICANS AND ENGLISH INTERESTED

Said to Have Obtained Concessions From the Czar to Goldfields Which Will Rival Cape Nome In Richness.

NEW YORK, May 14.—New goldfields rivaling in richness the deposits of Cape Nome will be opened to American miners if the expectations of the members of the Russian expedition which has just arrived on the Campania on its way to northeastern Siberia are fulfilled.

Vladimir Wonlarlarsky, a colonel of the Russian imperial guard, obtained the concession of the vast Siberian tract which the expedition is to examine. There were more than 40 applicants for the grant, which had been sought with eagerness since the discovery of gold on the American side of the Bering sea.

By means of court influence, backed by pressure from other sources, Colonel Wonlarlarsky carried off the prize. He formed a company in Russia which planned the present expedition, which is headed by A. Bogdanovitch, a Russian engineer. It is understood that a subsidiary company has been formed in England in connection with the concession, but secrecy is maintained in regard to the English and American interests.

Miners who have visited the Siberian coast by stealth have reported that it is practically the same as the Nome coast, consisting of a strip of beach, behind which lies a "tundra" or belt of gold bearing sand, which has been thrown up by the action of the waves and frozen.

Many companies have been formed to work dredges and pump off the coast of Cape Nome in order to draw up the precious sand where it reaches the beach. It is expected that the operation of those appliances will be prevented by the beach miners and that apparatus in which large capital has been invested will be idle unless new fields are opened to it. If the expedition to Siberia finds what it expects the company will invite the pumps and dredges to cross to the Siberian shore and operate these upon payment of a royalty.

Hooley, the English promoter, has nothing to do with the plan. George D. Roberts, who is a veteran California miner, will be a member of the exploring party. Mr. Roberts has made a study of gold deposits in sea sands and has a plan for extracting the gold from the frozen "tundra." The expedition will sail from San Francisco about June 1, after the Russians have conferred with the Russian minister at Washington. It will return about Nov. 1 and expects then to be able to make a complete report of the possibilities of the region. It will stop for a few days at Cape Nome and will then determine at what point to begin its examination.

Mr. Roberts said that from information which he had received the deposit of gold on the Siberian coast promised to be the most valuable ever discovered. No attempt will be made to work in the "tundra" this year, but the party hopes to be able to make some contracts with American owners of pumps and dredges.

Ex-Governor Stone's Opinion.

ST. LOUIS, May 14.—Ex-Governor William J. Stone, vice chairman of the Democratic national committee, while discussing the advisability of Mr. Towne withdrawing from the race for vice president on the Populist ticket, said: "I think the Populist convention made a mistake in making a candidate for vice president. Instead of simplifying it complicates the situation. However, I am glad Mr. Towne is the nominee for the reason that I regard him as a big man, and I know him to be fair and patriotic. I am satisfied he will do whatever may be thought for the best, having but one end in view, and that the success of the ticket to be nominated at Kansas City. If the opinion of the Kansas City convention is that it would be unwise to nominate him, I am confident he will accept that verdict accordingly. I have a high opinion of Mr. Towne in every way."

Cars Run In Kansas City.

KANSAS CITY, May 14.—Every street car line in this city and Kansas City, Kan., was in full operation yesterday, and no violence was offered by the strikers. The injunction of the federal court enjoining the union men from interfering with the running of the cars and Sunday combined to have a salutary effect upon the strikers. Early in the day groups of strikers gathered at the different power houses and quietly urged the crews to go out. Less than a dozen responded, however, and the places of these men were filled promptly. The railway officials had had applications from twice as many men as they could use.

Postal Thief Arrested.

RICHMOND, May 14.—Charles A. Goodloe, a white clerk in station A of the postoffice here, was arrested yesterday by Inspectors Irving and Buller, charged with rifling the mails. A decoy and several other purloined letters were found on his person. The losses that led to his arrest had given the authorities a great deal of trouble.

Murder and Suicide.

BUTTE, Mon., May 14.—Charles Paustein, a well known athlete, shot and killed Alexander Tate, manager of a butchering concern, shot and seriously wounded Mrs. Tate and then committed suicide. Paustein charged Mr. and Mrs. Tate with being responsible for the separation of himself and wife.

Beckham Pardons a Murderer.

FRANKFORT, Ky., May 14.—Governor Beckham has pardoned John Dugan, serving a sentence of 21 years for the murder of John C. Colson, a brother of ex-Congressman David G. Colson. Dugan, who has served about three years, will go to Nashville to live.

Sunday Baseball.

NEW YORK, May 14.—Three games were played by National league clubs yesterday. At Cincinnati the score stood: Cincinnati, 6; Pittsburg, 7. At St. Louis Brooklyn was whitewashed by the home team. At Chicago the score was: Chicago, 10; New York, 9.

SITUATION IN MANILA

Rumored Outbreak Not Likely to Occur.

LITTLE CONFIDENCE IN BUENCAMINO

Governor General MacArthur Adopts Some Changes In Governmental Methods—Two Towns In the Island of Leyte Occupied.

MANILA, May 14.—The latest rumor of an outbreak in Manila among the natives, which was in circulation last week, was seriously discussed by some of the local papers and attracted more general attention than has usually been the case with this sort of thing. As a matter of fact many Filipinos did leave their American employers with the apparent intention of joining some such movement. Their action, taken in connection with the arrest of several natives for carrying concealed weapons and the dispersion of several suspicious gatherings, gave color to the reports.

The officials have been active in the matter, but are not inclined to think an uprising will be attempted. They believe the Filipinos lacking in the necessary courage, especially in view of the fact that the natives feared to attempt the demonstration at the time of General Lawton's funeral, although they had made careful preparations and many insurgents had come to Manila for this express purpose.

A paper found among the captured effects of General Pantaleon Garcia asserts that the United States congress has done nothing for the Filipinos and that therefore all Filipinos who are working for Americans must leave their employers immediately or suffer the penalty of treason.

One report is that the Filipino junta is endeavoring to incite an outbreak in order to show the civil commission that the insurrection is still alive.

It does not seem probable that the peace proposals which Senor Buencamino, at one time a member of the so called Filipino government, has drawn up for submission to Aguinaldo and the other insurgent leaders will have much weight with the Filipinos. Buencamino's reputation, gained in former wars, is that of a man who hurries to get on the winning side. He was in disfavor with the Filipinos even before the collapse of their government owing to a widespread suspicion of his loyalty to his colleagues.

Last week, General MacArthur received a large number of officials, consuls, officers and representatives of commercial bodies. To Lieutenant Colonel Crowder, his military secretary, he will assign many duties heretofore devolving upon the adjutant general. This step is taken in view of the increasing importance of the post of governor general. General MacArthur's policy appears to involve considerable decentralization. He will give to his staff authority in matters of detail and will devote himself largely to questions of policy.

The towns of Hilongos and Maasin, island of Leyte, have been occupied by troops of the Forty-third volunteer infantry.

The insurgents opposed the landing of the Americans and sustained heavy losses.

The Americans had three casualties.

Southern Industrial Convention.

CHATTANOOGA, May 14. — The southern industrial convention will open in this city tomorrow. The sessions will be held in the Auditorium, which has a seating capacity of 4,500. Hon. John M. Farquhar, who is a member of the industrial committee and who will represent that body, is here. Secretary of Agriculture Wilson is expected, as is also Hon. F. B. Thurber, president of the American Export association, which body will have another delegate, Hon. W. J. Plows, Jr., one of the vice presidents of the association. General Joseph Wheeler will arrive tomorrow. He will discuss the south and its relation to the trade of the Philippines and the orient.

Sweeping Victory For Nationalists.

PARIS, May 14.—The second ballots in the municipal election in Paris yesterday in the districts left without definite results on May 6 have given the Nationalists 20 out of 30 seats. This result fully justifies them in claiming a great local victory, inasmuch as 17 out of the 20 seats are direct gains from the Ministerial Socialists. With the districts they carried on May 6 the Nationalists will now control 28 new members in the new municipal council. This gives them a sweeping majority.

Chicago's Rapid Growth.

CHICAGO, May 14.—The Times-Herald says: "Work of the Chicago city directory enumerators for 1900, almost completed, shows that the population of Chicago is not less than 2,001,000. The directory estimate is so conservative that the national census, which commences June 1 and ends June 15, will probably show a higher figure than this by some 20,000. The increase in population between 1890 and 1900 has been practically 1,000,000."

American Cyclist Wins.

PARIS, May 14.—The one hour bicycle race yesterday between Harry D. Elkes, the American, and Edouard Taylore, the French champion, resulted in a victory for Elkes, who covered 55 kilometers and 450 meters. Taylore accomplishing 55 kilometers and 300 meters. Great interest was taken in the contest, which came off in the Parc des Princes in the presence of 10,000 spectators.

Will Never Do So Again.

OMAHA, May 14.—At South Omaha Mrs. Lena Anderson and Mary Olsen, the latter aged 8 years, were burned to death. Mrs. Anderson had used gasoline for starting the fire, mistaking it for coal oil. Upon applying a match the stove was blown to pieces and the room filled with flames.

Shot the School Director.

DUNLAP, Ia., May 14.—Thomas Taylor, a prominent attorney, shot and probably fatally wounded E. H. Barrett, a school director. At the last meeting of the school board Taylor's daughter failed of re-election, and Taylor is supposed to have held Barrett accountable. Taylor is in jail.

A Trust In Seats.

SHEBOYGAN, Wis., May 14.—It is learned here that the National Chair association was formed at a meeting of the chair manufacturers of the United States at Detroit within the past few days, in which all the chair institutions of the country are included.

BRIDGE WORK
In Dentistry is the best substitute for nature's work that can be done. Sound roots may be built up and crowned and thus fill up an unsightly space. It has to be made of a material that has strength and durability and one that will not discolor. Gold is the one that stands the test. That is the secret of the expense. But the advantages of a bridge over a plate are many times more than the cost of one compared to that of the other.

Mr. Kerr, canvasser for the New York and New Jersey Telephone Company, left today for Boston, where he will spend a few days.

Miss Chamberlain, of Chicago, who has been visiting her parents in this city, is now visiting her brother, Wilbur Chamberlain, of Jersey City.

Carroll L. Runyon, of East Ninth street, returned to his studies at Yale University yesterday afternoon after spending Saturday and Sunday at home.

Thomas D. Blair, of East Second street, has gone to Belmar for the summer, having finished his first year's study at the New York Homeopathic College.

TO BUILD NEW WATER WORKS.

The Bergen Aqueduct Company Incorporated at Trenton.

Articles of incorporation have been filed in the secretary of State's office of the Bergen Aqueduct Company, with a capital of $50,000, to construct water works and supply water in Bergen, Passaic, Essex and Hudson counties. The incorporators are Frank Bergen, of Elizabeth; Charles I. Corbin, of Metuchen, and William N. Corbin, of Jersey City.

Payment of Pledges Asked For.

No new subscriptions to the public drinking fountain are being asked for by any members of the Loyal Temperance Legion, as is reported, for the full amount needed has been pledged, but the payment of these pledges is asked for at once as the order for the fountain has been given.

HUNTING BANK ROBBERS.

Hundreds In Kansas In Pursuit—A Deputy Marshal Killed.

EMPORIA, Kan., May 14.—Hundreds of men on foot, on horseback and in all kinds of vehicles are scouring Neosho valley for two alleged bank robbers, James Murphy and E. F. Estell, who are charged with killing Deputy Marshal Edward Roberts, a member of a party that had been pursuing them for several days.

It is alleged that on May 9 Murphy and Estell robbed a bank at Marysville, Kan., and since then a posse of deputies has pursued them, traveling over 150 miles. About midnight Saturday night the two men were found by Roberts and a companion, who had become separated from the pursuing party. Before they recognized the men one of them had emptied both barrels of his shotgun into Roberts, killing him instantly. Roberts was but six feet from the gun, and the shot tore a big hole in his chest. Murphy and Estell again fled. They are supposed to have stolen a horse and buggy and gone south.

Roberts was well known in Emporia, and the news of his tragic death caused intense excitement. Numerous posses were soon formed and began scouring the country. About 6 o'clock last evening the two men had been traced to within three miles of Emporia. Lynching will surely follow their capture.

A COSTLY BLAZE.

Camden, N. J., Suffers Heavy Loss. Many People Homeless.

CAMDEN, N. J., May 14.—Fire yesterday, which broke out in the Farmers' market house at Fifth and Federal streets, completely destroyed that building, ten stores and about 50 small dwellings, causing a loss estimated at $200,000 and rendering homeless about 250 persons. These homeless people are quartered in the armory building and are being fed at the expense of the city.

Boys either accidentally or purposely set fire to a large pile of tarred lumber which had been stored in the market house by the Bell Telephone company. They were playing there shortly before the fire began.

The flames spread rapidly through the grease soaked market house and communicated to a row of small houses in the rear, at the same time eating their way into Federal street and entering the old postoffice building adjoining and partly destroying it. This building had been abandoned by the government only a few weeks ago.

The chief of the Camden fire department early realized that the fire was beyond the control of his limited force, and the fire department of Philadelphia was called upon for assistance and sent four companies.

Real Tunnel Work Now.

NEW YORK, May 14.—Interesting ceremonies will mark the beginning this afternoon of the actual work of excavating the rapid transit subway. The first spadeful of earth in the excavation proper of the tunnel will be turned at 4 o'clock at One Hundred and Fifty-sixth street and Broadway. Arrangements have been made by the residents of the neighborhood fittingly to celebrate the occasion. Corporation Counsel Whalen has been invited to strike the first blow with the pick. It is explained that the reason why Mr. Whalen was selected for this honor was because he had urged upon the rapid transit commission the desirability of starting the work of digging the tunnel in the northern part of the city simultaneously with the lower sections. Heretofore the work actually performed has been in connection with necessary alterations of the sewers. Addresses will be made by Alexander E. Orr, William Barclay Parsons, chief engineer of the board of rapid transit commissioners; John B. McDonald, the contractor, and Mr. Whalen.

Work Before the Senate.

WASHINGTON, May 14.—The senate today resumed consideration of the naval appropriation bill, and it is expected that the measure will be passed during the day. Senator Chandler has given notice that he will call up the Clark case tomorrow, and he will endeavor to keep it before the senate until a vote is reached. This programme will meet with some objection, but it is expected the greater part of the week will be devoted to consideration of this case. Senator Wolcott some time ago gave notice that he would call up the postoffice appropriation bill, and it is thought that it may be disposed of in a day or two. Senator Ross has given notice of a set speech, and there are some conference reports to be presented which may cause discussion. There may be a clash over the Montana case and other business, but the Clark contest seems to be the only event of importance for the week.

Girl Fights a Burglar.

PASSAIC, N. J., May 14.—Remarkable pluck by a young woman was displayed when two burglars tried to rob the house of Nathan Werksman at 105 Passaic street. The thieves had reached the bedroom occupied by Miss Mary Werksman, when one of them stumbled over the edge of a rug. He uttered an exclamation. That awoke Miss Werksman. Naturally, she screamed. The burglars fled, with Miss Werksman, attired only in a nightgown, in pursuit. At the front door she grasped the last one. "Let me go, or I'll kill you," he snarled. She struggled with him, but he threw her off and got away. It certainly was not her fault that the thieves carried away a gold watch and some money.

Cholera Still Rages In India.

LONDON, May 14.—The Bombay correspondent of The Times says: "The cholera continues to rage in the famine camps. There have been 400 deaths in three days at Mandivee, and so numerous are the cases at Godra that it is impossible to collect the bodies. These lie for days in the sun. The people have fled and cannot be induced to return. A similar state of things prevails at Broach."

Dewey In Knoxville.

KNOXVILLE, May 14. — Admiral Dewey spent a quiet Sunday in Knoxville. He went to church in the morning at St. John's Episcopal church, withholding any information in advance as to where he would attend service. The remainder of the day he staid closely in his hotel apartments.

Roosevelt Returns Home.

WASHINGTON, May 14.—Governor and Mrs. Roosevelt, who have been spending several days here as the guests of Captain and Mrs. Cowles of the navy, have returned to Oyster Bay, on Long Island, where they are to stay a short time before returning to Albany.

Against Shipping Subsidies.

WASHINGTON, May 14.—The minority report on the shipping subsidy bill, opposing that measure, has been filed in the house of representatives by the majority of the members of the Democratic minority of the committee on merchant marine and fisheries. Representative Fitzgerald of Massachusetts drew up the report, and it was signed also by Representatives De Vries of California, Daly of New Jersey and Speight of Mississippi. Three other Democrats of the committee, Messrs. Chanler, Small and Ransdell, have heretofore submitted their views, upholding the general principle of government aid to the merchant marine, but pointing out defects in the bill. The present report therefore represents the opposition to the measure both in principle and in detail. In the main it is an argument against government subsidies.

Colombian Revolution Serious.

SAN FRANCISCO, May 14.—The steamer San Juan, which has just arrived from Central American ports, reports that the revolution in Colombia is far more serious than cablegrams from Panama would lead one to suppose. The chief officer of the steamer said: "The claim of the Colombian government that the revolution has been suppressed is absurd. The revolutionists are increasing in strength every day, and Panama is liable to fall into their hands at any time. They are not only better armed than the government forces, but they secretly have the sympathy of the people, who have become greatly incensed at the arbitrary acts of the government."

Presbyterians to Meet.

ST. LOUIS, May 14.—The Presbyterian general assembly will meet Thursday in the Washington and Compton Avenue Presbyterian church, this city. Divines and laymen to the number of about 1,000 will be present. Only once before, in 1874, has the assembly met in this city. The interest in the topics on the programme and the scope and possible effects of the overtures to be presented will make this one of the most important assemblies held for the past 20 years. One of the most important matters to be brought up is the question as to whether the Westminster confession of faith shall be revised.

An Important Decision.

The question of constitutional law which was decided in favor of the city in the Milliken damage case is of great interest. The city had filed a special plea setting up, in substance, that the sewage beds were part of a sewage system maintained by the city under an act of the Legislature for the public good, and if Mrs. Milliken's property suffered in consequence, it was a loss that she was required to bear as a member of the community sharing in the benefits of the public improvement. Mrs. Milliken insisted on the other hand that the Legislature never meant to authorize the city to put in a sewerage system that would injure private property without compensating the injured parties; and she further insisted that the Legislature would not have the power to pass an act having the effect claimed by the city because the constitution prohibited the taking of private property for public uses without compensation, and to injure property was a taking of property within the meaning of the constitution.

The city replied that the Legislature had plainly authorized this construction of the sewerage system and that as the demurrer admitted that the system had been constructed and maintained with due care and skill, the injuries complained of were mere incidental or consequential injuries unavoidably resulting from the lawful acts of the city, and the Court of Errors and Appeals had over and over again decided that injuring property in that manner was not a taking of property, in the constitutional sense, for the public rise.

This constitutional question was decided in favor of the city.

Another constitutional question of equal importance was presented and decided. After the city had filed its pleas setting up the act of 1890, under which the sewage system was constructed, the Legislature of 1899 amended the act by expressly declaring that any municipality exercising powers under the sewage act of 1890 should "be and remain liable for injuries to persons and to property in the same manner and to the same extent as if such municipality were a private corporation."

The city argued that this amendment of 1899 could not affect an alleged cause of action which accrued before the act was passed, and if the Legislature intended to give the act any such effect, the act would be unconstitutional because it would be an attempt by the Legislature of 1899 to construe a statute passed nine years before by another Legislature, and that was a judicial question, and the New Jersey Constitution after distributing the powers of government among the three departments, legislative, executive and judicial, prohibited any department from exercising any of the powers belonging to to either of the others.

This question also was decided in favor of the city, the Court holding that the amendment to the sewer act, passed after the suit was begun, could not affect the case in any way.

Corportion Counsel Marsh reagards the victory for the city on the constitutional questions as the most important one which the city has won during his term of office, with the exception of the Fire Department case and the Hetfield tax case.

A Last Word.

The Common Council meets this evening to take action on the application of John Mortimer for a wholesale liquor license. There is not the slightest reason for the granting of this license, except that political considerations may be served. This fact of itself should be sufficient for the refusal of the application.

It appears, however, that a majority of the members of the Common Council are determined to grant the application, and the chances of favorable action is rather to be expected than otherwise. Certain Republican leaders are doing their utmost to secure the granting of the license, and no less a personage in that class than Mr. Andrew McCardell says that the license will be granted.

We presume that he knows whereof he speaks, but notwithstanding we take this opportunity, in behalf of the best interests and the fair name of the city, to say that the Common Council will commit a serious wrong if the license is granted.

PASSING COMMENT.

Things that Are Not Exactly News but Just as Interesting.

A setting hen belonging to Mrs. Eugene Laine, of South Plainfield, became dissatisfied with her lot the other day and left her nest the day before the chicks were due. An unusually large egg had been placed among the eggs and, out of curiosity, Mrs. Laine opened it. Two perfectly formed chicks were in the shell, and if the hen had remained on the nest they would undoubtedly have been hatched out. As this is a rare occurence Mrs. Laine is doubly mourning the loss of the chicks.

When "A Night Off" was given at Music Hall a short time ago by local amateur talent, the ending of that clever little comedy was rendered even more effective by an original epilogue. The epilogue was as follows:

Angelica (Miss Kelley).
Kind friends and patrons of our play
One moment, please, will you just say
A good word for our company?
Damask (Mr. Pellitier).
And wives and husbands, heed this fact.
Your past is safe if you have tact
To——
Jack Mulbury (Mr. Iredell).
The past of your old chum.
Lord Mulbury (Mr. Goddard).
No, no, forget your past——be mum.
Snap (Mr. Cock).
Now come, now come, let Brutus speak.
The play is not the thing, 'tis what You pay that talks!
Susan (Miss Reinhart).
Is it? I'll leave it to the crowd
If Snap is not the thing most loud.
Professor (Mr. Saunders).
Not so. Just listen while you hear
The moving tones of Zipple dear!
Mrs. Babbitt (Mrs. Iredell).
If I but move the house, 'tis all
I ask——
Nisbe (Mrs. Saunders).
Mamma, give me the task.
Good night, sweet friends, you have been kind,
Responsive, mirthful, now be blind
To all our faults, for don't you see
We're here, you're there, for charity.

Attempt to Burn Mining Town.

PORTLAND, Or., May 14.—Part of the mining town of Sumpter, Or., has been wiped out by fire. Two incendiary fires were started. Seven buildings were burned, including three lodging houses, two saloons, a department store and Hammond & Chance's law office, with a total loss of $20,000. Later another building was seen to be blazing. A bucket brigade succeeded in putting the fire out. The fire had been started with rags soaked in oil. Ten days ago two of the burned lodging houses were set afire in the same way. It is believed that tramps started the fire with the object of robbery.

Yukon River Open.

VICTORIA, B. C., May 14.—The steamer Amur, from Skaguay, brings news that the Yukon river opened at Dawson on the morning of the 8th, and steamers are now running regularly from Lebarge through. Preparations are being made by several of the small owners outside the combination to carry passengers from Bennett to Nome at $75, and the Skaguay Alaskan announces that the Klondike corporation, limited; the Glora, Nora and Dora will adopt the low rate and give battle to the White Pass and C. D. company pool.

THINGS THAT INTEREST SCOTCH PLAINS AND DUNELLEN.

Brief and Terse Observations Gathered by Alert Press Reporters to be Perused at the Supper Table at Your Leisure

DUNELLEN.

(Special Correspondence to The Press.)

Dunellen, May 14.—A horse belonging to a man named Glazer who lives on Fourth street near Rock avenue, and driven by a young boy named Madden, took fright at a trolley car Saturday afternoon and ran away. The wagon was thrown against a pole opposite the trolley waiting station, smashing the shafts and throwing the boy beneath the wheels which passed over him. He was picked up and taken to his home in the Eight Row, where he now lies. It is feared that he is injured internally, as the wheels passed directly over his chest.

A great deal of excitement was caused on West Front street yesterday morning by what appeared to be a fire in one of the houses of the Eight Row. Smoke was seen issuing from the upper windows and clouds of it arose from the roof. A number of men who frantically ran to the house to warn the inmates of their danger were calmly told that the chimney would not work and that the smoke was coming from a fire which was being built.

The funeral services of the late James Monroe Gaskill were held from the residence of his son, Henry C. Gaskill, Saturday afternoon at 2:30. Rev. Frank Fletcher officiated and interment was made in the family plot in the Middlesex Hillside cemetery.

A baseball team from Plainfield was to have played a game with the Dunellen boys Saturday but the former team did not put in an appearance. A scrup team was formed and an interesting game was played for the amusement of the spectators.

Schepflin's bowling greens were in excellent shape for the opening which was held Saturday and a large number were in attendance all the afternoon. The game has lost none of its popularity and some very good scores were made.

A large number were present at the anniversary exercises of the Epworth League which were held in the Methodist church last evening. The officers recently elected were installed by the pastor.

Wild Idea Promulgated by a Newspaper Correspondent from the Arctic Gold Country.

Traveling in the Klondike has now become a pleasure instead of a hardship. The mighty Yukon river has been converted into a winter bicycle path, and you can wheel from Dawson City to Circle City along probably the most picturesque path in the world, says an Alaska correspondent of the Philadelphia Times.

Since the Yukon has become solidly frozen there has been a boom in cycling. Everyone who has a wheel is spinning along the glossy surface of the river,

EN ROUTE TO DAWSON.
(Bicycle Has Made Travel in the Klondike a Pleasure.)

and bicycle parties and bicycle clubs are now more discussed than gold. In a word, the Klondike has the wheeling craze, and has it bad.

The bicyclists in the states who heretofore have boasted of their century runs on hard dirt roads have had tame sport compared with the wheelmen in the Klondike. Imagine taking a century spin along a frozen river walled along the sides with snow-clad mountains that sparkle like millions of diamonds. Think of a scene like this: Of a river frozen solid and perfectly smooth for a distance of 365 miles.

This is the wonderful road that is open to the cyclists of this part of the world, and they are making the best of it.

The record trip of the Arctic cycling season was made in February by Morris Levy, between Dawson City and Circle City. The distance between the two points is 365 miles. Levy made it in three days and four hours, or at a gait of better than 100 miles a day. Among those starting over the Dawson-Nome trail last month were two women, both riding bicycles.

Germans Run This Town.

A New Jersey man has declined a nomination for alderman because all the other members of the common council are Germans and German is the only language spoken at the meetings.

Mrs. Alex. Millar, of Madison avenue, has gone to the Adirondacks for a few weeks.

Mrs. I. P. Runyon, who is staying at present in Watchung, has returned to Plainfield for a few days.

Miss J. Louise Jenkins, of West Seventh street, has returned after visiting friends in Brooklyn.

Miss Cora King, of Newark, was the guest yesterday of her aunt, Mrs. A. D. Pope, corner Duer street and Park Place.

Harry Angleman, of East Front street, has taken a position with the American Bank Note Company, of New York.

Quiet Sunday In St. Louis.

ST. LOUIS, May 14.—Sunday, the sixth day of the street railway strike, was quiet and devoid of interest. Not a wheel on any of the lines, except the mail cars, was turned in the city in consequence of the decision of Chief of Police Campbell to give the men of the force, who had had but little time for rest during the past five days, a chance to recuperate for the coming week. The management of the two street railway companies, who feared to run cars without police protection, decided to make no attempt to keep their lines open. As a result the turbulent scenes that last week marked the reopening of the different lines were not experienced, and the day passed off without any serious trouble. The only police on duty were stationed at the power houses and car sheds.

Waiting For New Currency.

WASHINGTON, May 14.—Over 1,000 banks will have to be supplied with new currency plates under the currency act of March 14, and it will be four to six months before all can get these plates. About $15,000,000 is now due the banks in currency, tied up because it cannot be printed until new plates are made. The regular force of engravers at the bureau of printing and engraving and all of the additional engravers that Assistant Secretary Vanderlip has been able to hire are at work 12 hours a day engraving these plates as well as the plates for the 15 different styles and denominations of the new 2 per cent bonds. The best that the bureau can do is to furnish 50 plates weekly.

Raisin Growers Combine.

FRESNO, Cal., May 14.—The Raisin Growers' association has adopted a plan to control the California raisin crop for the next three years, involving the formation of a commercial packers' company to handle the raisin crop, including the seeding of raisins, coupled with an agreement that they as an organization will purchase and pay for the entire crop by Jan. 15 of each year. Prices of raisins are to be forced up by the growers' assaciation, and the packers agree not to buy, pack, sell or handle any raisins not under the control of the growers' association without written consent, and no raisins are to be sold at less than association prices.

Fraud Unearthed In Chicago.

CHICAGO, May 14.—A scheme by which the city of Chicago has been defrauded out of sums aggregating $200,000, according to Chief of Detectives Colleran, has been unearthed by detectives, and two men are now in jail charged with conspiracy, while seven others are under surveillance. Clarence M. Wolfe and George W. Piggott, employees of the water office in the city hall, are under arrest charged with participating in the conspiracy, which, it is said, has been going on for over five years. It is alleged that Wolfe and Piggott were caught in the act of changing the dial of a water meter in the Rainier hotel.

SMALL SUGAR CROP.

Cuban Output Unexpectedly Scant. No Light on Postal Frauds.

HAVANA, May 14.—The sugar crop of the year, it is now estimated, will be about 256,000 tons, or 80,000 tons less than last year's crop. At the beginning of the grinding it was predicted that the crop would reach 600,000 tons.

There are no fresh developments in connection with the postal frauds, but full light will be thrown upon the whole situation as soon as it is possible to get Mr. C. F. W. Neely here for trial. The military authorities do not wish to disclose the evidence in their possession until the issues come before the courts.

It is estimated, however, that the brickyard in which Mr. Neely is interested is worth, with the machinery, $18,000, and it is said that his interest represents 80 per cent.

The United States transport Sedgwick still defies all efforts to get her afloat at Cienfuegos.

Rathbone to Be Removed.

WASHINGTON, May 14.—Among those connected with the Cuban scandal it seems to be definitely settled that Director of Posts Rathbone is to be removed within a few days. This action will be based on a laxity of business methods, serious to the degree of carelessness, without taking into account various instances of alleged misconduct, which have reached the ears of the administration. Who is to succeed Mr. Rathbone and the reimbursement to be made Cuba for the money stolen are questions which have not been finally considered.

CONDENSED DISPATCHES.

A coal mine explosion at Toms Creek, Va., killed six men.

Thirty-four schooners returning to Victoria, B. C., have secured 15,000 sealskins.

Three shiploads of arms from Germany were reported at Hongkong for the Filipino junta.

A fire in Fukin, Japan, has destroyed 1,600 houses and many temples at an estimated loss of $2,500,000.

Several American Roman Catholic prelates are in Rome in connection with the creation of a second American cardinal.

Large gold shipments from the United States and from Russia have eased the stringency in the London money market.

The American pavilion at the Paris exposition was formally turned over to the exposition authorities, great throngs of Americans witnessing the ceremonies.

Bad Freight Wreck.

PHILADELPHIA, May 14.—Frank Lantel, a tower operator in the employ of the Baltimore and Ohio Railroad company, stationed at the entrance of the tunnel under Twenty-fifth street, just outside of Fairmount park, slept at his post. As a result a disastrous rear end freight train collision occurred in the tunnel, causing the death of Engineer George Loeb and Fireman George Hinchman and it is believed five tramps who were stealing a ride. Fire followed the wreck, and a dozen or more firemen were injured while fighting the flames and are now in the hospitals.

Newspaper Man Dead.

SALEM, Mass., May 14.—From a long and useful life Hon. Charles Warwick Palfray passed last night, when death came. His age was 88. His active life began early, for on the death of his father in 1838 he assumed charge of the Salem Register and owned it until six or seven years ago. The Register having been in the family for 93 years. Mr. Palfray was a Harvard man, class of 1835.

Marktsteft. Dem hiesigen Apotheker wurden auf gestellten Antrag, „um die Apotheke fort zu erhalten," 500 Mark pro 1900 aus der Kämmereikasse bewilligt; ein Fall, der in Bayern gewiß einzig dasteht.

Otterfing. In einer Nacht brannte hier das Anwesen des Franz Höcker vollständig nieder. Der Brand erfaßte auch noch zwei Nachbaranwesen und zwei Städel, welche ebenfalls dem Feuer zum Opfer fielen. Der Brand wurde von dem Ziegler Martin Lindl verursacht, und zwar aus Rache gegen Höcker, der als Kirchenpfleger dem Lindl ein Kapital von 200 Mark zur Heimzahlung kündigte. Lindl hat seine That eingestanden und wurde verhaftet.

Regensburg. Der seit Neujahr d. Three years ago a leading physician prescribed Ripans Tabules for a professional man living in Brooklyn, and the latter recently said in answer to an inquiry "Since that time my health has been just about perfect I never weighed more nor felt better than I do now There have been times during the past three years when, after eating mince pie or highly seasoned food, there would come about a condition in the stomach that was not altogether pleasant, but by promptly swallowing a Tabule that unpleasant condition was at once removed. I have taken no other medicine, with the occasional exception of quinine and whisky when attacked by severe cold, and my present healthy condition can be ascribed to two things only—Providence or Ripans Tabules—most likely to both I believe that Ripans Tabules will afford relief to any one suffering from any curable derangement of stomach, liver or bowels."

WANTED—A case of bad health that RIPANS will not benefit. They banish pain and prolong life. One gives relief. Note the word RIPANS on the package and accept no substitute. RIPANS, 10 for 5 cents, may be had at any drug store. Ten samples and one thousand testimonials will be mailed to any address for 5 cents, forwarded to the Ripans Chemical Co., No. 10 Spruce St., New York.

DRESS DECORATIONS.

Attractive and New Trimmings For Summer Gowns.

Many little pins and brooches are used to ornament the bodice and to catch up draperies. Jeweled flowers, fleurs-de-lis and similar designs of small size are thus very effectively employed.

A trimming which is taking the place of narrow ribbon as an edging for thin

GIRL'S COSTUME.

ruffles and is used to outline floral designs on delicate materials and enrich lace is a sort of cord of satin—a small satin tube which is kept cylindrical by being made over a cord of cotton. It gives firmness to ruffles of mousseline de soie and tulle and is a decided novelty among trifles.

Relief decorations of cord are much used on foulard, silk and even cotton goods.

Chenille fringes appear in many forms, groups of ten or a dozen strands falling from rosettes which are placed at the belt or on the corsage. The strands are often very long.

The newest jacket is an absolutely tight bodice with an apology for a basque.

The illustration shows a little girl's dress of pastel blue serge. Both skirt and bodice are plaited, and the bodice has a square yoke, which, with the collar, is ornamented by vertical ruches of white satin. The yoke is bordered by a ruffle of guipure headed by a white satin ruche. The plain sleeves have two guipure ruffles at the wrist. The sash of white satin is tied at the back. The sailor hat of blue straw is trimmed with blue and white ribbon and a chou of blue panne with an ornamental buckle. Two black quills pass behind the chou.

JUDIC CHOLLET.

FOR MATURE WOMEN.

Possibilities In the Domain of Full Evening Toilet.

To improve an effective evening toilet for a woman of years so mature that she has renounced low cut bodices is always difficult, especially as many women of that age prefer to appear in such colors as black, violet, plum, garnet and bottle green. The great resource is extreme

VOILE COSTUME.

richness of material. Fine old lace and jewels give an impression of full dress, moreover. An elderly woman should not choose cheap material nor inexpensive ornaments—they suit only youth. There is no need, however, for her to confine herself to dark colors, although for stout figures they are certainly best. A woman who retains slender, or moderately slender, proportions may well wear gray of all light colors—beige, suede, ecru, lavender and even white, as well as some of those soft, indefinite blues and greens which are seemingly veiled by a silvery mist. Black lace over rich colors may also be worn.

The illustration depicts a costume of mauve voile. The skirt has a deep plaiting of the material, which rises very high at the back and is trimmed by two wide bands of venetian guipure. The back is laid on a plain watteau plait. The bodice is stretched at the back and plaited at the waist in front, applications of guipure de venise encircling the yoke and forming epaulets and plastron. The yoke itself is plaited, and the sleeves are trimmed at the wrists with plaitings and applications of guipure. The belt is of lettuce green velvet. The toque of mauve tulle is trimmed with a wreath of tea roses. JUDIC CHOLLET.

HOUSEHOLD MAGAZINE.

A ST. LOUIS IDEA.

Movable Schoolhouses Which, So One Writer Puts It, Go in Search of Scholars.

St. Louis is congratulating itself just now upon having successfully solved a difficult problem and upon the carrying out of a unique and interesting idea. In fact, she has wrought out a new version of the old story of Mohammed and the mountain and a new application. Like the mountain, it has been found necessary that when scholars will not come to the school, the school must of necessity go to the scholars. This, on the face of it, might seem a matter of extreme difficulty. As it is, however, the problem has been solved, and the solution has been found not to be hard to arrive at. It might be a little misleading to say that the scholars are not always desirous of going to school. But when the school is too far distant or there is not room enough in those already existing for the accommodation of all who apply then it becomes self-evident that some remedy is an absolute necessity. And right here is where the school goes out in search of its scholars, and settles down comfortably for the time being in whatever locality the prospective pupils are found in sufficient numbers.

St. Louis has found much difficulty in providing room for all its school children. Rented rooms were experimented with in many parts of the city

A PERIPATETIC SCHOOLHOUSE.

with more or less success, but the general result would hardly be called a satisfactory one. In districts where the population was scattered the plan seemed scarcely applicable. After much consideration and many experiments it was suggested that a schoolhouse or schoolhouses of such nature that they could be readily removed from place to place, set up wherever required, and when no longer needed taken down and removed to some other field of action, would fill the bill. Therefore a consultation of local carpenters was called and a school building such as desired was the result.

These buildings have been constructed in such a manner that when no longer required at one site they can quickly be taken apart and, if need be, moved to another. They are 24 by 36 feet, inside measurement. The floors are constructed in eight sections, the sides in six sections, the ends in four sections and the roof in 16 sections. Each section is strongly put together on frames, and these are bolted in such a manner as to make it a perfectly tight and secure room. The joints between the sections are covered both inside and out by movable pieces, which are held in place by screws. The heating and ventilating are furnished by an indirect furnace with double casing. The fresh air is taken directly from the outside, and the supply cannot in any manner be cut off or reduced beyond a proper limit. The vent is at the opposite end of the room from the furnace. The smokepipe from the furnace is carried through the upper part of the ventpipe, thus making a perfect ventilation and also preventing any possibility of fire.

When these novel schoolhouses are set up and ready for occupation they will accommodate 60 desks, and have been found to be satisfactory and comfortable in all respects. The cost is extremely moderate when the results achieved are considered.

Use of Hot Water Bags.

A hint in the use of hot water bags is gained from a trained nurse. Very little water is used, not more than a coffee cupful in a three-pint bag, but it is very hot. Before the stopper is screwed in the air is pressed out of the bag by a quick smoothing of the hand toward the opening; in this way the weight is considerably lessened. This particular nurse in attending a pneumonia patient kept in use during the severity of the attack six of the bags, three of them upon the patient at one time. During periods of the critical two or three days the bags were changed every 15 minutes, but so light were they that their weight did not in the least inconvenience the sufferer.

No Odor from Cabbage.

A dash of soda put in the water in which cabbage is boiled will prevent any odor through the house.

WATCHING THE SICKBED.

Why the Physician Frequently Prefers a Hired Nurse to Relatives or Close Friends.

It requires strong health and steady nerves to watch by a sickbed. For this reason a hired nurse is often preferred by physicians in a critical case to the relatives and friends of the sick. Nothing is so objectionable in a sickroom as a display of emotion or nerves. Steady watching, night as well as day, is often necessary when the disease reaches a crisis, and on such occasions the most devoted friends are likely to be so unnerved by anxiety that they cannot care for the sick properly. The night is the most dangerous time in sickness. There should be fresh nurses put on to watch the sick at night in cases of serious disease. One who has watched the sick during the daytime is unfit for watching at night, when the greatest care is necessary and when the faculties should be on the alert to notice any change. In regard to the sick at night, an eminent physician says: "The attendants on a sickbed are well aware that the objects of their anxiety experience in ordinary circumstances the greatest amount of suffering between midnight and daylight, or the usual period of the crowing of the cock. If we contemplate a frame at this period weakened by disease, we shall see that it should not be exposed to a cold temperature, against which it is ill qualified to contend. The depressed temperature and the air approaching to saturation in their combined influences act with painful energy, and require from an intelligent nurse a due amount of counteracting arrangements."

SENORITA ALFONSO.

She Has Just Been Declared Winner of El Figaro's Beauty Contest of Havana.

During the past two months "the dainty set," as Cubans dub the smart set of Havana, has been greatly interested in a contest of beauty initiated by the weekly El Figaro. The votes were registered by subscribers of El Figaro, and counted by a committee of prominent society leaders, presided over by Count Fernandina's daughter, Senora Josefina Herrera de Pulido, who obtained the prize for beauty in a contest held six years ago. The winner now is Senorita Silvia Alfonso y Aldama, a daughter of Florinda Aldama, who married Cristobal Alfonso, and granddaughter of the well-known patriot, Miguel Aldama, who sacrificed his fortune in the Cuban cause during the ten years'

war. Silvia Alfonso is a great favorite in society, was born and brought up in Paris, and also resided in New York. Senorita Alfonso is a typical Cuban beauty, with a clear, colorless, olive complexion, beautiful dreamy black eyes, and she is endowed with personal magnetism and charming manners, which draw all hearts toward her. Leading tradespeople will tender costly gifts to the queen of charms in impassioned strains. Silvia's most prominent competitors will now become her maids-of-honor and attend her during the functions which will shortly follow.—Leslie's Weekly.

Sausage Meat for Summer.

Procure 1¼ pounds of trimmings from the packing house or pork store, mince it very fine, season with one teaspoonful of salt and a quarter of a teaspoonful of pepper; mix well together and divide the meat into four equal parts, form each part into a round ball, then press it flat to half inch in thickness; dip them into beaten egg and cover with grated bread crumbs; place a frying pan, with one ounce of lard or fat, over the fire; when hot put in the sausages and fry over medium hot fire light brown. This recipe can also be used for sausage filling for turkeys or game.

Inexpensive Furniture Polish.

One-third vinegar and two-thirds linseed oil make an excellent mixture to brighten furniture when rubbing it in spring cleaning.

IS NOT A SINECURE.

What It Means to Manage a Big Political Gathering.

The Philadelphia and Kansas City Conventions—Duties That Have to Be Performed by the Sergeant-at-Arms.

[Special Correspondence.]

MAKING arrangements for a big political convention is not child's play. It requires executive ability of the highest order and the exercise of unlimited patience and gracious courtesy. For these and other reasons it is sometimes difficult for the national committees of the two great parties to find the right men to whom may be safely intrusted the management of their conventions. The general impression that the chairman and secretary of the national committee are in charge of the convention is erroneous. This duty devolves upon the sergeant-at-arms, an official who is chosen by the national committee as soon as the location of the convention has been decided upon.

The sergeant-at-arms has sometimes been called the general business manager of a convention, and the title is not as exaggerated as it might seem. He is responsible for the proper arrangement of the convention hall, provides accommodations for delegates and distinguished visitors, secures reduced fares for the public from railroad and steamship companies, attends to the demands of the press, has absolute control over admissions and doors, to say nothing of the ticklish privilege of appointing about 150 assistants out of an army of perhaps 1,000, the claims of each one of whom is urged by some prominent politician. His opportunities to make life-long enemies are quite as good as his chances of making friends among the leaders of his party.

The republican national convention will meet in Philadelphia June 19. Date and place were selected by the national committee last December, and ever since that time George N. Wiswell, of Milwaukee, Wis., who was appointed

NEW DEMOCRATIC CONVENTION HALL AT KANSAS CITY.

sergeant-at-arms of the national committee, has devoted almost all of his time to the work assigned to him, for which he will receive no compensation, except expenses actually incurred in the performance of his duties.

As soon as the local committee decided that the convention was to be held in the Exposition building, Mr. Wiswell went to that city and consulted architects regarding the rearrangement of the auditorium of the structure for convention purposes. Committee rooms had to be added to the conveniences of the hall and the seating capacity enlarged to accommodate 20,000 delegates and visitors. Desks and seats in abundance had to be rented, telegraph instruments and telephones installed, and provision made for 600 newspaper correspondents and artists. In addition, Mr. Wiswell is responsible for all the funds collected for convention purposes, including $100,000 subscribed by the city of Philadelphia.

A week or more before the convention assembles, the sergeant-at-arms

GEORGE N. WISWELL.
(Sergeant-at-Arms of the Republican National Convention.)

has to be on hand to instruct deputies in their respective duties. Upon his aides will fall the responsibility of selecting the lesser employes, but should any of them fail to perform their duties the blame will be laid at the chief's door. To handle the crowds at Philadelphia will require two shifts of assistants, one for the day, the other for the night sessions, the total number forming a good-sized army. There will be 500 doorkeepers, 1,500 assistant sergeants-at-arms, 500 ushers, 250 pages, 200 messengers and 200 janitors and housecleaners. The Philadelphia city government will, in addition, furnish 500 police officers to assist in preserving order without and within the building.

The supplying of badges is another onerous task incumbent upon the sergeant-at-arms. According to Mr. Wiswell the delegates' and alternates' badges of this year are things of beauty. They are medals, on one side of which there appear the profiles of Lincoln, Grant and McKinley. On the other side is engraved the Liberty bell and Independence hall. The medals will be suspended by a broad ribbon from a pin attached to the coat. The badges of the employes will be quite plain and inexpensive. Admission to the convention hall will be by ticket only, whether the person be delegate, guest or employe. This ruling necessitated the printing of an enormous quantity of tickets, a delicate duty to which Mr. Wiswell gave his personal attention.

Col. John I. Martin, of St. Louis, will be sergeant-at-arms of the national democratic convention, which is called to convene at Kansas City, Mo., July 4. The colonel is an experienced hand at managing big gatherings, having served as sergeant-at-arms for a number of state conventions and for the democratic convention of 1896. He began his labors before February and had made considerable progress toward getting the big construction hall in order for the nation's democracy when the fire of April 4 destroyed the building completely. For a day or two it looked as though the convention would have to be held elsewhere, but, with characteristic western enterprise, the people of Kansas City concluded to rebuild the hall in a bigger, better and handsomer fashion, and assured Col. Martin that it should be finished by July 3. It will, of course, be impossible to have the interior completed by that time, but everything will be in apple-pie order for convention purposes. The stage will have a seating capacity of 1,000, and on the arena floor will be placed chairs for 5,000 delegates, alternates, state committees and prominent party men. On either side and in front of the stage will be the desks for 600 working newspaper men and artists. For the other thousands who will attend the convention great tiers of temporary seats will be built entirely around the arena in circus fashion. Col. Martin is confident that the new hall will answer every reasonable requirement and will be especially convenient as far as committee and retiring rooms are concerned.

The headquarters of the democratic national committee will be in the magnificent house of the Kansas City club, a non-partisan organization, which has placed all of its property and appurtenances at the disposal of Chairman Jones and his colleagues. The various candidates for the vice presidential nomination will have their headquarters at the leading hotels. Kansas City being a municipality of little more than 200,000 people, fears were entertained that it would be unable to take care of the thousands of visitors who usually follow national conventions, but assurance has been given to Col. Martin that no one need go without good food or comfortable shelter. The local committee, some weeks ago, divided the city into 12 districts, and each of these districts is divided into 20 parts; and for each of the subdivisions a precinct captain was appointed for the purpose of ascertaining how many visitors could be entertained by private families. The result of this canvass demonstrated beyond a doubt the city's capacity for housing and feeding more people than ever attended a national convention.

Inquiry among the "elect" of both parties discloses that the country at large will take a deeper interest in the Kansas City convention than in the republican gathering at Philadelphia.

"The Philadelphia convention," said a member of the republican national committee to the writer, "will be in the nature of a ratification meeting President McKinley's nomination is foregone conclusion, and the platform has been constructed by the administration's acts during the past three years. Therefore the vice presidency is all that is left for the delegates to settle, and that will not be a difficult task. The democrats, on the other hand, will have two candidates for the presidential nomination. I'm of the opinion that Col. Bryan will be nominated on the first ballot; still Admiral Dewey is an uncertain quantity. Should he be backed openly by McLean, his Ohio brother-in-law, and the Cleveland element from the Atlantic coast states, a deadlock may result, especially if the time-honored democratic two-thirds rule is not repealed. Then, too, there promises to be some fun over the platform. Trusts will be made the keynote of the democratic platform, and their regulation or extinction demanded in fiery language. But the republicans will also advocate control of capitalistic combinations; and consequently the great issues between the parties will be the currency and colonial questions. If there's going to be any fun at all in this year's conventions, it will be at Kansas City, over the money plank. I think, however, that unless Dewey displays strength, of which there is not now any evidence, both conventions will be social gatherings of some magnitude, and nothing more."

CLARK OF MISSOURI.

No One Would Ever Designate Him a Commonplace Man.

Even His Political Opponents Describe Him as a Humorist with the Earmarks of a Statesman—A Bible Student.

There are those who class Champ Clark, of Missouri, among the humorists of congress. There are others who say he combines with a sense of humor certain statesmanlike qualities which ought to give him a high position as a leader in the house. Clark himself is a good deal of a philosopher, and aspires to neither distinction as a leader nor fame as a wit. He is contented, apparently, to remain one of the most entertaining and interesting members of the lower branch of congress. When Clark first entered the house, in the Fifty-third congress, he was a great deal in evidence. He attracted attention by his originality and a flamboyant style of oratory that kept the older men in smiles or gasping with astonishment. He was one of those of whom it was useless to make predictions, and he thrust himself upon the notice of the house on all sorts of occasions until it began to be a question whether he was to be taken at all seriously or not. Then he was defeated for reelection, and this seemed to have a sobering effect upon him. He has said that if he were to live a hundred years he would never recover from the disappointment of that defeat, the discomfiture was so severe. The man who beat him was a music-teacher, who was nominated in a tidal-wave year with no expectation of election, and who, after he got through congress, never rose above mediocrity.

When Champ Clark came back to the Fifty-fifth congress he was a different sort of a fellow, says the Washington Star. He had broadened and mellowed and had ideas on a good many subjects that commanded respect both from political friends and opponents.

For one thing he was a great admirer of Tom Reed, and never hesitated

HON. CHAMP CLARK.
(Considered One of the Wits of the House of Representatives.)

to express admiration for him, even in companies and under conditions where it was not to his personal advantage to do so. He was fascinated with Reed's force, originality and wit, and especially by the classic virility of his speech. Champ Clark professes to be a judge of congressional oratory, and he has said more than once that in his judgment Tom Reed is the best short speechmaker in the United States. At times Clark tried to pattern his own style of oartory on that of the former speaker. He is one of the men who make a practice of studying the Bible purely for literary purposes, and because he knows that nothing is more effective with a popular audience than Scripture quotations or language which carries the Biblical mark. When in the heat of debate he never spares language or hesitates for an epithet.

Champ Clark tells in an interesting way how it happened that he came to be such a student of the Bible. His father was a deeply religious man, but Champ, as a boy, would have nothing to do with that sort of thing. One day, however, he happened to run across Patrick Henry's oration in the house of burgesses, beginning: "It is natural for man to indulge in the illusions of hope." One sentence in the speech especially struck the youthful fancy: "The race is not always to the swift, nor the battle to the strong." He told his father how much he liked the speech and how much he was impressed with that sentence. His father took him down by remarking: "King Solomon wrote that sentence, and if you will read the Bible you will find a great many others equally good." So just from curiosity, Champ began to read the Bible, and has kept it up ever since.

Champ Clark is 50 years of age. He was born March 7, 1850, and he looks younger than his years. He has a smoothly shaven face beaming with good humor. He is one of the most companionable men in the house.

"Pickaninny" from "Pequenos Ninos."

The etymology of the word "pickaninny" is discussed by a writer in the current number of the American Anthropologist, who says that its possible derivation was pointed out by Sir Hans Sloane in 1707 in his "History of Jamaica." "Piganinnes," said Sir Hans, "is a corruption of pequenos ninos, applied to the black or slave babies of Jamaica."

MODERN ARMY BALLOONS.

Made of the Intestines of Oxen Which Will Hold Gas Far Better Than Oiled Silk.

At the ballooning school of the British army at Aldershot no less than a hundred women are at times put to work making balloons. Every one of them is either the wife or daughter of a soldier. The material used for balloons is not oil silk, as was formerly the case. Instead the big intestines of oxen are employed on account of their lightness, toughness and other qualities. The pieces are not more than a foot square, and these are patched together neatly. Three or four thicknesses of "skin" are combined. To make a full sized balloon in this man-

(How It Is Inflated and Released in Time of Actual War.)

ner it is said that no less than 75,000 head of cattle are needed. The balloon costs about $5,000.

One great advantage of this material is that it holds the gas better than oil silk does. Heretofore the aeronaut has been greatly bothered by the leakage of his gas to such an extent that a charge could be relied upon only a day or two, or at best only two or three days, without a considerable addition to it. But it is said that a well-made balloon of the modern style will keep its charge for a month or more without sensitive diminution. Moreover, if an enemy's shot should puncture the balloon while aloft the wounds will close and the leakage will be small. A severe fire is necessary to disable the thing.

The gas for inflating an army balloon is compressed into cans or tanks, and thus carried ready made by wagons to the field. When one of these cans, or cylinders, has been carefully tested and then filled it will hold its contents for years. A wagon load of cylinders may then be hauled to the scene of action and the empty bag filled on short notice. When employed in scouting service a balloon is held captive by a wire rope that is wound and unwound from a windlass. There is a separate wire from the basket to the ground for telephonic or telegraphic purposes, so that the signal officers in the balloon can communicate their observations to headquarters promptly.

WINFIELD T. DURBIN.

Nominated for Governor by the Republicans of Indiana After an Interesting Campaign.

Col. Winfield Taylor Durbin, the republican nominee for governor, is the national committeeman for Indiana and the foremost citizen of Anderson. He was born at Lawrence, Ind., in 1847 and learned the trade of a tanner from his father. After taking a course in a St. Louis college he re-

turned to Indiana to devote himself for a few years to teaching. In 1869 he went to Indianapolis, engaged as bookkeeper to a wholesale dry goods house, and rapidly rose to the position of manager. Upon his removal to Anderson Mr. Durbin entered the banking business and the arena of politics at the same time, and has been very successful in both. In 1889 he became a member of the state committee and in 1896 a member of the national committee. During the war with Spain he was appointed colonel of the One Hundred and Sixty-first Indiana infantry. In the civil war he served with two different regiments of volunteers. His wife was formerly Miss Bertha McCullough, of Anderson.

SPORTING.

ON THE DIAMOND

The North Plainfield High School team went to Elizabeth Saturday afternoon and met defeat at the hands of the Battin High School team by a score of 24 to 8.

A team from the Aluminum Plate and Press Company proved an easy match for one from Scott's Saturday, the latter winning easily by a score of 20 to 7. The battery for the Aluminum men was Flannery and Currin, and for Scott's Rich and Montross.

The second of a series of baseball games between the day and night men at Pond's was played on the Clinton avenue grounds Saturday. The night men won by a score of 19 to 9. The batteries for the night men were Dodd, O'Brien and Hardfelder; the day men, Scott and Owens. The next game will be an exciting one, as both teams have now won a game.

A lively game of baseball was played Saturday afternoon in this city between the East End team and the Westfield Juniors. The home team was victorious by a score of 21 to 4. The battery for the East End team was A. Conway, pitcher, and T. Burns, catcher. Willie Mullin played first base and made a great hit. The battery for the visitors was Cox, pitcher, and Freeman, catcher. Next Saturday the East Ends will go to Westfield and play a return game.

GOLF

Last Saturday was an ideal for the popular game of golf and a very large and enthusiastic crowd of golfers were attracted to the Hillside Tennis and Golf Club grounds. The course was in fine condition and the players thoroughly enjoyed making the rounds. During the afternoon there were a number of private matches that excited considerable interest. The event of the day was the scratch tournament, 18 holes, medal play, open to all active members. There were a number of contestants, but not all handed in their scores. Those who did are as follows: A. R. Fisk, 90; Olaf Saugstad, 93; F. C. Ard, 96; Morris Dumont, 98; J. W. Baker, 102; E. J. Waring, 103; Roger F. Murray, 107; Owen H. Fleming, 108; H. B. Stockton, 108; R. M. Shepard, 109; H. W. Beebe, 113.

Made Misstep and Fell.

While leaving a car on the Front street line last evening, Mrs. William G. Fairbank, of West Third street, made a mistake and fell to the floor of the car. She was assisted to her home and Dr. Fritts was called but found no serious injuries. Mrs. Fairbank has been ill for a long time and the shock will confine her to the house for a few days.

Aggregate Ages Were 326 Years.

An interesting gathering assembled at the home of Henry Mosher, of Orchard place, yesterday, in which were five members of the Mosher family whose aggegate ages amounted to 326 years. They were Henry Mosher, Justice J. E. Mosher, Mary Hawkins, of this city; Edward Mosher, of New York and George Mosher, of Rutherford.

Critically Ill.

Thomas Ryder, an employe of I. H. Boehm, the dry goods merchant, is critically ill with pneumonia at the City Hotel. He was taken ill nine days ago, and yesterday was the time for a turn in the disease. The turn was not favorable, and Dr. Zaglio, the attending physician, gives little hope for recovery. Yesterday morning Mr. Ryder's mother and brother, Edward, of Canada, arrived in Plainfield in response to a telegram. They are doing all that is possible for the patient and are assisted by a trained nurse.

Wants Service to End by 9 o'Clock.

Rev. E. E. Jackson, pastor of the Mt. Olive Baptist church, makes an appeal to the citizens and friends who employ colored help, and members of his church, to allow them to arrange their work and be able to attend services Sunday at 7:45 o'clock. The church has adopted a rule not to continue the services later than 9 o'clock Sunday evenings. This is an advantage to the employer, employe and the church, as the employer desires his help in at 10 o'clock sharp.

Variety Shows.

Time was when a variety show was considered an unworthy diversion, but the era of vaudeville has made them the most popular of entertainments. You don't have to go to New York to see one either for there is no greater show of variety within the same space anywhere than can be seen at Collier's, where it costs you nothing to go in, and very little to go out with as satisfactory a wedding present as can be obtained anywhere at the same price.

Thrown From Her Wheel.

An unknown lady cyclist was thrown heavily to the ground on West Front street Saturday night as she attempted to cross the street car tracks. She was pickep up and assisted to Randolph's drug store by Sergeant Kiely, and Dr. Clawson, who was near, made an examination. Although no bones were broken, she was badly bruised and dazed from the fall. It was some time before she was able to go home.

Honorably Discharged.

Dennis O'Keefe, of this city, who has been a fireman on the cruiser Detroit, has been honorably discharged after serving three years, during which he passed through the entire Spanish war. Mr. O'Keefe has returned to his home on West Fifth street, where he will remain for the present but expects to re-enlist some time in the near future.

ONE CENT PER YEAR.

Paid by Uncle Sam for Mail Service Up in Wisconsin.

Cheapest Government Official on Record—He Travels Daily from Dodgeville to Mineral Point for One Penny a Year.

Iowa county, Wisconsin, lays claim to having the lowest-salared official in the employ of the United States government. The government hires Frank Lynch for one cent a year to carry the mail between Dodgeville, Wis., the county seat of Iowa county, and Mineral Point, nine miles distant.

It is the law that such employes shall be paid quarterly, but Lincoln, although he has been carrying the mails regularly since last July, has as yet received no quarters of a cent or checks for those amounts. The young man is not looking for any remittances on his salary until next July, when he expects a check for a whole cent. It is supposed this will be the smallest check ever issued by the government and efforts have already been made to secure possession of it. The mail carrier has received several offers of $15 or $20 for the check, but he has so far warily avoided any definite entanglements.

Both Dodgeville and Mineral Point have railroads, but there is none between the two towns. The trip from one place to the other by rail is so roundabout that it is out of the question, so passengers and mail are driven across country. Whoever has the contract for carrying the mail feels he is certain of all the passenger trade, for no one has yet had the courage to compete for passenger business with the United States mail carrier. For this reason the transfer of the mail is deemed a valuable privilege.

Every four years the post office department invites bids and lets out new contracts to lowest bidders for transfer of mail sack. Last year there was the liveliest competition ever known for the Dodgeville-Mineral Point con-

MAIL RIG OF FRANK LYNCH.
(For Driving It He Receives One Cent per Year, and No More.)

tract. Several different men signified their intention of going into the contest and the "talk" was kept up until each bidder knew he would have to go pretty low to get the prize. The man who then held the contract had been receiving about $40 per year for carrying the mail. It is said that when the bids for the new contract were opened in Washington it was found that the three lowest offers for carrying the mail per year were one cent, 39 cents and $1.50. Frank Lynch, being the one cent bidder, was awarded the contract for four years.

In summer time, says the Chicago Chronicle, there is nothing of special interest about the trip from Dodgeville to Mineral Point. A so-called stage, which is at least a first cousin to a spring wagon, is the conveyance used, and the journey is made with comfort and on a pleasant day with pleasure, for the rolling, hilly country of southwestern Wisconsin is especially attractive in the summer.

But in the winter time the presence or absence of snow generally determines the comfort or discomfort of the trip. When there is sleighing the mail carrier takes his passengers across country as snug as a bug in a rug. On a pair of bobs he has a long-bodied boxed-in affair which looks more like a freight car than anything else. In the center of this box is a stove and about the sides are seats for the passengers, who enter by a little door in the rear of the car. A rousing fire is kept going in the little stove and the trip is made without the least discomfort.

But when there is no snow on the ground this nine-mile trip is quite a different proposition. The old spring wagon-stage, with a few lap robes, is brought into service. Curtains are hung all around as a supposed protection against the Wisconsin blasts, but it takes more than oilcloth curtains to resist the penetrating qualities of the cold up there. A skin coat and nothing but a skin coat will keep out the cold. When the thermometer is below zero and there is no snow on the ground that trip of nine miles can only be taken with suffering, as many a traveler can testify.

Profit on Shin-Plaster Money.

Probably the greatest profit ever enjoyed by the government as the result of the destruction of money was in connection with the fractional currency or shin-plasters issued during the civil war. The total amount issued was $368,724,079, of which $6,880,558 has never been presented for redemption. A large amount has been preserved as curios by collectors, and occasionally even now it is offered for redemption.

NOTICE!

To enable us to make use of our old quarters in the Schepflin building for our weekly auction sales we concluded to make a change in the day. For about twelve years we held our auction sales every Friday afternoon, but when the silk mill started on the second floor, we were compelled to vacate the premises on account of the noise of the looms. The store being so well-adapted, however, for the auction business we re-leased it, and decided to hold our auction sales every Saturday afternoon at 2 o'clock in the future, the looms not being in operation at that time.

Thanking the public for their patronage in the past, we solicit a continuance of the same in the future.

MORTIMER GRANTED WHOLESALE LICENSE

Seven Councilmen Voted In Favor of the Application on Final Action.

REASON FOR DOING SO.

COUNCILMAN STRONGLY OPPOSED TO FAVORABLE ACTION.

Messrs. Dumont, VanHerwerden, Mellick and Craig Voted Against It—Applicant Does Not Need to be a Citizen.

As was to be expected John Mortimer would be granted a wholesale liquor license by the Common Council at the adjourned meeting held last evening. But the license was not granted without a strong remonstrance on the part of the opposition. All the members were present except Mr. Clifton. Messrs. Dumont, Mellick, VanHerwerden and Craig voted against the application, while Messrs. Buckle, Tolles, Gloak, Lee, Smith and Coriell voted for it.

Mr. Gloak introduced the application, and said by way of explanation that he had interviewed Corporation Counsel Marsh and he could find no law that compelled a man to be a citizen of the United States to secure a license. He therefore moved that the application be granted.

Mr. Dumont asked Mr. Gloak if the purpose for which the license had been laid over, that of learning whether Mr. Mortimer was a citizen, had been accomplished. Mr. Gloak replied that he could not say as he did not make any effort to find out. President Smith replied in the same manner, saying that he did not know, but that Mr. Marsh told him it made no difference.

Mr. Dumont then took a stand against the granting of the license. He did not like the general appearance of things in connection with the request for it. He said that the same signers were on this application that appeared on the one offered by Scheuer & Son, and the same parties represent both parties. He felt sure some one was behind the license that the Council did not know about. He also referred to the protests from the many business men and property-owners against the granting of the license, all of whom claim that a liquor business on Park avenue will depreciate the value of property. He said there are other parties in the wholesale business, and he always understood that saloons did more or less wholesale business. Mr. Dumont referred to a general understanding among the members that no new licenses would be granted during the year, and he thought the Council could very well afford to stop and not grant any new licenses.

Mr. Coriell said that he opposed the application of Scheuer & Son, because a grocery was mixed with it, and he was against that. He was sure that Scheuer & Son and Schloss are not interested in the application made by Mr. Mortimer, and therefore favored it.

Regarding the question of signers to an application Mr. Coriell stated that it is never possible to get a good class of people to sign an application, and the petitioners were obliged practically to buy signers before the Council did away with that part of it. He said that the better class of people will not sign an application unless it is for the Netherwood Hotel, but still he saw no good reason why this application should not be granted. A wholesale place is not as bad as a saloon, and Mr. Mortimer comes highly recommended.

Mr. Buckle said that in many respects he agreed with Mr. Dumont, but he thought it well to establish a precedent to grant all licenses at a stated time, and then refuse all others for the year. He was sure that Scheuer & Co. were not behind this application, else he would oppose. He said that a majority of the inns and taverns are run on other people's capital, and as there is only one wholesale place in the city he felt constrained to vote for Mortimer's application.

Mr. Gloak said he wouldn't vote for Mortimer's application if he thought Scheuer & Co. were behind it, but he believed they were not and he would vote for it.

The Council then gave W. A. Coddington, counsel for the objectors, an opportunity to state his legal objections to the application. The first was that Mortimer is not a citizen, and the second objection was that Marcus Silbert, one of the signers to the application, is not a citizen of the United States, nor a voter when he signed the application; neither was he a resident

MUST ATTEND SCHOOL.

CHIEF CAMPBELL TO LOOK AFTER TRUANTS IN THE BOROUGH.

Appointment Made By Board of Education—Other Rules for Government of Schools.

A special meeting of the Borough Board of Education was held last evening, when considerable business of importance was considered. Five bids were received from firms in Newark, New York and Boston for installing a heating and ventilating apparatus in the Somerset Street School. They were referred to the building and grounds committee, Messrs. Waring, Cooley and McGee. This committee will visit several places where these firms have installed similar apparatus and will then report at a meeting to be called by the president, when some action will be taken.

At a previous meeting Mr. Honeyman was appointed a committee of one to examine the records of the Board and formulate rules and regulations for the government of the schools. Last evening Mr. Honeyman presented his report consisting of sixty-four rules that will govern the Board of Education, principal, teachers, books and supplies, pupils, committees, medical inspectors, truant officer, census enumerator, commencement, etc. This is the first time a complete set of rules have been provided for the government of the schools.

One of the most important rules is that governing compulsory attendance at school, and which provide for the truant officer. The rules, which agree with the State law, provide that children between the ages of 7 and 15 years, in good health, must attend school unless some good and sufficient reason is presented to the Board of Education. It shall be the duty of the truant officer to hunt children and take them to the school teacher or parents, and the latter are to be warned regularly as to the law. The law also provides that children may be taken before a Justice of the Peace or the Board of Education.

Chief Marshall Campbell, of the borough, was appointed truant officer by the Board and his duties will commence at once. It will be to the advantage of both parent and the school, as well as the children, if the parents co-operate with the truant officer and the Board in enforcing this law.

CHRISTIAN AMUSEMENTS.

Dr. Yerkes Gives His Ideas in a Sermon Preached Sunday Morning.

Rev. Dr. Yerkes preached an interesting sermon Sunday morning in the First Baptist church on "Amusements," his text being "They that use the world as not abusing it." The proposed rescinding at the next conference of a disciplinary article in the creed of the Methodist church, suggested the topic, as the principle involved applies to other churches as well as the Methodist. The beneficial effects of many amusements were discussed by Rev. Dr. Yerkes who claimed that innocent recreation tended to relaxation of the tired system, invigoration of the mind and stimulus to the spiritual pervus. He claimed, however, that innocent amusements became harmful when their abuse led to injury of the powers, physical, mental or spiritual and when their excess absorbed the interest so that higher duties were neglected. Golf playing and bicycling were innocent amusements until they interferred with legitimate business and became so absorbing as to lead to violation of the sanctity of God's holy day. Dr. Yerkes said if he were a member of the Methodist Conference he would vote for the cancellation of the article in dispute on the principle that grace and not law is the controlling power of the church.

To Become an Actor.

Walter Sherwin, of Washington street, has accepted a position with the Hazlewood Company, a repertoire organization that appeared in Music Hall the last three days of last week. Sherwin left with the company Sunday, and will take subordinate parts until he has proved his ability to do something better.

To Attend National Synod.

Rev. and Mrs. G. Kennedy Newell left this morning for St. Louis where they go to attend the national Synod of the Presbyterian churches. George H. Squires, of this city, will also attend the meeting.

A Paper on Hawaii.

The regular missionary meeting of the Christian Endeavor Society of the Congregational church will be held Sunday evening, when Miss F. F. Clark will present a paper on "Hawaii."

—Sparklets will keep you cool. Wm. W. Moore, 310 Park avenue.

PERMANENT PAVEMENT TALK IN THE COUNCIL

Proposition to Put Down Asphalt on Park Avenue for Two Blocks.

THE MATTER NOT ACTED ON

COMPLAINT AGAINST TROLLEY WORK ON ARLINGTON AVENUE.

The Plainfield Telephone Company Wants a Frachise—Will Furnish Cheap Service—Invitation From G. A. R.

Outside of the business attendant upon the granting of a wholesale liquor license to John Mortimer, at the adjourned meeting of the Common Council last evening, there were several other matters that were considered.

Mrs. Buckalew, of Fifth street, near Arlington avenue, protested against the way the trolley tracks were laid on Arlington avenue near her property, and the way the street was blocked. She protested against the laying of the tracks more to her side than on the side occupied by the schools. She also complained of the irregular way the tracks are being laid near Fifth street and Arlington avenue.

The Council received an invitation from Post No 73, G.A.R., asking them to attend the exercises in Music Hall on Memorial Day. The invitation was accepted with thanks.

The Plainfield Telephone Company, an organization incorporated under the laws of the State, and a part of the State Telephone Company, made application for the right to locate poles, string wires, and do business in this city. They offered to lease house 'phones for $24 a year and $36 for business houses, unlimited. The application stated to what extent the company is doing business in this State, and an ordinance, together with maps, and other necessary papers were offered with the application. The matter was referred to the street committee.

Mayor Rockfellow appointed William O'Connor as special policeman, and the appointment was confirmed. The city physician made his regular report, stating that the city poor had been furnished medicine and proper treatment.

Mr. Coriell recommended that two fire-alarm boxes be located. One at the corner of West Sixth street and Lee place, and the other at the corner of Berckman and East Third streets. He said that later on the committee would recommend another box to be located at the corner of Eighth and Liberty streets.

At this time Mr. van Herwerden offered a resolution providing for the laying of a permanent pavement on Park avenue from Front street to the railroad bridge. As he did so he said that he did not want to show any discourtesy to the street committee or Mayor Rockfellow, but it was a matter that had been hanging fire for some time and he desired to bring it up so as to secure some action. The resolution provided for the laying of asphalt block pavement.

Mr. Dumont thought that in such an important matter the street committee should have an opportunity to consider the matter before action was taken. Mr. Buckle favored permanent pavement, but thought the street committee should consider the question first. Mr. Coriell opposed the resolution until after the street committee had a chance to discuss the subject. Mr. Tolles thought that inasmuch as no one had been able to agree as to what is best in permanent pavement it would be just as well to go slow and discuss the matter fully. The matter was then referred to the street committee.

After the Council gave J. Fred McDonald permission to make a few repairs about his property and add a little extension to the rear of his store, the meeting adjourned.

Nineteen Years Married.

Mr. and Mrs. Ross Foster, of Washington Park, celebrated the nineteenth anniversary of their marriage last Saturday evening, at which time they entertained a large number of friends and relatives at their home. Sociability was the feature of the occasion and the celebrants received several tokens as pleasant reminders of it.

Twelve Years Ago.

The twelfth anniversary of the Christian Endeavor Society of Warren chapel will be held in the chapel Thursday evening. Dr. Warde, of Lyon's Farms, one of the ablest of the speakers at the last State convention of the Endeavorers, will address the meeting.

MAYOR SEYMOUR AND BOB DAVIS COMING.

They Have Promised to Attend Democratic Dinner Saturday Night.

OTHER PROMINENT GUESTS.

AFFAIR WILL GATHER TOGETHER NOTABLE ASSEMBLAGE.

Leaders From Many Sections—Much Oratorical Material Will be on Hand—Every Detail Will be Complete.

The dinner of the Democrats which will be held at the Hotel Kensington Saturday evening will gather together a notable assemblage of party workers and leaders from out-of-town.

Yesterday Robert Davis, the Democratic leader of Hudson county, who is undoubtedly the most influential single Democrat in the State today, promised to be present. He will be accompanied by Mayor Hoos, of Jersey City, another prominent leader.

The recent victory of Mayor James Seymour, of Newark, in his re-election as the head of the government of the New Jersey metropolis, has put him in the forefront of likely candidates for the Democratic nomination of Governor to succeed Foster Voorhees, and it will therefore be of particular interest to know that he also will be present at the dinner, and take part in the speech-making.

Other out of-town guests who have thus far promised to be present are as follows:

Congressman Daly, of Hoboken; William B. Gourley, of Paterson; Assemblyman Benny, of Bayonne; Clarence T. Atkinson, of Camden; former Senator Keys and former Speaker James J. Bergen, of Somerville; City Clerk Manning, Lieut.-Col. D. F. Collins, State Committeeman Peter Egenolf, of Elizabeth; Senator James, A. VanCleef, of New Brunswick; State Committeeman Oliver Kelly, of Metuchen; former Congressman Johnson Cornish, of Washington, N. J.; Congressman William Sulzer, of New York; Sheriff Schoonmaker, of Somerville.

The affair will be complete in every detail, as the committee in charge is working to make it the most notable function of its kind ever held in the city. Proprietor Staats, of the Hotel Kensington, will make a special effort to provide a menu of the finest quality, and the feast of Democratic reason that will follow the serving of the dinner can easily be anticipated by the above list of out-of-town guests, among whom are some of the best Democratic orators in the State.

Rogers' full orchestra will be present and discourse music during the serving of the dinner.

It is possible that there may have been some Democrats who have not received invitations, owing to an unintentional oversight, and if there are any such it is the desire of the committee that they should make application personally if they desire to attend.

SUPREME DEPUTY PRESENT

Sociable Given in Her Honor by Mizpah Lodge of the Odd Ladies.

In spite of the heat last evening a large number of the members of Mizpah Lodge, No. 1, U. O. of I. O. L., attended the sociable given in honor of Supreme Deputy Mrs. Maxwell, of Boston, who was present on an official visit. Mr. Maxwell spoke highly of the membership of the lodge and reported it in a flourishing condition.

During the evening the following programme was given: Duet by the Misses Hand; recitation by Miss Virginia Anderson; recitation by Mrs. Maxwell; recitation by Miss Leichtentritt. Refreshments were served and a social time was enjoyed by all present. A drawing contest was held for a handsome picture which was won by Mrs. Angleman.

The committee consisted of the following: Miss Cortright, chairman; Mrs. Bush, Mrs. Cox, Mrs. Terry and Mrs. Randolph.

Married Last Week.

Announcement is made of the marriage of Miss Nellie VanWinkle, of the borough, and Harry McCormick, formerly a conductor on the Plainfield trolley road. The event took place last week Monday at Orange. For the present the couple will reside at the home of the bride. Mr. McCormick is in business in Newark and he will commute.

THREE SCHOOL TEAMS ON THE DIAMOND NOW

Leal's Defeat By East Orange Was Biggest Surprise of the Week.

DUPEE WAS BATTED FREELY

ONLY FOUR HITS WERE MADE OFF UNDERHILL'S DELIVERY.

Comments on the Leal School and North Plainfield High School Defeats—How and Why They Happened—Ails Plays Saturday.

Baseball seems to have secured quite a foothold in Plainfield this spring and much interest has been shown in the work of the various local teams. Interscholastic baseball has come to the front with a bound, and city and borough together now possess three school teams of varying degrees of merit. Then the Arion A. C. is making quite a record for itself. Next Saturday the Ails A. A. team will begin its regular season with a game in Elizabeth against the Pingry School team.

The defeat of the Leal's School team Saturday afternoon by the boys of the East Orange High School, 21 to 4, was the most important happening in local baseball circles last week. Owing to lack of space the account of the game in yesterday's Press was condensed.

It was the first time that the Leal's School team had met anything but an easy victory. The fact that they had counted on winning and suddenly found themselves up against a strong team completely demoralized the Plainfielders. Heretofore they have been playing a strong team game, but the ease with which the East Orange boys batted Dupee's delivery all over the field worried the local team greatly. There was a long list of errors rolled up against them as a result.

The biggest surprise of the game was the joy with which the visitors fell upon George Dupee's curves. They batted out eleven singles, five doubles and one three-bagger, seventeen hits in all. The Leal boys, on the contrary, could not bat Underhill at all, making only four safe hits off his delivery.

The teams batted as follows:

The boys of the North Plainfield High School made their first excursion into the enemy's country Saturday afternoon and met with defeat. The Battin High School of Elizabeth won by a score of 24 to 8. The borough boys lacked their regular pitcher, Krite's arm still being sore. Armstrong and Farlee took turns at it instead. They were both wild and gave sixteen bases on balls between them. Little, of Elizabeth, only gave one. Those sixteen gifts and some expensive errors settled the fate of the North Plainfielders very effectually.

At batting, Elizabeth made 18 hits and North Plainfield 17. Elizabeth's safe hits were well bunched, however, while on bases, the Battin High School boys did much better than their opponents.

The teams batted as follows:

FINE GRADE WORK.

A Beautiful Lawn Made for Thomas Minford.

One of the most beautiful pieces of grade work ever done in Plainfield has just been completed by Thomas McGann for Thomas Minford, of Watchung avenue. The property is situated on the corner of Putnam and Woodland avenues and was formerly a low bog, but under the skillful hands of H. C. VanEmburgh, who ran the levels, and Mr. McGann it has been transformed into a beautiful lawn, 300 feet long by 200 feet wide.

Crushed His Toes.

Accidents at the Pond Tool Works have been on the increase during the past week, hardly a day going by without someone getting hurt. The latest unfortunate is Gus Lund, of West Third street, who had two toes crushed yesterday as the result of a socket from a radial drill falling on his foot. He was assisted to his home, where it was found that both toes will probably have to be amputated.

IT WAS SLOW BUT SURE

REMARKABLE WAY OF SENDING IN ALARM OF FIRE.

Discovered the Blaze and Then Wrote a Note and Sent It to Chief by Little Girl.

The bathroom in the residence of Mrs. C. R. Hope, corner of East Fifth street and Franklin place, caught fire yesterday afternoon shortly before 6 o'clock from a defective flue. Mrs. Hope sat down and wrote a note to Chief Doane of the fire department, notifying him of the trouble. The note was taken to fire headquarters by Mrs. Hope's little daughter.

When the note arrived Chief Doane had gone home to dinner. Driver James Bailey said that he would give the note to the Chief or would telephone if it was important. The messenger said it was very important and wanted Bailey to read the letter himself.

It was only after the little girl said that it was of the utmost importance that the contents of the letter should be read that Bailey consented to open it. As soon as he discovered the nature of the contents, the Chief was notified and the chemical engine and No. 2 hose wagon were dispatched.

The fire was rapidly getting under headway when the firemen arrived and soon had the flames extinguished. The damage is slight and is covered by insurance. Mrs. Hope had just moved in to the house yesterday and an iron pipe flue had rusted away so that the flames from the kitchen range set fire to the lathing in the bath room.

A NEW TROLLEY SWITCH.

It is Being Located on East Fifth Street in Accordance With Map Filed With City Clerk.

The Plainfield Street Railway Company commenced work this morning locating a switch on East Fifth street between Watchung and Washington avenues. Permission for this work is not necessary for the reason that the company is allowed to locate switches where designated on the map showing the various lines which is on file with the City Clerk. The switch is placed there to avoid further trouble in the running of cars, as at present if two cars meet near the corner of Fifth street and Watchung avenue one car is obliged to run back to the North Avenue station.

The company also has the privilege of locating a switch on Richmond street, and will probably take advantage of it at an early day.

FIRST TIME IN TWENTY-ONE YEARS.

Arrested on Complaint of Wife, Who Did Not Appear to Press Charge.

Thomas Muldowney was arrested last night, the first time in twenty-one years. His arrest was the result of a complaint made by his wife to Patrolman Wenzenreid last evening. She declared that her husband had thrown her down and abused her. She failed to appear against him in court this morning.

Muldowney explained to the Judge that he only accidentally gave his wife a little shove. That was all there was to it. He lives on West Third street. The Judge discharged the prisoner, as the complainant failed to appear.

TO TAKE AWAY THE CARS.

The Whole of the 7:55 A. M. Train to be Made Up at Dunellen.

Commuters who have been accustomed to taking their seats before time in the cars which are left on the side track, opposite the North Avenue station every morning belonging to the 7:55 train, will soon be deprived of this pleasure. Beginning with next Monday the cars will be picked up at Dunellen and the commuters will have to scramble for their places at Plainfield.

To Fill a Vacancy.

The directors of the Union Building and Loan Association held their regular monthly meeting last evening and elected Robert Clark, Jr., to membership in the board to fill the vacancy caused by the death of John D. Runyon.

Water for West End Streets.

The Plainfield Water Company will turn the water on in the pipes on the cross street below Grant avenue some time this week. Twenty-four applications for water have already been received.

Judgment Rendered.

Justice Mattison has rendered judgment in the contract case of Harry Baldwin against F. R. Shepard et als for the full amount, $40 and costs. Murphy & Blatz represented the plaintiff.

Want Another Debate.

The Y. M. C. A. boys are corresponding with the Morristown boys for a return deabte to be held in Plainfield the latter part of this month.

SUICIDE SPOILED JOB FOR HYMEN.

Young Woman Killed Herself Just Before Date of Her Marriage.

SHE DRANK CARBOLIC ACID.

FOUND LYING DEAD IN THE WOODS IN BOROUGH OUTSKIRTS.

Miss Martha Smith the Woman of Desperate Deed—Was to Have Been Wedded to Thomas Washington Tomorrow Night.

After weeks of preparation, during which the guests had been invited, the bride's trosseau gotten ready and all the little details of a marriage had been arranged, Miss Martha Smith and Thomas Washington were to have been married tomorrow. But instead of the guests attending the wedding they will mourn at Martha's funeral, for she was found dead early this morning from the effects of carbolic acid administered by her own hands. The poisonous acid, which had caused her death, had stained her features and burned into her flesh showing without doubt what had caused her untimely end.

Martha, who was a very pretty mulatto girl, is spoken of very highly by her employer, Mrs. A. M. Powell, of East Sixth street. Yesterday afternoon she asked permission from Mrs. Powell to go down town on an errand. It was granted and she started from the house at 3 o'clock. At 4:30 she was seen by Joseph Najcak, an employe of Lindsay & Son, the dairymen, sitting in the woods opposite Farragut avenue, reading a Bible.

This morning as Najcak was driving the cows to pasture she was still sitting by a tree, and on going closer he saw she was dead.

William Pangborn and Coroner DeMott were immediately notified and hurried to the scene. Around the girl was found an empty bottle, which had contained the acid, an open Bible with a marked passage, several letters and a poem entitled "Wounded and Forsaken."

The body was removed to DeMott's morgue and the County Physician summoned, upon whose arrival the inquest will be held.

As yet the real reason for the girl's act is not known, as everything seemed to be ready for the wedding and Martha had spoken of the trip they were to take to see her parents in Virginia. She always was a rather reticent girl, but nothing strange was noticed in her conduct except once or twice last week when she seemed depressed, and on being asked what was the trouble by Mrs. Powell, she replied that she was simply tired. Everyone who knew her speaks very highly of her.

Her fiancee, Thomas Washington, is also highly spoken of as an estimable young man, and he is very much grieved at Martha's rash act. Washington is janitor of the Stillman building, and lives with his cousin, Peter Gordon, on Fillmore avenue, at whose home they were to have been married.

Besides her parents in Virginia, she leaves two sisters, one in New York and one in Trenton, both of whom were once employed by prominent Plainfield families.

County Physician Wagoner arrived this noon and after viewing the body gave a permit for burial.

Thomas Washington was seen by a Press reporter this afternoon. He said that the suicide of Miss Smith was a great shock to him, as they were to have been married tomorrow night. He said that he did not know what caused her to take her life.

To Nominate Officers.

At a business meeting of the Christian Endeavor Society of the Seventh-Day Baptist church, held last week, a nominating committee, composed of Miss Ernestine Smith, chairman, Miss Nancy Randolph, Miss Ida Randolph, Orra S. Rogers and Jacob Baker, was appointed to nominate the officers to be elected at the business meeting in June.

Bridge Was on Fire.

For the fourth time yesterday the fire department was called out last evening shortly after 9 o'clock to extinguish a fire which was blazing on the Park avenue railroad bridge. Two young men had made vain efforts to put it out, but finding it impossible called the department. It was soon extinguished without laying any hose.

THEATRICAL.

Current Dramatic Attractions That Plainfielders Can Witness.

Referring to "The Queen of Chinatown," which is to be at Music Hall tonight, the history of homicidal crime in and the growing cosmopolitan composition of our country's commercial and financial metropolis furnishes the playright with a superabundance of facts which intensify dramatic romance, and nowhere are these resources more devilishly in evidence than in the murkily mysterious locality known as "Chinatown." The gambling den, the opium joint, the dance

hall are here and the riot, rascality and physical and mental ruin therein engendered and the enslaving vice, the ruffanism, the rags of the Queen of Chinatown's mongrel court form the subject matter of the play, to which the artist's brush and the mechanic's skill have added striking facsimiles of the haunts named. But there is a comic lining to the cloud and rugged honesty in humble homes under which Hop Lee's and his satellite's, tools and slaves burrow like sewer rats and the sombreness of crafty wickedness is sunnily offset by the breezy manliness of the jolly tar, the pranks and peculiar dialect of the bootblack and the newsgirl, the oddities of the strapping Irish washerwoman and the dilemmas of the Dutch cobbler.

* * * * *

The ushers of Stillman Music Hall are to have a benefit Friday night of this week, and regarding it as a strong attraction they are have secured William Gill's most popular comedy "The Rising Generation," introducing young Billy Barry in the role of "Martin McShane," which character was originally created by his father the late William Barry. James H. Manning will be seen in the role of Professor Dionysius O'Hara. He shares the honors with Mr. Barry by his clever impersonation of this mirth provoking character. They will be supported by an excellent company of comedians including Joseph Davis as "Buck Moran," Margaret Hatch as "Johanna McShane," William Western, the boy tenor, who renders several high cast vocal selections. Little Bobby Barry posses the talents of his late father.

Mrs. Utzinger and son, of Grandview avenue, have returned from a visit to Freehold.

Miss Ena Langworthy and Miss Burnice Cottrell, of Boston, are guests of Mrs. George L. Homan, of Hillside avenue.

Miss Nora Flynn, of Plainfield avenue, and Miss Nellie O'Keefe, of West Fifth street, have taken positions in the skirt factory.

A Great Record.

Hard to Duplicate it in Plainfield.

Scores of representative citizens of Plainfield are testifying on the following subject. Such a record of local endorsement is unequaled in modern times. This public statement made by a citizen is but one of the many that have preceded it and the hundreds that will follow. Read it:

Mrs. Henry Bender of 118 West Front street, says:—"I suffered almost constantly from a dull aching pain across my back and hips. Any hard work always inceased it. I was also subject to severe headaches and dizziness when stooping and though I tried different plasters and home remedies I could not get relief. I saw Doan's Kidney Pills advertised for such troubles as mine, got a box at L. W. Randolph's drug store, used them according to directions and obtained a great deal of relief from them. In my estimation and from my experience Doan's Kidney Pills are a good reliable kidney medicine."

For sale by all dealers, price 50c. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name Doan's and take no substitute.

NOTICE.

I beg to announce to the public that I have re-opened for bedding renovating and carpet and rug cleaning business over Manning's Marble Works, opposite First Baptist Church.

HOW ARE YOUR KIDNEYS?

It wouldn't be a half bad idea to ask your elf this question every y morning—how are your kidneys? If the ole of your shoe get hin and a hole appe ars, you straight way have a patch put on. But how about your kidneys? Do you ever wat h them? They are the most import ant organs of the body, because the blood constantly is passing through them all day and all night. They are the filters of the system and remove the poison from the blood. If they are neglected the poison spreads, then comes Bright's Disease and perhaps death. Watch Nature's sig ns—backache, pain n the loins, scalding dark urine, headach and sleeplessness. If you have any of thes eware, your condit ion may be serious.

NAVAL BILL PASSED.

Armor Purchase Authorized—Five Holland Boats to Be Bought.

WASHINGTON, May 15.—After a discussion lasting five full days the senate yesterday passed the naval appropriation bill. Practically four days were devoted to the consideration of the armor plate proposition, which was agreed to finally as reported by the committee, with the exception that the secretary of the navy is authorized to make contracts only for such armor as may be needed from time to time. The secretary of the navy is authorized to procure armor of the best quality at $445 per ton, but if he be unable to obtain it at that price he is then authorized to pay $545 per ton for the armor for the battleships Maine, Ohio and Missouri and proceed to erect an armor factory to cost not to exceed $4,000,000, one-half of which amount is made immediately available. The committee's proposition carried by a vote of 32 to 19.

The secretary of the navy is directed to purchase five Holland torpedo boats at a price not exceeding $170,000 each. The Gathmann gun amendment to the house bill was withdrawn by the committee, the navy department having declared against it.

Just before adjournment Mr. Nelson of Minnesota called up the "free homes" bill, and it was passed without a word of debate.

The house passed the general deficiency appropriation bill and the Military academy bill. The last of the supply bills will follow it today. The deficiency bill carried $3,839,021 and was passed substantially without amendment. The general debate was devoted principally to political topics, the feature being a severe arraignment of the administration by Mr. De Armond of Missouri.

A NARROW ESCAPE.

Attempted Assassination of a Polish Priest at Wilkesbarre, Pa.

WILKESBARRE, Pa., May 15.—Last night an attempt was made to assassinate Rev. Father Blaznoski, pastor of the Polish Independent church, this city. There has been trouble brewing in the church for some time past, one faction opposing the pastor and another faction espousing his cause.

Shortly after midnight an unknown man called at the parochial residence and requested the priest to accompany him to the house of a friend who was very ill. The clergyman said he would not go out so late at night unless accompanied by an escort. Later the man returned with a companion, and Father Blaznoski left the house with them. The way led to a lonely spot near a railroad, where the priest saw two men standing in the shadow of a building. His suspicions were aroused, and he suddenly turned and retraced his steps. The two men accompanying him did not attempt to follow.

Arriving home, Father Blaznoski lighted the gas in the parlor and sat down a minute to make a memorandum. He had hardly got seated when a bullet crashed through the window and came within an inch of striking the priest in the head. Greatly alarmed, he telephoned to police headquarters. Several policemen responded, but they made no arrests. One officer remained on guard the remainder of the night. The church of which Father Blaznoski is pastor has the largest congregation of any Polish church in the anthracite coal region. The priest is a man of American ideas and much respected in the community.

April Exports and Imports.

WASHINGTON, May 15.—The April statement of the imports and exports of the United States shows as follows: Merchandise—Imports, $75,466,742, of which $33,445,027 was free of duty; total increase over April, 1899, $10,000,000; exports, $118,926,507, increase $30,000,000. Gold—Imports, $3,355,115, increase $1,000,000; exports, $1,961,580, increase $800,000. Silver—Imports, $3,266,283, increase $416,000; exports, $4,112,043, increase $30,000. During the last ten months the exports of merchandise exceeded the imports by $455,495,141, and during the same time the imports of gold exceeded the exports by $9,216,623. The silver exports during the last ten months exceeded the imports by $17,665,292.

Builders' Lockout In Kansas City.

KANSAS CITY, May 15.—Following out their declared intention of last week, the builders' trade lockout became effective yesterday. Members of the club say that about 800 carpenters, painters, tinners and plasterers were locked out, while the union men declare but between 300 and 400 are affected. The lockout is a test of strength between the boss builders and the union. The lockout was ordered by the master builders in an effort to break up the building trades council and force each union to treat with contractors independent of all other unions.

Postmasters Appointed.

WASHINGTON, May 15.—The following fourth class postmasters have been appointed: New Jersey—South Seaville, Michael S. Wing. New York—Buches Landing, Roxana Chapman; Kreischerville, J. D. Heitman, Jr.; Lake Ridge, Casper Fenner. Pennsylvania—Borland, R. J. Armour; Cora, James Harris; Drifting, J. F. Stinekechner; Hokendaugua, W. K. Derr; Richmond Hill, John Lannan; Sturgeon, J. T. Patterson; West Fairview, A. M. Smith; Willistown Inn, J. P. Moulder; Carolina, W. J. Tucker; Woodville, S. C. Eggleston.

Sprague Murderer Known.

SOUTH BERWICK, Me., May 15.—Great excitement developed in the Sprague murder case when a number of prominent citizens who went to the authorities to demand that a reward be offered for the capture of the guilty party were told that there was no need of such action, as the guilty party was known and as soon as two or three minor points in the evidence had been proved an arrest would be made. The officials will not give out the name of the suspect.

Famous Ball Player Dead.

JACKSONVILLE, Fla., May 15.—Billy Taylor, formerly a noted baseball pitcher, is dead here. He was 43 years old. At one time he pitched for the Athletics and also for the Philadelphia Athletics and other leading clubs. He was coach for the first American team that visited Europe and Cuba.

Police Shoot to Kill.

BOMBAY, May 15.—While the police were searching at Vizagapatam, capital of the district of the same name, in the presidency of Madras, for the murderers of two constables they were attacked by a mob. They fired upon their assailants, killing 11 and wounding 16 others.

BULLER SCORES ONE.

Boer Position at Biggarsberg Turned by Bold Movement.

ROBERTS STILL AT KROONSTADT.

Free State Leaders Favor a Meeting of the Volksraad to Sue For Peace—Mafeking's Relief Hourly Expected.

LONDON, May 15.—General Buller's turning of the Biggarsberg position was effected by a bold movement. The Boers had evacuated Helpmakaar, but were making a stand Monday evening at Bleskoplaagte, seven miles from Dundee. The correspondents on the spot regarded this as a rear guard action intended to cover the retreat of the army.

At the same time General Hildyard took Indoba, and it is reported that the Boers withdrew in disorder.

General Buller, who seems to be employing his full strength, is expected to push on. His first marches were 45 miles in three days. He is thus breaking into British territory which had been administered for six months by the Transvaalers as though it were part of the republic, they holding courts and levying taxes. His success, therefore, has political as well as military consequences.

While Lord Roberts' infantry are concentrating at Kroonstadt, where they will rest for a day or two, his horsemen have penetrated 18 miles northward. In the squadron which cut the railway 15 miles beyond Kroonstadt was the American scout, Frederick Burnham. Two hundred Boers who had hidden in the river jungles near Kroonstadt to escape service have surrendered to the British and taken the oath of allegiance.

According to a dispatch from Mr. Bennet Burleigh to The Daily Telegraph, dated Thursday, May 10, Paul Botha and Macdonald, members of the Free State volksraad, demanded that the chairman should call a meeting to sue for peace, as further resistance was suicidal, and proposed to make President Steyn a prisoner.

Nothing definite has been heard about the expected relief of Mafeking. The Cape Town correspondents continue to wire that relief is imminent, fixing Tuesday or Wednesday as probable dates. Inquirers at the war office are told that the news of the relief will be made public immediately upon its receipt.

East of Bloemfontein General Rundle is advancing toward Ladybrand. His troops and those of General Brabant are stretched over a distance of 80 miles. The Boers are described as quite disorganized and as retreating northward. President Steyn's lieutenants are trying to rally them.

MAFEKING ATTACKED.

Africander Women Urge Men to the Front.

PRETORIA, May 15.—A war bulletin has been issued here announcing that the British are advancing against the federals at Helpmakaar and Tondersnek.

The burghers Saturday morning attacked Mafeking. The telegrapher at Malopo says that a heavy rifle and cannon fire was heard before 6 o'clock and that the "Kaffir location" was in flames within an hour and was totally destroyed. At 10 o'clock, he adds, everything was quieter.

At a meeting of 350 Africander women it was resolved to ask the government for arms and ammunition and to suggest that they do the work of the men officials in the town, who, they declared, "ought to be fighting at the front." The resolution was carried unanimously.

The Volkstem asserts that the British prisoners in the hands of the Boers will first feel the effects of the embargo placed on tinned meats and clothing destined for the Transvaal at Delagoa Bay.

A Ride on a Tornado

HOUSTON, May 15.—To be blown more than one-fourth of a mile by a raging tornado is something remarkable, even though the victim were torn all to pieces and killed, but to be blown a quarter of a mile, surrounded on all sides by trees, houses, timbers and all the other debris that a tornado gathers unto itself in its wild flight, carried through the air at 70 miles an hour, and, despite all this, to escape even the slightest bruise or scratch might be called miraculous. That was the experience of Miss Millie Milton in the tornado that passed over parts of Denton county.

Whitney's Slayer Lynched.

AUGUSTA, Ga., May 15.—William Willis, a negro who shot and killed Alex Whitney, a popular young man of this city, Sunday afternoon, was lynched near Grovetown, about 12 miles from here, at 10 a. m. yesterday. The mob which disposed of Willis took him from Richmond county officers, who boarded a train for Atlanta soon after the murder was committed with the purpose of bringing him to a place of safety.

The Famine Situation.

LONDON, May 15.—The viceroy of India, Lord Curzon of Kedleston, has telegraphed to the secretary of state for India, Lord George Hamilton, saying: "The decline in the number of persons demanding relief in Bombay and elsewhere is probably due to the outbreak of cholera which has broken up many of the relief camps and has enormously increased our famine officers' difficulties. Otherwise the situation is unaltered."

Grand Army Encampment.

UTICA, N. Y., May 15.—Delegates to the annual encampment of the Grand Army of the Republic have been arriving in this city all day, and a goodly number is now present. It is expected that by Wednesday 10,000 guests will be in the city. Department Commander Kay of Brooklyn has arrived and at once established headquarters at Baggs' hotel. Several veterans of prominence are now registered in this city.

Miners Return to Work.

WILKESBARRE, Pa., May 15.—In accordance with an agreement reached Saturday the miners of the Buttonwood colliery of the Parish Coal company who went out on strike last Monday and later participated in a strike riot have returned to work. All departments of the mine are in operation and all the old hands are at work.

The Sedgwick Floated.

HAVANA, May 15.—The United States transport Sedgwick, which went aground at Cienfuegos, has been safely refloated and is expected to return to Havana next Friday.

THE HAVANA FRAUDS

Fourth Assistant Postmaster General Sent to Cuba.

TO TAKE CHARGE OF POSTAL AFFAIRS

Mr. Bristow Will Remain In the Island During the Investigation of the Affairs of the Postoffice.

WASHINGTON, May 15.—The postmaster general, after a protracted interview with the president, yesterday announced that Joseph L. Bristow, fourth assistant postmaster general, will proceed to Havana tomorrow to take charge of the postal affairs of the island of Cuba. The postmaster general declined to say whether or not Director General of Posts Rathbone would be suspended. It is said, however, that the fact that General Bristow will assume these duties does not necessarily indicate that Mr. Rathbone will be relieved of all connection with the service. General Bristow outranks the director of posts, and the latter might operate as a subordinate, though on this point no statement is vouchsafed.

The letter directing the fourth assistant to proceed to Cuba is dated May 12.

C. F. W. NEELY.

Mr. Bristow will remain in Cuba during the pending investigation and probably until the service is reorganized. He would in any event have supervision of the postoffice inspectors conducting the examination of postal affairs in Cuba, and his transfer to Havana will bring him into closer touch with their operations. Further than the announcement that Mr. Bristow would go to Havana the postmaster general said there were no new developments in the situation. He said that there had not been an intimation that there had been any wrongdoing in the postal affairs of either the Philippine islands or Porto Rico.

In Porto Rico the director of posts, Captain Elliott, was a retired naval officer. He had had no experience in postal affairs, and it was feared that he might make some mistake, but the entire system was conducted in an exemplary manner. In Cuba the management had been in the hands of an expert postoffice employee, and it was supposed there could be nothing wrong there. The situations in Porto Rico and Cuba up to the beginning of this month were precisely the same, but in the case of the former both the military and postal authorities had been honest.

ARRESTS AT HAVANA.

Postal Fraud Suspects Taken In. Postmaster Thompson Relieved.

HAVANA, May 15.—The extent of the postal frauds is far greater than what was originally expected. Besides taking in the postal department the frauds seem to include the local office at Havana and various other offices throughout the island and also to have extended to outside points which have been used for the sale of some of the old issue of stamps that were ordered destroyed.

The result of the investigation at the local postoffice is the suspension of Postmaster Thompson, who was installed in April of last year. He will remain at his own house for the present. Moya and Mascaro, stamp sellers in the main office, have also been arrested, and further arrests are expected. As many as six others have been placed under the closest supervision, and they will be arrested as soon as their services can be spared. As a matter of fact, if they were all to be suddenly relieved of duty it would not be possible to carry on the postal department at Havana.

Every additional revelation increases the amazement of the Americans here. The Cubans seem to be immensely pleased. They declare that the Americans can no longer boast in Cuba of their superior honesty when in government employ.

It is reported that the postmaster at Baracoa will be suspended today. It is alleged that he is an agent of Neely and that he is interested with him in a cocoanut farm at that place. He is said to have drawn on Neely through the postoffice department for $2,500 before Neely left. The order arrived here after Neely's departure, and this led to a disclosure of their relations.

A Carload of Baby Shad.

ALBANY, May 15.—State Fish Culturist Cheney has received word from the United States fish commission that another carload of 2,500,000 shad fry would be delivered to the state forest, fish and game commission today. Under Mr. Cheney's direction the shad are to be dumped into the Hudson at Albany.

Coolies For Railway Construction.

NAGASAKI, May 15.—Russia has shipped 100,000 coolies from China to Manchuria to construct the railway to Port Arthur. The fortifications at Port Arthur are progressing rapidly, and the troops, ammunition and supplies there far exceed the necessities of railway protection.

Tunnel Work Began.

NEW YORK, May 15.—The real work of digging the underground rapid transit tunnel began yesterday afternoon, when Corporation Counsel Whalen broke ground at One Hundred and Fifty-seventh street and Broadway. An elaborate programme marked the beginning of actual work.

BRIDGE WORK

in Dentistry is the best substitute for nature's work that can be done. Sound roots may be built up and crowned and thus fill up an unsightly space. It has to be made of a material that has strength and durability and one that will not discolor. Gold is the one that stands the test. That is the secret of the expense. But the advantages of a bridge over a plate are many times more than the cost of one compared to that of the other.

ST. LOUIS STRIKE SETTLED.

The Suburban Company Reaches an Agreement With Operatives.

ST. LOUIS, May 15.—There were important developments in the street car strike situation yesterday. At a conference held between the officials of the Suburban Railway company, the only system in St. Louis not controlled by the St. Louis Transit company and on which a strike was inaugurated ten days prior to that declared on the transit system, and the employees of that road an amicable adjustment was effected, and the men will return to work at once. On just what basis the strike was settled cannot be learned, but it can be positively stated that the union received full recognition.

In many quarters it is figured that the settlement of the strike on the Suburban presages an adjustment of the difficulties between the transit company and its 3,600 striking employees in the near future. In fact, it is learned that at a conference held in the afternoon of the officials of the transit company, the chairman of the employees' grievance committee and some of the members of the citizens' committee matters were adjusting themselves for a settlement of the difficulties when a member of the citizens' committee injected into the proceedings a proposition of such a character that the discussion was brought to a close with matters no nearer a settlement than before. It is thought, however, that a future meeting of the same parties will result in establishing a basis for the settlement of the strike.

Nearly 50 shots were fired in an encounter between guards and wire cutters near Brentwood, on the Meranac division of the Suburban road, yesterday afternoon. The fight was a quarter of a mile from the Brentwood power house. Four guards saw two men on foot and one on horseback moving along the tracks. One began climbing a wooden trolley pole. He carried a pair of shears. The guards opened at the climber, who slid to the ground. The three men returned the shots and fled. Fire was kept up by the guards as long as the marauders were in sight, but no one was wounded.

CONDENSED DISPATCHES.

Secretary Chamberlain introduced in the house of commons a bill to make Australia a federal commonwealth.

Hot weather prevailed in New York and vicinity, the thermometer in some cases registering as high as 94 degrees.

Rev. E. E. Patton made a sensational attack on churches and preachers from the stage of Burt's Opera House at Toledo.

A suit against the sugar trust at Trenton charged it with restraining trade illegally in an attempt to force the Arbuckle company to combine with it.

Charles H. Cole, former president of the Globe National bank of Boston, was sentenced to eight years in jail for misappropriation of funds.

A Beckham Militiaman Shot.

FRANKFORT, Ky., May 15.—Private Thomas Kane of Lexington was shot and instantly killed by Private James Robertson late yesterday. Both were members of the Beckham militia, and the shooting took place on the second floor of the courthouse, which is being used as an armory. Robertson claims that his gun was discharged accidentally. Kane was in an adjoining room lying on his cot, and the ball passed through a pine wall before striking him.

Foreign Crop Conditions.

LONDON, May 15.—The Mark Lane Express in its weekly review of the crop situation says: "The effects of the cold in England have been injurious to growing cereals, and the French fields are backward, but there is hope for nearly the average yield. In Austria-Hungary the warm, wet weather is expected to put a new face on the winter sown wheat and rye. However, there will scarcely be a full crop. The Russian conditions are excellent."

Old Claims Revived.

WASHINGTON, May 15.—Solicitor General Richards, on behalf of the United States, has made motions in the supreme court for leave to institute actions in the court against the states of Louisiana, South Carolina, Florida and North Carolina. The cases all involve indebtedness to the United States on account of bonds issued prior to the war.

Wisconsin Town Burned.

MARINETTE, Wis., May 15.—The town of Fisher, 28 miles west of here, is in ruins, and 200 people are homeless. Every building in the town was burned yesterday except two dwellings, the railroad station and a store. The loss will aggregate more than $200,000, partially covered by insurance.

Bonds Exchanged.

WASHINGTON, May 15.—The amount of bonds so far exchanged at the treasury for the new 2 per cent consols of 1930 is $271,015,850, of which $52,452,650 was received from individuals and institutions other than national banks.

Kumassi Still Holds Out.

ACCRA, May 15.—Runners who arrived here report that Kumassi is still closely invested by the Ashantis, but that the garrison is holding out. The Adasis, neighboring tribes, threaten the Bekwais, who are loyal to the government.

Weather Probabilities.

Fair; continued warm, followed by thunderstorms; fresh south to west winds.

PRESIDENT BLAMED.

Methodist Conference Committee Adopts Resolutions.

THE ARMY CANTEEN LAW CONDEMNED

Temperance Enthusiasts Profess to Be Pained and Disappointed at McKinley's Course on the Canteen Saloon Evil.

CHICAGO, May 15.—The Methodist Episcopal general conference committee on temperance, of which Samuel Dickie of Michigan is chairman and of which Congressman M. N. Johnson of North Dakota, author and champion of the anti-canteen law, is a member, adopted resolutions yesterday which in the minds of a number of the committeemen at least is a direct slap at President McKinley because of his acquiescence in the decision of Attorney General Griggs declaring the law ineffective.

The resolutions are a portion of the report of a subcommittee into whose hands the task of preparing the committee's report to the general conference had been placed and was adopted in the face of a motion to substitute for it a minority report from Dr. Jacob E. Price of the New York conference after a two hours' debate, in which the members alternately arraigned and championed President McKinley in his stand on the anticanteen law. The report read as follows:

"We are, however, chagrined, humiliated and exasperated by the puerile and absurd construction placed upon the anti-canteen law, so called, by the attorney general of the United States, and with all due respect to his exalted station we record the fact that we are pained and disappointed at the course of the president in accepting as final and satisfactory an opinion without binding force. Such an abuse of power is nullification in its most dangerous form.

"Upon the president, as commander in chief of our army, rests the responsibility for the canteen saloon, an evil which he has ample power to suppress and which, to quote the episcopal address, 'is a more deadly foe to the soldier than bullet or tropic heat.'

"We urge upon the president an early exercise of the power vested in him to the end that the authority of the government instead of being used to place temptation before the soldier shall be used to save him as far as possible from the moral hazards incident to military life."

While, because of an oversight on the part of the secretary, this report was not signed, Chairman Evans of the central Illinois conference stated that the following members had been favorable to the report: Chairman Evans, Professor J. W. Bashford, Cincinnati; Samuel Dickie, editor of The New Voice; Herbert T. Ames of the central Pennsylvania conference and Dr. George E. Stockwell of the Troy (N. Y.) conference. Delegate M. N. Johnson had objected to one of the sections of the general report concerning prohibition states, and Dr. Price had prepared a minority report on the three paragraphs referring to the president.

Switz Conde Sued.

NEW YORK, May 15.—Switz Conde, the millionaire manufacturer of Oswego, N. Y., was the defendant in a suit on trial before Justice McCarthy in the city court yesterday in which his former butler, John Pardi, seeks to recover $2,000 damages for alleged slander. The slander complained of occurred at Mr. Conde's New York city home on May 19, 1898. Several days previous to this a bag containing money and jewelry was missed by Mrs. Conde. Pardi was then summarily dismissed. When he demanded a reason, Mr. Conde is alleged to have said: "You had better bring Mrs. Conde's bag up stairs. You know that you have taken her bag with the money in it, and I want you to return it at once."

Governor Allen Not Coming.

WASHINGTON, May 15.—The navy department has been notified that the Dolphin, which sails this week from San Juan for New York, will have as passengers the wife and daughter of Governor Allen. The governor himself had intended to accompany his family to the United States, but finds it impossible to leave Porto Rico until the new secretary of state is installed and in position to assume the administration of the island's affairs during the temporary absence of the governor.

San Salvador Railroad Opened.

WASHINGTON, May 15.—United States Consul Jenkins, at San Salvador, informs the state department that the new railroad between San Salvador, Santa Ana and Acajutla has been formally opened. The first train to travel over the road was adorned with the national colors of Salvador, England and the United States. Consul Jenkins occupied a seat in the carriage of President Regalado and was the only foreign representative thus honored at the ceremony.

Vesuvius Again Lively.

ROME, May 15.—Mount Vesuvius is again in a state of eruption, and spectators are forbidden to approach within a certain distance. Signor Matteucci, professor of geology in the University of Naples, who is devoting himself to a study of volcanic action, had a narrow escape. He had received a special permit to approach the crater and was bruised and burned by a shower of incandescent stones.

Icehouses Struck by Lightning.

GARDINER, Me., May 15.—During a thunderstorm last night the icehouses below South Gardiner known as the Haley houses, but belonging to the American Ice company, were struck by lightning and totally destroyed. The buildings contained 60,000 tons of ice of this year's harvest, valued at $60,000, the buildings, tools and machinery being valued at $40,000. There is no insurance.

Careless Use of Matches.

CANAJOHARIE, N. Y., May 15.—Raymond, the 4-year-old grandson of Adam Jordan, a wealthy farmer living near Sharon Springs, set fire to the barn while playing with matches yesterday. The building was entirely consumed, with the contents, including a fine team of horses and several hogs. Mr. Jordan was badly burned while trying to rescue the horses.

Killed In a Stone Quarry.

ELMIRA, N. Y., May 15.—Maurice Powers was instantly killed in Shields' stone quarry at New Milford, Pa. A chain broke, letting a large stone fall upon him, crushing him to death.

Is it the Right Way?

It is creditable to New Jersey that an effort is to be made by her citizens to raise a sufficient sum of money to provide the battleship christened in honor of the name of this commonwealth with a silver service. But the manner in which the money is to be raised, as has been proposed, is causing some criticism of a severe nature. An example of it is found in the following editorial in the New York Tribune:

It is a good thing to have a new battleship. It is a good thing to call it the New Jersey. It is a good thing to present to it a fine silver service. It is a good thing to inculcate in the children of the public schools a patriotic spirit and an appreciation of the worth and necessity of the Navy. But it is not a good thing to transform the schools and school children into a vast canvassing, begging and collecting agency to raise money for a present to the battleship or for any other purpose. That is a perversion of the schools from their legitimate functions, and is the setting of a precedent which may lead to almost infinite mischief. With complaints on the one hand that scholars are being overworked, and on the other that they are being undertaught, it is little less than criminal to make further demands upon their strength and further reductions from their opportunities to learn by setting them at work at something which has no relation to their studies.

In the list of official papers made up by the Board of Freeholders to publish the proceedings of the county legislature during the year it is noticed that the Cranford Chronicle is omitted. There is an interesting story behind the cause for this ommission, which appears to be an attempt to pay off a political grudge at the expense of the Chronicle. The Chronicle has been severely critical of the record of former Freeholder George Littell during the past year, and it is alleged that the latter determined to get even with Editor Potter. Of course, Mr. Littell's fine hand has not been seen in the open, but it is noticed that he wears a serene and knowing smile nowadays. The inference is plain.

A quaint old proverb says: "Diligence is the mother of good success." The Philadelphia Record says: That this verbally redundant apothegm is true is proven every day in the experience of leading merchants. They are and have been diligent, enterprising, persistent. All these qualities are discernible in their advertising. They advertise always, and in consequence they are blessed with "good success."

The Rochester Union and Advertiser sarcastically says: "There have been heavy frosts in New Jersey this week, but it is confidently believed that the octopus crop, one of the great staples of that State, will be as large as usual."

PASSING COMMENT.

Things that Are Not Exactly News but Just as Interesting.

In view of the recent trouble over the frequent ringing of the borough fire alarm bell from unknown cause, it has occurred to a number of people that it would be well to have an expert put the system in first class working order. It is not only a source of trouble to the firemen to have the system thrown out, but it is a nuisance to others as well. Similar trouble would not be tolerated in this city very long and it should not be in the borough. A suggestion was made a few days ago that would obviate all further trouble along this line. It was suggested that a fire headquarters be established for both borough and city, and that the borough wires be connected with the steam fire gong. When an alarm of fire was sent in the person on duty at headquarters would receive it and then send it out to the various fire houses. This system is in operation in New York, and could be operated in Plainfield at an expense that would be comparatively light for borough and city. If the fire was in the borough the gong would tell the tale, and the same for the city. In this way neither department would be called unless they were wanted.

* * * * * *

In a certain section of the West End there are three houses which, to a stranger, are of no more interest than the hundreds of other dwellings in that part of the town. But to the well-informed resident of that section the houses are of more than passing interest. For the past five years the neighbors have carefully watched the tenants and the moment one moved out, which is very seldom, a score or more were ready to move in. And when one family gets in they would watch the other houses for a chance to get their relatives in. When a tenant moves in no questions are asked as to whether there is city water, baths, steam heat or any modern conveniences, but the prospective occupants run all risks of getting them. Most property owners would envy the landlord, but, on learning the facts of the case, they take a different view, and for this reason—he receives no rent. This seems very strange, but the explanation is simple. The houses were built by a man who has been dead six years. Now the houses are claimed by three parties, the dead man's heirs, a business firm to whom he was indebted and the city, which claims them for non-payment of taxes. The claims are in the courts and there is no prospect at present of their getting settled. In the meantime, however, the tenants pay no rent and so the contest goes merrily on.

"HER MAJESTY."

Given Its Initial Production, With Grace George in the Lead, in Music Hall Last Night.

William A. Brady's new romantic play depicting the fanciful adventures of the girl Queen of the mythical kingdom of Nordenmark, entitled "Her Majesty," dramatized from the novel of the same title by J. I. C. Clark, was given its initial production in Music Hall last night. The story is that of a tottering kingdom hemmed in on either side by Germany and Austria, and the people oppressed and taxed to excess to sustain the oligarchy which has fastened itself to the reign of the girl Queen. The material is excellent for many stirring dramatic situations. Miss Grace George was seen as "Honoria," the Queen, to splendid advantage. The role is especially fitted to her and she gave it a sympathetic and natural impersonation in all respects. Forrest Robinson gave a clever portrayal of the character of "Hugo, Count Waldock," who assumed the name of "Hillier" as a guise and went forth among the incensed people and finally, after braving many difficulties and passing through thrilling vicissitudes, rescued the country from the hands of the royal looters, during which he won the love and the hand of the Queen in marriage. As "Baron Hausman," the prime mover in the oligarcy, Charles C. Brandt acted the villian with fine appreciation of the character. Miss Mabel Strickland acted the adandon of the sewing girl "Lisa" with excellent judgment. The rest of the cast was portrayed with good ability. The piece was mounted scenically in a beautiful manner, Manager Brady having spared no expense to put in on with every artificial detail necessary to its successful presentation. It will open for a run of several weeks in New York in October. It is predicted that the failure of the "Countess Chiffon," in which Miss George was starred, will be more than offset by the favorable reception of "Her Majesty" when it is seen in the metropolis.

A Pleasant Time.

A sociable was given at Henry Windham's home last Friday evening and an enjoyable time spent. Those present were: Mrs. August Windham, Mrs. Dentz, Miss Carney, Miss Mamie Philpitt, Miss Bertha Philpitt, Miss Lou Windham, Augustin Windham, Franklin Dentz and A. Henricks.

DOES COFFEE AGREE WITH YOU?

If not, drink Grain-O—made from pure grains. A lady writes: "The first time I made Grain-O I did not like it but after using it for one week nothing would induce me to go back to coffee." It nourishes and feeds the system. The children can drink it freely with great benefit. It is the strengthening substance of pure grains. Get a package today from your grocer, follow the directions in making it and you will have a delicious and healthful table beverage for old and young. 15c. and 25c.

THINGS THAT INTEREST SCOTCH PLAINS AND DUNELLEN.

Brief and Terse Observations Gathered by Alert Press Reporters to be Perused at the Supper Table at Your Leisure

DUNELLEN.

(Special Correspondence to The Press.)

Dunellen, May 15.—Next Sunday night Rev. Henry Wood, State secretary of the National Temperance Society, will deliver an address in the First Baptist church, under the auspices of the Christian Endeavor Society. His subject will be "The Duty of the Hour, or the Church to the Rescue." Mr. Wood will also occupy the pulpit of the Presbyterian church Sunday morning.

A large cherry tree in front of the residence of Peter Schneiderwind toppled over from old age Saturday and nearly ruined the new painting that Peter had done on the building. The loss of the tree will be greatly felt as it was very valuable for its shade.

On account of having no spring vacation the New Market school will close June 14th, one week after School Day and one week before the closing of the Dunellen schools. An unusually large class will graduate this year.

The remarkable gathering of old people at the funeral of James M. Gaskill, Saturday, was very noticeable. There were nearly a dozen who have seen the allotted three score and ten.

The Christian Endeavor society of the Presbyterian church will visit the New Market Baptist society in a body next Sunday evening to hear the address by Henry Wood.

Mr. and Mrs. Isaac Giddis attended the graduating exercises of the New York College of Dentistry, last evening, at which Elmer Giddis received the title of D. D. S.

O. H. Day has commenced his duties as conductor on the 8:38 train. He succeeds Oscar Freeman, who has been promoted to another run.

Cards are out announcing the marriage of Miss Bertha Shepherd, of New Market, to William Voorhees, of Trenton on May 23d.

A ball team from the Fourth class of the Plainfield High School will play the Dunellen High School team tomorrow afternoon.

Rev. A. I. Martine, former pastor of the Presbyterian church, but now of Marlboro, was calling on friends in town yesterday.

Albert Randolph, of Washington avenue, is having the grade of the sidewalk lowered in front of his residence.

"Aunt Betsy's Parin Bee" will be given in the Presbyterian church Thursday evening.

Mrs. C. A. Uherly has returned to her home in Somerville after a pleasant visit in town.

Ferdinand Hock and wife, of Somerville, were visiting friends in town yesterday.

John Apgar is making extensive repairs about the property of Paul Reusch.

Arthur Tappan, of Piscataway, lost a valuable horse from lockjaw, Sunday.

A. C. Merril has returned from a visit to Belle Mead.

'PLAINS AND FANWOOD.

A number from the village attended the performance of "Her Majesty" in Music Hall, Plainfield, last evening.

The contract case of Powers against Cox, in Judge Schick's court, has been adjourned for one week.

Miss Minnie Hosinger has returned to her duties at Crosby & Hill's, Plainfield, after a week's illness.

Miss Lillian Hoyt, of Westfield, has been visiting at the home of friends in town.

Miss Nettie Reick was the guest of friends in Plainfield last evening.

SOMERVILLE.

(Special Correspondence to The Press.)

Somerville, May 15.—The Somerset Country Club has been making a few changes in the past week. Two Japanese waiters have been engaged for the season, and the dining room has been made larger.

Miss Ether Bond and Miss Florence Biesl, of Plainfield, is visiting Miss Dumont.

The case of Miss Evelyn W. Murray and James Henderson was adjourned until next Tuesday, May 22.

Julius Samsters, the obliging and pleasing waiter of the Kelly establishment, had the misfortune to smash his little finger last evening on the train.

WESTFIELD

(Special Correspondence to The Press.)

Westfield, May 15.—At the expiration of the present fiscal year an application will be made to the Postal Department for free postal delivery at Westfield. The receipts of the postoffice this year will exceed the $10,000 required for free delivery.

Friday night and last night some one broke a number of bottles in the county road between Garwood and Westfield. The result was that dozens of bicycles going over the road had their tires cut.

Bets are being offered that the census enumeration will show Westfield to have a population of 5,500 or over.

SOUTH PLAINFIELD.

(Special Correspondence to The Press.)

South Plainfield, May 15 — The Ladies' Aid Society will meet at Mrs. Jessie Dayton's Thursday afternoon.

All three of the new houses being built on Third street are rented, and there is quite a call for more.

Miss Anna Hamilton, of Fords Corner, visited her brother William, Sunday.

Mrs. Thomas VanNest, who has been quite ill with mumps, is recovering.

Dan Laing was able to go out riding yesterday after an illness.

married recently. Among the wedding gifts were five fish knives, seven lamps, nine clocks and six butter dishes. Next time why not give something useful—a cooking outfit? We have everything in the celebrated Imported Stransky Enameled Ware. These utensils last for years, are white inside, and stay white. Such a present is more highly prized than more expensive useless things. You needn't thank us for making the suggestion. Don't mention it. We are amply repaid when you buy the goods from us. Woodhull & Martin.

Broken Glass in the Streets.

Having partaken of the contents of a soda-water bottle, Richard Harding, colored, threw the bottle at some friends of his on the other side of East Second street last night. The bottle landed in the middle of the street and broke. Patrolman Myers was passing by and arrested Harding for throwing glass in the street. Harding was sadly worried in court this morning but Judge Runyon was disposed to be lenient and suspended sentence.

Old Engineer Resigns.

After having seen forty-three years of continuous service John McCall, of Dunellen, has resigned his position as engineer on the Central Railroad. Only one man in the company still living has exceeded him in point of service and he is "Pony" Moore, who still runs a Roselle drill. Mr. McCall ran the train for a long time, which leaves Plainfield at 5:35 a. m. for New York.

Aus der Rheinpfalz.

Speyer. Nach dem Geschäftsbericht für 1899 zeigen die Brutto-Einnahmen der Pfälzischen Eisenbahnen eine Mehrung gegen das Vorjahr von 835,340 Mark, woran der Güterverkehr mit 487,000 Mark und der Personenverkehr mit 314,408 Mark partizipirt.

Landau. Anhier wurde der Eisenbahner Ludwig Göller aus Reichshofen (Elsaß) als Deserteur beim 18. Infanterie-Regiment eingeliefert. Göller war im Jahre 1894 aus Furcht vor Strafe nach Frankreich geflüchtet und hatte fünf Jahre in der Fremdenlegion gedient.

Pirmasens. In Ruhbank bei Pirmasens hat der 23jährige Fabrikarbeiter Albert Wagner den Milchhändler Leibrock mit dem Beil erschlagen, als Leibrock mit seiner 17jährigen Tochter am Abend im Wirthshaus saß.

Württemberg.

Stuttgart. Die Frühjahrsausstellung des Württembergischen Gartenbauvereins in der Gewerbehalle wurde letzter Tage in Gegenwart des Königs und der Königin eröffnet.—Letzthin starb der bekannte Sozialdemokrat Georg Baßler, erst 43 Jahre alt. Er hat als Leiter des „Schwäbischen Wochenblattes" in der Zeit des Ausnahmegesetzes und als Organisator der Partei große Dienste geleistet.

Backnang. Der Polizeiwachtmeister Franz Fischer hatte im November v. J. das geschäftlich in Backnang weilende Gemeinderathsmitglied einer benachbarten Ortschaft völlig grundlos verhaftet und auf dem Wege zum Rathhaus mit Faustschlägen und Fußtritten traktirt, unter deren Nachwirkung der Mißhandelte zwei Wochen zu leiden hatte. Das Gericht verhängte über Fischer nunmehr eine Geldstrafe von 150 Mark. Der Oberstaatsanwalt hatte fünf Monate Gefängniß beantragt.

Hall. Hierorts ist der Pfarrer Faulhaber wegen schwindelhaften Bankerotts und Betruges zu 2½ Jahren Gefängniß verurtheilt worden.

Ludwigsburg. Jüngst sind aus Ortschaften hiesigen Bezirks 54 Personen nach der Provinz Posen ausgewandert, um sich in der schwäbischen Ansiedelung Dombrow im Bezirk Bromberg niederzulassen. Ein Drittel der Umzugskosten wird den Leuten ersetzt. Sie erhalten in der neuen Heimath 30 bis 80 Morgen arrondirte Güter und finden viele Landsleute dort, die ein schönes Auskommen haben.

Baden.

Karlsruhe. Für das hier zu errichtende Bismarck-Denkmal waren 14 Modelle eingegangen. Von diesen wurden vier mit je 750 Mark prämiirt. Verfertiger sind Franz Sieferle und Josef Asal, Bildhauer Professor Fridolin Dietsche, Bildhauer Christian Elsäßer und Bildhauer Professor S. F. Moest, sämmtlich in Karlsruhe. Auswärtige Bewerber waren ausgeschlossen.

Boll. Der frühere Pfarrer Blumhardt, der sich in jüngster Zeit zum sozialdemokratischen Agitator entwickelte, wurde für die bevorstehende Landtagswahl im Bezirk Göppingen als sozialdemokratischer Kandidat aufgestellt.

Ettlingen. Der „Badischer Landsmann" brachte unlängst folgende Warnung: „Ich warne jeden, meiner schon 17 Mal entlaufenen Frau Ida Schneider etwas auf meinen Namen zu borgen, weil ich für sie keine Zahlung mehr leiste. Leo Schneider, Ettlingen." Die Frau veröffentlichte dann in demselben Blatte die folgende Antwort: „Ich erkläre hiermit, daß ich schon acht Monate nicht mehr mit Leo Schneider hause und seither aus einer anständigen Schüssel esse und nicht aus dem Sautrog, wie er es mit mir im Sinne hatte. Ida Schneider, Ettlingen."

Heidelberg. Der Student der Medizin Karl aus Saargemünd gab in einem hiesigen Hotel zwei Revolverschüsse auf sich ab. Er wurde schwerverletzt in das akademische Krankenhaus aufgenommen.

Mannheim. Wegen Veruntreuungen zum Betrage von 21,000 Mark wurde der Filialleiter der Engelhardt'schen Tapetenfabrik, Friedrich Sattler, zu einem Jahr acht Monaten Gefängniß verurtheilt.

Elsaß-Lothringen.

Metz. Die hier von der Vereinigung der Sachsen und Thüringer in Gang gebrachte Bewegung zur Errichtung einer Bismarck-Säule ist zum Abschluß gelangt. Das Erinnerungszeichen wird nach einer Entscheidung des kommandirenden Generals Grafen Haeseler auf dem Berge Aufstellung finden, der die stolze Veste „St. Quentin" oder heute „Prinz Friedrich Karl" trägt.

St. Avold. Hier verübte der Lieutenant v. Pannewitz vom Infanterie-Regiment Nr. 173 Selbstmord, indem er sich in der Kaserne eine Kugel durch den Kopf schoß. Die Ursache der That ist unbekannt.

SUMMER SKIRTS.

Nothing Decidedly New in Shape to Be Expected.

The thinner the material used the ampler the folds are at the back of the skirt. Many gowns of sheer summer fabrics have the skirt carefully formed and shaped by insertions and bands of trimming, while the goods for the waist are in the piece, to be made up as desired.

Tunics will be worn all summer. They are long and are frequently finished with fringe. A plain skirt is more suitable for a young girl, however, although tunics are used occasionally in juvenile costumes.

Skirts with plaits in front have been attempted, but are not acceptable. It requires a very slender figure to look well in them. The front of the skirt is usually quite flat and plain. Just how long plaited and tucked skirts will be worn cannot at present be safely predicted, but certainly all summer, so it is safe to plan the warm weather wardrobe on that understanding.

BENGALINE GOWN.

The illustration shows a gown of pink bengaline. The skirt, which is plain in front, has three stitched plaits at each side and a watteau plait at the back. The bodice, tight fitting behind, has two plaits in front, which at the top form a sort of collar corded with black velvet. This collar is continued to the waist by fine plaitings of white crepe de chine with black velvet dots. The half length sleeves are of the same kind of crepe de chine, and have caps of pink bengaline, corded with black velvet. The plastron and collar are of puffed mousseline de sole. Gold buttons form the decoration, and a black velvet belt is worn. The leghorn hat has a twisted brim with pink azaleas under the left side. It is trimmed with black plumes and a jeweled buckle.

JUDIC CHOLLET.

VARIOUS NOTES.

The Attire of the Hostess Upon Reception Occasions.

The hostess, while dressing becomingly and appropriately, should never appear in such magnificence as to outshine her guests. A great deal of jewelry or an excessively elaborate toilet is out of place on the mistress of the house, in whom a tasteful simplicity shows the best breeding.

Costly materials and jewels have one serious drawback—that is, they increase the apparent age of the wearer unless she is really ripely mature. Their natural destination is the appareling of women past middle age.

The latest idea in long skirts is to have the train formed by a watteau plait.

A great many fichus are worn on low cut and high bodices. Mousseline de soie, crepe lisse, net gauze, liberty satin and muslin are all used. Some are shirred, others are draped, and nearly all are bordered with ruffles, plaitings, flutings or fringe.

SILK WRAP.

The illustration shows a summer cape of changeable silk. It is short, reaching only to the elbows, but has long ends in front. The silk is covered with a lattice work of narrow black velvet ribbon. A yoke is simulated by a bertha of black chantilly, and a ruffle of lace borders the cape, headed by a little puffing of black mousseline de soie. The ends are finished with deep ruffles of black lace, with a heading of the narrower lace, and a lace jabot ornaments the front. The collar is of black mousseline de soie.

JUDIC CHOLLET.

The Skirts and Bodices of the Spring Fashions

They Both Continue to Display Great Variety as the Season Advances

As the later spring fashions unfold the skirts continue to display the most variety. But there is in bodices also an infinite variety, but of all the bolero is, of course, predominant, and it appears in many diversities of shapes. But of them all the little short jacket, cut off more or less to show the undervest, is the general favorite. This class of jacket is often carried away from the front in a curve well above the waist, and then the vest is pouched. For the boleros that come squarely to the waist line a folded or even plain vest suits much better than the pouched ones that are worn with the rounded jackets.

OF OLD BLUE SILK POPLIN.

In belts there has been introduced from London drawing-room toilettes the swathed belt. It forms an attractive finish under a bolero with fringed sash ends falling usually at the left side.

The yoke of these vests has a portion beneath the bolero that is trimmed as well as that which the jacket does not cover. For these a shaped piece of lace is very popular with soft silk gathered into its edge, and ribbon velvet laid across in straps from the neck to the bust forms another good finish.

But aside from the jackets fitted bodices, too, have many admirers, but dressmakers have discouraged them to such an extent that nine out of ten of the new gowns are being made with some sort of a jacket. Still there are enough of the fitted bodices seen to warrant the assertion that the wearer of one is not entirely out of style, and, for that matter, it is rather hard to find anything that is really out of style at the present time, unless it is the big sleeves of a year or two ago or the plain skirts.

And now for the skirts of the day. If the bolero is the one thing that may be said to be absolutely correct for the corsage, the lack of variety is fully compensated for by the variety shown in the skirts. Yet even with the variety shown there is a predominating style, and that is the side plaited skirt, made with a plain front. This is the style that seems particularly suited to the soft clinging materials that are now in vogue, but to the economical woman it is not attractive because of the fact that a skirt made with these numerous side plaits can never be successfully reconstructed, as the plaiting spoils the material.

Another popular fancy in skirts are the ones that are made plain, with a fullness at the bottom given by the introduction of plaited pieces let in. These pieces make the skirt very full about the feet, but they are too tiresome to become popular as walking gowns.

OF GRAY SATIN FACED CLOTH.

Some novelties in color schemes are produced in a peculiar manner. Plain cloths of contrasting colors are selected and these are cut into strips two or three inches wide and then stitched together, alternating the tints, and the one just overlapping the next at the edge. This gives the effect of plaits without the weight that comes with the really plaited skirts, and is also interesting because of the possibilities in the color scheme.

I saw a gown made in this way a few days ago, the material being two shades of purple faced cloth. The corsage of this had a bolero of the darker shade strapped with pieces of the lighter shade, the jacket opening over a pale Parma satin vest worked in black chenille, and the whole finished by a swathed belt with ends of purple satin fringed with black chenille.

Another pretty gown that will be worn by one of the wealthy ladies of New York is of black cloth decoupe worked all over with chenille, the design including large openings, flower shaped, through which are seen lavender-colored raised floral embroideries. The skirt of this charming gown has the pieces inserted as described above, giving it the desired fullness about the feet, and the corsage is a bolero of Parma violet velvet, with vest of lavender silk, with black chenille embroideries on the sleeves and revers, corresponding to those on the skirt.

In still another charming gown the princess style is favored. In this the shape is formed by a series of tiny tucks passing from the bust to the knee, and graduated to the figure. For this gown the material is pearl gray voile. The lower part of the skirt is made plain in front after the tucks end and is embroidered in shades of gray, toning to pink. At the back the skirt is slightly draped under an art buckle.

A PRETTY BLACK AND WHITE CHECK.

A beautiful afternoon gown of old blue silk poplin is made with a skirt that fits snugly in front and at the sides with a double box plait at the back. There are four bias cut ruffles around the bottom, each one headed with ecru guipure insertion; they form a V at one side, the insertion extending to the waist. Underneath the pretty bolero is a vest of white silk which shows from beneath the rounded bolero of silk poplin, made with handsome applique.

A smart check gown in black and white cloth is made with a tight fitting bolero fastened down the front, over a white vest, with a silken cord. The skirt has side plaits at the back, and is cut in Vs around the bottom and laced with the silken cord.

An attractive afternoon walking suit is of gray satin-faced cloth. The skirt of this has a box plait in front, and side plaits stitched only half way, with a box plait at the back. A bolero jacket cut in deep Vs in front, and piped with green velvet, with strap piece to fasten at one side, and jeweled button to finish.

SARAH DAVIDSON.

The Sleeveless Jacket.

One of the very latest Paris fashions is the black silk bolero, or "sleeveless jacket"—very much the same style of "sleeveless jacket" that was worn by our grandmothers over some of their best muslin bodices. This jacket comes to the waist line at the back and slopes down longer at the front to form pointed corners and give the desirable long front line. There is a narrow collar and revers rolling back and leaving the jacket open all the way down the front. The smartest of these jackets are of heavy corded black silk with designs done in jet spangles. Others of them are trimmed with appliques and edged with narrow silk fringe. They will be worn over the sheerest of gowns or with black silk and crepe skirts topped with bodices of plaited chiffon or those of muslin and lace.—Detroit Free Press.

FACTS AND FANCIES FOR LADS AND LASSIES.

THE FLAG IN MANILA.

How the Stars and Stripes Is Saluted by Public School Children in the Philippines.

A signal is given by the principal of the school. Every student or pupil rises in his place. The flag is brought forward to the principal or teacher. While it is being brought from the flag the military salute is given, which is as follows:

The right hand is uplifted, palm downward to a line with the forehead close to it. While thus standing with the hand uplifted and in the attitude of salute, all the pupils repeat together, slowly and distinctly, the following pledge:

"I pledge allegiance to my flag and to the republic for which it stands. One nation indivisible, with liberty and justice for all."

At the words as pronounced in the pledge, "to my flag," each one extends the right hand gracefully, palm downward, toward the flag until the end of the pledge of affirmation. Then all hands drop to the side. The pupils, still standing, all sing in unison the song, "America:" "My country' tis of thee."

In the primary departments, where the children are very small, they are taught to repeat instead of the pledge as given to the older children:

"I give my hand, my head, my heart to my country; one country, one people, one flag."

In some schools the salute is given in silence as an act of reverence, unaccompanied by any pledge. At a signal, as the flag reaches its station, the right hand is raised, palm downward, to a horizontal position against the forehead and held there until the flag is dipped and returned to a vertical position. Then at a second signal the hand is dropped to the side and the pupil takes his seat.

Principals may adopt the "silent salute" for a daily exercise and the "pledge salute" for special occasions. —Manila Tribune.

LITTLE BOBBY'S WATCH.

He Was Very Proud of It at First, But Finally Concluded He Didn't Care for It.

When Uncle John came home from Europe what do you think he brought to Bobby? Why, a watch, a really truly watch that would keep time. Of course, as Bobby was only six years old he was rather young to take care of a nice watch like that, but Uncle John showed him how to wind it and set it, and so Bobby kept his watch in first rate order. But one day he noticed a speck of dirt on its face. "Ho, ho," said Bobby to himself, "I don't want my nice new watch to have a dirty face. I'll wash it."

So he went up in the bathroom and he put the watch in a bowl of warm water and rubbed plenty of soap on

HE PUT IT IN THE OVEN.

it. He even took a little brush and rubbed the inside works, so there shouldn't be a speck of dirt about it anywhere. Then he wiped it dry with a clean towel and put it back in his pocket.

Well, after that it didn't seem to go as well as usual, so Bobby decided it needed oiling. He got his mother's oil can from her sewing machine, and carefully oiled all the wheels of his watch. But still it didn't seem to go right.

Then Bobby happened to think that perhaps the weather was too cold for it, so he went out in the kitchen and put it in the oven for awhile. It got so hot he had to take it out with a pair of tongs, and then he put it out of doors in a big snowdrift to cool off. But, do you know, even after all that careful treatment that hateful old watch wouldn't go right, so Bobby gave it back to Uncle John and said he didn't care much for watches, anyway.—Pittsburgh Dispatch.

Burglars Down in Peru.

When a burglar wants to break into a Peruvian house he takes a sponge and a bucket of water and moistens the walls, which are covered with only a thin coating of mud, which easily dissolves upon the application of moisture.

GRACIOUS LITTLE BOY.

He Lives in Chicago, and Pretty Speeches and Sayings Come to Him Quite Naturally.

When that charming story of a delightful child, "Little Lord Fauntleroy," made its appearance many older readers said:

"Little Lord Fauntleroy is certainly the dearest little fellow in the world, but he isn't the least bit like any little boy I know. In fact, I don't believe any such gracious little boy exists outside of the pages of that book."

But there does exist such a gracious little boy, and he exists in the very heart of Chicago, according to a paper of that city. He is a typical little chip of a parental older block, and he seems to have acquired quite naturally the pretty ways and manners which distinguished his tactful father. The dear little fellow is scarcely three years old, yet he is gaining quite a reputation for pretty speeches that would not be disdained by many an older society man of Chicago.

Recently he was taken to visit his grandmother, an "old, old lady," who resided in the country, whose household was managed by a number of "old, old" servants. Such an environment was totally strange to the lit-

A PERFECT LITTLE GENTLEMAN.

tle boy, accustomed to the society of a number of sisters and brothers.

The unusual surroundings, however, did not appear to make much difference on the happy mind of the sturdy little fellow. He seemed equally at home with the old and young and equally contented with urban and suburban surroundings. Finally, it was resolved to put the little fellow, who was startlingly truthful, to the test, and the grandmother began the catechism one morning at breakfast while her grandchild was sampling the delights of eatmeal and cream.

"Which do you like best, Willie, my dear, living here in the country or living in the big city, where your father is?"

"I like it here best when I am here, grandma," returned the child, with a pretty smile, "but when I am back home in the city I like that best, too."

"Well," persisted the pleased grandmother, "but don't you miss all your little brothers and sisters and miss playing with them and with the little boys and girls next door? Wouldn't you rather be with them than with such a lot of old women as you see around here?"

Such a surprised face turned toward the speaker from the oatmeal bowl, while the tiny hand that held the spoon was allowed to drop unheeded on the table. Then a child's voice asked, wonderingly:

"Where are the old women, grandma?"

Broncho Bucks a Locomotive.

We expect to hear of a bull disputing the right of way with a locomotive, but a horse generally has more sense. However, this was a broncho horse in Colorado. He was wandering around in happy fashion and had crossed the railroad track, but, for some reason took a notion to return and use it as a promenade. Along came a train and the engine whistled a warning. Broncho trotted along a little faster, but declined to get off. The engine shrieked out fiercely, and this apparently angered the broncho, for he turned squarely around, and reared up as if to assault the locomotive. There can be only one ending to such a tale—he was knocked out in half a jiffy.

PORTO RICAN HOMES.

The Bohios of the Gibaros, or Peasants, Are Plain and Inexpensive Structures.

The gibaro's house costs him nothing but a little labor, and is mainly set up without nails or any furnishings whatever from the stores. The palms, growing everywhere in the country, says the New York Tribune, yield all necessary materials. For the simple utensils used in his domestic economy the householder goes to another tree, the calabash, the fruit of which is converted into vessels of various sizes, such as dishes and water bottles, plates and spoons, while the "yagua" of the royal palm furnishes tubs for washing

clothes in, cradles for the babies, wrappers for cigars, and all bundles that are to be kept dry, and even foundations for the rude beds which, when hammocks are not used, are spread upon the floor at night. From these two species (two palms, the royal and the cocoa) and the calabash, the Porto Rican obtains ample material for his house and its equipment.

This hut is called a "bohio," in contradistinction to the house of the town, which is usually built of stone, is much more pretentious and is known as the "casa." The word "bohio" is aboriginal, and was used by the natives of Hayti as well as those of Porto Rico, to designate a hut made of native materials peculiar to the country.

FOR ANTARCTIC SEAS.

Unique Ship Which Will Be Built for the Royal Geographical Society of England.

The task of designing a ship for the British expedition of 1901 was intrusted by the Royal Geographical society to a chief constructor for the admiralty, and the work of building will be committed to a Dundee company which has achieved great triumphs in the construction of whalers. She will be almost entirely of oak, and the wood is now being selected with special care. Her sheathing will be of greenheart, and, like the German vessel, she will be still further strengthened by interior bracing, to withstand the pressure of the ice, which is the most serious difficulty to be anticipated. The ship will be a trifle larger than that of the German expedition. Her length is to be

STRONG ENGLISH SHIP.
(Built Especially for Service in the Antarctic Seas.)

172 feet, her beam 33, and her draught 16. She will be bark rigged, and have engines of 450-horse power. Many features of the vessel will have special reference to the exceptional work to be undertaken. A powerful winch for operating the deep sea dredging apparatus will be provided. A magnetic observatory, with no iron or steel within 30 feet of it, will be established on board. There will be means of lifting the rudder and propeller when the heavy ice is encountered and for replacing them when the ship is again free. An asbestos cold proof lining for the deck and a huge felt blanket big enough to encompass the whole ship in case of wintering in the Antarctic are among the other novelties contemplated.

Statesman Instead of Soldier.

There is a remarkable document on file at the war department, the existence of which was unknown until a short time ago, when it was accidentally discovered. It is a letter written by Charles Pinckney Sumner to Philip Barbour, of Virginia, secretary of war under John Quincy Adams, asking for the appointment of his eldest son, Charles Sumner, to the military academy at West Point. The application was ignored. Charles Sumner went to Harvard university instead and died a senator of the United States.

Two Famous Women Gamblers.

Nell Gwynne, the actress, was probably the most famous woman gambler in English history. She lost upward of $300,000 in one year. The duchess of Mazarin, niece of the cardinal, who lost $5,000,000, died in want.

SPORTING.

ON THE DIAMOND

One of the baseball games that will attract much interest this season will be the match between the Plainfield letter-carriers and the carriers from Elizabeth which has been scheduled for the afternoon of Decoration Day. The game will be played on Martine Common. Last year the Plainfield carriers met the policemen in an exciting game. This year they are going outside the city to find opponents. Almost every day a few of them may be seen during their spare time practicing in the rear of the Babcock building.

GOLF

Aubrey C. Hull and W. J. R. Thiers, who finished respectively first and second in the kickers' handicap, which opened the season at the Park Golf Club, received their prizes last week. Hull received a Vardon driver and Thiers a Vardon medium iron.

Andrew D. Blair, professional of the Park Golf Club, is arranging an eighteen hole match with James Hunter, professional at the Baltusrol Golf Club, for the near future. They will probably play on the Baltusrol course. Another match between the two may be played here.

Next Saturday morning at 10 o'clock there will be play for the van Herwerden Cup. This is handicap play, ladies' competition, 18 holes, metal play, open to all ladies whether active, associate or Junior associate members. The final competition will take place October 27th, open only to those ladies who have made one or more wins for the same cup.

CONFIRMED BY BISHOP.

A Class of Four Candidates at St. Stephen's Church.

In S. Stephen's church Sunday afternoon, at 4:30 o'clock, the Right Reverend Bishop Scarborough administered the Sacrament of Confirmation to four candidates, three of whom are members of the vested choir. The organist, Miss Buckley, being detained at home by illness, Miss Lizzie Smith, sister of Mr. Wm. Palmer Smith, of Belvidere avenue, took her place and rendered most acceptable service.

The Bishop made a very stirring address to the class on the fact of the resurrection of Christ as the foundation ground of Christianity. The congregation was a good one for an afternoon.

Discharged Because of a Wreck.
(Special to The Daily Press.)

Philipsburg, May 15. — Gregory Carey and William Gross, employed as switchmen by the New Jersey Central Railroad, were yesterday discharged from the company's employ as a result of an investigation into the cause of the recent wreck here, in which Micheal McNally, of Philipsburg, lost his life. The men were blamed for negligence by the Coroner's jury.

Children as Witnesses

Maggie Benford and three little children appeared before City Judge Runyon this morning. Maggie was there to answer the charge of disturbing the peace of Paradise Alley, preferred by her neighbor, James Harden. The children were Maggie's witnesses. They all declared that Harden started the trouble, so the Judge suspended sentence.

No Fire After All.

A still alarm was sent in to fire headquarters yesterday afternoon at 2:35 o'clock from the residence of Jules Erickson, 940 Central avenue. The house was filled with smoke. It was found to come from rubbish burning in the ash flue.

FIREMEN BURNED.

Explosion of Gasolene and Kerosene in Storehouse at Raritan This Morning.

(Special to The Daily Press.)

Somerville, May 15.—A fire broke out at 7:45 o'clock this morning in Wyckoff's storehouse on Thompson street, Raritan, where a large quantity of gasoline and kerosene was stored. A still alarm was sent to Relief Hose Company, and they responded quickly and soon had a stream of water on the fire. Albert Conine and A. J. Chamberlin were holding the nozzle, and they were very close to the fire when a terrifice explosion occurred. Both men were burned, but not seriously. Those who were near and saw the accident consider the escape of Conine and Chamberlin as remarkable. The total loss is about $500.

Reduced Rates to North Manchester, Ind., via Pennsylvania Railroad.

Death of Mrs. Ludlow.

Last evening news was received of the death of Mrs. L. Vernon Ludlow, youngest daughter of Mr. and Mrs. Theodore Allen, at her home in Peapack, Somerset county. A husband and little baby girl, two weeks old, are left to mourn the loss of a loving wife and mother. The funeral services will be held in the Reformed church, Peapack, tomorrow afternoon at 2:30 o'clock.

Death of an Old Man.

William Stine, aged 85 years, one of the best known of the older residents of the borough, died last evening at his home on Greenbrook road. He had been detained at home by illness for some time and his death was not unexpected. The funeral services will be held from the late residence next Thursday afternoon at 2:30 o'clock. Interment will be in Hillside cemetery.

Was Not Intoxicated.

M. R. Brown, who was one of the men in the runaway accident on Watchung avenue Saturday night as mentioned in yesterday's Press, states that neither he nor his friend were intoxicated, but that he had been on a long drive when he was thrown out and he was weak and dazed, giving the impression that he had been drinking.

An Orchestral Concert.

P. Ludwig Conde will give an orchestral concert at the German Reformed church Thursday, May 31st, for the benefit of the church. It will be a vocal and instrumental concert and among the artists who will appear are Louis Schnepel, the blind baritone; Fermin Ferrer, 'cello; Miss Virginia H. Ketcham, violinist.

Executor's Sale.

There will be an executor's sale of the valuable house and lot, 203 West Second street, late residence of Wm. C. Ayers, deceased, next Saturday afternoon at 3 o'clock. The size of the lot is 55 x 155, and the house, which contains ten rooms, is 26 x 45. The terms will be made known on day of sale. Samuel Ayers is executor of the estate.

Miss L. M. Leavy, assistant operator at the Western Union Telegraph Company's office, is ill at her home in Roselle, and her place is being filled by H. H. Kreiser, of Hammonton.

WILL NOT CALL ON THE QUEEN.

Gov. Voorhees Tells of His Plans While Abroad.

(Special to The Daily Press.)

Elizabeth, May 15—Gov. Voorhees laughed when asked by the reporters if he intended to call on Queen Victoria or Premier Salisbury while in England as some of the papers have reported.

"Why, I intend to make no official calls whatever on the other side," remarked the Governor, "as I go on the trip simply to recuperate my health, not for social enjoyment. When Mr. Bergen reach Southampton we will first see if there is any cablegram which might necessitate my immediate return, as there is no telling what may happen while I am on the ocean. If there is no message of this kind, then we will probable go to the Isle of Wight or the Isle of Jersey, in order to be in a quiet, secluded spot.

"We will visit London and perhaps take a short run over to Paris to look at the Exposition, but I expect to be back by June 10th at the latest. Mr. Bergen and myself have been forced to decline several kind offers of social entertainment in England solely because our trip is for health. It is in fact the ocean voyage which I look forward to as being the most beneficial part of my vacation."

To Use an Automobile.

The Mountain Park Inn management propose to be up-to-date in every detail this summer. The first step in that direction is announced in the purchase of an automobile, which will be used to carry passengers back and forth from the city to the inn. It will arrive in town in a few days.

Overcome by Gas.

DANSVILLE, N. Y., May 15.—H. L. Dillenbeck, sexton of Greenmont cemetery, Dansville, was overcome by gas in an old well near the cemetery dwelling yesterday and died before he could be rescued. A pipe had been driven for water in an old well, but it had tapped a gas vein. Mr. Dillenbeck was attempting to make a connection to this pipe, which was a few feet below the surface, to pipes leading to the house, when he was overcome by the gas and fell to the bottom of the old well, a distance of 15 feet. When taken out, he was dead.

Railroad Men Sightseeing.

BUFFALO, May 15.—A special train of six Pullman sleepers left Buffalo on the Lehigh Valley yesterday morning, containing General Passenger Agent Charles S. Lee and his subordinates and 200 invited western ticket agents. These agents will devote three days to pleasure seeking and sightseeing on the Lehigh Valley and in New York city.

NOTICE!

To enable us to make use of our old quarters in the Schepflin building for our weekly auction sales we concluded to make a change in the day. For about twelve years we held our auction sales every Friday afternoon, but when the silk mill started on the second floor, we were compelled to vacate the premises on account of the noise of the looms. The store being so well-adapted, however, for the auction business we re-leased it, and decided to hold our auction sales every Saturday afternoon at 2 o'clock in the future, the looms not being in operation at that time.

Thanking the public for their patronage in the past, we solicit a continuance of the same in the future.

AN IDEAL SERVICE FOR THE COMMUTERS

A Correspondent Suggests a New Schedule for the Central Railroad.

AN ACCOMMODATION TO ALL

SEVERAL EXPRESS TRAINS TO AND FROM NEW YORK WANTED.

A Way in Which the Fierce Competition Plainfield is to be Subjected to May be Overcome by the Railroad.

To the Editor of The Daily Press:—In view of the recent agitation for lower fares and improved train service from our city a few remarks from a commuter may be interesting and I therefore venture to state my ideas on this important subject, first qualifying them by saying that although the writer is a former railroad man of experience and knows many of the difficulties of the question from the railroad point of view he has ignored them in order that as a commuter he may give the fullest play to his wishes for an ideal train service without being trammelled by requirements which are necessarily involved in the operation of a large railroad.

By far the larger number of people who do business in New York are employed in a subordinate capacity and are required to be at their place of employment promptly at stated hours. Of these hours probably the most important, in point of numbers, is 7 a.m. Next in importance is 8 a. m., for wholesale, dry goods, department stores, etc. At 8:30 a. m. is a period of minor importance but at 9 a. m. is an hour when probably the greatest number of commuters to New York have to be in their places of business. At 9:30 for active brokers or 9:45 for others are important hours for commuters, but to men who arrive at their offices at this time of day there is probably not the need of being there to the minute that occurs in the case of the mechanic at 7 a. m., the salesman at 8 a. m., or the bank clerk at 9 a. m. In these latter cases the commuter who arrives 5 minutes after his fellows who live in New York city and who are sharp on time may receive a black mark or discredit for being late, which will work against him when the opportunity for promotion occurs, which will not be in the slightest degree his own fault but possibly, if not probably, from some fault or trouble of the railway company. I do not know how this can be obviated but it might be lessened and although the first cost to the railway company may be considerable yet in the end it should be very profitable.

In these times which threaten fierce competition for Plainfield, with the rapid transit road well under way in New York city; with the proposed tunnel of the Pennsylvania Railroad to New York and Brooklyn; with the Staten Island section of the city of New York clamoring for a free ferry because the Brooklynites have a free bridge, and with the new bridges over the East river, it seems to me that in about three years' time even the attractive commuters' train service suggested below will hardly succeed in keeping Plainfield in her present relative position.

First, to be of use to the few Plainfielders who may have to commence work at 7 a. m., a train should leave Plainfield at 6, reaching New York at 6:45. Similarly a train should leave at 7, arriving 7:45; 7:30, arriving 8:15; 7:55, arriving 8:40; 8:10, arriving 8:55; 8:30, arriving 9:15; 8:45, arriving 9:30. Returning 4:15 p. m. (for brokers), arriving 5 p. m.; 4:45 p. m. (for busier brokers), arriving 5:30; 5:15 p. m., 5:30 p. m., 5:45 p. m. and 6:15 p. m., respectfully arriving at 6, 6:15, 6:30 and 7 p. m. All these trains with no stop between Plainfield and Jersey City.

Second, that going into New York everything should be done to have a boat leave just about three minutes after the train has reached the station so there may be no unnecessary delay.

Third, the cost of commutation tickets should be $7.50 per month and the present changes in scale of rates abolished.

Fourth, that if it can be done without danger, and by agreement with the other railroad companies interested in such trains, a car for Plainfield should be slipped from the 4 p. m., 5 p. m., and 6 p. m. Philadelphia trains.

Apologizing to you for the length of this letter and to the railway company for the seeming impertinence of these suggestions, I remain,

A Sincere Well Wisher to Plainfield.

MASONS WERE IN CHARGE

IMPRESSIVE FUNERAL SERVICE OVER REMAINS OF E. C. MULFORD.

Rev. W. C. Snodgrass Conducted Services at the House—Beautiful Floral Tributes.

There was a large attendance of relatives and friends, including about forty members of Jerusalem Lodge, No. 26, F. and A. M., that attended the funeral services of the late Edward C. Mulford, held from the home, 403 East Fifth street, yesterday afternoon, at 3 o'clock.

Rev. Dr. W. C. Snodgrass, pastor of the First M. E. church, where the deceased was a member, conducted the services at the house. He read appropriate Scripture selections, after which he spoke at some lenghth, touching the life and character of the departed. He spoke of his devotion to his home, his church and his country. He dwelt upon his uprightness of character and how he was esteemed by his fellow-townsmen, with whom he had been associated for many years in both a public and private way. At the close of his remarks, Dr. Snodgrass offered a fervent prayer in which he remembered the bereaved members of the family and prayed that they might be sustained in their hour of grief by their Heavenly Father, who alone can give that health and strength needed.

There was a very beautiful display of floral tributes, including a pillow of white flowers with the square and compass in purple flowers, presented by Jerusalem Lodge, No. 26, F and A. M. There were also two wreaths, a harp, two pillows and a number of cut flowers and lilies, all of which were arranged about and upon the casket.

At the close of the service an opportunity was given those present to view the remains. They were then taken to Hillside cemetery. The members of Jerusalem Lodge formed on either side of the hearse, accompanying the remains to their last resting place. When the grave was reached the members of the lodge took charge of the services. The Lord's Prayer was recited by the chaplain of the lodge, Rev. George Hauser, which was followed by the impressive burial service of the fraternity, recited from memory by Past Master B. Frank Coriell. Rev. Mr. Hauser again offered prayer, after which Dr. Snodgrass pronounced the benediction.

The bearers were from Jerusalem Lodge, as follows: Calvin H. Rugg, Wm. J. Ford, Garret T. Dunham, Dr. H. H. Lowrie, Captain J. F. Hubbard and A. L. Force. The first four are Past Masters of the lodge.

PETITION IN BANKRUPTCY.

Dr. Rushmore Sets Forth That His Debts are $99,724.31 and the Assets $120,362.92.

(Special to The Daily Press.)

Trenton, May 16.—Edward Rushmore, of Plainfield, filed a petition in bankruptcy yesterday in the United States District Court, setting forth debts amounting to $99,724 31, and assets of $120,362 92. Of the latter $52,385 is claimed to be exempt under the law, being trust funds of the estates of Stephen and Edmund P. Rushmore, held by the petitioner. The petitioner is a practising physician of Plainfield, and engaged in the coal and lumber business, trading as Rushmore & Co. The debts are chiefly mortgages and amounts owing dealers.

Hasn't Been Here in Twenty-four Years.

John Heyser, of Danville, Ohio, spent Sunday at the home of Gus. Warden, Dunellen. It is his first visit to this part of New Jersey in over twenty-four years, at which time he lived with his parents at the Short Hills, near Dog Corners. Mr. Heyser has been railroading for several years and lost an arm during his service. He sees wonderful changes in Dunellen and Plainfield during the past twenty-four years.

Trolley Waiting Room.

Trolley passengers will soon have a place where they can sit down while waiting for cars at the Watchung aveuue switch. Through the efforts of the Board of Trade a waiting room is being placed in the store formerly occupied by Suhr, the barber. Comfortable seats are being put in the store and it will probably be ready by next week.

On Its New Foundation.

The Dyer house will be placed on its new foundation next Friday. It was successfully moved around the corner from Craig place into Grove street, and the men are now getting it into position to place on the foundation.

MUST PAY HIS BOARD.

Bound Brook Landlady Was Bound to Have Money From a Derelict Guest.

Edward W. Wire, an employe of the Bound Brook Electric Light Company, was brought before Justice Storms of New Market yesterday on complaint of Mrs. Willis, of Greenbrook, for obtaining money under false pretenses. Mrs. Willis, who is a boarding-house keeper, and with whom Wire boarded, says that he did not pay her any board for four weeks, giving as an excuse that he had not received his money from the company. Becoming suspicious she inquired and found that he had gotten his money and accordingly had him brought before Justice Storms, who made him agree to pay future and back board.

A humorous side of the case was that Wire was arrested at Greenbrook by Constable Polhemus, of Lincoln, confined over night in the Dunellen jail and tried at New Market.

CLOSING OF BOYS' CLUB.

EXHIBITION OF WORK OF MEMBERS FOR THE YEAR.

Clubrooms Have Been Open 190 Nights and the Total Attendance Has Been 4,866.

The sixth annual exhibition of the Boys' Club was held last evening and was well attended by the friends and parents of the boys. Around the sides and in the center of the gymnasium and in the gallery were arranged the exhibits of the different classes, consisting of pattern-making, moulding, carpentering and mechanical drawings. Some of the models shown were worthy of older and more experienced hands and showed that a great deal of care had been taken in their make-up. Next season bookbinding will be taken up, and the carpentering class has made a number of well-constructed tools for the purpose.

During the season of '99-1900 the club has been open 199 nights with an aggregate attendance of 4,866.

The club will close Saturday and will reopen in September with the present superintendent, Olaf Saugstadt, in charge.

GOODBYS TO GOVERNOR.

Many Persons Wish Him a Pleasant Voyage—No Acting Governor Probable.

(Special to The Daily Press.)

Trenton, May 16.—The absence of Governor Voorhees from the country is going to be so brief that it is hardly likely that there will be an acting Governor in the interval. The Governor suggested to President Johnson of the Senate that he be sworn in as acting Governor, but Senator Johnson said it was unnecessary. Instead, probably at his own suggestion, he has been armed with a letter from Governor Voorhees formally announcing the latter's departure for Europe, etc. This is to pave the way for appointment as acting Governor should any emergency arise requiring his services in that capacity. A great many persons called upon the Governor yesterday to bid him goodby and wish him a safe journey and a good time.

Suit in Ejectment Begun
(Special to The Daily Press.)

Elizabeth, May 16.—An ejectment suit has been brought in the Union county Circuit Court by Nellie C. Sayre, of Springfield, against Susan Allen, of that township, to secure possession of a tract of land containing 66-100 of an acre, which is situated along the Shunpike road on the side of Springfield Mountain and near the Baltusrol Golf Club grounds. The plaintiff claims that her right to the possession of this property accrued on November 7th, 1896, and that the defendant since then has wrongfully deprived her of the possession of the same and she claims besides $500 damages. The defendant has put a counter-plea, in which she claims to the real owner of the disputed tract.

Need of a Truant Officer.

At the next regular meeting of the Plainfield Board of Education it is quite likely that the question of appointing a truant officer, to comply with the new State School Law, will be considered and made. There is a feeling among the members that this should be done, as almost every year the Board has trouble along this line which would be removed if such an officers is appointed.

Using an Old Switch.

The Plainfield Street Railway Company has taken up the switch on Grant avenue, and will place it on East Fifth street. The switch was of little use on Grant avenue, and will be far more important where it is destined to go.

WARM WAVE WANES; ONE VICTIM FOUND

Miss Bridget Landrigan Overcome by Heat on West Second Street Yesterday.

TAKEN HOME BY POLICE.

THERMOMETOR AT ITS HIGHEST YESTERDAY, REACHING 94°.

Three Days of Hot Weather Culminated Yesterday—Thunder Storms Last Night—Cooler Today—A Warm Wave Coming.

The apex of the warm wave was reached in Plainfield yesterday and today the worst of it is over. Before the period of unseasonable heat ended it secured one victim. Miss Bridget Landrigan, who lives in the Rogers building, West Second street, was overcome by the heat yesterday afternoon and was taken home by the police.

Miss Landrigan was about to enter the yard of Patrich Lynch, of West Second street, yesterday afternoon, when she staggered and fell to the ground unconcious. Some men were passing at the time and they carried her to the piazza where she was shortly revived. Police headquarters were notified. Chief Grant and Patrolman Mattox hurried to the place and took Miss Landrigan home in a hack. She had recovered sufficiently to be able to walk to her room. While she is weak today, it is believed that she will recover from the effects.

This warm wave has been quite unprecedented in the records of the weather bureau. It made its appearance here Sunday, when the thermometer registered 87 degrees. There was a scorchingly hot breeze that swept over the city and made the heat seem worse than it really was.

The warm wave began to get in its good work Monday when the thermometer hovered about 91 degrees for several hours during the afternoon. Yesterday it was hotter than ever and the despensers of cooling drinks found plenty of perspiring customers. According to Weather Observer Neagle's record the maximum temperature was 94 degrees. In the sun, however, it was still hotter.

Late in the afternoon threatening clouds gathered over the mountain and promised thunder storms. During the evening thunder and lightning were apparent signs that the storm was close at hand. It did not come until late at night, and then did not amount to much.

There was a marked improvement in the feeling of the air this morning, but it grew warmer as the sun rose well above the horizon. Clouds soon covered the sun, however, and those who had dressed for another day like yesterday began to feel chilly. The warm wave is evidently over, but the weather bureau tells of another that is on its way here from the west promising a return of the high temperature.

HOTEL BURNED.

"Pin Oaks Springs" in Ashes—Total Loss is $5,000.

(Special to The Daily Press.)

Somerville, May 16.—The summer hotel known as "Pin Oaks Springs," situated near Somerville, was totally destroyed by fire at 7 o'clock this morning. There were ten guests at the hotel, and they lost nearly all their baggage. The fire started in the kitchen. The building was owned by Mrs. J. H. Miller, of New York, and was managed by F. T. Galusha. The total loss is $5,000, partly covered by insurance.

Just Missed Him.

Michael Winn, who boards at McVey's, had a narrow escape last evening from a probable fractured skull. He was sitting in front of the hotel when some object whizzed past him and smashed with a loud report on the sidewalk, which could be heard for a block. It proved to be a large wine bottle which had been accidentally pushed off the sill of an upper window. Had it struck Mr. Winn it would undoubtedly have severely injured him.

Must Use Sprinklers in Regular Hours.

Officers of the Plainfield Water Supply Company are keeping their eyes on persons who use lawn sprinklers. There are regular hours for the use of them and if people persist in violating the rule, they may have occasion to remember it.

May Queen Tableaux.

A SERIOUS CHARGE.

Italian Arrested and Arraigned in Scotch Plains Accused of Criminal Assault.

Dominico Volerdo, an Italian living in the Italian colony at the corner of North avenue and Terrill road, was arrested last night and taken before Justice Schick at Scotch Plains, charged with criminal assault upon Patti Pastoral, the eight-year-old niece of Dominic Nagle, of Netherwood. The alleged offense was committed yesterday. The warrant was given to Constable Allen to serve. When he arrived at the Italian colony there was intense excitement and an effort was made to prevent the arrest of Volendo, but after displaying a little diplomacy the constable was able to induce his prisoner to accompany him to Justice Schick's court without overpowering him. The Justice remanded the prisoner to the lockup to await an examination to be held this afternoon.

AFTER CHANCERY CLERK

COMPLAINT AGAINST HIM TO BE FILED WITH CHANCELLOR.

It is Alleged That Carelessness Has Been Shown in Drawing Decrees.

Complaint is to be filed with Chancellor Magie against Clerk in Chancery Thompson and his subordinates. Judge Parker, of Jersey City, at the suggestion of Vice-Chancellor Pitney, is consulting lawyers with grievances and will prepare the formal complaint. It is alleged that carelessness has been shown in drawing decrees.

This course was decided on at the session in the Chancery Chambers in Jersey City yesterday. Counsel for the holder of a third mortgage protested against his client being overlooked in a decree in a foreclosure proceeding. During a discussion it was charged that this is a frequent occurrence, and Vice-Chancellr Pitney joined in the criticism and said that decrees had been altered. He cited an instance where $75 had been allowed to counsel for special reasons and when the decree came back signed the amount had been reduced to $10, the usual fee. He expressed the wish that members of the bar would present a formal complaint to the Chancellor for investigation, and requested Judge Parker to consult the leading lawyers. Judge Parker accepted the task and has secured many signatures.

THOMAS G. RYDER DEAD.

A Popular Young Man—Remains Sent to Home of Relatives in Canada.

Thomas G. Ryder, who has been seriously ill with pneumonia at the City Hotel for the past ten days, died last night. He was twenty-six years of age, and had lived in Plainfield for the past three years, during which time he has been employed in the dry-goods stores of Lederer, Crosby & Hill and Boehm, having been connected with the latter for the past year.

Mr. Ryder has made many friends since his residence in Plainfield. He was quiet and unassuming in manner, and by steady and industrous occupation had made himself a valuable assistant for his employers.

He came from Acton, Canada, where his relatives reside. The remains were sent to Acton this afternoon, where they will be interred. They are accompanied by his mother and brother, who arrived in Plainfield Sunday.

Choice Building Lots.

Choice building lots in Westfield are offered for sale by the Garwood Land and Improvement Company. The company has laid out its tract of land between South and Central avenues, and it is offering them for sale very cheap. Prices range from $100 and upwards per lot. Terms reasonable. Persons purchasing will have the benefit of sewer, city water and electric light. Any further information can be secured from F. W. Morse, Garwood, N. J. His telephone number is 18 Westfield.

A New Industry.

The Columbia Tool Company, of New York, has rented the old Nightingale factory, corner of Washington and East Fourth streets, through the agency of J. T. Vail. The building is now being renovated and put in order for immediate occupancy.

THE SCHOOL OF METHODS

W. C. T. U. WORKERS MET IN SCOTCH PLAINS YESTERDAY.

Interesting Points on Temperance Work Made by the Delegates Who Attended.

(Special to The Daily Press.)

Scotch Plains, May 16.—The annual meeting of the Union County W. C. T. U. School of Methods, held in the Baptist church yesterday, was a very successful and profitable gathering. The day was an ideal one for such a gathering and the attendance was one of the largest in the history of the school. The business of the day was divided into three sessions.

The morning session was opened at 10 a. m. with devotional exercises led by Mrs. C. M. Anderson, of Westfield. Then came the report of the secretary, which was followed by the appointment of committees. At 10:30 a very interesting address upon the "Responsibility of Motherhood," by Mrs. T. W. Powell, of Plainfield, was listened to. At 11:30 a Bible reading by Miss Anna Ramsey, of Plainfield, was held. At 12 o'clock a noontide prayer was offered, after which the ladies adjourned to the cooler parts of the shady lawn to enjoy their box lunches.

The afternoon session opened at 2 o'clock with devotional exercises led by Mrs. W. Vigelius, of Cranford. "W. C. T. U. Catechism" was the interesting subject assigned to Miss E. L. Starr, of Westfield. This was followed by an interesting address by Rev G. M. Shott, pastor of the church. Mr. Shott confined his remarks to the recent work which has been inaugurated in the town, and of the result. At 3 o'clock special children's exercises were held, being led by Miss S. J. Keron, of Elizabeth. Miss Emma Bourne followed with the annual question box, and a great deal of interesting information was derived from this pleasant way of uniting speaker and audience. After benediction the ladies adjourned to the parlors of the church, where the ladies of Scotch Plains had arranged a repast for their guests. The evening session was opened with singing, followed by devotions led by Rev. C. C. Woodruff, of the Methodist church. Rev. C. M. Anderson, of Westfield, the speaker of the evening, was then introduced and gave an interesting address on "The Christian View of the Liquor Traffic." A resolution condemning the use of the canteen in the army was passed unanimously. The school had for their guest during the day the State president of the W. C. T. U., Mrs. Emma Bourne, of Newark.

NEW TELEPHONE COMPANY.

Capitalized at $15,000, and Will Connect Plainfield With Suburban Towns.

(Special to The Daily Press.)

Elizabeth, May 16—The Plainfield Telephone Company filed articles of incorporation yesterday with the Clerk of Union county. The company is capitalized at $15,000, and will begin business with $5,000. Andrew Dingler, of Jersey City, controls 400 shares; Robert J. Emery, of Jersey City, fifty shares, and Henry F. Atkinson, of Red Bank, fifty shares. The shares are $100 each. The company is incorporated for twenty years. It intends to construct telegraph lines and do business in Plainfield, Fanwood, Netherwood, Dunellen, South Plainfield, North Plainfield and Piscataway township.

New Houses to be Built.

The large and handsome stone house corner of Hillside and Prospect avenues, owned by the estate of Alfred Streuli, is soon to be torn down and in its place will be erected two handsome houses of modern style and architecture. The house that now stands on the property was built twenty-five years ago by Wm. Flagg and has always been considered one of the finest residences in the city.

Fixing Up Putnam Avenue.

The residents along Putnam avenue are greatly rejoiced over the final arrival of the steam roller and Street Commissioner Gavett's men to repair that thoroughfare. It has been a long time since that street had any attention and it was in very bad condition since the street railway tracks have been laid there.

At a State Convention.

The State Exempt Firemen's Association is holding its annual session at Dover, Morris county, today. Among those from this city in attendance are E. M. Laing, W. A. Woodruff, Jacob Blimm, J. E. Flannery and Edward Vermeule.

Resolutions Honoring Mr. Cox.

In the Equity Division of the United States Circuit Court Monday appropriate resolutions in regard to the death of Rowland Cox were entered upon the minutes after eulogistic remarks by several members and Judge Lacombe.

COMING EVENTS AT PARK GOLF CLUB.

Schedule for this Season is Announced By the Green Committee.

WILL BEGIN SATURDAY NEXT

SEVERAL IMPORTANT CONTESTS TO LAST THROUGH THE SEASON.

The Green Committee Challenge Medal Will Decide Best Play in Club—President's and Hooley Cups Competed for Saturdays.

A very successful season is in prospect for the Park Golf Club this year. There is a remarkable increase of interest among the members in the ancient and royal game, while the green committee now announces a schedule of events for the season that promises lots of enjoyable sport. The chief features of the schedule are three competitions that will continue throughout the summer and autumn. While the links of the Park Golf Club were opened several weeks ago, and a "kickers'" handicap was held on the opening day, the active season at that club does not really begin until Saturday.

The special events scheduled for Saturday afternoon are a men's handicap competition, eighteen holes, medal play, and a ladies' handicap competition, nine holes, medal play. Suitable prizes will be offered. Fifteen entries in the former and eight entries in the latter will be required. Incidental to these events will be the play for the Green Committee Challenge Medal, a scratch competition designed to show the best play in the club. The trophy will go to the player making the lowest gross score for eighteen holes durduring the afternoon and will thereafter be open to challenge for any Saturday until the close of the season.

Challenges are to be played in the order of filing with the club expert or the green committee and the match may be played concurrently with any other competition, the scores counting in both events. Only those are eligible to challenge who have within one week of the time of challenging made, in competition, a score within ten strokes of the score made by the holder in taking the medal. A record will be kept of the number of wins for the trophy and the member credited with the most at the close of the season will become permanent owner of the medal. This event will probably be a regular feature of the Saturday afternoon play at the club links and promises to be of much interest.

The first preliminary round for the Charles Hyde Holiday Cup will be the attraction May 30th, Decoration Day, beginning at 9 o'clock. Preliminary rounds, handicap, eighteen holes, medal play, will be held Decoration Day, Labor Day and Election Day. The players making the four lowest average net scores in at least two of the preliminary rounds will be eligible to play in the semi-final round, match play, Thanksgiving Day morning. The winners of the semi-finals will meet on the afternoon of that day for the final round, match play, the cup to become the property of the winner.

Decoration Day afternoon there will be a mixed foursome handicap, nine holes, medal play, entries for which must be made a week in advance. Similar mixed foresome handicaps will be held on the afternoons of Labor Day, Election Day and Thanksgiving Day.

To begin play for the President's Cup, offered by Charles W. McCutchen, a men's handicap competition, eighteen holes, medal play, will be held Saturday afternoon, June 2d. The regular competitions for that trophy will then be held every Saturday afternoon until November 3d, inclusive. In each week's competition, including that of June 2d, the players making the three lowest net scores will be credited with points for the cup as follows: First, 3 points; second, 2 points; third, 1 point. The player having scored the greatest number of points during the season will become the holder of the cup for a year. The cup is to become the permanent property of any member winning it two consecutive years. The competitions will be similar to those for the McCutchen cup last year.

On the same day, June 2d, a ladies' handicap competition, nine holes, medal play, will be held to begin play for the Hooley cup, offered by E. S. Hooley. The weekly competitions for this trophy will be continued until July 14th, when play will be discontinued until Saturday, September 1st, when it will be resumed to end November 3d, inclusive. The conditions will be the same as those for the

WOMEN SAVED HISTORIC PLACE.

Barricks That Sheltered Heroes Will be Preserved.

(Special to The Daily Press.)

Trenton, May 16.—By selling the stones in its ancient walls for 10 cents apiece, the members of the local branch of the Daughters of the Revolution hope to save the building in which Washington's wounded soldiers were sheltered a century and a quarter ago.

The "barracks," as the building is called, are located on one of the streets near the heart of Trenton. The property has become valuable in the past ten years and recently the owner announced that he would tear down the "barracks" and erect on the site a modern building.

The Daughters of the Revolution protested, but the landlord was determined. He told the women, however, that he would give them six months' option on the property. They took it and immediately opened a rummage shop and offered to sell the stones in the wall of the building at 10 cents each, in the hope of raising money with which to buy the "barracks." Money has poured in upon them for a week and the "barracks" are saved. The fund amounts to several thousand dollars.

Teachers to be Taught.

The ninety-seventh regular meeting of the public school teachers of Union county will be held at Public School No. 2, Morrell street, Elizabeth, May 26th, at 9:30 a. m. The programme will include two addresses: "The Individual in Education," by Principal P. H. Smith, of Bayonne; "A Practical Talk on Reading," by Walter V. Holt, President of American School of Elocution, Brooklyn.

Old Cars Fixed Up.

Trolley passengers are almost deluded into the belief that the street railway has at last put on the long expected new summer cars, but they soon find out their mistake. The cars are the same old jolting, jarring ones that have been repainted and put through a general overhauling.

Fresh and Crisp Vegetables.

Housekeepers who are particular about the condition of the vegetables they use will find those we offer excellent.

The Cabbage, Lettuce, Asparagus and other green things are delightfully crisp and the Potatoes, Turnips, Beets, Onions, etc. sound clear through and of delicious flavor.

The prices, like the goods, are attractive.

Columbia Flour leads the world and is superior to all other, it has not been on the market for some time here in Plainfield for the reason that the price has been controlled by other parties and held very high. But you can obtain, now at very reasonable prices, this flour at any first-class grocery or at mill.

AN ORDINANCE

Concerning the Industrial Home, and the inmates thereof.

The Inhabitants of the City of Plainfield, by their Common Council, do enact as follows:

Section 1. That the Alms House of the City shall be known and designated as the City Industrial Home.

Section 2. That it shall be the duty of the Overseer of the Poor, and he is hereby authorized and empowered, to direct and assign the persons under his charge in the said Industrial Home to such employment or occupation as they may respectively be capable of pursuing, and especially to make such arrangments that all the labor in the said Industrial Home shall be accomplished by the inmates thereof, if consistent with their ability. To determine whether any inmate who alleges physical disability, infirmity or illness, as an excuse for failure to perform such labor as may be assigned to said inmate, is feigned or genuine, said Overseer may call to his aid the City Physician, whose duty it shall be to make examination in the premises, and report his conclusion to said Overseer.

Sec. 3. It shall be the duty of said Overseer of the Poor and the Superintendent and the Matron of said Industrial Home to carefully observe and strictly enforce the Rules and Regulations adopted by the Common Council from time to time, in relation to the government and discipline of the said Industrial Home.

BRITISH RELIEF COLUMN NOW DUE.

Transvaal Army Assembles Fifty Miles Beyond Kroonstadt — Many Free Staters Surrendering—The British Occupy Ladybrand.

LONDON, May 16.—"Food will last until about June 10" is the latest official word from Colonel Baden-Powell, the British commander at Mafeking, sent to Lord Roberts under date of May 7. Five days later the Boers attempted to storm the town, and it is possible that they succeeded, although nothing is known of the attack or of its results except through Pretoria sources, which have no countenance here.

The British relief column is due there now. Ten days ago General Snyman was having difficulty in keeping the burghers together owing to the approach of the British, and when the last dispatch left Mafeking on May 7 the Boers had killed on the previous day one of the horse guards and had captured several of Colonel Baden-Powell's few remaining horses.

Major F. D. Baillie has sent to The Morning Post from Mafeking, under date of May 7, this message:

"This morning the Boers attacked us. Result as usual. There is an aching void here. Pass the loaf."

The Transvaal army has taken a position at Blaauwbaschdoort pass, near Heilbron Road station, 50 miles north of Kroonstadt. Its rear guard is still holding the hills north of the Valsch river, while the Boer scouts are in touch with British reconnoitering parties 20 miles north of Kroonstadt.

The Boers have held a council of war at Lindley, and the British spies have learned that the Boers decided to hold Harrismith as long as possible.

Lord Roberts' infantry are still at Kroonstadt. The railway laborers are hard at work, and the engineers hope to have the line repaired within three days.

The prairie has put on a russet winter coat. The nights are bitterly cold, but the days are hot.

The Free Staters are surrendering in larger numbers than after the occupation of Bloemfontein. One officer of the Transvaal artillery says:

"There will be no serious fighting this side of Pretoria, as Bereeniging, on the Vaal, is indefensible. Heavy guns are being mounted at Pretoria, but Generals Botha and Limmer are agreed that ultimate success is impossible. President Kruger is obstinate, and a majority of the Transvaalers hold firmly with him."

It is estimated that the Transvaalers can still muster 30,000 men on the fighting line.

General Rundle and General Brabant are taking possession of the wide regions around Ladybrand almost without opposition. They find the country plentifully supplied with cattle, horse feed and flour General Rundle is reducing his transport and feeding his men and animals largely off the country. The Boers in that quarter surrender daily.

A dispatch to The Daily Mail from Lourenco Marques, dated Tuesday, says:

"There is now no doubt that there was desperate fighting at Mafeking Saturday, but it is believed to have gone in favor of the garrison. All that can be ascertained of a reliable character follows:

"The Boers, using artillery, attacked the town Saturday. Very soon the Kaffir location was in flames. Some say as the result of shell fire, others as the result of treachery. Fighting at close quarters became general, and in the midst of the confusion the Boers gained possession of the Kaffir location, from which point of vantage they brought guns to bear on the town at close range.

"By an adroit move the garrison, despite its attenuated numbers, succeeded in actually surrounding the party of Boers who had captured the Kaffir location. Severe fighting followed; but, according to the latest reports, the Boers still hold the location, in which they are probably surrounded.

"The truth is, I believe, that the Pretoria authorities, knowing of the progress of the relief column, gave orders to General Snyman to storm the place. As soon as the location was in flames Boer bulletins of victory were flying about everywhere to encourage the weak kneed burghers. Boers who came down here yesterday from Pretoria produced for the edification of incredulous Britishers two telegrams by officials, one of which was signed by Snyman and said, 'I was lucky enough to capture Baden-Powell with 900 this morning.'

"There is no doubt about the heavy fighting. A telegram from the Portuguese consul to the governor general here confirms this, and there is little doubt of the occupation of the Kaffir stadt. But similar telegrams were published at Pretoria about Ladysmith and quite recently about Wepener just before Colonel Dalgety was relieved."

The war office has received the following dispatch from General Buller, dated Dundee, at 1 p. m. yesterday:

"We have occupied Dundee. About 2,500 of the enemy left yesterday for Glencoe, where they entrained. Their wagons left yesterday by De Jager's drift and the Dannhauser road. Their Kaffirs said they were going to Laingsnek. Almost every house in Dundee is completely looted. The Navigation colliery is all right. The machinery of the Dundee collieries is destroyed. The houses of the town are damaged, but are structurally intact."

A dispatch from the Boer laager at Rietspruit, dated Thursday, May 10, via Kroonstadt, describing the Zand river fighting, says:

"A report was received last night that the British had crossed one of the lower drifts. At 6 this morning the first cannon shot proclaimed the opening of the battle. The British hosts could be seen advancing in solid masses. Their cavalry hung on our flanks. Their infantry were less easily discernible in the grass. The sky was clouded with smoke from the burning veldt.

"The fighting began at Philip Botha's position, above the railway bridge. A British field battery pushed across the river and bombarded the kopjes Philip Botha was holding so heavily that they appeared to be cloud capped from the bursting shrapnel. Under cover of this cannonade the British infantry advanced, but they met with so hot a reception that they had to retire."

The war office has received the following from Lord Roberts, dated Kroonstadt, May 15, 1 p. m.:

"Baden-Powell reports, under date of May 7, all going well. Fever is decreasing, the garrison is cheerful, and the food will last until about June 10."

Conflicting Stories From Mafeking.

LOURENCO MARQUES, May 16.—Telegrams received here report very heavy fighting at Mafeking. Pretoria reports that Mafeking has fallen, and the Netherlands Railway company has issued a statement that Colonel Baden-Powell has captured a large force of Boers. A war bulletin posted at Pretoria May 12 announced that the British were advancing to the relief of Mafeking.

BOER ENVOYS ARRIVE.

Welcomed to New York—The Object of Their Coming.

NEW YORK, May 16.—The Holland-American line steamship Maasdam, on which were the Boer envoys, otherwise known as peace commissioners, arrived yesterday at the company's pier in Hoboken, and the envoys were given a cordial welcome.

The envoys while in this country will

C. H. WESSELS.

be the guests of the National Boer Relief Fund association.

The envoys sailed from Rotterdam on May 3. Prior to their departure they outlined the plans and purposes of their visit here and authorized a statement which was in part as follows:

"We go to America to appeal to the government and people of the United States for their assistance to try to restore peace in South Africa.

"Our aim is to induce the nations to apply the principles enunciated at the peace conference.

"We considered that we could not do better than to proceed immediately to that people who a century ago passed successfully through the ordeal which we are now undergoing.

"We go prepared to make the truth known. We do not go to one party or the other. We go to tell the American people that we are prepared to place our case in their hands for their arbitration, so satisfied are we that we demand nothing that an impartial, freedom loving nation is not willing to grant.

"The English press teems with falsehoods by which it seeks to throw dust in the eyes of the American people. We are prepared to meet these falsehoods by asking the United States to judge between us."

Jersey's Governor Off For Europe.

TRENTON, May 16.—Governor Voorhees was at his desk at the statehouse early yesterday morning and was busy all day getting matters cleared up so that he could leave for a trip to Europe today. The governor had a conference with President William M. Johnson of the senate, who will be acting governor during Mr. Voorhees' absence from the state. Matters have been so arranged, however, that unless something unforeseen happens President Johnson will have no occasion to act.

A Ghastly Discovery.

PEORIA, Ills., May 16.—Mrs. Thomas Moser, wife of a farmer living three miles north of Tremont, Ills., and her four small children were found dead in their home yesterday. All had apparently been dead since Sunday. Their throats were cut from ear to ear. Moser has disappeared, but there is no evidence pointing to his having committed the crime.

Four Shot In St. Louis.

ST. LOUIS, May 16.—Four men were shot yesterday during encounters due to the efforts of the transit company to move its cars. Two of the victims were wounded while a mob was attacking cars manned by police, and the other two were shot, it is charged, by members of the crew in the company's repair wagon One man is probably fatally hurt.

CLARK YIELDS SEAT.

But Is Appointed by Montana's Acting Governor.

THE SENATE TAKEN BY SURPRISE.

The Montana Millionaire Makes an Intensely Earnest Defense—Sharply Arraigns Committee's Action. Daly Faction Denounced.

WASHINGTON, May 16.—Mr. Clark of Montana fairly swept the senate with surprise yesterday by a formal announcement that he had sent his resignation as senator to the governor of Montana.

The announcement came without previous notice, and probably not a half dozen persons in Washington knew that it was to be made. Mr. Clark struck just at the instant the iron was hottest. Mr. Chandler, chairman of the committee on privileges and elections, had given notice that at 1 o'clock he would call up for consideration the resolution unanimously reported from the committee declaring Mr. Clark not to be entitled to his seat in the senate. A spirited con-

SENATOR W. A. CLARK.

test over the resolution was expected. Every senator in the city was at his desk

At 12:30, just after the routine business was concluded, Mr. Clark quietly rose and addressed the chair. He desired, he said, in a low, tense voice, to address the senate on a question of privilege personal to himself. Instantly there was a buzz of expectation in the chamber. Senators from both sides of the main aisle hurried to seats near Mr. Clark, and a hush fell upon the assemblage as the Montana senator began to speak.

His address was a sharp arraignment of the committee's action and report, an analytical discussion of the evidence adduced at the investigation, an explanation of political and business affairs in Montana and a bitter excoriation of Marcus Daly and his friends.

As Mr. Clark adverted to his desire to hand down to his children a name untarnished even by the breath of disgrace tears welled to his eyes, and his voice trembled with emotion. He almost broke down. Then, bracing himself, he read the letter he had sent to the governor of Montana tendering his resignation. At the conclusion of the speech Mr. Clark became the center of a group of senators, all desirous of pressing his hand.

Very soon after the adjournment of the senate the news reached Washington and soon was communicated to most members of the senate that in the absence of Governor Smith of Montana in California Lieutenant Governor Spriggs had appointed Mr. Clark to be a senator in place of Clark, declared to be not elected. The news created an immediate sensation and is being discussed excitedly wherever men come together to talk over the matter.

Notwithstanding the evident feeling manifested by Mr. Clark in presenting the announcement of his resignation and his abandonment of his seat, the new complication of the case is not talked about with unvarying sympathy with the spirit of the ex-senator's farewell address. As one Republican senator said in discussing the matter with a group of friends, "I have been twice asked how much I supposed Governor Smith was paid to go away and how much the lieutenant governor was paid to make the appointment."

This state of feeling arises from the fact that Governor Smith, who is hostile to Clark, joined the remonstrants who asked the senate to refuse a seat to Clark because of the corruption practiced to secure his election. Smith came here to testify in the case, but in consequence of some peculiar circumstances attending his presence here it was considered best not to put him on the stand. He returned to Montana embittered toward Clark, and it has been understood that the chief reason for Clark's delay in resigning has been his knowledge that if he did resign the governor would appoint an opponent, possibly Marcus Daly, to succeed him.

Lieutenant Governor Spriggs, on the other hand, is a Clark man. He came here with the crowd of witnesses for Clark, lived at the hotel where the Clark witnesses spent the time while waiting to be heard by the committee on privileges and elections and labored early and late to produce a good impression for Clark. No one knows here how it happened that Smith should go away from Montana just at the time most desired by Clark and give Spriggs the chance to perform so important a service for his friend.

Royalty to Wed In July.

BRIDGE WORK
In Dentistry is the best substitute for nature's work that can be done. Sound roots may be built up and crowned and thus fill up an unsightly space. It has to be made of a material that has strength and durability and one that will not discolor. Gold is the one that stands the test. That is the secret of the expense. PASSING COMMENT.

Things that Are Not Exactly News but Just as Interesting.

John Taylor, the well-known colored vocalist and buck dancer, has been visiting his Plainfield friends for a few days. As he passed by a group of acquaintances, it brought to mind the story of John's experiences with a ghost while returning from South Plainfield late one night several years ago. John and "Skinny" Wilson had been out to a dance and were returning home considerably after midnight. They had heard the story that a ghost had been seen along the road, but Taylor had laughed at the idea. As they trudged sleepily along, Wilson spied a figure in the road ahead of them.

"John, John," he whispered, "What's that?"

John looked, but he knew there weren't any ghosts so he kept on.

"John, John," Skinny pleaded, "for de lawd's sake, John, what is it?"

The figure moved up the road towards them and passed into the field beside them.

"Go 'way you," sternly commanded Taylor. At the same time he picked up a stone and let drive at the figure. The stone passed right through it.

"Skinny," said the no longer doubting Taylor, "let's move." And they moved."

A LESSON IN VALUES.

DOLLAR for dollar, pound for pound, there is more in Ivory Soap than in any household soap. It is easy to find a cheap soap; but to find purity and low price in a single soap is not easy. They combine in Ivory Soap. You can afford to use it in the laundry; you can not afford *not* to use it elsewhere. It is vegetable-oil soap, in the cheapest form in which it can be procured. You pay nothing for a fancy box, wrapper or perfume. It is all in the soap! It floats.

SOME ARE HONEST.

Governor Wood Praises Cuban Postal Service.

DEPOSED POSTMASTER INDIGNANT.

Thompson Offers to Assist In Bringing the Guilty to Justice—Neely's Property to Be Seized—No Further Arrests Now.

HAVANA, May 16.—Governor General Wood, referring to the postal service of Cuba, says:

"Speaking generally, the postal service of the island of Cuba is in a high state of efficiency. The money order branch is especially useful, but all the branches have made good records. The service as a whole should not be blamed for the faults of a handful of rascals."

Mr. E. P. Thompson, the Havana postmaster, who has been suspended pending inquiry into the methods of the local office, is in the city, accompanied by a special agent, in whose charge Mr. Thompson has been placed. He is very indignant at the course taken with respect to him and says he has friends who will stand by him. He also declares that he has a clean ax with which to fight.

It is not asserted that Mr. Thompson has been guilty of fraud, but merely that the accounts of his office show a shortage of several thousands, which calls for an explanation. This is not yet forthcoming. He had a long talk with General Wood, the nature of which has not been made public beyond the fact that Mr. Thompson offered to assist in bringing all the guilty parties to justice.

The rumor circulated yesterday that the postmaster at Baracoa had been or would be arrested proves upon investigation to have been false. He is looked upon merely as a tool of Neely and as having acted innocently as the business agent of Neely at Baracoa, where he is in charge of Neely's coffee and cocoanut plantation. A special agent will arrive at Baracoa today with orders to institute a thorough investigation. He will also place a lien upon all of Neely's property there.

The Lucha, the Cubano and The Post are the only papers that say much regarding the postal frauds. The Post blames Mr. Rathbone for carelessness. The Lucha takes his part. The Cubano bitterly assails him for "his extravagant regime." The other journals scarcely allude to the matter editorially, merely giving an item or so each day and sometimes not doing even that.

General Wood does not desire as yet to make further arrests because of the necessity as the law stands to have a preliminary trial within 48 hours after an arrest.

House Presented to D. A. R.

HUDSON, N. Y., May 16.—Mrs. Marcellus Hartley of New York has presented to the Hendrick Hudson chapter, Daughters of the American Revolution, the home of her father, Robert Jenkins, the third mayor of Hudson. Through the generosity of Mrs. Hartley the place has been remodeled, and a hall capable of seating over 300 people has been added. It was in this hall that the presentation exercises took place. After the singing of "America" by the chapter choral club and an invocation by Rev. John Chester, D. D., of Washington, Dr. H. Lyle Smith made the introductory remarks. It was explained that it was through the influence of Dr. Smith's book, "Mary and I Go to Europe," that the attention of Mrs. Hartley was first directed to the Hendrick Hudson chapter.

No Change at Kumassi.

ACCRA, Gold Coast, May 16.—The situation is unchanged. It is said in official circles that the governor and commander in chief of the Gold Coast Colony, Sir Frederic Mitchell Hodgson, has announced his intention unless immediately relieved to make an attempt to rush the cordon. There are now 450 troops at Kumassi, 450 between Cape Coast and Prahsu and 500 on their way from Jebba. The disaffection is spreading among the northern tribes. Kings Tackie and Cudjoe of Accra have been approached by the Ashantis.

No Bishops Yet Chosen.

CHICAGO, May 16.—The election of bishops of the Methodist church has so far resulted in no choice. One ballot was taken yesterday, but none of the forty odd candidates received the necessary two-thirds vote required under the rules. The number of votes cast was 680, and it was predicted that a dozen ballots might have to be taken to secure the two bishops desired. The board of tellers closely guarded the result. Even the church leaders and candidates were denied the information they sought from the tellers.

Miners' Strikes Settled.

CALUMET, Mich., May 16.—The Arcadian copper miners who have been on strike have accepted an advance of $4 per month. The Osceola mine strike has also been settled, the trammers accepting a 5 per cent increase. The trammers at the Winthrop have struck. At the Quincy mine no settlement has yet been reached. It is believed that the demands for higher wages will be made consecutively at all the Lake Superior copper mines, employing in all 35,000 men.

Suspended Bank Resumes.

WASHINGTON, May 16.—The Canajoharie National bank of Canajoharie, N. Y., which suspended payment and was placed in the hands of a receiver Jan. 25, 1900, having complied with the conditions imposed by the comptroller of the currency precedent to its resumption and now being in a solvent condition, has been restored to the management of its officers and directors and permitted to resume business as an active national banking association.

Postmasters Appointed.

WASHINGTON, May 16.—The following fourth class postmasters have been appointed: Massachusetts—West Pittsfield, J. S. Hopkins. New Jersey—Cherry Hill, J. H. Weston. New York—Leek, J. Napier; Seneca, D. S. Allen. Pennsylvania—Eau Claire, G. H. Gibson; Norritonville, J. W. Zimmerman; Penn Valley, S. A. Lovett; Trout Run, F. P. Snyder.

Scalded While Cleaning Boiler.

NEW YORK, May 16.—Three men were so badly scalded by the bursting of a steam pipe in the Nicholas Chemical works at Laurel Hill, Queens county, that they probably will die. They are John Smith, 27 years of age; Patrick Higgins, 29 years old, and John O'Hara, 29 years old, all of Brooklyn borough.

PRESBYTERIANS GATHER.

One Hundred and Twelfth General Assembly Meets In St. Louis.

ST. LOUIS, May 16.—The advance guard of the one hundred and twelfth annual general assembly of the Presbyterian Church of North America, which will meet here tomorrow for a session lasting a week or more, has arrived. It is expected that at least 1,000 commissioners and delegates will be here tomorrow evening or Thursday morning.

Preliminary to the general assembly the national Presbyterian foreign missionary conference is in session at the Washington and Compton Avenue Presbyterian church.

This conference will last until a general assembly convenes, and the time will be taken up with a discussion of missions and the reception of reports. A number of missionaries from foreign lands are here to participate in the proceedings.

PLAINFIELD, N. J., MAY. 16, 1900

COMING EVENTS.

May 20—F. Nice, M. D., of New York city, will relate the story of his remarkable conversion at Y. M. C. A. Hall at 4:15. The violin solos will be a special feature.

By a vote of seven to four the Common Council has granted the application of John Mortimer for a wholesale liquor license. As was said in this column before the meeting of the Council Monday night, this action was to be expected. But that does not alter the fact that the Council has acted contrary to the wishes of a majority of the people and therefore inimitable to the public welfare. Mortimer was granted this license because a few influential politicians were back of him. The talk of another liquor store being necessary to the city—either on the presumption that there is so much trade in that business as to require it or that it is advantageous to break up an alleged monopoly of one dealer—is but a mere subterfuge to cover up the practices of the politicians who have taken a hand in the management of excise affairs in this city. Relieved of its political character and allowed to stand on its merits alone, no one would ever tilink of the Council granting such an application as that made by Mortimer.

The Democratic county committee of Union county met in Elizabeth last night and fixed Monday evening, May 28th, as the date for the primaries to be held throughout the county for the election of delegates to the State convention to be held in Trenton, May 31st. This will allow three days between the primaries and the convention so that a caucus of the delegates may be held if desired. Union county delegates will undoubtedly be as a unit in advocating the selection of James E. Martine as one of the delegates-at-large to go to the National convention.

THEATRICAL.

Current Dramatic Attractions That Plainfielders Can Witness.

The hot spell of weather being experienced just now is not very conducive to theatre or indoor amusement, but it is to be hoped that the general public will bear in mind the performance announced at Music Hall Friday night, which is set apart for the benefit of the young gentlemen who officiate as ushers of the house. The present corps are well spoken of by the regular patrons of the house and a little recognition of the courtesies and attention of these young men is appropriately deserved. They have secured the services of Mr. Wm. Barry, one of the best comedians of the country, who will appear in his new version of his father's popular play "The Rising Generation." The elder Barry and partner—the famous Hugh Fay—were, during their lifetime, considered the leading lights of refined Irish comedy. In the person of young Mr. Barry the critics, and press generally throughout the country, award to him the same honors and praise showered upon his talented father, and a performance of rare merit may be expected. A splendid supporting company including Mr. James H. Manning assist in the presentation of the play, which abounds in specialties of high order and refinement. Reserved seat tickets can now be secured at box office.

Trolley Poles Being Set.

The erection of the poles along the line of the Arlington avenue extension of the Plainfield Street Railway Company is now nearly completed. The holes have all been dug and the poles are now being set. Iron poles are used and they are placed every 125 feet. The company shows no disposition, however, to put the street back into proper shape for some time to come. The street is practically impassible.

To Leave Plainfield.

The friends of Rev. Dwight and family, of Rockview avenue, will be sorry to learn that they are going to leave Plainfield. They intend taking up their residence in New York in the fall.

Dr. Willis, of the west, has been visiting his father, J. V. N. Willis, of Prospect place.

RECEPTION FOR PASTOR.

PLEASANT AFFAIR FOR GRACE M. E. CHURCH MEMBERS.

In Honor of Return of Rev. G. W. Gardner—Gift of Sewing Machine to His Wife.

As a renewal of esteem and love, the members of Grace M. E. church gave their pastor, Rev. G. W. Gardner and his wife a reception in the church last evening. Mr. Gardner was returned to this church by the conference and the affair of last evening gave evidence of the appreciation of the people for this.

During the first part of the evening a short programme was presented, which opened with a violin solo by Dyckman Winckler, accompanied by Herbert Harold. Then vocal solos were given by Miss Alice Carroll and Miss Grace Carroll. This was followed by a reading from Longfellow by Miss Mabel Stevens. The last number was a vocal solo by Miss Edna Sebring. Each number was well received by hearty applause.

Following the entertainment a complete surprise was given Mrs. Gardner when John Valiant, superintendent of the Sunday-school, presented her, on behalf of the members of the church, with a handsome cabinet Demorest sewing machine. The useful gift was appreciated more than words would express, and the recipient will always remember the donors with the most kindly feeling.

Those present were then served with cooling refreshments, which were very acceptable. The committee in charge of the cake consisted of Mrs. John H. Carney, chairman; Mrs. Edward Sebring, Mrs. Roff and Mrs. Corra Ryno. The committee in charge of the lemonade was Mrs. Edward Vermeule, chairman; Mrs. Andrew Vanderbeek and Mrs. VanNest. Mrs. John Valiant was in charge of the entertainment and she was assisted by Mrs. Most.

EARLY INTELLIGENCE.

—Use Press want ads.

—The work of macadamizing Lincoln place is now well under way. The macadam will be laid from Somerset street to Grove street.

—The violin solos of Dr. Nice, who will speak at the Y. M. C. A. next Sunday, have been greatly enjoyed at the famous young people's meetings now being held in Ocean Grove.

—The popular summer corset sold by VanEmburgh at his low figures is just the article to wear this hot weather. Also Dr. Warner's rust-proof corset, warranted rust-proof.

—If you expect to buy an oil stove or refrigator, this is the kind of weather you need them. A. M. Griffen's advertisement today shows that he is selling the best in the line. Ask to see the quick-meal blue flame wickless, and the Eclipse, a cleanable refrigators. A special Wolff-American wheel for $25.

—One of the number of passenger engines being made at the Baldwin Locomotive Works for the New York Central Railroad, passed through Plainfield this morning for New York, where it will be transferred to the tracks of the above named road. This makes the fifth locomotive of the kind that has been shipped this way.

Funeral of Suicide Victim.

The funeral service over the remains of Martha Smith, who committed suicide Monday night, will be held from the Mt. Olive Baptist church tomorrow afternoon at 2:30 o'clock. They will be conducted by Rev. E. E. Jackson. The dead woman's sister, Hannah, arrived in town yesterday from New York, where she is employed.

Echoes of the Great Conference.

A very interesting meeting of the Volunteer League was held at the Y. M. C. A. last evening. Echoes from the recent Ecumenical conference were given by Mrs. W. D. Murray, E. R. Taylor and J. W. Gavett.

NOTICE!

To enable us to make use of our old quarters in the Schepflin building for our weekly auction sales we concluded to make a change in the day. For about twelve years we held our auction sales every Friday afternoon, but when the silk mill started on the second floor, we were compelled to vacate the premises on account of the noise of the looms. The store being so well-adapted, however, for the auction business we re-leased it, and decided to hold our auction sales every Saturday afternoon at 2 o'clock in the future, the looms not being in operation at that time.

Thanking the public for their patronage in the past, we solicit a continuance of the same in the future.

COMING EVENTS AT PARK GOLF CLUB

[CONTINUED FROM PAGE 1.]

president's cup. To insure this competion, five entries will be necessary.

Three handicap tournaments are scheduled for Saturday, June 19th. There will be a junior handicap competition, eighteen holes, medal play, in the morning. It will be open only to members under eighteen years of age. In the afternoon there will be a men's handicap competition, eighteen holes, medal play, also qualifying for the President's Cup, and a ladies' handicap competition, nine holes, medal play, also qualifying for the Hooley Cup. Three trial scores for handicapping will have to be handed in by competitors in each event by June 9th.

The members of the Hillside Tennis and Golf Club will be entertained July 4th, Independence Day. There will be a men's handicap competition, eighteen holes, medal play, open to members of both clubs. A banner will be given to the club represented by the winner.

In addition to the preliminary round for the Charles Hyde Holiday Cup and the mixed foursome handicap Labor Day, September 3d, there will also be an approach and putting contest in the afternoon at 4 o'clock.

For Election Day, November 6th, there will be the third preliminary round for the Hyde Cup, a mixed foursome handicap, a ladies' driving contest and a men's driving contest.

In all events competitors must play together, and those failing to turn in their scores will be debarred from future competitions.

THINGS THAT INTEREST SCOTCH PLAINS AND DUNELLEN

Brief and Terse Observations Gathered by Daily Press Reporters to be Perused at the Supper Table at Your Leisure

DUNELLEN.

(Special Correspondence to The Press.)

Dunellen, May 16—John Kennedy, of Front street, an employe of the Central Railroad, was accidentally struck on the arm with a maul, yesterday, while working on a bridge at Bound Brook. It was found on examination that the arm was broken just below the elbow.

The Ladies' Aid Society of the Presbyterian church will hold an ice cream and strawberry festival in the chapel next Tuesday evening, May 22d. Admission will be free, but strawberries, ice cream and cake will be on sale.

Jack LaRue, of the firm of M. D. Smalley & Co., sustained a very bad fall while wiring a house at Somerville yesterday. A badly sprained leg was the result and he will be laid up for some time.

Mr. and Mrs. Clarence Oakley, of New Brunswick, have returned home after a pleasant visit with Mrs. Oakley's parents, Mr. and Mrs. B. G. Swackhamer.

A horse belonging to Staats Titsworth, the milkman, ran away yesterday morning on Front street, but was caught before any damage resulted.

Mrs. H. L. Terry and daughter, Helen, of Westfield, visited Mrs. Terry's mother, Mrs. Emily Apgar, of Front street yesterday.

The Women's Christian Temperance Union attended the School of Methods held at Scotch Plains yesterday.

John Whitlock, of Front street, has resigned a position with J. A. Smith and brother, of Plainfield.

Advertised letters remain in the post office for T. A. McCarthy and Theodore Messiner.

Alock Harris and a party of friends spent last night fishing at Five Mile lock.

Mrs. Charles Wendell, of Bound Brook, visited friends in town yesterday.

Mrs. George Churchill is entertaining Mrs. Jennie Owens, of New York.

Walter Runyon was in Millstone Monday on business.

'PLAINS AND FANWOOD.

(Special Correspondence to The Press.)

Scotch Plains, May 16.—Rev. Mr. Doolittle and wife, of Dunellen, were the guests last night of Dr. and Mrs. James H. Parks at "Home Dawn."

Wm. VanWalkenburg, Wm. R. Stanbery, John Bornman, Randolph Drake and Edward L. Hand are delegates to the annual State Convention of the Exempt Firemen's Association being held at Dover today.

Some of the more venturesome youngsters in town enjoyed their first swim of the season yesterday afternoon. It is needless to say their temperatures were soon reduced by the cold plunge.

A large number of the wheelmen in town have caught the racing fever and journey out to the weekly meet at Vailsburg each Sunday.

Miss Emily Schreiner, who has been quite ill for a week, has recovered and returned to her position in Plainfield.

Roy Day has returned from a pleasant visit with his friend, Arthur Chapin, at Pompton, this State.

Mrs. John Marsh is entertaining Miss Emma Poole, of Plainfield, for a few days.

SOMERVILLE.

(Special Correspondence to The Press.)

Somerville, May 16—Agreeable to adjournment the Freeholders met at the bridge near the residence of Rev. Andrew J. Hageman, Roycefield. It was decided that a new bridge be built on the present site, the dimensions and character of the structure to be left to the discretion of the committee. It was carried. The committee appointed consists of Messrs. Everett, Orusen, VanCleef, Hoagland and Director Logan. It was moved that when the Board adjourn it be to meet in the township of Warren and view the road applied to be built under the State road aid act. The meeting will be held Tuesday, May 22d, at 10 o'clock a. m.

A very interesting case was tried yesterday in the court house between J. M. Wyckoff and D. N. Welsh, both of North Branch. Wyckoff owed ex-Sheriff Tunison a note for $40; also an account of $77.26. Welsh got an assignment of that claim. Then Wyckoff filed an offsent of $42 against the assigned claim of ex-Sheriff Tunison. The case was a much talked one in North Branch, people having taken sides. The jury, after listening to an impartial charge, brought in a verdict of $24 30 for Wyckoff. John A. Frech and James J. Bergen represented Wyckoff and D. H. Beekman represented Welsh.

Last evening about 11:30 a crowd of colored men gathered in Lottery Field and began to make things unpleasant for sleeping neighbors in that vicinity beating on a drum, singing and acting in a disorderly way. Officer Koch was telephoned for, and when he arrived on the scene the men scattered.

The cornice work and the roof of the Baptist church is being repaired and when it is completed it will make the church appear very pretty.

Ed. Thomas, one of Somerville's popular young men, expects to go to Newburgh, N. Y., on a fishing trip.

Dr. R. V. D. Totten is the proud father of a bouncing baby boy. The doctor is all smiles.

John A. Frich will go to Scranton next Tuesday where he will try an interesting case.

Company M., 2nd Reg., N. G. N. J., will have inspection Thursday night.

Miss Beattie, of Albany, is visiting Mrs. George L. Stevenson.

Oesterreich.

Wien. Für die Armen Wiens hat Frau Marie Dunba jüngsthin 10,000 Kronen geschenkt. Der verstorbene Privatier Ferdinand Zimmermann hinterließ für denselben Zweck 1000 Kronen. —Der Bezirksvorsteher und Landtagsabgeordnete Anton Baumann wurde von dem Todtengräbergehilfen Kakuska durch einen Revolverschuß schwer verletzt. Der Baumann begleitende städtische Ingenieur Nowak brach todt zusammen, wahrscheinlich in Folge der Nervenerschütterung über den Unfall. Kakuska verletzte sich darauf selbst leicht durch einen Schuß. Der Grund des Attentats ist, daß Kakuska die endgiltige Anstellung als Todtengräber nicht erhielt.

Budapest. Eine 70jährige Frau Namens Anna Barsay wurde hier zu Tode geprügelt. An der Leiche waren nicht weniger als 15 Rippenbrüche, ferner mehrere durch Schläge mit einem stumpfen Instrumente hervorgerufene Kontusionen konstatirbar. Die Polizei hat gegen jene Personen, die dieser bestialischen Grausamkeit verdächtig erscheinen, Untersuchung eingeleitet.

Fünfkirchen. Der Steuereinnehmer Bereghy, der seit 36 Jahren in Dienst stand, war nach Unterschlagung von Steuergeldern im Betrage von mehr als 12,000 Kronen verschwunden. Er wurde dann in einem Walde erhängt aufgefunden.

Innsbruck. Die Brennerbad-Gesellschaft beschloß, auf dem Brenner ein Hotel ersten Ranges um den Preis von 210,000 Gulden zu errichten.

Klausenburg. Der Oberlieutenant Jaksa Dembicky hatte einen Soldaten, weil dieser mit Berufung auf einen höheren Befehl einer Weisung des Oberlieutenants nicht nachkommen wollte, fürchterlich malträtirt, so daß der Mann zeitlebens ein Krüppel bleiben wird. Das Rauhbein wurde verhaftet.

Sosnowice. Als sich der preußische Staatsangehörige Oberhäuer Gillmeister an einem Abende auf dem Wege nach der Michaelgrube befand, wurde er von den ihm feindlich gesinnten Bergleuten Jakob Kray und Josef Kulik überfallen und mit Messerstichen im Gesicht und am Hinterkopfe so schwer verletzt, daß er alsbald seinen Geist aufgab. Als Leute nahten, flohen die Mörder. Sie wurden jedoch erkannt und durch die Landgendarmerie verhaftet.

Stannern. Bei einem hier ausgebrochenen Brande sind den Flammen 25 Häuser mit den Scheuern, Maschinen und landwirthschaftlichen Geräthen sowie einige Stück Rindvieh zum Opfer gefallen. Ein Schübling Namens Johann Tuma aus Pirnitz ist im Arrest erstickt. Kinder, welche mit Zündhölzchen spielten, hatten den Brand verursacht.

Steyr. Hierorts sind der Materialverwalter der Waffenfabrik, Gemeinderath Gustav Heyel, und der Kaufmann Paul Peterson wegen Verdachtes, Malversationen zum Nachtheile der Waffenfabrik verübt zu haben, verhaftet worden.

Temesvar. Der Kleinrichter der Gemeinde Szent Benedek, Andreas Hajdu, erschoß den Notar Ludwig Dosa, während dieser im Kreise seiner Familie beim Abendessen saß, durch einen von der Straße aus abgegebenen Schuß. Das Motiv war Rache.

Schweiz.

Bern. Der Bundesrath hat, an Stelle des krankheitshalber zurückgetretenen Obersten Rudolf, Oberstdivisionär Hungerbühler zum Waffenchef der Infanterie ernannt.—Ein Aufruf an die schweizerischen Frauenvereine, unterzeichnet von einer Anzahl Damen, verlangt Gründung einer Centralstelle der schweizerischen Frauenvereine zu folgenden Zwecken: Gegenseitige Anregung und bessere Verständigung unter einander, gemeinsames Vorgehen bei den eidgenössischen Behörden und angemessene Vertretung der Schweizerfrauen dem Ausland gegenüber.

Zürich. Wegen Betrugs und Unterschlagung im Betrage von 12,000 Francs hat die Polizei in Zürich gegen den von dort flüchtig gegangenen Kaufmann Albert Wilhelm aus Matten bei Interlaken Steckbrief erlassen.

Obwalden. Die jüngsthin vorgenommene kantonale Viehzählung ergab 344 Pferde, 5907 Kühe, 164 Stiere, 3308 Rinder, 2077 Kälber, 4142 Schweine, 1227 Schafe, 3596 Ziegen und 1471 Bienenfamilien.

Basel. Bei einer Vergnügungsfahrt der Baseler Wasserfahrvereine sank bei Augst ein sogenannter Weidling; drei Personen, Jean Peter, Franz Eisenmann und ein zufällig eingeladener Velofahrer ertranken.

Graubünden. Auf Ziteigl, einem Wallfahrtsort in der Gemeinde Salux, Oberhalbstein, soll eine Anlage für schweizerische Alpenflora in Angriff genommen werden. Der Zweck der neuen Anlage ist: 1. Erhaltung der Alpenflora. 2. Sammlung der Alpenpflanzen an einem Orte, so daß die schweizerische Alpenflora bei einem einmaligen Ausfluge in kurzer Zeit überblickt werden kann. 3. Ermöglichung eines genauen Studiums derselben. 4. Physiologische Versuche.

From the time I could remember my mother was a sufferer from dyspepsia and I went to either the doctor's for a prescription, or to a drug store for pepsin, on an average of twice a week up to the time I was twenty years of age. After I left home nearly every letter had some mention of the same old suffering. One day I sent her some

RIPANS TABULES

and her first letter of gratitude told me of how much better she felt, and a later one spoke of complete relief from dyspepsia of twenty-five years' standing. Ripans Tabules have made my mother feel better than she has since I can remember, and I believe they have lengthened a life that is dearest to me of all on earth.

JAPANESE SWORDS.

Intricate Process Through Which They Get Their Extremely Fine Temper.

Mr. Gilbertson gives some interesting details as to the process of manufacture of the celebrated Japanese sabers. The blades of these sabers, says the Scientific American, are formed of a metal prepared from magnetic iron ores and ferruginous sand. The steel is produced in the form of thin laminae, and the workman commences by fixing one of these to the end of an iron rod, which serves as a handle. To this are soldered other sheets until the mass has a width of two inches and a thickness of one-quarter to four-fifths of an inch. This bar, brought to a white heat, is doubled upon itself and hammered until it has taken its original dimensions. This process is repeated 15 times. Four similar bars are then soldered together, doubled upon themselves, resoldered and heated, this operation being repeated five times. By this process the superposed layers of metal become so thin that a saber is estimated to contain at least 1,000,000 sheets of metal. Sometimes alternate layers of iron and steel are soldered together, and thus the blade presents a veined appearance. When the blade is finished the surface is scraped and the end formed to receive the handle; it is then ground to shape. To finish the blade, it is covered with a mixture of clay, fine sand and powdered charcoal. Formerly the clay was taken from Mount Inari, and the workmen first went through a form of invocation to take the tutelary divinity, to ask permission to take the necessary material. When the layer is nearly dry an ornamental design is traced by short strokes, which penetrate to the surface of the metal. It is then heated over a fire arranged for the purpose, and when the proper temperature is reached, which can only be determined by long experience, the blade is plunged into a bath of water or oil. The saber is then sharpened, and for those of the best quality this operation is said to require 50 days' work.

HAVANA IN PARAGRAPHS.

Much Information About the Cuban City Contained in a Very Small Space.

Its houses are mostly one-story, a few two stories, and none more than three. Every house is built of brick or limestone and plastered on the outside and painted every imaginable color. The floors of marble or tile and tile roofed, and nearly all have columns in front. It is a city of columns and fantastic colors, says the Atlanta Journal.

Its streets are mostly narrow, about 16 to 20 feet wide, with sidewalks from 18 to 24 inches wide. Vehicles pass down one street and up another. Pedestrians walk down on one sidewalk and up the other. A few streets are broad and are traversed by horse cars; all others by one-horse hacks.

There are a great number of hacks, carts, horses, mules and oxen than in any other city of its size in the world, so it is said. Hack hire is the only cheap thing in Havana. You can ride anywhere in the city for 20 cents, either one or two persons.

Its street cars are of the primitive sort, drawn by three poor-looking ponies. The driver keeps busy lashing them with his whip. A company has the franchise to build electric lines, the material for which is now arriving in large quantities. Transportation is the chief discomfort of the city at present.

Milk is obtained from goats, she asses and cows. Herds of the two former are driven from house to house. Cow's milk is scarce and high, retailing at about one dollar per gallon.

TWO HEROIC WOMEN.

How They Rescued Lives During Disasters Among the Treacherous Waters of the Channel Islands.

BY ELIZA ARCHARD CONNER.

Mr. Gilbert Parker in his novel, "The Battle of the Strong," calls attention to the fact that on the map the island of Jersey in the English channel is shaped like a tiger, with its mouth open to tear and devour.

It is a fact that many a fair ship and blithe fishing boat have gone to their death in that yawning mouth. Beautiful and picturesque as they are, there is scarcely anywhere a spot more dangerous and treacherous for navigators than the coast of these same fair islands, with their sunken rocks and fogs, their racing high tides. Off Corbiere point, at the southwest corner of Jersey, the tide rushes in 40 feet high. Fierce winds sweep these rocky shores

"JUMP AND SAVE YOURSELF."

at times, and when high tide and strong wind race in toward the coast together the sight is one to make you breathe a prayer for all ships out at sea. Invisible undercurrents suck in and out among the great rocks, too, and lure vessels to their destruction.

During the past season two excursion steamers have been wrecked off the coast of these treacherously smiling Channel islands, first the Stella off the Alderney coast, then recently the Ibex off Guernsey. The two belonged to rival companies, so that one cannot taunt the other with its loss.

The Stella went down with a great load of tourists on board. Their bodies are still from time to time washed ashore among the islands. On the Ibex happily only two lives were lost. Both captains were blamed. He of the Stella, fortunately for his own good name and future peace of mind, went down with his ship and was drowned. The Ibex's captain lived and escaped to have his master's certificate taken from him and to be reduced for a time to the rank of first mate.

Of the men drowned on the Ibex one was lost through his own panic and wild terror. He was within four feet of rescue, but dared not let himself drop into the sea to be picked up by a boat. He was so near the boat that those within it could see the awful look in his face as the wreck went down and the waves swallowed it and him.

But it has never been mentioned in any newspaper that the two most heroic characters who shone forth clear and steady in those moments of wild affright and disaster on both the doomed vessels were in each case a woman and in each case the stewardess of the ship.

Each of them saved other lives at risk of her own. One literally gave up her own life for another's and went down with the ship when she might have escaped only for this sacrifice. The other lives and goes on with her duties as though nothing had happened out of the common, she, too, perhaps finally—who knows?—to find her grave among the foaming waters of the English channel.

The Stella stewardess was Mrs. Rogers. She had been on one of the lines between England and the Channel islands many years. She was a dignified, kindly woman, thoroughly attentive to the wants of passengers. Those who had occasion to cross by her ship came to know her well, to respect her for her fine qualities and to regard her more as a friend than as a mere stewardess.

It is nearly a year since the Stella was lost, a long time in the history of events that run, yet strangers hear often still in Jersey the name of Mrs. Rogers, coupled with lament for her loss.

Out of a steamer load of people on the Stella only 30 souls were saved, although it was broad daylight, 4 o'clock in the afternoon. The suddenness with which she struck and sank may be known from that. In the frantic haste and fear there was no time to buckle on life preservers even if these had been at hand when they were wanted. In any case, few frightened passengers have presence of mind to put them on. Mrs. Rogers, however, had secured one for herself and was on the point of fastening it about her preparatory to leaping into the sea. Just at this moment, however, a woman passenger, white, trembling and terrified, appeared before her. Undoubtedly 99 persons out of 100 would have kept the life preserver for themselves. Perhaps Mrs. Rogers might have done so if she had not been the steamer's stewardess. As it was, however, she hesitated not an instant, but pulled the life preserver from her own shoulders and buckled it around the despairing lady.

"Jump," she said, "and save yourself. Goodby, and God bless you!"

And those were the last words heard in this life from as brave and sweet a woman spirit as ever breathed. The lady was rescued. The last seen of Mrs. Rogers she was standing beside the captain of the Stella, and a moment later the sea swallowed them and the ship, and that was the end.

Greater love hath no man than this, that he giveth his life for his friend, but here was a woman who gave hers freely, cheerfully, for an utter stranger! What love can be greater than this?

The second trip after the Ibex disaster I went to England from Jersey in the steamer that had taken her place. With the instinct of grumpy persons who feel as if they had seen almost every phase of life and don't want to be bothered I wrapped myself in myself and said nothing to anybody.

I noticed, however, that the steamer's stewardess seemed an uncommon sort of woman for her place. She was a young woman, neatly, almost daintily, dressed and had a brisk blue eye that took in more at a glance than ordinary women do in five minutes. Her language was quite correct and refined too. I overheard her and the steward talking together about some money that had been lost, but again, with my weary of the world air, I paid no attention.

It never occurred to me that the two, steward and stewardess, were survivors of the awful Ibex wreck, that they were employees of the company and that their bread depended on their going straight on with the next steamer on her regular trip to England, for all the world as though nothing had happened overnight! Nerves are a luxury it is not for the like of them to indulge in. Yet these women who had been wrecked and lost all their belongings one day actually sailed on their regular trip next morning.

A passenger on the Ibex told me afterward the story of the wreck. From him and from several others I heard that the women passengers one and all displayed perfect coolness and self command, far more than the men. It was before daylight in the morning when the steamer struck. The passengers were in bed. They had not time to dress. One lady was lifted into a boat with a rubber rain coat around her and almost nothing else, yet it was more with the wintry cold than with fear that her teeth chattered as she intelligently obeyed every order issued by the ship's men.

A soldier's wife was on board with five little children, all in bed, like the other passengers. The ship sank within 15 minutes after she struck. Little time was there for anybody to think of anybody but himself. The distracted mother did her best to collect her little ones, yet at the last moment it was found that one was missing. The child was in its bed in the cabin. The cabin was fast filling with water. The ship might founder at any moment.

The Ibex stewardess, Miss Lowman, keen faced, clear eyed and cool as if she were on land instead of upon a

CARRIED THE LITTLE ONE UP TO SAFETY.

sinking ship, ran hither and thither, doing all that one brain and two hands might to relieve the situation. In an instant, learning that one child was missing from the count, she darted down the staircase, waded across the cabin through water already up to her knees and carried the little one up stairs and to safety. But for her it would undoubtedly have gone down with the ship, for there was none other to rescue it.

Then, when the passengers and crew were on deck, this splendid young woman stood quietly back till they were all loaded into the boats—every one. When all were in place, she and the captain of the Ibex climbed into one of the boats also and were rowed to shore Miss Lowman was the last person to leave the sinking ship except the captain.

MAGIC TEMPLE DOORS.

An Explanation of the Way in Which the Egyptian Priests Used to Fool the People.

The priests of ancient Egypt had a very simple method of imposing upon the credulity of the people. They were well acquainted with many laws of physics, and did not hesitate to employ them to mystify the people. When Hero, the Greek, who invented the first slot machine, was writing his book on natural laws, he included a drawing of the temple doors, which were opened as if by magic by the Egyptian priests. The altar stood outside of the temple itself, and it was by utilizing this altar that the doors of the temple opened, as if by the invisible touch of the god Apis, and the faithful were invited into the holy temple to complete their worship. How this was done is easy to see from Hero's diagram. Beneath the altar was the whole machinery. When the

A SECRET OF THE PRIESTS OF APIS.

fire was lighted on the altar it warmed the air in the tube running down to the vessel (H), almost full of water. The expansion of the heated air forced the water into the curved tube (KLM), transferring some of it to the vessel (X). This vessel was suspended by a chain, and as it filled with water the weight pulled on the chain, which was wrapped around pivots that moved the doors open. When the sacrifice was all over and the fire was quenched on the altar the air inside of it cooled, the water poured back into the vessel (H), emptying X, and the weight seen at the extreme right hand of the drawing pulled the pivots around so as to close the doors again. Of course none but the priests knew anything about the mechanism by which this marvelous opening and closing of the doors was accomplished, and it must have seemed a miracle to the gaping crowd of worshipers.—St. Louis Globe-Democrat.

TWO NEW INDUSTRIES.

The Manufacture of "Whalebone" from the Horns of Austrian Cattle and from Rattan.

Thirty or 40 years ago, when whalebone was abundant and cheap, it was extensively employed in making umbrellas, horsewhips and corsets. Slender strips of the same material were also used to stiffen the waists of ladies' dresses. To-day whalebone has practically disappeared from the market, and other materials are made to perform the old duties. A recent consular report from Austria declares that rattan is now introduced into the cheaper grade of corsets in that country, and also that an artificial whalebone is made there out of the horns of cattle. The annual output of this article is put at 176,000 pounds.

Two kinds of artificial whalebone are produced, one having a blond hue and the other black. The former is superior, and brings about 50 cents a pound, while the latter sells for about 25 cents. The blond variety is made out of the horns of Hungarian cattle, and these are marketed in a wet condition. The black variety comes from the horns of India cattle, and they are imported dry.

The horns are pressed between heavy and hot irons. The outer sides of the horns become more or less scorched, and slabs drawn from these outer surfaces are much inferior in quality to those taken from the center, which are the best and dearest. The bones are cut from six to 20 inches long and three-sixteenths to five-sixteenths of an inch broad. The lengths from 12 to 20 inches are those in demand for corsets. Large quantities of these bones also come from France, because the manufacture in Austria does not meet the demand.

Automobiles for Army Use.

The German reichstag has just voted an appropriation of $35,000 to the government for experiments in the employment of automobiles in the army. Some trials have already been made, but without having been sufficiently complete for the results to prove conclusive. A more exhaustive experiment may now be made in various military uses for these vehicles and principally for the transportation of supplies. It is highly possible that in a short time the system will be tried for moving heavy pieces of artillery. The German war ministry avails itself of every new scientific invention.

Right Eye Is the Stronger.

People are right or left eyed just as they are right or left handed, and just as the right hand is usually the more powerful, so is the right eye. Only one person in ten is left sighted. It is very probable that the use of weapons during countless ages has had something to do with the right eye's extra power.

Oil in Blast Furnaces.

Excellent results have been obtained with the use of oil in blast furnaces. It is interposed between the hot-air stoves and the tuyerers of the blast furnace. The oil is drawn by the blast into the furnace, where it increases the temperature and also facilitates the reduction of the ore.

HE PLAYED CRUSOE.

But Was Very Glad to Be Rescued by Capt. Tanner.

American Naval Officer's Strange Discovery on a Pacific Ocean Island —Castaway Preferred Captivity to Loneliness.

Out on the equatorial line, 600 miles west of Ecuador, in the Pacific ocean, on Floriana island, one of the Galapagos group, lives a modern Robinson Crusoe. An escaped convict, inured to the most rigorous life, Pedro Guaza became so overwrought through his solitery existence that when Capt. Z. L. Tanner, of the United States navy, retired, on a voyage of scientific inquiry, visited his sovereignty he rushed to the beach with his hands extended, waiting for the irons to be put upon them. He imagined his keepers had sent for him; he was ready to relinquish absolute freedom for companionship.

In narrating his landing on Floriana island Capt. Tanner says, in the New York World:

"We supposed Charles island, as the English call it, or Floriana island, as designated by the Ecuadorians, was entirely uninhabited. Indeed, we had not the slightest suspicion that a human being was present in the whole Galapagos archipelago, except on Chatham island; consequently we were surprised at the discovery of a solitary man—a veritable Robinson Crusoe.

"Pedro Guaza told his story. It was then something more than a year since he came from Chatham island with a party of orchilla pickers, and saw from day to day the deserted plantation, with its wealth of fruit, horses, cattle, mules, donkeys, goats and swine.

"'Why should not I remain and possess them?' he asked. When the par-

ty was ready to depart Pedro could not be found. After a futile search his companions departed.

"Guaza displayed good judgment in providing for his comfort and safety. He established himself in a small house near a spring of water at an elevation of about 500 feet above the sea, two miles from the landing place and an equal distance from the deserted plantation. It commanded a wide view, and all the animals within miles on every side came to the spring for water.

"His weapons were a strong knife and an ax. He constructed a blind over the spring, and, by lashing his knife to a pole, succeeding in spearing goats and pigs in plenty. He was compelled at first to bring his fruit from the plantation, but he soon made a lasso of goatskin and captured a couple of donkeys, which he trained as saddle and pack animals, and thenceforth rode to and from the estate with proper dignity.

"The wardrobe of Guaza became limited. He remedied this difficulty by simply disrobing. He stowed his one and only suit away, substituting for it the dressed skins of goats. The modern luxury of matches was beyond his reach, and he procured fire by the time-honored method of rubbing two sticks together.

"For awhile Guaza kept the record of time by marking the days on a stick, a large mark for Sunday; but, with his increasing prosperity, he became careless, soon losing all run of time; and, as the effect of utter loneliness increased, he imagined every day a week, the weeks months, the months years. The first questions he asked were: 'What year is it? What month?'"

Capt. Tanner said that Floriana island was formerly a convict settlement, as is Chatham island now. In the '70s the convicts rose in rebellion and killed their keepers. Seizing two schooners, they escaped by putting to sea, and have never been heard of since.

The plantation buildings crumbled into ruins. The fields became a wilderness. The fruit trees, although bearing heavily, were wild. Flocks and herds roamed at will. Wild dogs, made savage by hunger, preyed on the young and thus prevented the overpopulation of animal life.

This condition had existed for two decades when Pedro Guaza became reigning sovereign. The buildings, stained with blood from the convicts' crime of 20 years before, had decayed.

Railroad Accidents in 1899.

There were 2,431 train accidents in the United States in 1899, against 2,228 in 1898. The killed numbered 589 and the injured 2,061. This exceeds the total killed and wounded in the Philippines during the 18 months ended December 31, 1899, the excess in killed being 24 per cent. and in wounded 11 per cent.

SPORTING.

GOLF

The final options and leases have been secured for large tracts of land in the northwestern section of Summit that completed the most important preliminary to the formation of a golf club that is expected to prove even more successful than the long-established associations in this section of New Jersey. The land which will be utilized for the course at first comprises forty acres along Summit avenue and Morris Turnpike road, but options have been obtained on plots comprising about fifty acres more that can be used later. The work of surveying and laying out this land has been in progress for some weeks, but few were aware of the use to which it was to be put. The provisional course laid out is one of 2,700 yards, with the lance of the different holes varying from 210 to 243 yards. The grounds contain several natural hazards, brooks, a pond and a ravine, and golf experts have pronounced it admirably equipped for a course of nine holes. With the land on which options have been secured this could be increased to eighteen holes if desired.

ROD AND GUN.

Fred Firstbrook, of Liberty street, has secured quite a reputation as a pilot of fishing parties to Samptown. Another trip was made yesterday and a large catch was the result of Fred's knowledge of the stream.

Frank Mobus, Thomas Traynor, C. M. Meeker and "Jack" Porter, well-known expert fishermen, left town last evening at 6:30 o'clock to spend the night fishing at Bound Brook. They decided to come home at 3 o'clock this morning, and the total catch amounted to two herring. Their friends are now enjoying a good laugh at their expense.

PATRIOTIC SONGS.

Unique Concert to be Given in Music Hall Under the Auspices of Charles L. Lewis.

Charles L. Lewis announces a concert of war and patriotic songs at Music Hall, Monday evening, May 28th. The celebrated Lotus Glee Club, of New York, will participate, and a chorus of sixty girls and boys from the fifth and sixth grades of the Plainfield public schools, and a chorus of thirty young ladies from the higher grammer grades of Plainfield and from the North Plainfield High School.

A feature of the concert, aside from the war songs, will be a part devoted to a regular concert programme, including songs by the Lotus Glee Club, solos by Mr. Strickiett, Mr. Lenox and Mr. Martindell, and choruses by the children and ladies.

Ministers Entertained.

The Plainfield Ministers' Association was entertained last Monday afternoon by Rev. Dr. Dwight, of Rocview avenue. There were twelve members present. Rev. Mr. McMurray, the new pastor of the Monroe Avenue church, was cordially received into the association as a member. Rev. Charles L. Goodrich read a highly interesting paper on a popular subject, after which there was a general discussion of the topic.

Miss Linda D. Butler, of East Front street, is visiting friends in East Orange.

ITALIAN DEPUTIES RESUME.

Temper of Obstructionists Not at All Cooled by Waiting.

ROME, May 16.—The Italian chamber of deputies reassembled yesterday after an interval of several weeks since the adjournment that was occasioned by the obstruction of the members of the Extreme Left, who withdrew in a body and refused to participate further in the proceedings of the chamber as a protest against the decision of Signor Colombo, president of the chamber, in upholding the alteration of the rules of procedure with a view to preventing obstruction.

At that time they denounced Signor Colombo's course as a violation of the constitution. Today they persisted in an equally uncompromising attitude.

Signor Giolitti proposed a resolution in the nature of a compromise, but Signor Pantano, on behalf of the Leftists, declared that they would never yield until respect for legality had been re-established.

General Pelloux, the premier, followed, announcing that the resolution could not be accepted under the new rules.

The Extreme Leftists then demanded a poll of the house to ascertain whether a quorum was present.

The president of the chamber refused to grant this request, basing his refusal upon the ground that the demand was incompatible with the new regulations.

This provoked an uproar, and a number of Leftists sang the "Hymn to Labor." The president was finally compelled to suspend the session. On its resumption later he asked the chamber to approve the minutes of the last sitting. The entire majority rose in support of the proposition, and Signor Colombo declared the minutes approved.

The Extreme Leftists were furious, shouted protests, banged their desks and sang the "Garibaldi Hymn."

Amid this din the president adjourned the session.

Santiago's New Organ.

SANTIAGO, Cuba, May 16.—La Republica, a new journal to be conducted in the interests of the white party in Santiago province, appeared yesterday. The platform alleges in moderate terms the necessity of grouping the orderly classes into a political organization with a view of influencing the approaching struggle at the polls and of laboring for the preparation of the country for the advent of independence under republican form "when the United States congress fulfills the terms of its promise." Hereafter the white party will be known as the Partido Republicano Democratico. The other papers denounce La Republica, asserting that such a title is a misnomer, and allege that this journal represents the annexation movement, which, according to the critics of La Republica, the Americans, foreigners and wealthy Cubans are now openly promoting.

Unitarians to Celebrate.

BOSTON, May 16.—Plans which have been perfected for the celebration next week of the seventy-fifth anniversary of the founding of the American Unitarian association, the leading organization of that body of Christians, promise to make the occasion memorable. The arrangements for the celebration have been made with a view to introduce as far as possible representatives of the liberal faith throughout the world, and many of the leading lights in the great liberal movement of both the eastern and western world will be present to take part in the forthcoming meetings.

They Disgust England's Guests.

LONDON, May 16.—In the house of commons last evening, amid ironical cheers, Mr. Samuel Smith (Liberal), member for Flintshire, called attention to what he characterized as the "growing tendency of the stage to demoralizing plays" and moved a resolution in favor of more strict supervision. Mr. Smith referred particularly to "Zaza," "The Belle of New York" and "The Gay Lord Quex," declaring that such plays "disgusted England's colonial and American visitors."

Statues For West Point.

WEST POINT, N. Y., May 16.—Bronze life size statues of Grant, Sherman and Sheridan will be placed in Cullum Memorial hall if the fund which the professors of the Military academy are trying to raise reaches the proportions they expect. President McKinley heads the subscription with $500. The president's donation was not solicited. He had been informed that the three great generals of the civil war were not represented in the hall and at once sent his check.

Manager Edwards Ill.

Manager Maze Edwards, of Music Hall, is again confined to his residence in the Jackson building by sickness and his physician, Dr. T. S. Davis, prescribes absolute rest and cessation of business for some time to come. It is fortunate in one respect that the regular season at Music Hall closes with the performance of Friday night and it is hoped that with care and attention he will soon be restored to perfect health.

To Meet for the Last Time.

The joint Memorial Day committee will meet in Justice Moffatt's office this evening for the last time to perfect plans for the proper observing for the day.

J. V. N. Willis and family, of Prospect place, left today for the White Mountains, where they will remain during the summer months.

PROGRAMME FOR THE ENDEAVOR CONVENTION

Provisional List of Subjects and Speakers for the State Meeting

TO BE HELD IN JERSEY CITY

THE CONVENTION WILL BE HELD NEXT OCTOBER.

Noted and Talented Speakers to be Heard—The Meeting Will be Held For Three Days.

Rev. Titus E. Davis, of Bound Brook, chairman of the programme for the State Christian Endeavor convention to be held at Jersey City in October next, has issued the provisional programme for it.

The following is the programme as is issued, subject to change in minor details:

Wednesday evening, Oct. 10th, there will be a rally in each of the six districts in Hudson county at 8 o'clock, the secretary of each C. E. division being the presiding officer and the pastor of the churches in which the rallies are held giving the addresses of welcome. In addition a pastor of the interested district will conduct devotional exercises, after which members of the local convention committee will speak on the convention. The remainder of the programme as at present mapped out is as follows:

Thursday, Oct. 11th, at 9 a. m.—Convention will be called to order by the chairman of the local convention committee in the Bergen Baptist church, Madison and Clinton avenues; devotional exercises led by one of the city pastors; welcome on behalf of the citizens; welcome on behalf of the Hudson county Christian Endeavor Union; welcome on behalf of the churches; response by president of the State Christian Endeavor Union on taking the chair; reports of the State treasurer, State secretary, press and correspondence departments; appointment of committees and general business; quiet hour conducted by Secretary H. A. Kinports, of the New York State Christian Endeavor Union; keynote address of the convention, Rev. Luther R. Dyott, first vice-president of the State Christian Union.

Thursday, Oct. 11th, at 2 p. m., in Bergen Baptist church, State President Spooner in the chair. Missionary meeting; report of the superintendent of the missionary department; address by a returned missionary; address by Robert E. Speer, secretary of the Presbyterian Missionary Board; announcements; adjournment.

Thursday, Oct. 11th, at 2 p. m., in the First Presbyterian church, Vice-President L. R. Dyott in the Chair—Evangelistic service; report of evangelistic superintendent; reports of evangelistic work performed by the various societies during the preceding year; free parliament on "Methods of Evangelistic Work."

Devotional Rallies, Thursday, Oct. 11th, at 4:15 p. m.—Methodist, Emory M. E. church, Belmont avenue; Presbyterian, First Presbyterian church, Emory street; Baptist, Bergen Baptist church, Madison and Clinton avenues; Congregational, First Congregational church, Bergen and Boyd avenues; Reformed, Bergen Reformed church.

Thursday, Oct. 11th, at 7:30 p. m.—Patriotic meetings in Bergen Baptist church and First Presbyterian church. Ex-President Cornelius J. Brett, D. D., will preside at Bergen Baptist church and conduct the preliminary devotional exercises. The State president will deliver an address, then will follow a quiet hour conducted by Rev. Howard Bliss and an address by Rev Wayland Hoyt, of Philadelphia.

Vice-President Rev. W. T. S. Lumbar, of Moorestown, will preside at the meeting in the First Presbyterian church, and a service of prayer for our country will be led by Rev. John L. Scudder. This will be followed by committee reports on good citizenship and Sabbath observance, after which an address will be given by Rev. D. J. Burrell, of New York.

Friday, Oct. 12, at 6:30 a. m.—In Emory M. E. church, sunrise prayer meeting, led by Miss Florence G. Hawkins, of Plainfield; 9:30 a. m., in Bergen Baptist church, Rev. A. W. Sprole, presiding. Free parliament on Endeavor methods of work and the discussion of themes not on the program; 10 a. m., meeting of executive committee of the State C. E. Union in the Sunday-school room of Bergen Reformed church.

Friday, Oct. 11, at 2 p. m.—The junior societies will form in line on Bergen avenue, near Clinton avenue, and march to the Bergen Reformed

MAIDS TRANSFORMED.

WONDERFUL MACHINE OPERATED BY PROF. PICKINGTON.

Every Wish But One of the Spinsters was Granted, and That One Broke the Machine.

Professor Pickington and his electric transform-her were kept busy last evening transforming old maids into most any kind of human being they desired to be. The old maids in question were all attending a convention in Red Men's hall, where they had gathered under the auspices of Iona Council, D. of P., to discuss the important question of how to get a man. Long and loud was the subject discussed and many were the suggestions made as to secure one, but without avail.

The lookout committee was reporting a list of eligible men when a knock was heard at the door, and on being opened Prof. Pickington and his transform-her were found outside, and after a hurried fixing of toilets by the old maids he was admitted. The professor stated that with his wonderful elixir and machine he could transform any old maid into the kind of a young girl she desired to be and they would then be able to capture a man. As this was better than giving love powders the members voted that he should be given a trial.

The maids were turned into golden-haired laughing little school girls, thin harsh voices were turned into throats of wonderful sweetness and, in fact, anything they desired. But one maid wished to be a man and, after a great deal of protesting, the professor tried it, but the strain was too much for the transform-her and it burst with a report that broke up the convention. Those who took part in the entertainment were Mrs. Holstein, Mrs. Dodwell, Mrs. Claassen, Mrs. Montross, Mrs. Radin, Mrs. Bowman, Mrs. Horton, Mrs. Fred Westphal, Mrs. Horton, Jr., Mrs. Haberle, Mrs. Angleman and the Misses Ella Sebring, Lily, Annie and May Weigman, Katie Benson, Lizzie Dunlap, Dora Bennett and Wm. A. Westphal.

QUIETLY MARRIED.

Miss Mary Moran Becomes Mrs. Fred Winn.

The many friends of Fred Winn and Miss Mary Moran, will be surprised to learn that they were quietly married at St. Mary's church, by Rev. Father Smyth at 5 o'clock yesterday afternoon.

Arthur McGinly was best man and Mrs. John Moran, a sister-in-law of the bride, was bridemaid.

The groom, who is a popular young man of the east end, is employed in this city, where they will take up their residence on East Fifth street.

The following intimate friends witnessed the ceremony: Miss Kittie Kane, Miss Annie Kearns, the Misses McInerny and P. J. Melvin.

SECOND OPERATION.

Made Necessary Because First Wound Did Not Heal Properly.

About a year ago, while working in a machine shop at New Bedford, Mass., Rinaldo Smalley, of this city, contracted blood poisoning from the effects of brass getting into a cut in his arm. The arm was operated upon but was allowed to heal before the poison was entirely out. He thought no more of it until a week ago, when the old wound became so painful that he had to quit work at Bound Brook and return to his home in South Second street.

A second operation was performed last Tuesday by Dr. Clawson and it is now expected that the poison will be entirely driven from the arm.

VOLERDO HELD.

Sufficient Evidence to Hold the Italian Accused of Criminal Assault on Girl.

Dominico Volerdo, the Italian arrested Tuesday night charged with criminal assault upon little eight-year-old Patti Pastoral, of Netherwood, was arraigned before Judge Schick in Scotch Plains yesterday afternoon. Velerdo, who is a man about 50 years old, refused to say anything to the charge, as Judge Schick warned him in the usual way that any thing he should say could be used against him the future should he be held. Several witnesses from the colony were called to prove the story as told by the little one. The prisoner offered no defense and Judge Schick held him for the October Grand Jury. Constable Allen took the prisoner to Elizabeth.

New Time Table.

A new time table on the Central Railroad of New Jersey will take effect Sunday, May 20th, with important changes.

TWO TRACKS BLOCKED.

Three Freight Cars Wrecked by Train Breaking in Two and Coming Together Again.

Three freight cars were wrecked and two tracks blocked as a result of an empty freight breaking in two and coming together again opposite the Grant avenue station at 3 o'clock this morning.

The train parted somewhere near Liberty street and on account of the heavy grade at this point came together again before the engineer could be signalled to draw ahead. The wrecking train was summoned from Elizabethport and had the tracks cleared before the morning trains began running.

OLCOTT IS A DELEGATE.

HE WAS SUPPORTED FOR THE PLACE BY SENATOR REED.

Third Congressional District Convention—A Speech Made by Mr. Reed.

(Special to The Daily Press.)

Asbury Park, May 17.—The convention of the Third Congress District Republicans was held yesterday afternoon in Educational Hall. Ex-Assemblyman Oliver H. Brown, of North Spring Lake, and Frederick P. Olcott, of Bernardsville, were named as delegates to the National Convention by acclammation, and Andrew S. Church and ex-Assemblyman George S. Tice, both of Middlesex county, were selected as alternatives.

The Committee on Resolutions, composed of E. D. Pettys, of Monmouth; Jesse Collyer, of Middlesex, and S. L. Wyckoff, of Somerset, presented a report which was adopted. The resolutions strongly indorsed the National Administration and the course of Congressman Howell.

Speeches were made by Senator Reed and Chairman Cleaver. The latter evoked hearty cheers when he referred to the unparalleled prosperity of the county under McKinley's administration. "We are imperialists," Mr. Cleaver declared, "and have been since we were colonists in swaddling clothes—imperialists in the sense that we must grow and do grow. If you want imperialism of the simon pure kind go to the South, where the Democrats are disfranchising the negro."

Mr. Olcott was supported for delegate by Senator Reed.

EXEMPT FIREMEN MET.

State Organization Held Annual Convention at Dover Yesterday—Plainfielders in Attendance.

The fourteenth annual convention of the New Jersey State Exempt Firemen's Association was held at Dover yesterday. It proved a great success. The old officers were re-elected. The Plainfield delegates at the convention were E. M. Laing, Jos. Blimm, Edward L. Fannery, Edward Vermeule and T. O. Doane. Jos. Blimm was elected a member of the executive committee, while T. O. Doane was put on the committee on credentials. The delegates from Scotch Plains and Fanwood were W. B. Stanberry, Edward L. Hand, John Bornman, Randolph Drake and William VanValkenberg. W. B. Stanberry was chosen a member of the standing committee which receives new organzations into membership.

ALUMNI ASSOCIATION UNITED.

Will Give a Reception to Graduating Class of North Plainfield High School.

The members of the two alumni associations of the North Plainfield High School held a joint meeting Tuesday evening which resulted in a consolidation and the election of one set of officers as follows: President, N. Douglass Drake; vice-president, Francis J. Blatz; secretary, Miss Emma Line; treasurer, Miss Grace Emmons. It was decided to give the graduating class a reception on the evening of Friday, June 22d, after the commencement exercises but the details will be arranged at another meeting to be held next Tuesday.

To Speak at Commencement.

The Board of Education has decided to engage Prof. E. H. Griggs, of Brooklyn, to make the address at the commencement exercises next month. Those who have heard Prof. Griggs' course of lectures at the High School this spring have been greatly impressed by his ability as a speaker and his appearance will undoubtedly attract many to the commencement exercises who would not otherwise attend.

Twelfth Anniversary.

The twelfth anniversary of the Christian Endeavor Society of Warren chapel will be observed this evening with special services in the chapel. The address of the evening will be made by Dr. Warde, of Lyon's Farms.

RAIDED THE NEWSBOYS.

PATROLMAN MATTOX CAPTURED ELEVEN OF THEM YESTERDAY.

They Have Been Congregating at the Corner of Front and Somerset Streets—Made Things Lively.

The great rallying place for the newsboys has been the corner of Front and Somerset streets. They gather there every afternoon, playing ball during the daylight with a supreme disregard for the safety of life and limb of those passing by, and holding an occasional bout as evening approached. Yesterday afternoon Patrolman Mattox dropped in on the gathering and collected eleven victims. Two were haled to City Judge Runyon's office and the other nine were ordered to appear in court this afternoon at 4 o'clock.

All the distinguished characters among the newsboys, including most of the leaders in their famous strike last fall, have been accustomed of late to meet on the corner. They play ball and other outdoor games. They even tried their hand at golf but one unfortunate lofted a stone ball with his umbrella handled mashie and it passed through a window. Since then, baseball has been more popular. Anyway, the lads consider that golf is not democratic enough for them.

A few days ago one of the youthful pitchers threw a ball that curved up against a reporter of the News, somewhat damaging him. Other passersby have been struck. The matter was brought to the attention of the police and Patrolman Mattox made his little raid yesterday afternoon. Jack Caufield and Howard Ayres were taken to see Judge Runyon and their hearing set for this afternoon. The other boys, nine of them, were ordered to appear at the same time.

NOTABLE SPEAKERS.

Those Who Will Respond to the Set Toasts at the Democratic Dinner.

All the details of the Democratic dinner are practically completed. The affair promises to be a success in every respect. Besides the names of the distinguished guests from out-of-town, which were printed in The Daily Press Tuesday, there have been a large number of responses to invitations since then, both from Plainfielders and from Democrats of other sections. There will be 100 present at the dinner.

The set toasts will be as follows: "United States of America," Congressman William Sulzer; "New Jersey in Congress," Congressman William D. Daly; "Needs and Advantages of Political Organization," William Gourley; "What May be Accomplished by United Action," Robert Davis; "New Jersey Redeemed to the Democracy," Hon. Allan Benny; "The Claims and Anticipations of the Democracy," James E. Martine. There will also be impromptu responces from several other prominent guests. William A. Coddington will act as toast-master.

PRETTY HOME WEDDING.

Miss Laura May Coddington, of Grove Street, Wedded to George A. Flammer, of Newark.

In the presence of over fifty guests and in a parlor profusely decorated with wild flowers, Miss Laura May Coddington, daughter of Mr. and Mrs. Silas Coddington, of Grove street, was united in marriage last evening to George A. Flammer, of Newark, by Rev. J. O. McKelvey. The best man was Matthew Flammer, a brother of the groom, and the bridemaid was Miss Ella Coddington, a sister of the bride. The bride looked charming in a gown of white silk and she carried roses. The bridemaid's dress was organdie. She carried carnations.

At the conclusion of the ceremony the guests were invited to partake of a collation, after which a reception was tendered to the young couple before their departure for Newark, where they will take up their residence.

Besides those from Plainfield there were guests present from Newark, New York, Long Branch, Springdale and Millington.

Lived Here Long Ago.

Clark Baldwin, of Idaho, is visiting at the home of John Angleman, East Second street, near Berckman. Mr. Baldwin was a resident of Plainfield during his boyhood days and attended school with Capt. William Hand at the Jackson School on the Terrill road about forty-five years ago. Today he and Capt. Hand spent a pleasant hour talking over their boyhood days.

—C. M. Nagle, of the new drug store, West Front and Grove streets, has had thirteen years experience in the business, and everything in his stock is fresh and good. He keeps an up-to-date pharmacy.

CAR OFF TRACK.

Blocked New Switch on Fifth Street as Soon as it Was Completed.

One side of the new switch that is being put in by the Plainfield Street Railway Company on East Fifth street between Watchung avenue and Washington street, was ready for use last evening at 6 o'clock and the cars began running over it. During the day passengers were transferred around the switch. Two hours after the cars began running closed car No. 12 jumped the track at the eastern end of the switch and blocked the line the rest of the evening, passengers again being transferred around it. The car was finally jacked up and put back on on the track late in the evening.

INDICTED FOR MURDER.

COLORED MAN ACCUSED OF KILLING RAHWAY MAN.

Arrested and Arraigned in Court Yesterday—Pleads Not Guilty.

(Special to The Daily Press.)

Elizabeth, May 17.—Thomas Pyatt, a colored bootblack of Rahway, has been indicted by the Grand Jury of Union county on a charge of murdering John E. Mossman, a well-known carpenter of Rahway, who was beaten so badly by Pyatt February 27th that he died that morning in the National Cafe, on Main street, Rahway.

Mossman had been attending a ball the night previous, and on his way home was met, it is alleged, by Pyatt, who attacked him with a club.

The accused man was arraigned in court yesterday to plead to the indictment and declared he was not guilty. His trial will take place Wednesday, June 13th, before Judge VanSyckle.

The Grand Jury brought in a number of other indictments, which were not made public. The petit jury was discharged until next Monday.

HAD SUICIDE IN MIND.

Martha Smith Wrote a Letter Asking to Have Her Body Sent South.

Early this afternoon a short funeral service over the remains of Martha Smith, the colored woman who committed suicide last Monday, were held from the undertaking rooms of Henry DeMott, Somerset street. Rev. E. E. Jackson, pastor of the Mt. Olive Baptist church, officiated. The remains, accompanied by the dead girl's two sisters, were taken to Vaneeda, Powhatan county, Virginia, on the 2:18 o'clock train, where the girl will be buried.

Upon the arrival of the sister from Lambertville last evening a letter was found in Martha's trunk in which she made a request that her body be taken home and that her parents be allowed to see her. This letter was written the same day that the writer committed suicide, making it clearly evident that she made up her mind early in the day to take her life.

Since last Monday fully three hundred people, both white and colored, have called at Mr. DeMott's place to view the remains. She evidently was very popular and well thought of.

FOR MEMORIAL DAY.

Rev. W. C. Snodgrass Has Been Engaged to Deliver the Address of the Day.

It was definitely settled last evening at the final meeting of the joint committees of the Winfield Scott Post, Woman's Relief Corps and Sons of Veterans, that Dr. Snodgrass would be orator of the Memorial day celebration. The programme of the day will be almost the same as that of last year. The dead soldiers of the Civil and Spanish wars will be honored by having their graves decorated in the morning.

A parade will be given in the morning to which the High School and Leal's cadet corps have been invited, and will be followed by the exercises at Music Hall. The Crescent band, of Raritan, has been engaged for the day. All soldiers and sailors of the wars are invited to meet with the Posts for divine service at St. Mary's church Sunday evening, May 27th, at 8 o'clock, meeting at Winfield Scott Post rooms at 7:30 o'clock. The Post will start for the different cemeteries at 7:45 Wednesday morning.

Hard Work to Open Safe.

The combination on John Kenney's safe defied all efforts to get the door open this morning, and after working three hours on it John was obliged to call for help. Frank Borrman volunteered to try his luck at it, and the door swung open in a few minutes. It was closed again and for the second time it refused to open, and on being unlocked by Mr. Borrmann John decided to leave it that way.

AGED JUSTICE CLEARED.

NOT ENOUGH EVIDENCE TO SUSTAIN THE CHARGE.

John B. Dunster Exonerated of Accusation of Extorting Money From Italians.

(Special to The Daily Press.)

Somerville, May 17.—The trial of Justice John P. Dunster, of Bernardsville, on a charge of misdemeanor in office, opened yesterday morning in the Somerset Court, before Judge Schenck. Justice Dunster, who is seventy years old, and who has presided over the Justice Court at Bernardsville for many years, was charged with using his office to extort money from offenders brought before him.

The indictment was the outcome of a quarrel between the justice and his former close friend, J. E. Wells, editor of the Bernardsville News. Editor Wells, in a series of articles in The News, attempted to show that Justice Dunster had criminally misconducted his office. Justice Dunster had Editor Wells arrested on a charge of criminal libel. When the charge was pressed for indictment, Editor Wells produced evidence which caused the Grand Jury to throw out the charge of criminal libel and to indict Justice Dunster for misdemeanor in office.

The aged justice was represented in Court by former Judge John D. Bartine and James J. Bergen. The case for the State was conducted by County Prosecutor James L. Griggs.

There were five charges against Justice Dunster, but four of them were thrown out and one fixed on to try the case. Editor Wells, the plaintiff, was called, and he gave his testimony, at the conclusion of which J. J. Bergen, his lawyer, moved for the discharge of the justice on the ground that there had not been sufficient evidence offered to prove the charge. Judge Schenck granted the motion, and the case was ended right there.

COLLEGE CADET DRILL.

Rutgers Boys Did Excellent Work—High School Boys to the Front.

(Special to The Daily Press.)

New Brunswick, May 17—The annual exhibition drill of the Rutgers College cadet corps was held in Neilson Field yesterday afternoon. A large crowd was present, including a number of visitors from Plainfield. The drill was a successful one and the college boys did excellent work. Among the retiring officers were Ernest H. Rapalje, Captain of Company C, and Herbert D. Rapalje, Lieutenant of the same company, both of whom live in Plainfield.

Among the appointments of commissioned and non-commissioned officers for next year, made at the close of the drill, were those of Ralph Titsworth, of Dunellen, as First Lieutenant; Charles Titsworth, of Dunellen, as color-sergeant; Arthur Smith, of Plainfield, and William A. Fisher, of Bound Brook. The Titsworths and Fisher are graduates of the Plainfield High School, and Smith entered Rutgers from the North Plainfield High School.

Among those who witnessed the drill from Plainfield were Rev. and Mrs. Rapalje, Albert B. Meredith, military instructor at the Plainfield High School, Cadet Major Townsend Mason and a number of the other members of the High School cadet batallion.

MISS KYTE EXECUTRIX.

She Will Settle up the Estate of the Late George Kyte.

Miss Alice Kyte, neice of the late Mayor George Kyte, of Fanwood, was named in the latter's will as executive of his estate. Miss Kyte will go before Surrogate Parrot in Elizabeth this afternoon to qualify for the position and to have the will probated.

Since the death of Mr. Kyte, Miss Kyte's services to the Central Land Improvement Company, with which she has been connected for a long time, has been recognized by the company by her advancement to an important position at the principal office in New York. She will commence her duties there at once.

Laying Special Trolley Work.

The curved rails for curve and switch, connecting the Arlington avenue extension of the Plainfield Street Railway Company with the present line on West Fourth street, have arrived and a gang of men started work this morning laying them. In order to put up the trolley wire and support, it has been found necessary to cut down several of the large elm trees that bordered Arlington avenue between Fourth and Fifth street.

CHANCERY CLERK BLAMES LAWYER.

Mr. Thompson Replies to the Criticism Impugning His Official Work.

WANTS AN INVESTIGATION.

URGES CHANCELLOR TO MAKE SEARCHING ENQUIRY.

Says Trained Experts do the Work and He Thinks That Investigation Will Find Few Mistakes Made.

Nothing has created as much interest among lawyers in some time as the attack upon the office methods of the Clerk in the Chancery by Vice-Chancellor Pitney and a few lawyers who appeared before him in Chancery Chamber, Jersey City, Monday last. His assigning Judge Parker to prepare a protest to the Chancellor against what is alleged as the lax practices followed in preparing the decrees and other papers in foreclosure cases created considerable astonishment, not only among the lawyers, but in the office of the Clerk in Trenton.

Clerk Lewis Thompson and his chief assistant, Colonel S. Meredith Dickinson, the veteran Chancery reporter and author of "Chancery Precedents," when informed of what had been done by a reporter, were inclined at first to ignore the matter. The real executive work of the office falls on Colonel Dickinson, and it is his work and that of the clerks under him that has been attacked.

When he read the charges made by Vice-Chancellor Pitney and Judge Parker he said: "These charges are too general. When they make specific charges against the office it will be time enough for us to reply to them."

Clerk Thompson said: "I have no knowledge of the specific cases cited by Judge Parker. Thousands of cases pass through the office and I never become personally familiar with them unless they are especially brought to my attention. The docket clerk, Mr. Lafetra, and Colonel Dickinson are responsible for the papers. They are familiar with the details of the work. I will say, however, that very few errors are made by the clerical force of this office. With three hundred or more papers a day passing through the hands of the clerks, I do not believe that the errors made will average two a week, and those are usually in the misspelling of names which are written illegibly by the lawyers or in the leaving out of a date. Really serious errors do not occur more than two or three times a year, which is somewhat remarkable considering the vast amount of detail work that has to be done.

"Every person is liable to error, and our clerks are no exception, but I think that if investigation is made it will be found that they make but few mistakes. They are all trained experts in their particular branches of the work and know the business thoroughly. The errors complained of, it will probably be found on investigation, were made by the lawyers and not by the Chancery Clerks. Nothing would suit us better than to have the work of our office investigated, as we are satisfied that it would stop a great deal of complaining and establish the fact that this office is run in the very best manner possible."

Clerk in Chancery Lewis A. Thompson yesterday addressed a letter to Chancellor Magie requesting that he make a most searching investigation of the charges that have been made against the Clerk's office. Mr. Thompson asks that the Chancellor will make the investigation demanded by Lawyer Charles W. Parker, of Jersey City, and that he will publicly report on the condition he finds.

Firemen's Hats for Summer.

A new style of summer hat for the members of the Plainfield fire department has been adopted by the fire committee of the Common Council. These hats have been ordered and are expected to be here in time to be worn the first of next month. The hats are to be of felt, broad-brimmed with soft crown. The officers hats are to be of light-grey felt and the regular firemen's hats of blue felt. At present most of the firemen are wearing the brown straw hats that were used last season.

To Hold a Print Exhibit.

A special meeting of the Plainfield Camera Club will be held Monday, when several applications for membership will be voted on. There has been considerable talk about holding a print exhibit in the fall and committees will be appointed to arrange for it.

THEATRICAL.

In the Proctor houses in New York city, the Fifth Avenue, the Twenty-third Street Theatre, just west of Sixth avenue in the centre of the shopping district, and Proctor's palace, F. F. Proctor has three of the coolest playhouses in the metropolis. They are all airy, well ventilated, spacious and handsome theatres. The natural coolness of the auditoriums is heightened by electric fans of hugh dimensions and palm leaf fans are found attached to each seat. As if this were not sufficient, ushers are continually passing among the audiences with iced water. This ensures unusual comfort and luxury in warm weather in these houses and makes the high-class continuous vaudeville programmes thoroughly enjoyable. Therefore the hot waves possesses no terrors for patrons of the Proctor shows. And with all these benefits the prices are remarkable low; 25 cents for the balconies and 50 cents for the orchestra. At Proctor's Fifth Avenue Theatre, week of May 21st, are Kathryn Osterman and her company, in "The Editor;" Macart's dogs and monkeys, Carrie Graham, as "Sis Hopkins;" O. K. Sato, the comedy juggler; Della Rocca, the violiniste; three Goldens, character sketch; Bicknell, clay modeler; St. Onge Bros., bicyclists; Harry and Sadie Fields, Hebrew types; Kalateohnoscope with new war views, and many more.

Grain-O.

Westfield, Mass., Nov. 27, 1899.

The Genessee Pure Food Co.,
LeRoy, N. Y.:

Gentlemen — Having used your Grain-O for the past three months I thought I would write and let you know how much good it has done me. When I was away on my vacation last summer the people I visited asked me to try some Grain-O, and I drank some but I didn't like it at all, but the more I drank it the better I liked it, and now I would't drink anything else. I never weighed over 105 pounds and last winter I was down to 103 pounds, and now I weigh just 120, and I never felt better in my life. It gives me an awful appetite, and makes me strong. It is doing me more good than anything I ever took, and I would recommend it to everybody.

Yours truly,
Mrs. Geo. R. Brown.

—A waiting room for trolley passengers has been opened on Watchung avenue near North avenue by Thomas Tombo.

—Fine lot of Maine Rose seed potatoes at very low prices. J. H. Johnson, 153 West Front street, with Drake & Mundy.

—Fred Firstbrook, grocer, 312 Liberty street, near Fourth street, still continues his special sale Friday and Saturday every week. It will pay you to give him an order.

—The monthly missionary meeting of the Christian Endeavor Society of the Congregational church will be held Sunday evening. Miss F. F. Clark will read a paper on "Hawaii."

—Property owners of Gloucester are rejoicing over the fact that the City Council has at last sold the street improvement bonds, which means an increase on the valuation of properties.

—The Epworth League of the First M. E. church will hold its monthly social in Vincent chapel tomorrow evening. A programme will first be given under the charge of the literary committee and it will be followed by a social hour and refreshments.

THE DAY IN CONGRESS.

Senate Discusses Cuban Affairs—The House Does Little.

WASHINGTON, May 17.—Discussion of the administration of affairs in Cuba by agents of the United States occupied the attention of the senate during the greater part of yesterday's session. Mr. Bacon of Georgia spoke at length on his resolution directing the committee on relations with Cuba to make an investigation of the conduct of financial affairs of the island. He maintained that it was the duty of congress to make the investigation called for by the resolution because it was due the people of this country to know just how affairs in the island were being conducted, and since the disclosures of the past few days had been made with respect to the alleged misappropriation of funds in the postal section the obligation upon congress to make an investigation was doubly heavy. He urged that the honor of the country depended upon its being able to clear away the fraud and corruption which it was charged had been discovered. He insisted that the government of the United States had no authority in Cuba and demanded to know how soon it proposed to redeem its pledge and leave the government of the island to its inhabitants.

The house accomplished little beside passing the senate bill to incorporate the American National Red Cross. No progress was made with the Alaskan code bill owing to the inability of the two sides to agree as to the time to be allowed for general debate. The conference report on the District of Columbia appropriation bill was rejected after extended debate.

The Situation In Colombia.

KINGSTON, Jamaica, May 17.—Advices just received by the British steamer Darien, Captain Myles, from Colombia, say that the insurgents on May 12 were within three days' march of Panama. Thirty-seven rebels raided a calaboose at Colon, demanding possession, but they were driven off and arrested. As the government was unable to hold them they were expelled from the country and placed on board a vessel bound for Jamaica. A United States warship arrived at Colon Monday. The people there have been much excited. No one is allowed on the streets after dark. Captain Myles asserted that Cartagena had fallen into the hands of the insurgents.

A Wanamaker Mass Meeting.

PHILADELPHIA, May 17.—Definite action was taken yesterday looking toward the holding of a mass meeting on Saturday night to protest against the alleged action of Director of Public Safety English in threatening the personal character of John Wanamaker if he did not use his influence to have the newspaper attacks against the city administration stopped. A meeting of citizens was held at the instance of the Municipal league to complete arrangements for the gathering, and after the views of a number of persons present had been heard a committee of nine was appointed to complete the details for the mass meeting.

Safe Robbers Get No Money.

ROCHESTER, May 17.—Safe robbers operated in the village of Brighton, a mile outside of the city. The offices of Leclaire & Manning, nurserymen, were entered, and their safe, the largest in the village and one of the largest in the county, was almost completely wrecked. Two charges of giant powder and nitroglycerin were used. The thieves secured valuable papers, but no money. There is no clew.

Another Trial For Roberts.

SALT LAKE CITY, May 17.—County Attorney Putnam has decided to retry B. H. Roberts on the charge of unlawful cohabitation Tuesday, the 29th inst. The matter was called to the attention of Judge Norrell upon the opening of court, and his honor ordered that the case be set down for the date named.

Weather Probabilities.

THOMPSON IN PRISON

Havana Postmaster and Three Others Under Arrest.

CONFESSED TO USING PUBLIC FUNDS

The Arrest a Surprise to Many, and Much Sympathy Is Expressed. Other Arrests Likely to Follow.

HAVANA, May 17.—Warrants were issued last evening for the arrest of Mr. E. P. Thompson, the Havana postmaster; Mr. W. H. Reeves, deputy auditor of the island, and Edward Moya and Jorge Mascaro, Cuban clerks in the stamp department, and by 7 o'clock all were lodged in the Vivac, the Tombs of Havana. This was done under the advice of the postal inspectors who have arrived. It is considered now that Reeves is equally guilty with Neely.

The arrest of Mr. Thompson caused great surprise in the city. It is looked upon as the precursor of many other arrests. General Wood felt, as did the postal inspectors, that it would be better to have the suspected persons arrested and to give them an opportunity to obtain bail than to keep them indefinitely under close surveillance at a time when the detectives are badly needed for other work.

It is asserted by lawyers that on Mr. Thompson's own statement he is liable to arrest for embezzlement according to the provisions of the postal law, which are very explicit. Much sympathy is expressed for him, however, as it is felt that nothing would ever have been heard regarding the action to which he has confessed had not the present investigation growing out of the general postal frauds brought the matter to light. His friends are positive that the money would have been repaid, the memorandum receipt taken up and the incident thus closed. As the affair stands now Mr. Thompson's career in the postal service must necessarily cease.

Postmaster Thompson yesterday made a sworn statement in which he says that September last, being in need of money, he took from the money order funds $435, giving his memorandum as a receipt for the same. When the inspections were held, Mr. Thompson ordered a clerk in charge of the money order department to place remittances received that day, which would not have to be accounted for until the following day, sufficient to cover the amount of his receipt, which was then withdrawn until after the inspection. This was kept up until April, when the special agents unexpectedly discovered the receipt, which Mr. Thompson then paid.

"He also admits that Charles F. W. Neely, late financial agent of posts at Havana, indorsed a bill for $350, which Thompson discounted at the North American Trust. Thompson admits other irregularities in connection with his department.

Bristow Starts For Havana.

WASHINGTON, May 17.—The confession of Postmaster Thompson at Havana came as a complete surprise to the officials of the postoffice department, who had generally been of the opinion that among those who could not possibly be involved in fraudulent transactions was Mr. Thompson, who was regarded as a man of high integrity. The postmaster general read the printed statement, but made no comment. Fourth Assistant Postmaster General Bristow received his final instructions yesterday and left at 3 o'clock for Tampa, Fla., from which place he will sail for Havana, reaching there early Saturday morning. The only person to accompany Mr. Bristow was his private secretary. It was decided at the department not to make public at present, the instructions given Mr. Bristow.

Missouri Republican Nominations.

KANSAS CITY, May 17.—The Republican state convention of Missouri in a continuous session lasting from 9:45 a. m. to 4:45 p. m. yesterday named delegates and alternates at large to Philadelphia and nominated presidental electors and a full state ticket. The nominations for governor and lieutenant governor were by acclamation, and there were but slight contests for the other state offices. Delegates at large to the national convention at Philadelphia, D. M. Houser and D. P. Dyer of St. Louis, James L. Minnis of Carrollton and C. G. Burton of Nevada; electors at large, J. W. L. Moore and Joseph Black; governor, Joseph Flory of St. Louis; lieutenant governor, E. F. Allen of Kansas City; secretary of state, E. L. Porterfield of Springfield; state treasurer, W. F. Fleming of Webster Grove; auditor, W. F. Bloebaum of St. Charles; attorney general, Samuel O'Fallon of Oregon.

National Convention of "Antis."

BOSTON, May 17.—The anti-imperialists are considering the project of holding a national convention soon after the Kansas City gathering, when it will be known just what both the great parties intend to do and the anti-imperialists will have a clear vision over the field, with the opportunity of indorsing the men or measures which seem to them most likely to further their principles. Secretary Erving Winslow is authority for the statement that the convention will aim simply to make some demonstration of the numerical strength of the leagues, and he says that the 300,000 names mentioned as those of anti-imperialist voters in the doubtful states is considerably short of the actual number.

Manila Prison Frauds.

WASHINGTON, May 17.—It appears from late mail advices from Manila that the prison officials of Bilibid prison at Manila are under investigation on a charge of exchanging and releasing prisoners and receiving bribes. Bilibid prison, the largest in the orient, contains thousands of prisoners. The Americans were obliged to continue Alcalde Benito and other officials in charge because they themselves knew nothing of the prison methods or the Filipino language. It is alleged that prisoners were freely exchanged; that natives with money were allowed to employ substitutes to serve their term and that various other forms of corruption existed.

Milk Producers Organizing.

MIDDLETOWN, N. Y., May 17.—Representatives of milk producers of Orange county report good progress in the organization of unions in various sections of the county. In most cases the members are unanimous in the desire to join the Five States association. A meeting of the producers will be held at Goshen May 20.

BLAME FOR M'KINLEY

President's Friends Lose In Methodist Committee.

STRONG TEMPERANCE SENTIMENT.

Two Additional Missionary Bishops to Be Elected to Assist Thoburn In Southern Asia—Liberal Report on Amusements Likely.

CHICAGO, May 17.—The friends of President McKinley in the temperance committee of the conference who made a losing fight against the adoption of certain paragraphs in the report which criticise the president and censure him for his acceptance of the Griggs decision in the anticanteen law will take the fight to the floor of the conference in the form of a minority report, substituting other paragraphs for the objectionable sentiments.

Dr. J. E. Price of the New York conference, who submitted a minority report from the subcommittee, will present the matter to the conference today. It will be signed by over a score of the members of the committee and it is said by its champions will have strong support in the conference.

The majority report of the subcommittee on all matters before it, including the criticism of the president, was adopted by the general committee yesterday after a long fight on several paragraphs which referred to the attitude of the church on the license question. The report indorses total abstinence on the part of the members and ministers of the church and fraternity with other societies and organizations in the cause of temperance.

Two additional missionary bishops, with authority equal with those already in the field, will be elected by the general conference to assist Bishop Thoburn in southern Asia if the recommendation of the committee on episcopacy is adopted. The report of the committee will be presented to the committee today by Dr. T. B. Neely.

At least another session will be required by the committee on the state of the church before it can agree on a report on the question of raising the ban on amusement as prayed for and against by numerous memorials. The entire session yesterday was devoted to the matter, and it is expected that the final vote will be taken Friday. It is also expected from the tone of the debate in the committee that the vote will favor the removal of the prohibitory ban on at least some of the amusements now discountenanced.

The report of the third ballot for bishops, it is said, will show a gain of upward of 40 votes for Dr. J. F. Berry and a corresponding loss to Dr. Bowen, the colored candidate. Many of the leaders declare it will take at least six more ballots for any of the candidates to secure the requisite two-thirds vote and that the balloting for bishop may consume a week's time.

Independent Tobacco Concern.

NEW YORK, May 17.—The Tribune prints the following: "Rumors which have been current for some weeks in tobacco circles of an impending consolidation of independent interests became more persistent that ever yesterday. It was asserted that the organization of an independent concern with large capital and strong backing in opposition to the tobacco combination would soon be announced. The claim is made that there are 431 tobacco factories in the United States and that the tobacco combination does not control more than 25 of these."

Scandinavians Going Home.

NEW YORK, May 17.—On three special trains which reached here over the D., L. & W. railway from the northwest came 700 Swedish and Norwegian farmers on an excursion to their native land. They had all booked their passage in advance and sailed on the steamer Oceanic. They will go to the continent by the way of London and Hull and will be somewhere up near the North cape on the 21st of June, when the sun in that latitude gives a continuous performance for 24 hours.

Plague Reappears In Japan.

VANCOUVER, B. C., May 17.—The steamer Empress of India has arrived and bring news that the plague has again broken out in Japan, this time in Osaka. The Kobe Herald says there were four cases of the disease in Osaka during April, all proving fatal. The Lipon states that no fewer than 11 persons died from the pest last month, but the public was carefully kept in ignorance of the renewal of the plague.

Bank Wreckers Indicted.

WINDSOR, Vt., May 17.—The federal grand jury has reported indictments against former Cashier Charles W. Mussey and M. A. McClure of Rutland in connection with the recent troubles of the Merchants' National bank of that city. John C. Farrar, formerly teller of the Waterbury National bank, was also indicted on three counts, abstracting, embezzling and misapplying funds of the bank.

Government Envelopes.

WASHINGTON, May 17.—The postmaster general has awarded to the Western Envelope company of Chicago the contract for supplying official dead letter and registered letter envelopes during the next fiscal year. The bid of this company was $97,411, which was $14,743 below the next lowest bid.

Governor Stanley Renominated.

TOPEKA, May 17.—Kansas Republicans yesterday elected delegates at large to the national convention and instructed them to vote for McKinley. Governor Stanley and the other state officers were renominated and a platform declaring for expansion and against trusts was adopted.

Booth-Tucker's Son Dead.

NEW YORK, May 17.—The infant son of Commander and Mrs. Booth-Tucker is dead of pneumonia. A funeral service will be held at the interment at Woodlawn cemetery on Thursday, led by Commissioner Eva Booth of Toronto.

Southern Presbyterians.

ATLANTA, May 17.—Nearly 200 commissioners and other officials are in attendance at the general assembly of the Southern Presbyterian church of this city this morning.

BRIDGE WORK

In Dentistry is the best substitute for nature's work that can be done. Sound roots may be built up and crowned and thus fill up an unsightly space. It has to be made of a material that has strength and durability and one that will not discolor. Gold is the one that stands the test. That is the secret of the expense. But the advantages of a bridge over a plate are many times more than the cost of one compared to that of the other.

PERSONAL GOSSIP OF INTEREST TO CITY AND BOROUGH.

In Brief are Told the Daily Doings of Many Residents and Visitors Who Go and Come in a Social and Business Way

Lawyer John Frecht, of Somerville, was in this city on business yesterday.

George Moore, of Brooklyn, has been spending a few days with Plainfield friends.

Mrs. Gilmore, of West Second street, has returned from a visit with New York friends.

Mrs. R. B. Rogers, of Westervelt avenue, has recovered from a recent severe illness.

Raymond Schenck, of Somerset street, has about recovered from a severe attack of the mumps.

Mrs. Drumpleman and son, of Rahway, have returned home after a pleasant visit with Plainfield relatives.

Mrs. D. C. Adams, of Grove street, is still a great sufferer with rheumatism, and is unable to leave the house.

Former Prosecutor Nelson Y. Dungan, of Somerville, was in Plainfield yesterday looking after some business matters.

Miss Bertha Dreier, who has been visiting her parents on West Front street, has returned to New York, where she is living.

Miss Anna Fenner, of Elmwood place, rode her wheel to Pluckamin yesterday, where she will visit her parents for a short time.

Although Fred Leland, of West Second street, is not able to go out he is doing as well as can be expected since his return from South Carolina.

Charles Dunlap and his sister, Miss Lizzie Dunlap, of East Fifth street, have taken up their residence in Newark, with their sister, Mrs. Pangborn.

EARLY INTELLIGENCE.

—Peck is not a real estate dealer, but he sells lovely lawns.

—The first of June the Plainfield police will don their summer uniforms and caps.

—An entertainment for members will be given this evening in Saengerbund Hall.

—The borough expect to commence the work of macadamizing the upper part of Watchung avenue next week.

—Wm. Richards, of Church street, will entertain the Reform Club this evening with selections on his phonograph.

—Halsey Compton, of West Front street, has leased his farm to Mr. Emery, of Clinton avenue, who will farm the land.

—The Epworth League of Monroe Avenue church will hold a business meeting tomorrow evening. A full attendance is desired.

—The borough marshals were measured yesterday afternoon for their summer suits, which they expect to receive in about ten days.

—If you want fresh vegetables, garden seeds, pansies and flowers, go to Joe Johnson's, 153 West Front street, with Drake & Mundy, the butchers, where you can buy them right.

—Hereafter T. J. Carey, the auctioneer, will hold public actions at his place, West Front street, Saturday afternoons. The change is made on account of the noise made by the operation of the looms at the silk mill.

—Last Tuesday evening about 8 o'clock someone left a bicycle in front of Alex. Lusardi's fruit store, West Front street. When Mr. Lusardi closed his place at 11 o'clock the wheel was still there so he took it in his store. No one has called for the wheel as yet, but the owner is expected most any time.

HOME FROM MANILA.

General Schwan Hopeful For the Future of the Islands.

SAN FRANCISCO, May 17.—Brigadier General Theodore Schwan, who has been General Otis' chief of staff in the Philippines for nearly a year, has arrived here from Manila on the transport Thomas. He will remain in San Francisco for a short time awaiting orders from Washington assigning him to duty elsewhere. Concerning the situation in the Philippines General Schwan is hopeful that it will not be many months before affairs will have naturally adjusted themselves to the American control and the robber gangs will have been stamped out.

"The robber bands," said General Schwan, "are incited by native politicians

GENERAL SCHWAN.

who impose on the credulity of the common herd. No people are so credulous as the lower class of the Filipinos. These leaders have been inciting the ex-soldiers to continue on the warpath, assuring them that an American election was soon coming and McKinley would be defeated and the Americans withdrawn from the Philippines.

"There are about 60,000 troops in the Philippines now. That number is ample for the situation.

"After the wet season and after the national elections in this country the pacification of the Philippines will naturally complete itself. The natives are quickly acquiring the English language, and even the troublesome class send children to school to learn English. We are in complete military possession of the islands. The only problem is the civil government and that will come as a natural consequence of the others. In a year from now there will be no necessity for nearly so many men as we have there now."

FILIPINO ARMS CAPTURED.

Fifty Thousand Mauser Shells Found In Cavite Province.

MANILA, May 17.—Captain O'Connor's company of the Forty-sixth infantry has captured 25 rifles and 800 Hotchkiss and 50,000 Mauser shells at Silan, Cavite province.

The war veterans living in Manila are forming a company of 100 men as a nucleus for a military force.

It has been planned to open here in June a new Filipino college that will be nonsectarian. It will be the first of its kind in the archipelago. The provost marshal has approved the prospectus. The sum of $100,000 has been subscribed for the endowment of the college.

Pedro Paterno, formerly a member of Aguinaldo's cabinet, who was captured recently, has been kept incommunicado. He was taken to the ayuntamiento on Tuesday, where he spent half an hour with General MacArthur.

Trouble Brewing In the East.

YOKOHAMA, via Victoria, B. C., May 17.—Affairs in China are in a state of extraordinary quiescence, while forebodings of a coming storm are in the air. Russia has gained her points in Korea in the shape of a large tract of land bordering upon the magnificent harbor of Masampo. Much chagrin is felt by the Japanese, and it is everywhere surmised that the day of reckoning cannot be long delayed. But all foreign and other considerations seem at present to be set aside and superseded in the absorption of the national mind by the approaching wedding festivities.

Purchase of Coal Lands.

CONNELLSVILLE, Pa., May 17.—Joseph Laughrey has purchased from John Rankin 150 acres of fine coking coal on Washington run, Franklin township, for $65,000. The tract is the original Washington tract, taken up by George Washington just before he went to the Revolutionary war. On the land which was known as "The Meadow" Washington erected a fine grist mill, which Lawrence Washington and various hired men operated. This stands today. On the new tract Laughrey will erect 100 coke ovens and build a mining village.

Rains Put Out the Fire.

MENOMINEE, Mich., May 17.—Heavy rains yesterday put out the fire at Fisher, which started Monday. The loss is estimated at $500,000; insurance, $100,000. The sawmill and shingle planing mill, lumber and cedar yard, dry sheds, kilns, schoolhouse, hospital and eight dwellings were destroyed. The mills were owned by S. M. Fisher of Chicago, president of the Wisconsin and Michigan Railroad company. C. H. Worcester & Co. lost 10,000,000 feet of lumber, 1,000,000 shingles and a large quantity of cedar product.

Rochester to Niagara Falls.

ROCHESTER, May 17.—A meeting of the stockholders in the new electric railroad which is to be built between Rochester and Niagara Falls was held yesterday. It was resolved to begin the construction of the line as soon as the necessary formalities are concluded with the state commission. This means, according to the promoters, that the work will be started either the middle of June or the first of July. The road will be finished the 1st of May, 1901, in time for the Pan-American exhibition at Buffalo.

BERLIN, May 17.—The semimillennial of the birth of Gutenberg will be celebrated in Berlin on Sunday, June 17. Great preparations are being made for the event.

CANTEEN IS UPHELD

General Corbin Gives Results of Exhaustive Inquiry.

IT SAVES FROM A GREATER EVIL.

To Abolish the Sale of Beer at Army Posts Would Only Increase the Drinking of Stronger Liquids and Cause More Crime.

WASHINGTON, May 17.—Secretary Root has sent to Chairman Hull of the house committee on military affairs an exhaustive collection of opinions on the question of the "army canteen" gathered by Adjutant General Corbin from every branch of the military service. The inquiry was made because of the introduction of a bill to prohibit the sale or dealing in beer or any intoxicating liquor upon any military premises, Mr. Hull having invited the opinion of the war department officials.

Secretary Root in the course of a brief indorsement says:

"I think the enactment of this bill would be injurious to the temperance, morals and discipline of the enlisted men of the army."

General Corbin in an elaborate review of the inquiry says:

"If the prohibition of the sale of beer at military posts, as contemplated by this bill, could be effective in bringing about a destruction of the drink habit among the soldiers, the adjutant general would unhesitatingly urge its adoption, and in so doing he believes he would voice the practically unanimous sentiment of the officers of the army, but when, on the contrary, it can be stated as a fact that the closing of the canteen section of the post exchange would be to have such soldiers as are now content with drinking an occasional glass of beer within the limits of the post go to the whisky shops and dens of vice that once surrounded permanent posts and which on the passage of such a law would soon revive he cannot too strongly express the opinion that such legislation would be inimical to the best interests of the army."

General Corbin reviews the old conditions and cites the existence then of scores of low groggeries in Washington and elsewhere in the neighborhood of army posts in support of his position.

For hygienic reasons General Corbin says the war department has not encouraged the establishment of canteens for the selling of beer in Cuba, although the advisability of this course is doubted as the men run in debt at the shops and cafes and drink vile liquors which often throw them into convulsions. In the Philippine Islands General Corbin says every effort is made to keep the soldiers from drinking, but they have no difficulty in securing from the natives a vile stuff called "Anisado" or "Vino," the effect of which is to drive men to a crazed condition that, as a pathological problem, has occasioned much concern among army medical people. To meet this condition a canteen was established at Manila for the sale of beer, and the beneficial effects therefrom were almost instantaneous. The vino shops were driven out of business, and the vino question, so far as our soldiers were concerned, died a natural death.

In conclusion General Corbin says that the canteen system is being carefully watched and perfected and that the interests of the army require it should not be disturbed. He says those most interested regard it as a success as a temperance measure, and he adds:

"The wonder of it all is that the professional temperance reformers are in this respect allied with the aggressive saloon interests in their efforts to secure legislation to destroy it."

Minnesota Republicans.

MINNEAPOLIS, May 17.—In the historic Exposition building, where Benjamin Harrison was the second time nominated for the presidency, the state Republican convention met yesterday afternoon. There were 1,180 delegates entitled to seats, and nearly all were present. Former Lieutenant Governor Gideon S. Ives was made chairman. For delegates at large to the national convention the following were unanimously chosen: Senators Davis and Nelson, Thomas Lowry of Minneapolis and Samuel Lord of Kasson. The resolutions adopted indorse the national administration, favor wise legislation to control the trusts and a constitutional amendment giving congress full powers over trusts.

Governor Smith's Opinion.

OGDEN, Utah, May 17.—Governor Robert B. Smith of Montana was in Ogden, arriving from the coast en route to Helena. Relative to the apointment of Senator Clark to the United States senate by Lieutenant Governor Spriggs he spoke in very vigorous terms of what he termed "contemptible trickery." He said: "This man Clark has been convicted by the United States senate of perjury, bribery and fraud, and it is an insult to the senate to send him back to that body. It is a disgrace, shame and humiliation upon the people of Montana, and the senate should act upon the resolutions and show him that they do not want him there, as he can take the hint no other way."

Preparing For the Convention.

PHILADELPHIA, May 17.—George N. Wiswell of Milwaukee, sergeant-at-arms of the coming Republican national convention, and J. P. Swords of New York, his first assistant, have arrived here and will remain until the convention shall have adjourned. Mr. Wiswell will open his headquarters in the old courthouse in Independence square, after which he will appoint his clerical force. Later on he will select the 5,000 assistants who will be required to properly handle the crowds expected at the convention.

Barnum & Bailey In Berlin.

BERLIN, May 17.—Berlin and Charlottenburg, a favorite suburb of the capital, are under the spell of the Barnum & Bailey circus. There was a street parade yesterday, the public schools closing to enable the children to see it. The opening performance was attended by some 10,000 people, including officers, persons prominent in sporting circles and representatives of the elite. In spite of the cool weather there was a great display of interest. The circus will remain here for a month.

To Invite Confederates.

WASHINGTON, May 17.—A movement is on foot to invite the Confederate Veterans' association to share with the G. A. R. in doing honor to the memory of General U. S. Grant at the ceremony attending the unveiling of the Grant statue in Statuary hall next Saturday.

PLAINFIELD, N. J., MAY. 17, 1900

COMING EVENTS.

May 20—F. Nice, M. D., of New York city, will relate the story of his remarkable conversion at Y. M. C. A. Hall at 4:15. The violin solos will be a special feature.

The Democratic Dinner.

Great interest is manifested in the leading New Jersey newspapers over the dinner to be given by the Democrats of this city Saturday night. It is realized that it has been a long time since so many distinguished and leading Democrats of New Jersey will have been gathered together at one assemblage of a social-political character, and as a consequence there has been a good deal of speculation and prophecy as to the bearing that the affair will have upon the Democratic policy of the State.

Yesterday the Newark News, the most important newspaper in the State, devoted its leading editorial to the importance of the dinner from a Democratic standpoint. The News presumes the dinner is held for the purpose of promoting harmony in anticipation of the State convention, and along this line it remarks:

"Such a consummation is eminently desirable, and if it can be achieved will be cheap at the price. There have been ominous signs on the party horizon of a gathering storm which threatened to break over the convention hall, and if the Plainfield dinner shall serve to dispel the cloud its projectors will have reason to congratulate themselves upon their wisdom."

Though the attention that the News gives to the dinner is evidence enough of the importance of the affair, the construction that it puts upon it is by no means correct. The affair was inaugurated by those in charge of it simply to provide a pleasant social time for the guests, and, as stated in the invitation issued, to incidentally aid in the promotion of Democratic candidates and Democratic principles. There has not been and is not now any studied design to make the dinner serve as the purpose of formulating among the leaders a particular line of action to be taken at the State convention or in party organization. A large number of invitations have been issued and responded to among all classes of Democrats with the idea of enthusing a general interest in the Democratic party in this section and to provide a pleasant social occasion irrespective of whether or not they all agree on certain lines of action.

It is noted by the Elizabeth Journal that the Newark News' Washington correspondent is giving Senator John Kean honors of the most astonishing kind, since the latter's removal from Elizabeth to Washington. It declares that New Jersey's junior Senator is not only "taking an active interest and prominent participation in the social features that have so much to do with official life at the National Capital," but it also insists that "in it all he is ably seconded and assisted by his charming wife and interesting daughters." As the junior New Jersey Senator is a confirmed bachelor, the Newark News correspondent has quite astonished the citizens of this city and State by the domestic honors he has thrust upon Mr. Kean, says The Journal.

As the weather grows warmer the purchasing public become more averse to visiting store after store in search of desirable commodities, says the Philadelphia Record. They demand concise information as to where and and what price they can obtain what they want. The alert merchant yields to the demand, and by judiciously using the advertising columns of his favorite newspaper sends the desired information to the homes of prospective purchasers, where it may be read at leisure and selections of commodities made in comfort.

The Republican convention of the Third Congressional district, held at Asbury Park yesterday, afforded plenty of evidence that the harmonizers had been at work with the Reed and Thompson factions in Somerset county. As in all brushes between these factions during the past year, Senator Reed and his followers came out ahead. Frederick B. Olcott, his favorite for one of the places of delegates to the National convention, was named by acclimation. Mr. Reed certainly seems to be on top of the heap in this political squabble.

THEATRICAL.

Current Dramatic Attractions That Plainfielders Can Witness.

Tomorrow night at Music Hall there should be an audience filling the house to repletion, for the reason that the performance is to be for the benefit of the gentlemanly ushers for one thing—it's last night of the season another consideration, and lastly, in the appearance of Wm. Barry and his superior company in the play of "The Rising Generation," our amusement seeking public will have opportunity of witnessing one of the best comedy dramas ever seen in this city. Mr. Barry is winning new praise every day for his splendid performances—his supporting company is above the average—his play superior to the run of comedies, and the object of the benefit a worthy one.

THINGS THAT INTEREST SCOTCH PLAINS AND DUNELLEN.

Brief and Terse Observations Gathered by Alert Press Reporters to be Perused at the Supper Table at Your Leisure

DUNELLEN.

(Special Correspondence to The Press.)

Dunellen, May 17.—Henry Stevens, who for a long time employed by W. H. Cole, decided to try his luck for the third time in the matrimonial field and was married last Sunday to Miss Sally Jule, of Trenton. Henry had kept the wedding a secret until yesterday, when it leaked out and he is now receiving congratulations.

The continued hot weather of the past few days has created an unusual demand for ice cream and a great deal of it has been eaten as a result. Up to yesterday Ernest Peters was far in the lead of the cream eaters with a total of nine boxes consumed to his credit.

The Dunellen boys are making efforts to get up a representative nine and are asking for subscriptions for that purpose. If they are successful they will have a professional battery and arrange a schedule of games.

Harry Boice, of New Market, who sold his milk route some time ago, has decided to re-enter the business and started a new route last Monday with twenty customers.

Mrs. William A. Terry will give another afternoon tea tomorrow in honor of Mrs. Archer, who has taken up her residence on Washington avenue.

Several of the public school teachers attended the Battalion drill given by the Rutgers students at New Brunswick yesterday.

The new spring time table of the Central will go into effect next Monday. A number of important changes will be made.

Conductor O. H. Day and wife have taken up their residence with Mrs. Loyd Nelson at "Prospect Villa."

John Cruser attended a smoker in Elizabeth last evening, given by the Brotherhood of Railway Men.

Mr. and Mrs. William E. Terry have returned from a pleasant visit with friends in Westfield.

Miss Annie Fenner, of Plainfield, visited her sister, Mrs. Harry Swackhamer, yesterday.

The Central will run a special excursion to Mauch Chunk Decoration Day.

The railroad men gave the depot park a general overhauling yesterday.

Miss Della Fritz, of Plainfield, spent yesterday with friends in town.

Mrs. James D. Miller, of Newark, is visiting Mrs. James DeGraff.

Eugene Runyon visited friends in New Brunswick yesterday.

Mel Smalley spent yesterday in New York on business.

Bernard McGovern spent Tuesday in Easton.

'PLAINS AND FANWOOD.

(Special Correspondence to The Press.)

Scotch Plains, May 17.—The children of the primary department of the Public School enjoyed a romp on the mountains yesterday afternoon after school. The little ones were chaperoned by the Misses Squires, their teacher, and the pleasant outing was thoroughly enjoyed by all.

The members of the School of Methods of the Union County W. C. T. U., which met in the Baptist church Tuesday, passed a unanimous vote thanking the friends of the W. C. T. U. in town for their many kindness and pleasant hospitality furnished to those attending the convention from out of town.

William E. Collins has resigned his position as Borough Clerk of Fanwood. Mr. Collins has held the position of clerk for several years, and the many friends he has made while holding the office regret to learn of his resignation.

Richard Hart, of Jersey City, has been visiting at the home of Mr. and Mrs. William Archibold, of Washington Valley.

The Pedagogical Club enjoyed an interesting reading on DeQuincy at their meeting yesterday afternoon.

The scholars of the Public Schools were photographed in class groups at the school Wednesday afternoon.

Mrs. James Buckley was the guest of her daughter, Mrs. William S. Terry, of Netherwood, yesterday.

Samuel R. Robinson, of Plainfield, was the guest of friends in town yesterday.

DOES COFFEE AGREE WITH YOU?

If not, drink Grain-O—made from pure grains. A lady writes: "The first time I made Grain-O I did not like it but, after using it for one week nothing would induce me to go back to coffee." It nourishes and feeds the system. The children can drink it freely with great benefit. It is the strengthening substance of pure grains. Get a package today from your grocer, follow the directions in making it and you will have a delicious and healthful table beverage for old and young. 15c. and 25c.

SOMERVILLE.

(Special Correspondence to The Press.)

Somerville, May 17.—A very interesting and funny case was tried in Squire Kitchen's court last night. The complainants were Wm. Vorhess and wife, Mrs. Dan Wipper, Mrs. Annie Myers, Mrs. Riper and Annie Shean. Annie Shean and her sister Mary own a house on Second street which accommodates four families, the above people all living there. It seems that Annie Shean and her sister were going from one tenant to another telling about each other's business. So last week Lawyer Gaston filed papers and gave them to Squire Kitchen to serve. The tenants were summoned to his office and the case tried before him. After hearing all the complaints and having one hour and a half wrangling, the Squire dismissed the case.

A rally will be held at the Baptist church this evening, and Colonel and Mrs. J. J. Keppler, of Philadelphia, will talk on interesting subjects. The rally will be held under the auspices of the Volunteers of America.

Michael Rosha was indicted for selling liquor on Sunday, "the 8th of August," but J. J. Bergen yesterday proved that the 8th day of August came on Tuesday and the case was dropped.

George Hoffman, who served with the rough riders, has been riding a very pretty gray but yesterday the horse strayed away and George is minus the animal.

WESTFIELD

(Special Correspondence to The Press.)

Westfield, May 17—A detail from Winfield Scott Post, of Plainfield, will decorate the soldiers' graves and have charge of the Decoration Day services at Fairview cemetery.

Mrs. Charles B. Peddie, of this place, who has been suffering from partial paralysis, has so far recovered that she is able to go out and take short drives.

The bicyclists will hold a fifteen-mile road race for local riders next Saturday afternoon.

SOUTH PLAINFIELD.

(Special Correspondence to The Press.)

South Plainfield, May 17.—Mr. and Mrs. Wm. Hamilton attended a funeral at Perth Amboy yesterday.

Carry Teeple is with a cousin near Rahway for a while.

Mrs. Outkalt was in town last night.

PARTICULAR MENTION.

Mrs. George H. Babcock, of West Eighth street, is visiting friends at Westerley, R. I.

Mrs. B. C. Bentley, of Westerley, R. I., has returned home after visiting her daughter, Mrs. Frank H. Smith, of Madison avenue.

George Robinett and wife, of Wilmington, Del., who have been visiting at the home of Mr. and Mrs. Asa Collier, of East Sixth street, have returned.

J. Harvey Blazure, of Central avenue, has secured a position in a wholesale tinware house in New York. He was formerly employed by Woodhull & Martin.

William Holmes, together with his mother and sister, who are at present residing on West Front street, near Washington avenue, will, the first of June, take up their residence permanently with F. B. Cockburn, 963 West Front street.

Fire In Greenwich, Conn.

GREENWICH, Conn., May 17.—A fire caused by an explosion of gasoline in the basement of J. H. Ray's hardware store and carriage repository, on Greenwich avenue, last night resulted in the burning of several business blocks, the Catholic church, one of E. C. Benedict's stables and a few other buildings, causing a total loss of $150,000, only partially insured. There were no casualties.

Oil For Fuel.

WASHINGTON, May 17.—Consul General Guenther, at Frankfort, reports to the state department that railway and steamship companies in Germany are experimenting with the use of oil for fuel, and the merits of oil fired locomotives and steamers are being thoroughly investigated. These experiments have so far, according to the consul, been encouraging to a degree.

Grand Army Home Burned.

PITTSBURG, May 17.—Fire yesterday afternoon destroyed the Grand Army Home For Soldiers' Widows at Hawkins Station, on the Pennsylvania railroad, near here. The 40 inmates, ranging in age from 50 to 95 years, escaped without injury. One old lady, Mrs. Tence, aged 95 years, may die from the shock. Loss, $20,000. Cause of fire unknown.

Drowned by Overturning of Boat.

HIGHLAND FALLS, N. Y., May 17.—While Willie Diller and Johnny Cook aged 14 and 16 years respectively, were rowing on Pell's lake, they began scuffling, and the boat overturned. Young Cook was drowned, but the other boy clung to the boat and was rescued. Cook's body was recovered.

Venezuela Will Exhibit.

CARACAS, May 17.—The Venezuelan government has informed the United States minister, Mr. Francis B. Loomis, of the appointment of a Venezuelan commission to the Buffalo exposition. President Castro will attend the opening, and a fine exhibit for Venezuela is being prepared.

NOTICE!

To enable us to make use of our old quarters in the Schepflin building for our weekly auction sales we concluded to make a change in the day. For about twelve years we held our auction sales every Friday afternoon, but when the silk mill started on the second floor, we were compelled to vacate the premises on account of the noise of the looms. The store being so well adapted, however, for the auction business we re-leased it, and decided to hold our auction sales every Saturday afternoon at 2 o'clock in the future, the looms not being in operation at that time.

Thanking the public for their patronage in the past, we solicit a continuance of the same in the future.

Den jetzt revidirten Volkszählungslisten des Magistrats zufolge beträgt die Einwohnerzahl Berlins etwa 1,843,000 Seelen.—In der Frage der Konzessionirung der Großen Berliner Straßenbahn hat der Minister jetzt dahin entschieden, daß der Gesellschaft für ihr elektrisches Straßenbahnnetz die staatliche Genehmigung bis zum 31. Dezember 1949 ertheilt werden soll.—Als Gewerbeinspektionsassistentin für Berlin und Charlottenburg ist Fräulein Reichert angestellt worden. Fräulein Reichert ist seit vielen Jahren in Berliner Fabriken thätig gewesen.—Der seit dem Sommer vorigen Jahres aus Frankfurt a. M. nach Unterschlagung von ungefähr 1200 Mark flüchtige Gefängnißinspektor Friedrich Habermann, gebürtig aus Bütow in Pommern, ist in einem hiesigen Krankenhause, wo er sich unter dem Namen eines Agenten Hahn hatte aufnehmen lassen, festgenommen und dem Amtsgericht auf Grund des aus Frankfurt vorliegenden Haftbefehls vorgeführt worden.

Charlottenburg. Erschossen hat sich der 24 Jahre alte Student der Ingenieurwissenschaften, Alexander Biahri aus Großwardein, der seit Oktober vorigen Jahres in Charlottenburg wohnte. Die Veranlassung zu dem Selbstmord ist nicht bekannt.

Spandau. Wegen der Entfestigung von Spandau und des Verkaufes der Festungsländereien an die Stadtgemeinde haben jetzt die Verhandlungen zwischen dem Kriegsministerium und dem Magistrat begonnen. Einen beträchtlichen Theil des in Betracht kommenden Geländes und der fortifikatorischen Anlagen wird die Militärverwaltung für ihre Zwecke zurückbehalten. Hierzu gehört in erster Linie die Citadelle mit dem Juliusthurm, der bekanntlich den Kriegsschatz im Betrage von 120,000,000 Mark in Gold birgt.

Dannenberg. Die Verlegung der Stadt Dannenberg ist allen Ernstes in's Auge gefaßt. Seit vielen Jahren und auch in diesem Jahre war Dannenberg von Ueberschwemmungen heimgesucht. Innerhalb 15 Jahren waren deren allein 12 zu konstatiren. Es ist die Anregung gegeben worden, eine neue Stadt zwischen Marwedel und Hitzacker zu gründen.

Lüneburg. Ein gewaltiges Feuer wüthete zwei Tage in einem großen Theile der Wälder des Wietzenbruches westlich von Celle in der Richtung von Ovelgönne, Rixförde und Adelheidsdorf. Das von dem Feuer bestrichene Gebiet umfaßte 400 Morgen. Nur durch das Eingreifen von Militär wurde dem verheerenden Brande Einhalt geboten. In Mitleidenschaft gezogen waren insonderheit die Besitzungen von Rathe-Steinförde, Lösener-Hamburg, die Staatsforst und von Dassels Gut. Es ist viel Wild umgekommen.

MASTER'S SALE.

IN CHANCERY OF NEW JERSEY.

Between Caroline F. Harrison, Complainant and John K. VanNess, et als., Defendants. } Fi. fa for sale of mortgaged premises.

By virtue of the above stated writ of fieri facies to me directed, I shall expose for sale by public vendue at the Court House, in the city of Elizabeth, in the County of Union and State of New Jersey, on Friday, the fifteenth day of June next, at two o'clock in the afternoon of said day, all that tract or parcel of land and premises hereinafter particularly described, situate, lying and being in the city of Plainfield, in the County of Union and State of New Jersey and in the Township of North Plainfield, in the County of Somerset and State of New Jersey, bounded and described as follows, viz:

Beginning at a point in the centre of Front Street, which point is in the southerly boundary line of land now or late of Franklin Wiley, and running thence along said line north 42° 59' west one thousand two hundred and seventy-five 37-100 feet to a point across the Green Brook; thence south 37° 45' west six hundred and ninety-five 83-100 feet to land of Madam Ruttka; thence south 44° 45' east forty two feet; thence south 19° 16' east still along said Ruttka's line eighty two 15-100 feet; thence south 44° 15' east one thousand one hundred and sixty 28-100 feet along said Ruttka's line to a point in the centre of Front Street, and thence along the centre line of Front Street north 37° 45' east six hundred and ninety-one 66-100 feet to the point or place of beginning. Containing twenty 54-100 acres of land. Excepting, however, thereout all those certain tracts or parcels of land and premises, situated, lying and being in the City of Plainfield in the County of Union and State of New Jersey, and in the Township of North Plainfield in the County of Somerset and State aforesaid.

First Tract: Beginning at a point and corner in the centre line of Front Street, and corner of lands formerly of Franklin Wiley; thence north forty-two degrees and fifty-nine minutes west twelve hundred and seventy-five and thirty-seven one hundredths feet along the line of lands of said Franklin Wiley formerly to a point and corner of lands of Jacob Cole; thence along the line of lands of said Cole in a course of south thirty-seven degrees and forty-five minutes west six hundred and eighty-one and thirty-five one hundredths feet to a point and corner in line of lands of William H. Davis; thence in a course forty-four degrees and forty-five minutes east eight hundred and twenty-one and eight-tenths feet to a point and corner of other lands this day conveyed by said Allen to said Helen C. THE ART OF HOMEMAKING.

How to Make the Real "House Beautiful" and How to Keep It Such.

BY ROSA C. EICHORN.

The word "home" signifies so many different things to people that it would be hard to catalogue them all. One of the most perverted ideas of home is that it is a place to turn to only when mind and body are wearied with social and physical demands and when illness compels indoor life.

Again, to some persons it is a place of incongruous combinations which afford no attractions or pleasures, but

BANISH THE HORSEHAIR SOFA TO THE ATTIC.

which along with the unfortunate things of life must be endured and tolerated.

To others it is a haven of rest and happiness, giving fresh strength and inspiration to meet the battles of life.

This last is what home should mean to each and every one of us, and it should be the one aim of parents to inculcate a spirit of beauty and sanctity into the home. There can be and is no place like home.

To accomplish such an end, to make a home in the true sense of the word, it is necessary for every member of the household to enter into the spirit of home devotion, even to the sacrificing of personal desire to that one family love. But particularly does it fall to the lot of women, mothers and sisters, to make the home an ideal place, one such that however far we may wander from our hearth the all powerful longing for home comes over us.

Man builds houses, but woman makes home. It is her genius and taste that predominate in every house, be it palace or cottage, and that endear the fireside to the family. Accordingly it should be her highest ambition to improve on and cultivate that inherited prerogative of womankind, "homemaking."

Those who inherit homes have the greatest difficulties to contend with. Traditions of the past and neighborly astonishment at contemplated changes are tyrannies that must be battled with. It may seem sacrilegious to banish horsehair sofas to the attic, together with cherished waxen flower effigies, but it must be done, and the sooner the better. If it should be your portion in life to inherit such an estate, be brave and face the situation. Womanly women have created homes out of most unpromising materials. Cultivate all your decorative tact and apply yourself to home decoration.

Men usually suppose that if they build a house, provide it with all modern improvements, call in a decorator and house furnisher and give them perfect freedom in the choice of furnishings they have made a home. They have created a furnished house, a stage without appropriate scenery and players, but they have not made a home.

No such ready made establishment will ever make the heart yearn nor arouse the associations of happy memories as does the home that has been built up little by little until the whole is felt to be a part of oneself and therefore not to be lightly parted with.

The eternal fitness of things must be the underlying motive in making a home. We all have at one time or another seen apartments whose decorations and furnishings appeared to have been made expressly for those particular rooms, the whole effect being so cozy and homelike it has haunted us with its memory until it seemed as though we would have to copy the ideas if not the exact fashion of the rooms before our spirit could rest in peace.

One of the chief pitfalls of the youthful house furnisher is the tendency to follow the mode of the moment. Cast from you as you would an evil temptation this love for the latest novelty. Nothing so marks you as lacking in common sense as does following the whims of a frivolous fashion that is bound to change almost before it has had time to establish itself.

Temper your decorations to the style of architecture followed in the construction of your house, and from the outset buy only such pieces of furniture as will improve with age. It is the lack of decorative taste that makes it so difficult to choose the proper paper for the rooms that must be redecorated, and, alas, this brings up again that common weakness for imitating.

Because your town friend, with her deep, narrow house, has tact enough to make her little 10 by 12 rooms bright and cheery by painting her valueless furniture ivory white and by keeping all the decorations in harmony don't, I pray you, return to your spacious country rooms and enamel your massive mahogany bedroom suit. Don't change your dull, warm draperies for some of lighter texture simply because you chanced to admire hers in her rooms, for if you do there will follow wretched hours of longing for the old soft tints, and you will probably never be able to get them back again.

A deep red paper with a gay old world frieze, together with a soft toned green ceiling paper and ivory paint, would have completed the color scheme and made your room a paradise.

The lighting, size and outlook must to a very great extent govern the furnishings of a room. For a south or southwest room a green wall is a beautiful contrast for dark wood furnishings. This, with chintz curtains in soft toned green color, somewhat lighter than the paper, but still in harmony, makes a charming scheme of decoration. Blue walls will show off the beauties of Chippendale and Sheraton furniture to the best advantage. Turquoise blue is the setting for Dutch marquetry. The latter furniture should never be placed against a flowery paper, for such an undertaking is doomed to disheartening results.

Another fallacy to be avoided in house furnishing is the prevalent desire for matching things. For instance, a flowery wall paper may suggest a flowered covering for the furniture. If you look far enough, you will undoubtedly find a covering that is the exact design of the paper. Window draperies and carpets come in those some patterns, doubtlessly intended to be a duplicate of the paper. Should you chance to be the victim of such an error you will be disappointed in the effect as you never dreamed it possible to be, and you will wonder why no one ever admires your room.

Color schemes should always be carried out to make a perfect production, but only in so far as tone is concerned. A flowered paper cries out for plain drapery in harmonious tints and a carpet that does not force itself upon the notice, but which has for its chief color the most mellow tone in the paper and which is repeated in the hangings and the furniture coverings.

The age of the house and the style of architecture should determine the style of interior decoration. A Queen Anne house, with all its little peaks and corners, must of necessity have the same sort of corners and peaks on the inside. In such a house there is scope for the æsthetic school of wall paper.

This brings up the suggestion that it is well to make one room, the morning or living room, the subject for especial care. People who live in inherited houses do not always have the choice of furniture, but it is nevertheless possible to give to each room the most flattering wall paper and a coat of paint that will bring out all the charms of the beautiful old furniture.

A change that is the cause of much pleasure and an inspiration to the love of home, especially in the growing

DON'T ENAMEL YOUR MAHOGANY.

child, is the variety that comes into the monotony of home rooms by frequent rearrangement of furniture and occasional repapering. One mother whom I know has the welfare of her family deeply at heart says that she makes it a point to repaper her morning room every spring.

"It costs only a few dollars, and it is such a grateful change to us all."

No wonder that when her children go away to a boarding school they are "homesick to death," as her eldest daughter once wrote, "for the sight of that homy room and its occupants."

The first consideration in room decoration should be the wall covering, for on this depends the success of the completed furnishings. So beautiful and inexpensive are the papers nowadays that there can be no excuse for not having at least one room in the house all that is to be desired.

BICYCLES and MOTORS

TRUNK LINE SIDEPATH.

To Be Constructed Between New York and Chicago by the League of American Wheelmen.

The League of American Wheelmen divisions in charge of the construction of the "trunk line" side-path between New York and Chicago are working with all possible speed on the project. While the work of organizing the proper committees is under way, the division officers are rapidly preparing the plans. These have so far progressed that the probable route has almost been definitely decided upon.

As now outlined the path (starting from the New York end) will run through Poughkeepsie, Albany, Schenectady, Amsterdam, Utica, Syracuse, Rochester, Batavia, Buffalo (N. Y.), Erie (Pa.), Ashtabula, Cleveland, Elyria, Toledo (O.), Butler, Goshen, Elkhart, South Bend (Ind.), to Chicago. This is practically the old transcontinental stage-coach mail route, and is the one generally followed by the Chicago-New York record-breakers.

The New York division is taking the lead in the undertaking, and expects to have practical results within a short time. Under the direction of Secretary-Treasurer, Bull maps have been prepared showing the paths already constructed in New York state, and engineers are at work preparing plans for the intervening stretches of road. When these are completed the side-path commissioners in the counties interested will build the connecting paths until there will be a complete stretch of them from New York city to the western boundaries of the state. The New York division will have supervision of 530 miles of the path, or more than half, as the total length will be 968 miles.

The Ohio and Indiana sections will not proceed so rapidly, as they have not the advantage of paths already built, but so enthusiastically has the project been received in those states there is no doubt they will be close to New York in finishing their respective sections.

That all possible speed may be given the construction of the big path, the L. A. W. urges all wheelmen, particularly those on the route, to become members of it immediately, that there may be funds available for the preparatory work.

SAILS FOR BICYCLES.

An Attachment to the Rear Wheel to Reduce Hard Work and Increase Speed.

Sails to assist in the propulsion of bicycles have been suggested before, and usually the attempt has been made to place them on the front wheel, or front head, but in the arrangement here shown the sail is attached to the rear wheel in such a manner that its weight helps to balance and steady the wheel. The sail is mounted on a mast, with the usual boom, and its movement is controlled by means of the reel shown just back of the head, on the top brace. When the rider unwinds the sheet from the reel the sail is free to assume an inclined position relative to the vertical plane of the bicycle, and when the sheet is wound up on the reel the boom brings the sail into the plane

BICYCLE WITH SAIL ATTACHMENT.

of the bicycle in case it is traveling against the wind, as no use can be made of the sail at that time. According to the inventor, however, when the wind is blowing in the direction of the travel of the bicycle, or at one side thereof, then the operator unwinds the sheet so as to allow the sail to assume a normal position to cause the force of the wind to assist in the forward motion of the wheel. The inventor is Rudolph Sorensen, of Ord, Neb., who seems to think that this form of wheeling will prove a distinctive and attractive feature of pleasure riding.—Louisville Courier-Journal.

Keep Your Eyes Wide Open.

Cyclists who purchase wheels now should be careful about the adjustments of the machine before using it. Machines sent out by dealers are often so hastily crated that everything is not properly looked after. The rider, anxious to use his machine, neglects to take time to make the critical examination of all the parts that is so necessary to safety. A machine with a loose or improperly adjusted handlebar may fail to hold at a critical moment, and a fall or a damaged bar may result. A pedal that is not screwed tight may work part way out. The careless or unskillful rider will fail to notice this until it has ruined the threads on the pedal pin or in the crank. Especially look out for the rear axle nut, for if it is not secure the chain will surely pull the wheel out of the true and against the frame.

THE PRETTY MAID.

"Where are you going, my pretty maid?"
"I'm going to Harker's store," she said.
"What will you do there, my pretty maid?"
"I'll get great bargains, sir," she said.

"He sells magazines at the publishers' price,
And his store is just delightfully nice.
He has pretty inkstands and paper weights,
Alphabet blocks and transparent slates.

"He has all the popular novels, too,
And special books he'll get for you.
He has paper napkins and fountain pens,
And the sweetest, loveliest, dearest things.

He has dominoes, checkers and playing cards,
Duplicate whist and tally cards,
Crokinole, archarena and also chess,
And all other kinds of games, I guess.

"He has papeteries in greatest array,
From the daintiest tints to the very gay—
"You've said quite enough, my pretty maid,
I must see that wonderful store," he said.

A Great Record.

Hard to Duplicate It in Plainfield.

Scores of representative citizens of Plainfield are testifying on the following subject. Such a record of local endorsement is unequaled in modern times. This public statement made by a citizen is but one of the many that have preceded it and the hundreds that will follow. Read it:

Mrs. Henry Bender of 118 West Front street, says:—"I suffered almost constantly from a dull aching pain across my back and hips. Any hard work always inceased it. I was also subject to severe headaches and dizziness when stooping and though I tried different plasters and home remedies I could not get relief. I saw Doan's Kidney Pills advertised for such troubles as mine, got a box at L. W. Randolph's drug store, used them according to directions and obtained a great deal of relief from them. In my estimation and from my experience Doan's Kidney Pills are a good reliable kidney medicine."

For sale by all dealers, price 50c. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name Doan's and take no substitute.

SCIENCE AND INVENTION.

TO PROTECT SOLDIERS.

Present War in South Africa Has Revived the Question of Bullet-Proof Outfits.

The present war in Africa has revived the question of shields for the use of troops in the field, and several lectures have recently been delivered by English officers advocating the use of some arrangement to protect the men while attacking intrenched positions defended by smokeless powder, says the Philadelphia Record. In a recent lecture Capt. Furse believed that none of the objections made against

BULLET-PROOF SHIELD.

bullet-proof mantles held good with sufficient force to prevent their use.

He advocated a form of mantlet which would, he maintained, fulfill the following conditions: It afforded complete bullet protection, gave the men a good field view and enabled free movement, would be equally efficient in retreat and advance, and would be suited to enable men to destroy obstacles, such as barbed wire. It should be easily moved and taken to pieces and stowed away.

The lecturer proposed a "roller mantlet" weighing about 200 pounds, consisting of a cylinder, about 15 feet long and 3½ feet in diameter, of thin steel, carried a foot above the ground by wheels at each end, with a handle for pushing and pulling, in advance and retirement, respectively.

Each mantlet should cover six men and a line should be formed of them, with about two paces between them. Two hundred would cover a front of half a mile. Chrome steel one-fifth inch thick enables the cylinder to be bullet and shrapnel bullet proof at 100 yards, and as the roller forms pre-

SEVERAL SHIELDS UNITED.

sents the plate as a circle, it is practically proof at any range.

It is suggested that when halted men could fire below as well as above it, and one mule could draw two or three mantlets if required, or carry one packed up.

Another devise that has long been advocated and recently put in working shape is shown in the accompanying illustrations. It consists of a steel shield made to be used singly on a rifle or else fitted shield to shield so as to build up a larger defense. Each shield is, of course, made of the best steel, with as hard a face as can be given to such thin metal. If made of a thickness of three-sixteenths inch it has been found proof against musketry at all ranges; that is, the leemetford bullet with cordite ammunition. Made of the size shown in the illustrations it weighs 12 pounds 14 ounces. A seven-pound shield, three mm. thick, is good for 400 yards, and one weighing five pounds, 13 ounces, 2½ mm., is suited for 600 yards and over. The lower figure shows several shields united together. As there are eight shields here united the arrangement suggests a supply beyond what men could carry on the march.

House Made Fireproof.

A wooden house that would not burn was put to the test in New York the other day. The structure had been treated with some preparation that is warranted to render wood fireproof, and the test tended to bear out the claim. The experiment was conducted under the supervision of the New York board of fire underwriters and the building and fire departments of New York. The building was two stories high, with a large space beneath in which a fierce fire was set going. Some of the visitors remained in the house during the test and suffered no inconvenience. The fire was said to be strong enough to burn down any ordinary building in New York, but it did no harm to the prepared wood beyond charring it a little.

The Velocity of Light.

The velocity of light is 192,000 miles in a second of time. From the sun light comes to the earth in eight minutes. From some of the fixed stars of the twelfth magnitude it takes 4,000 years for the light to reach us.

PARTICULAR MENTION.

Miss M. G. Morse, of Franklin place, is confined to her home with illness.

Harry Rogers, of West Fifth street, has taken a position at the Campbell Press Works.

William Swaim, of West Front street, has been spending a few days at Somerville.

Silas Leonard, former Chief of the Rahway Fire Department, called on Plainfield friends today.

Miss Dumont, of East Seventh street, has gone to Kentucky to spend a few weeks with friends.

Mr. Mettler, of Marconnier chapel, will lead the East Third Street mission meeting at 8 o'clock this evening.

Mrs. E. M. Laing, of Grove street, went to New Brunswick this week to attend the reunion of the alumnas of the Hannah Hoyt School.

Miss Rodman, of Kensington avenue, has sent out invitations for a tea in honor of her friend, Miss Coe, Saturday, May nineteenth, at 4 o'clock.

EARLY INTELLIGENCE.

—Drake & Mundy, 153 West Front street, will have a special sale on all kinds of meat after 12 o'clock on Saturday.

—The small boys' hearts will be gladdened by the announcement that Welsh Brothers' circus will exhibit in Plainfield on the 25th and 26th of this month.

Almost One Hundred Years Old.

Peter Jackson, aged ninety-nine years, who, for twenty-five years was a resident of Kentville, N. J., died yesterday at the home of his daughter, Mrs. Peter Robinson, Mountain avenue. Mr. Jackson was born at Millstone and has always lived in New Jersey. For some time past he has been living at the home of his daughter. Death was due to old age. The funeral services will be held from the home of Mr. and Mrs. Robinson, Mountain avenue, tomorrow afternoon at 3 o'clock. Interment will be at Samptown.

Exact Cause Not Yet Known.

Plainfield people are anxiously waiting to receive a report from the health authorities concerning the recent scarlet fever epidemic. As yet no definite cause for the outbreak has been given and as it is nearly a month since it was discovered it is thought by many to be about time for a definite statement.

To Change Date of Meeting.

After next Sunday night, the meeting of the Christian Endeavor Society of Marconnier chapel will be held on Wednesday evenings instead of Sunday evenings while the Junior Endeavor Society will be held Wednesday afternoons.

Yum! Yum!

The first strawberry festival of the season will be held this evening at Monroe Avenue M. E. church under the auspices of the Ladies' Aid Society of that church. An informal programme will be given during the evening.

Pleasant Social Time.

The Misses Dunham, of Sandford avenue, entertained about twenty-five of their young friends at their home last evening. A genuine social time with plenty of good music helped to pass a most pleasant evening.

Officers to be Elected.

The regular meeting of the Women's Association of the Congregational church will be held this afternoon in the church parlors. The officers for the ensuing year will be elected and reports will be read.

Meeting of Creditors Adjourned.

A meeting of the creditors of A. D. Thompson which was to have been held at the office of Mr. DeCosta, Newark, has been adjourned to May 24th, at the same place.

Milk Producers Make Demands.

ONEONTA, N. Y., May 17.—Many milk producers hereabouts are members of the Five States Milk Producers' association, and nearly all those who deliver milk at Schenevus and Maryland, Otsego county, have withdrawn until their demand of 85 cents per can is granted. They are now receiving 64 cents for 40 quart cans at Schenevus, where 75 cans are usually sent. Only two were shipped Tuesday. The farmers are apparently determined and are making provisions to care for the milk until their request is granted.

Montana Indians Restless.

WASHINGTON, May 17.—The secretary of the interior has received information that the Indians on Tongue river in Montana are becoming restless and that an incipient "messiah craze" has made its appearance there. The officials believe that not much importance should be attached to these developments, but the matter has been referred to the war department with a request that the military authorities at the nearest army post investigate and if necessary take steps to preserve order.

THE ABSINTHE VICE.

Attacked in a Powerful Way by a High French Official.

Gen. Galliffet, Minister of War, Prohibits Sale in Army Camps and Barracks of Strong Alcoholic Beverages.

Gen. Marquis de Galliffet, French minister of war, again proved his bravery when he dared to promulgate an order that hereafter no absinthe, vermouth, brandy or other spirits shall be sold in any French barracks or camp.

Gen. de Galliffet does not propose to fill the lunatic asylums with his braves of the army. Hereafter French soldiers in barracks and camps will have to content themselves with wine, beer and cider.

Gen. de Galliffet's bravery in issuing such an order is the more remarkable when one remembers the immense consumption in France, and particularly by soldiers, of brandy and the so-called "aperitifs," such as absinthe and vermouth. "Aperitif hour," between six and seven p. m., is an institution in France, especially in Paris. The cafes are filled with men sipping the opalescent absinthe and the appetizing vermouth.

But for some time leading medical men have strongly condemned the habit, declaring that brandy and the chief alcoholic concoctions sold as "aperitifs" are rapidly making lunatics of those who habitually drink them to excess.

Mulhall "Dictionary of Statistics," revised to November, 1898, contains these statistics as to the insanity in France caused by drink:

Year.	Number.	Per 100,000 inhabitants.	Caused by drink, P. C.
1851	46,400	129	8
1856	59,900	168	9
1866	90,100	238	14
1869	94,800	247	15
1879	93,970	252	15

And the dictionary adds: "The form of insanity known as folie alcoolique is twice as frequent now as it was 15

GEN. DE GALLIFFET.
(Minister of War in the Present French Cabinet.)

years ago, and the number of persons placed under restraint on account of it has increased by 25 per cent. in the last three years. This is ascribed to the increased consumption of alcohol."

As every tippler knows, absinthe is an opaline green liquor, an alcoholic extract of wormwood, redistilled. When occasionally used it is supposed to be a tonic and stomachic. But when foolish men habitually drink it to excess they are apt to get into a madhouse to be treated for a morbid condition different from ordinary alcoholism. They may have vertigo or convulsions resembling epilepsy, or hallucinations, without any other symptoms of delirium tremens. Vermouth is made of white wine flavored with wormwood and other ingredients.

De Galliffet is brave to forbid the sale of these favorite drinks at camps and barracks. He risks his popularity to do good to men who will be thankless. But de Galliffet has always been brave, in the Crimea, in Africa, in Mexico, at Sedan, in Paris, when he thrashed the communists, on the dueling field. The minister of war, who shows so much care for other men's stomachs, wears a silver plate over his own stomach. It covers a frightful wound that would have killed most men.

The Depth of Cyclones.

From the study of clouds Prof. F. H. Bigelow, of the United States weather bureau, concludes that the ordinary cyclones which traverse our country from west to east are not more than two or three miles in depth, although their diameter is many hundreds of miles. In other words, their motion does not affect the upper regions of the atmosphere. In the case of hurricanes Prof. Bigelow finds that the depth is greater, amounting to as much as five or six miles. But the higher currents blow directly across the cyclonic and anti-cyclonic areas which produce storms and fair weather at the surface of the earth. Some of Prof. Bigelow's conclusions upset former ideas concerning the circulation of the atmosphere.

Simple Business Methods.

The recent death of a member of a Sedalia (Mo.) firm disclosed the fact that for 30 years the firm had kept no account books. It did a strictly cash business, and divided the day's receipts each night, share and share alike. When a bill of goods was purchased each member of the firm paid one-half of the money, carried in his pocket.

BROKE JAIL.

Six Tramp Prisoners Escaped From the Middlesex County Jail Last Night.

(Special to The Daily Press.)

New Brunswick, May 17.—Sometime during last night six men, who were recently committed to the county jail under the tramp act, made good their escape and not a trace of them has been found. The tramps cut a hole in the cell and then made a hole through the roof. By tieing several blankets together an easy way of escape was made possible. The men had not committed any serious crime and had only a short time to serve. They were not missed until daylight when the keepers happened to pass the cells and discovered that they were not there.

EMBARGO RAISED.

S. B. Wheeler Now Privileged to Distribute Milk Again.

The following letter was received from Dr. Hunt, of the State Board of Health, this morning:

Office of the
Board of Health of the
State of N. J.
Trenton, May 15, 1900.

Mr. S. B. Wheeler, Plainfield, N. J.

Dear Sir—The prohibition placed upon the sale of milk from premises owned or occupied by you in the city of Plainfield under date of April 30th, 1900, is hereby removed.

A. Clark Hunt,
State Sanitary Inspector.

To the Editor of The Daily Press:—Having been relieved by the State of the prohibition placed on me for the last three weeks, I am free to sell milk again, and wish to say a few words to my old customers and the public.

Nothing has been found by the most thorough investigation to connect the scarlet fever with my milk. There have been so many false reports that I want to contradict the most serious ones, and have tried to wait for the right time to do so.

First—Not one of the people connected with the production or distribution of my milk, all of whom have used it freely, have taken the fever.

Second—I have not sold my milk business to anyone, as reported, and have never thought of such a thing; but, on the contrary, I intend to put my milk on the market in shape and under such conditions that there never can be a question in regard to its purity.

I claim now that for nearly fifteen years I have furnished the purest and most wholesome milk that this place has ever had, and not one day have I failed to serve my trade.

In as short a time as possible, (it may be a week or more), I shall be ready to serve milk to those who desire it again.

From time to time I shall have something to say in our Plainfield papers on the subject of milk and the care of milk, cows and their care, and the diseases of the cow, and other things in general connected directly with healthy milk.

Samuel B. Wheeler.

Licked His Wife.

A well-known North Plainfield resident engaged in a family quarrel with his wife last Tuesday afternoon, and it is said that he beat her in a disgraceful manner. Just what caused the trouble cannot be learned, but after the man had knocked his wife out he fled, and has not been seen since.

John Carney Entertained

John H. Carney was present at the entertainment given under the auspices of St. John's Episcopal church, at Bayonne City, held in the Lyceum last evening, and with his German drollery made many new friends. This was Mr. Carney's second appearance for the above church.

SEVEN DAYS IN JAIL FOR NOISY NEWSBOYS

But City Judge Runyon Agreed to Defer Sentence During Boys' Good Behavior.

ARRAIGNED YESTERDAY P.M.

DR. R. J. SHAW WAS CHIEF COMPLAINANT AGAINST THEM.

Editor Runyon Blamed the Police for Allowing the Disturbance—Eleven Boys Were Brought Before the Judge—Two Were Missing.

Seven weary days and nights in the city jail! When little "Man Eater" Mullen, one of the smallest of the offending newsboys, thought of it he dashed away the tears that would gather with the corner of his cap and tried to look brave. "Gee Wah" Willie's face took on a far-away look as he thought of that week of prison life. The nine other newsboys who faced City Judge Runyon yesterday afternoon began to realize that the Judge was in earnest.

Then the Judge brought renewed joy to the hearts of the lads. He was going to give them a chance, he said. That sentence of a week in jail would be temporarily suspended during their good behavior. If they offended once more, he carefully instructed the police to lock them up at once and let them serve the sentence out in full.

Anyone who has happened in the neighborhood of Front and Somerset streets during the afternoons has heard these same newsboys. They congregate at that corner, play baseball and other games, and step inside the neighboring hallways to settle their numerous disputes. Wednesday afternoon Patrolman Mattox raided the crowd and captured eleven of them. Two more were added to that number later.

They were all ordered up before the City Judge yesterday afternoon, when Dr. R. J. Shaw appeared as the chief complainant against them. Dr. Shaw has suffered most from them. His customers were jostled about as they entered and left the store, while the noise outside made it almost impossible to hear. Lawyers in the offices above complained of the same trouble.

After hearing Dr. Shaw, Judge Runyon called upon Editor Frank W. Runyon, of the News. Editor Runyon declared that the police force was really to blame for it all as the efforts to keep order there was so lax. Lawyer Robert M. Clark, whose offices are close by, was asked to tell his experiences.

Then the Judge asked the boys what they had to say. "Gee Wah" and "Freckles," two of the leaders in the newsboys' strike last fall, were the chief speakers. The boys admitted that they did make a good deal of noise and that they had been warned to desist at intervals. They had forgotten about the warnings, they explained.

The boys who appeared before the Judge were Joe Gjettleseen, commonly known as "Curly," Howard Ayres, Ray Hall, nicknamed "Razoo," Willett Hall, better known as "Freckles," William Willis, called "Gee Wah" by his associates, Jack Caufield, William Mullen, the "Man Easter," William Lunpkin, Charles Mitchell, William Jones and Arthur Jones. The Halls, Willis, Lunpkin, Mitchell and the Joneses are colored lads. Dan Muldowney, often called "Leather," and Larry Bray were ordered to appear but failed to do so. They will probably be arrested on sight and receive a more severe punishment.

After the Judge had heard all the testimony, he decided that the boys were guilty on their own statement. Then came the awful sentence and the temporary reprieve on condition of good behavior.

Bad Conduct of Children.

Residents of the West End have been greatly annoyed of late by children running across their lawns and stealing flowers, sometimes ruining a whole bush. This is especially the case with lilac bushes, many of them being broken down for the sake of a single flower. Complaint has been made to the authorities, and a continuance of the mischief will end in someone's arrest.

VETERANS OF JERSEY.

G. A. R. ENCAMPMENT BEING HELD AT TRENTON.

There Are 111 Posts in the State, Possessing a Membership of 5,875.

(Special to The Daily Press.)

Trenton May 18—The twenty-third annual encampment of the Grand Army of the Republic, Department of New Jersey, began here yesterday and will continue today. Annual meetings of the Woman's Relief Corps and the Ladies of the Grand Army are also being held.

The veterans were called to order by Commander Barrett, of Camden, and Major Frank O. Briggs, of this city, made an address of welcome. Capt. E. V. Richards, of this city, is the leading candidate for the position of department commander. With the election of officers today five representatives will be chosen to the National Encampment. The department commander called attention to the fact that 40 per cent. of the Grand Army of the Republic of New Jersey took part in the parade at Philadelphia, and to the uniform courtesy with which he had been received by all the posts and auxiliaries in all parts of the State.

The report of Assistant Adjutant H. L. Hartshorn showed that there are 111 posts in the State, one having been instituted and one having been disbanded in the last year. The membership at the beginning of the present year was 5,875, and there were 208 deaths in 1899. The expenditures for charitable purposes were $9,131.29 and the finances of the State organization are now in good shape.

JUST ESCAPED.

Thrilling Adventure of Tony Lusardi on a Railroad Crossing at Westfield.

(Special to The Daily Press.)

Westfield, May 18—"Tony" Lusardi, the Plainfield fruit dealer, while driving through this place last evening about 10 o'clock on his way home from Newark, had a most narrow escape from being instantly killed. It was quite foggy at the time and the gateman at the railroad crossing called to Lusardi to come on, meaning that the track was clear. He then drove on the crossing, and as he was passing over he was frightened almost into hysteria by the long and shrill whistle of a locomotive. He looked down the track towards Plainfield and saw a Royal Blue Line train coming toward him at the rate of sixty miles an hour.

His first thought was to get off the crossing, but he soon learned that he was fast, for the gateman had let the gates down and he was compelled to remain where he was. The fast train did not slacken its pace, and as it went by, Lusardi sat speechless and motionless. The engine and cars just grazed the hind wheels of his wagon. A more frightened man one never saw. It was fully five minutes before he could collect his senses and drive off the crossing. He did not recover from his fright all night and even today he is suffering from the effects of it.

IT WAS A BONFIRE.

Fog Made It Look as Though House Was Ablaze.

When Charles Addison Mann, of 1308 Watchung avenue, glanced out of the window last evening, he thought the whole neighborhood was afire. The fog, which was very thick at the time, was all illuminated and flames were to be distinguished in the direction of Lake street. So he notified fire department headquarters by telephone at 8:30 o'clock.

Chief Doane and No. 2 hose wagon went out to investigate. They found a large bonfire in the rear of the house of Floyd Wormser, 1321 Lake street. In the fog it looked as if the house itself was burning.

New Tribe of Red Men.

Great Sachem Newcorn visited Whithouse last night and instituted a new tribe of Red Men. The tribe started out with a very large charter list. A reception was held later at which speeches were made by a number of noted Sachems.

To Attend Funeral of Late Rowland Cox.

The club car "Plainfield" was sent out from Jersey this afterncon on the train arriving here at 2:08 o'clock. It was filled with the New York business men who will attend the funeral of the late Rowland Cox at Grace P. E. church this afternoon.

Trolley Car Derailed.

For some time last evening trolley passengers on the Netherwood line were obliged to get out at Putnam and Woodland avenues and continue their journey on foot, as the track was blocked by a derailed car.

MAY QUEEN CROWNED.

Miss Charlotte Anderson the Best Gowned Woman, and She Was Honored.

The May Queen was chosen and properly crowned with a wreath of real flowers at the entertainment held in the Filmore Baptist church last evening. In addition to the selection of the Queen, there was a varied programme of songs and recitations by colored talent.

It was announced that the finest gowned woman at the entertainment would be chosen Queen, and so the women of the congregation bedecked themselves in their best raiment and entered into the contest with zest. A committee of judges composed of James Brown and Denny Thompson, of Westfield, Madison Williams, Benjamin Monroe and Clayborn Goffney, was appointed to make the choice.

There was much excitement when the candidates for the regalia honors passed before the judges. After due consideration the judges awarded the wreath to Miss Charlotte Anderson.

The programme included several vocal solos by Mme. Harper, of Jersey City, selections by the Black Diamond Quartette, composed of John Taylor, William Wilson, Watson Randolph and Oscar Nelson, vocal solos by Miss Sarah Valis, vocal solos by Miss Ella Randolph, vocal solos by Arthur Kennedy, and recitations by Miss Florence Randolph and Miss Mary Randolph.

NO BRIGADE ENCAMPMENT.

Governor Favors Sending Regiments to Sea Girt Separately.

Officers and men or the Second Brigade, New Jersey National Guard, will be surprised and disappointed to learn that Governor Voorhees has put his foot down on the plan for a brigade encampment at Sea Girt. The Governor has written General William H. Cooper, the brigade commander at Camden, suggesting a regimental camp, and asking his co-operation in the matter. General Cooper had made preparations for a brigade camp, and is sorely disappointed, for he has not had a chance to handle his brigade since he was put in command.

Wires to go Under Ground.

(Special to The Daily Press.)

Elizabeth, May 18.—The City Council has given two weeks' notice of intention to grant the privilege to the New York and New Jersey Telephone Company of placing its wires in this city under ground. There has been quite an agitation on the subject for some time, and the feeling now is that some kind should be taken on the matter. The ordinance, after being published for two weeks, will then be taken up for final passage. The poles now used by the telephone company may be utilized by the Suburban Electric Light Company.

Death of an Infant Son.

In the death of Henry F. McCarthy, Jr., infant son of Mr. and Mrs. Henry F. McCarthy, of 36 Westervelt avenue, which occurred last evening, much sympathy is expressed for the parents. Mr. and Mrs. McCarthy moved to Plainfield last Friday from Brooklyn, and their son was dangerously ill when they arrived here. Dr. Probasco was called and did all that was possible for the little one, but the attack of meningitis was so severe that the physician gave up hopes of saving the sufferer.

Not Killed in the Philippines.

It was reported in town last night that John Kuhn, formerly of Watchung avenue, but who is now a soldier in the Philippines, had been killed in an engagement with the Filipinos. The report is not true, however, as the John Kuhn mentioned in the killed belonged to the Forty-third Regiment, while the Plainfield man is in the Twenty-seventh. Kuhn is well-known in Plainfield, where he is familiarly known as "Cooney."

Camp Northfield.

Information about the conferences to be held at Northfield this summer may be obtained at the Y. M. C. A. building. Circulars about the conference of eastern and Canadian Y. M. C. A.'s are ready for distribution. Those who wish to tent at Camp Northfield can secure board from June 30th to July 8th for $5.15, including registration fee. The college students will be at Northfield at that time.

Graduation of Nurses.

The graduation exercises of the nurses' training school of Muhlenberg Hospital will be held in the chapel of the Crescent Avenue church Tuesday evening. There are three young women who have completed their course and will receive diplomas. They are Miss DeLany, Miss Stryker and Miss Studeman.

Home-Made Instruments.

A feature of the entertainment to be given by the Young Men's Association of Hope chapel next Tuesday evening will be the Jenrenaud Brothers, who will give a number of selections on home-made musical instruments.

IN ITS TWELFTH YEAR.

ANNIVERSARY OF WARREN CHAPEL ENDEAVORERS.

Encouraging Reports Made by Officers and Interesting Remarks Heard.

The twelfth anniversary of the Christian Endeavor Society of Warren chapel was held last evening in the chapel. There was a large attendance of the members of the home society and Endeavorers from other societies about the city, including Marconnier chapel.

The chapel was prettily decorated with an abundance of dog-wood, while the colors, orange and black, green and white, were strongly in evidence through the use of bunting that was draped about the sides and from the ceiling.

President Fred Bach, was in charge of the programme. Rev. J. O. McKelvey spoke a few words of welcome and congratulation. Then followed the reading of the report of the secretary, Miss Adele Hope Kirby. The report was read by Miss Hattie Squires. It shows a membership of 34 active, 32 honory, 2 associate.

The report of the treasurer, Miss Dora Bennett showed that $133.61 had been received during the year, and this with the balance from last year made the total receipts $140 92. There was expended $135.91, leaving a balance of $5.01. The report of the secretary of the Junior Christian Endeavor Society by May Seader shows that there are 34 members on the roll, with an average attendance of 21. The sum of $35 was received during the year, of which $29 was contributed to Miss Rachel Maier's work in Africa.

President Bach then introduced Miss Florence G. Hawkins, of this city who gave a brief talk on the subject of "How May a Christian Endeavor Grow?" Her points were earnestness, devotion, gentleness and lastly entire consecration to the service of Christ. Following Miss Hawkins, Mrs. David M. Runyon, made a few congratulatory remarks, and spoke along the line of missions.

The last speaker was Dr. Ward, of Lyons Farms, who has talked before in this city. His main thought was "More Love for Christ and the Christless." He said that ideals have always ruled the world and always would, and he spoke of making Christ the ideal. He urged the general adoption of the "quiet hour," and of greater service for the cause of Christ.

After the addresses a social time was enjoyed, during which ice cream and cake were served. The social committee in charge consisted of Theodore Martin, George Zimmer and Mrs. Flamer. The committee on anniversary was composed of Miss Margaret Sheppard, Theodore Martin and Miss Georgie Galloway, and those who decorated the chapel were Miss Edith Vail, Miss Hattie Wilson and Miss Anna Martin.

REPUBLICAN CLUBS.

Executive Committee Decides to Hold Convention in Jersey City Sept. 13.

At a meeting of the executive committee of the State League of Republican Clubs of New Jersey, held in Lincoln Hall, Pavonia avenue, Jersey City, Thursday last, it was decided to hold the annual convention of the League in Jersey City Sept. 13th.

The executive committees and the vice-presidents of the various Congressional districts were authorized to select delegates to the National convention of Republican clubs, to be held in St. Paul, Minn., July 17-19. The representation will be four delegates from each district and six at-large. It was also decided to invite Governer Roosevelt to address the State convention.

Invitation Musicale.

Miss May Vincent Whitney announces an invitation musicale for Tuesday evening, June 5th, in Y. M. C. A. Hall. Miss Whitney will be assisted by Miss Bertha Hurst Whitney, reciter; Raymond A. McGee, basso; Frank T. Ogden, baritone; and Miss Jessie Utter, organist. A feature of the programme will be the rendering of the overture of "Tannhauser," for ten hands, and also Gottschalk's brilliant arrangement of Rossini's "William Tell" for four hands.

Elected Church Trustees.

At the special parish meeting held at the First Baptist church Wednesday evening, F. E. Kinsman was elected a trustee for the full term, and J. Herbert Case was chosen a trustee to fill the unexpired term of the late John D. Runyon.

Resolutions of Condolence.

A meeting of the vestry of the Grace P. E. church was held Wednesday evening when resolutions of condolence on the death of the late Rowland Cox were passed.

AT THE DINNER.

Everything Promises That the Democrats Will Have a Fine Time Tomorrow Night.

Tomorrow night at the Hotel Kensington the Democrats of Plainfield and many other towns and cities throughout the State will set down to what will undoubtedly be the most successful and important political-social dinner given in the State in several years. Prominent leaders of the party from every section of the State will be present. Many political dinners have been given in the State recently, but none have taken place where there will be such a distinguished list of guests representing every element and every part of the State as at the affair tomorrow night.

All the necessary details to make it successful have been arranged and completed. Rogers' full orchestra will be present and discourse music during the time the dinner is being served. Mr. Rogers has arranged the following select programme to render:

BISHOP WIGGER HOME.

Found Sentiment in Europe Strong in Favor of the Boers.

Right Rev. Bishop W. W. Wigger arrived from the Holy Land yesterday morning on the steamship Werra of the North German Lloyd Steamship Company, after an absence of six months. He expressed himself as much pleased with his trip. He said he celebrated mass at midnight on Christmas night in Jerusalem. The Bishop was accompanied on his trip by the Rev. L. C. M. Carroll, of Jersey City.

He said that in every place he visited the public were in sympathy with the Boers, and they seemed to be very bitter against England. The general health of Bishop Wigger has been good and he looked very well. He was given a reception last night at Seton Hall College, South Orange.

LOOKING FOR FIREBUG.

Residents of Belle Mead Alarmed by Many Recent Fires.

The village of Belle Mead is excited over many fires that have recently occurred there and its residents are watching their houses every night in the hope of catching a firebug.

Saturday morning the barn of William Moore, together with five valuable horses, a quantity of machinery and a valuable library, Mr. Moore had just purchased, was burned.

Saturday night the barn, outhouse and wagon shed on Charles Cook's farm were burned. That same night the hay barn of Voorhees Everett, containing a large quantity of hay, was consumed.

Fast Bike Riding for a Boy.

Leo, the seven-year-old son of Harry W. Leek, manager of Callahan & Son's meat market, rode from Morristown to Plainfield yesterday afternoon, a distance of twenty miles, in two hours and a half, including two stops. This youngster rides a Favorite wheel, sold by G. H. Kenyon, of West Front street, and only learned to ride last month. He has rode eighty-five miles since last Monday morning.

To Put in New Machinery.

Hand & Son have been given the contract for removing the old machinery from the ice plant of the Hygeia Ice Company on North avenue and installing new machinery that has been purchased. The old equipment was not entirely satisfactory and the company has decided to entirely re-equip the building with new machinery for the making of ice.

Pay Car Jumped the Track.

A locomotive attached to the pay car on the New Jersey Central Railroad jumped the track at Vineland yesterday, but, owing to the slow rate of speed at which it was moving, nobody was injured, and the engine only was slightly damaged. On the train were Paymaster C. W. Kingsman and Conductor Durling.

Macadamizing Johnston's Drive.

The work of macadamizing Johnston's Drive from Somerset street to the Mountain Park Inn is now well under way. This is being done so as to make the road smooth for the automobile that will soon make freqent trips up the mountain.

After the Truants.

Already Chief Marshall Campbell, truant officer of the borough, has been after some children who persist in staying away from school. Some of them are of the disobedient kind and will have to be closely watched.

GOOD TIME FOR GERMANS

MUSIC WAS HEARD AND MUSCLED MEN PERFORMED.

Calisthenic Exercises Were Gone Through With—Several Pretty Musical Numbers.

The annual Lent concert and show turning under the auspices of the Plainfield Gesang and Turn Verein, was held last evening in the hall on Somerset street. It was largely attended. The programme opened with selections by Eugene O'Reilly's orchestra and selections by the singing section of the society.

Then followed calisthenic exercises by the junior class of turning section, under the direction of Prof. Metzger, and side horse exercises by members of the same class. A feature was the appearance of Mrs. Bartlett, who gave a number of comical songs. She was accompanied by Miss E. Vordermeier on the piano. Mrs. Bartlett made a decided hit and was recalled several times. There were violin selections of unusual excellence by George C. M. Smith and pleasing vocal selections by Charles Dresselt.

A tenor solo by Prof. Eichhorn, leader of the singing section, was greatly enjoyed, as was also the vocal selection by E. Luthman, P. Postler, W. Gartner and Charles Dresselt.

One of the most interesting features of the affair was the work on the horizontal bar by the senior class of the turning section, in charge of Prof. Metzger. Their work was of a high class and showed great improvement in the various feats.

A selection by the singing section brought the program to a close, after which dancing was enjoyed until a late hour. Music was furnished by Eugene O'Reilly's orchestra.

WOMEN'S ASSOCIATION.

Mrs. W. B. Wadsworth was Chosen President—Report of Officers Showed Excellent Condition.

The annual meeting of the Women's Association of the Congregational church was held yesterday afternoon in the church parlors. The report of the officers were made showing the society in excellent condition with a growing membership and a balance in the treasury.

The election of officers was held and resulted as follows: President, Mrs. W. B. Wadsworth; vice-president, Mrs. John M. Whiton; treasurer, Mrs. L. B. Morgan; chairman missionary department, Mrs. C. L. Goodrich; treasurer missionary department, Mrs. A. C. LaBoyteaux; chairman local charities department; Mrs. E. L. Suffren; treasurer local charities department, Mrs. Floyd Fuller; chairman social department; Mrs. E. M. Laing; treasurer social department, Mrs. E. E. Chase.

WHERE IS GARRIGAN?

Was Employed in West End Grocery, But Has Not Been Seen Since Tuesday.

Last Tuesday afternoon Thomas Garrigan, an employe of W. W. Wilson, the West End grocer, was sent on an errand to Young's shoe store on South Second street. He did not go to Young's, neither did he return and nothing has been seen of him since.

Garrigan has been employed by his brother-in-law, William Wilson, for the past six months and has always been a sober steady man. He is about 35 years old and has a wife and several children in New Brunswick, where he formerly lived. His mother who also lives with Mr. Wilson went to New Brunswick yesterday but his wife had not heard anything from him and was unable to account for his disappearance. As he has had no recent trouble of any kind his action is a mystery to those concerned.

Native of Greece Dead.

Nicola Troiano, aged 66 years, a native of Greece, died early this morning at the home of his son, John Troiano, Grove street. He had been ill with measles and pneumonia developed, which caused death. Troiano has lived in this country ten years and for some time past worked at Chapot's chamois factory. He leaves a wife and a son. The funeral services will be held from St. Joseph's church tomorrow morning at 9 o'clock. Interment will be in St. Mary's cemetery.

An Excited Horse.

One of Alvin E. Hoagland's spirited horses gave an exhibition on North avenue this morning that promised some excitement. The animal started to run away and in doing so upset Thomas Finney's express wagon in his attempt to clear the avenue. Mr. Hoagland's horse and wagon went right over the top of Finney's rig, but several men on the other side stood ready to capture the fractious steed and subdue him before he could get away. There was no damage.

GETTING READY TO COUNT FOR UNCLE SAM

Census Operations Will be Started Thoroughly by the First Day of June.

WORK OF SPECIAL AGENTS.

ONE OF THESE OFFICIALS MAY BE LOCATED HERE.

The Enumerators Are Receiving Careful Instructions as to the Work That it is Expected They Will Do.

Inquiries made of Supervisor Tunis, of the district census office, as to the progress being made in the preliminary work of arranging for the next census, elicited some extremely interesting information. The supervisor has had a force of clerks and stenographers busy for some time, and all preliminary arrangements for the census taking have been practically completed.

Supervisor Tunis stated that all enumerators of this district would in a few days be supplied with full outfits from which no requisite would be omitted. He also expects to notify Director Merriman May 21st that he is ready to begin the enumeration of the 12th census June 1st.

With the exception of a few cases, the enumerators have been sworn in and commissioned.

Books of instruction more comprehensive, concise and clear than any ever before issued have been furnished to the enumerators, and the results under these instructions must compare favorably with any heretofore accomplished along similar lines.

Among other matters of immediate importance the Supervisor is just now engaged in a careful investigation into the qualifications of candidates for interpreters to assist in enumeration of the population where there is any considerable non-English speaking element, and in selecting special agents for the collection of statistics relating to manufactures. This branch of the work will immediately follow the enumeration of the population, and it is intended to have it completed if possible during the month of July.

Mr. Tunis, himself, as supervising special agent, will look after this branch of the business in New Brunswick and will probably locate the six special agents who are to assist in the work throughout the district as follows: Two (if not three) in Elizabeth; one each in Perth Amboy, Somerville and Lambertville, and if only two in Elizabeth he may name one for Plainfield. He states, however, that fitness for this special class of work must be a prime qualification for every candidate presented for these positions.

It is believed that most, if not all of them, have been already selected and strictly along this line which is in consonance with instructions from the department.

FIRST OF THE SEASON.

Strawberry and Ice Cream Festival Given by Monroe Avenue Methodists.

The first of the ice cream and strawberry festivals of the season was held in the Monroe Avenue church last evening, under the auspices of the Ladies' Aid Society. Strawberries and cream were on sale and found many ready buyers, who formed little groups and enjoyed a social chat while disposing of their purchases. A candy table, in charge of Miss Lottie Aldrich and Miss May Brower, secured a good share of the patronage. No regular programme had been arranged but those present were entertained by volunteered vocal and instrumental music, which helped to pass the evening pleasantly. The waitresses were Mrs. Eakins, Mrs. Batson, Mrs. LaRue, Miss Stafford, Miss Aldrich and Miss Brower.

Free Delivery for Cranford.

(Special to The Daily Press.)

Cranford, May 18.—The free mail delivery system was inaugurated here yesterday with two carriers and one substitute. The first collection was made at 6:30 o'clock. There are eighteen boxes distributed about the settled portion of the town, the farming section being left out. There have been three examinations of candidates for the position of carrier, which so delayed the institution of the system that it was thought to be extremely problematical if it ever would be an accomplished fact.

To Speak for the Medical Staff.

Dr. M. B. Long will make an address next week Thursday evening in the chapel of the Crescent Avenue church, when three trained nurses will be graduated. He will speak on behalf of the medical staff of the hospital.

IMMENSE NEW BUILDING IN NEWARK.

Ground was broken on May 1st in Newark, N. J., for one of the largest department store buildings in the United States. The firm of Hahne & Co., which is to have this great building erected for the accommodation of its business, is already one of the largest commercial houses in New Jersey, and like the leading houses of its kind in Newark, has grown up from humble beginnings. The Hahne brothers began business in 1874 at 649 and 651 Broad street, and in 1879 they only had about a dozen employes. Now the firm requires a building which will rival in ground space any in the world.

The new structure will have its principal front on Broad street. Beginning at New street, it will have a Broad street frontage of 250 feet, a depth of 275 feet, mostly facing on New street, and a frontage of 145 feet on Halsey street. The area of the first floor will be 87,000 square feet, or about two acres, and when the building is completed according to the architects plans, it will include about fourteen acres of floor area. It will ultimately be six stories in height, but for the present it is to be left as a four-story building until business needs force its completion. It is to be ready for occupancy on May 1, 1901.

The building is to be of the steel frame, fire-proof type with facing walls of red brick. The entire first floor on both Broad and New streets will consist of an almost unbroken line of sheets of plate-glass, giving the largest amount of show window room of any store in the country. Each plate of glass will be eighteen feet wide, and the entire show window front will take 75,000 square feet of glass. The main entrance of the building will be in the centre of the Broad street front, and there will be two other entrances, one near each end of the same front. Leading to the upper floors will be four main stairways and each of these will connect with mezzanine galleries overlooking the main floor, where seats will be provided for patrons. There will be many smaller stairways for the use of employes. There will be fourteen passenger elevators, two large freight elevators and four sidewalk lifts. The building will have its own power and lighting plant and 600 electric arc lights and 4,000 incandescent lights will be used to illuminate it. There will also be a refrigerating plant to make ice and cool the store in hot weather. The engine room with all its machinery is to be in sight from a gallery and will be built and kept as a show place. It is calculated that the erection of the building will take 7,000 tons of steel work, 6,000,000 bricks, 800,000 feet of flooring and 20,000 barrels of cement, and that the cost will be more than $1,000,000.

The firm has been engaged for years in buying the various properties which the new building will cover. Something like fifty tenants have been forced to find new quarters.

JOTTINGS OF THE DAY

ENTERPRISINGLY GATHERED AND CONCISELY TOLD BY REPORTERS.

Newsy Notes of More or Less Importance Bunched Together for the Ready Reference of Press Readers

—George Whitlock has resigned his position with J. A. Smith & Bro., the grocers.

Mrs. Peter VanFleet, of East Third street, is visiting relatives at New Brunswick.

—The finance committee of the Y. M. C. A. will meet this evening at the residence of F. S. Kimball, 930 Madison avenue.

—Arrangements are being made for a musicale to be given at the First Presbyterian church by the new organist, Mr. Mayer.

—The Italian girl who was assulted a few days ago by an Italian man at Scotch Plains, was taken to the hospital yesterday for treatment.

—Flynn Brothers, Shoe Dealers, 222 West Front street, carry a stock of goods selected from the best manufacturers, whose goods have stood the test for years.

—Judge Smalley has given judgment for the plaintiff in the case of J. P. Homan against August Hahr et als for $194 and costs. Murphy & Blatz represented the plaintiff.

—Ladies, clean your kid gloves with LaBelle glove cleaner. It is not a liquid, leaves no odor and can be used while the glove is on the hand. For sale only by Frank Rowley, druggist. tf

—Attention is called to the condition of the dump on West Front street corner of Giraud avenue. It is a disgrace to the city and an unsightly thing to be so close to a prominent thoroughfare.

—G. H. Kenyon, the West Front street cycle dealer, has a full and complete line of supplies and the agency for some of the best wheels made. His leader is the "White," which is claimed to be second to none.

—The tent, which is part of the equipment for the traveling "Uncle Tom's Cabin" company, has been placed in the vacant lot at the corner of Spooner avenue and West Fourth street. Rehearsals of the performance will be held there.

—Joseph Krewson, of Plainfield avenue, who is employed by A. B. Summers, the expressman, is detained from work owing to an accident he had the first of the week. He was assisting in the moving of a heavy weight, when there was a slip and his hand was caught. Before he could remove his hand it was badly crushed. He may possibly lose a finger or two.

PROBING THE FRAUDS

Investigation of Postal Case Begun In Havana.

THOMPSON IS RELEASED ON BAIL.

He Is Charged With Conspiracy. Neely Thought to Have Pocketed the Lion's Share of the Steal. Story From Muncie, Ind.

HAVANA, May 18.—Thompson's bail was ultimately reduced from $10,000 to $1,000, which was deposited in cash by the Danish consul, Herr Culmell, a wealthy merchant.

The bail of Moya and Mascaro has been reduced to $1,500, which is not yet forthcoming.

Messrs. Smith and Fosner, the inspectors who arrived Wednesday, have been examining Mr. Rathbone. Yesterday they were in conference with General Wood for more than an hour and then went to Reeves. They decline to furnish any information whatever as to the result of their inquiry.

Reeves will be allowed to remain at his own home in charge of special agents. During the investigations now in progress he will be called upon daily to give evidence, and it is also felt that bail required of him would necessarily be heavy and would probably not be forthcoming. The principal charge against the Havana postmaster, Mr. E. P. Thompson, who, with Mr. W. H. Reeves, deputy auditor of the island, and Edward Moya and Jorge Mascaro, Cuban clerks in the stamp department, was arrested and lodged in the Vivac, the Tombs of Havana, will be that he entered into a conspiracy with Carrydon Rich, the clerk who has confessed to a knowledge of many of the transactions and who will give evidence for the government, whereby the tracks of C. F. W. Neely, the arrested financial agent of posts, might be covered.

It is reported here that Neely has admitted that his bail deposit was his own money, and a request will be made for the seizure of that amount as belonging to the postal department should it prove that the funds came out of his own pocket. It is also felt that in the circumstances his bail is excessively light. Although he was first charged with peculations to the amount of $36,000, it is now believed that he obtained the larger part of the $100,000 which is said to cover the defalcation.

COUNTERFEIT STAMPS.

Thousands of Dollars' Worth Printed In Muncie, Ind., For Cuba.

MUNCIE, Ind., May 18.—One of the government detectives who has been here working on the Muncie end of the Cuban postoffice embezzlement cases made the statement yesterday that the real steal has been the sale of counterfeit stamps which, it is alleged, have been printed in the office of a printing company in this city. Thousands of dollars' worth of the bogus stamps are said to have been issued and distributed to Cuban postmasters, a number of whom, it is alleged, shared in the profits. The printing office is said to have been searched from garret to cellar for the material used. Heretofore the search here was supposed to be for an alleged package of money. It is asserted that almost $2,000,000 worth of bogus stamps have been printed in Muncie and sent for distribution to Cuban postoffices.

The system was to distribute these stamps in numbers that would not cause suspicion to officers who furnished the regular consignments. When Ross Cowan, president of the Neely Printing company, was told the story, he did not seem especially concerned, but said:

"You may say that if there is a story afloat that the Neely Printing company ever turned out Cuban stamps, either for the postal or any other service, it is false. We have neither printed stamps legitimately or illegitimately."

Denmark Will Not Sell.

LONDON, May 18.—The Copenhagen correspondent of the Daily Mail says: "The Danish government intends in the near future to issue an official account of the negotiations with the United States over the Danish West Indies. I can confidently assert that the premier will not enter into further negotiations with the United States or with any other state for the sale of the islands, and unless the United States government makes such a definite and advantageous offer that the Danish authorities would feel unable to decline it the present government is resolved not to sever Denmark's colonial possessions."

Russian Fleet Will Not Leave.

LONDON, May 18.—A dispatch to The Times from Peking says: "M. Pavloff, Russian minister to Korea, has informed the Korean government that Masampho will be the winter headquarters of the Russian fleet. His action is in close analogy with the Russian proceedings prior to the occupation of Port Arthur. On March 30 two agreements were signed between M. Pavloff and the Korean government. By the former Korea granted a site for a coal depot and a naval hospital. By the latter Russia renounced her purpose to acquire land on the mainland opposite Masampho harbor."

Presbyterians Meet.

ST. LOUIS, May 18.—The one hundred and twelfth annual session of the Presbyterian general assembly, the lawmaking body of that church, has begun at the Washington and Compton Avenue Presbyterian church. Nearly 1,000 commissioners and delegates, representing all the northern and western states and territories and many of those in the south, with the synods of Catawba, central and south China, north China and India, are in attendance. Among them were many eminent divines and prominent laymen.

"Boxers" Still Rampant.

LONDON, May 18.—The Peking correspondent of The Times says: "The anti-foreign movement headed by the "Boxers" has attained alarming proportions. There has been a serious anti-Christian outbreak near Pao-ting-fu, province of Pe-chi-li. Seventy-three native Christians were murdered, including women and children. Many were burned alive. The Catholic missionaries report that the persecution is the most serious known for years. The danger is increased by the apathy or connivance of the government."

TUBES CAUSED HITCH

Senate Discusses Postoffice Appropriation Bill.

PNEUMATIC MAIL CARRYING OPPOSED

Declared to Be a Waste of Public Money—No Decision Was Reached. House Passes Special River and Harbor Bill.

WASHINGTON, May 18.—During practically the entire session of the senate yesterday the postoffice appropriation bill was under consideration. The measure was read, and all of the committee amendments were agreed to except that relating to the extension of the pneumatic tube service. This created some debate and was being discussed when the measure was laid aside for the day. Mr. Wolcott, chairman of the committee on postoffices and post roads, vigorously attacked the committee proposition to appropriate $750,000 for the pneumatic tube service, declaring the extension of the service was unnecessary and the appropriation a waste of public money. Mr. Mason of Illinois quite as vigorously supported the appropriation. An amendment by Mr. Butler of North Carolina to reduce by 10 per cent the amount to be paid the railroads for the transportation of mail was rejected—11 to 41.

The house passed a special river and harbor bill carrying $400,000 for surveys and emergency work and devoted the remainder of the day to the Alaskan code bill. Very little of the three hours' debate was pertinent to the measure. General debate was closed, and four pages of the 617 pages of the bill were disposed of before adjournment.

Free Homes Bill Signed.

WASHINGTON, May 18.—President McKinley signed the free homes bill yesterday afternoon. There were present Delegate Flynn of Oklahoma and Representative Gamble of South Dakota, both of whom made brief speeches in support of the measure. A number of others interested in the fate of the bill were also present, so that the function assumed unusual proportions for an occasion of the sort. The president said his best reply to the representations made could be put in writing at the foot of the bill, and he then affixed his signature.

National Bank Applications.

WASHINGTON, May 18.—The records of the comptroller of the currency show that from March 14, the date on which the new financial bill became a law, to May 12,229 applications have been received for authority to organize national banks with a capital of less than $50,000 each, making a total capital of $5,905,000.

Check Makers Arrested.

NEWBURG, N. Y., May 18.—Covert Cross, who lived at 497 East One Hundred and Thirty-fifth street, New York city, under the name of Morris, and Charles Elsen, alias Johnston, alias Morris, of Chicago, are in custody here for passing forged checks on eight Newburg merchants. The pair have operated and are wanted in Albany, Poughkeepsie, Troy, Kingston, Elizabeth, N. J., and Reading, Pa. They are supposed to have passed bad checks in Fall River, Lowell and other eastern cities. The pair invariably presented checks drawn on local lumber companies and always for $14. They carried a small printing press and printed on local bank checks the name of some lumber company and the words "pay check." Cross filled in the checks, and both passed them.

Philadelphia Lawyer Missing.

PHILADELPHIA, May 18.—W. W. Atkinson, a lawyer of this city, formerly of Altoona, Pa., is missing from his home, and all efforts to locate him have failed. Mr. Atkinson came to this city about the beginning of the year and lived with his wife and child at Lansdowne, a short distance from the city. He was last seen on Wednesday of last week. His wife and relatives believe he is mentally deranged. At the time of his disappearance he had on his person about $500. Mr. Atkinson is 38 years old, 5 feet 6 inches in height and weighs about 160 pounds.

Fatal Fire at Newburg, N. Y.

NEWBURG, N. Y., May 18.—A disastrous fire occurred in Newburg yesterday morning, resulting in the death of one man and the injury of several others. The fire started in the six story building on Water street occupied by Peck & Van Dalfsen, furniture dealers. The building contained much inflammable material and burned furiously. The flames communicated to an adjoining dry goods store, and it was several hours before the firemen began to get the upper hand. The loss is about $75,000.

Rochester's Forged School Law.

ROCHESTER, May 18.—District Attorney Warren has begun his investigation into the fraud in connection with the Dow law amendments. School Commissioner Chamberlain, Superintendent Milton Noyes, Mayor's Clerk McInerney and Principal J. Burton Warren of No. 7 school were examined yesterday before the grand jury now in session. All testimony before the grand jury is supposed to be secret, hence it is impossible to learn anything about what was testified to.

Nominations Confirmed.

WASHINGTON, May 18.—The senate has confirmed the following nominations: H. K. Sanderson, to be postmaster at Lynn, Mass.; J. C. McNally of Pennsylvania, to be consul general at Guatemala City; Lieutenant Colonel J. C. Gilmore, to be assistant adjutant general with rank of colonel; Major H. O. S. Heistand, to be assistant adjutant general with rank of lieutenant colonel.

Americans Buy German Iron.

BERLIN, May 18.—The Cologne Volks Zeitung announces the sale of 500 tons of specular cast iron at 110 marks per ton by the Siegen Specular Iron association to American buyers. This is the first sale of the kind to America since 1898.

Good Trout Fishing.

MALONE, N. Y., May 18.—Records of lake trout fishing in this section were broken Wednesday at Meacham lake, where between 75 and 100 lake trout, aggregating 225 pounds, were taken.

Fire at Homestead, Pa.

PITTSBURG, May 18.—Fire has partially destroyed the Mesta Machine company's plant at Homestead. Loss $50,000.

BRIDGE WORK

In Dentistry is the best substitute for nature's work that can be done. Sound roots may be built up and crowned and thus fill up an unsightly space. It has to be made of a material that has strength and durability and one that will not discolor. Gold is the one that stands the test. That is the secret of the expense. THERE is a matter which touches your comfort. You want a clear, fair complexion. This is really nine-tenths a question of the treatment of the pores of the skin. Some toilet soaps are as nippy and keen as mustard. If you will only use the virtue you call your Judgment, it will tell you that any soap which leaves the hands habitually dry is robbing the skin of its natural oil. Free alkali is the robber's name. Ivory Soap has no free alkali. Try it! It floats.

METHODISTS IN COUNCIL.

Candidate For Bishop Withdraws. Important Topics Considered.

CHICAGO, May 18.—Whether the Methodist Episcopal board of bishops shall have the final decision in the appointment of the members of the faculty in the theological schools is a question which received various answers at the meeting of the committee on education yesterday. The matter was brought before the committee by the report of the subcommittee of eight, of which President Raymond was chairman. This report proposed that professors should be elected to the faculty of the schools by vote of the bishops and re-elected by similar vote. It provided that in the event the board of bishops refused to re-elect and preferred charges that the professor's teachings were not in conformity with the doctrines of the church, he had the right of appeal to and of trial by his annual conference, and the decision of the annual conference shall be final. After a discussion in which there was opposition to allowing the board of bishops to in any way pass upon the doctrinal fidelity of any minister of the church, the report was recommitted.

Dr. William V. Kelley of the east New York conference, a leading candidate for bishop, has withdrawn from the race. He sent word to his friends that he had decided to retire from the field. His withdrawal gave rise to a report of a combination between Dr. Spellmeyer and Dr. Berry. According to the story told the plan is to elect the former as the eastern representative and the latter from the west. Last night it was said the Kelley vote will go to Dr. Spellmeyer, together with a sufficient number of Dr. Berry's friends to elect the minister from New Jersey. After this is accomplished the Spellmeyer, Kelley and Berry forces will unite to elect the latter. The rumor of this powerful combination caused alarm among the other candidates, who talked of uniting the field against them in an effort to break the slate. If the Kelley vote goes to Spellmeyer the latter may secure the necessary two-thirds vote required to elect on the first ballot taken today.

The committee on Sunday school union and tract society decided yesterday to request the general conference to establish a book and periodical editorship to be filled by an official selected by the book committee, who shall be paid from the funds of the book concern.

Obstinate Juror Conquered.

WILKESBARRE, Pa., May 18.—The jury in the case of John Lutz, charged with the murder of his wife, has returned a verdict of murder in the first degree. The jury had been out 16 days. They had on several occasions reported to the court their inability to agree, but Judge Halsey sent them back, saying under the law he could not discharge them. Lutz killed his wife with an ax while she slept. The defense was insanity. After being out four days the jury stood 11 to 1 for a verdict of first degree murder. The juror who held out was the foreman, F. A. B. Koons, a well known paper manufacturer. He said he believed the prisoner insane, and he firmly held to his refusal to find him guilty until yesterday afternoon, when he was ill and could stand the siege no longer. He then agreed with his fellow jurors on the verdict.

Republicans Denounce Clark.

BUTTE, Mon., May 18.—The Republican state convention met yesterday. J. K. Woods of Missoula was made temporary chairman. The success of the Republican party, he said, would make impossible any repetition of the disgraceful fight in the Democratic party which had made the name of Montana a stench all over the country. When the list of delegates was reported from the committee on credentials, ex-United States Senator W. F. Sanders moved to strike out the name of State Senator Ben D. Phillips. Phillips voted for W. A. Clark for senator. The motion to strike Phillips from the list was adopted.

Boers Off For Washington.

NEW YORK, May 18.—The three envoys of the South African republics, Messrs. Fischer, Wessels and Wolmarans, who are in this country seeking the aid of the government and people of the United States in bringing to an end the war between the Boers and Great Britain, left this morning for Washington, where they expect to call upon President McKinley and urge their plea for intervention. A delegation of senators and representatives escorted them.

ENGLAND IS ANXIOUS

Long Expected News From Mafeking Comes Not.

THE BOER BESIEGERS SUFFER LOSS.

President Steyn a Fugitive and Free Staters Surrendering—Buller Is Pushing Ahead Without Opposition—Davitt's Advice.

LONDON, May 18.—England still waits with intense and almost breathless interest for news of the relief of Mafeking. A crowd remarkable for the number of men in evening dress and including many ladies lingered around the war office even after midnight, hoping for some announcement. Only reluctantly did the people disperse when the lobbies of the war office were finally cleared with the word that nothing had been received.

One thing seems clear. The town still holds out. Were it otherwise the Boer wires laid to the camps of the beleaguers would have flashed the news.

Skeleton messages from Lourenco Marques, based upon information that leaked out at the Pretoria war office, show that the Boer stormers Saturday fell into a trap. Colonel Baden-Powell permitted them to seize one fort, and he then surrounded and overbore them before the large forces near at hand perceived the stratagem. It was thus that Sarel Eloff, President Kruger's grandson, and part of his commando were taken and 50 Boers killed.

The Canadian artillery contingent of the Rhodesian force is now reported to have reached Bulawayo May 2. The distance from Bulawayo to Mafeking is 490 miles. As the railway is open all the way to Pitsani, 28 miles from Mafeking, where Colonel Plumer is, the Canadians may yet take part in the relief.

General French, scouting northward, found the Boers in strong force at Rhenoster spruit, 30 miles from Kroonstadt. Generals Botha, Delarey and Olivier, with artillery, were holding the position.

President Steyn, according to one dispatch, has gone to Pretoria. Another says he is a fugitive at Lindley. The Free Staters are surrendering on all sides. A dispatch from Cape Town says that proclamations are being printed there, to be published on the queen's birthday, May 24, annexing the Free State.

One of President Steyn's brothers, who is a prisoner of General Brabant, says that the Free Staters will accept annexation. Those who took up arms the second time, he explains, had to do so under threats of instant death if they refused.

Five hundred rifles have been surrendered at Kroonstadt in excess of the number of Boers who have taken the oath of allegiance. Lord Roberts has directed the British commanders to receive all comers in a good spirit and to issue to them passes to go to their farms.

General Buller is pushing straight ahead without opposition. He has only lost five wounded during the movement. Apparently he is aiming at Laingsnek, which is the direct road to the Transvaal, although he may diverge to Botha's pass.

General Hunter's movements in the western Transvaal are rather puzzling. He has returned to Fourteen Streams with one brigade, leaving another, General Barton's, at Christiania. Lord Methuen is said to be advancing along the south bank of the Vaal. Colonel Kekewich is with him. The loop railway line across the Vaal is fast nearing completion. The probability is that General Hunter took back a brigade to Fourteen Streams owing to the scarcity of transport.

General Rundle has captured 10,000 bags of corn. He is marching slowly through a district which is described as "literally teeming with cattle, sheep and horses."

Mr. Michael Davitt, according to a dispatch from Loureneo Marques, is said to have advised the Boers while he was in Pretoria that if they could hold out until the presidential election in the United States they might feel "pretty sure of intervention."

At Johannesburg the women are forming a police corps so as to release every man for fighting purposes at the front.

Dr. Archer, who was at Dundee during the Boer occupation, asserts that there are several hundred Englishmen serving in the Boer forces who would desert if assured of pardon from the British.

PLAINFIELD, N. J., MAY. 18, 1900

COMING EVENTS.

May 20—F. Nice, M. D., of New York city, will relate the story of his remarkable conversion at Y. M. C. A. Hall at 4:15. The violin solos will be a special feature.

The Washington correspondent of the Trenton True American says that from what could be gathered yesterday it is believed that both of the Senators from New Jersey will vote against Senator Clark's seating. Senator Kean voted against the seating of Quay and Senator Sewell voted for him. Thus it would seem that they would be divided on the present question, if it were thought to be parallel to that of the Pennsylvanian. Senator Chandler and the majority of the members of the committee on privileges and elections, some of whom favored the seating of Mr. Quay, are arrayed solidly against Clark and will fight his return to the Senate. Neither of the Jersey Senators will make any public statement of his position, but from what they have told their personal friends, it is believed that they will act adversely to the Montana millionaire.

New Jersey's delegates to the National Republican Convention have now all been chosen. They comprise these twenty members: At large, Gov. Voorhees, Senator Sewell, Franklin Murphy and Barker Gummere; First Congressional district, John M. Moore and W. J. Bradley; Second district, W. S. Hancock and S. W. Belden; Third district, Fred P. Olcutt and O. H. Brown; Fourth district, Nathan H. Hart and George S. Morris; Fifth district, Sheffield Phelps and Wm. Barbour; Sixth district, R. W. Hawkesworth and Leslie S. Ward; Seventh district, Flavel McGee and E. M. Watson; Eighth district, Charles J. Fisk and George E. DeCamp.

WHAT THE SHEARS FIND.

Editorial Comment From Other Papers of Interest in Plainfield.

To James E. Martine, of Plainfield, is the New Jersey Democracy indebted for constant good service these many years. Fresh is the great service he rendered in securing the recent coming of Bryan to this State and the rousing rally in Plainfield that has given our 1900 campaign so splendid a start in this region. Mr. Martine is the warm personal friend of Wm. J. Bryan. It is fitting that Central New Jersey Democrats propose him as one of the State's delegates at large. Hunterdon, if rightly represented, will stand solid and shouting for Martine along with Cornish. Let it go to our great candidate in the west that the Bryan Democracy of New Jersey mean what they say in declaring for the renomination of the Jefferson of 1900.—Clinton Democrat.

PASSING COMMENT.

Things that Are Not Exactly News but Just as Interesting.

Louis Feiring, of this city, who is employed by Westinghouse, Church, Kerr & Co., and who has been in the Bahama Island for some time past, returned home last evening. He brought with him a number of valuable novelties, among which was a basket of flowers made entirely of shells, all sizes, by the women who are natives of the islands. It is a beautiful piece of work and represents a great deal of work. Mr. Feiring's brother, William, has it on exhibition at his barber shop on Park avenue, where it can be seen.

A great many residents of Fanwood and Scotch Plains who go to New York every day are endeavoring to get the Jersey Central officials to stop the express train at Fanwood that leaves Plainfield every morning at 8:37 for New York. A petition is being circulated and will soon be presented to the officials of the road. It is said that the train cannot make any more stops and run on scheduled time, but the petitioners think that the officials could well afford to cut off one stop west of Plainfield if necessary, and put Fanwood on the schedule. A number of Plainfielders are also interested in the petition, as they have horses and carriages and like to drive to Fanwood and take the train from there.

Local and Metropolitan Performances That Will Please Those Who Delight in the Art of Thespis and Mimic World

Tonight Wm. Barry and his excellent company, make their appearance at Music Hall in the comedy drama "The Rising Generation," for the benefit of the ushers of the establishment. The young gentlemen comprising the present corps of ushers have been remarkably attentive to their respective duties and deserve recognition at the hands of the public. Through the courtesy of Manager Maze Edwards they arranged with Mr. Barry and his company to present their play and all attending may be assured of a splendid entertainment. With the performance of tonight, the regular season of 1899-1900 ends, so let there be a "Bumper" house.

One of the busiest places in Gotham at present is the roof of the New York Theatre, where a small army of painters, carpenters and other artists are engaged in making ready for the opening of the Cherry Blossom Grove. Money is apparently no object with the owners from the way in which they are lavishing it upon decorations and conveniences for the benefit of the patrons of the Grove. The performers engaged for the vaudeville entertainments on the roof are the highest-salaried in the business and will open the eyes of the public to the possibilities of that style of entertainment.

Brady & Ziegfield's immensely successful melodrama of London and Parisian life entitled "Woman and Wine," was given a special and elaborate production at the Academy of Music, in New York, Monday. No other melodrama of recent years has won swifter or more emphatic success. It is the first play of its kind that succeeded in stirring the blase theatre goers of upper Broadway, and its reception in the heart of the down town melodramatic quarter is quite assured. "Woman and Wine" instills enthusiasm by its splendid acting and magnificent stage pictures, and its forceful treatment of its sympathetic story. The race course scene, the Cafe D'Afrique revel, the Masked Ball, the Flower Market, where the thrilling knife duel is fought by two women, the murder trial and other episodes introduce plenty of thrills, crowds of picturesque people, masses of color and beautiful effects of scenery painting and costuming. The entire original cast is retained. Elita Proctor Otis has scored a genuine hit as the "French Adventuress"—in roles like this Miss Otis is unequalled. Minnie Dupree, another Academy favorite, is a charming and lovable heroine, and other players of distinction are Howard Kyle, M.A. Kennedy, Frank Hatch, Roland Edwards, Franklyn Roberts, Daniel Halifax, Mabel Eaton and Millie James. Over 300 people are introduced in the great sensational scenes of this melodrama.

He Wouldn't Work.

A hod-carrier working on Mr. Eggerding's new building on Somerset street, yesterday, took a notion that he would not work any longer. He had that tired feeling from appearances, and looked as though he had tarried too long over the cup. He not only refused to work, but tried to get the other hod-carriers to go off the job. Mr. Lowery, the contractor, appeared on the scene and settled the trouble by telling the one disobedient workman that he could quit. The other men remained at work.

DUNELLEN.

(Special Correspondence to The Press.)

Dunellen, May 18—The refusal of a Brunswick Traction Company conductor to allow an intoxicated wheelman to get on his car yesterday afternoon resulted in a heated argument, during which the participants nearly came to blows. The wheelman had taken a bad fall and was unable to mount his wheel. As it is against the rules of the trolley company to allow bicycles on a car, he was greatly angered at the conductor's refusal. He was still demanding his rights as an an American citizen and showing a railroad pass to the bystanders, when the conductor settled the argument by signalling the motorman to go go ahead.

Mr. and Mrs. W. E. Terry, Mrs. and Mrs. A. N. Randolph and Mr. and Mrs. A. F. Sampson attended the reception given to Mr. and Mrs. Blanchard Randolph, of Albert street, Plainfield, last evening.

The Plainfield Street Railway Company has made a contract with Garreteon & Gray to furnish all the stone needed in repairing Arlington avenue, Plainfield.

Mrs. Walter Smith, who has been detained at the home of her mother, Mrs. Charles Hill, by rheumatism, returned to her home in Bound Brook yesterday.

"Aunt Betsy's Parin Bee," which was held in the Presbyterian church last evening, was well attended and was a social as well as a financial success.

The borough officials have placed a number of teams at work on Washington avenue and Main street, lowering the grade, preparatory to macadamizing.

'PLAINS AND FANWOOD.

(Special Correspondence to The Press.)

Scotch Plains, May 18.—The Misses Squires entertained a party of their friends at a social evening gathering at their home last evening. The evening was devoted to games and social chat, after which refreshments were served. Friends were present from the village and Plainfield and a very pleasant evening was enjoyed by all.

The boys are beginning to agitate a plan to form a seniors' baseball team in town. Practice play is being held on the diamond in the rear of the schoolhouse each evening, and before long Scotch Plains may have a team ready to meet the clubs of the surrounding towns.

A special meeting of the Borough Council of Fanwood will be held in the Council rooms this evening. The resignation of Wm. E. Collins, as Borough Clerk, and any other special business which may be brought before the meeting, will be acted upon.

Goodwill Lodge, K. of P., met in their rooms last evening. The members are making preparations to observe their annual Pythian Decoration Day the second Sunday in June.

A party of young people from the village will attend the musicale and reception tendered by Mrs. Lettie Hart, of Westfield, to her scholars at the Westfield Clubhouse.

SOMERVILLE.

(Special Correspondence to The Press.)

Somerville, May 18—Preparations are being made for the celebration of Memorial Day. Gen. Wadsworth Post, which always takes the initiative in this celebration, has arranged the following programme: First—The comrades, Wadsworth Circle, Ladies of the G. A. R., and Sons of Veterans are cordially invited to meet in the Presbyterian church at Bound Brook Sunday evening preceding Memorial Day, May 27th. Rev. T. E. Davis will preach. The public are cordially invited. Second—A delegation of comrades will meet at the public school in Somerville Tuesday, 29th, at 1:30 o'clock sharp. Delegations will go to Neshanic, Flagtown, Millstone and elsewhere throughout the county to decorate the graves of the fallen heroes. The comrades will leave post room for Millstone, Bound Brook and other places in the county outside of Somerville at 8 o'clock a. m., May 30. The comrades will leave post room to decorate graves in the Somerville cemetery at 2:30 o'clock, escorted by Company M. The address will be delivered in Germania Hall by Rev. F. A. Smith at 4 o'clock p. m.

A man riding a wheel fell under a horse driven by Mr. Van Doren, of Neshanic, Wednesday evening, causing the horse to run away. When the horse reached the Bridge street crossing of the Central Railroad, at Somerville, the gates were being lowered for an approaching train. The horse darted under the gates, completely wrecking the buggy. The engineer of the approaching train reversed his engine so quickly that the trainmen were thrown from their feet and the engine just grazed the flying horse. The animal was caught a short distance beyond the gates. It was bleeding at the nose and was badly cut and bruised. Onlookers thought Mr. Van-Doren was killed, but he crawled out of the wrecked buggy top all right, but plastered from toe to crown with smashed eggs, which he was taking to market.

Last evening the St. Andrew Brotherhood of St. John's church, held a measuring party at the residence of Mrs. Caninn on New street, for the benefit of the Brotherhood. J. L. Kollins rendered some very pretty selections on the banjo, and Lyman Demaray also played some fine pieces on his graphone. They realized a sum of $81.18 for the Brotherhood.

Company M. Second Regiment N. G. N. J., held its inspection in the armory last evening, 65 answering to roll call. The soldiers boys were inspented by Colonel Beaums, of Paterson. Twenty-eight of the boys left this morning on the 8:20 train for Elizabeth, where they will attend the field day exercises.

Mrs. Lizzie R. Devoe, wife of George Devoe, Jr., died at her home in Newark Thursday morning at 4:30, at the age of 51. Two step sons, Simon Apgar and C. N. Apgar, survive her. Mrs. Devoe lived in Somerville for a good many years. The funeral will take place tomorrow in Somerville at 3 o'clock.

The case of J. M. Whitenack Brothers and Dr. Nikon, of Raritan, will be tried in court today. E. P. Johnson is for the plaintiff, and Prosecutor Griggs for the defence.

The rally held last night in the Baptist church was a success. The meeting was led by Col. J. J. Keppler, of Philadelphia, and Capt. Totten, of Somerville.

JUST A TASTE

of our Butter is enough. Henceforth we have you as a customer.

We carry three different grades of butter, each of which has its special merits.

Our Rockdale Print Butter at 25 cents per pound, is the best on earth. It has the rich, delicate flavor of the finest cream and for table use cannot be surpassed.

Some of the cheaper grades of butter sold elsewhere are often tasteless. Our lowest priced goods are of excellent flavor.

NOTICE!

To enable us to make use of our old quarters in the Schepflin building for our weekly auction sales we concluded to make a change in the day. For about twelve years we held our auction sales every Friday afternoon, but when the silk mill started on the second floor, we were compelled to vacate the premises on account of the noise of the looms. The store being so well-adapted, however, for the auction business we re-leased it, and decided to hold our auction sales every Saturday afternoon at 2 o'clock in the future, the looms not being in operation at that time.

Thanking the public for their patronage in the past, we solicit a continuance of the same in the future.

Kiel. Vor einiger Zeit verschwand der Oberfignalgast Hansen von der Düsternbrooker Signalkompagnie. Das Kommando hatte einen Steckbrief hinter ihm erlassen, als die Leiche im Kriegshafen aufgefunden wurde. Sie zeigte am Kopfe mehrere Verletzungen. Es stellte sich heraus, daß Hansen an einem Abende am Hafen mit mehreren übel beleumundeten Männern handgemein geworden war. Als er der Uebermacht weichen mußte, sprang er in ein Boot, in welchem er sich versteckte. Einer der Verfolger, der Bierverleger Hämmerlein, entdeckte sein Versteck und schlug ihn mit einer Ruderstange mehrere Male auf den Kopf. Der Getroffene stürzte über Bord und verschwand in den Fluthen. Hämmerlein wurde verhaftet.

A young married woman at Fair Haven, Vt., had suffered from dyspepsia since she was sixteen years old. After using Ripans Tabules four months she found her health much improved. "I have always found the lightest household duties difficult," she writes, "so great has been my discomfort occasioned by indigestion. Have been frequently subject to the most excruciating headache, but since using Ripans Tabules headache has become only a memory. I am relieved of constipation and loss of appetite and can now digest anything which I may desire to eat. At one time I was obliged to subsist upon raw eggs and milk. I consider Ripans Tabules a perfect remedy and have found no other medicine so prompt and mild in action, so permanent in its results."

WANTED—A case of bad health that RIPANS will not benefit. They banish pain and prolong life. One gives relief. Note the word RIPANS on the package and accept no substitute. RIPANS, 10 for 5 cents, may be had at any drug store. CHRISTIAN ENDEAVOR.

Topic For the Week Beginning May 20—Comment by Rev. S. H. Doyle.

TOPIC.—The power of a temperate life.—Dan. i, 1-17. (Quarterly temperance meeting.)

The early life of Daniel is very obscure, practically nothing being known about it except that he was probably of royal descent and possessed unusual personal endowments. He was taken as a captive to Babylon in "the third year of Jehoiakim" and was educated for the king's service. In this position he proved the power of a temperate life by abstaining from the king's luxuries and living plainly and yet being fairer and healthier than those who indulged in the king's meat and drink. This topic is a timely one and the illustration one that illustrates. The young and rising generation needs to be taught that temperance, and especially sobriety, means power and that intemperance means weakness, incapacity and failure in life. There is physical power in a temperate life. Daniel lived for ten days on pulse and water, and yet at the end of that time he was "fairer and fatter in flesh than all the children which did eat the king's meat." Temperance makes for health, intemperance for weakness and disease. Many have the impression that alcohol is a food and that it builds up the body. This is false. Alcohol destroys. It is destruction and not construction; it tears down instead of building up; it weakens rather than strengthens the human body; it does not warm in winter or cool in summer; it does not give muscular strength, tone the heart or build up the nervous tissues of the body. These facts have been scientifically demonstrated by a great scholar, who sums up alcohol as a food in this wise: "I find it to be an agent that gives no strength, that reduces the tone of the blood vessels and heart, that reduces the nervous power, that builds up no tissues and can be of no use to me or any other animal as a substance for food."

Temperance gives mental power. Daniel was not only physically superior to his associates, but surpassed them mentally and rose higher than they in the king's service. The old theory that alcohol permanently stimulates the brain has been exploded. Temperance alone keeps the mind clear and unclouded and fit for meditation. Intemperance weakens the memory, dulls the imagination and enfeebles the intellect. Brain workers, above all others, fall certain victims to habits of intemperance. "I will tell you," says Sir Henry Thompson, "who can't take alcohol. Of all the people who cannot stand it, it is the brain workers, and you know it is the brain workers who are increasing in numbers." Mental power and success demand temperance, total abstinence for alcoholic drinks.

Temperance is necessary to moral and spiritual power. Men of weakened minds and enfeebled bodies are more easily corrupted morally and spiritually than if their minds and bodies were strong and vigorous. He who would be proof against temptation must learn to keep under his body and to bring it into subjection. Piety, virtue, spiritual power, are the handmaidens of temperance and sobriety.

Religion, science, prudence, all unite to praise temperance and to condemn indulgence and intemperance. How can we go contrary to these three great life teachers?

THE PRAYER MEETING.

Have a special temperance meeting. Illustrate the subject by story and song. There are many forcible stories and touching temperance songs which illustrate the power of temperance and the fatal weakness of intemperance.

BIBLE READINGS.

Ps. i, 1-6; Prov. xx, 1; xxiii, 1-3, 29-32; I Cor. vi, 9-20; ix, 25-27; Gal. v, 19-26; Titus i, 7-9; ii, 1, 2; II Pet. i, 5-7.

Things Which No Money Can Buy.

Beware lest thou in any sense, in any respect, despise the poor man because of his poverty. Ever since Jesus Christ lived in a poor man's home and worked at the carpenter's trade the poor man's house has been a sacred place and the laboring man's vocation a sacred thing. The earthly life of the Son of Man has illuminated and glorified the plain and homely things of human life. A man's house may be a very humble one. There may be no carpet on the floor, the furniture may be plain, the fare may be simple and scanty, but there may dwell a glory there which shall cause the plainest and poorest things to shine with a radiance as from heaven. Things may be there more precious than any that can be purchased at the furniture dealer's or at the clothier's. Peace, contentment, kindness, affection, may be there—things which no money can buy.—Christian Intelligencer.

In an Enemy's Country.

We live in an enemy's country. Satan is the god of this world. He claims to own it and to distribute his prizes to those who serve him. He blinds human minds and sways human hearts. Jesus Christ seeks to gather out of the world in which he holds such sway a peculiar people, zealous of good works. They are beset on every hand with perils and temptations. Satan is not willing to give them up. It becomes them to be on their guard as they travel onward to a better country. Grace is promised them all along the way, and they are safe only as they keep close to their Saviour and in the path of duty and holiness marked out for them by an unerring Guide.—Presbyterian.

Do Your Part.

If you want your church to prosper, be faithful in doing your part. Seek out nonchurchgoers and invite them to come to church with you. Notify your pastor of any who would be glad to receive a call from him. Be regular in your attendance at all the services of the church.—Christian Instructor.

PROPOSALS FOR COAL.

OFFICE OF THE BOARD OF EDUCATION,
PLAINFIELD, N. J., MAY 9th, 1900.

Pursuant to a resolution adopted by the Board of Education of the City of Plainfield, N. J., at a meeting held May 7th, 1900, notice is hereby given that the Board of Education will meet on Monday evening, June 4th, next at 8:30 o'clock, at the Board room in the Stillman School, corner of West Fifth street and Arlington avenue, in the City of Plainfield, at which time and place said Board of Education will receive sealed proposals for furnishing five hundred tons, more or less, of the best coal suitable for steam and hot air heating, in pea, No. 1 Chestnut, stove and egg sizes, all coal to be thoroughly screened, trimmed, and placed in the bins within the public school buildings without any extra expense to the Board for such handling, and to be delivered during the month of July next, or at such time as the Board may direct. Bids to specify the quality of coal, and whether long or short tons. Payment for all coal contracted for to be made after September 1st next. All proposals to be endorsed "Proposals for coal." The Board reserves the right to reject any or all bids.

Upon receipt of the bids or proposals, the Board will immediately proceed to unseal the same and publicly announce the contents in the presence of the parties bidding or their agents, provided such parties or agents choose to be then and there present and also to make proper record of the prices and terms upon the minutes of the Board.

By order of the Board of Education.

F. B. CLARK,
Clerk of the Board.

THE PRETTY MAID.

"Where are you going, my pretty maid?"
"I'm going to Harker's store," she said.
"What will you do there, my pretty maid?"
"I'll get great bargains, sir," she said.

"He sells magazines at the publishers' price,
And his store is just delightfully nice.
He has pretty inkstands and paper weights,
Alphabet blocks and transparent slates.

"He has all the popular novels, too,
And special books he'll get for you.
He has paper napkins and fountain pens,
And the sweetest, loveliest, dearest things.

He has dominoes, checkers and playing cards,
Duplicate whist and tally cards,
Crokinole, archarena and also chess,
And all other kinds of games, I guess.

"He has papeteries in greatest array,
From the daintiest tints to the very gay—
"You've said quite enough, my pretty maid,
I must see that wonderful store," he said.

EPWORTH LEAGUE.

Topic For the Week Beginning May 20, "The Power of a Temperate Life"—Text, Dan. i, 1-17.

"Prove thy servants, I beseech thee, and let them give us herbs to eat and water to drink."

A strong character never grew up in weak indulgence of appetite. Fondness for luxury will, if unchecked, wreck the finest constitution and overthrow the clearest intellect. As metallic vessels are not fitted to hold acids, no more is the human body adapted to resist the overloading effects of intoxicants. Foods and not poisons are needed to repair waste and build new tissue. Alcoholic liquors in small quantities stimulate, in larger quantities intoxicate, stupefy and kill. The great danger in using them lies in their tendency to produce a craving for them which can be satisfied only by taking increasing quantities. Whoever becomes addicted to their use runs the greatest risks of total collapse of physical, mental and moral powers. Drunkenness produces disease of body, brain and soul. It ruins now and forever.

Daniel, though but a very young man, realized the dangers of indulgence in the excesses of an oriental court. He was truly God reverencing as well as outwardly religious. He was of princely lineage and had grown up in times of great political changes and military operations. The position of Judæa made it a "buffer state" between Egypt and Babylonia. The vacillation and treachery of her rulers had resulted in the extinction of the kingdom and deportation of the people. Daniel, with others of the princes, was selected to be trained as a councilor and adviser of the conqueror, according to the political policy of the empire. The course of study covered several years, during which the government regulated with great care all the interests of the students, even prescribing their diet and providing for all their needs at the expense of the state. Possibly this involved, particularly in the matter of food, some recognition of heathen gods and participation in their worship, as is even now common in all the east in matters of eating and drinking.

Daniel's temperance principles were likely the outgrowth of his religious views and practices rather than mere matters of prudence and moral sentiment. He sought to escape defilement which would be contracted by using the food provided by royal decree. The religion of his fathers forbade the use of certain things as food and heathen ceremonies in eating and drinking. Herbs and water were not dedicated to heathen deities. These he could use and not compromise his position as an Israelite. They would also be wholesome. He knew what we also know—that a vegetable diet, without wine or any alcoholics, is the best diet for brain workers and is also productive of physical vigor.

The great lesson in all Daniel's conduct is his unswerving fidelity to the highest moral conviction. He had firm principle and held to it and succeeded.

Total abstinence from all intoxicating drinks is the best possible course, because it is the only one which allows one to develop all powers in the best way and highest degree. It is prudent, wise and truly Christian.

The Apostle of Temperance.

Many great and good men have worked in the cause of temperance, but none has become more famous than Father Mathew. For ages to come his name will be linked in honors with that of the earlier Christian apostle of Ireland, St. Patrick. Father Mathew was born in Tipperary, Ireland, in 1790. He became a Catholic priest and began a

FATHER MATHEW.

great temperance reform in Cork, where in a few months 150,000 persons took the pledge. In different parts of Ireland, London, Liverpool, Manchester and the United States he was received with great enthusiasm. For his eminent services to the cause of religion and morality Queen Victoria gave him an annuity of £500. He died in 1856 in Queenstown.

Our Leaguers can scarcely do better than spend an evening in review of the great work of Father Mathew. Every public library will furnish an abundance of material for sketches of his life and labors. The temperance reform is wider than national boundaries, and its fellowships overtop denominational barriers. Honor all to whom honor is due. Unite with all who exalt our Christ so far as there is any true basis of union.

Cuba is left to the Methodist Episcopal Church South. We shall not enter that field, and they will not establish work in Porto Rico. This is a wise division of labor and will save unnecessary friction and waste.

INNOCENT DESERTERS.

Many Applications From Veterans For Relief Under the New Law.

WASHINGTON, May 18.—More than 1,000 veteran sailors and marines of the civil war have filed applications with the navy department to have removed the charges of desertion which now stand against their names. This action was taken in anticipation of the bill extending indefinitely the provisions of the act of 1888 relative to what are known as "innocent desertions" becoming a law. For ten years Judge Advocate General Lemly has been seeking to secure this legislation, and the bill has passed first one house and then the other, but only Wednesday succeeded in passing both in one session. It now goes to the president. No one knows how many veterans are affected by this act.

At the close of the civil war sailors and marines numbering many thousands reported at Philadelphia to be mustered out. The receiving ships did not afford accommodations for more than a small fraction of them, and after waiting many days for the mustering out officer, being told that they were not wanted, the men drifted off to their homes throughout the country and returned to civil life. Technically every one of these men was a deserter, and the act is intended to remove that stigma from their names.

MANY HONORED LATE ROWLAND COX.

Impressive Funeral Services Held at Grace M. E. Church Yesterday Afternoon.

THE BISHOP OFFICIATED.

TWELVE PROMINENT MEN ACTED AS PALL BEARERS.

Casket Was Draped With American Flag and Surrounded by Many Floral Tributes—Private Car Brought New York Delegation.

A great congregation, that included many of the prominent citizens of Plainfield and a delegation of influential men from New York, assembled at Grace P. E. church yesterday afternoon to pay tribute to the memory of Rowland Cox, who died at his late residence, on West Seventh street, last Sunday night.

Bishop Scarborough, of New Jersey, came to officiate at the funeral services in which he was assisted by Rev. E. M. Rodman, rector of Grace P. E. church, and Rev. Floyd Appleton, his curate.

The service was the regular one of the Episcopal church and proved very impressive. The full-robed choir marched into the sanctuary, down the centre aisle, singing "For All the Saints, Who From Their Labors Rest." Following them was the casket borne by six colored porters and surrounded by twelve honorary pallbearers. They were Edward C. Perkins, Col. Mason W. Tyler, Dr. Ellis W. Hedges, Mr. Gustow, Former Mayor Charles J. Fisk, Former Mayor Alex. Gilbert, Samuel Huntington, Councilman John B. Dumont, J. Evarts Tracy, Charles P. Bull, Charles W. McCutchen and Sherman Evarts. After them came the members of the family and household in deep-mourning.

Over the oaken casket was spread a silken American flag, so draped as to show only the blue and white of the union. After the casket was placed in the chancel, wreaths of flowers were place about it. The sides of the chancel and front of the altar were covered with many beautiful floral pieces that were sent by sorrowing friends in New York and Plainfield. Many of them were very elaborate.

Bishop Scarborough was a personal friend of Mr. Cox, and was a frequent visitor at his home on the occasions of the Bishop's visits to Plainfield. The two men entertained a great respect for each other, and the funeral services were not held until yesterday so to allow the Bishop to be present. He conducted most of the service and was assisted by the rector and curate, both of whom were warm personal friends of Mr. Cox. The members of the vestry of the church attended the service in a body.

During the service the choir sang the hymn "Jesus Lives! Thy Terrors Now." Mrs. William H. Freeman, organist of the church, played the new organ very effectively. At the close of the service the choir sang "Ten Thousand Times Ten Thousand" while the cortege left the church.

There were many prominent Plainfielders present at the service including Mayor George W. Rockfellow and other of the city officials. A delegation was there from the New York Commandery, Military Order of the Loyal Legion, of which Mr. Cox was a member. A number of lawyers and other business associates of Mr. Cox attended in a body.

The New York delegation was brought to Plainfield on a special car on the express train leaving New York at 1:30 o'clock. The club car, "Plainfield," was also attached to the same train and brought out most of the members of that club of which Mr. Cox was a member.

After the service at the church, the family and intimate friends drove to Hillside cemetery where the interment took place.

Dogs Poisoned.

There has been a wholesale poisoning of dogs at Cranford the last few days and some one is likely to get into trouble. There are a number of vagrant curs which could well be spared, but the pets of society women are among the dead animals. The number of dogs has been very materially reduced in the last few days. Meat poisoned with strychnine is said to be responsible for the trouble.

Chancellor Magie's Chambers.

Chancellor Magie will, it is understood, make Chancery headquarters in his home in Newark, and the new Chancery Chambers at Newark will be used by the Vice-Chancellors. The Chancellor said last Saturday night that he would take plenty of time to consider the matter.

THE FRESH AIR CAMP.

A NOBLE WORK DONE FOR POOR MOTHERS AND BABIES.

Plainfielders Are Interested in It—L. H. Biglow Has Been Elected Vice-president.

The Union Fresh Air Mission Association recently held its annual meeting at Westfield and organized for the coming season's work.

George E. Woolfe, on whose property the camp is located, was chosen president; L. H. Biglow, Jr., of Plainfield, vice-president; Miss Edith T. Morehouse, of Westfield, secretary; L. A. Clark, of Westfield, treasurer.

The camp is conducted as a compliment to the Little Missionary Day Nursery, which Miss Sarah Curry maintains at 612 East Ninth street, New York. The mothers who leave their children at the Nursery during July and August are brought down to the camp in relays, for ten days at a time, and entertained with their children, thus getting a breathing spell in the beautiful countryside and a new view of the sympathy and love of the Christian people.

The camp is located on the trolley line running through Westfield. Prayer meetings are held there every night except Saturday and visitors are always welcome. One cannot go to the place without being impressed with the helpfulness of the enterprise, and to talk with Miss Curry is to be convinced of the thorough practicability of her work, both here and in the city.

The following from the treasurer's report for 1899 will show how the work is maintained:

Received from individuals		$ 330
" " collections at camp		80
" " Young People's Societies of vicinity		614
" for Nursery fund		116
		$1,140
Expended on camp and furnishings		$ 248
" " provisions and supplies		564
" " other maintenance charges		328
		$1,140

TEACHERS MET HERE.

Somerset County Pedagogues Held Their Spring Meeting in the Borough School.

The spring meeting of the Somerset County Teachers' Association was held this morning in the North Plainfield High School. Owing to the heavy rain the attendance was comparatively small. H. C. Krebs, of Somerville, president of the association, presided at the session. It was intended to hold an afternoon session, but this was changed on account of the attendance.

The early part of the session was devoted to topics relative to education among the Greeks, and papers were presented by Miss Josephine Folsom, of Dunellen; F. A. Stryker, of Raritan; Charles Hamilton, of South Branch; Miss Garretta Genther, of Belle Mead. A feature was the address by Superintendent Gregory, of Long Branch, who talked about the higher education.

The latter part of the session was devoted to subjects about education in the Nineteenth Century, and comprised papers by Mrs. Mary M. Ayres, of Bound Brook; Miss Elsie Horton, North Plainfield; Miss Lizzie VanKirk, of Griggstown, and Mrs. S. S. Higgins, of Washingtonville. Miss Horton's paper was on "Froebel." The balance of the session was taken up with a question box and miscellaneous business. This was the last meeting of the association for the season.

FEED WIRE BROKE.

As a Result Several Crews Were Compelled to Stay Out Till 3 O'clock This Morning.

The feed wire of the street railway broke last night shortly before 12 o'clock at the corner of Watchung avenue and Second street.

The crews of the last cars on the Westfield and Elizabeth line were obliged to remain out until 3 o'clock, when the break was finally repaired enough to allow them to get their cars into the barns.

Plum for Bound Brook Man.

Congressman Howell has been advised that Gerald R. Cushman, of Bound Brook, has been appointed to a position in the Census Bureau, and he will report for duty at an early date.

$50 Each For Y. M. C. A. and Boys' Club.

William L. Saunders, one of the principals of "A Night Off," given for charity, has sent a check of $50 to the Y. M. C. A., and another check of $50 to the Boys' Club.

Trolley Men Paid.

The pay wagon for the Westfield and Elizabeth Street Railway employes left Elizabeth at 7 o'clock yesterday morning and went over the road to Plainfield.

STEADY DOWNPOUR OF RAIN FLOODS STREETS.

Present Storm is Fast Making Up For Past Deficiencies in the Rainfall.

RICHMOND STREET AFLOAT.

LIGHTNING OF YESTERDAY PAID A VISIT TO WASHINGTON PARK.

Gutters Overflowed, Crossings Covered and Some Streets Flooded From Curb to Curb—Richmond Street Wants Storm Sewer.

There were occasional showers Thursday. Yesterday the showers were frequent with intervals of clearing. This morning it forgot to clear at all and rained continually with varying force. As a result streets were flooded all over the city while the neighboring brooks, usually very insignificant things, began to assume quite noticeable proportions.

The drought that marked the first part of the month is over. According to the weather bureau, New Jersey lacked 1½ inches of rain this month to bring the rainfall up to the normal. When the present continuous performance is over, the rainfall will be where it belongs.

The showers of Thursday and yesterday were accompanied by thunder and lightning. Yesterday morning at 11:30 o'clock a bolt wandered into Washington Park, but with no very serious results. It struck the top of one of the tall chimneys on the residence of Harold Serrell, of Myrtle avenue, and scattered the bricks over the roof and yard. The occupants of the house were considerably alarmed, but escaped a shock.

The same bolt then roamed over to the residence of Senator Charles A. Reed on the same street. A large earthenware pitcher was standing on the ledge to an open window. The pitcher was shattered and the fragments scattered over the floor.

Several sharp showers strayed over the city yesterday afternoon but they allowed an occasional glimpse of the sun. In the evening the clouds began to line up solidly while the rain fell at frequent intervals. All night the rain continued in a series of gentle showers.

At an early hour this morning the rain seemed to have fully made up its mind to get down to work. At times the water neglected to fall in drops. In came in chunks. There were times when the downpour slacked up a little but it was soon resumed with energy. Umbrellas were of little use and the pedestrians were compelled to wade along through fair-sized lakes that assembled in every convenient gutter and at many street crossings. The storm sewers handled the great volume of water fairly well but where storm sewers didn't exist, there were many desirable situations.

Richmond street nearly lost its identity for the time being this morning. At the corner of East Fifth street, Richmond street could not be found at all. There was a vast lake where the street ought to have been and the trolley cars wandered about hunting for the tracks. At the corner of North avenue and Richmond street, the north side of the street had disappeared. At Third street, the east side of Richmond street was missing. There were culverts but they couldn't accommodate the flood.

Such of the residents along Richmond street as were able to wade out to the comparatively dry spots held indignation meetings and declared in favor of a storm sewer to Green brook as a pressing necessity and an improvement that the Council should look after without delay.

Three feet of water was to be found under the Washington street bridge. There were ponds beneath several other of the railroad bridges. The new trolley track on Arlington avenue faded from sight beneath the surface of the water, while the new trolley switch on East Fifth street couldn't be found on account of the flood that in places stretched nearly from curb to curb. At Park avenue and Fifth street a boat was apparently needed to cross the street.

All over the city the high water was found. Gutters were overflowed and, in some cases, the streets flooded from curb to curb. The culverts worked valiantly to keep down the high water, but they were unable to cope with it. Street Commissioner Gavett's men were busy keeping the drains clear from debris in an effort to get rid of the superfluous rain as soon as possible.

A large oak tree on the lawn in the rear of W. A. Lord's house at 116 Belvidere avenue, was struck by lightning at 4:30 o'clock yesterday afternoon and parts of it were hurled fully a hundred feet.

LIKE A QUAKER MEETING

BOROUGH COUNCIL WAS VERY QUIET LAST NIGHT.

Date Fixed For the Filing of Bills Against Borough—Necessity of New Crosswalks.

The adjourned meeting of the Borough Council last evening was in many respects a Quaker meeting, as Mayor Smalley and all the members, except Mr. Coddington, were waiting for matters to shape themselves so as to begin. Not a great deal of business was transacted and the meeting adjourned early.

One important action was that of fixing Tuesday next before the regular meeting as a time when all bills against the borough must be in. This action is taken so that all bills can be paid at the regular meeting and at the same time give the committee and clerk time to audit them and let the time of the various persons employed on streets.

The meeting last evening was called especially to pay road bills and this was done, after the above action was taken on a resolution offered by Mr. Valiant.

Clerk Bowley reported that a check for $100 had been received from Watchung avenue on account of the proposed macadimizing of that street from Coddington to Grandview avenues, and Mr. Clark offered a resolution that the borough macadamize that street at once.

Other resolutions by Mr. Clark provided for the official acceptance of that land between Duer street and the centre of Green brook, which has been dedicated as a public street, and that the Borough Clerk petition the Somerset County Freeholders to join with the Union County Board in placing a bridge over the brook uniting the street at the earliest possible time. The resolution called for a bridge full width.

Mayor Smalley spoke of the necessity of having crosswalks laid along the line of new work on the upper part of Somerset street, and a resolution offered by Mr. Valiant providing that Superintendent of Highways Mr. Doud, under the direction of the street committee, lay crosswalks where needed along the line of new work. Mr. Valiant also spoke of the proposed crosswalks across Willow and Myrtle avenues, and was informed that as soon as the residents decided where they wanted the walks they would be laid.

This concluded the business and the Council adjourned to examine the Somerset street map which provides for the widening of the street.

MUSICALE AND SALE.

Profitable and Pleasant Affair Given by Kings Daughters.

A musical and candy sale was held Thursday evening at the home of Mr. and Mrs. J. R. Beerbower, 238 East Fifth street, under the auspices of Advanced Circle, King's Daughters, for the purpose of raising money for the nurse fund. There was a good attendance of members and friends of the circle, and a gratifying amount was raised toward the $50 pledged by the circle.

During the evening there were piano duets by Mrs. Gates and Miss Lillian Remsen; recitations by Harold Kent, of Elizabeth; vocal selections by Miss Grace Teller, Miss Mabel Smith, Miss Kittie Glenn, Edson C. Martin, of this city, and Roland Randolph, of Newark. The several numbers were heartily received and the artists were recalled two and three times.

The sale of candy was in charge of the various members of the circle, and they had no trouble whatever in disposing of the sweets.

PARTY FOR A JOLLY TAR.

Dance in T. A. B. Hall in Honor of Dennis O'Keefe.

That Dennis O'Keefe, of West Fifth street, formerly of the cruiser Detroit, is a popular man in the West End was easily proven last night. In spite of the threatening weather a large number of young people gathered at a sociable given in his honor at T. A. B. hall under the auspices of the Ladies Auxiliary of the T. A. B. Society. Dancing was kept up until a late hour to the strains of Professor O'Reilly's orchestra, stopping only at midnight, for refreshments.

Before leaving for home all present united in giving three cheers for Mr. O'Keefe and the Detroit.

Married Forty-six Years.

Mr. and Mrs. Joseph S. Powlison, of the borough, celebrated the forty-sixth anniversary of their marriage yesterday, and last evening a dinner was given in their honor by Mr. and Mrs. Joseph A. Powlison, at their home on Somerset street.

NEW STATION IS TO BE BUILT AT ONCE.

Committee of Plainfielders Called On Vice-President Warren Yesterday.

WENT ON HIS INVITATION.

THEY INSPECTED AND DISCUSSED PLANS FOR PROPOSED BUILDINGS.

Mr. Warren Assured Them That the Work Would Proceed as Soon as the Contracts Can be Awarded—Station to be 200 Feet Long.

A joint committee of the Plainfield Advancement Association and the Plainfield Board of Trade was invited to meet First Vice-President C. H. Warren, of the Central Railroad of New Jersey, yesterday afternoon, and examine the plans for the new railroad station at Plainfield. The committee was cordially received at Vice-President Warren's office in the Liberty street building, New York, and given positive assurances that the erection of the new station would be started as soon as the contracts could be awarded.

The visit of the Plainfielders was made in response to a letter received by Harry C. Runyon, secretary of the Board of Trade, last week, from Vice-President Warren. Mr. Warren referred to the former visit of the committee, and said he would be very glad to have the same committee call as he had a plan for the station that they would be probably be interested in inspecting.

All the members of the committee were unable to be present, but those who composed the party were L. B. Woolston, president of the Board of Trade, Former Mayor B. A. Hegeman, Jr., and Assessor Elston M. French.

Most of the time was spent in examining and discussing the new station which is to be located south of the tracks and opposite the present structure. The proposed building will be of red brick and will conform in general style with the present station. It is to be composed of a main structure of one story, flanked by long covered platforms, having a length of 200 feet in all. The main structure will contain the waiting rooms which will be well equipped. At one end of this central building will be the entrance to the tunnel under the tracks. Over the entrance will be a tower which will break the regularity of outline and give light to the tunnel. Three flights of stairs, two from the waiting room and one from the outside, will lead down to the level of the tunnel under the tracks.

The tunnel will be nearly a hundred feet long and eight feet wide. It will be brightly lighted by electricity. The north entrance to the tunnel will be at the centre of the old station. One stairway will lead directly from the street, North avenue, at the point where a flight of stairs now leads to the upper floor of the old station building. Two other flights of stairs will lead from the waiting rooms to either side of the tunnel.

The baggage-room will remain in its present quarters as will the ticket office. A fence will be placed between the east-bound and the west-bound tracks with a gate in it to allow the transferance of baggage from one side to the other.

In connection with the new station, one great improvement planned is the building of steps from the sidewalk on Watchung avenue on both sides of the railroad bridge over that avenue with platforms connecting with the stations.

The property of the railroad company south of the track is to be laid out as a park, with a driveway winding in from East Fourth street and another from Park avenue. A footpath will be made to the southeastern corner of the property on Fourth street.

Mr. Hegeman presented a petition from a number of residents of Fanwood and Plainfield, asking that the New York express, leaving Plainfield at 8:37 o'clock in the morning, be stopped at Fanwood. Mr. Warren explained that every stop cost from four to five minutes in time and that the company was endeavoring to give Plainfield just as rapid service as possible.

There was also a discussion on the question of rates and Mr. Warren agreed to consider the proposition of issuing a ten-trip ticket to be sold at the rate of 80 cents a round trip.

Dr. Richards to Speak.

Rev. Dr. Richards will be one of the speakers at the students conference to be held at Northfield, Mass., from June 30 to July 8. Among the other speakers will be Bishop John H. Vincent, Robert E. Speer and John R. Mott, of New York.

BLUE LINER WRECKED.

ENGINEER CLAPP WAS INJURED IN ACCIDENT.

He Was in the Skillman Wreck and Was in the Muhlenberg Hospital Several Weeks.

(Special to The Daily Press.)

Philadelphia, May 19—The Blue Line express, bound from Washington to New York, which left this city at ten minutes after three o'clock yesterday afternoon, was derailed at Jenkintown, eleven miles out, on the Reading Railway, by mud and stones, which had been washed on the tracks by the heavy rains. Charles Ferguson, fireman, of Jersey City, was crushed to death at his post, and Edward Clapp, engineer, was hurled from his engine to the roof of the baggage house, escaping with slight injuries. None of the passengers were injured.

At the time of the accident the train was running at the rate of forty miles an hour, and, leaving the tracks, the locomotive, with the tender and three passenger coaches, ran over the platform, imperilling the lives of three-score persons who were awaiting the arrival of trains. The platform was demolished, and the baggage house was wrecked by the locomotive, which dashed into it. Traffic on the railroad was delayed several hours.

Engineer Clapp was badly injured in a collision at Skillman three years ago. He spent several weeks in Muhlenberg Hospital in this city as a result of the injuries.

In the front part of the Pullman coach was Arthur Mulford, his wife and young son. Mr. and Mrs. Mulford formerly lived in Plainfield, but are now residents of Chicago, and were on their way to this city. Mrs Mulford was formerly Miss Laura Baker, daughter of Mr. and Mrs. Salmon C. Baker, of West Fifth street. They were thrown over in a corner and were pinned in. The escaping steam from the engine rushed into the car and they thought that they were in the river at first. Two women beside themselves composed the passengers in the coach, and fortunately they all escaped injury. Mr. Mulford received a slight bump on the forehead. In a short time they were rescued from the debris and came to Plainfield in a special train.

PRIZE FIGHT IN A BARN.

Three Hundred Spectators Watch a White Man Knock Out a Negro in Six Rounds.

(Special to The Daily Press.)

Flemington, May 19.—There was a prize fight between a colored man from Flemington and a white man of Ringoes in a barn near Ringoes Wednesday night. It was to have been a ten round contest for $200 a side, but the descendant of Ham was knocked out in the sixth round and the victory was awarded the white man. The fight was witnessed by about three hundred men, who journed from Flemington, Lambertville and other places.

Half a dozen lanterns furnished light, and a rope separated the fighters from the spectators. The whole affair was conducted with the utmost secrecy, but some one let the story out. The authorities of Hunterdon county are now on the trail of the contestants and three hundred men are worried for fear they will be called as witnesses.

No Golf Playing Today.

As the supply of boats at the Park Golf Club is insufficient to supply all the members of that club, the two handicap competitions, scheduled to be held over the Park Golf Club course this afternoon will be postponed until next Saturday afternoon. The opening play for the green committee challenge medal will also be postponed one week.

Red Men's Picnic.

At the meeting of Miantonomo tribe last evening the committee appointed to secure grounds for the third annual picnic reported favorably and were instructed to make all preparations. The picnic will take place July 4th.

GRAND ARMY HOLDS ANNUAL ELECTIONS.

Department of New Jersey Chooses New Officers in a Secret Session.

CANDIDATES WORK HARD.

CAPTAIN RICHARDS SUCCEEDS GEO. BARRETT AS COMMANDER.

At the Last Moment Charles F. Hopkins, of Boonton, Withdrew—Plainfielder on Council of Administration.

(Special to The Daily Press.)

Trenton, May 19.—On the third day of the encampment of the Grand Army of the Republic, Department of New Jersey, the election of officers was the most important business. The candidates for the positions were up bright and early yesterday morning canvassing the delegates.

Unusual precautions were taken to prevent any one but members of the Grand Army being present at the session. One delegate from Bayard Post, No. 8, Trenton, had forgotten the password and was refused admittance until he received the countersign from Post Commander Jonathan Clayton who was sent for by the absentminded delegate.

Nominations were first made for Department Commander to succeed George Barrett, of Camden, Charles F. Hopkins, of Boonton, who was placed in nomination Thursday, announced at this point that he desired to withdraw. Captain E. V. Richards, the only other nominee, was then elected by acclamation.

Joseph Colyer, Jr., of Phil Sheridan Post, No. 7, Newark, was unanimously elected vice department commander. Dr. John E. West, of Post No. 3, Jersey City, was elected medical director and the Rev. Charles E. Hill, of Red Bank, chaplain, without opposition. W. T. Britton, of Post No. 16, Burlington, was elected junior vice commander over two competitors.

Those candidates for the council of administration who were nominated yesterday were all elected without opposition. They were Stephen W. Long, Post No. 12, of Orange; William J. Orem, of Post No. 102, Camden; Amos R. Dease, of Post No. 37, Camden; James M. Atwood, of Post No. 73, Plainfield, and A. S. Appleget, of Post No. 107, Hightstown.

These veterans were elected delegates to the National Encampent: W. W. Watts, Post No. 5, Camden; R. D. Brower, Post No. 96, Milburn; John Lawrence, Post No. 67, New Brunswick; James H. Putnam, Post No. 27, Rahway; Abram Lower, Post No. 97, Point Pleasant; Robert Johnson, Post No. 110, Newark; W. H. H. Wyckoff, Post No. 75, Somerville, and A. S. Hill, Post No. 8, Trenton. The alternates elected were William M. Appleby, Post No. 79, South River; Edwin Marsh, Post No. 64, Elizabeth; W. H. Black, Post No. 3, Jersey City; William W. Mendell, Post No. 25, Elizabeth; Albert Knack, Post No. 14, Town of Union; J. Newton Terrell, Post No. 15, New Brunswick; P. W. O'Nal, Post No. 6, Port Norris; P. N. W. Stone, Post No. 58, Phillipsburg, and Isaac Inslee, Post No. 85, Woodbridge.

The morning session of the Woman's Relief Corps was devoted to the election of officers. The electioneering had been spirited and much interest was manifested by the delegates in the election, which resulted as follows: President, Mrs. Lottie Durell, of Trenton, (re-elected); senior vice-president, Mrs. Mary E. June, of Flemington; junior vice-president, Mrs. Laura Jenkins, of Salem; treasurer, Miss Dorra Pollock, of Trenton.

P. R. R. TO MOVE.

General Freight Offices Will Be in a New York Skyscraper.

Dispatches received from Philadelphia confirm the recent reports to the effect that the Pennsylvania Railroad Company is about to remove its general freight offices from Philadelphia to New York, where the company has purchased the block bounded by Cortlandt, Liberty, Washington and West streets. The old buildings are to be torn down and a handsome new structure erected. It is to be sixteen stories high.

Scholars Entertained.

A very pleasant entertainment and sociable was given last evening at the Plainfield Business College. Scholars were present from Raritan, Somerville, Bound Brook, Westfield and Cranford. The evening was spent in having a sociable time and in listening to recitations and piano solos given by Miss Hoagland and Miss Machter.

Sheriff Schoonmaker, of Somerville, was in North Plainfield yesterday on business.

KITES USED BY THE WEATHER BUREAU.

Weather bureau stations throughout the country now employ large kites, equipped with automatic instruments, for taking meteorological conditions in the air. About a mile is the average height to which the kites are sent. The illustration shows a weather bureau kite, with meteorograph attached, and house in which is located steam kite reel.

Hub of Snake Stories.

Upper Hunterdon is fast becoming the hub of snake stories of the genuine article. John S. Yorks, who lives near Stanton, relates a thrilling adventure with the reptiles, and as a verification of his story he hurried John Shurts, clerk of the Board of Freeholders, to the scene of the slaughter. A day or two ago, while crossing his farm, he discovered a large number of black-snakes huddled together taking their morning nap. Seizing a fence rail, he succeeded in killing eight of the reptiles. They measured from four to six feet in length.

A Fiendish Assault.

The twelve-year-old daughter of O. Altenberger, a garbage and ash cart contractor, of Cranford, is in a serious condition as the result of an assault committed, it is alleged, by a hired man man named Anthony Smith, who was employed by Altenberger. Smith has fled and a warrant has been issued for his arrest. The assault was committed early Thursday evening. The girl was unconscious for several hours.

Personally-Conducted Tour via Pennsylvania Railroad.

Over the battlefield of Gettysburg, through the picturesque Blue Mountains, via Hagerstown and Antietam, and down the beautiful and historic Shenandoah Valley to the unique Caverns of Luray; thence across the rolling hills of Northern Virginia to Washington, is a route of this tour—a section of the country intensely interesting from both a historic and a scenic standpoint.

The tour will leave New York 8 a. m., and Philadelphia 12:20 p. m., Tuesday, May 29th, in charge of one of the company's tourist agents, and will cover a period of five day. An experienced chaperon, whose especial charge will be unescorted ladies, will accompany the trip throughout. Round-trip tickets, covering transportation, carriage drives, and hotel accommodations, will be sold at the extremely low rate of $25 from New York, $24 from Trenton, $22 from Philadelphia, and proportionate rates from other points.

For itineraries and full information apply to ticket agents; Tourist Agent, 1196 Broadway, New York; 4 Court street, Brooklyn; 789 Broad street, Newark, N. J.; or address Geo. W. Boyd, Assistant General Passenger Agent, Broad Street Station, Philadelphia. 5-5 12-19

NOTICE!

To enable us to make use of our old quarters in the Schepflin building for our weekly auction sales we concluded to make a change in the day. For about twelve years we held our auction sales every Friday afternoon, but when the silk mill started on the second floor, we were compelled to vacate the premises on account of the noise of the looms. The store being so well-adapted, however, for the auction business we re-leased it, and decided to hold our auction sales every Saturday afternoon at 2 o'clock in the future, the looms not being in operation at that time.

Thanking the public for their patronage in the past, we solicit a continuance of the same in the future.

MAFEKING RELIEVED

Welcome News Sets London Wild With Delight.

NO PARTICULARS YET AT HAND.

General Buller Occupies Newcastle. Disordered Flight of the Boers. Hutton Captures Commandant Botha and Other Officers.

LONDON, May 19.—London's millions spent half the night in the street, and even at 4 o'clock this morning troops of young men were promenading, singing and cheering, and there are crowds in front of the Mansion House, Marborough House, the clubs on Pall Mall and the war office and in Parliament square waving flags and joining in the national air.

This sustained bellowing and uproar of hundreds of thousands amazes the Englishman who ceases for a moment to be an actor and becomes merely an observer. Sober, phlegmatic London is beside itself with emotion. Gusts of patriotism have set the town quivering twice or thrice before during the war, but nothing has quite equaled last night's 100 square miles of almost furious demonstration. It was a curious thing for the onlooker to see solemn, gray haired men toss their opera hats into the air and join in the hurricane of cheers when a wreath crowned banner with the portrait of Colonel Baden-Powell on it was borne along Piccadilly. Smart women in broughams waved union jacks out of the windows. Conventional family parties stopped at street corners to take part in singing "God Save the Queen" and "Soldiers of the Queen." Everywhere were abandon, good feeling and an astonishing roar of human voices.

It was all brought about by a 20 word telegram from Pretoria that Mafeking had been relieved. Although the government has not a word and although nothing confirmatory has been received from any African source except Pretoria, nobody apparently questions the news.

Colonel Baden-Powell's brother in London has received a telegram from a Dutch friend in Pretoria saying that Mafeking has been relieved.

The Princess of Wales, the Duke and Duchess of York and the Portuguese minister, Senhor Pinto do Soveral, occupied a box at Covent Garden, where "Lohengrin" was being presented, and when the relief of Mafeking was announced they joined heartily in the applause.

It is officially announced that General Hutton's mounted infantry has surprised and captured Commandant Botha and 23 other Boers 30 miles northwest of Kroonstadt.

It is also announced that General Methuen has entered Hoopstadt unopposed, that Generals Duprey and Daniels and 40 men have surrendered and that General Broadwood has occupied Lindley.

With Botha there were captured Field Cornet Gassen, five Johannesburg policemen and 17 Boer soldiers.

General Roberts reports that Steyn was not at Lindley and that his government officials left there last Sunday.

General Buller, in a dispatch to the war office, dated Newcastle, May 18, says:

"Newcastle was occupied last night, and today the whole Second division and the Third cavalry brigade will be concentrated there.

"I have sent the mounted force through Nqutu to expel a small force of the enemy and to reassure the natives.

"The enemy have burned the chapel, broken much glass, plundered many houses and taken cash from the banks, but otherwise they have not done much harm.

"The railway is badly damaged. The Ingagane and Nkader bridges are destroyed, as are many culverts and the pumping stations and waterworks.

"Of the 7,000 men flying before us about 1,000 seem to have gone to Wakkerstroom and some by Miller's pass to the Free State. The remainder, who are described as 'disorganized rabble,' have gone north and say they intend to make a stand at Laingsnek."

Abandoned After Bombardment.

PRETORIA, May 19.—It was officially announced that when the laagers and forts around Mafeking had been severely bombarded the siege was abandoned, a British force from the south taking possession of the place. President Steyn left here for the Free State Thursday night. Addressing a crowd on the platform, he urged them to be of good cheer. It is reported that 5,000 British troops have surrounded Christiania and that the landrost and other officials have been taken prisoners. Mr. James Milne, the correspondent of the Reuter Telegram company, who has been a prisoner here, was liberated and escorted to the border.

Another Oil Gusher.

BOLIVAR, N. Y., May 19.—The greatest gusher yet completed in the new oil fields at Caines, on Pine creek, Tioga county, Pa., was drilled into the sand at 11 o'clock yesterday. The well started off at 125 barrels an hour and last night was pouring out 110 barrels an hour. The well is on the Blossburg Oil company's lease and is 250 feet east of their No. 4, which created such a furore in oil circles on April 24 by starting off at 100 barrels an hour.

Earthquake In Mexico.

CITY OF MEXICO, May 19.—Reports from the Pacific coast towns show that the earthquake of Wednesday, which was comparatively light in this city, was more severe along the coast. A tidal wave followed the second shock and did considerable damage to the coast towns of the states of Colina and Jalisco. Houses were submerged, boats were swamped and several natives were drowned.

No Gambling In Syracuse.

SYRACUSE, May 19.—With the closing of the game of policy by the police all forms of gambling are now shut down tight in this city. The hardest to reach was policy, but the head of the game here finally decided the crusade was in earnest and agreed to quit.

Patrol For Welland Canal.

OTTAWA, May 19.—The Welland canal will be permanently patrolled by a squad of Dominion police in the future. The militia now guarding the canal will be withdrawn at once.

Turkey Buys Sixteen Batteries.

LONDON, May 19.—A dispatch to The Standard from Constantinople says that the porte has contracted with the Krupps for 16 batteries of quick firing guns. The price is 296,000.

CAR STRIKE ENDS NOT

Situation In St. Louis Grows More Serious.

RIOT AND BLOODSHED RESUMED.

All Efforts to Compromise Come to Naught — The Striking Operators Shoot and Stone Motormen and Blockade Car Tracks.

ST. LOUIS, May 19.—The efforts to compromise the street car trouble have failed, and the situation seems now more serious and complicated than ever.

The Transit company officials have rejected the last proposition of the employees, the hitch resting entirely on a clause which calls for the complete reinstatement of all the old men. To get around the point in dispute the strikers in the conference with the railway officials will offer to pay half a month's salary to each of the men employed since the strike was inaugurated and pay their fare back to their homes. The railroad officials flatly stated that under no circumstances would the men employed by them to supersede the strikers be displaced.

At a mass meeting of street car employees at the West End Coliseum a resolution was adopted calling on all labor unions and sympathizers to quit work after today in support of the street car men's strike and unionism, and a circular was addressed to the public giving a history of the strike.

Rioting broke out afresh yesterday in various parts of the city, and several casualties of a severe nature resulted. At noon a crowd of 400 or more men, women and boys congregated along Laclede avenue between Grand and Theresa avenues, and piled obstructions on the tracks. As the cars came to a standstill rioting began, persons in the crowd throwing rocks, and some shots were fired. One of the bullets struck J. R. Richardson, a conductor, in the head.

A special officer on one of the cars was dragged off and badly beaten, and several other motormen and conductors were assaulted.

While the turmoil was at its height a detail of police came dashing up and charged into the crowd. They struck right and left, but they had no clew as to who was responsible for the shooting. Richardson is probably fatally wounded.

On the Bellefontein line obstructions were numerous, and when the men left the cars to remove the barriers they were made the targets for rocks, broken bricks and pieces of iron.

The employees on the Easton avenue cars had another rough day of it. Obstructions were numerous along the California avenue and Tower Grove lines, and the cars passed through several showers of stones and bricks.

Traffic was frequently impeded by piles of rocks, lumber, etc., along the Market street and Chouteau avenue lines, and every now and then a stray rock was hurled at the passing cars.

Two imported employees of the St. Louis Transit company were shot while in charge of street cars. In neither case is the assailant known.

Guy Fickes of Decatur, Ills., was shot through the thigh at Twenty-first and Morgan streets. Fickes was employed as a guard on the cars. At the hospital Fickes said the shot came from the second story of a brick building on the corner. His condition is not serious.

The federal grand jury was in session all day. It had under consideration the hindrances and obstructions to the United States mail caused by the present street car strike. Numerous witnesses were examined and some important evidence presented. It is said that a final report will be made today.

Shortly after noon the cable of the Fourth Street railway was cut. When the free end of the cable arrived at the power house, it was found that all the strands had been severed, presumably by a steel saw.

The task of splicing the cable and running it through the conduits will be a difficult one, and the road probably will not be in shape for a day or two.

Report on Sabbath Observance.

ST. LOUIS, May 19.—A very considerable part of yesterday's session of the Presbyterian general assembly was spent in considering the report of the special committee on Sabbath observance. During the discussion high praise was accorded to President McKinley and Secretary Hay for the instructions sent to Commissioner Peck of the Paris exhibition and to Embassador Porter at Paris touching the closing of the United States pavilion and offices at the exposition on the Sabbath. The report strongly urges that Presbyterians throughout the land should abstain from numerous forms of Sunday desecrations now being more or less indulged in and make the request that railroad companies reduce Sunday transportation to a minimum and that congress and state legislatures shall appropriate no more money for exhibitions without the proviso that such exhibits shall be closed on Sunday.

Mrs. Brigham Loses Her Share.

BOSTON, May 19.—Mrs. Frances G. Brigham of New York cannot participate in the millions left by Robert B. Brigham of this city, who died Jan. 2. The full bench of the supreme court has sustained a demurrer filed by the respondents, who are the executors of Mr. Brigham's will, to Mrs. Brigham's petition to set aside the decree of divorce granted Mr. Brigham in 1888. She sought to get the divorce decree set aside on the ground that it was procured by fraud.

Oscar May Abdicate.

LONDON, May 19.—The Stockholm correspondent of The Daily Express says: "A rumor is abroad here in pro-Boer circles that King Oscar's declaration of sympathy with Great Britain may cause him to abdicate, as it has embittered relations with the cabinet. The crown prince's birthday, June 26, is mentioned as the occasion for a public announcement."

Wife Murderer Captured.

NORTH ADAMS, Mass., May 19.—Louis Farrar shot and fatally injured his wife, Norah, last evening on Walnut street and then shot his brother, Leonard Farrar, in the neck, but not dangerously. Farrar was captured in the woods half a mile from the scene of the shooting. Domestic trouble was the cause.

Struck by Lightning.

CATSKILL, N. Y., May 19.—Dr. J. A. Deane's noted pacing mare Dyspepsia Pills, 2:15¾, was struck by lightning on the Catskill Driving park. She was knocked insensible, but will recover.

BRIDGE WORK

in Dentistry is the best substitute for nature's work that can be done. Sound roots may be built up and crowned and thus fill up an unsightly space. It has to be made of a material that has strength and durability and one that will not discolor. Gold is the one that stands the test. That is the secret of the expense. But the advantages of a bridge over a plate are many times more than the cost of one compared to that of the other.

Charles S. Lee, general passenger agent of the Lehigh Valley Railroad Company, has returned from a pleasure trip to Buffalo and Niagara Falls, during which he was accompanied by a number of employes of the company's offices.

Fowler Hires the Band.
(Special to The Daily Press.)

Elizabeth, May 19. — Congressman Charles N. Fowler has telegraphed to General J. Madison Drake to hire at Congressman's expense the entire Veteran Zouave Band of thirty pieces for the parade on Memorial Day in connection with the reception and planting of the cannon in the soldiers' plot at Evergreen cemetery.

NEELY IN A NET.

Confessions Already Made Seem to Put Him In Tight Place.

HAVANA, May 19.—General Wood says that the report from Muncie, Ind., that nearly $2,000,000 worth of stamps have been printed there and sent for distribution to Cuban postoffices can be regarded as a canard. There is nothing here to show that any such counterfeit stamps have been sent. It is believed now that the whole story is known and that the amount of the defalcations will fall between $100,000 and $125,000.

Those who know the situation best say that the confession of Reeves was the only link required in the chain of evidence, although the principal statements he has made will require investigation before they can be acted upon, as it is generally believed that his accusation is of such a startling character as to render it unwise to proceed before being absolutely sure of other evidence to corroborate it.

Another charge against Neely is that he has defrauded the customs out of several thousand dollars' worth of duties by importing nominally for postal use large quantities of paper which was afterward sold to a printing house in Havana.

The Cubans are now beginning to talk a good deal regarding postal matters, the main idea apparently being that the Americans, having found so many of their countrymen implicated, will proceed to extremities. The Cubans do not believe that Neely will be extradited.

With the confessions of Reeves and Rich, supplemented by those of the stamp clerks and by the statements of the Baracoa postmaster, it is considered that the evidence against Neely is complete, especially in view of the assertion of Reeves that the stamps were not destroyed when they were supposed to be. Packages which were apparently stamps were destroyed, but it is now said that these were so many bundles of paper bits.

The newspapers now begin to ask for an investigation of the engineering department. They say that this department has been even more extravagantly conducted than the postal department.

Six normal schools will be opened this summer for the benefit of the teachers who remain in Cuba. There will be one school for the capital of each province. The teaching of English in the schools will begin in September.

WILL KEEP UP THE BARS.

Methodist Conference Not to Change Position on Amusements.

CHICAGO, May 19.—The Methodist church will not, if the report of the committee is accepted, alter its position toward playing cards, dancing and certain other amusements.

The amusement question is settled so far as the committee on the state of the church is concerned. By a vote of 45 to 25 the committee decided to recommend that the section on prohibited amusements be taken out and that a new section be inserted in the chapter on advices. The paragraph to be inserted is as follows:

"Our church has from the beginning of its history insisted that dancing, playing at games of chance, attending theaters, horse races, circuses, dancing parties or patronizing dancing schools and other amusements which cannot be used in the name of the Lord Jesus are perilous to the spiritual life and influence of the members of our church and enervating to the spiritual power of the church in the great work of saving souls. The tendency in social circles toward dangerous amusements was never stronger than it is at the present time, and therefore we deem it wise to reaffirm our historic attitude upon this subject and urge our people to abstain from and bear their unwavering testimony against all amusements and diversions which endanger Christian life and repress the spiritual power of the church. This advice must not be interpreted as the waiving of the church's right to call to account any member who continues to indulge in these diversions which cannot be used in the name of the Lord Jesus."

Acting under the advice of the board of bishops the committee on episcopacy at its meeting yesterday decided to recommend to the general conference that an additional bishop be elected to take charge of the work in eastern China. This makes three missionary bishops which the conference will be called upon to elect at the present session. The official to be put in charge of eastern Asia will be located in Shanghai and will be required to spend four months in Japan and one month in Korea each year.

CONFEDERATE CLAIMS.

House Makes the First Allowance Since the Civil War.

WASHINGTON, May 19.—For the first time since the rebellion the house yesterday passed a measure to pay Confederate soldiers for losses growing out of the civil war. It was a bill introduced by Mr. Cox of Tennessee to pay the Confederate soldiers who surrendered at Appomattox for the loss of horses and other personal effects taken from them in violation of the terms of Lee's capitulation to Grant, by which officers and men of Lee's army were allowed to retain their baggage, side arms and horses. The bill originally carried $200,000, but the specific sum was stricken out, and the appropriation was made indefinite. The bill was passed out of its order as a special compliment to Mr. Cox, who after ten years' service in the house is to retire at the end of the present term. Many other claim bills were passed.

Nearly the entire day in the senate was devoted to the pneumatic tube service item in the postoffice appropriation bill. The debate at times was sharp and almost personal. The appropriation was defended by Senators Chandler, Mason, Carter and Wellington and opposed by Senators Allison, Hale, Tillman, Lodge and Wolcott.

Senator Morgan introduced a resolution to investigate the Panama Canal company and in a speech severely criticised that company.

Senator McCumber made a speech in favor of the retention of the Philippine Islands, during which Senator Tillman took issue with him over an assertion that the people of the south were glad the Confederacy was unsuccessful.

CUBAN FINANCES.

Insular Receipts and Expenses Show Favorable Balance.

WASHINGTON, May 19.—The war department has sent to the senate in answer to a resolution an itemized statement of the receipts and expenditures of all sorts in Cuba, including salaries and allowances to officers, since the United States government assumed control of the island. This statement is in extension of a condensed one supplied on Feb. 15 last, General Wood having furnished the details at the direction of the department. It is shown that the actual cost of the Triscornia railway, connecting the harbor of Havana with the interior railroad system of Cuba, was altogether $342,611.

The statement shows that the total receipts from all sources in Cuba for the year 1899 were $16,316,590. The expenditures are set down as $7,421,719. It is explained that this is a sum total for which vouchers had been audited by the auditor of Cuba. His report is complete for the year 1899 for all the civil departments of the island, but his report for other expenditures covers only the six months from July 1 to Dec. 31 of that year, and the itemized statements of these expenditures are submitted with the statement yesterday. The auditor promises to supply the report for the first half year of 1899 in the near future, when it will be sent to the senate.

McCoy Whips Creedon.

NEW YORK, May 19.—"Kid" McCoy made short work of Australian Dan Creedon at the Broadway Athletic club last night before one of the largest crowds the club has ever had. Thirty-four seconds of the sixth round was all the time needed to turn the trick, and the "Kid" could have brought it to a speedier conclusion had he felt so inclined.

Must Seem Like Home.

BOSTON, May 19.—Thomas Jackson, who has spent more than half of his 61 years in prison, has been given from 10 to 15 years more by Judge Bond in the superior court. Jackson's partner was Thomas Wilson (colored), but his case was continued for a few days. Both men were caught trying to rob a wholesale woolen house at night.

LESSON TO FILIPINOS

Insurgent Attack Repulsed by Americans With Great Loss.

FIERY PROCLAMATION BY AGUINALDO

The Insurgent Leader Urges Continued Resistance — The New Commission Not Properly Appointed.

MANILA, May 19.—The insurgent general De los Santos has surrendered to the Americans at Bulacan, in the province of the same name, some 22 miles north of Manila. He promised the American commander that he would use his influence with his followers to induce them to turn in their arms and surrender.

On May 1 700 rebels attacked part of the Forty-third volunteer infantry at Catarman on the island of Samar. One American soldier was killed and another wounded. Two hundred of the insurgents were killed. Catarman is about 37 miles from Catubig, where 19 men of the Forty-third infantry were killed some weeks ago. On the following Sunday Major Gilmore, with 100 men of the Forty-third infantry, scouted as far as Pambujan in the same country and chased the remainder of the insurgent band. The rebels attempted to ambush the Americans at the city bridge. They had riflemen on one bank of the river and bolomen on the other. The result of the fight was that 75 insurgents were killed, while the Americans had one man wounded.

A proclamation attibuted to Aguinaldo and dated May 4 from Polillo island, one of the Philippine islands in the Malay archipelago east of Luzon, is circulating in Manila.

It says the commission named by President McKinley was appointed without the authorization of congress and that hence it cannot treat officially.

It urges the Filipinos not to surrender their arms at the instigation of the commission and on promises which congress may not ratify and also urges the Filipinos to enthusiastically welcome the commission when it arrives in towns and provinces, asking boldly for the form of government they most desire, as the Americans permit freedom of speech.

The proclamation closes with asking the Filipinos to still strive for liberty and independence and again warns the commission against deception.

Injunction Against Strike Leaders.

CUMBERLAND, Md., May 19.—Judge Sloan, in the circuit court here, upon the application of Julian J. Alexander, president of the Georges Creek Coal and Iron company, granted an order for an injunction to restrain William Warner, Frederick Dilcher and other leaders of the coal miners' strike from interfering in any way with the working of the mines belonging to Mr. Alexander's company. The injunction will issue as soon as the company files the necessary bond, which will probably be done today. It is now confidently believed that a break in the ranks of the strikers will take place not later than Monday, and while no violence is anticipated it is certain that a critical point in the strike is about to be reached.

Reaching For the C., B. and Q.

PHILADELPHIA, May 19. — The Evening Telegraph prints the following: "The Pennsylvania railroad, it is announced, is seeking control of the Chicago, Burlington and Quincy railroad, of which C. E. Perkins is the president. It is stated that a definite proposal will be offered the board of directors at their meeting in Chicago next Wednesday looking to a lease of the entire line. It is said in addition that the Pennsylvania has secured practical control by recent heavy purchases of stock similar to the plan followed in gaining control of the Baltimore and Ohio and the Chesapeake and Ohio."

Postal Funds Recovered.

WASHINGTON, May 19.—The postmaster general has received confirmation of the report that the inspectors at Havana have recovered $4,500 from Auditor Reeves. Director Rathbone continues to act in conjunction with General Wood in investigating the postal affairs at Havana and is in communication with the department here. The postmaster general declines to discuss the subject of Director Rathbone's future, but it is understood that it will be determined by the facts brought to light by General Bristow, who will arrive at Havana today.

American Thread Company's Report.

NEW YORK, May 19.—At the annual meeting of the stockholders of the American Thread company in Jersey City yesterday the three retiring directors, Robert K. Clark, James Kerr and Herbert Lyman, were re-elected. The auditors, Messrs. Jones, Crowdson and Youatt of Manchester, England, were also re-elected. The report for the year ending March 31, 1900, showed a balance of net profit for the year of $170,135.

Schoolteacher Arrested.

GENEVA, N. Y., May 19.—Miss Mary Bond, a schoolteacher in one of the district schools near this city, has been arrested on a charge of assault in the third degree. It is alleged that she severely punished a 6-year-old boy named Douglass. The case will be tried before a jury. Sensational evidence is likely to be brought forth. In case Miss Bond loses she says she will carry the case to the higher courts.

Factory Covering Five Acres Burned

HARTFORD CITY, Ind., May 19.—The strawboard and paper box board factory of the Utility Paper company, covering five acres of land, was destroyed by fire last night. At 7 o'clock the 150 horsepower gas engine exploded, and the flames soon spread through the plant. The loss is estimated to be $100,000 on the buildings and contents.

Yosemite Stages Held Up.

STOCKTON, Cal., May 19.—Both the Yosemite valley stages, one going each way, were held up by a lone highwayman at Big Neck Flat. About $200 was secured from the passengers. The ladies were not molested. A treasure box owned by the Wells-Fargo Express company was not touched by the highwayman, who escaped.

Australian Differences Settled.

LONDON, May 19.—Mr. Chamberlain, secretary of state for the colonies, will announce Monday in the house of commons that the differences between the imperial government and the Australian federation delegates over the commonwealth bill have been amicably settled.

Mr. Martine's Prospects.

There are strong indications appearing on the political horizon to indicate that it is very probable that James E. Martine will be one of the "Big Four" delegates to represent the New Jersey Democrats at the National convention in Kansas City.

There has been much speculation as to who the "Big Four" would be, but in every alleged slate that has been made the name of William B. Gourley, chairman of the Democratic State committee, has been mentioned. Mr. Gourley will not be a delegate-at-large, however, as was determined yesterday when the Passaic county delegates to the State convention were instructed for Mr. Gourley for district delegate. This action was taken because Mr. Gourley had decided not to accept the honor of being one of the "Big Four." He prefers that Middle and South Jersey shall be represented in this respect.

Mr. Martine has been the one Democrat in Middle New Jersey that has been prominently mentioned in connection with the delegate-at-large question, and the position taken by Mr. Gourley would seem to be highly favorable to the "Farmer Orator's" prospects. Some of the most prominent and influential leaders in the Democratic party in the State have assured Mr. Martine, without solicitation, that they shall aid and strive to elect him as one of the "Big Four."

That observing and trenchant correspondent who signs himself "Trenton" in the New York Herald, has this to say of the attack on Chancery Clerk Thompson' official work: "It would seem as if the attack upon the Chancery Clerk grew out of the irritability and impatience of Vice Chancellor Pitney. He is the most irascible man on the New Jersey Bench, and has the reputation of finding fault with young lawyers in the most merciless way whenever they blunder or make mistakes. They hold the stern old justice in as much awe as did the 'leading tremblers' Goldsmith's village schoolmaster. So when some of them were sharply brought up for errors they made a scapegoat of the Clerk in Chancery and told it all on him. Whereupon the irate Vice Chancellor promptly decided that the clerks must be hauled over the coals. The truth probably is that the lawyers themselves made the mistakes. These inaccuracies have become very frequent since the habit of leaving all detail work to stenographers and typewriters has come into vogue."

The Boston Herald remarks that the Filipinos have sacrificed more for the cause of independence than have the Boers, and adds: "If the situations were reversed, and we were fighting the Boers and the English were fighting the Filipinos, one may be sure that the same inconsistency in judgment would be shown. Our contest against the Boers would then be looked upon as righteous and praiseworthy in the extreme, while Filipino delegates to the United States would be welcomed as representing the aspirations for freedom entertained by a long downtrodden people."

Plainfield is the Mecca to which many prominent and influential Democrats of New Jersey are wending their way this afternoon in anticipation of attending what will undoubtedly prove the most notable Democratic social function held in the State in several years. The affair will undoubtedly result in inspiriting some of the lagging Democrats of the city.

PASSING COMMENT.

Things that Are Not Exactly News but Just as Interesting.

A great many people who have occasion to drive out Park avenue toward Metuchen, have been complaining about the negligence of the people who are building the Arlington avenue trolley. For several nights there have been no warning lights placed at the point where the excavations have been made on Park avenue, and on several occasions people have narrowly escaped being thrown from their carriages and sustaining serious injury. Someone should see that lights are properly stationed to warn travelers.

THEATRICAL.

With the performance of last night the dramatic season of 1899-1900 came to a close and Stillman Music Hall will be "dark" with the exception of a few dates made for G. A. R. memorial exercises and school commencements, until the beginning of the next regular season, which is fixed for August 21st. During the past season 128 performances have been given, with more or less success. The general standard of plays has been of the best, and few suburban towns can boast of more varied or more refined entertainments than those presented by Manager Mazo Edwards. He has given his exclusive time and attention to every detail, and expects to give better satisfaction next season. The usual renovation and cleaning up will be had during the summer months.

FINE IMPROVEMENTS.

Board of Education Making Important Changes Around School Property on Arlington Avenue.

The Plainfield Board of Education has planned some improvements for Arlington avenue along that portion which passes the High School and Franklin school. The Board is now having the trees removed and the old board fence will be removed. In its place will be erected a handsome iron fence, so that the children may plainly see passing trolley cars and thus remove all possibility of danger from this source. The fence will be placed several feet inside of the present line, thus making the sidewalk wider. The stone flagging will be reset and that side of the street curbed.

In connection with these improvements it is expected that the owners of the property on the other side of the street will also make concessions, and give some of their land to widen the street. When this is done the thoroughfare will be of sufficient width and the improvement will be worth all that it costs to make it.

WAS WHERE HE SAID HE'D BE.

Told Wife to Find Him in Woodshed—No Ward of Suicide.

Frederick Schweinfurth, of South River, near New Brunswick, returned home Thursday night after having been away for over two weeks. After kissing his wife, he said:

"I'm going out in the yard for awhile. When you want me come to the woodshed. You'll surely find me there."

Two hours later his wife, becoming uneasy at his failure to return, recalled his words. She took a lantern and went to the woodshed. There she found her husband hanging by a clothesline from a rafter.

She cut down the body, but all efforts at resuscitation failed. Schweinfurth had stood upon a block, adjusted the noose and then kicked the block away from him.

THINGS THAT INTEREST SCOTCH PLAINS AND DUNELLEN.

Brief and Terse Observations Gathered by Alert Press Reporters to be Perused at the Supper Table at Your Leisure

DUNELLEN.

(Special Correspondence to The Press.)

Dunellen, May 19—An original comedietta entitled "Aunt Betsy's Parin Bee," was given in the Dunellen Presbyterian church Thursday evening, under the auspices of the Y. P. S. C. E. The scene represents an old fashioned farm house, showing the Doggett family waiting for the young folks to arrive, who were to take part in the "Bee." At last sleighbells are heard and a jolly troupe of young people come rushing in the door, and a scene of merry making begins. Apples are pared and strung, old fashioned songs are given and quaint and humorous stories are told. In fact everybody helps to pass the time pleasantly and everyone has an evening of fun and jollification. It would be hard to make special mention to those who took part as everyone did very well, showing that a great deal of pains had been taken by each one in becoming familiar with their part. Those who took part in the "Bee" were the Messers. Humpston Sutton Wyckoff, Dickerson, Tonzeau, Churchill, Teel Dunham, Bodine, DeGroff, Coriell Wynkoop and Ginder, Mrs. Hetfield, Mrs. Williams and the Misses Teel, Boice, Craig, Warden, Dealaman, Wilcox, H. Dunham and K. Dunham.

It required the united efforts of four men to place a large century plant belonging to Adam Dealaman outdoors, yesterday. The plant, which is ninety years old, was bought by Mr. Dealaman from Peter Marienschenck who secured it from a family in Plainfield. It is a very handsome one and adds not a little to the appearance of his lawn.

The contract case of Thomas C. Whitlock against the New Brunswick Fredonian was tried before Justice Storms yesterday, who rendered decision for $50 and costs. The plaintiff was represented by Frederick Pope, of Somerville, who formerly resided in Dunellen.

Thomas Heller, who lives on the New Market road, captured a carp in the New Market pond yesterday which weighed over twelve pounds. It was twenty minutes after it was hooked before it was landed on the bank.

A Jewish dealer in antique furniture made the rounds of the borough Thursday, and went back to Plainfield with a smiling face and a wagon piled high with relics rescued from the garrets.

A team from the fourth class of the Plainfield High School journeyed to the borough yesterday to play a game with the Dunellen High School team, but the game was given up on account of the rain.

James H. Wright, of St. Simons, Ga., who has been visiting A. F. Warden, went to New York yesterday to complete arrangements for himself and family for a trip to the Paris fair.

The second reception given by Mrs. William A. Terry in honor of Mrs. Archer was held yesterday afternoon. It was attended by a number of Dunellen ladies.

The Banjo Club is practicing hard for the reception to be given to their friends at the residence of O. A. Douglas May 24th.

Rev. Harvey Wood, of Paterson, will occupy the Presbyterian pulpit tomorrow morning.

Mrs. Cardner, of Plainfield, visited friends in the borough yesterday.

The Board of Health had a special meeting last evening.

Scotch Plains, May 19.—The Scribe, the weekly journal of our Public School, which was launched upon the public several weeks ago, is meeting with encouraging success and will no doubt remain a permanent feature. The Scribe has the Press' best wishes for success in the journalistic field.

The weekly meetings of the Saturday Night Social Club of the borough will be resumed this evening. The committee in charge have arranged for a cakewalk and a very pleasant time is anticipated by the members.

The subject of Rev. G. M. Shott's subject for Sunday morning's sermon will be "The Christian's Anchor;" evening subject, "Out of the Fire."

The Township Committee met in the township rooms last evening. Routine business and the settling of several bills was transacted.

The little Juniors of the Baptist Y. P. U. held an interesting weekly gathering in the parlors of the church yesterday afternoon.

Several of the corps of teachers of the school attended the Council of Education held in New York city today.

Twilight Council, Jr. O. U. A. M., held a large and interesting meeting in their rooms last evening.

Miss Sadie Reger is spending a few days with Rahway friends.

SOMERVILLE.

(Special Correspondence to The Press.)

Somerville, May 17.—The anniversary of the Epworth League of the M. E. church will be held tomorrow morning. An interesting progamme has been prepared, consisting of addrees by Rev. John McMurray, the newly appointed pastor of Monroe Avenue M. E. church, Plainfield, and W. H. Bryan, of Philadelphia. There will be special music. All are invited.

The case of Wm. Rockafellow and Dr. Nixon, of Raritan, was tried yesterday before Judge Schenck. Wm. Rockafellow kept a grocery store in Readington and Dr. Nixon was living there at the time and bought groceries from him amounting to $160. The bill was charged to the doctor, but the money and property was in Mrs. Nixon's name, and then he charged the bill to Mrs. Nexon. Dr. Nixon moved to Raritan and refused to pay the bill. Rockafellow brought suit against the doctor, but lost the case. John Regar represented Rockafellow and A. A. Clark and Prosecutor Griggs represented Dr. Nixon.

The rain has done an amount of damage in Somerville, the low lands being submerged and the brook overflowing its banks. The water at the station this morning was six inches deep. The trolley cars are running between the Finderne switch and Raritan, the streets of Bound Brook being flooded.

The free excursion committee met this morning and decided to hold the excursion a week from today, making it the 26th.

Ed. Thomas returned from Newburgh, N. Y., last evening, after having first class luck on his fishing trip.

George Morris returned from Lake Hopatcong, where he has been doing some repairing around his cottage.

George Henry, who has been attending the Jefferson Medical College, graduated with high honors.

H. D. Robinson attended a dinner party in New York last evening.

The Whitenanck and Dr. Nixon case was adjourned until Monday.

SOUTH PLAINFIELD.

(Special Correspondence to The Press.)

South Plainfield, May 19.—Tramps are getting very numerous lately. Able bodied men looking for a free lunch are a nuisance these times.

The Lehigh Valley will build another switch tower near the station. All of the switches near the station will be handled from it; also the gates at the crossing.

Thomas Dorgan will be put in charge of the new gates to be put up at the crossing east of the station.

The heavy rain of yesterday and last night did an immense amount of good, especially to the grass land.

Quite a number of fishermen were on the pond last night, it being a fine night for the sport.

of our Butter is enough. Henceforth we have you as a customer.

We carry three different grades of butter, each of which has its special merits.

Our Rockdale Print Butter at 25 cents per pound, is the best on earth. It has the rich, delicate flavor of the finest cream and for table use cannot be surpassed.

Some of the cheaper grades of butter sold elsewhere are often tasteless. Our lowest priced goods are of excellent flavor.

Lokal-Nachrichten aus der alten Heimath.

Provinz Westfalen.

Münster. Der kürzlich verhaftete frühere Postbote Klaes gestand, den 130,000 Mark enthaltenden Werthbriefbeutel, der in der Nacht zum 8. September 1898 im hiesigen Postamte abhanden gekommen war, gestohlen zu haben. Von dem gestohlenen Gelde wurden noch 90,000 Mark auf dem Boden des Hauses, in dem der Thäter wohnte, vorgefunden.

Herne. Anhier hat eine dem Schnapsteufel verfallene Säuferin, die Bergmannsfrau Wolper, ihre beiden Töchterchen und dann sich selbst erhängt.

Sachsen.

Dresden. In beängstigender Weise mehren sich im Königreiche Sachsen die Brandstiftungen durch Kinder. Die Zahl der Brände stieg in den beiden letzten Jahren auf 322 und die Summe der darauf entfallenden Entschädigung auf 376,388 Mark. Die Regierung will zur Bekämpfung dieser bedauerlichen Erscheinung geeignete Schritte thun.—Von dem seitens des Königs der Technischen Hochschule zu Dresden verliehenen Rechte, den Titel „Doktor-Ingenieur" auch Ehren halber verleihen zu dürfen, haben Rektor und Senat der Hochschule letzthin insofern zum ersten Male Gebrauch gemacht, als sie den hochverdienten Förderer der sächsischen Industrie, Fabrikbesitzer Friedrich Siemens in Dresden, zum Doktor-Ingenieur honoris causa ernannten.

Döbeln. Während einer Kahnfahrt auf der Mulde sind der Gymnasialoberlehrer Dr. Vogel und seine Gattin ertrunken.

Grimma. Die hiesige Fürstenschule feiert am 24. September d. J. ihr 350jähriges Bestehen. Aus diesem Anlaß hat eine Anzahl Grimmenser beschlossen, der ehrwürdigen Alma mater eine Paul Gerhardt-Stiftung zu überreichen, deren Zinsen jeweilig einem oder mehreren Schülern des Moldanums oder studirenden alten Grimmensern zu Gute gehen sollen. Der im Jahre 1676 verstorbene geistliche Liederdichter Paul Gerhardt war einer der großen Söhne der Fürstenschule.

Leipzig. Zwei amerikanische Juwelendiebe, Morton und Hanke, sind in Leipzig auf frischer That abgefaßt worden. In ihrem beschlagnahmten Gepäck befanden sich Kostbarkeiten zum Werthe von 70,000 Mark.

Zschocken. Die Gemeinderäthe von Zschocken und Thierfeld haben mit der „Elektra," Aktien-Gesellschaft in Dresden, Verträge wegen Versorgung ihrer Gemeinden mit Elektrizität aus dem seitens dieser Gesellschaft im Bau begriffenen Erzgebirgischen Elektrizitätswerke Oelsnitz abgeschlossen. An das Werk sind bisher 13 Ortschaften angeschlossen.

Zwickau. Der Bezirksausschuß Zwickau hat für das Jahr 1900 einen Dispositionsfonds vorgesehen zur Unterstützung bedürftiger Personen, die in Folge Bisses tollwüthiger Hunde die Berliner Heilanstalt besuchen müssen.

Thüringische Staaten.

Gotha. Der Herzog hat die Aufstellung des Bismarck-Denkmals vor dem Theater genehmigt und übernimmt das Denkmal als Eigenthum des herzoglichen Gesammthauses. Die Enthüllung ist für den 18. Oktober vorgesehen.

Kreuzberg. Ein entlaufener Korrigende tödtete den Stadtdiener Ebenau durch Messerstiche.

Weimar. Das auf dem Wege von Weimar nach Tiefurt erbaute Marie Seebachstift wird demnächst bedeutend erweitert werden. Fräulein W. Seebach in Berlin hat der Stiftung ihrer Schwester abermals eine beträchtliche Summe, 130,000 Mark, überwiesen, so daß im kommenden Winter bereits etwa 30 Pfleglinge bequem untergebracht werden können.

Freie Städte.

Hamburg. Das Hanseatische Oberlandesgericht besaß bisher kein eigenes Gebäude. Es soll nun ein solches mit einem Kostenaufwande von 1,200,000 Mark erbaut werden und ist eine Konkurrenz unter den Architekten in Hamburg, Bremen und Lübeck ausgeschrieben.—Der 39jährige Schiffsmaschinist Karl Rönsord von Hamburg, welcher im Burenheere diente, ist dieser Tage im Hospital zu Pretoria den Wunden erlegen, die er in den Kämpfen vor Ladysmith empfing.

Bremerhaven. Bei der Stadtverordnetenersatzwahl wurden fünf Sozialdemokraten gewählt. Die Zahl der sozialdemokratischen Stadtverordneten ist nunmehr auf acht gestiegen.—Einer der wenigen Veteranen, die in den Jahren 1849 bis 1852 bei der ersten deutschen Marine unter Admiral Brommy treue Dienste thaten, der Schleusenwärter Klaus Landskron, feierte hier seine goldene Hochzeit.

Lübeck. Der Senat erließ eine Verordnung, wonach das Strikepostenstehen verboten ist. Zuwiderhandlung wird mit Geld oder Haftstrafe geahndet.—Die 100jährige Jubelfeier der v. Großheim'schen Realschule hatte eine große Anzahl ehemaliger Schüler aus allen Richtungen der Windrose hierher geführt. Seitens derselben wurden für einen als Beihilfe zur Pension und in Unterstützungsfällen für die Lehrer der Anstalt zu stiftenden Fonds über 9000 Mark zusammengebracht.

A young Massachusetts editor relates his experience with an aggravated case of constipation attendant upon a severe cold. Ripans Tabules were immediately effective. Other remedies had been tried, but it remained for the Tabules to correct the disorder, which they did effectually. From his first experience he was led to try them frequently for other small ills for which they are known to be an effective remedy, and now considers them a most satisfactory household medicine for frequent use in the every-day sort of cases for which they are so highly recommended.

Proceedings of the Board of Chosen Freeholders of Union County.

[OFFICIAL.]

Regular meeting of the Board of Chosen Freeholders, held on Thursday, May 3, 1900, at 2:30 p. m.

Roll-call showed all members present except Freeholder King—1.

The minutes of the previous meeting, reading of bills being omitted, were on motion approved as read.

COMMUNICATIONS ETC.

The following petitions were presented, viz.:

Plainfield, N. J., April 24, 1900.

To the Honorable the Board of Chosen Freeholders for the County of Union, N. J.:

Gentlemen: We, the undersigned, would respectfully petition your Honorable Body to construct a girder bridge with buckle plates, across Green Brook, at the Foot of Madison avenue, in the city of Plainfield. Respectfully submitted. Signed

Estate Geo. H. Babcock.
J. A. Hubbard, Wm. M. Stillman, Trustees.
Wm. M. Stillman, individually.

On motion of Freeholder Farrell received and placed on file.

From the Union County Trades Council, by B. K. Chamberlain, Secretary, an invitation to attend a lecture by Eugene V. Debs, at Jacobs' Theatre, on Thursday evening, May 10th. Subject: "Labor and Liberty and Treating of Trade Unionism."

Seats would be reserved for the Board.

On motion of Freeholder Miller the invitation was unanimously accepted.

From Mrs. Hannah E. Randolph as follows, viz:

Elizabeth, April 26, 1900.

Mr. E. K. Adams, Freeholder, etc.:

My Dear Sir: I expect to move the building on North avenue, Cranford, a one-story building, which stands on the east side of the fire engine house, to a lot on North avenue about 100 feet from where this building now stands, and in doing so will block county road partly while so moving for a short time. It will inconvenience the public but little as Aiden street will be usable during the time. The building will be placed on North avenue and east of the driveway or alley that has been opened through my property. I presume I will have to have a permit from yourself or the Board of Freeholders to so occupy the highway. Will you kindly have the matter attended to and take such measures as necessary to obtain the permit for me at your earliest opportunity, as all my arrangements are about completed, and oblige

Most Respectfully,
Mrs. Hannah E. Randolph.

Freeholder Brucklacher moved that the communication be referred to the county road committee, with power. He afterwards withdrew, and on motion of Freeholder Roll the motion was referred to the County Road Inspector, with power.

NEW BUSINESS.

By Freeholder Ehrlich:

Resolved, That the committee on Rahway's drawbridge be empowered to make a contract with George W. Heath as bridge-tender for one year, commencing May 1, 1900, at a salary of $200 per annum, payable quarterly.

Freeholder Roll moved the adoption of the resolution, and on roll-call it was unanimously adopted.

By Freeholder Adams:

Resolved, That a committee of five be appointed with power to rebuild the brick arched bridge over the brook on North avenue near the junction of Lincoln avenue, Cranford, said bridge not to cost over $1,300.

Freeholder Farrell moved the adoption of the resolution, which was duly seconded.

Freeholder Adams briefly explained that the said bridge, upon examination, had been found to be in a very dangerous condition, and should receive immediate attention.

The resolution was then, on roll-call, unanimously adopted.

The Director appointed as the said committee Freeholders Adams, King, Ehrlich, Scudder and Bruchlacher.

By Freeholder Adams.

Resolved, That the committee of five who have the rebuilding of the North avenue bridge at Cranford, be and are hereby empowered to replank if necessary, the Springfield avenue and Union avenue bridges at Cranford, N. J.

Freeholder Miller moved the adoption of the resolution, and on roll-call it was unanimously adopted.

By Freeholder Swain:

Resolved, That a committee of three be appointed to meet a committee of the City Council of Summit, to arrange as to the advisability of some system of drainage on Morris avenue, county road of Summit, at Elm street.

On motion of Freeholder Cady the resolution was adopted without dissent.

The Director appointed as the said committee Freeholders Swain, Farrell and Robison.

The Director announced that the State Road Commissioner had approved of the construction of the two new macadam roads heretofore authorized in the Townships of New Providence and Fanwood, and that it was now his duty, under the law, as Director, to advertise for bids for the construction of said roads.

On motion of Freeholder Farrell it was ordered that when this Board adjourns, it stands adjourned to meet on Tuesday, May 8, 1900, at 2:30 p. m.

The following bills properly audited and approved were read, and on roll-call, unanimously ordered paid, viz:

THE SILK COAT.

It Is the Very Latest Thing and Promises to Become Popular.

The newest agony is the silk coat. This is made of black taffeta or some other black silk, but the preference is for the light weight taffeta, and the crisp surface of that silk is really very stylish and fetching. There are several styles of making these, some preferring the short Eton and others liking the short box coat and still others having a preference for the half long sack coat. This is susceptible of so many different ways of trimming that many ladies like it, as they can have any kind of ornamentation put upon it, and, besides, the shape can be modified to suit each one.

The model style of this kind of coat is made of black corded silk, and the shape is that of a three-quarter sack. It is lined with a soft silk having very little weight. Around the bottom and on the sleeves there is a very rich pattern of silk embroidery. Just a few beads are sewed along the lines of embroidery, enough to brighten up the whole. Around the neck there is a full ruff of lace and crepe lisse, and at the neck there is a bow of black ribbon with fringe ends.

The shape can readily be understood by a glance at the illustration. In this instance the coat is worn over a dress of the new black woolen stuff. This has a silk warp, and the figures are all as black as the proverbial crow, but the way it is woven makes it seem to have a dozen shades of gray and black where it is all one shade in the proper light. There are three fan shaped insets on the skirt which allow it to flare gracefully.

However much one may want to forget the shirt waists, it is impossible, as every day sees some new fancy never before shown, and it becomes a duty to tell all there is to say about them. The newest ones are marked by simplicity and are scarcely more than the old French waists drawn down the least little bit to form the beginning of a pouch which is never finished and has just a little fullness in the front.

The neck is finished with a soft band, and this can be turned down and a lace tie worn over it, and this gives one many chances to make changes.

The pure white shirt waist made of nainsook and kindred stuffs is a favorite, and in fact so are all the thin ones, and no one could tell all about them. But this one may say—the white waists have driven the wonderful rumchunda waists out of fashion, for there are seldom any new handkerchief waists to

THE SILK HALF LONG COAT.

be seen any more. The most elegant of all the newest waists are of some fine white material, and their name is legion.

Some of these are so finely tucked and embroidered that they might as well be cloth of gold, as far as price is concerned, and they require as fine work on the corset cover as on the outside. They are sheer and thin and altogether lovely. A few are of white taffeta and are made very plainly, having only a few plaits or gathers at the center each side of the front plait.

The stout ginghams and madras are preferred for hard wear, and in fact the fashion is now so elastic that any one can have and wear what she likes best, provided it looks well upon her. Even have I seen a madras waist worn with a fine tailor broadcloth suit.

Almost every one is now planning to go away somewhere, if only for a short trip, and that makes a traveling gown a necessity. Now, the present fashion of doing pretty much as you please makes the choosing of an outfit an easy matter, since the short skirt has become such an important factor in our present century. All women now know that the short skirt is proper to wear any time when there is anything like sport going on. It is suitable for golf and wheeling and also for long constitutional walks. The always well liked Norfolk jacket is just now considered the most stylish of the jackets particularly adapted for outdoor wear.

The new shoes are made with wide soles which extend beyond the uppers, and they have an appearance by no means inviting, only as they may be thought comfortable. They are shorter and heavier than they were and have round toes—that is, the most of them have, but there are a few who think the pointed toes look more dressy. The Oxfords and the Newport ties are shorter than before for a generation, and they are wider and, let us hope, more comfortable.

HENRIETTE ROUSSEAU.

GREAT SIOUX CHIEF.

Red Cloud, the Last of a Long Line of Famous Indians.

Once He Was a Great Warrior, But Now Is Feeble and Practicing the Art of Peace—His Influence Still Paramount.

At his home near Pine Ridge agency, Red Cloud, the last of the great war chiefs, is quietly passing the twilight of his long and eventful career. Red Cloud is the last of the long line of famous Indian chiefs, of whom Powhattan, Osceola, Black Hawk and Tecumseh were the earlier leaders.

"Misinformed and careless writers," said C. C. Marrivall, of Pine Bridge agency, official interpreter of the United States court, "have caused newspaper readers to look on subchiefs of minor degree through magnifying glasses. Red Cloud during late years has given his efforts toward civilization, and because he wears ordinary white man's clothes and because some of the subchiefs stick to paint and feathers he has been considered in a wrong light. Nevertheless, Red Cloud is far ahead of any and all of them, having been distinctively the war chief of the powerful Sioux nation during the long years of warfare between the whites and Indians throughout the territory now embraced in the Dakotas, Nebraska, Wyoming and Montana. When in his prime he was acknowledged to be the greatest Indian tactician of his generation. Red Cloud for years has lived quietly at his home, a short distance northwest of Pine Ridge agency, on the bottom land of White Clay creek, within plain view of the agency. He lives in a comfortable frame building. In front of the house stands a flagpole and whenever Red Cloud

CHIEF RED CLOUD.
(Last of a Famous Coterie of Celebrated Indian Braves.)

sees that the 'stars and stripes' have been hoisted on the agency building he, to show his loyalty to the United States government, hoists a similar flag on the staff near his home.

"During late years Red Cloud's eyesight has steadily failed, until to-day it is impossible for him to distinguish objects at a greater distance than five or six yards. On fine days one of the pathetic sights of the agency is to see Red Cloud slowly making his way through the agency streets leaning for support and guidance on his faithful and devoted Indian wife, who usually leads him about. Red Cloud is now very old, and is becoming quite feeble, although his mind is as clear as it was in his younger days. His wife is nearly as old, but is not nearly so feeble, and insists on accompanying the old warrior in his journeys around the agency and to the homes of old friends living in the immediate vicinity. He seems to delight in calling on and visiting the oldtimers at the agency—Indians and squaw men, who lived with the tribe during the thrilling days when Red Cloud's blood coursed through his veins more hotly than it does now and when his sole ambition was to lead his fierce warriors in battle against the whites. He passes many happy hours with them, discussing incidents of the past, old treaties and other subjects in which they are mutually interested.

"Red Cloud's influence over the members of his tribe is shown by the manner in which they follow his advice in refusing to accept allotments of land in severalty under an act of congress. Red Cloud was satisfied that this land in the Pine Ridge reservation was not suitable for agricultural purposes, and he advised his brethren not to take lands in severalty. Up to this time not one Indian on the entire reservation has taken an allotment. When Red Cloud dies the whole Sioux nation will turn out to do homage to his memory and testify to the great esteem in which he was held by all his tribesmen."

Kangaroo Pet's Odd Ways.

A unique pet animal in Seattle is a tame kangaroo. It was obtained from a sailor on an Australian ship, has been in Seattle a year and is now as domesticated as an ordinary dog. As a pet he is all that could be desired, being affectionately disposed toward the members of his own family, although he rather dislikes strangers, and is apt to show his teeth and claws to them in an unpleasant way. Though Kang is generally well beloved he has his little faults. Occasionally he goes on a marauding expedition and robs hens' nests, and he allows no dog to enter the premises. As a rule dogs will take flight at sight of him; if not he swoops down upon the unhappy canine, first scratching him with his forepaws and then using him as a football for his hind feet. No dog ever tackles Kang twice; one lesson is enough.

ART IN ARCHITECTURE

Designed and Written Especially for This Paper

THIS nine-room house is nicely planned and has an artistic exterior. It can be erected for $2,500 upon a stone foundation.

The size of the parlor is 12x15 feet; sitting-room, 12x12 feet; dining-room, 12x13 feet; kitchen, 10x14 feet; hall, 8x9 feet; pantry, 5x6½ feet; veranda, 6x8 feet; bedrooms, 8x9½ feet and 6½ x8 feet, and chambers 12½x13 feet, 9½x13 feet and 9x9 feet. There are two

FRONT ELEVATION OF CONVENIENT NINE-ROOM HOUSE.

stairways, one in front and one in the rear.

The attic can be used for extra rooms if so desired. The fireplaces in parlor and sitting-room are fitted up with hardwood, ornamented mantels.

The parlor and dining-room have bay window effects, with three large windows.

All chambers have large closets. The floors are double throughout the house, having felt paper between them.

The kitchen and pantry finishing

PLANS OF FIRST AND SECOND FLOORS.

floors are maple. Hall, parlor, sitting and dining-room floors are Georgia pine; also the main stairs, including risers, newel posts, railing and balustrades. The doors, trim, baseboards and all interior finish are of Georgia pine. Pantry and closets are fitted up with drawers and shelves. Sliding door pockets between parlor and sitting-room are ceiled up tight. White porcelain lined sink in kitchen. Flooring used for veranda, porch and balcony floors will have the tongues and grooves leaded. The stairs to basement lead from the kitchen. Down spouts, flashing and gutters are made of galvanized iron.

The studding are 2x4; joist, 2x10; rafters, 2x4; wall plates, double, 2x10.

Rubble walls are 18 inches thick.

Chimneys showing above the roof are laid up with yellow brick and capped with a smooth sandstone cap.

The side chimney is supported with an iron brace. The carving shown in the gable and on frieze board at head of second-story windows will be of composition. All glass in American double thick, except where showing ornamental glass, and front vestibule door, which is plate.

The narrow siding is placed over the fence flooring sheathing, having felt paper between siding and sheathing.

Cedar shingles are used for all roofs, and are dipped in creosote stain before they are laid. The painting on the exterior is three-coat work. The finishing coat will look well if pea green color is used for body and white color for all the trimmings. Roof to be an olive green.

All hardware is of a neat and durable kind. The entire basement floor is cemented. The laundry, coal rooms, fruit room and furnace room are in the basement. All material throughout is to be of its best respective kind. The plastering is two-coat work. All the interior Georgia pine is furnished in hard oil finish. All doors are cross panel doors. The height of basement is seven feet; first story, 9½ feet; second story, nine feet.

Leave the building broom clean and all ready for occupancy.

NEW CANCER THEORY.

Sir William Banks, an English Authority, Suggests That Hearty Eating Causes the Disease.

A number of theories have been advanced to explain the development of cancer. Of late years many experts have inclined to the opinion that it is caused by a microbe. Repeated attempts have been made to find the germ, and on more than one occasion the alleged discovery of it has been announced. Thus far, however, these claims have not been substantiated. Another interesting suggestion regarding cancer has recently been offered by an English authority, Sir William Banks.

Sir William thinks that some sort of relation exists between cancer and hearty eating, especially of meat. He declares that it is the well-nourished, plump individual, and not the weakling, that is attacked by cancer. In further support of the theory he urges the fact that cancer has been more prevalent since the era of cheaper food has put meat in the dietary of the English working classes. He points out that of late the most marked increase in the prevalence of cancer has taken place among men, and he insists that it is man, not woman, who has come to eat meat more abundantly than of yore. Again, in England, London and the immediate vicinity of the capital is the scene of the greatest luxury in the matter of food, and also of the most cases of cancer in proportion to population.

To this notion, which is not altogether new, it has sometimes been objected that vegetarians often suffer from the distressing disease here under consideration; but Sir William Banks replies that, after all, cancer is not so common in Ireland as in England, and that it is almost unheard of in Egypt and other parts of Africa, where a vegetable diet is the chief if not the exclusive dependence of the people.

Fresh Air for Consumptives.

In the London hospital for consumption the basis of treatment is rest in the open air, graduated exercise and good feeding. No window in the open-air wards is ever closed, and during the cold weather the consumptive patients are kept warm with extra clothing and artificial heat. It is encouraging to note that practically all the early cases and 70 per cent. of all cases improve considerably under the open-air system.

SPORTING.

ON THE DIAMOND

The East End ball team defeated the Bryant School team Wednesday by a score of 12 to 11. The Bryant's gave up the game at the end of the fifth inning.

The Holy Cross choir base ball team defeated the Washington Park Juniors in an exciting game Thursday. The score was 27 to 4 in favor of Holy Cross. The battery for Holy Cross were Sherwin, Sheppard, Gleantzer and Sweeny. For W. P. J., Vail and Howard. The W. P. J. did not score until the sixth inning.

Last Saturday's defeat may prove a blessing in disguise for the boys of Leal's School team. A continual line of victories is bound to have its effect on any team. The Leal boys were growing very confident in their own prowess and showed a tendency to depend on their own reputation rather than good ball playing to win games for them. The members of the team had the utmost confidence in Dupee, and when he was batted freely by the East Orange boys, they lost heart immediately. Dupee is undoubtedly the best pitcher on any of the local school teams. The wonderful batting powers of the visitors, combined with the lack of support from his own infield, was enough to discourage even a more experienced twirler than Dupee.

Stalled in the Mud.

A heavily boarded delivery wagon, belonging to the Commercial Mills, sank into the soft mud at Arlington avenue and Fifth street, this morning, where the trolley tracks have been recently laid. It sank over the hubs and it became necessary to jack the wagon up before it could be extricated. A horse belonging to a hackman sank to the knees in the mud and had a narrow escape from breaking both front feet.

NEW LAW FOR BOY CULPRITS.

Under It They Can Now Be Sent to Penitentiaries.

Victor Atchley and Andrew Hendrickson were each sentenced yesterday in New Brunswick to a year in the Essex County Penitentiary. They were arrested several days ago in Newark after a chase on a locomotive. They looted Paxton & Buckley's store at Jamesburg. They pleaded guilty. They are the first to be sentenced under a new law that allows a judge to send prisoners too old for the reform school and too young for the State prison to a penitentiary outside the county in which they are convicted.

The law was passed because most counties have no provisions for youthful provisions, while Essex and one or two others have.

Frederick Herman, who is only eighteen years of age and escaped prison many times because before the new law became operative there was no place send to him, was sentenced to ten months in the Essex Penitentiary. He had stolen brass journals from railroad cars. He had been convicted again and again and had sentence suspended.

Death of Evart Trewin.

Evart Trewin, who for sometime past has been engaged in the tailoring business at Dover, died during last night at the home of his mother on Somerset street. He was taken ill with pneumonia several days ago and grew rapidly worse. Dr. Probasco was the attending physician, and did all that was possible for the patient. Mr. Trewin leaves a mother, sister and several brothers.

NOT PROPERLY ASSIGNED.

New Haven Hotel Man Unable to Collect Bill Against "Rising Generation" Company.

An attempt was made last evening to serve an attachment on the goods owned by J. H. Manning, manager of "The Rising Generation" Company, that appeared at Music Hall last evening, for the benefit of the ushers of the hall. A man named Sinclair, day clerk at a hotel in New Haven, of which Fred B. McGinn is the proprietor, came to Plainfield last evening with a claim of $48.28 for a week's board for the company when the members were in New Haven recently. The claim was assigned to the proprietor of the hotel, and when Sinclair attempted to collect the money through an attachment, he was baffled by William Sweeney, who was acting as counsel for W. K. McClure. He informed the court over which Justice Abbott presides, that the claim was foreign and Sinclair could not collect a bill which was not assigned to him. There was a stormy scene for a time, but the goods were not attached.

MR. STEPHENS' FAREWELL BOW.

Final Recital Given by the Organist in a Paterson Church.

The Paterson Press says: "The playing of Ward Stephens, the organist, and the singing of Miss Maud Bliss, a soprano, of New York, delighted a good sized audience at the Second Presbyterian church last evening, when Mr. Stephens gave his fourth and last organ recital here. The event was fully up to the high standard set for its predecessors. Mr. Stephens' programme was generous and varied enough to suit every taste and his work was of that incisive and expressive character for which he is well known here. In Thiele's 'concert theme and variations,' than which there is probably no more difficult organ composition extant, his playing approached the point of brilliancy both in manual and pedal work."

Accused With Non-Support.

Edward Jones, an employe of the Scott Press Works, was arrested this morning on complaint of Overseer-of-Poor W. H. Cole, of Dunellen, for non-support. He was taken before Justice Moffett, who held him for trial, but up to noon he had not secured a bondsman. He will be tried before Justice Warden, of Dunellen.

Changed Their Colors.

DINNER OF DEMOCRATS WAS A GREAT SUCCESS

Representative Leaders Were Present from Many Sections of the State.

PROMISE OF ROBERT DAVIS

PLEDGES HUDSON COUNTY'S 172 DELEGATES FOR J. E. MARTINE.

Best of Feeling Prevailed at the Gathering, Though There was Much Blunt Talk—Those Who Were Guests.

The Democratic banquet given at the Hotel Kensington Saturday evening, gathered together a company of prominent and influential Democrats such as not been assembled at one time in the State, outside a State convention, in several years. As a political social event the affair was undoubtedly the most successful and important held in New Jersey in a long time. The dinner was proposed and carried out for the purpose of providing a pleasant social time for the guests and to aid in the promotion of Democratic principles and Democratic candidates, and in these respects it was regarded as a great success on the part of every guest present.

While there had been no studied design on the part of any of its promoters to make the affair serve as a medium through which some definite idea of the prospective policy of the Democrats of the State could be arrived at, or to fix a slate for the political honors which the State convention will have to distribute May 31st, the assembling of so many leading ing minds in the party resulted in much that was of important portent to the New Jersey Democracy.

Along this line one of the most important things evidenced was that the financial issue in relation to the Presidential campaign is secondary to the matter of imperialism—no less a personage of pronounced financial views than Clarence T. Atkinson, of Camden, saying in emphatic language that the paramount issue for the Democrats of the country to make their fight on is anti-imperialism. Another important outcome of the dinner was the announcement made by Robert Davis, the Hudson county leader, that no matter who the candidates for delegate-at-large are at the Democratic State convention, Hudson county will cast a solid 172 votes for James E. Martine, of this city, as a choice for one of the "Big Four." Inasmuch as Mr. Davis seldom puts himself on record in such a open, frank manner, the dinner is credited with having accomplished something that is quite unusual and unexpected.

There were two disappointments, however, in the matter of attendance of prominent men. They were the absence of Congressman William Sulzer and William B. Gourley, chairman of the Democratic State Committee. Although the date of the dinner had been fixed particularly to suit Mr. Sulzer, he found it impossible to come at the last moment, owing to imperative duties in Washington as the chairman of the Congressional reception committee to the Boer delegation. Chairman Gourley was expected right up to the last minute, but shortly after the dinner had been started a message was received from him saying that it would be impossible for him to be present.

At the conclusion of the dinner, Judge William A. Coddington, acting as toastmaster, called for the reading of letters of regret of several prominent Democrats who had been unable to accept the invitations. Among them was one from Col. William J. Bryan, who expressed pleasant remembrance of his reception in Plainfield last February, and said, referring to the approaching campaign: "If our country is to live as a true Republic the principles of the Democratic party must triumph. Selfishness and personal bickerings must give way to the country's welfare. Acquiesence in the will of the majority must be our party guide and rule. As a united party I believe the Democrats will be invincible." Others were from Congressmen Sulzer and Salmon and Mayor Seymour, of Newark.

Clarence T. Atkinson, of Camden, was called upon to respond to the toast of the "United States of America," which has been assigned to Congressman Sulzer. Mr. Atkinson pictured the present administration's attitude towards the country and its traditions in a despairing manner, and made the important statement that he regarded the issue of imperialism as a paramount to any other question to be considered by the voters at the November election. He closed his address by reading a few verses in parody on the proposed event of raising the American flag over Effiel tower in Paris, July 4th, the closing verse being an eulogy of Col. Bryan and his ability to preserve the conditions for which the Stars and Stripes are supposed to represent.

Senator James A. VanCleef, of New Brunswick, responded to the toast "Needs and Advantages of Organization," which was to have been given by Mr. Gourley. He paid a compliment to the Plainfield Democrats for their activity and interest in arranging such an affair as the dinner had proven to be, and said that organization was the great need of the Democratic party of today.

"New Jersey in Congress" was the toast to which Congressman Daly responded, but he switched from the text and talked of the Democrats in Congress. He denounced as inimical to the best interests of the people the Hay-Pauncefote agreement with reference to the Nicaraugrian canal. He also urged the Democrats to wage a vigorous campaign on constitutional questions as opposed to the policy of the present Republican administration.

When Robert Davis, the Hudson county leader, was introduced by Judge Coddington there was prolonged cheering which ended in the guests giving three cheers for Mr. Davis. The sagacious Hudson county man talked at random, and made many good-natured, though blunt, sallies about organization matters. He said that the hope of Democratic success in New Jersey lay in organizing the young men and putting them forward to take the places of some of the old ex-office holders who still cling tenaciously to organization offices, though they never do anything. He referred particularly to the State committee, and characterized the committee, as now made up, as almost useless to the Democracy. He declared that they do no effective work. As an instance of their work, he said that at the meeting at Asbury Park last fall there was only one member that was able to report the true condition of affairs in a political way in their respective counties. "You want to fire such men as Kelcey, Lee, Little and others like them. They've made millions out of the 'pap' of the Democratic party, but they never give anything to it now. Why, last fall Hudson county furnished the State committee with all the funds it had. We can do it, you know, we've got 300 Democrats down there that are holding office," declared the Hudson county leader. Mr. Davis said the way to organize the State thoroughly was for four or five in each town to get together and start an organization, then let each one get one more, and so on, just like an endless chain. "That's the way we started in Hudson county, and now we have got over 1,100 members in the organization," said Mr. Davis.

Assemblyman Allan Benny, of Bayonne, followed Mr. Davis and responded to the toast "New Jersey Redeemed to the Democracy." His main point was that the differences of the past should be forgotten, and that every loyal Democrat should make an effort to get every Democratic friend back into the fold in regular manner.

The last set toast, "The Claims and Anticipations of the Democracy," was responded to by James E. Martine. Mr. Martine talked in his characteristically enthusiastic manner, speaking of the principles that the Democracy stands for and prophesying that William Jennings Bryan will be the next President of the United States.

Then followed impromptu responses from former Senator Kuhl, of Hunterdon county; Col. D. F. Collins, of Elizabeth; Mayor Hoos, of Jersey City; Oliver Kelly, of Middlesex county, and John J. Matthews, of Elizabeth. The latter said that Union county would present the name of Mr. Martine as a candidate for delegate-at-large to the Kansas City convention, and that no man deserved more at the hands of the Democratic party than the "Farmer Orator."

As soon as Mr. Matthews had concluded, Assemblyman Benny jumped up and said that Mr. Davis had asked him to say that if Mr. Martine was a delegate-at-large he could depend upon it that Hudson county's 172 delegates would be for him solidly. Mr. Atkinson followed by saying that Camden's eighty-two delegates would do the same. This caused loud applause and three cheers for the "Farmer Orator." Mr. Martine said that he would consider it a great honor and if selected by the convention he would go to Kansas City to vote for the nomination of Mr. Bryan.

As a closing event, City Judge William N. Runyon, vice chairman of the Union county Republican committee, who was a guest, was called

LIBRARY FOR MARCONNIER.

Warren Chapel Presents It With 300 Volumes—Election of Sunday-School Officers.

The Sunday-school of Warren chapel in the borough has presented the Sunday-school of Marconnier chapel with 300 volumes of a library, in good condition, recently discarded by Warren chapel Sunday-school. As soon as partitions can be arranged to hold the books, Marconnier chapel will have what it has long needed, a library for its scholars.

The first election for the officers of the Sunday-school, since it became a part of Trinity Reformed church, took place yesterday afternoon, and the following persons were chosen for the ensuing year: A. E. Metler, superintendent; Mrs. Mai Marconnier Swenck, assistant superintendent; Miss Effie C. Stover, secretary; Wm. VanCourt, treasurer; Stephen Stover, librarian

G. L. VanEmburgh led the meeting at the chapel last evening, taking "Faith," for the foundation of his talk, which was very interesting. Seventy persons were present.

TIME-TABLE CHANGES.

The Trains Used Principally by Plainfielders Run Under the Old Schedule.

The summer schedule on the Jersey Central Railroad went into effect yesterday. There are very few changes, however, that affect Plainfield. No changes have been made at all in the service that bears Plainfield's great army of commuters to and from New York every day. The afternoon express for New York, No. 136, now leaves Washington at 4 o'clock and stops at 8:38 instead of 7:39 as heretofore. Express No. 508 from Washington to New York now makes a regular stop at Plainfield Sundays at 4:49 p.m.

At present there is only one Saturday afternoon special, leaving New York at 2:30 o'clock. After June 2d two more will be added, one leaving at 12:44 and one at 1:20 o'clock.

The Sunday trains to Lake Hopatcong have been added. It will be possible to leave Plainfield at 8:06 Sunday morning and reach Lake Hopatcong direct at 10:25, and on the return leaving there at 5:37 and reaching Plainfield at 8:13.

A Fine Sermon.

Rev. J. R. Pratt, Superintendent of the Bible Institute, of Watertown, Wis., and one of the most successful evangelist in the west, occupied the pulpit of the Grace M. E. church last evening, and preached a most powerful sermon on God's Love," John 3:16. An effort will be made by some of the city pastors to bring Mr. Pratt to this city for a series of meetings. Evangelist Pratt and son, and Secretary Chas. B. Brown, of the Jersey City Y. M. C. A., an intimate friend of the evangelist were guests over Sunday of J. C. Pierson, Jr., on Westervelt avenue, formerly of Minneapolis.

Class Day Exercises.

The class of 1900 of the Plainfield High School is already beginning to make arrangements for the Class Day exercises, to be held Tuesday, June 19th, probably in the Franklin building. The Class Day is in charge of a committee composed of Miss Emily Runyon, chairman, Miss Iola Moore, Miss Emma Miller, Miss May Ross and Miss Beatrice Miner. The additional officers of the class who will participate in those exercises have been chosen as follows: Historian, Miss May Ross; prophet, Miss Pauline Denton; poet, Miss Mary Locke.

Struck in the Face.

Patrolman Vanderweg was summoned to the home of Charles Messler on East Second street, near the eastern end of that thoroughfare, Saturday evening. A family quarrel was evidently in progress, and the head of the establishment was somewhat angry. The Patrolman arrived in time to see the father strike his daughter a heavy blow in the face. Vanderweg promptly placed Messler under arrest. He was sentenced this morning to pay a fine of $10 or go to jail for forty days.

Killed Four Copperhead Snakes.

While strolling along the mountains yesterday in the vicinity of Smalley's stone cracker, Chauncey Young, of East Front street, came across a number of large copperheaded snakes sunning themselves. He seized a club and killed four of them, the largest of which measured about 5 feet in length.

Readings by Mrs. Luckey.

An entertainment will be held at the rooms of the Young Woman's Club, 465 West Front street, Tuesday, May 22d at 8 o'clock. The progamme will consist of music and readings by Miss Luckey. All wishing to join the club are cordially invited to be present. No admission will be charge.

OPEN CARS PROMISED.

SUPERINTENDENT ADELMANN SAYS THEY WILL BE READY JUNE 1ST.

There Will be Ten New Double-Truck Cars and Ten New Single-Truck Cars, Besides Nine Open Local Cars.

Before the first of June the Elizabeth and Westfield Street Railway Company will have its full summer equipment of cars. Such, at least, is the statement of General Superintendent John Adelmann and he naturally ought to know. The Plainfield company owns nine open cars, several of which are now in use. The others are being painted and will be brought into service as quickly as possible. The Plainfield company has two complete equipments, one for winter and one for summer. The cars for both summer and winter are equipped with trucks and motors, so that the delay of changing that part of the equipment from one car to the other is not necessary.

The Elizabeth and Westfield company has purchased twenty open cars, ten of which are declared to be brand-new double-truck cars for the Elizabeth-Plainfield traffic. Ten single-truck-cars, also claimed to be new, will be used on the Rahway Westfield line and the Arlington avenue extension. The double-tru cars will be twenty-four feet long. The present cars are eighteen feet long.

THROWING THE DICE.

Crap Playing Flourishes Along Green Brook and on Outskirts of Borough and City.

The proportions to which the game of crap shooting has reached in Plainfield is astonishing On any clear Sunday, and sometimes on week days, crowds of young men and boys can be seen playing the game along the banks of Green brook and on the outskirts of the city and borough. Several lively games were in progress along Johnston's drive yesterday and one North Plainfield young man secured $40 from his less fortunate players. The police of the city strolled along the brook yesterday and interrupted several games which were in progress between Giraud and West End avenues, but the players would resume the game as soon as the officers were out of sight.

Death of Mrs. Dinius.

The death of Mrs. Harriet Dinius, mother of Miss A. E. Lincoln, the florist, died last night after a long illness with paralysis. The funeral services will be held from the residence of her daughter, Miss Lincoln, 108 West Fourth street, Wednesday afternoon at 2:30 o'clock. Mrs. Dinius was about 65 years old.

Honor for a Cadet.

In the list of honors received at the Rutgers College cadet corps drill last week, the name of Edward L. Coriell was omitted. Coriell was appointed corporal with Walter A. Fisher and Arthur Smith. Coriell lives in Bound Brook but graduated from the Plainfield High School last June.

Funeral of Late Evart Trewin.

The funeral services of the late Evart Trewin, of Dover, were held this afternoon at 1:45 o'clock from the residence of his mother, Somerset street, Rev. Dr. Yerkes officiated. The remains were taken to Flemington, Hunterdon county, for interment.

Guests of Garwood Club.

A number of members of the Columbia Social Club journed to Garwood Saturday night, and were the guests of the Garwood Athletic Club. A pleasant time was had by all and on leaving a return invitation was given to the Garwood Club.

May Walk of Germans.

The annual May walk of the Germans will take place next Sunday. It was scheduled for yesterday, but the grounds in the grove where they were going were so wet that a postponement was thought best.

Larry Wallace Arrested Again.

Larry Wallace, of Fanwood, was arrested in the borough Saturday night by Marshal Winn on a charge of being drunk and disorderly. He will be given a hearing this evening by Mayor Smalley.

Nurses' Graduation.

The graduation of the trained nurses which takes place next Thursday evening in the chapel of the Crescent Avenue church, will be free to the public, and a cordial invitation is extended to all.

Heavy Fall of Rain.

Weather Observer Naegle reports Saturday's rainfall as 3.35 and that for the entire storm of Friday and Saturday, 3.97.

—J. J. Stahl, of Grandview avenue, fell down the cellar steps at his home a few days ago and sprained his left leg badly. He is able to walk, but suffers a great deal of pain.

DISGRACEFUL CONDUCT.

Desecration of Sunday by Ball Players Opposite Cemetery on Chatham Street.

Residents of Chatham street, in the vicinity of the cemetery, have complained at this office concerning the disgraceful condition of affairs that prevails every Sunday in the vacant field opposite the cemetery. Boys and men congregate there and indulge in baseball playing and make a nuisance of themselves.

Yesterday there was a prize fight as an additional attraction. A ring was formed and all the things that go with a regular fight. These crowds usually spend all of Sunday at this place and after they have emptied any number of bottles of intoxicating liquid they are in good condition to disturb the peace and quietude of the neighborhood.

Those who have complained about these things say that the marshals do not show themselves at this place and never make any effort to stop the disgraceful practices that occur regularly on Sundays.

KNOCKED OUT.

White Man Fought With Colored Pugilist in a Local Livery Stable.

It only took two rounds to decide a fistic encounter secretly held in a local stable Saturday evening. The participants were from this city, one a white man and the other a colored man. They quarelled over a remark made by one of them and agreed to settle the matter in a ring, at the same time battling for a purse of $25 that some of the sporting men of the city agreed to put up. In the first round the colored man knocked down his opponent three times. After the second round had lasted 2 minutes and 25 seconds, a blow in the neck put the white man out of business for good. Considerable money changed hands on the result.

He Will Find a Bed Now.

Joseph Kelber wandered into the exchange of the New York and New Jersey Telephone Company on Park avenue this morning at 2 o'clock. Kelber wanted to take a nap there, but Night Operator McCann objected, and at last the operator found it necessary to find recourse to police headquarters. When arraigned before Judge Runyon this morning he was sent to jail for forty days in default of $10 fine.

Extending Duer Street.

Work was commenced this morning on the borough side of the extension of Madison avenue by removing the large trees on the Dyer property, and the street will be out through as rapidly as possible. Nothing remains to be done on the city side of brook but the macadamizing, which will be carried out by the heirs of the Babcock estate and William M. Stillman as soon as the bridge is built.

Nearly Struck by Lightning.

The sharp flash of lightning which struck the house of Harold Serrell on Myrtle avenue, Friday, came near striking Charles Warnock, of East Fourth street. Mr. Warnock was standing in front of Mr. Serrell's residence, when the bolt exploded so near him that he was thrown to the ground and stunned for about ten minutes. Although he was not burned he felt dazed for the rest of the day.

Etiquette of Golf.

The third of the series of entertainments for the benefit of the Park Golf Club will be held in the Park Clubhouse tomorrow evening. A musical programme will be given and there will be a short address on the rules and etiquette of golf by the president of the club, Charles W. McCutchen. All the members of the golf club have been invited.

Drove to Historic Spot.

A wagonette party of eight young ladies from New Brunswick, chaperoned by Miss Helen Harkins, drove to this city yesterday, and called on Miss Alice Higgins, of West Front street. A drive to Washington Rock was held later and a pleasant afternoon was spent on the mountains. The party returned home about 6 o'clock.

Jones to Furnish Bonds.

Edward Jones, the young man who was brought before Justice Moffett last Saturday, on complaint of W. H. Cole, Overseer of the Poor of Dunellen, was released in the custody of Constables Polhemus, of Lincoln. He is to furnish bonds for his appearance before Justice Warden of Dunellen on June 7.

Chimney on Fire.

The fire department was notified by a still-alarm Saturday night that the chimney of Stephen Cahoone's house, on Watchung avenue, was on fire. The Chief's wagon and No. 2 hose wagon responded. The fire was put out with the extinguishers.

NO GAMES SATURDAY.

RAIN PREVENTED BASEBALL SCHEDULED FOR SATURDAY.

Plainfield High School's Game With Westfield Called Off Friday—Alis Plays Bayonne Next Week.

No games were played by any of the local baseball teams Saturday afternoon on account of the rain. The Leal's School team was to have met the Hasbrouck Institute nine, of Jersey City, and much interest was taken in the proposed match. An effort will be made to have the two teams meet later in the season but the game will probably have to be played on a Wednesday afternoon as the Hasbrouck team's schedule is nearly complete.

The Alis A. A. was to have opened the season on the diamond of the Bayonne Field Club. That game will be played next Saturday.

The Plainfield High School had a game scheduled with the Lincoln High School, of Westfield, but a note was received from the Westfield management Friday stating that the game would have to be cancelled as they found it impossible to get their team together. No further meeting between the High Schools of this city and Westfield is probable.

The North Plainfield High School boys did not expect to play Saturday afternoon. Their next game is this afternoon when they go to Elizabeth for another game with the Battin High School of that city. In the first game the Elizabeth boys were victorious 24 to 8.

Although Saturday's rain would have prevented the baseball game between the day and night gangs of the Pond Tool Works, on the Clinton avenue grounds, some one made doubly sure by ploughing up the field. The field, it will be remembered, is the one over which a riot nearly broke out a week ago Saturpay as to who had the right to play on it. The Pond teams triumphed and were to play the third game Saturday. They will now take up a subscription and have the diamond placed in its former condition for next Saturday.

MOURNED AS DEAD; BUT STILL LIVING.

Dr. Connon Celebrates Birthday Anniversary—Has Read His Own Obituary.

(Special to The Daily Press.)

Elizabeth, May 21.—Dr. Henry R. Cannon, ex-County Clerk of Union county, and one of the oldest Free Masons in New Jersey, celebrated at his home in Lafayette street, yesterday, the seventy-ninth anniversary of his birth. Dr. Cannon is a Past Grand Master of the Masonic order in New Jersey, and was the first County Clerk of Union. He held the place for twenty years.

Several years ago Dr. Cannon read an account of his alleged death published in the newspapers. Dr Cannon was dangerously ill with pneumonia, and one night a report spread that he was dead. The next morning an obituary notice appeared in the newspapers and the flags on public buildings were placed at half mast out of respect to his memory. As it happened, Dr. Cannon had rallied during the night, and was upon the road to complete recovery when the report of his death was being spread abroad.

Fear a Short Hay Crop.

The Warren country farmers fear a short hay crop and do not even expect it to equal last year's crop, which was a very light one, owing to the recent frost, but the other fruit trees appear to have stood the cold better and from present indications there will be large crops of peaches, pears and apples.

To Aid Weak Churches.

The collection at the First Baptist church yesterday was for the New Jersey Baptist convention to assist in aiding weak church and organizing churches in this State. Dr. Yerkes delivered a discourse in the morning telling of the work being done by the State organization.

House of Late William Ayres Sold.

The house on West Second street, owned by the late William Ayres, was sold at auction Saturday afternoon to Dr. Samuel Ayres, of "The Franklin," East Eleventh street, New York, a son of the late owner. The price paid was $3,400. William Pangborn was auctioneer.

Allan Benny Succeeds His Brother.

(Special to The Daily Press.)

Bayonne, May 21.—Assemblyman Allan Benny was elected city attorney of Bayonne at the meeting of the Common Council Wednesday evening, superseding his brother, James Benny, who has served during the past three years.

Livery Horse Died.

A valuable horse belonging to the Horne stables was taken with colic while being driven near Rahway last night about 11 o'clock, and despite all efforts to save it the animal died at 3 o'clock this morning.

WHAT'S TO BE DONE WITH SEWAGE BEDS?

Will They Be Enlarged or Will a Trunk Sewer Be Built to Tidewater?

COUNCIL MUST DECIDE IT.

PROMINENT CITY OFFICIAL TALKS ON THE SITUATION.

Present Facilities of Sewage Disposal Beds Are Not Enough—The Council for 1900 Will Have to Face the Situation.

Before the term of office of the Common Council of 1900 is over that municipal body will be compelled to grapple with one of the most important questions that the local legislators have had to face for a decade. It's the old question of sewage disposal, only viewed from a somewhat different standpoint. Before the Council had to decide on a method of caring for the city's sewage. Now the system is here and its success is questioned. The growth of the city demands increased facilities, and it's a question whether to enlarge the present system of sewage disposal beds or to build a trunk sewer to tidewater.

The importance of this question, so soon to come before the Council, is appreciated by many of the city officials, and they are quietly studying out what seems to them the best way of meeting it. Much reticence has been shown, however, in talking of the situation.

A prominent city official stated to a Press reporter the other afternoon a few facts concerning this question of sewage disposal and the probable outcome of it all.

"The Council," he said, "cannot possibly get away from this problem and the labor of solving it will undoubtedly begin this fall. There are these suits against the city brought by Mrs. Milliken and others to recover damages as a result of the establishment of the sewer beds in their present location. I believe Corporation Counsel Marsh will win them, but he may not.

"The number of sewage disposal beds now in use is not sufficient to care for all the city. There must be additions to the establishment if it is to be continued. Then there are still many houses in Plainfield which are not connected with the sewer system at all. They too must be provided for. That will mean a still greater increase in the establishment.

"The success of the beds has been disputed. It has been proved that they can be successfully used if given proper care and attention. That means a yearly expense that will surely increase as the size of the sewage disposal establishment grows.

"It is a question whether it would not be better to have the city start without delay to construct a trunk sewer to tidewater and thus provide a sure means of disposing of the city's sewage for years to come rather than going on to enlarge a plant that the city may, at any time, be compelled to give up and the present successful management of which is so often questioned. With a sewer to tidewater, the sewage disposal question would be disposed of indefinitely.

"The only feasable destination for such a sewer would be into Raritan Bay. If it emptied into the Raritan river above New Brunswick, it would only be a question of a few years before that city would be able to compell us to find a new outlet. Of course the building of such a sewer would be an expensive piece of work. It is a question whether we would be justfied in bonding the city so heavily.

"It's too soon, however, to say what course we ought to take. The matter will only be decided after long and careful consideration. It is important, however, that every citizen give the question careful thought and be able to give his Councilman an intelligent opinion. It isn't for the Council alone to decide. It will be of great importance to every citizen and tax payer and to the latter named classes the Councilmen will turn when the times comes."

BOERS FIRING THEIR CREUSOT GUNS.

The big Creusot guns used in the bombardment of Ladysmith were made for the Boers in France. They are capable of doing terrible execution under favorable circumstances, and the Boers have placed their best gunners in the batteries equipped with these pieces. The illustration shows one of the gun squads sighting and adjusting the range preparatory to firing a Creusot.

KRUGER FOR PEACE.

Salisbury Said to Have Received a Proposal.

SURRENDER MUST BE UNCONDITIONAL

Rejoicings Over Mafeking's Relief Result In Serious Disturbances In Many Towns—Roberts Reports Continued Success.

LONDON, May 21.—Displayed in the most conspicuous style in The Daily Express is the dominant war news of the morning:

"We have the best reason for stating that in the last 24 hours a telegram has been received at the foreign office, addressed personally to the prime minister, from President Kruger proposing terms of peace. The exact terms of the message cannot be stated, but we believe it is couched in an exceedingly humble strain."

It is inconceivable of course that Lord Salisbury can have sent any reply except the one that stands ready on the lip of every Briton—unconditional surrender.

The boisterous rejoicings over the news from Mafeking have become riots in parts of London, Aberdeen, Belfast and elsewhere in the United Kingdom. In the Finchley district of suburban London a mob stoned the railway station master's house and smashed the windows of a draper's shop, setting the building on fire also, though whether by accident or design is not yet known. Two clerks were injured. The house of a Boer sympathizer at Harlesden was attacked by a large crowd, and the windows were shattered. The police charged the mob and were greeted with a shower of decayed eggs. Numerous arrests were made, and the police reserves were called out.

The war office has announced that Lord Roberts has not yet received official information of the relief of Mafeking.

The following is the text of Lord Roberts' dispatch, dated Kroonstadt, May 20:

"No official intimation has yet been received, but Reuter states that the relief of Mafeking has been effected.

"Rundle reports having occupied Bresler's Flat, Trommel and Clocolan, the enemy falling back on Senokal and Ficksburg. Fifty rifles and 3,000 rounds were surrendered by the Free Staters to a battalion of yeomanry working along the telegraph line from Boshof to Bloemfontein. A field cornet and 86 burghers surrendered at Boshof yesterday.

"While at Hoopstadt Methuen secured 250 rifles and between 400,000 and 500,000 rounds."

A special dispatch from Kroonstadt says that General de Wet has sent word that he is prepared to surrender conditionally with his entire commando.

Details of the relief are still wanting, the British military authorities being without dispatches. Lord Roberts wires that he knows of the relief only through a press agency. Lord Lansdowne, however, announces that the war office expects direct news today.

The situation in the field has changed but little since Friday. Lord Roberts' troops are in fine form and abundantly supplied. Indications seem to point to an early movement. His cavalry, riding over several hundred square miles in a semicircle beyond Kroonstadt, has received the submission of hundreds of Free Staters.

It now appears that the De Wet who offered to surrender with 1,000 men was not the well known General de Wet, but Commandant de Wet. He stipulated that his men should be allowed to return to their farms.

Lord Roberts replied that the surrender must be unconditional.

The Botha who was captured the other day was Philip Botha. Those surrendering are solemnly warned that if they break the oath of neutrality their houses will be burned and their farms confiscated. Such as do yield ask only for protection.

The Daily Telegraph is advised that a plot has been discovered at Pretoria to depose President Kruger and to surrender the Transvaal during the present month. Progressive Dutchmen and members of the judiciary are asserted to have been parties to the movement.

General Buller is in front of Laingsnek, hesitating to attack positions of enormous natural strength. The reports that the Boers have blown up portions of the tunnel are confirmed. Although everywhere else they are reported as retiring, they have effected their retreats without losing their convoys or guns or prisoners to any extent. Were they disorganized they would strew the line of retreat with booty.

General Colville's base is Winburg. General Rundle is advancing on Ficksburg, trying to catch up with the retiring Boers.

Congratulations For Baden-Powell.

CAPE TOWN, May 21.—Every town and village is sending congratulations to Colonel Baden-Powell at Mafeking. Telegrams are arriving from all parts of the world. There will be an immense demonstration here today.

No Coat For 20 Years.

URBANA, O., May 21.—John Glenn, an eccentric and wealthy citizen of this city, is dead at an advanced age. Because his father once gave a brother a better coat than he gave John, John declared that he would never wear a coat so long as his father lived, and for more than 20 years he faithfully kept his promise. On another occasion he took offense at some trifling matter and remained a voluntary prisoner in his own house for nearly 20 days. He was thoroughly honest and was never known to tell a lie. His estate is the largest in the county. It came to him by inheritance.

Liliuokalani Has Cancer.

SAN FRANCISCO, May 21.—Ex-Queen Liliuokalani has arrived from the east and will sail for Honolulu on May 30. She was accompanied by her secretary, Joseph Heleluhe, and his daughter and by Dr. Charles Hamilton English of Washington, her physician. Her secretary admitted frankly that the queen had been suffering for three years from cancer of the neck, but that Dr. English's treatment had benefited her and that she was taking him with her in hope that he can cure her.

English Buy Kansas Wheat.

TOPEKA, May 21.—Representatives of English wheat buyers are contracting with some of the big Kansas wheat growers for their entire crop of wheat at 50 cents per bushel. The wheat is to be exported via the gulf of Mexico to Liverpool.

HAWAIIAN POLITICS.

Natives Favor an Independent Organization.

A FINANCIAL BOOM IS EXPECTED.

Stable Government Depended on to Bring an Influx of Capital—Hawaiians Hold Three-fourths of the Bonds to Be Called In.

HONOLULU, via San Francisco, May 21.—If the leaders have any control over the political destinies of the natives of the islands, they will not for some time to come express affiliation with either of the great parties.

So much was decided by a number of them at a meeting held secretly. At this meeting were men inclined to be Republicans and some favorable to the Democracy. A majority, however, favored some sort of Hawaiian alliance, taking in such whites as were acceptable to their ideas. The Portuguese were mentioned.

The idea of the natives is to form an independent party. It was remarked that out of 14,000 votes the natives would poll 9,000. Some of these would be lost to the Republican and Democratic parties, but with white and Portuguese allies they would have a large majority.

With the final assurance of a stable government will, it is predicted, come a financial boom in Honolulu. In addition to the influx of capital that is expected from the mainland comes word that President McKinley has approved a bill lately passed by the council of state making available $2,000,000. Word has also been received that Secretary Gage has announced that within 45 days the Washington government will call in the $4,000,000 of bonds assumed by the United States and pay for them. Probably $3,000,000 of those bonds are held by the Hawaiian people, and it is estimated that $2,000,000 of them are now in the islands.

Added to this the plantations will pay their dividends in June and July.

Kamalo plantation and the American Sugar plantation, both on the island of Molokai, have suspended operations. The American Sugar company could not develop a pure water supply and therefore was compelled to suspend what promised to be one of the largest sugar estates in the world.

Fatal Affray In Georgia.

MACON, May 21.—Word has been received here to the effect that a Mr. Gleaton rode out to the home of his sweetheart, a Miss Raines, about eight miles from Cordele, and was accompanied by a friend, intending to have a wedding. When they arrived at the home of the young lady, she joined them, but her father interfered and tried to induce her not to leave him. One word brought on another, and finally a quarrel was on. The young lady's brother rushed up with his pistol and commenced to shoot at Gleaton and Gleaton's friend. Gleaton drew his pistol and shot the young lady's father, killing him instantly. He then shot the brother. By this time a friend of the Raines family rushed up to try to stop the trouble and was himself shot down. The situation at last reports was as follows: The young lady's brother and father are dead, and the friends of the opposing parties are expected to die.

An Athletic Carnival.

PHILADELPHIA, May 21.—The University of Pennsylvania is to introduce a novel idea in June, when it will hold on the 12th an open intercollegiate invitation athletic carnival of Olympian events for all the college teams that are to go to Paris to compete in the Olympian games there. The carnival is to be held for the double purpose of giving the athletes in special training an opportunity of "trying out" before sailing for Europe and to give other athletes who are unfortunately unable to go abroad a chance to test their strength against the men who are going. It is also the purpose to demonstrate exactly the strength and representative character of the Americans who will compete at Paris.

Chinese Defy Health Board.

SAN FRANCISCO, May 21.—It is learned that the Chinese have retained attorneys to contest in the courts the right of the board of health to compel them to submit to inoculation. They claim that at the best inoculation is but an experiment, and they wish to protect their persons. They will also contest the right of the board of health to interfere with their business in quarantining their goods. The federal authorities are cooperating with the local board of health, and the exits of the city are being guarded to prevent the Chinese or Japanese from leaving the city.

Murder or Suicide?

BOSTON, May 21.—Mae Butler, an unusually handsome woman, 23 years old, and said to have been married, was found dead in bed at the residence of Mrs. A. L. Wright, 36 Highland Park avenue, Roxbury, with a dagger in her breast, and Edwin T. Wright, son of Mrs. Wright, is under arrest on suspicion of having committed the crime. The death was first reported to the police as a suicide, but soon after they had investigated the case they felt justified in taking young Wright into custody pending a more searching inquiry.

Landslide Blocks Railroad.

WILKESBARRE, Pa., May 21.—A big landslide has occurred on the Central Railroad of New Jersey on the mountain near Laurel Run. Ninety feet of the track was covered with rock and earth. Trains were flagged in time to prevent accident. Some of the rocks that rolled down the mountain side weighed several tons, and they have to be blasted to be removed. All traffic is suspended. Passenger trains are being run over the tracks of the Lehigh Valley railroad.

Republicans Lead In France.

PARIS, May 21.—The official statement of the final results of the French municipal elections shows that out of 33,942 communes the Republicans won 24,832, the Reactionaries 8,519, the Nationalists 153 and candidates whose policy is in doubt 438. Thus outside of Paris the Republicans have secured an enormous majority.

Filipinos Again Lose Heavily.

MANILA, May 21.—Five hundred insurgents, half of whom were armed with rifles, ambushed 80 scouts of the Fortieth volunteer infantry in the hills near Aquasan, in the northern part of Mindanao. The Americans routed the natives, killing 51. The American casualties were two killed and three wounded.

GERMANY JEALOUS.

Great Growth of Our Foreign Trade the Cause.

A PROHIBITORY TARIFF PROBABLE.

Growing Ill Feeling Exhibited by German Press Against the United States—Our People Accused of Sharp Practices.

WASHINGTON, May 21.—Under cover of an annual report on the trade relations of Germany Consul General Mason at Berlin has published some exceedingly important statements relative to the present conditions governing trade between Germany and the United States. Still more important are the predictions made by Mr. Mason as to the treatment Germany has in store for United States trade at competitive points hereafter and his warnings to Americans of the German purpose to demand far higher import duties, especially against United States products.

Mr. Mason says that Germany has been paralyzed at the enormous upward bound of the foreign trade of the United States, and as German merchants have come to the conclusion that this prosperity is attributable entirely to the United States tariff laws and arguing that a similar policy could not fail to benefit Germany they propose a revision of their tariff on the line of a general and heavy increase of duties, especially upon imports from the United States.

Mr. Mason has much to say about the steadily growing irritation exhibited by the German press against the United States and the criticisms of the trades papers of our customs officers, who are charged with practicing chicanery in their efforts to prevent undervaluations of German exports to the United States. Complaints are made against Germans acting as agents for the sale of American or English goods, and conditions are being imposed to discourage the taking of foreign pupils in German technical schools.

The report treats also of the great growth in the German trade in the east resulting from the new policy of the government and its determination to obtain a share of what the farsighted statesmen recognize as the chief commercial prize of the twentieth century, the trade of China. German trade with China has increased 70 per cent in the last four years, and German capital is being invested with an audacity which should serve as an example to Americans seeking foreign trade. In conclusion and recurring to the subject of relations between the United States and Germany in the future Mr. Mason has this to say:

"There is therefore every probability that the new tariff and such amended special treaties as Germany may consent to enact will modify essentially the commercial relations of the empire with other nations, particularly with the United States. It is not to be denied or overlooked that while the attitude of the imperial government toward our country has been uniformly correct there is in certain business circles here a feeling of enmity and resentment which did not exist prior to 1898. The heavy balance of trade which the United States now holds against the fatherland, the decline in textile exports and the sharpened customs regulations against undervaluations, the concessions recently granted to France and above all the enormous growth of American manufactured exports, the aggressive competition of American metal and other products in South American and eastern markets—all these weigh heavily on the heart of the people here and will be heard from when the new tariff and treaties come to open debate in the reichstag."

Corrigan's Mission Not Political.

ROME, May 21.—It is asserted at the Vatican that Archbishop Corrigan's visit will not have political results and that the question of "Americanism" will remain in statu quo. The pope is devoting himself entirely to the ceremonies and receptions of the holy year, and the moment is not considered favorable for raising such a vexed subject as "Americanism." The archbishop's audience with the pope was very brief. He confined himself to describing the progress of his diocese and presented to the pope an album containing views of edifices constructed during the last decade.

Oil Company Buys Kentucky Lands.

LEXINGTON, Ky., May 21.—A company composed of English and Indiana capitalists known as the Mount Sterling Oil and Gas company, chartered under Indiana laws, has closed a deal here whereby the oil company gets control of 10,000 acres of land situated in Bath and Menifee counties. The property of the heirs of Mrs. Sarah Wooley of this city passed into the company's hands. The company is capitalized at $680,000. It is said that there is $6,000,000 behind it.

Granite Strike Ended.

WESTERLY, R. I., May 21.—The granite strike inaugurated here March 1 for an eight hour day at $3 has been settled, and the granite plants will reopen tomorrow, employing all hands. Eight hours is to constitute a day's work, with 35 cents per hour minimum wage for competent men; aged, incapacitated and incompetent men not less than 33 cents an hour, and employers at no time shall employ more than 25 per cent of their men for less than 35 cents an hour.

Armenia's Condition Recalled.

CONSTANTINOPLE, May 21.—The Russian embassy has considerably perturbed governmental and diplomatic circles here by inviting the immediate attention of the porte to the deplorable situation of many districts of Armenia resulting from brutal methods of collecting taxes and from persecutions, which has driven many to embrace Islamism, while whole communities are preparing to emigrate to Russia.

Sunday Baseball.

NEW YORK, May 21.—Three National league games were played yesterday. At Chicago the home team won from Pittsburg by a score of 6 to 3. At St. Louis the home nine won from New York by a score of 9 to 5. At Cincinnati Brooklyn lost to the home team by a score of 4 to 5.

Princeton Students Drowned.

PRINCETON, N. J., May 21.—Two members of the Princeton sophomore class, Hay of Nutley, N. J., and Augur of Evanston, Ills., were drowned yesterday afternoon while trying to shoot the rapids in a canoe in Kingston dam.

BRIDGE WORK

in Dentistry is the best substitute for nature's work that can be done. Sound roots may be built up and crowned and thus fill up an unsightly space. It has to be made of a material that has strength and durability and one that will not discolor. Gold is the one that stands the test. That is the secret of the expense. But the advantages of a bridge over a plate are many times more than the cost of one compared to that of the other.

PERSONAL GOSSIP OF INTEREST TO CITY AND BOROUGH.

In Brief are Told the Daily Doings of Many Residents and Visitors Who Go and Come in a Social and Business Way

Ben Silverstein, of Washington avenue, spent Friday in Perth Amboy.

Samuel Terry, of East Third street, is recovering from a severe illness.

Miss Sadie Sweeney, of West Second street, has taken a position in the skirt factory.

Miss Flora C. Honeggar, of Staten Island, is a guest of Mrs. Dyatt, of Belvidere avenue.

Mr. and Mrs. John Lance, of German Valley, are spending a few days with relatives in town.

Miss Lillian Remsen, of Newark, is spending a few days with Miss Beatrice Miner, of East Sixth street.

Mrs. Benson, of West Front street, who has been at the hospital for several weeks under treatment, has been discharged cured.

Mrs. M. A. Brandt, of Cincinnatti, O., has returned to New York after spending a week at the home of J. E. Morse, of Franklin place.

Mrs. Amelia Fisher, mother of Mrs. Bertha Richards, of East Fifth street, died at the home of her daughter Saturday. She was 77 years of age and had been ill a long time. The funeral will be private.

THE ST. LOUIS STRIKE.

Cars Run on Many Lines Under Police Protection.

ST. LOUIS, May 21.—Cars were run Sunday on the Park, Laclede, Delmar, Page and Spaulding avenue lines of the St. Louis Transit company without any interference from the strikers or their friends. No attempt was made to run the cars on schedule time. Sometimes they made the round trip in about three-fourths of the usual time. Sometimes it took them nearly twice as long. Every car that went out and came back unharmed was considered the net proceeds of a notable achievement, and its crew received greetings like those extended to an only son on his return from a war. There was no outbreak of any kind during the day. Two riot calls were sent in to the police department during the afternoon, but there were really no riots.

The first disturbance was begun by a balky horse which went on an individual strike at the corner of Eighteenth and Chestnut streets. A large crowd gathered to watch the progress of the argument between the animal and his driver, and when the horse passed on 2,000 people were standing around the corner utterly at a loss for amusement. As a substitute for the horse the crowd turned its attention to the crews of the Laclede avenue cars, which were passing every few minutes. They showered the crews with epithets and deluged them with advice. A riot call was sent to police headquarters, and Chief of Police Campbell, taking 20 men, hurried to the spot, told everybody to "move on," saw that they did "move on," and riot No. 1 was over before it actually started.

The second disturbance occurred a few minutes later on Washington avenue, between Thirteenth and Fifteenth streets.

Siege at a Nebraska Institution.

BEATRICE, Neb., May 21.—A state of siege still exists at the State Institution For the Feebleminded here. Superintendent Lang, who last Wednesday was removed by Governor Poynter, but who refused to vacate and secured in the district court an order restraining the governor's new appointee, has stationed armed guards inside and outside the building, and no one is allowed to enter or depart without his consent. Dr. Lang during the week has removed many of the teachers for alleged insubordination. Two of them, Miss Mutz and Miss Spanagle, refused to leave, and their rooms were nailed up and the dining room locked against them. They took refuge in the matron's room, and food was supplied them by friends in this city from an outside window.

Ice Blocks the Way to Nome.

VICTORIA, B. C., May 21.—Leaving Dutch harbor on the 10th inst., the steamship Hero, now carrying coal to Unalaska from Comax, arrived at Esquimalt yesterday. She brings news that 150 miles northward of Dutch harbor there is a sea of ice which no vessel can break through. The steamer Alpha, on her way to Nome from Victoria and Vancouver, had been prevented from completing her voyage and on the 7th inst. put back to Dutch harbor to replenish her bunker coal after lying off the ice for 30 days. She sailed again on the 9th and will take the first opportunity of making headway through the ice. Only one passenger declined to continue the voyage.

The President's Vacation.

WASHINGTON, May 21.—The president has decided to go to Canton in June for a rest of two or three weeks and incidentally to attend the monster nonpartisan celebration which is being arranged for July 4. This decision is contingent upon the adjournment of congress before that time, but from information received from leaders in both houses there is reason to believe an adjournment will be reached by June 9 or 11. The president will be accompanied by Mrs. McKinley, and if nothing of special importance occurs which would necessitate his earlier return he will remain in Canton until about the middle of July and possibly longer.

Fairbanks In 1904.

INDIANAPOLIS, May 21.—Indiana Republican leaders and delegates to the national convention will go to Philadelphia with the intention of starting a boom for Senator Fairbanks for president in 1904. They have talked the matter over among themselves and have concluded that the time is ripe to begin. Since Congressman Landis in a speech before the state convention announced that Indiana would propose the name of Senator Fairbanks for president in 1904 it has been regarded as almost a certainty that Senator Fairbanks will be a candidate for the nomination.

Ivory Soap, being pure, costs money, but not more than a pure soap has to cost.

DISTRACTED COLOMBIA.

Severe Fighting Reported, In Which the Government Won.

KINGSTON, Jamaica, May 21.—Advices from Colombia by the Royal Mail steamer Trent say that the rebels are operating around Panama, which is full of troops, some of whom are quartered in the churches. An engagement took place May 16 north of Panama, the rebels being driven off.

Cartagena is still in possession of the government. The Trent was to have conveyed a body of troops to Cartagena, but the rebels destroyed the bridges on the night of May 13, thus preventing the troops arriving for embarkation.

On the same night a desperate engagement took place outside of Cartagena, in which the government troops were victorious. As many as 500 rebels are said to have been killed in the fighting.

The country is in a frightful state, and paper dollars bring only 5 cents each.

CONDENSED DISPATCHES.

King Leopold of Belgium has arrived in England on a visit.

A statue of Gladstone has been unveiled in the central hall of the house of commons.

William H. Hunt of Montana has been selected to be secretary of state for the island of Porto Rico.

French exposition authorities have granted the request of American athletes and will not hold games on Sunday.

Catharine Martin, in Worcester, Mass., confessed to having set fires in hotels and boarding houses in many cities.

Daniel Sherwood of Suffern, N. Y., has just received $50 for nine pearls which he found in the stomach of a partridge.

Idaho's Governor Denounced.

DENVER, May 21.—The conventions of the Western Federation of Miners and of the Western Labor union, now in session in this city, adopted resolutions strongly denouncing Governor Steunenberg of Idaho for his action in the Cœur d'Alene trouble and urging the voters of that state to refuse to support him or any one who upholds him. The labor union's resolutions also denounce President McKinley, General Merriam and others who are held responsible for the hardships endured by the Idaho miners and demand that the president "either withdraw the troops from Shoshone county or cause the liberty of the citizens to be restored."

The Passion Play.

OBERAMMERGAU, May 21.—The dress rehearsal of the Passion play was attended by 4,000 people yesterday, many Americans being present. The tragedy of the crucifixion was never before so marvelously represented. It was an all day performance, with Biblical tableaus of the scenes preceding the crucifixion intervening. Herr Anton Lang, the Christus of this year's production, is a man of fine presence, chastened beauty and devout, thoughtful demeanor. He attended early mass before the representation.

Sousa In Berlin.

BERLIN, May 21.—Sousa's band gave a concert yesterday in Kroll's Garden. In spite of the unfavorable weather there was a large attendance. The American colony in Berlin was well represented, among those present being Embassador White and Mrs. White. The band will play before Emperor William upon his return from Wiesbaden. It will remain in Berlin until May 27 and will then start on a six weeks' tour of the principal German cities.

Bibles For Naval Graduates.

ANNAPOLIS, May 21.—Rev. W. C. Stitt of New York presented the members of the graduating class of the Naval academy with Bibles at the morning services at the academy chapel yesterday. The Bibles were donated by the Ladies' Union Mission school commission of New York. The custom has been in vogue for 27 years.

Irish ex-Convicts Coming.

QUEENSTOWN, May 21.—Joseph Mullet and James Fitzharris, alias "Skin the Goat," who were recently liberated from life imprisonment for the Phœnix park murders, sailed for the United States by the Cunard liner Lucania. They hope that a fund will be raised for them in America.

Weather Probabilities.

Fair, with moderate temperature; fresh winds, mostly northerly.

COLLEGE PROFESSOR KILLED.

Struck Down by Unknown Hands In a Philadelphia Street.

PHILADELPHIA, May 21.—Professor Roy Wilson White, a brilliant young instructor in the law department of the University of Pennsylvania, was struck down and brutally murdered late Saturday night near Thirty-second street and Powellton avenue. More than half a dozen arrests were made yesterday, and three men, two of them colored, are in custody on suspicion of having committed the crime. Professor White was found in an unconscious condition and died four hours later in the Presbyterian hospital.

Professor White left the univesity at 10 o'clock at night for the Powellton avenue station of the Pennsylvania railroad to board a train for Germantown, a suburb. Shortly before 11 o'clock he was found in an unfrequented part of Thirty-second street. His skull had been crushed evidently with an iron bar. He died early yesterday morning at the hospital without regaining consciousness.

It has not yet been positively established that the motive was robbery, as the only article missing was the professor's watch. A small sum of money in one of the pockets was undisturbed.

Professor White was a native of Richmond, Ind., and was 28 years of age. He was a graduate of Earlham college, Richmond.

The Milk Trouble.

NEW YORK, May 21.—"The board of health," said President Michael C. Murphy, "will arrest any one implicated in any effort to limit or restrict the supply of milk in this city." Mr. Murphy was speaking of the attempt which he said he knew was being made to form a combination among the middlemen who handle the milk of the farmers to restrict the supply to such an extent as will enable them to advance the price. "We have adequate authority under the law," said Mr. Murphy, "to take such action, and we shall make any one interested in any such effort to limit the supply of a necessary article of food defend his course in the courts. It is a crime and shall be treated by us as a crime."

Berlin Has a Car Strike.

BERLIN, May 21.—Yesterday crowds in sympathy with the tramway strikers stoned the cars. The police intervened and were themselves pelted. They replied with blank cartridges, and shots were then fired at them from the houses. Several persons were hurt on each side. The crowds lingered about, but by 8 o'clock the cars were running. The police who were off duty have been ordered on forthwith. Most of the people side with the strikers, who demand a ten hour day instead of a day of 14 hours and a minimum monthly wage of 90 marks instead of 85, together with a yearly increase of 5 marks until 130 marks shall be reached.

Russia's War Debt Wiped Out.

ST. PETERSBURG, May 21.—An imperial ukase has been published announcing the redemption of the debt of the imperial treasury to the State bank for bank notes issued for the purpose of meeting the expenses of the wars of 1853-56 and 1877-78. It provides that henceforward no bank notes shall be issued to meet the requirements of the treasury. In 1881 the war debt of the treasury to the Bank of Russia aggregated 964,000,000 rubles. When M. de Witte, Russian minister of finance, assumed his portfolio in 1892, the debts still totaled 742,000,000 rubles. This entire amount has been extinguished within less than eight years.

Aid For the Wrecked Cunarder.

KINGSTON, Jamaica, May 21.—The Hamburg-American steamer Valencia, accompanied by the government steamboat Ready, has left here for the scene of the wreck of the Cunard line steamer Carinthia, which is ashore on Point Gravois, Haiti. A large quantity of water was taken for the 1,400 mules on the Carinthia. Many men and numerous appliances were also carried to assist in floating the steamer. The British cruiser Proserpine has also gone to the scene of the wreck.

Large Vessel Launched.

DETROIT, May 21.—The Pittsburg Steamship company's steel steamer Harvard, the largest vessel ever built on the Detroit river, was launched Saturday afternoon from the Wyandotte yards of the Detroit Shipbuilding company. The Harvard is 478 feet long, 28 feet molded depth and 50 feet beam. Her carrying capacity is 8,000 tons.

PLAINFIELD, N. J., MAY. 12, 1900

A Successful Affair.

The dinner given by the Democrats of this city Saturday evening was a complete success in every way. Notwithstanding that two of the scheduled speakers—William B. Gourley, chairman of the State committee, and Congressman Sulzer—found it impossible to come at the last moment, there was a representative and prominent gathering of Democratic leaders from many sections of the State.

The best of feeling prevailed among all the guests, although in past some of those present have vigorously disagreed as to political policies. There had been no intention to make the dinner other than a pleasant social feature for those present, and to incidentally, in a general way, aid in the promotion of Democratic principles leading up to Democratic candidates who will be named in a few weeks. There was a good deal of plain, good-natured talk on the part of all, however, and undoubtedly those who have had differences in the past left the dinner understanding each other better. It this is so, then some political good has been accomplished from a Democratic standpoint.

So far as State matters are concerned there was one thing practically settled. That is, James E. Martine will be one of the delegates-at large to represent New Jersey at Kansas City. Robert Davis, the Hudson county leader, is regarded as the most powerful partisan in the State—the one man who can absolutely control 172 votes in the State convention. Mr. Davis has a reputation of being exceeding diplomatic and shy about expressing his prefe rences for such positions as delegate-at-large so far ahead of the real time of making selections. But at the dinner he authorized the open, frank statement before the assembled guests that Hudson county's 172 delegates would be for Mr. Martine. It was a great compliment to Mr. Martine and a deserved recognition of his sterling partisanship.

It would be a pretty dull session of Congress if a bill didn't appear providing for the construction of a government building in Elizabeth. And so it is that Senator Kean has introduced a bill providing for such an improvement, the proposed cost of which is $160,000. The thing that prompts the measure is undoubtrdly the old saying that "Keeping everlastingly at it wins success."

Captain Ely, of Rutherford, is reported to be Bergen county's aspirant for the honor of representing New Jersey Democrats as one of the delegates to attend the national convention at Kansas City.

WHAT THE SHEARS FIND.

Editorial Comment From Other Papers of Interest in Plainfield.

Down in South Jersey the potato-bug is more numerous than ever before. New Jersey supports an official whose business it is to study the nature and habits of bugs and devise means for their extirpation, but there does not seem to be any diminution in the various tribes of the species through entomological researches and experiments.—Newark Advertiser.

Plainfield is again agitating the sewerage question, or rather the question is agitating Plainfield. They are discussing the three old propositions: enlarging the present sewer beds, seeking a new location for them, or finding an outlet through the Raritan River. Each plan will find its opponents. Sewerage is one of the most vital questions concerning the growth and development of a city. Bound Brook has no fears in that direction. The question is forever settled with us.—Bound Brook State-Centre.

PASSING COMMENT

Things that Are Not Exactly News but Just as Interesting.

A great deal of amusement was created on Front street Saturday evening by the sight of one of the city's representatives of the law walking down the street with a tag on his back, bearing the intelligence that it was "Only 30 cents." The officer walked on, unconscious of the laughter behind his back and the crowd of boys following, until a sympathetic storekeeper called him in and told him to look at his back in the glass. The expression on his face, as he viewed the tag, was somewhat ludicrous.

Automobiles are to make their appearance at Long Branch in large numbers this season. A New York company will run a stage line of five automobiles for the accommodation of the public regularly, between Seabright and Spring Lake. The same company will have fifteen machines stabled at Long Branch, part of which will be used as a line up Broadway at West End. The Hollywood Hotel will do away with horses and will use two automobiles between the railroad station and the hotel for stage purposes, and another to carry their guests between the hotel and the bathing houses.

TO FIGHT ICE TRUST IN JERSEY.

Robert Davis' Plan to Get Even With the Combine.

(Special to The Daily Press.)

Jersey City, May 21.—Democratic Leader Robert Davis Tuesday afternoon declared that if the Ice Trust succeeds in gobbling up the ice companies in Jersey City and raising the price of ice, he will get the Board of Alderman to pass an ordinance taxing the Ice Trust's wagons in Jersey City. Mr. Davis continued:

"If the trust tries to gobble up the business in Jersey City we will retaliate by taxing. I understand that there is a strong probability of an immense artificial plant being established either in Hudson or Essex county. This artifical ice plant will be in opposition to the Ice Trust, and it may help to make things very interesting for the New York ice barons."

COMES TO THOMPSON'S AID.

Frederick G. Burnham Praises the Conduct of the Chancery Office.

(Special to The Daily Press.)

Trenton, May 21.—Since the open attack upon Clerk in Chancery Thompson was made by Vice-Chancellor Pitney Monday last, many letters have been received at the clerk's office from lawyers in different sections of the State. In one received from Frederick G. Burnham, of Newark, Friday, he says:

"I notice some criticism has been made in regard to the conduct of your office. It immediately occurred to me that I would write you to say that if at any time a statement from me as to the exact, thorough and careful manner in which the amount of business that I have in your office has been conducted would be of any service to you, it would give me great pleasure to do anything in my power."

TROLLEY LINE ACROSS JERSEY.

A Prospect Now That the Project Will Be Pushed Through.

(Special to The Daily Press.)

New York, May 21—The North Jersey Street Railway Company, which controls nearly all the trolley lines in North New Jersey, has promoted Superintendent H. W. Fuller to be assistant to General Manager David Young.

The change is made to enable Manager Young to devote his time largely to the extension and development of the trolley lines in New Jersey. The various small lines will be connected to form a continuous route across New Jersey, and from the Hudson River to Philadelphia.

National Banks in New Jersey.

(Special to The Daily Press.)

Washington, May 21.—According to a statement issued from the office of the Controller of the Currency, there were 110 National banks in New Jersey at the close of business on April 26. THINGS THAT INTEREST SCOTCH PLAINS AND DUNELLEN.

Brief and Terse Observations Gathered by Alert Press Reporters to be Perused at the Supper Table at Your Leisure

DUNELLEN.

(Special Correspondence to The Press.)

Dunellen, May 21—Saturday's continued downpour of rain flooded the Plainfield sewer beds, with the result that one of them gave way, forming a gap 12 feet wide and 6 feet high. The contents of the broken bed found a channel and flowed directly into the brook. A number of Dunellen citizens journeyed to the beds and viewed the break.

At the special Board of Health meeting held Friday night, C. A. Douglas was appointed secretary and Isaac J. Stites was elected to take the place of Rev. A. I. Martine.

The ball game between the Dunellen A. C. and the Globe A. C., of New York, was postponed Saturday and will probably take place next Saturday.

Under the skillful care of Dr. Brakeley, the broken arm which John Kennedy received while at work near Bound Brook is rapidly getting better.

The Ladies' Aid Society of the Presbyterian church will hold their strawberry festival tomorrow night. Admission will be free.

Mrs. Jennie Smalley, of Plainfield, is spending a few days with Mr. and Mrs. John Runyon, of Washington avenue.

Mr. Bailey, of Williamsport, Pa., is visiting her brother, Charles Carpenter, of Grove street.

The Board of Education met Saturday night at the residence of Mr. Hamilton.

The Building and Loan Association will hold an important meeting tonight.

Augustus Runyon, of Plainfield, visited his parents yesterday,

John Whitlock, of Front street, spent yesterday in New Brunswick.

PLAINS AND FANWOOD.

(Special Correspondence to The Press.)

Scotch Plains, May 21,—The social season of the Saturday Night Club of the borough was brought to a close Saturday night when the members enjoyed a cake walk which was given for the amusement by some of the members of the club. At the close of the walk dancing was indulged in until nearly midnight when those present regretfully left for their homes. The season just closed has been an auspicious one for the club, which is the leading social organization of Fanwood and the members all look forward to the fall season when the Saturday night meetings will be resumed again.

A team from town played a match game of ball Sunday with a Plainfield club. Scotch Plains won by the score of 13 to 9. The game was played on North Plainfield territory, but the enthusiasm of the spectators was very annoying to the peaceful residents of Scotch Plains.

The Borough Council, at their meeting Friday evening, accepted the resignation of William E. Collins, as Borough Clerk, and appointed Ernest Kieb to fill out the unexpired term.

The game of ball between the Junior club in town and the Netherwoods, which was scheduled for last Saturday afternoon, was postponed on account of the rain to next Saturday.

The heavy rain of Friday and Saturday brought the waters of Green brook up to nearly high-water mark, and the residents near the stream were beginning to fear another freshet.

Nelson Dunn and Miss Mary Dunn, both of New Market, were the guests yesterday at the home of Mr. and Mrs. Norman Dunn.

Edward Johnston led an interesting young people's temperance meeting in the parlors of the Baptist church last night.

Mr. and Mrs. A. L. Jimerson, of Westfield, were the guests yesterday of their daughter, Mrs. George W. Marsh

SOMERVILLE.

(Special Correspondence to The Press.)

Somerville, May 21—Saturday evening a fight was started in Taylor's Hotel, known as the County House. Five linemen are staying at the hotel and a colored man by the name of Sherman came in the bar room and started to quarrel with the linemen. One of the men hit the Negro and then there was a free fight. Three colored men grabbed a white man and commenced to hammer him, when Mr. Taylor appeared on the scene and ordered the colored men to let their victim go, but Wm. Dingleman struck Taylor. The first officer on the scene was Gulick, and he knocked them right and left with his club. He grabbed Dingleman and started to take him to jail when the man turned around and swore he would kill Taylor. Other colored men began to pile on the policeman, but they were no match for him. Officer Holmes arrived soon afterwards and arrested Dan Meade, a colored man living at Neshanic. Meanwhile Officer Gulick grabbed another colored fellow by the name of George Vandervort and put him in jail. Officers Henderson, Koch and Detective Totten then went to Taylor's and everything was cooled down. Dan Meade was taken before Justice Farley and fined $5. Dingleman was fined $10 and Vandervoort was given 90 days for being one of the principal offenders.

Saturday afternoon a State Bar Association committee met at the Country Club to formulate proposed constitutional amendments to be presented to the State Bar Association meeting in Atlantic City in June. Attorney General Gray, Judge Fort, Senator Cross, ex-Senator Woodward, Eugene Stevenson, Judge Sinickson, James J. Bergen and Judge Garreteon were those present.

Officer Gulick arrested a drunk at the station Saturday afternoon, and one in East Somerville the same day. Squire Farley gave them five days in jail.

BERNARDSVILLE.

Special Correspondence to The Press.)

Bernardsville, May 21—The members of the summer colony of New Yorkers have returned to their houses at Bernardsville for the season. H. R. Kunhardt and family arrived as early as April, as they leave June 1st for Paris. Mr. Kunhardt is improving his elegant home by having handsome lodges erected at both entrances to his spacious grounds.

The Somerset Inn golf grounds have been enlarged, ten acres more of ground being cleared and added to the course, making a total of fifty acres. The grounds will again be in charge of George W. Lawson, who has been with the Lakewood Club during the winter.

A number of handsome cottages adjoining the Inn at Bernardsville, have been leased for the season. Among those who have taken them are Chandler W. Riker and family, W. V. Synder and family, of Newark, and John P. Guilford and Daniel C. Tate, of New York.

Newspaper Description Finds a Man.
(Special to The Daily Press.)

New Brunswick, May 21—Newspaper accounts of the mysterious absence of Charles VanSickle, a bookkeeper, have led to his discovery in a hotel, the proprietor of which first heard that VanSickle's relatives did not know where he was, from the newspaper accounts of his disappearance. VanSickle had engaged lodgings at the hotel and had been taken ill. His relatives have been notified of his whereabouts.

Oldenburg.

Eutin. Die Ehefrau des Schuhmachers Keßner machte ihrem Leben durch Erhängen ein Ende. Die Unglückliche hatte bereits seit einigen Jahren Spuren von Geistesverwirrung gezeigt.

Mecklenburg.

Boizenburg. Durch Hochwasser ist hierorts unermeßlicher Schaden angerichtet worden. Fast die sämmtlichen Marschgärten standen tief unter Wasser. In einigen ragten nur die Kronen der Bäume und Dächer der Gartenhäuser aus den Fluthen hervor. Die niedrigsten Straßen der Stadt suchte man noch durch Kluftdämme zu schützen. Große Flächen Saaten sind überschwemmt und vernichtet worden. Besonders großen Schaden erlitten die Dorfschaften Landekow, Gölze, Bahlen und Besitz.

Braunschweig. Anhalt. Lippe.

Braunschweig. Kantor emer. Beiß, einer der ältesten Einwohner unserer Stadt, ist gestorben. Er wurde am 21. September 1808 in Kaierde geboren.

Dessau. Das wohl einzig dastehende Jubiläum 75jähriger Thätigkeit als Tanzkünstler beging der Hofballettmeister Fricke in noch körperlicher und geistiger Frische. Zahlreiche Glückwünsche und Ehrenbezeugungen wurden dem Jubilar aus Anlaß dieser Feier von vielen Bekannten und Freunden dargebracht.

Müssen. Der Ziegler August Büker von hier stürzte auf der Fahrt von Herford nach Hamm aus dem Eisenbahnzuge und wurde tödtlich überfahren.

Großherzogthum Hessen.

Darmstadt. Die sogenannte Schloßfreiheit-Lotterie zum Zwecke der Niederlegung des Gebäude-Quadrates zwischen dem Schloßgarten und der Ritter-, Markt- und Schirngasse wurde seinerzeit abgelehnt, der Stadt Darmstadt aber bei einem etwaigen Ankauf ein Staatszuschuß von 150,000 Mark in Aussicht gestellt. Jüngsthin hat nun die Bürgermeisterei mit sämmtlichen neun Anliegern einen Kaufvertrag abgeschlossen. Die Anwesen gehen für 600,000 Mark in den Besitz der Stadt über.

Bodenheim. Das Weingut von C. J. Dolles Erben ging letzthin in den Besitz des Großherzoglich Hessischen Hauses als Familiengut über. Zu dem Gut gehört auch der aus dem 14. Jahrhundert stammende Weinberg Ritterstift St. Alban. Der Preis beträgt 155,000 Mark.

Mainz. Nach der dem preußischen Abgeordnetenhaus und dem hessischen Landtag zugegangenen Vorlage soll die, größtentheils auf Kosten des Reiches zu erbauende strategische Bahn Gau-Algesheim-Kreuznach nicht von Gau-Algesheim nach Langenlonsheim, sondern direkt auf der rechten Seite der Nahe nach Kreuznach durchgeführt werden. Hierdurch entfällt der für die Stadt Mainz wesentliche Vortheil eines direkten Anschlusses mit der Bahn nach dem Hunsrück, die in Langenlonsheim endigt.

Worms. Der verheirathete Schuhmacher Löhringer sollte sich dieser Tage vor der Strafkammer wegen Kuppelei verantworten. Der Angeklagte erschien nicht in dem angesetzten Termin; er hatte sich mit Salpetersäure vergiftet.

Bayern.

München. Ernst Graf v. Moy überwies dem Künstlerhausfonds die Summe von 25,000 Mark. Ferner hat eine ungenannt sein wollende Wohlthäterin der königlichen Centralanstalt für Erziehung und Bildung krüppelhafter Kinder die Summe von 1025 Mark zu dem Zwecke zugewendet, durch die anfallenden Zinsen zwei der dürftigsten Kinder je die Hälfte des jährlichen Kleidungsbeitrages erlassen zu können.—Die Polizei hat die Buchhandlungen aufgefordert, das Werk des Schriftstellers Thoma, „Der Burenkrieg," aus den Schaufenstern zu entfernen. Es scheint sich dabei um Bilder zu handeln, denen der Respekt vor Mitgliedern des englischen Königshauses (Königin und Prinz von Wales) mangelt.

Amberg. In der Untersuchungssache gegen den bankerotten Bankier Mandelbaum sind 63 Fälle von Depotunterschlagungen und Veruntreuungen festgestellt.

Bamberg. Mit dem jüngst verstorbenen Chirurgen Paul Kilian Endres in Aschach bei Bad Kissingen ist der letzte Landarzt und letzte Schüler der hiesigen Baderschule, des letzten Restes der ehemaligen fürstbischöflichen Universität Bamberg, dahingegangen.

Feldmoching. Der mit einem Eisenbahnzuge von Regensburg kommende Bahnwärter Oberhauser wollte auf der hiesigen Station aussteigen. Er war aber eingeschlafen und erwachte, als der Zug die Station bereits wieder verlassen hatte. Oberhauser sprang nunmehr aus dem Zuge und gerieth mit dem einen Fuß unter die Räder. Der Fuß mußte amputirt werden.

SIR LESLIE RUNDLE.

His Advancement to High Military Honors Is Unparalleled in Modern English History.

The case of Lieut. Gen. Sir Leslie Rundle, whom Lord Roberts sent to the relief of Wepener, via Reddersburg, constitutes perhaps the most remarkable instance of advancement to high military office which has occurred in the recent history of the British army. Sir Leslie Rundle only reached his forty-fourth birthday three months ago, and 15 years ago he was but a subaltern of artillery, having entered the Royal regiment in 1876, and obtained his captaincy in March, 1885. That he should have been appointed to the command of a British division in the field at an age when most officers are junior majors is probably unprecedented, at any rate in the last 40 years.

GEN. SIR LESLIE RUNDLE.
(Sent by Field Marshal Roberts to the Relief of Wepener.)

But in several respects Sir Leslie Rundle may claim to have done unprecedented service. He has eight campaigns to his credit—the Zulu and Transvaal campaigns in the South African war of 1879-81, the Egyptian expedition of 1882, the Nile expedition of 1884-85, the operations of the frontier field force in the Soudan in 1885-86-87-89-91, the Dongola expedition of 1896, the Nile expedition of 1897 and the advance on Khartoum in 1898. Gen. Rundle was employed with the Egyptian army from 1884 until last year, when he was given the command of the southeastern district, which he has since left to act temporarily as deputy adjutant general to the forces. During this period of employment with the Egyptian army he acted repeatedly as Lord Kitchener's chief of staff—it was in this capacity that he was present at the battle of Omdurman—and he was successively governor of the Red sea littoral, of the frontier and of the Dongola province. It is interesting to recall the fact that in the last Transvaal campaign Gen., then Lieut., Rundle was wounded in the defense of Potschefstroom.

FOR CLEVER FINGERS.

How to Make Several Novel and Useful Little Things.

This is an easy variation of the many devices for recording the progressive feats of the autocrat of the family. Twenty-seven inches of three and a half inch wide satin ribbon, a yard of a quarter inch wide satin ribbon of shade to match and a small paper book are needed. The book should be about 3¼ inches wide by 4½ long, should contain about a dozen leaves at least and may be made of any note or other desired paper at hand.

Mark half of the ribbon, also a space for a three inch deep fringe at each end, and above the space at one end embroider the words "Baby's Record." Above the words a few scattered flowers can be worked in dainty silks. The flowers can be daisies, snowdrops or forgetmenots or all three.

Put the book in the fold, pierce holes through both ribbon and book, threading the narrow ribbon in and out through the holes and tying at the back to secure it. Make the rest of the narrow ribbon into a loop by which to hang up and complete by the three inch fringing at each end of the wide ribbon.

The substantial putting together is intentional, as mothers rarely throw such things away, and baby's first smile, first tooth, first word and first step are events which will never lose their interest.

A Pretty and Handy Workbag For Summer Use.

With the season of seashore and mountains so close at hand many ladies who are given to handy work will be glad to know of a pretty, inexpensive and useful workbag. One that contains pockets for needles and silks and still has plenty of space for the embroidery requires 1½ yards each of figured and plain india silk and 2½ yards of one-half inch satin ribbon.

Cut a six inch square from pasteboard. Cover the outside with the figured silk, and line the inside with the plain silk, fitting it closely. Cut two widths of the figured silk 12 inches deep and two widths of the lining silk nine inches deep. Sew both in place around the six inch square, which serves as a bottom to the bag. Along the remaining edge turn a 1¾ inch hem in the figured silk so that it just covers the edge of the lining silk. Make a second stitching one-half inch above. The casing thus made will serve for the drawing strings. Two widths of lining silk six inches deep are gathered and sewed around the edges of the square on the inside of the bag and fastened at intervals against the lining of the bag. A hem is turned along the upper edge and narrow elastic run through and fastened at each end of the pocket.

Four buttonholes are worked in the outside silk of the drawing ribbon casing at points which correspond with the corners of the cardboard bottom. Four drawing ribbons are run through the casing and drawn out through the buttonholes. Tiny bows make a pretty finish for these loops.

Another embroidery bag that is very pretty and less expensive than the foregoing one is made of one-fourth yard of pure white "butcher linen." Fold the goods lengthwise and embroider the front in delicate clover blossoms and violets. A large monogram in old rose silk floss decorates the other side of the bag. In selecting embroidery silks choose those only which are guaranteed to wash without fading. French seam the bag. Turn a two inch hem and make a one-half inch openwork hemstitching. Run a double drawing ribbon of old rose grosgrain ribbon through the hemstitching.

A Pin Banner For Bachelors' Quarters.

This is especially suited for bachelors' quarters. A paper of pins, three-quarters of a yard of ribbon wide enough to carry the paper and soft material for a small flat pincushion are needed. Turn up a hem at each end of the ribbon and secure it with brier stitch or plain sewing; then fold the ribbon in half and brier stitch or neatly fasten the fold in position; embroider the word "Pins" under the fold, which will indicate the right side and show the use of the banner. Make the cushion and fasten it to the lower end of the back inside, and above it secure as much of the paper of pins as there is room for. If possible, a few black pins should be included. Add the safety pins and supply a short cord or two brass headed nails for fastening firmly to the wall.

THE NEWEST JEWELRY.

TRINKETS OF GOLD AND SILVER WHICH HAVE THE APPROVAL OF THE SMART SET :::::: AMERICAN PEARLS NOW IN FAVOR. . . . .

BY GLADYS LA TOUR.

Jewelry fashions as well as costume modes have their changes. It is equally important to the devotee of fashion to know what are the latest belt buckles as to be informed concerning the diminished size of sleeves. This season's jewelry is as much different from that of last year as is the up to date spring costume from that of three years ago. The most marked difference lies in the use of niello finished silver and the wearing of real gems. Formerly imitation stones were used, and it was generally supposed that no secret need be made of the use of such, but to be within the charmed circle today one's gems must be genuine, however poor of their kind.

The dealers foreseeing this state of affairs have introduced the fresh water pearl as one of the inexpensive novelties, also the rock turquoise and the jade. Dame Fashion has fixed the seal of approval on this transgression from the old path by declaring that really proper jewelry, like truly proper people, must adhere more closely to the narrow path of genuineness.

THE NEWEST BELT BUCKLES.

After a few hours passed in the jewelry departments of representative houses in a great city it is very hard to curb one's enthusiasm and return to the everyday requirements of the average woman. But, withal, let us admire the wonderful beauty of the jeweler's art and the productions of nature.

There are rich antique Louis XIV, XV and XVI watches, richly enameled, jeweled and carved; bangles and bracelets in gold and silver, plain or ornamented with precious or semiprecious stones; silver and gold belt pins, with or without jewels; belts of leather and silk, with buckles and clasps of marvelous beauty; brooches in plain gold and French gilt, twisted into every imaginable shape and design; others in flowers, enamel and precious stones, large, round and oval, set in small pearls; necklaces and watch guards, charms and trinkets suitable for bangles and bracelets, cloak clasps, earrings and collar buttons, garter clasps, girdles and hatpins, lorgnettes and rings, sleeve buttons, links and umbrella handles—the grandest array of jewel art that man ever gathered together.

Watches are in plain and wrought gold cases, with circles and jets of jewels. One having a closed case is severely plain on the one side, while the other is richly carved in Burmese and Indian style. Another is medallion work, with two little rings fastened to either side of the stem, by means of which the timepiece is suspended from my lady's belt. Special artists have worked at these and produced exquisite results that are very valuable.

Another is a miniature case, painted on ivory and surrounded with precious stones. A huge amethyst has been cut away and hollowed out until it fits exactly over a small open faced watch. Where the edges come together a band of pearls makes the joining attractive.

There was a time, not so very long ago, when only the most perfect oriental pearls were considered beautiful, but now gems that come from every part of the world are found to possess certain qualities peculiarly their own, and many are held to be wondrously beautiful. Some of the daintiest necklaces and armlets consist in slender chains with pendants of fresh water pearls combined with diamonds and other precious stones.

One of these has an ornament of four long pendants, each pendant consisting of three large fresh water pearls and two turquoises and tiny diamonds. The combination of the diluted azure and creamy whiteness is entrancing.

Though the "dog collar" and the band neckpieces are "in" again with fashion's call, nevertheless the slender, glittering gold and jeweled thread chains are the preferred creation of the spring season. With them pendants are essential, single jewels pulsating with brilliancy and medallions of burnished gold.

The armlets and bracelets vary greatly in design. The newest ones, like the necklaces, are designed from slender chains, with small, movable clasps, which can be drawn in or out to fit the arm of the wearer. These have heart pendants and unique coins.

The old fashioned clasp bracelets are in favor again. One pair is set with garnets and looks as though it had been excavated from some buried city. But they say they are the fashion. A unique band which is intended to take the place of an engagement ring is so constructed that once it is fastened upon the arm it cannot be removed unless it is sawed off. The joints are so neatly contrived that they are not noticeable. Though such a gift might be acceptable from an admirer, it is hardly convenient for the summer man's needs nor for that matter the summer girl's either. The engraved and burnished gold hoops slip over the hand and dangle loosely. For the upper arm the Cleopatra spiral set with rubies is shown.

The new belt pins are very graceful. One in serpentine design is ornamented with floral scrolls in deep cobalt blue. Another is of white enamel set with jades that blink in the sunlight. There are also bar pins with single jewels and fancy designs emblematic of sports.

Among the brooches are exquisite examples of originality. Turquoises in the colors that the Spanish lovers of the eighteenth century called "celestial blue" are cut oval and encircled with burnished gold serpents whose alert heads are brilliant with ruby eyes and diamond nostrils.

Some of these newest stones are not perfectly pure, nevertheless. The oxide of copper quartz runs through and mottles the tender blue, sonorous in plaintive poetic tones. An enameled four leaf clover in nature's own coloring has tiny pearls about the edges and a translucent jade resting in its heart.

A large hyacinth is gallooned with tiny pearls strung on a gold thread that reflects the tints of their native waters. A delicate little "chick" on tottering legs with outspread, fluttering wings is perfectly enchanting. A double violet with twinkling diamonds, a large grasshopper with emerald eyes and jade wings, a pansy in deep rich coloring, a spring of hawthorn with clusters of blossoms, another with sprays of lilies of the valley in enamel, a horn of plenty with tiger lilies and grasses, are brilliant among the admirable collection from which to choose.

Single stones surrounded by smaller jewels are used for ties and lace pins. Small stones are set in designs also, but they do not stand high in favor at the present time.

Hatpins come in large stones whose beauty is enhanced by the addition of smaller jewels.

Rings are shown for scarfs and seem to be quite the thing. Some of the prettiest consist of a single row of jewels with small precious stones between. They are very "smart" and lend a distinctive touch to the tailor made costume.

Buckles intended for belts and neckcloths are faultless from the point of design and workmanship. Wild ducks in enamel, frogs, beetles, turtles, crabs, lizards, alligators, fish and wrought Russian silver command one's attention.

One extremely beautiful piece is of burnished dull gold in a dragon pattern with a huge oblong sapphire in the center. Another that is intended for the neck has flowers-de-luce in emeralds and is encircled with diamonds. Others are of hammered gold in medallion designs, without other ornament than the natural shades of the metal itself.

HOW THE NEW TIE RINGS ARE USED.

The sash belt rings are mostly of gold or silver, without jewels. They are very attractive, though inexpensive, and are having a great sale.

A large variety of cuff links and buttons is exhibited. There are cameos set in chased gold and surrounded with precious and semiprecious stones and intaglios, sets of links and studs in plain gold and enamel, mourning buttons with single pearls in the center or set with diamonds, gold combined with platinum and jewels, fancy enamel, plain onyx and onyx with pearls.

Earrings and screws in Roman designs, reproductions of the Cesnola collection; clusters of diamonds with sapphires, opals, rubies and other precious stones; plain or faceted onyx balls, hoop rings, solitaires and ear vises for wearing earrings without having the ears pierced, fancy knots and hammered gold enough to satisfy the barbaric desire for splendor of the most exacting connoisseur are among the new designs.

THE OPIUM SMOKER.

His Vice Is the Worst to Which Man Can Be Addicted.

Ghastly Sights to Be Witnessed in San Francisco's Chinatown—Many Caucasian Victims of the Habit.

[Special San Francisco Letter.]

WHOEVER has heard of San Francisco is familiar with the reputation of its Chinatown, and one visiting that city is at once reminded, on every hand, that he must not fail to view the sights of this very interesting though not distinctly attractive quarter of the city. A Mongolian suggestiveness seems to permeate the atmosphere. Chinese goods are displayed all over the city, and not infrequently the faint, sickish smell of opium is wafted to one's organs of smell from some invisible source. Nowhere does fatherhood more blatantly proclaim itself than in the bearing of a California Chinaman; and a fussy, pompous, fat, prosperous-looking yellow man leading carefully through the streets his wonderful specimen of small boy is a subject for respectful contemplation. The dignified-looking little China manikin has, besides his size, but one mark to distinguish him from his father, viz., his pigtail, which is supplemented by some bright color, crimson preferred, this brilliant queue reaching nearly to the ground. One desires a nearer acquaintance with the little fellow.

It is decided to secure a guide. Ex-detectives seem most popular for this service, and with such a companion one's progress is rendered safe and satisfactory. Starting at night, it is a good idea to visit the schools first. Adults doing excellent work are here found as students, and most of the teachers are young ladies who, at the close of the session, go home alone and unmolested. The merchants are shrewd and successful salesmen and a very large variety of Chinese goods is offered, among them some wonderfully beautiful and artistic ivory carvings, cloisonne, odd china and an endless amount of curios calculated to coax dollars from the pockets of admiring visitors. Of course, anyone is glad to visit a joss house and even when the religious spirit of the place is in a state of quiescence attendants very kindly describe many points of interest.

ENTRANCE TO AN UNDERGROUND SAN FRANCISCO OPIUM DEN.

One or two of the restaurants may be described as very elegant in their way, having furniture and decorations of carved ebony, inlaid. The mysterious viands offered have a peculiar flavor, some very appetizing, but many so flatly sweet as to be almost nauseating. Theaters may be visited in a quite unusual manner. An out-of-door climb over stairways and roofs, with very little illumination, brings one to a passage leading to the dressing rooms, little, black, vile-smelling lofts where the actors array themselves in gorgeous apparel and more paint than falls to the share of an American Indian. From the passage the party is led to seats on the side of the stage directly in line with the monotonous performance, which drags itself along from month to month. If this proves rather wearisome, not so the view of the house from this commanding position. The pit is filled with Chinamen topped off by stiff black hats. In the galleries sit the women with their babies, contented and happy looking. In a sliding scale of attractions appear the barber shops, where it is edifying to see these black heads subjected to heroic treatment with a good lather of soap and water. The guide, in spite of the laws regarding gambling, has no difficulty in gaining admittance for his party to watch games of bungloo and draw poker quite openly conducted.

AFTER A FEW WHIFFS.

At first glance a visiter is tempted to draw back, but on witnessing the devotion of each occupant of the little, dark, vile holes of rooms to his occupation the sense of fear vanishes. A murky yellow light reveals the closely packed tables surrounded by Chinamen, some with blank, impassive countenances, some resembling incarnate fiends. Immense piles of gold lie before them while the cards are thrown down as rapidly as they can be handled.

But the crowning degradation of Chinatown is opium smoking.

One of the most disgusting sights imaginable is that of a man, even a Chinaman, stupefied by the fumes of an opium pipe. The longer he has been a victim of the habit, the worse his appearance. Fifteen consecutive days of indulgence are said to be sufficient to produce a confirmed opium smoker. The Chinese consider a man who has once had the craving (yin) a hopeless case. They never place any reliance on the word or honesty of a man who has become a pronounced victim of the habit. He has deteriorated morally, mentally and physically, has become dirty and slovenly. Our own young men, and even women, are learning to smoke the drug to an alarming extent. They steal into Chinatown under various pretexts to obtain supplies. There are many places all over the city where opium may be procured and smoked, and it has found its way into many fashionable homes as well.

While opium eating has been practiced for uncounted years, it is only within the last century that it has been smoked to any great extent, and it is hard to realize the origin of the habit. It is thought that East Indian traders first taught the Chinese that it could be cooked and smoked, but the present device for using it is without doubt the invention of the latter people.

The vice has spread so alarmingly in China that it is estimated that one male adult in every five is a victim. In San Francisco the proportion among Chinamen is even greater.

In going through their streets and alleys its sickening odor greets one on every side. It pours up through gratings, out of doorways, through windows and crevices. The worst dens are underground, where no daylight ever penetrates. To reach these, one must descend rickety stairways and pass through alleys and passages in a darkness which may be felt. The air is heavy with opium smoke and foul gases. Here, from 20 to 40 feet below the level of the outer world, these vilest of dirty, emaciated, diseased wretches hide from the light, and stupefy themselves from day to day. But one can witness more than enough of these evils without descending below the level of the sidewalk. There are plenty of dens on the street, of easy access to visitors.

Here are people in every stage of opium drunkenness—on floors, shelves, bunks, tables, anywhere they can bestow themselves, and it is wonderful how little room some of them manage to occupy. Nearly all have a piece of matting under them, and each one has his lamp and pipe and little pill box full of the drug. The opium resembles molasses, but is of a greater consistency. The pipe is of bamboo, about 1½ inches in diameter and about two feet long. To this an earthenware knob, shaped like a poppy head and with a tiny hole in the center, is attached.

The smoker must maintain a reclining position, his head usually resting on a stone pillow. He first warms the knob, that the opium may not cool. He then dips a little wire poker into his opium box and removes as much of the contents as will adhere, and twists it around until it is about as large as a bean, then holds it over his lamp until it swells to about twice its former size. It is now rubbed over the knob of his pipe that the steam may be released. This operation is repeated several times during about two minutes, until the opium is reduced to a soft solid, when it is roasted and worked into a conical ring around the poker, the point of which is now inserted into the tiny hole and turned around until the opium is detached and remains on the pipe. The smoker now carefully warms it again over the flame and draws for about half a minute on the stem. There is a sputtering noise. No smoke appears, for it travels along the respiratory membranes where the alkaloids are absorbed. When the pipe is empty it drops and a volume of dense smoke pours from the ears, nose and mouth of its owner. The knob of the pipe is now sponged off and the process repeated until the smoker is overcome and thoroughly stupefied, but in the midst of most fantastic dreams.

Statistical and Historical Data Bearing on the News of the Day from Foreign Lands

No Mining Concessions in Siberia. So great has been the demand for information regarding mining concessions in Siberia that the foreign consuls at St. Petersburg have felt called upon to issue a statement for publication in their various countries as to the truth or falsehood of the rumors that are afloat throughout the world regarding the conditions there, and the status of the Russian government towards foreign prospectors in Russian territory.

One of these rumors that has gone all over the civilized world is to the effect that a Russian government engineer has made a report to the government stating that the same gold belt which is proving so rich at Cape Nome and other places in Alaska extends across the straits into Siberia, and that there are enormously rich quartz lodes in gold mines all over Russia, which are easy to work at great profit, owned by the government, and which will be sold to the highest bidder.

Another rumor has it that the emperor has issued an ukase permitting Americans to prospect for gold on the west coast of Siberia, and that preference is given to American miners and capital to explore the mineral wealth.

United States Consul General Halloway replies to these rumors in a letter to the state department at Washington in which he says that both rumors are false. The government is now taking steps to ascertain the conditions on the west coast of Siberia, but that the emperor has not issued an ukase on the subject, nor is he liable to do so. He says that application may be made to the emperor for permission to prospect for minerals in any part of Russia, and that such application should be accompanied by recommendations as to character, experience as a mining engineer, the capital to be employed, etc. But he does not believe that permission could be secured to prospect for minerals on the west coast of Siberia until after the government has fully investigated the conditions there, and that even should such application be considered it would take at least two years before it would be finally acted upon. Continuing, the consul says:

"The value of Russian gold mines have been greatly exaggerated. Several experienced American mining engineers, who are admitted to be the best in the world, have visited Siberia in the interests of English as well as American capitalists during the past three years and made extensive examinations of the conditions, and I have not heard of a single company being organized as a result of their reports. The mining is almost all placer, there being two small quartz mines in the Ural mountains, which are owned by French capitalists and are said to be losing money.

"There is very little foreign capital in Siberia. No advantages are offered to or discriminations made in favor of Americans engaging in any kind of business in Russia."

A Printers' Exhibition in Sweden. The printers of Europe are showing an interest in the printers' exhibition to be held in the city of Gothenburg, Sweden, July 15 to September 1. Besides rare and unique books, prints, etc., which are of value especially to printers, the exhibition will embrace things of interest to everybody, such as artistic book covers, original drawings by Swedish and foreign artists, and a collection of all kinds of products of the graphic art—woodcuts, copper engravings, etchings, etc.

The exhibition will be the first of its kind in Sweden. Contributions are expected from foreign as well as from Swedish publishers, printers, bookbinders, libraries, artists and private book collectors. A feature of great interest will be the expected products of Persian, Servian, Turkish and other eastern book industries.

It is intended that the exhibition shall offer a comprehensive review of the printers' art and its development from the beginning up to to-day. The greatest attention will be paid to the present status of book printing, and it is intended to show a printing office in operation; and for this purpose an agreement has been made with a machine firm which will send a collection of presses for common book printing, for colored prints, and illustrations; also, folding machinery, paper cutters, pamphlet binders, a type-setting machine, and a type-molding machine. It is also intended, if possible, to illustrate the progress of the art by exhibiting a printer's shop of the middle ages, and a paper factory producing handmade paper.

Profits of the Krupp Iron Works. Every great world power is more or less interested in the Krupp iron works of Germany, because from them comes much of the world's ordnance. In view of the recent discussion of the profits of the Carnegie company in this country, and the agitation in congress over the price charged for armor plate for our new naval vessels, the following statement made by a competitor of Krupp may be of interest. He says:

"Some time ago, Krupp furnished field guns at $1,145 each. Competitors afterwards received an order for the same kind for $464.30 each. Thereupon Krupp reduced his price from $1,145 to $452.38. For shrapnels, Krupp received $2.03; his competitors furnished them at $1.19. It is an error to say that Krupp alone can furnish nickel plates for the navy. The process of manufacture is no secret, but is known by every intelligent manufacturer. If there were competition, the nickel plates could be obtained at half the price paid to Krupp. The navy department, however, prescribes conditions which make competition impossible. Testing grounds are required of the same dimensions as those of Krupp, which belong to the government and have been rented to him. The necessary provisions for testing 24-centimeter guns would cost between $500,000 and $750,000; for 15-centimeter guns, $75,000. Without previous assurances on the part of the government, nobody would risk such an investment."

ON THE NORTHEASTERN COAST OF SIBERIA,
Where Gold Is Said to Have Been Found in Great Quantities.

Bruges, Belgium, a Deep-Water Port. The shipping interests of the world are interested in the canal, now practically completed, which connects the city of Bruges, Belgium, with the North sea.

The canal runs from Zeebrugge, a port on the North sea, 14.29 miles north of Ostend, to the city of Bruges, a total distance of 7.46 miles. The work is now so far completed that vessels of a draft of 25 feet can enter and pass to the port of Bruges. The locks are fully completed, as well as three-fifths of the wharf wall at Bruges; when finished, the wharf wall will have a total length of 1,575 feet. The canal has a width of 72 feet 6 inches at the bottom and 229 feet 4 inches at the water level and will have, when completed, a depth of 36 feet 3 inches; this will also be the depth of the interior port and of the great basin of Bruges.

Bruges is an old, inland deep-water port, having connection with the sea by canal from Ostend, but this only for vessels of very light draft.

The first vessel to pass through the canal to Bruges when it was opened to navigation in February was an American boat loaded with lumber from Florida.

A New Miners' Lamp. A German genius, Arthur Eltner, of Leipzig, has patented in that country a magnetic-locking arrangement for miners' lamps. He makes use of a horseshoe magnet with one pole cranked, so that, instead of lying in the same horizontal plane as the other, it occupies a rather higher position. When the lamp ring is brought under the cranked end corresponding to one pole of the magnet, a short vertical bolt is attracted so as to be drawn upward, and this leaves the locking bolt free, which latter is then drawn out horizontally by application of the other pole of the magnet.

SPORTING.

GOLF

The East New Jersey Golf Association open the season in this city Saturday afternoon on the Hillside Tennis ane Golf Club course, when a team of seven men from the East Orange Golf Club contested with a pickup team from the home club. The day was so stormy and the course was so wet that it was thought to be almost impossible to play. The visitors came, however, and the home time did not want to disappoint them. The result was that the home team won the event 5 up.

WHIST

In the contest for the State challenge whist trophy, played last week at Newark, the New Jersey Whist Club holders, defeated the Essex Whist Club, of Bloomfield, challengers, by a score of 11 to 4. The Park Club team will play for the trophy Wednesday night.

Snuff Mills to Close.

The fifty employes of the Bowers snuff mills at Changewater have been notified that the mills are about to be closed indifinitely. The mills formerly belonged to John Bowers, Sr., of Changewater, and Messrs. Lafayette and John H. Bowers and Mr. Blackwell, of Washington. About a year ago they sold out to the Continental Snuff Company, and they in turn sold out to the trust, the American Snuff Company. The only real reason for the closing of the mills appear to be the desire to curtail production. The mill was a great boom to Changewater and had been run night and day up to the time of the sale a year ago.

Attacked by a Vicious Dog.

(Special to The Daily Press.)

Union Village, May 21.—Miss Amelia Yack, of this place, daughter of G. Yack, head engineer at the Waldorf-Astoria Hotel, New York, was severely bitten last night by a dog owned by J. Schwalb, also of this place. The animal attacked her while she was on her way home and the arm was so badly lacerated that it is feared that amputation may be necessary. Medical attendance was secured immediately and everything possible is being done to save the arm. The dog is still at large.

BOERS IN WASHINGTON.

Envoys Welcomed Unofficially by a Large Audience.

WASHINGTON, May 21.—An audience remarkable for its size, sympathy and enthusiasm greeted the Boer envoys at the reception given in their honor last night at the Grand Opera House under the auspices of the congressional and citizens' committee. Long before the time for the meeting to open the house was crowded to suffocation, and many were turned away, unable to gain admittance. The interior was appropriately decorated with the national colors of both the United States and the Transvaal. While official Washington was not represented in any manner, there were probably 30 members of the senate and the house occupying seats in the auditorium and on the stage.

One of the boxes, it was stated, had been reserved for the president, a committee having been sent to the White House with tickets of admission to the Opera House, but no representative of the president's official household was on hand.

Chairman Sulzer of the reception committee presided, and a number of addresses, all of them patriotic in character and earnestly supporting the cause of the Boers, were made, the speakers including Messrs. Fischer, Wolmarans and Wessels, the Boer envoys; Senator Wellington, Bourke Cockran of New York and Mr. Sulzer.

Chairman Sulzer was the first speaker. After welcoming the envoys and emphatically stating that the occasion was nonpartisan and nonpolitical in character he said:

"In my judgment nine-tenths of the American people are against England in this bloody war of conquest for sordid gain and in sympathy with the Boers. The best thought of England condemns the conflict, and the awakening conscience of the British empire demands peace with honor in the name of humanity, Christianity and civilization."

The three envoys were introduced in turn by Mr. Sulzer, and each of them was given a cordial reception. Their remarks were listened to with close attention.

Warrant Follows War of Words.

(Special to The Daily Press.)

Basking Ridge, May 21.—Justice of the Peace I. B. Bowers has issued a warrant for the arrest of H. Adair, of Bernardsville. The complaint was made by Justice of the Peace John B. Dunster. About six months ago while Dunster was holding court at Bernardsville, he had Adair ejected from the courtroom for disorderly conduct. It is said that the putting of Adair out of the courtroom led to the indictment of Justice Dunster for misdemeanors. The Justice, who was acquitted, met Adair in Liddy's Hotel at Bernardsville and the old quarrel was renewed. It is claimed that Adair threatened the life of Dunster.

Plumbers' Strike Settled.

The plumbers' strike in North Hudson, which was begun May 1st to compel the masters to agree to pay $3 50 a pay for eight hours' work, has been settled by a compromise. The men originally received $3 for nine hours a day. They are to receive $3.25 a day for eight hours' work, the new schedule to begin July 15th. The plumbers will also have a half-holiday Saturday.

LABOR TROUBLE SETTLED.

The Three Weeks' Bitter Fight In Philadelphia Declared Off.

PHILADELPHIA, May 21.—The fight between the United Brotherhood of Carpenters and Joiners and the Allied Building Trades league, which was begun nearly three weeks ago, has been officially declared off. The trouble arose over the refusal of the brotherhood to become affiliated with the league in the campaign for an eight hour work day with increased wages.

When the movement for shorter hours was first put on foot, it was thought advisable by the building trades to form one organization in which would be represented every building trade in the city, so that the fight for shorter hours could be carried on more systematically. It was the plan that where an employer of one trade refused the demands of the men all the other trades working on the same operation should strike in sympathy. Thirty-eight trades became affiliated in the league, only two of the big trades, the bricklayers and the carpenters, refusing to join. The bricklayers were prevented because of a technicality in their charter, but the Brotherhood of Carpenters absolutely refused to become associated. This resulted in the league ordering all its members to refuse to work with a brotherhood carpenter, thus putting the latter in the same category as nonunion men.

This declaration caused many thousands of men to lie idle for three weeks until yesterday, when the United Labor league, which had been chosen arbitrator, decided that the Allied Building Trades league should leave the Brotherhood of Carpenters alone to work out its own salvation. The Allied league accepted the recommendation, and the members of the two organizations will work amicably together hereafter.

Political Club Bankrupt.

BOB DAVIS' SPEECH THAT WASN'T HEARD.

Jersey City Journal Publishes Remarks That Hudson County Leader Had Prepared.

BUT HE DID NOT DELIVER.

ORGANIZATION NECESSARY TO POLITICAL SUCCESS.

Declares That New Jersey is Democratic Today and That Defeat Has Only Come Through Disorganization of Party Forces.

At the Democratic banquet given at the Hotel Kensington Saturday evening by the Democrats of this city, Robert Davis, the Hudson county leader, who was to respond to the toast of "What Can be Accomplished by United Action," said that he had prepared a speech for the occasion, but that Senator VanCleef, who preceded him, had taken the words out of his mouth, and he was perplexed to know what to say. Then Mr. Davis proceeded to talk in an extemporaneous manner, durling which he indulged in some plain talk about Democratic organization matters. The gist of it was printed in The Daily Press yesterday.

Judging by the account of the dinner printed in the Jersey City Journal, Mr. Davis really did have a speech prepared. But he did not deliver it here. The Hudson county leader evidently thought that it ought to reach the ears of some Democrats, however, and he furnished a copy of it to The Journal, which printed it in the account of the dinner in yesterday's paper. It is as follows:

"The subject which your worthy toastmaster has seen fit to assign to me the honor of responding to, "Organization," is so vast in its meaning, that hours, instead of minutes, would be required to do the subject justice. Organization enters into everything and without it disorder would reign. Governments are immense organizations having their separate parts, made up or assembled into one vast body. Armies are in like manner the product of organization, without which the soldiers composing them would simply be a mere rabble. Successful effort in any direction is possible, only through organization.

"Inasmuch as the subject has been chosen for me to speak on I suppose, from its political, rather than from its broader outlook, I am competent to say that the success or failure of parties is due to the perfection or the imperfection of their respective organizations. The prestige of organization, and the party being properly fitted for a fight, is an element of strength that can hardly be calculated. That is why it is necessary to the success of the Democratic party that wherever its members may be located and no matter how small they may appear in numbers, they should, in the language of the day, 'get together' and make their village, or their township organizations. They are the pickets or outposts of the Democratic party which may be rallied at the trumpet call of of their leaders for offense or defense, as the call may demand.

"It is the practice in war to reward by special marks of distinction, or promotion, the man who leads the forlorn hope, or does some exceptional deed of valor; in short, it is the man who does, or the men who do the work, who are rewarded. In like manner, in political struggle, the workers who are really 'the men behind the gun,' should receive the first consideration in rewards by their party. No matter how influential a man be, or imagine himself to be, he would be nothing politically if not backed or not supported by the workers of his party.

"New Jersey is as Democratic today as it has ever been in its history. Defeats have come only through disorganization, as surely as victory will come through organization. In the county of Hudson the principle is plain beyond doubt. We reward our workers and increase our majorities. If you would succeed, do likewise, and you will again see New Jersey redeemed and restored to the Democratic ranks."

Park for "Little Italy."

The agitation started by the Woman's Club of Jersey City, through Mrs. Hudspeth-Rensen, several months ago, for a park on the meadows in the section known as "Little Italy," is succeeding. Most of the land needed is owned by the city, and the Finance Board has agree to appropriate $35,000 to secure the additional land and to establish a park of five acres. The Woman's Club has decided to supply the trees.

THE LAST OF THE SERIES

A. T. VANLAER LECTURES TO THE MONDAY AFTERNOON CLUB.

He Talked of Great Spanish Painters, Velasquez and Murillo, in an Interesting Manner.

One of the most delightful lectures of the season was given before the Monday Afternoon Club by A. T. VanLaer, yesterday afternoon, in All Souls church. The subject of the lecture was "Velasquez and Murillo, the Great Spanish Painters," and this lecture finished the course of study adopted by the club for the past year on "Spain, Her People, Art and Literature." Mr. VanLaer illustrated his lecture with stereoscopic views of the works of art executed by the famous painters. Valasquez, born at the beginning of the sixteenth century, was a master in his profession, and painted while still a young man with a fidelity to nature that won him renown and the favor of King Phillip Fourth. To assist in forming a just estimate of the genius of Velasquez, the lecturer threw upon the screen similar works of his contemporaries and other painters of renown. Masterpieces of VanDyck, Titian, Rubens, Rembrandt, Reynolds and the modern painter, John Sargent, were compared in this way with the strong and life-like characters of Velasquez.

The latter part of the lecture was devoted to the works of Murillo, the greatest eclesiastical painter in Spain, who was born in 1617. On a visit to Madrid, he was most kindly received by Velasquez, who procured him admission to the royal galleries of the capitol and brought him to the notice of the King and the court. Among the notable pictures of this great artist shown by Mr. VanLaer were "The Annunciation of the Blessed Virgin," several paintings of "The Immaculate Conception," "Moses Smiting the Rock," "St. Elizabeth Ministering to the Lepers," "Charity of St. Thomas" and the "Espousal of St. Catherine." While painting this picture, Murillo fell from the scaffolding with such violence that he never recovered from the injuries received.

These artists founded no school but stand unrivalled, Velasquez for his truthfulness and life-like delineation of masculine and intellectual subjects, Murillo for his religious fervor and exquisite grace of expression.

BICYCLE STOLEN.

The Wheel Left Standing in Front of Dr. Hedges' Office When It Was Carried Off.

The bicycle thief has been at work in the Second ward again. This time Charles B. Morse, of 338 Franklin place, is the victim. The wheel was stolen last evening at 8:15 o'clock. Its owner left the bicycle leaning against the steps leading to the office door of the residence of Dr. E. W. Hedges, of Watchung avenue, while he went inside. When he came out fifteen minutes later the wheel was gone.

It was an 1899 Cleveland wheel, model 66, No. 289,085, with frame and rims enameled black and with nickel spokes. The handel bars were upturned. On the lower bar of the frame there was the registry plate of the Oneida county, N. Y., Sidepath League.

LINE OF PARADE.

Streets That Will be Marched Over on Decoration Day.

The route of the Memorial Day parade has been arranged as follows: Form on East Front street, right resting on Watchung avenue. Moving at 10 a. m., sharp, will proceed over the following streets: Through Watchung avenue to Chatham street, to Somerset, to Craig place, to Grove street, to Front, to Plainfield avenue, to cemetery, where the graves will be decorated, to Plainfield avenue, to Seventh street, to Park avenue, to Front street, to post rooms and dismiss. Post will reassemble at 1:30 and march to Music Hall for public memorial services.

Hotel Netherwood Again.

Major F. W. Coleman has taken possession of the Hotel Netherwood and will open it for the summer June 2d. The name Hotel Hunterston will be dropped by that well-known hostelry and the original one, Hotel Netherwood, resumed. At present the whole establishment is being put in order for the opening.

A Better Choir.

A number of additions have been made to the choir at the First M. E. church which has just passed under the charge of Charles L. Lewis. Mr. Lewis' singing has been very satisfactory to the congregation and they are greatly pleased with the results already shown of his direction of the choir.

WHO THE DELEGATES ARE

MEN WHO WILL RENOMINATE PRESIDENT M'KINLEY.

Complete New Jersey Delegation is Now Settled Upon—Senator Sewell Heads the List.

Trenton, May 22.—The New Jersey delegation to the Republican National convention has been completed by the selection of the representatives of the Third Congressional district by the Asbury Park convention Wednesday last. The list of the delegates has been published, but no list of the alternates has been compiled. The delegation will consist of the following delegates and their alternates:

Delegates-at-large—United States Senator William J. Sewell, Governor Foster M. Voorhees, State Chairman Franklin Murphy, Barker Gummere, of Mercer. The alternates-at-large are Henry J. Irick, of Burlington; John I. Blair O'Reilly, of Warren; ex-Senator Robert Williams, of Passaic; County Chairman Edward Wooley, of Hudson.

Delegates of the First District—John H. Moore and Assemblyman William J. Bradley. Alternates—Morris Davis and L. E. Horris.

Second District—State Comptroller William S. Hancock and Samuel W. Beldon. Alternates—C. Edward Murray and Colonel Lewis T. Bryant.

Third District—Frederick P. Olcott and ex-Assemblyman O. H. Brown. Alternates—Andrew S. Church and George H. Tice.

Fourth District—Nathan H. Hart and George S. Morris. Alternates—J. E. Fulper and ex-Assemblyman Charles N. Reading.

Fifth District—Colonel Sheffield Phelps and William Barbour. Alternates—Thomas R. Watson and Franklin Granlitz.

Sixth District—Robert W. Hawksworth and Dr. Leslie D. Ward. Alternates—George Douglass and John H. Palmer.

Seventh District—Flavel McGee and Edward M. Watson. Alternates—Henry J. Lemmer and W. A. Schell.

Eighth District—C. J. Fisk and Geo. E. DeCamp. Alternates—H. L. Allen and John Eastwood.

Gen. Sewell will again be at the head of the delegation, and this will be the eighth National Convention he has attended. In all of them he was one of the leaders on the floor of the convention.

The personnel of both the delegates and the alternates is good, and all of them, excepting Gen. Sewell, are serving as delegates for the first time. Barker Gummere, in the convention that nominated McKinley, was an alternate for delegate at-large.

It is a matter of general interest to note that Colonel Sheffield Phelps is a delegate. It is his first bow in State politics, and it is said to be a forerunner of some future political activity. He is accredited with an ambition to be United States Senator, and he proposes to start in the same way that his distinguished father, the late William Walter Phelps, did by going to Congress. Colonel Phelps will come over from Europe to attend the convention and then return to Paris.

CARS STILL STAY THERE.

Central Has Not Yet Made Contemplated Change on 7:55 Express.

The four extra cars for the 7:55 New York express were left on the siding yesterday morning as usual, despite the rumor current that the train would come through from Dunellen complete with the beginning of the new schedule. The railroad officials have considered such a step for some time as advisable on account of the delay occasioned to the freight traffic by the blocking of the fourth track for half an hour each morning. There is no certainty that the move will be made, however, as the railroad officials appreciate that the Plainfield public is entitled to consideration.

Revision of the Creed.

Rev. Dr. W. R. Richards, pastor of the Crescent Avenue church, delivered a strong and impressive sermon Sunday morning on the revision of the creed of the Presbyterian church. Strangely enough, a committee from an out-of-town Presbyterian church was present to hear Dr. Richards with an idea of extending to him a call. There is practically little use of asking Dr. Richards to leave Plainfield, for he is attached to his people and they are to him.

A Special Meeting

Will be held this evening at the St. Peter's Evangelical Lutheran church at 8 o'clock. All members are requested to be present to meet the president and the committee of the New York conference.

RULES TO GOVERN CITY MILK SUPPLY.

Ordinance on That Subject Introduced at Meeting of Board of Health Yesterday.

CLEANLINESS IS REQUIRED.

ORDINANCE WILL BE CONSIDERED AT NEXT MEETING OF BOARD.

Draft of Ordinance Presented by Special Committee—Provides for Strict Supervision of Business by Board of Health.

The Board of Health of this city is preparing to have careful supervision over the milk supply of the city. A special meeting of the Board was held yesterday afternoon when the committee, appointed to prepare an ordinance governing the milk supply, made its report. The committee is composed of Former Mayor Charles J. Fisk and Fred W. Dunn.

A draft of the proposed ordinance was submitted and passed on first reading. The draft will be considered by all the members and changed and amended to suit the views of all. It may also be necessery to make some alterations to conform with the State laws on the subject.

While the details of this new ordinance have not yet been made public, its general character is known. Its object is to protect all the consumers of milk and such of the dealers as now observe the proper precautions. It will provide for a frequent inspection of the various dairies by the Board and the conduct of the milk business on the most approved sanitary plans. Every effort will be made to compel the milk dealers to keep everything connected with the trade perfectly clean and to give proper care to the stables.

Some of the general ideas are largely drawn from a similar ordinance that has been in force at Montclair for the past three years and with much satisfaction to milk dealers and their patrons as well.

The ordinance will come up at the next regular meeting of the Board when it will be fully discussed and amended.

IN THE NAVAL ACADEMY.

RICHARD P. M'CULLOUGH PASSED NECESSARY EXAMINATIONS.

Has Been at Annapolis for Past Three Months—Will Commence Study There at Once.

A well-deserved and merited honor has just come to Richard P. McCullough, of the borough, son of Richard H. McCullough, of Steiner place, who, after two years of hard and faithful work, has successfully passed the rigid examinations at the U. S. Naval Academy, Annapolis, Mr. McCullough received the appointment to the Academy through Congressman Howell, of the Third District. During the past three months he has been at Annapolis taking his examinations and yesterday he was informed that he had been successful.

Mr. McCullough returned home this morning, but will be obliged to return to Annapolis tomorrow to begin his studies and work at the Academy. This honor coming to a borough young man is a compliment not only to himself, but to the public school where he was a student. He is a very ambitious young man and through his determination to make a place for himself has succeeded in a manner that is a source of pleasure and admiration on the part of his many friends who will congratulate him.

Etiquette of Golf.

An address on the rules and etiquette of golf will form the chief feature of the third and last of the series of entertainments for the benefit of the Park Golf Club. The entertainment will be held in the Park Clubhouse this evening, and S. St. John McCutchen, director of the Golf Club, will deliver the address. There will also be a musical programme.

Has to Use Crutches.

William Pope, of West Fourth street, is obliged to go around on crutches as the result of straining several tendons in his right foot. He gave the foot a severe wrench while hurrying for a train and as a result will be laid up for a week.

Church Sociable Postponed.

There was to have been a sociable this evening under the auspices of the Christian Endeavor Society at the Park Avenue Baptist church, but owing to the illness of the pastor's wife, it has been postponed indefinitely.

HIS DEATH WAS SUDDEN

JOSEPH R. BENNETT PASSED AWAY QUICKLY LAST NIGHT.

Resided in Plainfield for the Past Fourteen Years—Veteran of Civil War—Leaves Large Family.

Death came suddenly last night to Joseph R. Bennett, one of North Plainfield's highly esteemed citizens. He had been complaining of late about a shortness of breath, but thought it was indigestion. In reality it was heart trouble. He worked yesterday as usual. Last evening he retired at the customary hour, and seemed to be in his usual health. Some time before 11 o'clock he got out of bed, evidently to get relief from a distress about his heart, and in attempting to stand up he fell backward across the bed. This aroused his wife. She called to her husband, but there was no response. She then discovered that he was dead. Drs. Buchanan and Davis pronounced death due to heart trouble.

Mr. Bennett was born at Lee Town, near Rahway, sixty-seven years ago. When a young man he learned the trade of carriage painting which he followed at that place for a number of years. When the war broke out he, together with forty other men, decided to enlist. They went to New York and joined the Sixth N. Y. Independent Battery, of which W. H. Addis, of this city, was a member. He served the full time, three years, after which he returned to Rahway, and continued his trade. Fourteen years ago he came to Plainfield and took up his residence in this vicinity. He established a carriage painting business in J. P. Homan's building on Somerset street, which he continued up to the time of his death. He was assisted by his son, Harry, and W. H. Ludlow. Mr. Bennett was a member of Barry Post, G. A. R., of Rahway, and of the M. E. church of the same place. He was a man of sterling integrity and uprightness of character. His business will be continued by his son, Harry Bennett.

Mr. Bennett is survived by a wife and eight children. The latter are Charles Bennett, Walter Bennett, Fred Bennett, of the torpedo boat Dupont; Joseph Lewis Bennett, Harry Bennett, Mrs. Margaret Dickson, Mrs. Martha B. Milliken and Miss Matilda Bennett. All except Mrs. Milliken, who lives in Dunellen, reside in the borough. Mr. Bennett also leaves a brother, David Bennett, of New Haven, and a sister, Mrs. Matilda Acken, of Rahway.

The funeral services will be held from the residence corner of Lincoln place and Duer street, Friday afternoon, and interment will take place at Rahway.

FUNERAL OF MRS. FISHER.

Services Conducted by Rev. Cornelius Schenck, Who Referred to Her Christian Character and Life.

The funeral services of the late Mrs. Amelia Fisher were held yesterday afternoon from the residence of her sister, Mrs. Bertha Fisher, 208 East Fifth street, and were conducted by Rev. Cornelius Schenck, Ph.D., pastor of Trinity Reformed church. There was in attendance the relatives and a few friends, owing to the fact that the funeral was private.

Dr. Schenck read appropriate Scripture selections, offered prayer, and then made a few remarks concerning the life and character of the departed. He dwelt upon her resignation to a long illness and of her readiness to go when the call came. He also referred to her exemplary Christian life and character and of the grand example she left. He also spoke of her devotion to home and church.

There were a number of beautiful floral tributes from relatives. After an opportunity was given these present to view the remains, interment took place in Hillside Cemetery in the plot adjoining the grave of the husband of the departed. At the grave Pastor Schenck offered a fervent prayer and pronounced the benediction. Those who served as bearers were George L. VanEmburg, William Lunger, James S. Lunger and A. L. Force.

Mission Work in Hawaii.

Miss F. F. Clark read a very interesting paper on the mission work in Hawaii at the meeting of the Christian Endeavor Society of the Congregational church Sunday evening. The paper was originally prepared for the Women's Association of that church, but was so well received it was read to the Endeavorers by request.

Casting Fell on His Foot.

Michael Crowley, of West Second street, is the latest victim of falling machinery at Pond's. A casting fell on his foot yesterday and as a result he is unable to be at work. Although the foot was badly mashed it is thought that no toes will have to be amputated.

GALLANT SIR KNIGHTS.

TRINITY COMMANDERY ENTERTAIN THE LADIES.

Clever and Fitting Address of Welcome Made by Eminent Commander Collier to the Fair Ones.

One night a year is set aside by Trinity Commandery, No. 17, Knights Templar, for the annual reception and entertainment to the ladies and friends of the Sir Knights. Last night was the eventful time and a large number of the fair sex were present. The Knights proved themselves royal entertainers.

The programme opened with an address by Eminent Commander Collier as follows: "In the presence of that great social membership for whose entertainment this evening has been set aside, it becomes me to say, in behalf of this commandery that whatever our professions as commanders may be, we subordinate them all on this occasion. Our ever beloved home commanders, as knights, we honor best that chivalry we espouse when we pay homage to a ladies knight, for as members of a gallant brotherood, whether within or without the sacred precincts of our council, we all pride ourselves first and always on being ladies' knights. We set aside such an evening as this, an evening to which we heartily dedicate our knightly offices, and to which we welcome our fair friends, with a warmth to which words can give but faint expression. Thrice welcome then, ladies, to our council; may you as guests bear away with you memories as pleasant as those we are assured your presence will give to us as entertainers."

Following the address a double quartette rendered several selections which were greatly enjoyed. Fred VanEps gave several banjo solos in his usual excellent manner, after which the audience was entertained for some time by Addison F. Andrews, of New York, who kept everybody in roars of laughter with his quaint imitations and recitations.

Mr. Pattean, tenor soloist of Holy Trinity church New York, was next and his solos were encored again and again.

The entertainment part of the programme was then dropped for a few minutes while Daniel C. Adams was installed as Grand Captain General by Past Right Eminent Grand Commander of New Jersey William Sebring. After several letters from George Dewey, Teddy Roosevelt, McKinley and several others were read regretting their inability to be present, the reception closed with a collation and the ladies left wishing that their night came once a week instead of once a year.

Among the visitors present were Right Eminent, John E. Roe, Past Commander; Eminent Sir Daniel Demarest and several members from New York, Brooklyn and Newark.

CAUSE OF SUICIDE.

Rev. E. F. Jackson Treated the Question from His Pulpit Sunday Night.

The Mt. Olive Baptist church was crowded Sunday evening when Pastor Jackson preached a sermon on the cause of suicide. His text was taken from II Samuel, xvii, 23.

Pastor Jackson thought the greatest cause for suicide was desertion or being forsaken. Another cause cited is mental derangement. This he thought was often inherited, or it might come from overwork, or by excessive indulgence of the appetitite or passion, or worldly anxieties, great misfortunes, intense pain, disgrace or the dread of it, and fear of destitution. He claimed that all these things lead to the suicidal act. The speaker then exhorted the young men to keep their word with their lady friends, and the young ladies to do the same with their gentlemen acquaintances. Next Sunday evening Pastor Jackson will tell of the destiny according to God's word of those who commit suicide.

Improvements to St. Mary's Church.

The improvements that have been making at St. Mary's R. C. church for some time past will be completed next Thursday, at which time all the scaffolding will be removed and the edifice will be once more ready for service. These improvements have been made in honor of the clearing of the debt on the church and the event will be appropriately celebrated in a short time.

Makes a Great Improvement.

The repairs to Putnam avenue are nearly completed and that thoroughfare, between Richmond street and Webster place, looks like another place. The improvement will be particularly appreciated by those who have to wheel and drive over the street in question.

SENATOR JOHNSON BECOMES GOVERNOR.

Takes the Place of Foster M. Voorhees, Voyaging to Europe.

HE WANTED TO ESCAPE IT.

THE MODEST SENATOR DESIRED TO REMAIN AS HE WAS.

Official Business Made It Necessary to Have a Governor to Sign a Requisition That a Jersey City Lawyer Wanted.

SCHEDULE OF JERSEY GOVERNORS.

January, 1896, to February, 1898, John W. Griggs.
February, 1898, to October, 1898, Foster M. Voorhees.
October, 1898, to January, 1899, David O. Watkins.
January, 1899, to May, 1900, Foster M. Voorhees.
May, 1900, to ——, William W. Johnson.

(Special to The Daily Press.)

Trenton, May 22—They are making Governors so fast in New Jersey now that there threatens to be an early corner on space for the oil portraits which are hung in the executive room at the capitol. Yesterday one more was added to the list, when President of the Senate Wm. M. Johnson was sworn in as acting Governor during Gov. Voorhees' flying trip across the ocean. In the four years and four months which have elapsed since John W. Griggs took the oath of office the State has had five Executives, and there may be more to follow.

When Governor Voorhees suddenly "took the notion for to sail across the ocean," President of the Senate Johnson declared that he would not take the oath as acting Governor unless some emergency demanded it. His diffidence was based upon an inherent desire to keep the Gubernatorial tracks clear for next year, for he feared that his assumption of the office might bring him forward as the "logical candidate" of the Republican party for the chair in 1901. That happened in the case of the present Governor, who as President of the Senate assumed the acting Governorship when Governor Griggs was called to be Attorney General of President McKinley's Cabinet. Within a day or two, however, Senator Johnson has come out in a declaration that he is not a candidate for Governor and never has been, but is in favor of the nomination of State Chairman Murphy or Senator Mahlon Pitney.

It became necessary, however, to have a Governor around the House yesterday, for a Jersey City lawyer had made application for a requisition. The machinery of the law was clogged and somebody had to start it up again, and, brushing aside his fears of a nomination, President Johnson consented to take the oath as Acting Governor. Chancellor Magie administered the oath in an informal, unceremonious way in the presence of a half-dozen Supreme Court Justices and several State officials.

Whether this new order of things will advance Acting Governor Johnson along party lines and make him, against his declaration, the party's candidate next year is a question the party leaders do not care to discuss just at present. Things seem to be running all Murphywise just now.

END OF THE SEASON.

The Montauk Euchre Club Played for the Last Time.

The last meeting of the Montauk Euchre Club was held last night at the home of Mr. and Mrs. J. M. Smalley, of Somerset place, when the usual good time was had by the full membership. The first and second prizes for the women were won by Miss Nellie Breen and Mrs. J. M. Smalley, while Robert M. Clark and J. M. Smalley won the honors for the men. Mrs. Horace Huff and Edward O. Clark were presented with consolation prizes.

After the game refreshments were served and then dancing was continued until a late hour. There were many regrets that the season had come to an end, but all expressed the hope that next fall the club would resume play under the same favorable circumstances.

W. J. Romain's Musicale.

The muicale, under the charge of William J. Romain, will be given at Y. M. C. A. Hall, Monday evening, June 4th. The postponement of the musicale was occasioned by the illness of Miss Dora Louise Topping, soprano soloist, who is to take part in the affair.

—A lack of a quorum prevented a meeting of the Heptasophs last evening, when arrangements for a coming entertainment were to have been completed.

BOERS FIRING THEIR CREUSOT GUNS.

The big Creusot guns used in the bombardment of Ladysmith were made for the Boers in France. They are capable of doing terrible execution under favorable circumstances, and the Boers have placed their best gunners in the batteries equipped with these pieces. The illustration shows one of the gun squads sighting and adjusting the range preparatory to firing a Creusot.

Methodists at Chicago Fail to Elect. Moore and Hamilton Lead.

CHICAGO, May 22.—The west and the east were close together and close to victory in the sixteenth ballot for bishops, taken just before the adjournment of the session of the general Methodist conference yesterday. According to the statements made by delegates who claim to know the findings of the tellers the west, as represented by Dr. David H. Moore of Cincinnati, editor of The Western Christian Advocate, led the east, as represented by Dr. J. W. Hamilton of New York, senior secretary of the Freedmen's Aid and Southern Educational society, by about a dozen votes. The result of the sixteenth ballot as it was officially given out follows:

Whole number of votes cast, 657; necessary for a choice, 438; David H. Moore, 425; J. W. Hamilton, 413; J. R. Day, 198.

Dr. Henry Spellmeyer and Dr. Neely, it is said, gained a few votes, and the list of scattering votes was increased.

Many delegates were of the opinion that the first ballot today would concentrate the votes of the conference on Drs. Moore and Hamilton and effect the election of both, thus obviating the execution of the suggestion that the conference postpone the election.

Debate on the important question of the pastorate time limit was continued. The debate was frequently interrupted by lively and at times stormy discussions over the balloting for the episcopacy, several attempts being made, but without success, to indefinitely postpone further balloting. During one tilt over this subject Judge Lore of Baltimore put the conference in a perfect uproar by stating that it was common talk that leading candidates for the episcopacy were using unsavory political methods in attempting to further their chances of success.

BELL NEEDS HELP.

Filipinos Constantly Attack Garrisons In Southern Luzon.

MANILA, May 22.—General James M. Bell, commanding the hemp provinces of southern Luzon, has issued an order to his officers not to attempt to organize the municipal governments as prescribed by Major General Otis in his recent order on account of the disturbed conditions. The Americans occupy a few coast towns, which the insurgents surround, constantly assailing the garrisons, which are too small to attempt operations in the surrounding country.

Major Wise, with two companies, is in Donsal, an important town of Sorsogon, surrounded by 1,000 insurgents. The Americans occupy trenches and are continually exchanging shots with the enemy.

Several regiments are needed to control each southern province, but they cannot be spared from their present stations. Another squadron of cavalry will be sent to General Bell.

On the first trouble occurring with the Moros in the southern part of Mindanao, at Cottabatto, Major Brett sent a detachment to preserve peace at a conference between two quarreling chiefs. During the conference the tribesmen began shooting. One of the bands fired upon the Americans from an old Spanish fort. The soldiers returned the fire, killing several of the natives, but they were unable to take the fort, although a gunboat shelled it. Major Brett is sending a larger body to punish the recalcitrants.

The first death of a white man from bubonic plague occurred yesterday. The victim was a government teamster. Seven natives have died since the outbreak of the plague at Quiapo market.

BECKHAM, MAY CELEBRATE

Supreme Court Decision Causes Rejoicing—Taylor Disbands Troops.

FRANKFORT, Ky., May 22.—The announcement of the decision of the United States supreme court in the governorship controversy was received here with the wildest demonstration on the part of the Democrats. The fire bells were rung, cannons boomed, and the city was put in holiday attire in honor of Governor Beckham. A touching incident of the day occurred when 2,000 people marched to the cemetery, each wearing a flower, which was cast upon the grave of the late William Goebel, making the little mound which marks his resting place a vast bank of flowers. There were no ceremonies at the grave except a prayer by Rev. T. F. Talliafero of the Methodist church. Ex-Governor Bradley broke the news to the Republican soldiers on the statehouse square by reading a telegram which said that a petition for a rehearing would be filed and that the result might yet be changed. The latter part of the announcement was cheered.

Governor Beckham's office was crowded with personal friends who were waiting for the news. The first announcement was given by Senator J. C. S. Blackburn at Washington. Several ladies in the executive office notified the crowds out on the streets, and they sent up a yell that re-echoed through the city. Instantly a wild demonstration broke forth. Governor Beckham remained in his office in the Capitol hotel during the day. There was no change so far as occupancy of the state building is concerned.

At 4 o'clock the Taylor soldiers who have been in charge of the state capitol grounds and buildings since Jan. 30, the day Governor Goebel was assassinated, evacuated and turned the state grounds, the Gatling guns and military equipment over to Assistant Adjutant General Murray. The Taylor soldiers were lined up by Adjutant General Collier, who formally notified them he had orders from Governor Taylor to dismiss them and that the evacuation would begin at once. Before they left cheers were given for the deposed governor, W. S. Taylor; ex-Governor Bradley, Charles Finley, Caleb Powers and others.

FOR BECKHAM.

Supreme Court Affirms Decision of Kentucky Courts.

WASHINGTON, May 22.—The Kentucky governorship case has been decided by the United States supreme court in the interest of Beckham, affirming the decision of the Kentucky court of appeals.

The opinion in the Kentucky case was not unanimous, four of the justices dissenting. Justices Brewer, Harlan, Brown and McKenna were the dissenting justices.

The opinion was handed down by Chief Justice Fuller, and the case was dismissed for want of jurisdiction. He said the court should be the last to overstep the bounds limiting its own jurisdiction and that the determination of cases of this character, contests for state office, must necessarily be settled by the political branch of the government. That branch had acted in the Kentucky case when the general assembly took jurisdiction.

There was, the court held, no appeal from the assembly's decision, which was favorable to Goebel and Beckham, except to the tribunal of the people, which tribunal, the chief justice said, was always in session. He also said the case was purely a state case; that Kentucky was in full possession of its faculties as a member of the Union, and that there was no emergency at this time calling for interference.

Senator Clark Undecided.

WASHINGTON, May 22.—Senator Clark of Montana yesterday received his commission as senator from Lieutenant Governor Spriggs of Montana, but he said upon leaving the capitol last night that he had not decided when his credentials would be presented in the senate. There is no understanding that this ceremony shall be postponed until the resolutions of the committee on privileges and elections shall be called up, which will not be until next Thursday, under yesterday's agreement.

Attempted Murder and Suicide.

NEW YORK, May 22.—Frederick Schultz of Hoboken, N. J., shot Miss Louise Koerner, his 18-year-old niece, at the house of James Du Boise in Brooklyn borough, where the girl was employed as a domestic, and then committed suicide by shooting himself. The girl was shot through the neck, but the physicians at the hospital to which she was taken believe that she will recover. Schultz professed to be in love with his niece and shot her because she scorned his advances.

"Boxers" Increasing.

WASHINGTON, May 22.—Minister Conger has reported to the state department from Peking that the "Boxers" are increasing in numbers in the vicinity of that city. They have recently burned a village 40 miles distant and killed 60 native Catholics. No foreigners have suffered. The Chinese government promises the suppression of the rioters and the protection of life and property.

RATHBONE DEPOSED.

Director of Posts at Havana Suspended From Office.

CRIMINAL NEGLIGENCE APPEARS.

Reeves In His Confession Is Said to Have Made Serious Charges Against His Chief—Bristow Reports Chaos.

HAVANA, May 22.—Fourth Assistant Postmaster General Bristow yesterday took over the direction of the postal affairs of the island, relieving Mr. Estes G. Rathbone, director of posts, who was suspended Saturday, although formal announcement of the suspension was not made until yesterday. It had been generally conceded that suspension must come, as the charges against Mr. Rathbone of acts of criminal negligence have been multiplying daily. It is asserted that he has not shown any indications of a desire to have official records kept and that he has improperly indorsed expense ac-

E. G. RATHBONE.

counts, his own and Neely's, to a surprising degree.

Mr. Rathbone's many friends deeply regret the position in which he finds himself, but even those who are most inclined to palliate his conduct admit that he has been guilty of negligence scarcely falling short of criminality. During the investigations now in progress he will not be allowed to leave the island. It is reported that W. H. Reeves in his confession made charges that reflect seriously upon Mr. Rathbone's honesty.

Mr. Bristow and the inspectors have found nothing but chaos throughout the entire department. Often no records were kept for days at a time, and to get a thorough insight calls for the services of every inspector now here. A considerable time must elapse before the facts of the case will be known. Indeed it is doubtful if the muddle will ever be entirely cleared up. Every letter received must be gone through and every possible transaction carefully recorded.

Mr. Bristow has asked General Wood to appoint a disbursing officer for the present, as he prefers an army man, not knowing the men in the local office and not being able to spare a single inspector in view of the onerous investigation ahead of him.

Deputy Auditor Lawshe had Reeves brought to the office to assist. Reeves was in charge of special agents all the while and after lunching at a restaurant had an interview with General Wood which lasted more than an hour. It is understood that he furnished valuable information which is helping to clear away certain matters in doubt, although in a few instances the statements of his confession have not yet been verified or corroborated.

Resignations Refused.

WASHINGTON, May 22.—The war department has refused to accept the resignations of seven officers of the volunteer army now in the Philippines. These officers are all juniors or subalterns and have become tired of the service. Secretary Root in refusing to accept their resignations took the ground that inasmuch as the war department has uniformly refused to allow enlisted men to be discharged without good cause it would not be fair to discriminate in favor of officers. The latter were told that they had been commissioned until July of next year and they would be held strictly to their contracts. Nothing but absolute disability would be recognized as sufficient for release.

Carver the Strongest.

NEW HAVEN, May 22.—Charles A. Carver of Chicago, the Yale senior who broke the college strength record several weeks ago, has again broken all previous records, including that established as the intercollegiate championship figure by Cochems of Harvard. His record, completed last Saturday, is 2,073.2 points. Cochems' best is 1,809.9. Carver's previous record was 1,754 points. He now claims the championship of American universities.

More Engineers Wanted.

WASHINGTON, May 22.—Admiral Remey, commanding the Asiatic squadron, has cabled the navy department a request for more engineer officers for the American fleet there. The reliefs will be sent at the earliest opportunity, but it is extremely difficult for the department to find available experienced officers.

Octogenarian Commits Suicide.

NEW YORK, May 22.—Mrs. Anastatia O'Connor, 80 years old, who for 35 years conducted a news stand in front of the Astor House, committed suicide at her home in City Hall place by drinking a mixture of paris green and water. No cause is known for the suicide.

King Otto Dying.

MUNICH, May 22.—The latest reports regarding the condition of the demented King Otto of Bavaria are that he is paralyzed and unable to move, speak or eat. His death is hourly expected.

Queen Wilhelmina's Betrothal.

BERLIN, May 22.—The Kreuz Zeitung publishes a rumor that the betrothal of Queen Wilhelmina of the Netherlands, who is now visiting in Schwarzburg, will be announced before her return to Holland.

NEAR JOHANNESBURG

British Horse Is Advancing. Flight From Pretoria.

RELIEF OF MAFEKING DESCRIBED.

Hunter's Flying Column Made Rapid Time—Colonels Mahon and Plumer Met at Jammasibi and Three Days Later Saved the Town.

LONDON, May 22.—British horsemen, according to a dispatch from Lourenco Marques, are now close to the Vaal river, within 40 miles of Johannesburg.

The migration from Pretoria has begun. Women and children are being sent in trains to Machadadorp, on the way to Lydenburg. Trains are arriving at Lourenco Marques filled with passengers, among whom are many Germans, who are bound for Europe.

Some details of Colonel Mahon's Mafeking relief expedition are now coming through from wayside points. It was one long rush to Mafeking. Mr. C. E. Hands, The Daily Mail's correspondent, mentioned in Lord Roberts' dispatch to the war office as dangerously wounded in the fight in the bush May 13, sent his last message from Vryburg May 9 by runner to Kimberley, May 21. He says:

"The flying column secretly and swiftly organized by General Hunter started from Barkly and arrived here tonight, covering 130 miles in five days. It is a grand force of mounted men, imperial lighthorse from Ladysmith, the Kimberley mounted corps, with royal horse artillery and pompoms, and a selected body of infantry from the fusileer brigade. A special equipment of light springed mule transport completes this splendid force.

"The force so equipped was enabled to move with such rapidity that although this is a difficult country, requiring vigilant scouting, the Boers were surprised. The column moved parallel with the enemy's positions on the Vaal at Rooidam and Fourteen Streams, actually getting behind them without firing a shot. So close were we Sunday and Monday that General Hunter's balloon was visible and his bombardment heard.

"The route taken was between the Vaal and the Hart rivers, then along the right bank of the Dry Hart to a point abreast of Taungs and thence to Pudimoe, Roodepoort and Vryburg."

A correspondent with General Hunter telegraphs as follows from Fourteen Streams:

"Colonel Mahon's relieving column left Barkly West under secret orders May 4 and reached Vryburg May 11. The Boers marched on the right flank of the British, and a strange race followed, Mahon pressing toward Mafeking with the utmost speed consistent with keeping the force in condition and the Boers hurrying parallel in an effort to pass him and to throw themselves across his path.

"The Boers succeeded. Mahon then turned west during the night. The Boers followed, overtook and attacked him in the bush, but were beaten off."

Then, as Lord Roberts wired, Colonel Mahon and Colonel Plumer united forces at Jammasibi May 15, and Mafeking was relieved three days later under conditions not yet known here. A correspondent of The Daily Express says:

"General Hunter devised and guided the relief, which was daringly executed by Colonel Mahon."

The last message from Colonel Mahon's column before the relief was dated at Majanamabili, May 11. It says:

"The column left Vryburg yesterday, did 19 miles and outspanned at 2 a. m. No fires were allowed. We started at dawn today and trekked here?"

Colonel Baden-Powell's hardest blow to the besiegers fell upon Commandant Sarel Eloff, President Kruger's grandson, and his men. It is thus described in a dispatch from Mafeking, May 12, via Ootsi, May 14:

"Eloff today fell into one of the various traps that have been left open for months. At 4 a. m. the enemy, who had been much strengthened during the last few days, feinted an attack on the eastern side of the town, while a large force which during the night had crept along the river, guided by native rebels, who had chosen the craftiest detours, managed to enter the Baralong location. This they burned, and the huts of the natives were blazing fiercely for a distance of nearly a mile.

"Then, finding that they were unopposed, the Boers yelled: 'Come out, you skulkers! Today we take Mafeking!' Suddenly a Boer Cried: 'Run! Here are the Rooinek!' Nearly all fled."

The war office announces that 11 vessels will leave home ports during the next 30 days with 3,869 officers and men and 2,385 horses.

The promotion of Colonel Baden-Powell is generally expected to be followed by further honors, probably an important command, with a temporary rank of lieutenant general. He only got his colonelcy in 1897, and he now goes ahead of a long list of seniors.

No Frauds at San Juan.

SAN JUAN, Porto Rico, May 22.—Mr. Sinclair's examination of the books of the San Juan postoffice, just completed, shows that no shortage exists and that everything is in excellent order. The work of inspection will be extended immediately to other offices. General Ignacio Andrade, former president of Venezuela, has arrived here from Cuba.

Demand Increase In Wages.

AUBURN, N. Y., May 22.—The lasters and operators in the employ of Dunn & McCarthy, shoe manufacturers, numbering 150, made a demand at noon yesterday for an increase in wages. Before the day's work was finished the men were informed that the shops would be closed indefinitely. About 800 employees will be affected.

BRIDGE WORK
in Dentistry is the best substitute for nature's work that can be done. Sound roots may be built up and crowned and thus fill up an unsightly space. It has to be made of a material that has strength and durability and one that will not discolor. Gold is the one that stands the test. That is the secret of the expense. But the advantages of a bridge over a plate are many times more than the cost of one compared to that of the other.

CANNOT INTERVENE.

The Boer Envoys Thus Informed by Hay.

GOOD OFFICES WERE SPURNED.

The President, Desirous of Peace and at Request of South African Republics, Offered His Services, but England Declined Them.

WASHINGTON, May 22.—The state department has met the issue raised by the coming to Washington of the Boer delegation by declining to interfere in behalf of the South African republics in the present struggle. In view of this announcement all questions as to the character of the recognition to be extended to the delegates and the sufficiency of their credentials dropped at once into the background. It was, after all, of little moment whether or not the Boers were received as diplomatic agents or ministers, so long as they were powerless to promote the prime object of their mission—namely, to cause the United States government to intervene to bring about peace.

Secretary Hay gave out the following statement:

"Messrs. A. Fischer, C. H. Wessels and J. M. A. Wolmarans, the delegates in this country of the South African republics, called today by appointment at the state department. They were cordially received and remained with the secretary of state for more than an hour. They

C. H. WESSELS.

J. M. A. WOLMARANS. A. FISCHER.

laid before the secretary at much length and with great energy and eloquence the merits of the controversy in South Africa and the desire of the Boer republics that the United States should intervene in the interests of peace and use its influence to that end with the British government.

"The secretary of state made the following reply:

"The president, in his message to the congress last December said:

"'This government has maintained an attitude of neutrality in the unfortunate contest between Great Britain and the Boer states of Africa. We have remained faithful to the precept of avoiding entangling alliances as to affairs not of our direct concern. Had circumstances suggested that the parties to the quarrel would have welcomed any kindly expression of the hope of the American people that war might be averted good offices would have been gladly tendered.'

"As the war went on the president, while regretting the suffering and the sacrifices endured by both of the combatants, could do nothing but preserve a strict neutrality between them. This he has steadily and consistently done, but there never has been a moment when he would have neglected any favorable occasion to use his good offices in the interests of peace.

"On the 10th of last March we received from Mr. Hay, the United States consul at Pretoria, this telegram:

"'I am officially requested by the governments of the republics to urge your intervention with a view to cessation of hostilities. Same request made to representatives of European powers.'

"The president at once directed me to convey the substance of this telegram to the British government, and in communicating this request I was directed by him to express his earnest hope that a way to bring about peace might be found and to say that he would be glad to aid in any friendly manner to promote so happy a result. The Transvaal government was at the same time informed of the president's action in the matter. Our representative in London promptly communicated the president's instruction to Lord Salisbury. In answer he was requested to thank the president for the friendly interest shown by him, and Lord Salisbury added that her majesty's government could not accept the intervention of any power. This communication also was immediately transmitted to our consul at Pretoria to be communicated to the president of the South African Republic. So far as we are informed the United States was the only government in the world of all those approached by the South African republics which tendered its good offices to either of the combatants in the interests of cessation of hostilities.

"The steps taken by the president in his earnest desire to see an end to the strife which caused so much suffering may already be said to have gone to the extreme limit permitted to him. Indeed if in his discretion he had chosen not to present to England the South African request for good offices he might have justified his action by referring to the following declaration which was made in the very act of signing The Hague convention by the plenipotentiaries of the United States:

"'Nothing contained in this convention shall be so construed as to require the United States of America to depart from its traditional policy of not intruding upon, interfering with or entangling itself with questions of policy or internal administration of any foreign state, nor shall anything contained in the said convention be construed to imply a relinquishment by the United States of America of its traditional attitude toward purely American questions.'

"The president sympathizes heartily in the sincere desire of all the people of the United States that the war now afflicting South Africa may for the sake of both parties engaged come to a speedy close, but having done his full duty in preserving a strictly neutral position between them and in seizing the first opportunity that presented itself for tendering his good offices in the interests of peace he feels that in the present circumstances no course is open to him except to persist in the policy of impartial neutrality. To deviate from this would be contrary to all our traditions and all our national interests and would lead to consequences which neither the president nor the people of the United States could regard with favor."

The Boer representatives were received by the president at the White House at 10 o'clock this morning. Their visit to the executive mansion was arranged for them by Secretary Hay during their call at the state department. The call was entirely unofficial.

BOERS SHUT OUT.

Senate Defeats Resolution to Officially Admit the Envoys.

WASHINGTON, May 22.—A pyrotechnic discussion of the status of the Boer commissioners now in Washington was precipitated in the senate yesterday by a resolution offered by Mr. Allen (Pop.) of Nebraska extending to the commissioners the privileges of the floor of the senate during their sojourn in the national capital. The resolution was defeated by a vote of 36 to 21, but not until after a sharp controversy between its author and Mr. Davis, chairman of the committee on foreign relations. Mr. Allen maintained that the resolution was in line with precedents, while Mr. Davis contended that in the peculiar circumstances the senate ought not to take any action that might be considered a recognition of the Boer diplomats until the president, who alone had the power to receive diplomatic representatives, had taken action.

The postoffice appropriation bill was passed finally, the amendment to appropriate $225,000 to carry out existing contracts for the pneumatic tube service being agreed to.

An effort was made by Mr. Morgan of Alabama to displace the Spooner Philippine bill with the Nicaragua canal bill as the unfinished business, but it failed by a vote of 21 to 28.

The house under suspension of the rules passed two important bills reported by the committee on labor, one to extend the eight hour day to all laborers employed under contract on government work and the other to prohibit interstate traffic in prison made goods by bringing them under the jurisdiction of the police powers of the state. The former bill is designed to carry the law of 1892 to its logical conclusion. The convict labor bill caused some sharp inquiries from members from southern states where prison labor is employed in the fields and in the mines, but upon assurances that it would not interfere with the production of coal, cotton or lumber the opposition was not pressed.

THE ST. LOUIS STRIKE.

One Killed and Four Wounded In Yesterday's Rioting.

ST. LOUIS, May 22.—One boy was killed and three men and a girl were wounded as a result of the strike. The person killed was Martin Zika, 18 years of age, struck in the left breast by a bullet fired from a street car. The wounded are Clarence E. Mullen, motorman, shot in upper portion of left arm, home in Jacksonville, Ills., and Minnie Krueger, 18 years of age, struck in left thigh by a glancing bullet.

Two rioters seen to fall during a fight at Thirteenth and Herbert streets between a mob of 250 men and the police were carried away by friends, and their names were not learned.

Zika was shot late in the afternoon while standing in the door of his home in Geyer avenue. A mob of several hundred men had surrounded a car of the Tower Grove line and were threatening the conductor and motorman. A few stones had been thrown, when a shot was fired from the car, the bullet striking Zika full in the breast. He died within a few minutes. Conductor Owen Farley and Motorman Drake were arrested by the police pending an investigation.

At the police station Conductor Farley admitted firing the shot which killed Zika. He fired, he said, at a man who was preparing to throw a stone at him, and the bullet struck Zika.

The four people wounded were all injured near a fight which occurred at 5:30 o'clock at the intersection of Thirteenth and Herbert streets. The riot was lively while it lasted, fully 100 shots being fired, and as the streets were crowded with people it is remarkable that the number of injured was so small.

At 6 o'clock a small riot occurred at Eleventh street and Park avenue. A mob of several hundred attacked the last car on the Park avenue line as it was on the home trip. Several stones were thrown, and a shot was fired.

Veterans at Gettysburg.

GETTYSBURG, Pa., May 22.—Two hundred members of the Third army corps, accompanied by their wives, are here holding their thirty-sixth annual reunion. General Sickles, who lost his leg in the battle of Gettysburg while in command of the Third army corps, is here and spoke at the campfire held in the courthouse last evening. General Henry Tremain of New York city was chief of staff at the time of the battle, and General Chauncey McKeever of Washington, who was Heintzelman's chief of staff, were also present and made short talks.

Holy War Proclaimed.

LONDON, May 22.—The Algiers correspondent of The Daily Mail says: "There is little doubt that a holy war has been proclaimed in the extreme south of Algeria and Morocco. Probably this is due to the movements of French troops."

Finley Arrested and Released.

INDIANAPOLIS, May 22.—Charles Finley, ex-secretary of state of Kentucky, has been arrested here for alleged complicity in the Goebel murder conspiracy. Governor Mount refused to honor requisition for Finley's return, and he was released.

Bank Must Stand Loss.

PHILADELPHIA, May 22.—The supreme court, with two justices dissenting, in an opinion held that a bank or trust company paying a check indorsed with a forged signature must stand the loss of the amount of the check.

COMING EVENTS.

May 24—Bicycle meet at Y. M. C. A. building.

Bob Davis as a Speaker.

Robert Davis, the Hudson county leader, has never been regarded as much of a speech-maker, but the dinner given by the Democrats of this city has shown him up in a new light. Mr. Davis was among those scheduled to respond to a set toast. When he responded after the dinner his remarks were made up of a number of extemporaneous observations that were of lively interest to partisans, and though the Hudson county man possessed none of the subtle art of oratory or the ready flow of well-fitted words that characterized the talk of of some of the other guests, he spoke in a witty and trenchant manner and won the enthusiastic applause of his fellow-guests.

But that is not the best of it. Yesterday's Jersey City Journal printed a story of the dinner, an important part of which was the remarks that Mr. Davis was supposed to have made Saturday evening. But a perusal of them shows that no one heard them at the dinner. It is evident that they were prepared beforehand by the sagacious Hudson county man and probably handed to a reporter. Just why Mr. Davis did not deliver his toast as he had prepared it is a mystery but probably it was because he was suddenly afflicted with the malady known as "stage fright"—a disease that frequently manifests itself in those who are not experienced and skilled in the business of public talking.

Whatever the cause and effect was, however, the fact is demonstrated that Mr. Davis "got there" in good shape, and that he has made a good start in the speech-making business and may yet add to his reputation as an organizer the pleasant title of "after dinner speaker."

According to the Jersey City Journal here are some of the latest bits of gossip about New Jersey's programme at the Republican National Convention. General Sewell will again be at the head of the delegation, and this will be the eighth National convention that he has attended. In all of them he was one of the leaders on the floor of the convention. The personnel of both the delegates and the alternates is good, and all of them, excepting General Sewell, are serving as delegates for the first time. Barker Gummere, in the convention that nominated McKinley, was an alternate for delegate-at-large. New Jersey expects to get considerable recognition in the convention, because it has come permanently into the Republican column. Senator Sewell will serve on the committee on resolutions and will have considerable voice in the formation of the platform. There has been no conference of the delegates and the wants of the individual members have not been made known. It is definitely settled that there will be no contest over the National committeeman. It remains just as it was at the close of the State convention. The honor will go to State Chairman Franklin Murphy and will be a unanimous compliment.

That there can possibly be no politics in the official scheme to preserve the Palisades is evidenced in the appointment of commissioners by Governor Roosevelt, of New York, to aid in deciding upon an effective plan to consummate the plan. Mr. Roosevelt appointed residents of New Jersey to the commission, thus demonstrating that the positions were never heard of at those famous breakfasts with Tom Platt. The Governor's selections are Franklin W. Hopkins, Edwin A. Stevins, Abram S. Hewitt, William A. Linna and Abram Derond, all of New Jersey.

The State convention of New Jersey Democrats, to be held at Trenton May 31st, will be called to order by C. Meyer Zulick, of Monmouth county, a lawyer of prominence, who was Governor of Arizona under President Cleveland.

WHAT THE SHEARS FIND.

Editorial Comment From Other Papers of Interest in Plainfield.

With Gourley giving way as delegate-at-large to the Kansas City convention in favor of a South Jerseyman, and Robert Davis pledging a solid Hudson county support for James E. Martine, there is every prospect that the Democratic State convention will be a veritable love-feast.—Newark News.

Things that Are Not Exactly News but Just as Interesting.

In the yard in the rear of the "Chestnuts" there waves a great plume of purple, seventy-five feet above the ground. A wysteria vine has climbed to the very top of a tall pine tree and blossomed. The blossoms make quite a striking appearance and have attracted the attention of many of the passersby.

Where the extension of the local trolley system that leads to Hillside cemetery passes along Park avenue it has been necessary to close one of the cross streets. The Italians laboring on the job thought it best to put up a sign notifying the public of that fact. The sign was quite a work of art. It was worded as follows: "Stree Cloosd." Passing wheelmen and driving parties admired the classical spelling.

Three young women who attend the High School caused quite a sensation the other day by accepting the "dare" of some of their companions. One of them, who usually wears her hair in a high pompadour, appeared with it parted in the middle and hanging down her back in two braids. Another wore her hair in a single long braid and the third wore shoes that were not mates. They had not been "stunted" but all three were glad when the session was over.

Engine 581 of the Central railroad, which was in the wreck at Jenkintown last Friday, was the same one that was in the wreck at Skillman three years ago and in which the same engineer, Charles Clapp, nearly lost his life. The engine was numbered 457 then and was so badly smashed that it had to be rebuilt and it was renumbered 581. At the time of the first wreck the engine was comparatively new, having been built in May, 1897.

The majority of the members of the fire department are dissatisfied with the new summer hats that have been ordered and which will soon arrive. They are of the sombrero style, similar to the ones worn by the mail carriers, and will take the place of the customary straw hats. The men claim they are not near as cool as the straw ones and besides are not a suitable addition to a fireman's uniform. The style was adopted in Newark, but was given up on account of the objections of the men.

THEATRICAL.

NEWS OF THE SUBURBS.

THINGS THAT INTEREST SCOTCH PLAINS AND DUNELLEN.

Brief and Terse Observations Gathered by Alert Press Reporters to be Perused at the Supper Table at Your Leisure

DUNELLEN.

(Special Correspondence to The Press.)

Dunellen, May 22.—It is estimated by a number of Dunellen citizens, who viewed the break in bed No. 8 of the Plainfield sewage beds, that it will take over 100 two horse loads of gravel to repair the break. The meadow land directly below the beds is covered with gravel to such an extent as to be practically worthless. It belongs to the Estey estate.

Several farmers who stopped at W. H. Cole's yesterday said that there is a great scarcity of farmhands in the country between Dunellen and New Brunswick. One man had to go to Newark for a helper while another had to let two horses stand indle for want of a driver.

Isaac J. Stites, the blacksmith, has been so busy for the past week he has been obliged to hire a wheelright and painter to help him out.

Lud Frazee started work on A. F. Randolph's residence today and will commence work on Herbert Williams' residence next Monday.

M. B. Smalley & Company are wiring Garretson & Grays new office for six electric lights.

The chair factory shipped several loads of foot stools to New York yesterday.

Mr. and Mrs. Henry Weidenhaupt and daughter spent Sunday in Westfield.

Mrs. Chase, of North avenue, has returned from a pleasant trip to Elizabeth.

Harry F. Terry, of Westfield, visited his parents Sunday.

J. S. LaRue spent yesterday in New York on business.

'PLAINS AND FANWOOD.

(Special Correspondence to The Press.)

Dunellen, May 22.—It has been suggested by a number of the residents who use the trolley that either the Township Committee or trolley company should make arrangement to have street signboards put up on the crosstown streets that cross the trolley track. As it is now but few of the residents know the names of the streets they wish the car to stop at. So it can hardly be expected that the conductors are to know. The favorite way now is for the passenger to say „let me off at the next corner," as they are ashamed to let people see that they do not know the name of the street.

Excelsior Hook and Ladder Company held their regular monthly meeting in their rooms last evening. Business relating to the purchasing of a new truck was brought before the meeting and discussed. John Robison, William B. Noble, T. J. Nichol and William Lake were appointed a committee to look into the matter and report at the next meeting of the company.

W. S. Hand, who is in Florida on business, has a very competent person to look after his blacksmithing business during his absence, in the person of his father, Henry Hand.

The contract case of Powers against Cox in Judge Schick's court, which was to have been tried Monday, was by request of the defendant adjourned again for one week.

Mr. and Mrs. Edward Emery and daughter, of Bayonne, have been visiting at the home of Mr. and Mrs. W. S. Emery.

Miss Theresa Herbert, of Netherwood, has been visiting at the home of Mr. and Mrs. John Ford, of Bartle avenue.

Mrs. Ira G. Walker led an interesting Epworth League meeting in the Methodist church last evening.

Miss May Marsh and Miss Cora Miller were the guests of Plainfield friends last night.

George Johnston has returned to business in New York after an illness of several weeks.

WESTFIELD.

(Special Correspondence to The Press.)

Westfield, May 22—A horse attached to a fish wagon and owned by John Lear ran away on South avenue and thence on to the Central Railroad tracks at Garwood station, Saturday evening. The animal ran along the tracks for a mile to Cranford, where he was caught by Thomas Donahue, the section foreman. The horse passed one freight train on the way and narrowly escaped being hit by a fast passenger train.

The popular subscription to provide flowers for decorating the soldiers' graves in Fairville cemetery, on Decoration Day, is rapidly growing. Contributions can be left at either of the Westfield newspaper offices or given to any G. A. R. member.

The gardeners of the Central Railroad are working on the grounds at Westfield, planting flowers and trimming the shrubbery. The fence around the circle is being rebuilt.

The Westfield and Elizabeth Street Railway Company put open cars on the line to the Baltimore and Ohio junction yesterday.

SOMERVILLE.

(Special Correspondence to The Press.)

Somerville, May 22 — Yesterday morning the case of Brokaw against Cornell was tried before Justice Kitchen. Philip W. Brokaw owned a horse and wanted Clint. F. Cornell to sell it, but he would not take less than $75 for the animal. All over $75 was to go to Cornell. The latter sold the horse to a man living in Dunellen for $75. He gave $65 to Brokaw. Then Brokaw sued him for $75. A. V. D. Honeyman, of Plainfield, was Cornell's bondsman. The case was tried before Justice Kitchen six months ago but was not settled. It was then taken to the Court of Appeals, where judgment was rendered for the plaintiff.

Frank Hall, colored, and Walter Vandervort were each held for $200 bail to appear before the Grand Jury in the September court. William M. Hall, father of the boy, was his bondsman, and Samuel S. Schenk was bondsman for Vandervort. Hall and Vandervort were concerned in the Saturday night fight. Both colored men were brought before Justice Farley.

The Washington street bridge was badly damaged by the great flow of water on Saturday. The bulwarks were loosened and one side of the road way was washed away. For a time wagons could not cross, and it was dangerous for people to walk on it. A gang of men strengthened it by blocking the structure and putting beams alongside.

An old engine, which is sidetracked west of the station, has attracted a great deal of attention, and between three and four hundred visited it on Sunday.

Main street is being put in condition for the summer, but the wheelmen are kicking because the cracked stone punctures the tires.

The Somerville Educational Club held its meeting at the residence of Rev. W. H. DeHart last evening.

William Maxwell, of Somerville, and P. J. Coleman, of New York, spent Sunday at Coney Island.

Officer Holmes arrested a man yesterday for being drunk and disorderly.

New gates are being put in at the Bridge street crossing.

BERNARDSVILLE.

Special Correspondence to The Press.)

Bernardsville, May 22.—Edward Balbach, of Newark, who owns a beautiful cottage near Somerset Inn, built to resemble a Swiss chalet, has been improving his grounds. He has recently had placed there a Spanish cannon taken from Morro Castle in 1898. The inscription upon the cannon reads: "Etlion, 1798.".

An event of much interest to Bernardsville is the approaching wedding of Rev. Thomas Anderson Conover, rector of St. Bernard's P. E. church, of Bernardsville, to Miss Charlotte Beasley Green, of Trenton. The wedding will take place June 2d, at 12 m., in Trinity church, Trenton.

George B. Post, R. V. Lindabury, T. W. H. Talmadge, Judge John H. Dillon, the Salisbury, Chapin and Stevens families are also at Bernardsville, and add much to the interest of the place.

SOUTH PLAINFIELD.

(Special Correspondence to The Press.)

South Plainfield, May 22—Harris & TenEyck's coal sheds are still unfinished. They have to shovel all their coal from the cars into the wagons.

The flood gates at the pond were left up Saturday night and the next morning the pond had lowered over a foot.

The railroad company has established a supply yard here. Fred Manning is in charge.

Paul Kamamasy is the happy father of a baby girl, born Saturday.

Fred Manning spent Sunday in Trenton with his sister Nellie.

Church Free of Debt.

(Special to The Daily Press.)

Elizabeth, May 22.—Trinity Episcopal church is now free of debt. The last incumbrance, a mortgage of $2,000 on land adjoining the church, bought in 1895 by the late Rev. Dr. McAllister, has been satisfied.

Great Boom in Peach Baskets.

The Califon peach basket factory is being rushed to keep up with orders which are already pouring in from all parts of New Jersey, New York and Pennsylvania. This is due to the prospects of a record breaking peach crop.

WASHINGTON AS A BOY.

Portrait of the Father of His Country Painted at the Age When He Cut Down the Cherry Tree.

There has recently been discovered in Maryland a portrait of George Washington, which represents him at about the age when he was reputed to have cut down the historic cherry tree. There appears to be no doubt

WASHINGTON AS A BOY.
(Rare Picture Recently Discovered in Maryland.)

that the portrait is authentic. It was given by the father of his country to an old friend, Cat. Venamon, who died and was buried 75 years ago in Delaware county, Pa. Capt. Venamon's widow bequeathed the picture at her death to her niece, Mrs. Venamon Williamson, who, in turn, turned it over to her daughter. The latter married a Mr. Baker and died seven years ago. The picture then became and still is the property of her daughter, Miss Margaretta Baker. Miss Baker's uncle, the brother of her mother, is still living in St. Michaels, Md., at the age of 71, and he remembered when Mrs. Venamon, whose husand got it from Washington, gave the picture to his mother. There is, therefore, no gap in the chain of evidence which establishes the picture as genuine and authentic.

Hard Work and Small Pay.

Not only is diamond-cutting not a specially high-priced occupation, but it is one involving a most humiliating system of espionage to the worker. Each man has to strictly account for the stones he receives on going to work in the morning, and the count has to be carefully taken when the unfinished work is handed in at night to be locked up in a safe, against the return of the workmen the next day. The possibilities of theft are great, though a dishonest workman knows that an attempt to dispose of an unfinished stone would bring suspicion upon him wherever the attempt were made.

LITERARY.

Paderewski sailed for Europe on the sixteenth of May after a wonderfully successful season in America. During his travels he has been working upon "The Century Library of Music," which the Century Company will soon begin to publish with Mr. Paderewski as editor in chief. It will appear in twenty volumes, containing richly illustrated articles upon the great composers of the world, written by other composers, and with music which will include the cream of pianoforte literature, including Paderewski's entire repertoire, each piece newly fingered, phrased and pedalmarked, according to the latest and highest standards. The work is being prepared under Mr. Paderewski's personal supervision. The first volume will appear in September.

An article on Gov. Roosevelt in the June number of McClure's Magazine will relate the story of some of the more important conflicts that have arisen during the Governor's present term between him and the organization politicians, and will show what these conflicts tend to prove regarding the possibilities of independence in politics. The article will be written by J. Lincoln Steffens, of the New York Commercial Advertiser.

Pforzheim. Unlängst wurde ein in der Jäger'schen Droguerie angestellter 21jähriger Verkäufer Namens Kurz aus Kleinreuth, Bayern, verhaftet, weil er versucht hat, seinen Kollegen, den 22jährigen Kaufmann Julius Sparn, zu vergiften. Kurz hat dreimal nacheinander dem Vesperbrod des Sparn Cyankali, Kupferbad und Sublimat beigemengt; Sparn hat aber die präparirte Speise nicht gegessen.

Weinheim. Dem Bahnmeister Klimmer wurden von der Maschine des Heidelberger Personenzuges beide Beine abgefahren. Klimmer blieb auf der Stelle todt.

Elsaß-Lothringen.

Straßburg. Der Weichensteller Brenner aus Gries, welcher durch falsche Weichenstellung das Bischweiler Eisenbahnunglück vom Januar verursachte, wobei fünf Menschen den Tod fanden, wurde durch die hiesige Strafkammer zu einem Jahre Gefängniß verurtheilt.

Dambach. Nach 30jähriger Zuchthaushaft wurde der im Jahre 1868 wegen Tödtung seiner Eltern verurtheilte Arbeiter Waßmer von hier durch einen Gnadenakt des Kaisers in Freiheit gesetzt. Ursprünglich zu lebenslänglicher Zwangsarbeit in Cayenne verurtheilt, wurde er nach Beendigung des Krieges von 1870 auf 1871 nach Deutschland gebracht und verbüßte hier seine Strafe in Form der Zuchthaushaft. Seine gute Führung während seiner Sträflingszeit verschaffte ihm jetzt die Begnadigung.

Luxemburg.

Luxemburg. Als der gegenwärtig in Abbazia, Istrien, weilende Großherzog von Luxemburg mit seinem Adjutanten eine Spazierfahrt nach Lovrana machte, brach die Achse des Wagens. Der Großherzog glitt aus dem Wagen auf den Boden, blieb aber unverletzt, während der Adjutant eine leichte Verletzung erlitt.

A gentleman of a methodical habit, who had adopted the practice of retaining a copy of every prescription issued by his family physician, became interested as time went on to note that the same ingredients were pretty certain to be prescribed at some point of the treatment of every case. For a poor appetite, or a sore throat, for restlessness which disturbed the baby's sleep and for troubles which beset the aged grandparents, the favorite remedy was always turning up, although slightly modified from time to time and used often in conjunction with others. One day our friend happened to observe that the formula of

RIPANS TABULES

was identical with the latest prescription he had received from his own physician, and in some surprise he stated the case to him. The family doctor, after listening to what he had to say, replied: "The case is about this way: Whenever there is a disturbance of the functions of the body, no matter of what nature, it is pretty certain to be accompanied by a derangement of the digestive organs. When they are all right the patient gets well. That particular formula that you have observed me to write more and more frequently is the result of an age of careful experiment, and is pretty generally agreed upon now by all educated physicians who keep up with the times. The discovery of the past few years of the means of reducing every drug to a powder and compressing the powders into little lozenges or tablets, or tabules if you prefer, which will not break or spoil, or lose their good qualities from age, is the explanation of how it has come about that this prescription is now for sale as an advertised remedy. It is the medicine that nine people out of ten need every time they need any, and I have no doubt that making it so easy to obtain, so carefully prepared, and withal so cheap, will tend to prolong the average of human life during the present generation."

WANTED—A case of bad health that RIPANS will not benefit. They banish pain and prolong life. One gives relief. Note the word RIPANS on the package and accept no substitute. RIPANS, 10 for 5 cents, may be had at any drug store. Ten samples and one thousand testimonials will be mailed to any address for 5 cents, forwarded to the Ripans Chemical Co., No. 10 Spruce St., New York.

DOANE & EDSALL.

HINTS FOR THE HOME-MAKER.

BY ELIZABETH LYON.

For the woman who is clever with hammer and nails the problem of home furnishing is greatly simplified. Many beautiful pieces of furniture are much beyond the reach of the average purse, and yet very few ambitious women can see those articles and not long for some equally as attractive. The only hope for possession lies in deft fingers, and there are very few who will not try.

The first attempt may not prove all that is anticipated, but the second will show the effect of the previous experiment with results that are beyond all that was hoped for.

Particularly at this season the desire for lightness is insatiable. But it is not necessary that rooms should look striped and empty simply because winter draperies must be removed.

To make a pretty dressing table for the summer chamber requires but a few hours of labor and a little patience. Provide yourself with a dollar kitchen table, a large mirror that has been discarded from some old bureau, one-half the head of a barrel, nine yards of cretonne, 3½ yards of one-half inch cotton cord and a paper of gimp tacks.

If you have an old mirror, the whole outlay need not exceed $4. If you have a discarded kitchen table, this creation will cost $1 less. The cretonne is 12½ cents and the cotton cord 15 cents per yard.

Having supplied yourself with materials, place the table in the desired position against the wall. Cover one-

A HOMEMADE DRESSING TABLE.

half of the barrel head with cretonne, laying the goods in plaits, and fasten to the wall at a point four feet above the table.

Remove the mirror from its frame and cover the frame smoothly with the goods; replace the mirror. Lay the cretonne in folds and tack to the wall, beginning at the "barrel top crown" and continuing to just below the line of the table top. It is not necessary to cover the space which will be occupied by the mirror. Place the mirror in position.

A layer of old quilt or blanket over the table top will make a soft table for the toilet articles, although it is by no means necessary. Cover the table top with cretonne, drawing the goods as snug as possible. Arrange a kilted valance around the table edge and cover the joining with cotton cord. Tack two breadths of cretonne around the crown and draw them back to either side of the dressing table. Sew cotton cord along the outer edges and tack it around the crown as a finish.

Triple candle sconces fastened to either side of the mirror greatly enhance the beauty of this desirable dressing table.

In the place of cretonne white dotted swiss over pink india silk could be used. If one had old silk which could be utilized for lining, the table would not be much more expensive.

How to Make Novel and Artistic Sofa Pillows.

Some pretty cushions that are easy to make are of burnt leather. Get from a tannery two pieces of pigskin the size of a generous pillow. Burn eyelets at intervals of three-fourths of an inch all around the edges. On the upper side burn a design, either conventional or grotesque, but be sure that the lines are bold and strong, and lace the two pieces of leather over the feather cushion with leather thongs. If you should desire a second leather cushion, let it have a border of green suede about four inches deep sewed on by herringbone stitching. This sort of cushion is particularly desirable for the leather couches and for piazza use.

For those who are clever with pen and ink a pretty cushion can be made from 1¼ yards of denim in that soft green known as reseda and 2½ yards of heavy silk cord. Fold the denim in halves. Sew and arrange the cord around the edges, making small clover leaf loops at the corners. Sketch on the upper side of the cushion one of Gibson's pretty vagaries.

A pillow that would make a very pretty gift to an intimate friend is of white satin with a deep frill of pink, double faced ribbon. Across the top of the front is painted in water colors a Cupid head with outspread wings and just beneath that a bar from Mendelssohn's "Wedding March." Straggling down the front are the words, "For Better and For Worse." A battered looking fan, a cast off pink satin slipper and an open jewel case

PIGSKIN SOFA PILLOW.

lend a suggestiveness to the otherwise beautiful pillow that would charm many a young bride back among her girlhood friends.

Some Suggestions For Homemade Chairs.

A delightfully comfortable and at the same time beautiful bedroom chair that is a suitable companion piece to the cretonne dressing table described above can be made from a large shoe box, an old bed quilt or wadding for stuffing, about five yards of cretonne and sufficient upholsterer's gimp to finish off the edges.

A five foot box is preferable. Remove one end and saw off three feet from one top and two feet half way across from both of the adjoining sides. Nail the end piece on to the short front in such a way as to serve for the seat, fitting it up closely against the sides and back. See that the boards are firmly joined so that the chair when completed will not be rickety. If re-enforcing is necessary, do it from the inside. Pad the sides, back and seat of the chair, allowing it to go well over the edges and the arms. Cover these parts with cretonne, allowing sufficient goods for tufting.

Along the edges of the sides, back, arms and front of the seat place a strip of shirred goods. A plaited valance the depth from the seat's front edge to the floor is arranged around the front and sides of the chair. The outside back and sides are covered smoothly with cretonne. All the raw edges should be finished with narrow gimp. Small steel headed tacks are the most

BEDROOM EASY CHAIR.

suitable for nailing on the gimp. Casters that can be nailed on are very inexpensive and make it easy to move this otherwise unhandy chair.

Another chair can be made from a barrel and covered in the same way, the chief difference being that the chair is lower and the back rounded.

Notes About Women.

Senator Depew's favorite niece has announced her engagement to Lieutenant John R. Eddie, U. S. N. The senator, though a believer in marriages of affection, is somewhat aggrieved over the choice of his niece because he is a man without fortune.

The real Barbara Frietchie of Whittier's famous poem was an old woman who was 96 years of age at the time the troops marched through Frederick with Stonewall Jackson. No one has ever been found that really saw the flag incident. Though the story is generally believed, it has never been vouched for.

Miss Zitkala Sa, a descendant of the Sioux tribe of Indians, is touring with the Carlisle Indian band preparatory to visiting the Paris exposition. Miss Sa is an accomplished violinist and has also written several articles on Indian subjects.

Miss Mary G. Dean is the Fall River (Mass.) candidate for national president of the Woman's Relief corps. She has served for five successive years as president of the Fall River corps.

WOULD IMITATE SANKEY.

Niece of Secretary of the Navy Long Will Give Her Rich Voice to Evangelistic Work.

Miss Ruth Cordis Long, niece of the secretary of the navy, John D. Long, has chosen as her vocation in life gospel singing. Her work in this line in connection with recent revival services at a Worcester (Mass.) church confirmed her inclination toward this calling, which has dated back two years.

When at San Diego, in 1898, Miss Long was asked by the Christian Endeavor society if she would be willing to sing at some services to be held on board the United States steamship Monterey. She gladly consented, and

RUTH CORDIS LONG.
(Has Concluded to Devote Her Life to Gospel Singing.)

sang "Where Is My Wandering Boy To-night?" with so much effect that one of the sailors, a boy of about 20, came forward to her at the conclusion of the service and declared that the song, as rendered by her, had determined him to lead a different life, and that he intended to write to his mother to that effect on that same night. He gave Miss Long one of his cards on which he wrote: "May God bless you for showing one sinner the true light." Miss Long carries the card in her purse as a keepsake of her first mission work.

Since her return to Boston from California Miss Long has been engaged in church singing. She visited Washington last winter, and by invitation sang several selections before President and Mrs. McKinley.

Personally, Miss Long is a young woman of much charm and magnetism. Her enthusiasm in her work proceeds from a sincere conviction that her voice can be made a powerful influence for good in connection with evangelical and temperance work. Her voice is a rich, deep contralto.

At the age of 17 she was brought out as a concert singer in Portland, Me., by Annie Louise Carey. Her singing then showed great promise, and her friends urged her to make the operatic stage her aim. Her family discouraged this, however, and Miss Long took up concert singing, in which she has been successful.

AN UMBRELLA TENT.

How a Modern Inventor Has Made Practical Use of the Old Indian Tepee Idea.

An Indian tepee, with its lodge pole, in the course of its evolution in passing through the hands of a modern invention, has become transformed into an umbrella tent. The main original features are all there; the central pole, the supporting side poles, and the canvas cover. There is this difference, however, that the modern inventor's tent folds up conveniently when camp

NEW UMBRELLA TENT.
(An Old Indian Idea Utilized by an Up-to-Date Inventor.)

is to be struck, while the Indian's and even the modern army tent are not nearly so conveniently set up and taken down. Duncan Downs, of West Superior, whose unique feat is illustrated by the Cincinnati Commercial Tribune, conceived the idea of building a tent for hunters, campers or army use, exactly on the plan of a huge umbrella. Two sliding collars, controlled by ropes and pulleys, serve to open and close the tent. The upper collar is adjustable at any point to permit changing the height of the tent as desired; the lower collar controls the extension of the ribs. This tent when folded, shut up or closed ready for transportation, consists simply of the central stick with the canvas rolled about it, in true umbrella fashion.

Rats Petted by Miners.

Rats in the mines of Colorado have bushy tails, like squirrels. They are petted by the miners, and sit on their haunches beside the workmen while the latter eat their meals, waiting for scraps to be thrown to them. Miners always share their meals with them, and never try to harm them.

American Apples in England.

As high as 100,000 barrels of American apples have been sold in London in one week. Glasgow and Hull also receive immense cargoes of the American fruit.

When Everybody in Plainfield Tells the Same Story.

It is hard to say new things about Doan's Kidney Pills. They cure the lame and aching back, the sufferer from kidney disorders, that they do this is so easy to prove that not a vestige of doubt remains. Public endorsement of local citizens is easily proven. Read this case: Mr. Jepp Zensen, of 728 West Front street, Pattern maker by trade says:—"For a year I had a sort of grinding pain across my back at times extending up to my shoulders, and there was a lameness over my kidneys and severe headaches. When I stooped I always felt dizzy and sometimes was fairly blinded. In the mornings I felt stiff and sore until I got some exercise. I saw Doan's Kidneys Pills advertised in my city paper and so highly recommended for kidney complaint that I went to L. W. Randolph's drug store and got a box. They did me a great deal of good. From my experience with Doan's Kidney Pills I cannot do otherwise than endorse them."

Some of Its Canine Inmates Never Trod the Earth—Used to Keep a Big Department Store Clear of Rats.

A dog kennel upon the roof of a six-story building surrounded by tall skyscrapers, in the midst of the busiest portion of the business center, is one of the curiosities Chicago has to offer.

This novel kennel, says the Chicago Tribune, is located upon the roof of a prominent downtown theater and is the property of a department store immediately adjoining. It has been maintained with great success for three years.

The dogs in this kennel are fox terriers and are used by the manager of the department store to keep the place clear of rats that fairly overran the place before their introduction.

The manager claims they are superior to cats or professional rat catchers, as, unlike cats, they are cleanly in their habits, and unlike the professional rat man they do get rid of the rats that infest the place, both by killing and frightening them away.

"Before we introduced these little four-footed guardians the damage wrought by rodents ran up into the thousands of dollars every year; now our loss is comparatively slight," said the manager.

The dogs are turned into the store by the night watchman in the evening after the last customer has gone and the last clerk has departed. They scamper up and down the aisles, nosing behind boxes, barrels, and bales of goods, keeping up a barking and

yelping that frightens all the long-tails away.

They killed from 20 to 30 rats every night when they were first installed as guardians of the stock, but now their catch doesn't amount to that many a month.

They are in charge of the head janitor of the store, who sees to it they are supplied with the best of food—such as milk, meat and dog biscuits—and their bedding consists of soft woolen blankets that have been too badly damaged to be salable.

Their kennels are dry goods boxes with a door cut in one side, and are lined inside with oilcloth and woolen blankets in the winter time and oilcloth alone in the summer.

They have as a playground what the janitor calls "their park," which is formed by an iron fence about three feet in height, setting just back of the cornice facing the street on one side. Two sides are formed by the sloping sides of a mansard rising from the gravelly roof which forms the lawn of their playground, and the fourth side is the wall of the department building.

The dogs seem perfectly contented with their situation, and evidently flourish in this high altitude. The janitor claims the dogs are much healthier than their relatives who live in kennels upon the earth, and to substantiate this claim points with pride to the fact there has never been a single case of distemper among the dogs, and he has been in charge for more than two years.

There have never been less than six and sometimes as high as 20 dogs in the kennels at one time.

Twenty litters of puppies have been born during the two years the janitor has been in charge, averaging five pups to the litter. This makes 100 dogs that have sprung to life upon the rooftop in that time, and of that number but one was lost, and it was accidentally pushed over the edge of the roof into the areaway in the rear of the building and was crushed to death by the fall of six stories.

There are at present seven dogs in the kennels, and but one of them, a bull terrier lately introduced, has ever set foot upon

BLAZE IN BARN.

Gutted Second Story of John Johnson's Barn—Fire Started From Unknown Cause—Total Loss is Nearly $500.

Smoke was discovered issuing from the brick barn in the rear of John Johnson's residence on South avenue, near Woodland avenue this afternoon shortly after 1 o'clock. Alfred Cox sent in an alarm from box 28. The fire department responded promptly.

One horse, several carriages and sleighs were rescued by F.M. Masker. The fire was confined to the second story, where W. D. Manning had just stored several tons of fresh hay. The hay was ruined and the upper floor suffered much from fire. The barn was owned by Mr. Johnson, whose loss will amount to $400. It is covered by insurance. Mr. Manning's loss on hay and other supplies will amount to $60, on which he had no insurance. The cause of the fire is unknown.

MRS. H. B. GREENE DEAD

Had a Long Illness With Complication of Diseases.

The death of Mrs. Halsey B. Greene occurred Monday at 443 West Sixth street, after a lengthy illness from a complication of diseases. She was fifty-eight years of age and was born in this city. She was the daughter of the late Edward B. Titsworth and a sister of David E. Titworth, of West Seventh street, and Mrs. Lucy T. Saunders, of Williamstown, Mass.

For many years she lived at Berlin, N. Y., and four years ago the family moved to this city, where her husband is connected with the Potter Press Works. A husband and two daughters survive her. The funeral services will be held tomorrow afternoon at 2 o'clock from the residence 443 West Sixth street. Interment will take place at Berlin, N. Y.

Surprised the Lawyer.

J. P. D. Kirch, the attorney, celebrated the anniversary of his birthday yesterday, but he kept it so quiet that he thought no one else knew it. He learned his mistake last evening about 9:30 o'clock when he arrived home from New York. He found about thirty-five young people there waiting to give him a surprise in honor of his celebration. The affair was arranged by his Sunday-school class at Trinity Reformed church. Miss Lillian Zeisz, at whose home the guests met, was chairman of the committee. A pleasant feature of the evening was the presentation to Mr. Kirch of a handsome gold watch.

Seen at Bound Brook.

This morning's New York World publishes a story of the supposed suicide of Miss Estelle Femley, of Weston, whom, it is alleged, has been one of the principals of an unhappy love affair. The article states that all trace of the young woman has been lost and that the Raritan canal is to be dragged for her body. In view of this it will be of interest to know that the young woman was seen this morning at Bound Brook by Mrs. Kicks who lives at Weston not far from the home of the supposed missing woman. She was on her way to New Brunswick.

Bad Fall From a Bicycle.

Harry Holland, aged 60 years, of the West End, was thrown from his wheel this morning on Somerset street. The street had just been sprinkled and Mr. Holland was trying to cross the wet tracks when his wheel slipped from under him. He went to Dr. Mattison's office and had his injuries treated. The thumb on his right hand was crushed and the nail torn off, and he received slight scratches on the head and legs. He was able to ride his wheel home.

Former Plainfielder Dead.

Charles S. Langdon, formerly a resident of Plainfield and lately of New York, passed away Sunday at East Hampton, Conn., after a long illness. Mr. Langdon resided on East Ninth street, corner of Second place, for many years and only moved away three years ago. He then made his home at 220 West 138th street, New York. He leaves a widow, two sons and four daughters. He was a brother-in-law of Aaron Crocker, 442 West Second street. The funeral services will be held tomorrow evening at 8 o'clock from his late residence.

A Young Millionaire.

A young millionaire thought of taking unto himself a wife, and the fair ladies set their respective caps. One made the parlor attractive, still the man of money remained unsmitten. Another cooked toothsome dishes in a kitchen shining with quadruple enameled imported Stransky utensils. The young Croesus liked good things to eat, proposed, was accepted, and they lived happy ever after. This fable teaches us that when really serviceable things are wanted for the kitchen, they can be found at Woodhull & Martin's housefurnishing department.

Accused of Assault.

Henry Bonenheimer, of the borough, was arrested yesterday on a State warrant issued by Justice Mattison charging him with assault on his wife, and he was held in $300 bail for his appearance at the next session of the Grand Jury. A. I. Smalley furnished the bail. The defendant was represented by Francis J. Blatz, of the firm of Murphy & Blatz.

Officers of Teachers' Association.

At the third and last meeting of the Somerset County Teachers' Association held in the Borough Public High School Saturday, the following officers were chosen for the coming year: President, H. C. Krebs, of Somerville; vice-president, G. A. West, Raritan; secretary, Miss Bartolette, Bound Brook; treasurer, Mrs. S. S. Higgins, North Plainfield.

Didn't Pay the Note.

Constable Wm. N. Pangborn, of the borough, went to Springdale yesterday with a summons issued by Justice Smalley for J. P. D. Kirch for the apprehension of Edward Purvis. Mr. Lirch endorsed a $40 note for Mr. Purvis, and the latter allowed the note to go to protest. The summons is returnable next Saturday in Justice Smalley's court.

Another Attempt to Settle.

Lawyer Walter Hetfield and Chris. Bock, his client, went to Raritan today to meet James Sisser for the purpose of endeavoring to effect a settlement of the trouble existing between Mr. Bock and Mr. Sisser.

Pythian Memorial Day.

Crescent Company, U. R., K. of P., will meet this evening for drill and to complete arrangements for the observance of their Memorial Day service, Sunday, June 18th. A full attendance is desired.

To Try a New Nozzle.

The members of No. 2 Hose Company of the Plainfield fire department will test a new kind of nozzle on Westervelt avenue, near the brook, this evening at 7:30 o'clock.

Fined $2.

"Larry" Wallace, of Fanwood, who was arrested Saturday night in the borough for being drunk and disorderly, was fined $2 last night by Mayor Smalley.

Pythians to Dance.

Arrangements have been completed for a ball to be given Friday evening by Perseverence Lodge, No. 74, K. of P., in their rooms, West Second street.

COMMISSIONER BUDD UPHELD.

Attorney-General Says He Had Right to Remove Welsh.

(Special to The Daily Press.)

Somerville, May 22.—The fight over the supervisorship of the Millstone-New Brunswick road has been settled, so far as State Commissioner Budd is concerned by his announcement that J. B. Stothoff, the latest appointee, is to act as supervisor.

The State Commissioner submitted the question of his right to remove Charles E. Welsh, whom he first appointed, to Attorney-General Grey, and that official has given an opinion that the State Commissioner has the right to remove a supervisor at pleasure and without a hearing.

Former Judge John D. Bartine, counsel for Mr. Welsh, says that the attorney-general's opinion is based on the fact that a remonstrance was presented against Welsh that was signed by all the property owners on the road. This he says is false. The case will probably be carried to the courts.

Visited Communipaw Tribe.

Great Sachem William Newcorn went to Jersey City last evening to pay his annual visit to the Communipaw tribe. Besides his staff, he was accompanied by W. A. Westphal, chairman of the law committee. A special session of the Great Council was held to confer the rank of past sachem.

A Deathbed Confession.

WILKESBARRE, Pa., May 22.—The police have the confession of a man who died here, saying he and two others murdered Postmaster Michael Corcoran on Dec. 3, 1898. The confession tells how the men tried to get at Corcoran's safe in his room and shot him as he held the door. They got $53. The dying man gave the names of his accomplices, one of whom is near Pittsburg and the other in the west. The police are looking for them.

A Public Benefactor.

SYRACUSE, May 22.—The will of William Kirkpatrick, just filed, provides for three fountains for the city, costing in all $18,000, and the residue of the estate, a sum estimated to be nearly $100,000, is given for the erection of a fireproof building for the Onondaga County Historical association.

European Representatives Meet.

CONSTANTINOPLE, May 22.—The representatives of the six great powers of Europe met yesterday and exchanged views on the question of submitting to arbitration the matter of the Turko-Greek consular convention and the proposed Turkish import duties.

Free Pass System.

There is a sharp debate going on in Australia just now over the abuses of the free pass system. Every member of the ministry gets a gold pendant to wear on his watch chain, which entitles him to a free ride over any railroad. The special beauty of the arrangement is that it lasts for life, and while the officeholders' family is not supposed to share in the privilege, the railway officials are very lenient. One of the humors of the recent debate lay in the fact that a Dr. McKay, who was rejected by his constituents for opposing the free passage of troops bound for South Africa, has the free use of the state railways for life, because he was once minister of education for ten days.

Spoke Like a Sporting Man.

Two gamblers had a quarrel and one cut the other's ear off. The victim had a warrant issued for the arrest of his assailant, but when an official went to arrest the latter he found him and the complainant drinking together and was told that the charge had been withdrawn. Whereupon a sporting man present remarked in the simply picturesque vernacular of his kind: "He lose his ear like a red chip and he's a dead game loser."

Willie was Fired Out.

After a long period of inactivity Law Student Sweeney awoke to the fact yesterday that it was about time he stirred some one up, and accordingly he swore out a warrant for the arrest of E. H. Clevely, of North avenue, on a charge of assault and battery. Sweeney got into an altercation with Clevely and the latter ejected him from his place. The trial was set down for 3 o'clock tomorrow afternoon before Justice Mosher but has been since settled out of court.

HEIRS IN HURRY TO GET MELLICK'S WEALTH

Contest Now On In Middlesex County Over Appointment of Administrator.

CASE IS COMPLICATED ONE.

THE CAVEATORS ARE PENNSYLVANIA NEPHEWS OF DEAD MAN.

Judge Strong Spoke of the Hurry of Some of the Heirs to Get Control of the Estate — Hearing Adjourned a Week.

(Special to The Daily Press.)

New Brunswick, May 23—The hearing upon the caveat filed against the appointment of John C. Morris as administrator of the late Henry Mellick, of Oak Tree, went off for a week in Orphans' Court yesterday. The case is a curiously complicated one. The caveators are Philip and Daniel Mellick, of Scoharie county, Pa., who claim to be nephews of Henry Mellick.

Mellick was a wealthy farmer who lived the life of a recluse. He died without leaving a will, and there are about forty heirs interested in the division of his property. Some time before his death it was announced that he was dead. He had lived near the Union county line, and Frank Okell, a lawyer living at Westfield, at the request of Philip and Daniel Mellick, secured letters of administration from the surrogate of Union county. Two weeks later Mellick died and Okell entered upon his duties as administrator.

It the developed that Mellick had lived in Middlesex county, and Okell's appointment was revoked. He announced his intention of applying for similar letters from the surrogate of Middlesex, but in the meantime other heirs had selected John C. Morris, of Middlesex, as administor, and he was appointed. His appointment is now being attacked.

In court Judge Strong referred to the fact that the caveators had been in such a hurry to get hold of Mellick's money that they had tried to settle up his estate before he was dead. Their counsel protested. He said that his clients had read in a newspaper of Mellick's death and had come to attend the funeral. Arriving at the house they were informed that all was over. They had thereon arranged for an administrator. When Mr. Mellck finally died the proceedings were renewed.

STATE LIBRARY COMMISSION.

It Organizes by Electing W. C. Kimball as President.

(Special to The Daily Press.)

Trenton, May 23 —The New Jersey Library Commission, created under an act of the last Legislature for the purpose of encouraging the establishment of libraries throughout the State, met yesterday in the State Library and elected the following officers: President, W. C. Kimball, Passaic; secretary, Henry C. Buchanan, State librarian.

The other members of the commission, all of whom were present, are Librarian Earnest C. Richardson, of Princeton University; Moses Taylor Fyne, of Princeton; Everitt T. Tomlinson, of Elizabeth, and Frank P. Hill, of Newark. No appropriation was made by the Legislature for the work of the commission, and the members have decided to defray their own expenses for the year by personal assessment.

Rumor Again Sells Lehigh Valley.

A new rumor relating to the Lehigh Valley Railroad appeared yesterday This rumor was fortified by a few figures, and declared that the Pennsylvania Railroad was to buy the Lehigh Valley, paying $32.50 in new collateral trust 3 1-2 per cent. bonds in exchange for each $50 share of Lehigh Valley stock. President Walter, of the Lehigh Valley, said he did not think there was anything in the story.

Patriotic Services at St. Mary's.

Next Sunday evening at St. Mary's R. C. church a patriotic service will be held, at which time the members of Winfield Scott Post, No. 73, G. A. R., Woman's Relief Corps and the Sons of Veterans, will attend. The rector, Rev. Father Smyth, will deliver a sermon suitable to the occasion.

Connecting Switch Laid.

The switch connecting the Arlington avenue extension of the Plainfield Street Railway Company with the Fourth street line has been completed. The trolley wire will be strung on Arlington avenue as soon as the trees now in the way are removed.

Murray Burtis, of Fairview avenue, left yesterday on a southern business trip.

SCHOOL BOYS PLAYED.

HIGH SCHOOL SENIORS AND JUNIORS BEAT LOWER CLASS TEAM.

In the Early Part of the Contest It Looked Like a Close Contest, but Final Score was 17 to 9.

The Seniors and Juniors of the Plainfield High School defeated a team from the lower classes at baseball on Martine Common yesterday afternoon. For the first three innings the game was very close. After that the upper classmen had things their own way and won by a score of 17 to 9.

The members of the school team were fairly divided between the two teams. Squires pitched for the upper classmen and Fred Mason caught. It was Mason's first experience behind the bat and, considering that fact, he did excellent work. The lower classmen had three pitchers, Denton, Davis and VanAuken, who occupied the box for three innings each. Denton was the most successful as the Seniors and Juniors found some difficulty in hitting his delivery. He was a little wild, however. Herman caught all three and did excellent work.

The game proved a rather exciting one and devoid of the unpleasant features that have so often marred the work of the High School team. There were a few errors, of course, but they were not important ones and there were no periods when either team forgot to play ball.

The score was 3 to 3 at the end of the third inning and it looked like a close game. Then the upper classmen found Davis' delivery running up the score to 12 to 6 at the end of the sixth. In the seventh, VanAuken was batted freely and five runs were netted. The lower classmen scored three times in the last three innings but it was not enough to put them in the running.

The teams batted as follows:

UPPER CLASSMEN.	LOWER CLASSMEN.
F. Mason, c.,	VanAuken, ss., p.,
Squires, p.,	Dyer, rf.,

FOR PUBLIC BUILDING.

Senator Kean's Measure Favorably Reported — The Appropriation Cut Down.

(Special to The Daily Press.)

Washington, May 23—Senator Kean has succeeded in getting a favorable report from the Senate Committee on Public Buildings and Grounds, on his bill providing for the purchase of a site and the erection of a public building thereon in the city of Elizabeth, his home city.

As introduced by the Senator, the bill fixed the limit of cost of the site and building at $250,000, and provided that the cost of the site should not exceed $150,000, but the bill as reported is considerably amended, a substitute being reported for the original bill.

One of the principal amendments is the cutting down of the limit of the total cost to $165,000, without specifying how much may be paid for the site.

When a correspondent asked Senator Kean about his bill and when he expected to secured its passage by the Senate, he said:

"I am sorry the committee saw fit to reduce the amount of the total appropriation below the amount I had fixed in my bill, and yet we can erect a fine building, and one that will be an ornament to the city, for the limit of cost recommended by the committee. I hope to get the bill up for consideration before many days, and feel confident that when I do it will pass the Senate without any trouble."

Street Markings.

Street Commissioner Gavett has been working at odd times for several weeks establishing and monumenting the center lines of New street and the streets crossing it. The points where center lines cross are being preserved by iron monuments two feet long and 1½ inches in diameter.

FOR A NOBLE WORK.

Appeal for Funds to Carry on Work of Fresh Air Camp of King's Daughters.

As the warm weather approaches the attention of the benevolent-minded people of our city is called to the needs of the City Union of the King's Daughters. Soon the work of restoring to health the little ones, who are living in crowded homes devoid of God's fresh air because of their wretched surroundings, will begin. These little ones will be taken, together with the tired mothers, by the city nurse to the camp on the mountains. This work, together with the work the nurse is doing from day to day, necessitates a considerable outlay of money, and the Union feels that the people of the city, who have so bountifully helped us with their contributions heretofore, will not fail us now, when we again make an appeal for assistance.

The smallest gift, as well as the largest, from either organization or individual, will be most gratefully received by the treasurer, Miss Linda Butler, 215 East Front street.

A TRAINED DEACONESS.

Miss Lucy Adams, of This City, Dons the Plain Garments and Will Work Among the Poor.

One of the five young women who were graduated from the Deaconess Training School Monday night at the Union Methodist Episcopal church at Forty-eighth street and Eighth avenue, New York, was Miss Lucy Adams, of Plainfield. These young women donned for the first time the deaconess costume, the plain black gown and close fitting bonnet with white lawn strings. They will enter the service of the poor and suffering at once. The new deaconesses will be attached to the various churches in the city, but they will all live at the Deaconess' Home in West Fourteenth street where the thirty-five Methodist Episcopal deaconesses in New York city live during their time of service. They take no vow, being at liberty to leave the work as soon as they desire.

FOWLER AND ISHAM TO PAY.

Will See To It That Elizabeth's Two New Cannon Are Received With Proper Ceremony.

Representative C. N. Fowler, of Elizabeth, will pay for the transportation of the two cannon loaned to the city to be put on the soldiers' graves on Decoration Day.

H. H. Isham will pay for a band which will head the Grand Army posts and the military and Trinity cadets and other organizations which will turn out on Decoration Day in a parade to Evergreen Cemetery. There the soldier dead will be decorated. The day will be most fittingly observed and an unusually large demonstration will be made.

RUN INTO BY A SCORCHER.

Martin McDonald Thrown From Bicycle and Quite Badly Hurt.

While hurrying to yesterday's fire on South avenue Martin McDonald, a young man whose parents reside on Terrill road, was run into, opposite Scott's Press Works, by another cyclist who was going at full speed. McDonald was thrown nearly fifty feet and when picked up it was at first thought his ribs were broken. He was taken to the hospital, but upon close examination no bones were found broken, but he was badly bruised and suffering from a shock. He was taken to his home, where he will be confined for some time. The wheel was almost a total wreck.

Hand Caught on a Hook.

James McEvoy, a butcher in the employ of B. F. Crane, the Somerset street butcher, sustained a severe injury to his right hand yesterday afternoon. He was placing a large piece of meat on one of the hooks in the ice box, when the meat slipped and his hand caught the hook, which nearly penetrated it. The man suffered intense pain and at first it was thought that he would lose the hand. He went to John Powers' drug store and had the injured member dressed and it is believed that there will be no serious results.

Rain Saves the Hay Crop.

The farmers of Union county are rejoicing over the heavy rain of the past few days, which has just come in time to save the hay crop. The amount of rain that fell, as registered at the signal service station, was three and thirty-three one hundredths inches.

Wedded on Sunday.

The marriage of Miss Laura M. Cully, of Cottage place, and William McIntyre, of North Plainfield, was performed last Sunday at the home of the bride by Rev. F. D. Tildon. They will reside in this city.

LINK CONNECTING GOOD ROADS SYSTEM.

Somerset County Freeholders Authorize Macadamizing Important Stretch of Road.

MET AT SOUTH STIRLING.

DECIDED UNANIMOUSLY TO ADOPT AS A COUNTY ROAD.

Official Action Will Be Taken at the Next Regular Meeting of the Board—Great Improvement for the Farmers.

The members of the Somerset County Board of Freeholders made a trip yesterday afternoon from Stirling to Plainfield by the way of Smalleytown and Watchung. As a result a very important link connecting the great system of macadamized roads along the line of the Jersey Central Railroad and the Passaic Valley will be constructed in the near future. The road from North Plainfield to Watchung is now macadamized, but beyond that there is a stretch of two and a half miles that will be made a county road and put in proper condition.

The roads of Union county have long been famed, while of recent years the Passaic valley has been marked by the establishment of county roads, properly macadamized, along its length. There has been, however, no means of passing from one road system to the other except by the way of Springfield and Summit or else braving the common country roads across the Watchung mountains.

A meeting of the Somerset County Freeholders was held at South Sterling yesterday afternoon. The Freeholders were taken over the road in question and were unanimous in the opinion that it would be decidedly advantageous to adopt it as a county road and macadamize it. While there are many roads running over the mountain ridges, none are now macadamized and the residents are compelled to encounter plenty of mud and water in wet weather or lots of dust in dry.

The official action of the Board on the matter may be expected at the next regular meeting. All expressed themselves yesterday in favor of the plan. They then adjourned to meet Saturday at the Washington avenue bridge, Somerville, to consider that structure.

A TALK ON GOLF.

S. St. John McCutchen Gave an Exposition of Rules and Etiquette for Players.

The series of three entertainments for the benefit of the Park Golf Club was concluded last night, when the third of the series was held at the Park Clubhouse on Washington avenue. A fair-sized audience was present.

The first part of the programme consisted of a number of tricks and sleight-of-hand performances by Prof. Henderson, of New York. He was very clever at palming. Fred Van-Eps gave several banjo solos, while Harry Walton gave some rag-time piano selections.

The entertainment closed with an exposition of the rules and etiquette of golf by S. St. John McCutchen, a member of the green committee of the club. Mr. McCutchen dwelt particularly on the necessity of playing in exact accordance with the rules and the great temptation to evade the real spirit of them in a desire to keep the score well down. The golf players of the club listened with interest, but to the others it was rather unintelligible.

ANOTHER FACTORY IN PROSPECT.

Connecticut Manufacturer May Locate Shirt Industry Here.

J. H. Sternlanz, proprietor of a large Connecticut shirt factory, was in town yesterday as the guest of S. B. Carson, manager of Crosby & Hill's big store. Mr. Sternlanz visited Plainfield with a view of removing his factory to this place. He looked at a number of desirable locations and expressed himself well pleased with the town. His factory, if located here, will employ from 200 to 300 hands.

LEFT GAS TURNED ON.

New Servant Girl Came Near Losing Her Life in a Westervelt Avenue Home.

There came near being a fatal accident at the residence of James R. Hall, of Westervelt avenue, Monday night, in which a young woman, who had just entered the household that day as a domestic, played the principal role. Before retiring she was warned by Mrs. Hall to be sure and turn off the gas. But she didn't.

The window in her bedroom was left open which is directly accountable for the fact that the young woman is alive today. On retiring she turned the gas partially off and then blew it out. She did not get up to get the breakfast next morning but was found in bed violently ill. She was still conscious.

Dr. J. H. Cooley was hurriedly summoned and finally succeeded in bringing the young woman back to a more comfortable state. The room was filled with gas but the open window carried much of it away and prevented a fatal ending to the accident.

WEDDING ANNIVERSARY.

Mr. and Mrs. A. J. Winckler Married Forty-Three Years—Pleasant Observance of Event.

Mr. and Mrs. A. J. Winckler, of Park place, celebrated the forty-third anniversary of the wedding yesterday, and last evening there was a family gathering in honor of the event. Those present included Mr. and Mrs. Winckler's children and their children and all joined heartily in helping the celebrants to remember very pleasantly the important event in their lives.

During the evening there were several musical numbers on the piano by Miss Nellie Winckler and vocal music by other members of the family. A feature was the bountiful supper served by the host and hostess. Mr. and Mrs. Winckler were handsomely remembered in the way of useful and pretty gifts, which gave added enjoyment to the occasion, and for which they were very thankful.

CHILDREN'S SILVER SERVICE

Contributions Toward Proposed Gift to the Battle Ship New Jersey to Begin October 15th.

(Special to The Daily Press.)

Trenton, May 23.—There was a meeting of the Mayors of cities, School Superintendents throughout the State and members of the State Board of Education, in the Senate Chamber yesterday, to consider the project of having the school children of the State present a silver service to the new battle ship New Jersey.

These permanent officers were chosen: President, Mayor Edward Hoos, Jersey City; vice-president, Mayor Frank O Briggs, Trenton; secretary, S. Conrad Ott, Camden; treasurer, State Treasurer Swain. Subscriptions in the schools are to be taken during the week beginning October 15th, and no pupil will be allowed to contribute more than 5 cents. The names of all contributors, but not the amounts, will be taken by the teachers and recorded in a book to be presented with the silver service.

TO SERVE WITHOUT PAY.

President of the Senate Says He is Glad to Help Governor Voorhees.

(Special to The Daily Press.)

Trenton, May 23—Acting-Governor Johnson was at the State House yesterday and transacted considerable routine business. As a member of the State House Commission, he considered the contract for the building of the new wing to the State House. He made the statement that he would not draw the salary for acting for Governor Voorhees, which would be $27 a day. He said he thought the Governor was entitled to a little vacation, and he was only too glad to be able to help him.

A Summer Engagement.

P. Ludwig Conde, of this city, went to New York last evening to Hotel Kensington, Fifth avenue, where he made a contract with Manager Charles E. Leland, who is also manager of Hotel Childwold in the Adirondacks, to furnish the music at the latter hotel this season. Mr. Conde furnished the music at the Childwold two years ago and his work was greatly appreciated. He will leave Plainfield July 1st. Manager Leland is a brother of the late Mr. Leland who was manager of the Windsor Hotel, New York.

New Mission House Dedicated.

(Special to The Daily Press.)

Trenton, May 23.—Bishop John Scarborough, of the Protestant Episcopal Diocese of New Jersey, yesterday dedicated to the service of the church in the State the recently completed associate mission house, in Hamilton avenue. Rev. A. J. Miller, rector of Trinity church in Asbury Park, preached the sermon.

YOUNG MEN WERE HOSTS

PLEASING ENTERTAINMENT AT HOPE CHAPEL LAST NIGHT.

Music Formed the Principal Part of the Programme—Those in Charge.

One of those pleasant entertainments for which Hope chapel has always been noted was given last evening under the auspices of the Young Men's Association. The chapel was crowded with the friends of the young men who showed their appreciation of of each number in the programme by vigorous encores.

The feature of the evening was the Jeanrenand Brothers, a musical team, that played selections on musical bells, glasses, tin cans, flower pots, octarinas, banjo and mandolin. Their familiarty with the different instruments showed them to be thorough artists and they were recalled after each number.

"Mr. Einstein Speaks" and "Sampson Seven Miles Away" were given by John Carney in his usual excellent manner and the audience was kept laughing from start to finish. To say that William N. Runyon sang better that ever would be rather hard, but those who have heard him before are of that opinion. At any rate the Judge rendered two bass solos and was obliged to respond two and three times.

At the conclusion of the entertainment refreshments were passed by the young men and selections on the phonograph was given by S. C. Baker, while they were being disposed of. The committee in charge consisted of Charles F. Smith, chairman; George Slorah, Claude Roseberry and David Gorden. The ushers were George Slorah, Robert Faramour, Irving DeHart and David Gordon.

MORE TIME FOR TROLLEY.

The Biker-Hine Syndicate Gets Concession From Springfield Township Committee.

A six months' extension of time was granted to the Elizabeth and Westfield Street Railway Company for the construction of its trolley road through Springfield township, to connect with the company's main line at Westfield, at Monday night's meeting of the Springfield Township Committee. The extension was granted on application of Colonel Edwin W. Hine, of the Biker-Hine syndicate, owners of the road. Colonel Hine wanted a year's extension. Under the old franchise the time would have expired July 1st next, unless the road was in operation.

The application for the extension was made at a former meeting, and as no trolley representative was present last night it is not known whether or not the six months' limit is satisfactory.

The franchise through Springfield was granted to the Elizabeth and Westfield Company last summer. The proposed route along the county was from Springfield through Mountainside to Westfield. Since then opposition to the road has appeared in Mountainside, and a franchise through the place was refused the company. This spring, as there were no indications of constructing the road to Springfield, the officials of that place took the matter up, and the application of a year's extension of time was made.

DIVISION OF FISK PROPERTY.

How Personal Property of Late Jonathan Fisk Will be Divided.

(Special to The Daily Press.)

Trenton, May 23. — Twenty-one nieces and nephews, twenty-five grandnephews and grandnieces, and two greatgrandchildren of the late Jonathan Fisk will each come in for a share of the $60,000 personal estate left by Mr. Fisk.

Vice Chancellor Reed Monday gave a decision to this effect, the matter having been brought into the court by Harvey E. Fisk, trustee of the estate of the late Johnathan Fisk.

The nephews and nieces will receive equal shares, and the grandnephews and nieces will take, by representation, the shares of their respective parents.

The decision is of importance, as it is the first judicial interpretation of the act of March 22, 1899, prior to which all of the personal estate would have gone to the nephews and nieces.

Railroad Man to Talk.

The afternoon meeting at the Y. M. C. A. next Sunday will be led by W. W. Carry, the well known locomotive engineer of the Central Railroad. Mr. Cary is a most interesting speaker and his talks are always enjoyed.

TWENTY-FIVE YEARS AS CATHOLIC PRIEST.

Silver Anniversary of Ordination of Rev. M. J. Brennan, of St. Joseph's Church.

SPECIAL SERVICES TODAY.

MANY VISITING PRIESTS JOIN IN THE CELEBRATION.

Rev. W. H. Miller was Master of Ceremonies—Beautiful Musical Programme Rendered — Bishop McFaul at Banquet.

A celebration of unusual interest in Catholic circles took place this morning at 10 o'clock at St. Joseph's R. C. church, when Rev. M. J. Brennan, curate, celebrated the twenty fifth anniversary of his priesthood under most favorable circumstances. There was a very large congregation present. The services were very impressive, consisting of high Mass and special music by the choir.

Rev. W. H. Miller, pastor of the church, was master of ceremonies, and he was assisted by Father Eagan, of Morristown, as deacon; Father Foy, of Jersey City, as sub-deacon, and Father Carey, of Carteret, thurifer. Besides those mentioned there were in the sanctuary Dean Mulligan, of Camden; Father O'Connell, of Perth Amboy; Father Smyth and Father Westman, of St. Mary's church, this city. On account of ordinations, Bishop McFaul, of Trenton, could not attend the services. He arrived at noon and joined in the reception given by Father Brennan at the rectory.

During the services Father Brennan took occasion to thank those present for their attendance, and he asked all to pray for him that he might spend the remainder of his days in God's service and that he might die in peace. He rejoiced in being able to celebrate his twenty-fifth anniversary as a priest, and thanked all heartily for many expressions of love and esteem.

The musical service consisted of the music rendered at this church at Easter time, and was rendered perfectly under the direction of James Bailey. Mrs. LaPorte presided at the organ. Those who sang were Miss Tiny Smith, Miss Kate Eagan, Miss Kate Fitzgerald, Miss Kate Kiely, Miss Kate Duffy, sopranos; Mrs. David T. Kenney, Mrs. Reilly and the Misses Leahy, altos; Jas. Bailey, bass; Mr. LaPorte, tenor.

Father Brennan was born in Ireland 51 years ago, and when a very young man came to this country. His parents settled at Franklin Park, near New Brunswick. He entered school at an early age and finally prepared for the priesthood. He was ordained May 23, 1875, by the Cardinal Prefect in St. John's Lateran church at Rome. After the ordination he went to Seton Hall College as a professor, where he remained for some time. He was then sent to various places to assist other priests. For a time he was an assistant to Bishop Corrigan in St. Patrick's Cathedral, Newark, and after serving at several other places he was sent to the borough as assistant to Father Miller. He has been there two years, during which time he has also assisted other smaller churches in this diocese, and at present is helping Father Scannell at Stony Hill.

Father Brennan's father was famous as a contractor, having built the first macadamized roads in this part of the country. Father Brennan is very popular and highly-esteemed by his people, all of whom wish him long life. After the services this morning he gave a banquet at the rectory in honor of the visiting priests and the event that is being celebrated today.

MAGGIE BELLE A TERROR.

Dusky Damsel Swore and Threw Stones at Some Men.

Mrs. Troy Gibson, otherwise known as Maggie Belle Jackson, of Race street, was one of the principals in a lively scrap on Watchung avenue yesterday afternoon. She amused herself by swearing and throwing stones at some men employed on the avenue. The men objected and Marshal Kleiner arrested the woman and locked her up. When she was arraigned before Mayor Smalley last evening she was fined $5, which sum she paid.

Soon afterwards a complaint was made against the same woman and her mother, Mrs. Rosa Jackson, charging them with keeping a disorderly house. The two were arraigned, but Mayor Smalley suspended sentence with a severe reprimand and warning.

GERMANY NOT UNFRIENDLY.

Embassador White Says Such Reports Are False.

BERLIN, May 23.—The delegation from the New York Deutsche Kriegerbund yesterday visited the United States embassy in gala attire. They rode in carriages decorated with a number of American and German flags. After President Richard Mueller had delivered an address to Embassador White gratefully acknowledging Mr. White's services in cementing the friendship between the United States and Germany the embassador replied.

Mr. White began by drawing a parallel between the time when Germany was a mere geographical expression and the present day, outlining the enormous progress Germany has made, especially in her political and commercial development. "Remembering these things," he said, "I have never wondered that American citizens of German birth or descent have been sound and firm against disunion and depreciated currency."

Going on to describe Germany's commercial advance, he said:

"I rejoice in the prosperity of this country because I believe it helps rather than harms the prosperity of our own."

Referring to the visit of the delegation, he observed:

"I trust you will take back a firm determination to resist all the demagogues and sensationalists who attempt to stir up ill feeling between the two countries. Your duty here now and in America on your return is to help to promote the knowledge each country has of the other and to show how absurd many things are which are said in the one country of the other."

Mr. White dwelt strongly upon the advisability of German born Americans retaining their knowledge and use of the German language, remarking that such knowledge would serve as an additional tie between the two countries.

"I assure you," said the embassador, "that the stories prevalent in Germany of America's hatred of Germans and prevalent in America of Germany's hatred of Americans are without foundation."

NEELY AGAIN ARRESTED.

Wrongful Conversion of United States Property Charged.

NEW YORK, May 23.—Charles F. W. Neely, accused of frauds in connection with the Havana postoffice, who has been out on bail pending extradition proceedings, was rearrested by United States Marshal William Henkel in Park row yesterday. The arrest was ordered by Judge Lacombe on representations contained in affidavits of George H. Burton, Frederic P. Smith and Edward K. Jones, the latter being the special assistant to the attorney general of the United States appointed for the prosecution of the Neely and other cases of alleged fraud in Cuba.

The arrest was made in a civil action charging Neely with the wrongful conversion of property of the United States to the value of $45,300.25. Bail was placed at $50,000. The government is suing Neely to recover the value of the property alleged to have been converted wrongfully.

Neely was composed as he sat in the marshal's office reading the complaint against him, and his eyes twinkled when in answer to a question he said:

"No, I'm not doing any talking. I'm letting other people do that."

STRIKERS ARE QUIET

St. Louis Car Lines Resuming Business.

BOTH SIDES CLAIM SUCCESS.

Railway Companies Short of Hands, but Are Rapidly Filling Places of Strikers—Transit Employee Shot In the Back.

ST. LOUIS, May 23.—Yesterday was the most quiet day of the strike, there being no disturbance worth mentioning. There were one or two small fights between union and nonunion men, but nobody was hurt, and there was nothing throughout the day that approached a riot.

The transit company is making steady progress in opening its lines. Twenty-four were in operation, and on nine of them the full complement of men and cars was running. The Vandeventer avenue line, which usually does a rushing business during the baseball and race track season, was running, but it carried very few passengers. People bound for the ball game and races used the lines of the Suburban company, which were not liable to interruption.

Both sides to the strike claim to be winning and say the other must yield in a short time. Employees of the company say it lacks men, notwithstanding its claims to the contrary, but it is increasing its force every day and if present conditions continue must have its entire system working within a short time.

There was but one casualty due to the strike. B. E. Kilgore, an employee of the transit company, was shot in the back by an unknown man while walking on Armstrong avenue. There was absolutely no reason for the shooting, as Kilgore did not know the men and had no conversation with them. He was walking quietly along the street when one of two men who were walking 20 feet behind him drew a revolver and sent a bullet into his back. Kilgore was seriously wounded, but will recover. The company has offered a reward of $1,000 for the arrest of his assailant.

It was said during the day that Police Officer Winkle had been shot in the foot by a striker, but upon investigation it was found that the accidental discharge of another policeman's revolver did the damage. Several arrests of young men and boys were made during the day for the placing of bombs on the street car tracks. Meetings of the strikers' executive and grievance committees were held, but no action of any kind was taken. It was announced that no proposals had been made to the company and none had been received from it.

A mass meeting of the strikers was held at night in Concordia hall. President Mahon of the Street Railway association and others made speeches.

Bodies Found.

GOUVERNEUR, N. Y., May 23.—The bodies of Clinton Foster and Edwin Judd have been found in the Oswegatchie river, 16 miles below this village. Both were 20 years of age. They went out for a boat ride three weeks ago Sunday, and an overturned boat and a broken oar were found the next day. The river was dragged and dynamited for the bodies, but without effect, and the relatives of the young men began to believe that they had run away. Two young men answering their description were being traced across the country and were heard from as late as Monday, and the families were in hopes that these were the missing boys when the news of the finding of the bodies was broken to them. Both boys were sons of prominent farmers.

Preston on Milk Situation.

MIDDLETOWN, N. Y., May 23.—Deputy Commissioner of Agriculture E. J. Preston, who is a member of the Five States executive committee, is in this city and declares himself hopeful of the struggle the farmers are making to control the milk market. He says that the milk now being held back should not be taken as a test of the strength of the association or quality of the milk that it controls. A large proportion of the members of the association previously made contracts for their milk for six months or a year, but after these contracts expire no new ones will be made by the men except on the basis of the association's schedule of prices.

The Carinthia Fast on a Rock.

KINGSTON, Jamaica, May 23.—The British cruiser Proserpine and the government steamer Ready, which went to the relief of the Cunard line steamer Carinthia, ashore at Point Gravois, on the south coast of Haiti, with 1,450 mules on board, have returned from the scene of the wreck. It is understood that the Carinthia is fast on the rocky bank and that the vessels sent to aid her could not move her. It is considered that the Carinthia will become a total wreck. The Proserpine will return after coaling here and will be followed by the Ready with water for the mules.

Serious Trolley Car Accident.

BUFFALO, May 23.—Two cars on the Genesee street line jumped the track yesterday afternoon as they were approaching the bridge across Scajaduaquada creek. There was no collision, and that both cars should leave the track was considered a remarkable coincidence. The cars were about equal distance apart. They both entered adjacent fields, the first car being overturned. William Mulhall, motorman of one of the cars, tried to stop his car, but failed to do so. He was badly hurt. Seven passengers were injured, two fatally.

To See the Eclipse.

MADRID, May 23.—Many scientists are arriving to observe the eclipse. A party of English astronomers has selected Santa Pola, province of Alicante, as an observation point. Sir Arthur Matthew Weld Downing of the British Nautical observatory and his assistants have gone to Plasencia, province of Caceres.

Langtry's War Fund.

WORCESTER, Mass., May 23.—Lily Langtry, who appeared here last night, said that she had closed her estimates of the amounts she has turned into the British war funds for the widows and orphans of soldiers killed in South Africa. On both sides of the water she has collected £25,000.

Southern Pacific Train Wrecked.

SAN FRANCISCO, May 23.—A local Southern Pacific train was wrecked in Oakland last night. The engineer and fireman were killed and several passengers injured.

BISHOPS CHOSEN.

Methodists Elect Moore and Hamilton on the Eighteenth Ballot.

CHICAGO, May 23.—Rev. D. H. Moore and Rev. J. W. Hamilton were elected bishops by the Methodist Episcopal conference on the eighteenth ballot, which stood: D. H. Moore, 534; J. W. Hamilton, 510; J. R. Day, 104; H. Spellmeyer, 71; T. B. Neely, 41; J. F. Berry, 22; necessary to a choice, 444.

David H. Moore of Cincinnati, editor of The Western Christian Advocate, was born near Athens, O., Sept. 4, 1838. He was appointed to the Bainbridge circuit as junior preacher in 1860, having been graduated from the Ohio university. In 1861 he was stationed at Marietta, O.,

DAVID H. MOORE.

but a year later entered the Union ranks as a private soldier. He was elected captain of Company A, Eighty-seventh Ohio volunteer infantry. He was made prisoner at Harper's Ferry, but was exchanged and later assisted in forming the One Hundred and Twenty-fifth Ohio volunteers, in which he rose to the rank of lieutenant colonel. He followed Sherman on the march to the sea and at the conclusion of the war returned to his ministerial duties. During his career later he served as president of Wesleyan College For Women at Cincinnati, as chancellor-president of Colorado seminary, as chancellor of the University of Denver and as editor of The Western Christian Advocate, to which he was elected in 1884. He is recognized as one of the greatest pulpit orators of the church and in the present conference came out as a champion of the rights of women in the general conference.

John William Hamilton was born in Lewis county, Va., March 3, 1845. He was graduated from Mount Union college, Ohio, in 1865 with the degree of A. B. and from the Boston university in 1875 with the degree of D. D. During his career he has been financial agent of Mount Union college, pastor of a church at Newport, O., and at Malden, Mass. For 25 years he has been a prominent preacher in and near Boston. In 1892 he was elected corresponding secretary of the Freedman's Aid and Southern Education society and has held that position ever since. He is the author of the following works: "Jesse Lee and the Old Elm," "People's Church Pulpit," "Lives of the Methodist Church Bishops" and "Fraternal Greetings; The Church In Ireland and England."

Late this afternoon the conference voted to admit women to lay electoral and general conferences.

THE BOND REDEMPTION.

National Depositories Called on For a Portion of Their Holdings.

WASHINGTON, May 23.—The secretary of the treasury has sent out to the national bank depositories the following letter of instructions:

"You are hereby directed to deposit on or before June 5 proximo, with an assistant treasurer of the United States, to the credit of the treasury of the United States, as a transfer of funds from your bank the sum of —— dollars. This direction is one of a series this day issued which will operate to transfer to the subtreasury $5,000,000 of the surplus public moneys temporarily placed with depository banks, and the action is taken in anticipation of disbursements from the treasury in the redemption of the $25,364,500 outstanding bonds of the funded loan of 1891, continued at 2 per cent, which were called by department circular of the 18th inst.

"It being the intention of the department to utilize temporary balances in depository banks for the payment of said bonds, further transfers will be ordered from time to time to keep pace, in a general way, with the demand for bond redemptions. Public notice has been given to the holders of the bonds in question that they may present said bonds for payment at any time before Aug. 19 next, at which time interest will cease."

The Ice Trust Case.

ALBANY, May 23.—Briefs were filed yesterday by both sides on the application made to the attorney general by William R. Hearst for leave to commence an action to cancel the certificate of authority to do business in this state of the American Ice company, a New Jersey corporation. The attorney general will shortly announce his decision on the application, and it is expected that he will allow the action to be commenced. The brief for the application was filed by Einstein & Townsend and elaborates the arguments made at the hearing in favor of the granting of the application.

The Dynamiters.

WELLAND, Ont., May 23.—The spring assizes convened yesterday, and the cases of the alleged dynamiters Nolan, Walsh and Dullman were submitted to the grand jury. In instructing the jury the court pointed out that the evidence as to two of the men appeared conclusive and that the law as to accomplices had been changed so that a person who helps or induces others to commit a crime makes him a principal instead of an accomplice.

Oilcloth Works Burned.

PHILADELPHIA, May 23.—The coating mill at the George W. Blabon company's oilcloth and linoleum works in Nicetown, a suburb of this city, has been destroyed by fire. The loss is roughly estimated at $50,000. The fire was caused by sparks from one of the machines. The coating mill was a three story brick structure, 144 by 60 feet, and was one of 30 similar buildings which comprise the Blabon company's works.

Astor's Thank Offering.

LONDON, May 23.—Mr. William Waldorf Astor has sent $1,000 to the Great Western Railway company's dog "Tim," at Paddington station, London, for the widows and orphans' fund as a thank offering on the coming of age of his eldest son.

RALEIGH, May 23.—News has just reached here of a terrible disaster at the Cumnock mines, in this state. Fifty men are reported killed.

SPOONER ELOQUENT.

Senator From Wisconsin Upholds Philippine Policy.

CLARK'S CREDENTIALS PRESENTED.

They Will Await Those of Maginnis. House Considers Alaska Bill. The War Revenue Tax to Be Reduced.

WASHINGTON, May 23.—In the senate yesterday Mr. Spooner of Wisconsin spoke on his bill providing that upon the suppression of the insurrection in the Philippines the government of the islands shall devolve upon the president until such time as congress might direct otherwise. Notwithstanding the fact that he was almost too ill to stand, Mr. Spooner's effort was one of the notable speeches of the present session. He defended with characteristic vigor and eloquence the policy of the administration in the Philippines, maintaining that no other policy in the circumstances was possible and that none other could have been adopted without dishonor to the country. Without concluding his remarks Mr. Spooner elected the floor until today. Late in the afternoon Senator Carter of Montana presented the credentials of Senator Clark of Montana. They will lie on the table for the present.

An agreement was reached yesterday between the friends of Senator Clark of Montana and the senate committee on privileges and elections to postpone any action upon the senator's credentials until Wednesday, the 30th inst. Meanwhile the credentials of Mr. Maginnis will be presented, and the papers in both cases will be considered together.

The house devoted the entire day to the Alaska civil government bill. Slow progress was made, only 24 pages being disposed of. There was protracted debate over the question of the number of judges in Alaska and the mining laws, but the provisions of the bill were not amended.

SENATOR SPOONER.

The house leaders have decided to reduce the war taxes at the next session of congress, and a resolution will be prepared to give the committee on ways and means leave to sit during the recess of congress. The committee will meet in the autumn to prepare a measure for presentation to the house immediately after it convenes in December. Mr. Payne's resolution for a sine die adjournment June 6 will be reported favorably today.

RICHARDSON'S CASE.

Senate Printing Committee Says Copyright Should Not Have Issued.

WASHINGTON, May 23.—The senate committee on printing has made a report of its investigation of the compilation and publication of the messages and papers of the presidents. The committee finds that Representative Richardson devoted four years to compiling and indexing the papers. "It is not to be doubted," it says, "that his labors were most assiduous and that they consumed during this period a great amount of his time." It also is stated that he expended $3,600 of his own funds in securing assistance in the preparation of the index. With reference to the claim of copyright the committee says that Mr. Richardson does not claim that it operates against the government, but only as against all other publishers—that it protects the form of the publication, the illustrations and the original matter, though none of the documents themselves.

On this point the committee expresses the opinion that "the prohibition in the printing act was intended to cover every publication authorized by congress in all possible forms," and it adds that "in view of the debate it is clear that congress intended to prevent precisely what has happened—the copyrighting of this particular book. Your committee thinks that copyright should not have issued in behalf of the messages and that the law as it stands is sufficient to deny copyright to any and every work once issued as a government publication. If the services of any author or compiler employed by the government require to be compensated payment should be made in money, frankly and properly appropriated for that purpose, and the resulting book or the publication in whole and as to any part should be always at the free use of the people, and this without doubt was what congress intended."

The committee says the donation of the plates of the work to Mr. Richardson was a mistake and placed congress in a false position. The committee pronounces Richardson's contract with Publisher Barcus unobjectionable, but criticises Barcus' methods as questionable.

Boer Envoys' Plans.

WASHINGTON, May 23.—Those who have been closely identified with the Boer delegates since they have been in Washington and who conferred with them on their plans say that as a result of the statement of the secretary of state the delegates will not remain long in Washington, but will attend a series of meetings to be held throughout the country. Before going to the White House yesterday the delegates breakfasted with Mr. John Milholland of New York, Messrs. St. John Gaffney and Representative Sulzer also being present.

Mississippi Town Burned.

JACKSON, Miss., May 23.—Fire yesterday destroyed the entire business district of the town of Forest, 50 miles east of this city. Loss $200,000; fully insured.

Naval Movements.

WASHINGTON, May 23.—The New Orleans has arrived at Manila. The Oregon has arrived at Nagasaki. The Fortune has arrived at New York.

TO THE BITTER END

Transvaal Government Will Not Consider Surrender.

KRUGER AND STEYN ARE AGREED.

Johannesburg and Pretoria Being Cleared of Noncombatants—Lord Roberts Again Advancing—A Sword For Lady Wilson.

LONDON, May 23.—The Transvaal government has informed the correspondents at Pretoria that it has not considered and does not intend to consider unconditional surrender, but will fight to a finish.

The foreign consuls have been informed that Johannesburg will be defended, and the government announces that it will not hold itself responsible for injury to person or property resulting from the defense measures.

Pretoria dispatches affirm that President Kruger, President Steyn and all the most prominent leaders of both republics, after a prolonged interchange of views, are determined to continue the resistance, but that a minority of the leaders advocate surrender without terms.

Mrs. Reitz, wife of the Transvaal state secretary, and her family, with the families of other officials, have gone to Lourenco Marques. Johannesburg and Pretoria are being cleared of noncombatants. The Boer chiefs, who now recognize the possibility that they will have to defend these cities, are preparing with the utmost haste. The Boer spirit has been rising from a low ebb and is now ready for a steadfast resistance.

Lord Roberts is again moving. The British infantry left Kroonstadt Monday, and headquarters were expected to leave yesterday. The railway has been restored, and the first train is due to arrive today.

The Boers are busy blasting for gun emplacements along the Rhonoster river. General de Wet commands, as General Botha is ill.

The advance of Lord Roberts will probably be swift. It is the expectation of well informed observers here that the Vaal river, 85 miles beyond Kroonstadt, will be crossed by the end of the week.

Nothing new concerning the relief of Mafeking has come through. All the accounts of the engagement on May 16 extol the bravery of the Canadians. Colonel Mahon's column arrived at the rendezvous one hour after Colonel Plumer, showing with what accuracy the movements were timed.

One of the morning papers suggests that the men of England should present a sword to Lady Sarah Wilson, The Daily Mail's correspondent at Mafeking during the siege.

The war office has issued a list of 46 additional deaths from disease among the troops at Bloemfontein. It also announced that the total casualties up to date, exclusive of the sick and wounded in British hospitals, have been 20,680.

MAY WRECK MINES.

Transvaal Government Will Not Be Responsible For Their Safety.

PRETORIA, via Lourenco Marques, May 23.—The government has issued the following notice officially to the consuls of neutral powers:

"Having regard to the large noncombatant population of the Witwatersrand, the greater portion of whom are subjects of neutral powers, the government thinks it desirable to make it known that the military officers of the republic are determined to defend the Witwatersrand to the utmost in case such action should prove to be necessary.

"Furthermore, the government will not hold themselves responsible for any injury to persons or the damage or destruction of any property on the Rand which may occur or may be necessary in the course of the defense."

It is also likely that the Vaal river coal mines will be destroyed should the military contingency require such action.

Last week the Boers seemed most despondent and demoralized over their latest reverse, but now both the government and the people declare that they are united and ready to resist to the bitter end.

Taylor Leaves Kentucky.

INDIANAPOLIS, May 23.—Former Governor Taylor of Kentucky has reached here. He went to a hotel without being observed, and his presence was not known till he had been in the city for several hours. He admitted that he was very much disappointed over the United States supreme court decision regarding the Kentucky governorship and said that he would remain here indefinitely. He added that he did not know whether he had been indicted in Kentucky. He said that he had tried to ascertain the facts at the courthouse in Frankfort, but the officials had refused to give any information. He said that he expected to remain in this city or go to some quiet resort in the state and stay there till the national Republican convention.

Powers Arrested and Released.

BARBOURSVILLE, Ky., May 23.—John L. Powers, who was arrested in the southern part of the county in connection with the Goebel murder case, was released. Powers' attorneys instituted habeas corpus proceedings before County Judge Wyatt yesterday and presented a pardon from Governor Taylor to John L. Powers. Judge Wyatt sustained the motion to release Powers on the ground of the pardon being valid. It was rumored during the day that Beckham soldiers were coming on the evening train to take Powers, and much excitement prevailed.

Plague Increasing In Philippines.

WASHINGTON, May 23.—Mail reports from the Philippines show that there has been a steady increase in the number of cases of bubonic plague. There were 30 cases in Manila during January, 48 during February and 56 during March. During the three months approximately 100 cases of leprosy also were discovered. Excellent work is being done by the Manila board of health, under the direction of Major Ira Brown, in improving the sanitary condition of the city and checking the progress of the plague.

A Modern Samson.

READING, Pa., May 23.—Cornelius Firing, an aged blacksmith of Spring City, had such long hair and beard and was of such prodigious strength that he was likened to Samson. Today he had a barber cut off his hair and beard, and just as he returned home from the barber shop he dropped dead.

PHILADELPHIA HORSE SHOW AT WISSAHICKON HEIGHTS.

Special Excursion Tickets via Pennsylvania Railroad.

The ninth annual open-air exhibition of the Philadelphia Horse Show will be held on St. Martin's Green, Wissahickon Heights Station, Philadelphia, May 28 to June 2, inclusive.

The announcement of an exhibition under the auspices of this organization, which is composed of leading citizens of Philadelphia, is in itself an assurance of perfection. The prize list is liberal, and representatives of the best society of Philadelphia, New York, Baltimore, Washington, and other Eastern cities will enter their horses and equipages in the competition for premiums.

The grounds, which are located immediately on the Germantown and Chestnut Hill Branch of the Pennsylvania Railroad, eleven miles from Broad Street Station, are ample for all purposes of the show, and the accommodations for visitors are complete.

The Pennsylvania Railroad Company will sell special excursion tickets, including coupon of admission, from New York, Philadelphia, Belvidere, Lancaster, Wilmington, West Chester, Phœnixville, and principal intermediate stations (as well as the Chestnut Hill Branch) to Wissahickon Station, May 28 to June 2, good to return until June 4, 1900, inclusive.

Creed Revision May Be Left to a Committee to Report Next Year.

ST. LOUIS, May 23.—Anticipating that the judicial committee would make its report on the McGiffert case at yesterday's afternoon session of the general assembly, the commissioners and denominational friends crowded the big auditorium of the church to its utmost capacity.

Additional to this interesting feature, the committee on bills and overtures sprung a surprise on the assembly by submitting its report on the revision of the creed of the Presbyterian church. For this the assembly was not prepared, and the matter caused intense suppressed excitement. The committee on bills and overtures recommended that the whole matter be referred to a committee of 15 composed of eight ministers and seven elders to be appointed from the church at large by the moderator to consider a restatement of doctrine and report at the next assembly. The time was extended for the discussion of the report of the committee. No definite action, however, was taken, and the matter was deferred until today.

CONDENSED DISPATCHES.

Rev. Dr. A. J. F. Behrends of Brooklyn died of Bright's disease.

One hundred and forty lives were lost in the wreck of the Chinese steamer Kwung Fut.

The village of Point Claire, 16 miles from Montreal, was almost entirely destroyed by fire.

Ex-Secretary Sherman will leave Washington Friday for Mansfield, O., to spend the summer.

A movement has been started in the Western Passenger association to give civil war veterans, Union and Confederate, half fare rates.

Tobacco Warehouse Burned.

DANVILLE, Va., May 23.—Fire broke out in the tobacco warehouse and factory district and was got under control only after two of the largest warehouses in the country, two factories and a storage warehouse filled with the bright leaf tobacco were destroyed and upward of 800,000 pounds of valuable tobacco valued at about $115,000 and buildings at $35,000 had either passed to smoke or were ruined. Several farmers narrowly escaped with their lives.

Fire In Yale Observatory.

NEW HAVEN, May 23.—Fire destroyed the photographic room of the Yale observatory, and the contents of other rooms in the building were damaged to a considerable extent by water. Dr. Elkins places the loss at $100 on the building and $500 on the contents. The apparatus for the southern trip was water soaked, but as it was securely packed the damage was slight.

Louisiana Elects Senators.

BATON ROUGE, La., May 23.—Both houses of the legislature assembled yesterday and elected ex-Governor Murphy J. Foster to the United States senate and re-elected United States Senator Samuel Douglass McEnery. Senator McEnery is now serving a second term in the senate, and his new term will begin in 1903. Senator Foster's term begins in 1901.

A CUBAN VIEW.

Islanders Look to Americans to Thoroughly Probe the Frauds.

HAVANA, May 23.—No new developments are looked for in connection with the postal frauds for some days, unless something unexpected should happen, and it is felt that practically everything is now known with the exception possibly of how far evidence can be obtained to convict the men implicated.

The Discusion, discussing the situation, says:

"We have no feeling of rancor against the Americans because of the postoffice frauds, as it is obvious that the Americans are inspired by a sense of duty and are also influenced by the character of their mission in Cuba.

"The great thing necessary is that the frauds should be thoroughly shown up. The eyes of Cuba are fixed upon the investigators and upon their work, and Cubans, as well as Americans, are bound to be influenced by the way that work is carried on. As it is now clear that fraud does exist, the Americans are interested in its discovery and punishment.

The Americans have proceeded with great severity where Cuban custom house employees have been concerned in alleged frauds, and the Cubans have not protested because they realize that this has been done with the idea of perfecting the Cuban public service."

One hundred and forty out of 220 teachers in Havana have informed Mr. Alexis Frye, superintendent of schools, that they desire to join in the summer trip to the United States. Of these 70 per cent are women, for whom proper arrangements as to chaperonage have been made.

Three thousand four hundred and seven electors have registered at Matanzas.

FILIPINOS SURRENDER.

Two Companies Give Themselves Up at Tarlac.

MANILA, May 23.—Two companies of insurgents surrendered to Colonel Emerson H. Liscum at Tarlac this morning. They included a major, a captain, 4 lieutenants, 163 men and 168 good rifles and ammunition. The enemy intimated their intention to surrender by a letter sent to the president of Tarlac, who communicated it to Colonel Liscum.

Captain Tinio, a nephew of General Tinio, and 23 other rebels were killed May 18 by scouts in an engagement near Malibicoug, province of Ilocos. There was no loss among the Americans, who captured 23 riflemen, with horses and saddles.

The rebel Colonel Almeda, who was paroled April 23, arrived here yesterday evening and has been making incendiary speeches.

Boiler Works Destroyed.

ALLIANCE, O., May 23.—Reeves Bros.' boiler works at this place were totally destroyed by fire. Loss on building, machinery and stock $144,000, with $40,000 insurance.

Potters on a Strike.

AKRON, O., May 23.—All the potters in this city, including 500 or more men, are out on a strike for higher wages, and practically all of the potteries here are shut down.

COMING EVENTS.

May 24—Bicycle meet at Y. M. C. A. building.

May 27—W. W. Cary, the well-known locomotive engineer of the Central Railroad of New Jersey, will tell the story of his life at the men's rally at 4:15 p.m. Vocal and instrumental music.

Gubernatorial Aspirants.

An announcement of considerable importance to New Jersey Republicans was made by Senator Johnson, who is now Acting-Governor, that he is not a candidate for the nomination of Governor. Ever since Senator Johnson was elevated to the presiding chair of the upper house of the Legislature it has been regarded as an assured fact that he would enter the list of aspirants to succeed Governor Voorhees. The announcement that he will not has caused considerable surprise.

Senator Johnson being out of the way as Gubernatorial timber, the political observers are turning their eyes upon other Republicans who may be regarded as such. The first one that comes to prominent attention is Senator Pitney. Mr. Pitney left Congress to go to the Legislature, his change of official life being regarded as an indication that he seriously desires to be a Republican candidate for Governor at the expiration of Mr. Voorhees' term. Mr. Pitney has taken a leading and prominent part in the councils of his party in the Legislature and has already arrayed powerful forces in his favor looking towards the nomination.

Another man whose candidacy is beginning to assert itself in a strong manner is Franklin Murphy, chairman of the Republican State committee. Mr. Murphy is a clever and astute politician, and holds an advantageous position in his party. Many party workers throughout the State find it prudent to cultivate a friendly feeling for him, and from the present prospects it looks as though the contest over the G. O. P. Gubernatorial nomination would narrow itself down between Pitney and Murphy.

The talk of carrying the sewage of this city to tide-water some day in the future has already had the effect of frightening New Brunswick. The Times of that town yesterday sounded this note of warning for the sleepy old Dutch town: "Plainfield is wrestling with the problem of sewage disposal. The sewer beds at Dunellen have proved inadequate, beside provoking the very justifiable opposition of property owners in the vicinity. The feasibility of a trunk sewer to tide-water will be considered. New Brunswick should keep a close watch upon any scheme of that sort. Tide-water may mean to Plainfield some point in the Raritan river, immediately above or immediately below New Brunswick, in which case New Brunswick would be the victim of a river polluted by the sewage of Plainfield. The nuisance would be especially serious if the outlet was above the city. Any plan of Plainfield to pour its sewage in the Raritan in the vicinity of New Brunswick should be nipped in the bud."

There is a quiet, but energetic effort being made by the trolley people to shape the situation of local affairs so as to permit the construction of a line on East Second street between Watchung avenue and Richmond street. East Second street is too narrow for trolley tracks to be built on, and if the project of making this invasion is really attempted there will be opposition made to it.

Referring to the attitude of the Essex county Democrats towards the probable names that will be brought up in the State convention for selection as delegates-at-large to Kansas City, the Newark Advertiser says, "there is a friendly feeling for Former Judge James E. Martine, of Somerset county." Such is fame for the "Farmer Orator."

An Elizabeth correspondent says that "Congressman Fowler is around looking after his political fences." It might be stated, however, that the planks that he is using in making the necessary repairs at the present time will not be found in the platform on which he stands after his nomination.

President McKinley shook the patronage tree yesterday and two good plums fell to Jerseymen. They were the appointments of George W. Pollitt as postmaster at Paterson and John J. Anderson as postmaster at Hackensack.

PASSING COMMENT

Things that Are Not Exactly News but Just as Interesting.

Chief Doane, of the fire department, stated to a Press reporter today that the sombrero hats selected for the firemen for summer use, were decided upon because seven of the members were in favor of them, two were noncommittal and one raised an objection which was shown not to be valid. In deciding on the style of the hat, the Chief acted as the majority of the men desired.

Members of Monmouth Lodge, K. of P., are anxiously awaiting the result of a pumpkin growing contest recently arranged by two men of Ocean Grove and two of West Grove, for no matter who wins the wager the Knights are to have a feast. In view of that fact they are cultivating the virtue of patience, while the parties to the wager are cultivating pumpkins. The bet was made several days ago. G. Albert Wills and Jacob Hagerman, of West Grove, and Wm. H. Pine and David Williams, of Ocean Grove, were riding on a train when the conversation drifted to pumpkins and how to raise them. Each claimed that his method was the best, and the upshot of the talk was the wager. The four men each obtained a pumpkin seed to plant. The one who grows the largest pumpkin is to have it made into a pie or a series of pies, and the lodge members are to be invited to the supper. The cost of the feast is to be borne by the man who grows the smallest pumpkin. Strange as it may seem, the four men have each expressed the hope that his pumpkin will be a "peach."

An unfortuate case of mistaken identity came near landing an utterly innocent young man in the city jail over night, charged with robbing the flower gardens of the residents on La-Grande avenue. A number of robberies of that kind have been reported to the police, and both regular officers and special watchmen have been on the lookout for the thieves. The other evening this young man in question, whose home is in another part of the city, called on a young woman in that neighborhood. It was his first call and he was not well known by the watchman. Despite the fact that it was his first call, the hour was late when the young man left. He carried with him a large bunch of lilacs with which he had been presented by his fair hostess. The watchman saw him leave the yard with the lilacs and immediately suspected that another flower robbery was in progress. Coming upon the young man unawares he demanded to know how the lilacs came in the young man's possession. Indignant at such treatment, the young man refused to tell and was confronted with the unpleasant announcement that he would have to go to jail unless he gave satisfactorily accounting for the flowers. Another young man, who lives in that neighborhood, and who knew both the watchman and the other, happened along at the opportune time and vouched for the honesty of the suspect. The latter was finally released, but he has not been a frequent caller in that neighborhood since.

How is This?

To the Editor of The Daily Press:—Please allow me a few words in your paper. The Borough Council asked for bids to paint the house occupied by the West End Hose Company, and my bid was $13, including the finding of material. The other bids were from $13 to $18. Instead of the Council giving the work to a resident they gave it to an outside party who is to do it for $24. I would like to know what right the taxpayers have to pay it.

L. C. Wyckoff.

The American Queen

Heralds the summer with a very beautiful issue. Short stories galore and fancy work, ravishing in design and varied in selection, are its salient features, though fashions, in the way of graduation gowns and outing dresses, designed by Alice May Gillam, are not overlooked, nor are the magazine's small friends forgotten. Prize articles on bicycling from a health point of view are both interesting and instructive. All the departments are up to their usual high standard. c

THINGS THAT INTEREST SCOTCH PLAINS AND DUNELLEN.

Brief and Terse Observations Gathered by Alert Press Reporters to be Perused at the Supper Table at Your Leisure

DUNELLEN

(Special Correspondence to The Press.)

Dunellen, May 23.—Lincoln is to have a gala day next Wednesday under the auspices of the Lincoln Realty Company. A balloon ascension, a brass band and several other features are promised. Free excursion trains will be run from New York for those desiring to view Dunellen's neighbor.

The strawberry festival given under the auspices of Ladies' Aid Society of the Presbyterian church last evening was a decided success both financially and socially and the ladies will have a neat sum as a result.

The electric light company has placed a new arm on the pole at the corner of North and Washington avenues and the light is now about six feet from the pole.

The marriage of Miss Margaret Brenan and Luke Herly, both of Dunellen, has been announced to take place shortly.

George Staples, who has been living with his brother, Sanford, has taken up his residence at Maier's Hotel.

A Dunellen man recently made the trolley trip from the borough to Newark in just two hours.

Fred Emmons and Frank Winn, of Plainfield, spent yesterday fishing at New Market.

Wm. Zulenbach, of Elizabeth, has been spending a few days with friends in town.

Garretson & Gray are having a set of standard scales placed in their new office.

Miss Maude Wilcox spent yesterday with relatives in Plainfield.

J. E. Henry and wife have returned from a visit to Brooklyn.

'PLAINS AND FANWOOD.

(Special Correspondence to The Press.)

Scotch Plains, May 23.—Fanwood Council, R. A., held a large and interesting meeting in their rooms last evening. One candidate was initiated, the victim being Wm. R. Stansberry, of Fenwood. The members have waited long and patiently for Mr. Stansberry's application and it is needless to say the members were out in full force to help entertain the applicant.

The true worth of fraternal insurance was exemplified yesterday morning, when the officers of Onward Council, L. A. B. A., presented to Mrs. Jane J. Kyte, widow of the late George Kyte, a check in full for the insurance he carried in the Loyal Additional, but thirteen days elapsing from the time of proof of death was sent to the payment in full.

Mr. and Mrs. Charles Frentz, who have been visiting at the home of Mr. Frentzs' parents, have returned to Camden where Mr. Frentz is employed on a large mason contract.

Summons have been issued in Judge Clark's court in the case of Odonel against Clark, in two summons, returnable May 25th. J. VanNess attorney for defendant.

Mr. and Mrs. Wm. Gere, of Bartle avenue, have been entertaining Mrs. Gere's parents, Mr. and Mrs. Brockway, of Brooklyn, for a short visit.

Miss Amy Cook has been entertaining a party of friends from Patchogue, L. I., at her home.

Onward Council, L. A. B. A., held an important meeting in their rooms last evening.

John Thys has returned from a visit with friends in Jersey City.

SOMERVILLE.

(Special Correspondence to The Press.)

Somerville, May 23.—The suit of James Henderson against rich Mrs. Evelyn W. Murray, of New York and Somerville, was tried yesterday before Squire Kitchen, of this place. Henderson sued for $10 for police duty during the time that Jack Farents and John Garrigan had a fight at Mrs. Murray's country home, and when she took sides with Garrigan and defied the justice. Justice Kitchen gave a verdict for Henderson for $10 and costs. She took an appeal.

Mr. Arkenbrugh and wife, with a party of friends, had a narrow escape from losing his life yesterday in a runaway. They were down at the Country Club playing golf and after luncheon the party started for home. When they reached the drive way leading to the main road, one of the hind wheels gave way and Mr. Arkenburgh was thrown out over the dash board, landing on his right shoulder, badly dislocating it. The horse started to run and he was dragged for 300 feet. The rest of the party was badly frightened. When the horse was stopped Mr. Arkenburgh was assisted to his feet and one of the gentlemen got another wagon and the party then proceeded home.

Officer Holmes, while patroling Main street yesterday afternoon, came across a fellow that was begging. The officer told the man to move on, but he began to abuse the policeman and the officer grabbed him. The stranger tried to get away, but the policeman was on to his game and he hit him once, which soon subdued him. The prisoner was taken before Justice Kitchen, who committed him for five days. He gave his name as Peter Benton and said he lived in New Brunswick.

Too much fire water started one of the farm hands on Stephen Gareston farm yesterday and he drove through Raritan at a 20 mile pace. A little boy pushing a baby carriage across the street narrowly missed being run down and several others also had narrow escapes. Constable Corchan started after the man and captured him. He was landed in jail.

The Democratic Club held a meeting in the new club rooms over the Second National Bank, last night, 65 members being present, and speeches were made by James J. Bergen, Jacob Klotz and others. The regular meeting will be held Friday.

J. Harper Smith's fountain has been enlarged and when it is completed it will be one of the finest in the State. His house is being painted and redecorated and the lawn is arranged so as to make it appear like a flower garden.

Shennan, the colored man who keeps the pool room opposite Taylor's hotel, was not in the fight on Saturday, as appeared in the Monday papers. He was innocent of all charges.

A. J. Chamberlin and Albert Conine, the two men that were so badly burned by gasoline on May 10th, are doing very nicely and will be about in a few days.

A country dance will be held at the Kennelworth Inn Tuesday evening. It will be given by some of the young ladies of town.

Mrs. Henry Reutuer, who has been been visiting her sister, Mrs. W. H. Arkenburgh, left for Chicago yesterday.

Rev. E. B. England, of Washington, N. J., exchanged pulpits with Dr. Read Sunday.

Guy Noble, of Morristown, is visiting D. K. Huffman.

WESTFIELD

(Special Correspondence to The Press.)

Westfield, May 23.—Truancy from school has increased to such an extent lately among the scholars of the Westfield schools that Principal Edwards is making personal calls upon the parents of all children who do not attend school regularly, to inquire the reason.

The Westfield Bricklayers and Masons' Union held a meeting last night. The Union is gaining in numbers and strength. Two members were allowed to resign recently, because they worked on a job with a non-union boss, who worked with the men, which is not allowed by the rules. The men preferred to stand by the boss instead of the union.

The Cranford lock-up is to be recovered from the mud in the cellar of the fire department house and installed in an addition to be built on the rear of the house.

SOUTH PLAINFIELD.

(Special Correspondence to The Press.)

South Plainfield, May 23—The cellar for the new tower at the station filled with water during the storm, and had to be pumped out before the wall could be started.

Someone is deserving of thanks for the load of cracked stone deposited near the bridge at the church.

The bridge at the mill was repaired yesterday by replacing the old plank with new ones.

Mrs. Randolph, of New Market, was visiting her sister, Mrs. T. C. Laing, yesterday.

The slaters put the roof on Mr. Loizeaux's house, yesterday.

R. B. Manning was in New York on business, Monday.

Lokal-Nachrichten aus der alten Heimath.

Oesterreich.

Wien. Eine Elektrizitäts-Ausstellung im größten Maßstab soll im Jahre 1903 in Wien veranstaltet werden.—Der Kaiser hat die vom hiesigen Schwurgerichte zum Tode verurtheilte Raubmörderin Pauline Riegersperger, eine 60jährige Frau, begnadigt; es wurde über sie eine 20jährige schwere Kerkerstrafe verhängt, die sie in der Weiberstrafanstalt Schwaz in Tirol abbüßen wird.—Der einzige Sohn des Hofrathes Professor Nothnagel, der 25jährige Dr. Walter Nothnagel, Beamter bei der Finanzprokuratur, hat sich wegen eines Liebesverhältnisses erschossen.

Budapest. Während eines hier abgehaltenen Fußballmatches zwischen einer Gruppe Berliner und zwei hiesigen Sportvereinen, worin die Berliner siegten, entspann sich ein derart harter Kampf, daß der ungarische Oberlieutnant Orban den rechten Schenkel, der Berliner Zahntechniker Otto Hiller den linken Unterarm brach. Beide wurden in das Spital gebracht, wo an Hiller eine Operation vollzogen werden mußte.

Graz. Vier Wachleute drangen Nachts um 12 Uhr in die Wohnung des Artisten Anton Hutter, holten ihn aus dem Bette und erklärten ihn für verhaftet. Erst in der Frühe beim Verhör erfuhr er, daß man ihn für einen gefährlichen Anarchisten hielt. Laut der gemachten Anzeige hatte er in einem Buche mit verdächtigen Zeichen gelesen. Es stellte sich heraus, daß das Buch ein Lehrbuch der—Stenographie war.

Kecskemet. Anhier wurde zwischen dem Rittmeister des 13. Husaren-Regiments, Grafen Otto Bissingen-Nippenburg, und dem Oberlieutenant Ernst v. Bekassy in Folge eines geringfügigen Wortwechsels ein Pistolenduell ausgetragen. Die Kugel Bekassys drang dem Grafen Bissingen in den Hals, wodurch die Wirbelsäule verletzt wurde. Der Graf ist gestorben.

Klagenfurt. Das aus 21 Gehöften bestehende Dorf Hohenthurm ist gänzlich niedergebrannt. Spielende Kinder hatten den Brand verursacht.

Preßburg. Von der Militärbehörde wird der Oberlieutenant Ferdinand Messiner vom 1. Pionier-Bataillon als Deserteur turrentirt. Er verließ Anfangs März Preßburg und soll sich, von der Burenregierung mit einem Reisevorschuß versehen, nach Transvaal begeben haben.

Przemysl. Im hiesigen Militärgefängniß wurde eine Untersuchung eingeleitet gegen die Stabsprofossen Engel und Hofer wegen schwerer Mißhandlung von Verhafteten.

Wanow. Hieronis starb der pensionirte Bahnwächter Franz Leopold Markgraf im Alter von 86 Jahren. Er hatte unter drei Kaisern, Franz dem Zweiten, Ferdinand und Franz Joseph dem Ersten, gedient.

Wicklitz. Dem 56jährigen Bergmanne Anton Hille ging ein Revolver beim Putzen los und traf seine daneben sitzende Frau in die Brust; sie brach bewußtlos zusammen. Aus Verzweiflung darüber stürzte sich der unglückliche Gatte in einen nahen Teich und ertrank. Der schwerverletzten Frau konnte der Tod ihres Mannes nicht mitgetheilt werden.

Schweiz.

Bern. Für die inländische katholische Mission sind im Jahre 1899 von den schweizerischen Katholiken circa 128,000 Francs zusammengebracht worden (1897: 90,000 Francs). Die Mittel der inländischen Mission dienen dazu, den in reformirten Gegenden zerstreut lebenden Katholiken für ihre religiösen Bedürfnisse zu sorgen.—Das 25jährige Jubiläum des Weltpostvereins wird am 2. Juni in Bern begangen werden.

Zürich. Ein in Meran verstorbener Herr Johann Heinrich Ernst hat dem Kanton Zürich eine Summe von 250,000 Francs für Gründung eines den Namen des Stifters tragenden Greisenasyls hinterlassen, in dem altersschwache und gebrechliche Männer ein freundliches Heim und gute Pflege finden sollen.

Solothurn. Zwischen Büßerach und Meltingen fand man zwei römische Münzen, die eine mit dem Bilde des Kaisers Hadrian (117 bis 138 n. Chr.).

Basel. Neulich Nachts stürzte der Advokat Dr. Blattner in Liestal in Folge eines Fehltritts die Treppe hinunter und brach das Genick; er war sofort eine Leiche.

Thurgau. Dieser Tage wurde in der Maschinenfabrik von Adolf Saurer in Arbon die 4000. Fädelmaschine erstellt. Die Jubilarin ist für die Weltausstellung in Paris bestimmt.

Tessin. Die durch den Bergsturz des Sasso Rosso oberhalb von Airolo (28. Dezember 1898) betroffenen Einwohner dieser Ortschaft erlitten einen Schaden, der sich auf 201,000 Francs belief. Es wurden, außer einem großen Stück Land, 11 Häuser und 15 Stallungen verschüttet. An Liebesgaben gingen 75,424 Francs ein, die unter die Beschädigten nach ihrer Dürftigkeit vertheilt wurden.

How to Make It Really Useful and Somewhat Ornamental

THE CLOTHES CLOSET

Windows, Drawers and Plenty of Shelves Are Needed

BY LUCY LAWN.

The present season of nattiness and newness impresses one with the necessity of freshness for a stylish appearance. Newness is not so essential a factor as that every bit of clothing shall be immaculately clean, well pressed and in harmony.

Where a maid is in attendance the problem of keeping garments in a presentable condition is not so complicated, but when each member of the family takes care of his or her own clothes the situation becomes perplexing, and arrangements that tend to lessen the cares are eagerly sought.

For the benefit of those who have closets and those who contemplate building new ones or remodeling old ones I would like to describe a few which have recently been pointed out as being quite up to date.

The old fashioned notion that closets used for packing away winter garments should be perfectly dark and as nearly airtight as possible has been shown to have been erroneous. Now we have deep, long closets that boast of good sized windows admitting plenty of fresh air and sunlight. Coat closets that find lodging under the stairs in our new houses are found to be vastly more satisfactory and serviceable by the simple addition of a single small window.

For the shallow closets intended for daily use and which are usually found in chambers and living rooms the window is not so essential, but when it is possible to have one it is always desirable.

Some closets in a house by no means new, but which has been reconstructed from time to time to meet the needs of a growing family, show the tendencies of the present generation toward usefulness, orderliness and beauty. One particular closet which resembled the wardrobe of our grandmothers was built out into the square room in such a manner that the light from a north window would fall directly upon the contents of drawers and shelves.

Perhaps the beautiful lingerie and the dainty lace edged shelves lent a charm to the otherwise not unusual closet, or maybe it was the original use to which the closet had been put that made the effect so entertaining. At any rate few closets could have been better suited or more admirably arranged for holding such pretty effects.

To begin with, the closet was not more than two feet deep and about three feet long. A large mirror was fitted into the door. There were three drawers and as many shelves. The whole interior was painted white, while the room was decorated with oak in its natural color. The shelves and drawers were lined with violet scented sachets of white india silk embroidered in a dainty design which hung down a few inches over the edges of the shelves.

The immaculate lingerie, with dainty blue drawing ribbons, reposed on the redolent paddings, one suit upon the other. Two shelves were used in this way, while on the third were the starchy shirt waists. The delicately scented drawers were used for light waists of organdie and silk.

On another side of the room stood what seemed to be a small bookcase with colored glass windows. It proved to be a case for shoes and slippers, every one of which was stuffed with paper and stood by itself, not touching its neighbor. Some of the daintier slippers were wrapped in tissue paper. The shelves were filled with shoes, and it is said of them that no one pair is worn twice in succession because a day's rest in between tends to make a shoe keep its shape longer and wear better.

Another closet with three mirror doors was built the full length of one side of a room. The swinging doors served as a triple mirror. It had a

AN UP TO DATE CLOSET.

bar running from one end to the other, on which were arranged padded brackets for gowns and negligees. On the shelf above were numerous stands, placed far apart, intended for hats and bonnets. It is very noticeable how fresh hats will keep when not permitted to rest on the brims.

In another house a whole room was given over to the care of my lady's garments. The walls were lined with mirror doored closets, and in addition there were chests of drawers four feet long, three feet wide and about four inches deep. Each drawer held a skirt. When such care can be bestowed upon garments, very little creasing results even after months of packing away. With a lengthwise folding of a skirt the undesirable marks may be avoided by simply crumpling a few sheets of tissue paper and placing them between the goods.

There was one closet arranged with shelves only, on which stood papier mache bodice forms. These were intended for heavy waists where the weight of the goods alone is sufficient to crush puffing trimmings. They were covered with plain, close fitting waists in white silk which could be removed and laundered as occasion required.

The idea of the light silk covers was to prevent the black cotton with which these forms are always covered from rubbing off on the light waist linings.

But, as in everything else, the men have the best of it even in closets. One designed particularly for the mas-

CLOSET FOR HATS, WAISTS AND SHOES.

ter of the house has four shelves two feet deep and four feet long. The lower shelf is raised about two feet from the floor, while the others are about 1½ feet apart. On the floor stand rows of shoes, all styles and all conditions, each with its last in place and standing so as not to rub against one another.

The shelves are padded with dull red silk sachets. On the lower shelf are the trousers and waistcoats, arranged in an orderly manner; on the second is the linen and on the third the underwear. The double doors are lined with mirrors.

Another closet, with a rod stretched from side to side, has padded racks that are the exact width of the coat from shoulder to shoulder. The coats hang without touching anywhere. On the shelf above the rod are a half dozen hattrees. A long hook which does not interfere with the coats is fastened into the door on the inside. It is intended for neckties. From another of less pretentious proportions hang suspenders.

We cannot all have such conveniences for caring for clothing; still very many closets could be made available, and a shelf here or a hook there would add much to their usefulness. But whether or no we can benefit by these modern innovations, at least it is well to bear in mind that to be quite "en style" one must have the appearance of having just come from the tailor's hands.

A School For Housemaids.

The inefficiency of housework girls and their limited knowledge of hygiene in the household have set Boston to pondering over a means for improving the condition of this necessary class of employees. As a result a school of housekeeping has been established, and an attempt is being made to place domestic service upon the basis of a trade.

That it has never been considered necessary for girls to be trained for household cares the same as for any other business seems very remarkable. But it is a well known fact that when a young woman seems unfit for almost anything else she can always find employment at housework, and there is always some struggling mistress ready to assume the burden of her incompetence.

But all this is now to become a condition of the past, at least so the patrons of the school believe. Accordingly they offer free of charge a five months course for employees in which thorough instruction in every detail of housework, cooking, economy of food and personal hygiene is given. The girls do the work of the school under direction, and at the close of the course they are given good positions at good wages. R. E.

Edinburgh has conferred the degree of LL. D. upon Miss Eleanor A. Ormerod. She is the first woman to be thus honored by the university. Miss Ormerod is an expert entomologist. The honor was conferred in recognition of her research, which has been of untold value to the farmers and fruit raisers of the United Kingdom, whose crops she has saved time and again from the ravages of insects.

SCORES OF BEGGARS.

They Make the Life of Miss Helen Gould a Burden.

In One Week She Was Addressed by 1,303 Applicants for Charity Whose Demands Reached the Three Million Mark.

Those members of the community who write letters to Miss Helen Gould, of New York, asking for money and are astonished that they do not receive checks by return mail, may better understand the reason when they learn some facts as to the enormous number of demands made upon Miss Gould.

In one week Miss Gould received 1,303 letters asking for charity. The sum expected of her was about $3,000,000.

All the correspondents did not name the cost of satisfying them and the sum named is an estimate made by the New York Journal.

Those who asked for cash needed in all just $1,548,502.

One writer wished a certified check for $1,000,000 with which to start a colony in Cuba.

Others wanted cows, rams, trousseaux, lace, autographs, church organs, pianos, and so on.

The following is the classified list: One plant to form a colony in Cuba, amount asked for, $1,000,000; 231 requests for money (149 not naming sum), $187,880; 91 requests for loans (16 not naming sum), $156,203; 149 requests to raise mortgages (4 not naming sum), $77,575; 43 requests to aid churches (27 not naming sum), $56,981; 27 requests to aid educational institutions (22 not naming sum), $35,400; 26 donations to libraries (24 not naming sum), $10,000; 5 requests to buy places, $5,200; 1 anti-saloon league, of Idaho, $5,000; 34 requests to aid religious and charitable institutions (30 not naming sum), $3,000; 1 wishes to sell farm, $2,600.

Four wish help toward trousseau (3 not naming sum), $2,000; 11 requests for pianos (3 not naming sum), $1,400; 12 requests to buy inventions (10 not naming sum), $1,200; 1 wishes to sell ring, $1,200; 1 wishes to sell brooch, $525; 1 wishes donations to patriotic league, $500; 1 wishes to sell Sevres vase, $500; 1 wishes monument to parent, $500; 1 wishes help to redeem jewels, $280; 1 church organ, $175; 13 treatment (career, morphine, Keeley, etc.), $150; 1 wishes passage to England, $75; 1 wishes to sell quilt, $50; 1 wishes expenses defrayed to secure prisoner's release, $30.

One wishes to sell photographs of Miss Gould for his own profit, 1 wishes air pillows furnished to regiment of soldiers, 1 wishes team of horses, 1 wishes to go shares on alfalfa in California, 126 personal letters, 25 newspapers, marked copies; 2 almanacs, 6 books, 31 catalogues, pamphlets, etc., and 8 magazines.

Wants to Sell His Body.

Walter Wentworth, 75 years old, and for many years a professional contortionist, is in New York looking for some one to buy his body. He has long been a wonder to medical men on account of the wonderful pliability of his frame, which he has already sold twice—once to Dr. Cowes, of Detroit, and later to Dr. Wilder, of New York, receiving in each case $100. Both these medical men are dead, and now Wentworth is looking for a third speculator.

MAN FOR THE PLACE.

M. Picard, Commissioner General of the Paris Exposition.

Evolved the Magnificent Plans of the Grand Fair in Less Than Four Hours and Thereby Killed a Pet German Project.

In Alfred Picard, commissioner general of the exposition, whose nomination to a grand cross of the Legion of Honor was announced by President Loubet a few days ago, is practically the organizer of the Paris exposition. By his outward appearance one might take him for a Don Quixote. A figure with lanky limbs, a cast of countenance overclouded with an air of gloom, a nose of characteristic prominence, piercing eyes and a mustache of heroical dimensions, these make him seem a living knight of La Mancha, ever tilting at windmills. Never was a greater contrast between natural aspect and reality. M. Picard is, in fact, the "King of Method," a practical man above all things—the very personification of the French genius of lucidity, order, harmony.

From his youth up M. Picard has given free play to his taste for serious matters. Mathematician, engineer, economist, administrator, lawyer, he has been all these by turns and simultaneously. He has

SPORTING.

ON THE DIAMOND

The Arions, of Hope chapel, will cross bats with the West End Perfectos Saturday, on the former's grounds at Grant and Sherman avenues.

Warren McLoughlin, of the borough, pitched for the Senacas, of New York, in a game with the Hoboken team Sunday afternoon. The Senacas won by a score of 7 to 3. McLoughlin did some great work in the box, while his batting won fresh laurels for him.

A ball game between the Washington Park Juniors and the Grace church nine was played on the old cricket grounds yesterday and resulted in the defeat of the latter team by a score of 19 to 18. The battery for the Parks was Barlow and Roome, and for Grace church, Bird and Cooley.

Great interest is being taken by the local letter-carriers in their baseball game with the Elizabeth carriers, Decoration Day. The boys are practicing hard and have developed some very good playing. Patrick Beville will pitch and Dan Shea will catch for the home team. The game will be played on Martine's Common.

Another meeting of the nines of the city and borough High Schools is set for Saturday afternoon on Martine Common. When they met first, the North Plainfield boys won the game. The Plainfielders are going to make an effort this time to turn the tables. The latter are playing much better ball than they did when the season opened but they have not yet managed to win a game.

The baseball team of the North Plainfield High School went to Elizabeth Monday afternoon to play the Battin High School team on the latter's grounds. They found the field being repaired so that the Elizabeth boys said they could not play. As the latter team had not notified the boroughites of that fact and made no effort to secure other grounds, the game was given to the visitors from North Plainfield 9 to 0.

A game of baseball has been arranged between a team from Warren Engine Company and one from the West End Hose Company to take place Decoration Day morning at 10 o'clock on the Washington avenue grounds. The following will play on the Warren team: Lambert Bodine, Wm. Ricketts, B. F. Conover, Chas. Stahl, R. M. Clark, C. O. Smith, J. D. Anderson, A. DeCamp and Horace Adams. Frank Perry will cap tain the other team and their players will be announced later.

AMONG THE STEPPERS.

The Road Horse Association of New Jersey has received permission to make a speedway of Newark avenue, which runs to Belleville. A part of the avenue is in Belleville and the association, according to Town Counsel Perry, will only have to get the consent of the property owners, as the avenue, so far as Belleville is concerned, never has been accepted by the township. One year ago the avenue was the main road to Newark and used by the old Newark and Bloomfield Horse Car Company.

Much interest is being manifested in the big meet of the New Brunswick Driving Association, to be held Decoration Day at the Driving Park in Highland Park, across the river from New Brunswick. Horsemen are displaying great enthusiasm and every day at the driving park speedy flyers are being tried. The race track is being put in excellent shape, and a force of men are at work overhauling the stables and grounds. As this meet is the preliminary one to the great stake race for September in pacing and trotting, horsemen from all over the State are entering in order to get thoroughly familiar with the track. The Decoration Day races will begin at 1 o'clock sharp and Goodwill Band will be in attendance. The 2:22 class has a $200 purse; the 3:30 a $150 purse and the 2:40 a $150 purse. Trot or pace. In order to interest the big crowd special N. G. A. bicycle races will be sandwiched in, and entry blanks are coming in fast filled out by men who wish to compete. Dr. Rice will act as referee and he will soon select his assistants. The bicycle prizes are: One mile, open, amateur, diamond ring, value $35; gold watch, value $20; diamond pin, value $10 Two mile handicap, amateur, gold watch, value $25; diamond pin, value $15; diamond buttons, value $10. These prizes are at O. O. Stillman's, New Brunswick, on exhibition.

CYCLING COMMENT.

Miss Flynn, of West Fourth street, has purchased a handsome 1900 bicycle.

JOHNSON DECLINED JUDGESHIP.

Present Acting Governor Did Not Wish the Supreme Court Bench.

Since the departure for Europe of Governor Voorhees it became known that he had offered to State Senator William M. Johnson, of Bergen county, a seat on the New Jersey Supreme Court bench, a position about which the Executive had talked with Mr. Johnson many months before there was even any thought of a vacancy.

When the opportunity came, however, owing to Chancellor McGill's death, Senator Johnson repeated what he said before—that he was seeking rather to relieve himself of official duties than to take up new ones. Owing to the absence of the Governor Senator Johnson will now be the acting Governor in the event of an emergency requiring action by the State's Chief Executive. He says he will not be sworn in, however, unless it becomes necessary.

It is due to the modesty which has actuated Senator Johnson in these matters, and to his strong and kindly nature, that he has become a State power. He is a Princeton graduate. He recently gave to Hackensack a public library which will cost $50,000.

CAME TO LIFE BESIDE THE GRAVE.

Veterinarian Pronounced Cow Dead, but Owner Repurchased Her.

(Special to The Daily Press.)

Cranford, May 23.—A valuable cow belonging to George Damon was taken sick last Thursday, and a veterinary surgeon, who was called, pronounced the animal dead. Mr. Damon at once sent for Henry Ditzel to remove the carcass, paying him $2 to bury the body.

Ditzel carted the cow to Linden township and dug a grave. He was about to dump the body into the excavation when he noticed that the animal was breathing. In a few moments the cow was able to get up and soon began to eat grass. The animal is now as well as ever. As soon as Mr. Damon discovered that his cow was alive he demanded that she be returned to him. Ditzel, however, claimed that the animal belonged to him, as he said that he "had raised her from the dead." Mr. Damon was forced to come to Ditzel's way of thinking, and so he repurchased the animal.

A Lawn Party.

A pleasant lawn party was given last evening by Miss Minnie Hardfelder at her home on Grove street to a number of young friends. The evening was spent in having a sociable time. A number of recitations were given by Miss Hardfelder and Albert Utzinger.

Young Women Entertained.

Miss Mary A. Luckey gave several enjoyable readings before the Young Women's Club last evening at its rooms on West Front street.

GRAND JURY RECALLED.

About Ready to Adjourn When Important Matter Came Up For Their Consideration.

(Special to The Daily Press.)

Elizabeth, May 23.—The Union county Grand Jury for the May term thought they had finished their labors Monday morning and started down stairs to inspect the county jail, which is usually the last act performed by the jury before making their report to the court. Just at this moment Prosecutor English entered and informed Mayor West, of Roselle, foreman of the Grand Jury, that a new matter had come up which the jury should act upon before final adjournment. As a consequence, the jurymen had to come back today to finish up this case, and their final report cannot be made before then.

The Grand Jury made its report to the County Circuit Court today and was discharged. There were 90 charges, out of which the jury found 35 true bills.

Foreman West gave the Grand Jurors with leather pocket books, marked with name and date.

The jurors presented the foreman with a gold lined silver tea service.

ENTERTAINED AT WHIST.

Mr. and Mrs. Horace Huff Entertained the Tuesday Evening Club.

Mr. and Mrs. Horace Huff, of Codington avenue, entertained the Tuesday Evening Whist Club at their home last evening for the last time this season. The full membership, sixteen, was present, and a very pleasant time was had by all. The result of the play was that Mrs. Horace Huff and Mrs. Walter Apgar won the first and second prizes for the women, while Walter Apgar and Horace Huff won the first and second prizes for the men.

After the play the members enjoyed a number of fine musical selections on the piano, while there were several pleasing vocal selections. Before the guests departed a bountiful collation was served. There will be two more meetings before the season closes. Next week Tuesday evening Mr. and Mrs. Adam Seals, of East Front street, will entertain.

MUSTN'T TRUST FOR DRINKS.

Court Holds That Barroom Bills Cannot Be Collected.

(Special to The Daily Press.)

New Brunswick, May 23.—Barroom bills cannot be collected under New Jersey statutes. This decision was handed down in Justice Sedam's court in the suit brought against Michael Moran, a local saloonkeeper, by Edward J. O'Connor, a local actor and comedian. O'Connor alleged he borrowed, some months ago, $1.50 from Moran, leaving his gold watch with Moran for security. The watch was valued at $55.

When he returned the $1.50 and demanded the watch Moran informed him that the watch had been sold. O'Connor brought suit. Moran presented as a set off a claim of $30 for drinks sold O'Connor and "slated." The Judge ruled that such a bill could not be collected, and the jury gave a verdict for the plaintiff.

Fowler Watching His Fence.

(Special to The Daily Press.)

Elizabeth, May 23.—Congressman Charles H. Fowler is keeping a close watch on his fences, even if Frank Bergen, his threatened rival, is on his way to England. The Congressman came on from Washington Saturday ostensibly to take a look at the work being done on his new house here. He did not return to Washington until yesterday, and while he was in Elizabeth he spent several hours in conference with prominent Republican politicians at the Mattano Clubhouse. He will probably return to Elizabeth again next Saturday and Sunday.

Elizabeth To Bid for Trade.

(Special to The Daily Press.)

Elizabeth, May 23.—A movement is on foot in this city to form a merchants' protective union. It is proposed to promote trolley excursions from suburban towns to Elizabeth and have special sales on such days for the out-of-town buyers. There was a merchants' league here several years ago, but it collapsed, owing to the dissensions among its members.

Caught a Black Snake

Fred Randolph, of Cottage Row, is starting a collection of live animals. Some time ago he captured a family of raccoons, which he has at home and yesterday while walking along the mountains he snared a large black snake about four feet long. The snake is now safely caged and Fred is looking for additional specimens.

WEDDING WAS OVER; CROWD WAS FOOLED

Only a Few Relatives Witnessed the Lynch-McKeon Nuptials Yesterday.

MANY WERE DISAPPOINTED.

SEVERAL HUNDRED WERE WAITING IN THE CHURCH.

But the Bridal Party Went to the Rectory, Where the Ceremony Was Performed, and Had Gone Away Before the Audience Knew It.

A quiet wedding took place yesterday afternoon at 5 o'clock in the rectory of St. Mary's R. C. church, when Miss Mamie McKeon, daughter of Mr. and Mrs. John A. McKeon, of 969 West Front street, and Thomas Lynch were united in marriage. The ceremony was performed by Rev. Father John A. Westman, curate of the church, assisted by Rev. Father Morgan J. O'Connell, rector of St. Ambrose church, New York city.

The bride was gowned in white point d'esprit over white silk, trimmed with white satin. She also wore an aigrette and a rosette of mull and carried bridal roses. She was attended by her sister, Miss Katharyn McKeon, as bridemaid, who wore a gown of white point d'esprit over corn-color silk, and a small white satin toque. She carried migonette and roses. The groomsman was John P. Powers, of the borough.

Only a few relatives outside of the bridal party witnessed the marriage. There was a look of disappointment on the faces of a vast assemblage that had gathered at the church and was waiting for the bridal party to appear. For fully a half hour previous to the appointed hour people were gathering and they waited until someone appeared at the church and said that the party had gone to the rectory, been married and had gone away. Some would not believe it, while many others did, but the majority took the ruse good-naturedly and said nothing, realizing that the joke was on them.

After the ceremony the party returned to the home of the bride's parents, on West Front street, where a reception was held from 8 until 11 o'clock. During the reception supper was served and a musical programme was enjoyed by the guests. Mr. and Mrs. Lynch were heartily congratulated by their relatives and friends, and many years of success and happiness were wished them. They were the recipients of many costly and handsome presents, including furniture, banquet lamps, china, silverware, etc. After a short wedding trip they will take up their residence on West Fifth street, between Monroe avenue and Prescott place.

Mrs. Lynch is a most estimable young woman and very popular in a large circle of acquaintances. Mr. Lynch is a valued employe of The Daily Press, holding the position of foreman in the press room. They both have the best wishes of their many friends as they enter upon life's journey together.

Among those present at the reception were Mr. and Mrs. John A. McKeon, parents of the bride; John A. McKeon, Jr., Andrew McKeon and Miss Kathryn McKeon, brothers and sister of the bride; Helen Lynch, daughter of the groom; Mr. and Mrs. Peter S. VanFleet, Mr. and Mrs. Andrew McArdell, Mr. add Mrs. John Flynn, of this city; Rev. Father Morgan J. O'Connell, Miss Tessie Hotaling, Miss Mamie Lynch, Miss Agnes Adamson, George O'Neil, William Dobbs and Charles Thorn, of New York; Miss Mamie Bradley, Mrs. Bradley, Mr. and Mrs. James McKeon, John Bradley, Miss Anna Basting, Miss Maggie Basting, Mr. and Mrs. Watson, John Conklin, Arthur Broderick, of Jersey City.

Parade of Police.

(Special to The Daily Press.)

Elizabeth, May 24.—The annual inspection and parade of the Elizabeth Police Department will take place on May 31st. It was to have been in June, but Mayor Mack is going away June 4th for a two months' vacation. The chiefs of police of Newark, New Brunswick, Perth Amboy, Jersey City, Plainfield and Rahway will be invited to witness the inspection.

To Attend World's Convention.

Among the New Jersey women who are going to the World's W. C. T. U. convention to be held in Edinburgh, Scotland, next month, are Mrs. Emma Bourne and Mrs. Margaretta Campfield, of Newark; Mrs. Mary Grant Cramer, of Orange; Mrs. Ella F. Thatcher, of Florence, and Mrs. Helen M. Brittin, of Madison.

LEAL'S BOYS WON AGAIN

DEFEATED BATTIN HIGH SCHOOL TEAM AT ELIZABETH.

The Plainfielders Had an Easy Time of It, the Final Score Being 19 to 2.

The Leal's School boys had no trouble at all yesterday afternoon in defeating the Battin High School team from Elizabeth at baseball. The game was played on the Washington avenue grounds and resulted in a victory for the home team by a score of 19 to 2. Overwhelming superiority at batting was large responsibe for the result.

While the game was devoid of any excitement of the one-sideness of the score, it was nevertheless worth witnessing as both teams played a clean, almost errorless game. Four errors were recorded against the local team and six against the visitors. What particularly pleased the crowd was the fact that the Leal's School boys played up to their old form again.

From the very start it was evident that the home team was going to have a picnic with Littel's delivery. He was batted freely. Three runs were scored in the first inning and four in the second. One more came in in the third. Then Littel was retired to first base and Kreutz took his place. Kreutz lasted fairly well until the eighth when eight runs were hammered out by the home team. In all the Plainfielders made twenty-one hits, seven of which were good for two bases. Tilney put one over the road and could have easily made a home run, but the ground rules only gave him two bases.

The Elizabeth boys scored once in the first and once in the third that completed their share in the enjoyment. Only five safe hits were made off Dupee, who pitched again in good form. There was one change on the Plainfield team. Vreedenburgh made his debut at second, but he had very little opportunity to do much. Dupee struck out nine men and gave five bases on balls. The other pitchers struck out three and gave four men their bases on balls.

The teams batted as follows:

LEAL'S SCHOOL.	BATTIN HIGH SCHOOL.
Tilney, c.	Broadhead, ss.

SETTLED AT LAST.

Sisser and Bock Come to Agreement and Saloon Will be Opened on Somerset Street.

At last the trouble between Chris. Bock and James Sisser has been settled and James Sisser will open the place on the Somerset street bridge as a saloon in about a week. Carpenters and painters have commenced the work of preparing the place for the opening. The difficulty was adjusted last evening.

It will be remembered that James Sisser got the license for the place, and Chris. Bock owned the building that Sisser was to have. There was a dispute regarding some of the details and it looked as though a settlement would never be reached.

Yankee Doodle Up-to-Date.

One of the strictly new features that Charles L. Lewis has promised for his concert at Music Hall Monday evening, is the singing of "Yankee Doodle Up-to-date." Some original verses, in which the career of the victory at Manila Bay has not been forgotten have been prepared by one of Plainfield's brightest writers and they will be sung by the great chorus of school children who are to take part in the concert.

Something New in Literary Entertainment.

Something entirely new in the line of a literary entertainment has been arranged for the Epworth League sociable at Vincent chapel tomorrow evening. The programme is under the charge of the literary committee which promises a delightful evening for all who attend. After the literary committee has done its work, the social committee will look after the guests for a while.

An Important Position.

John M. Whiton, of Central avenue, has been unanimously elected president of the New York Board of Fire Underwriters. Mr. Whiton has been a member for some time and now has been given the highest honor that can be awarded by the Board. The position is a responsible one.

Borough Primary.

There will be a meeting of the North Plainfield Democrats tomorrow evening in the basement of the Somerset street school to elect delegates to the State convention.

MAY SUE FOR SLANDER.

LAWYER HARVEY IS MAD AT CHANCERY CLERK THOMPSON.

Jersey City Man Objects to Attacks Made on Him, Which he Attributes to Thompson.

Lawyer Cornelius B. Harvey, of Jersey City, threatens to sue Clerk of Chancery Thompson for slander. The alleged slander grew out of the attack on the Clerk made by Vice-Chancellor Pitney and some Jersey City lawyers last week. Clerk Thompson and Col. S. Meredith Dickinson, his chief assistant, replied to this attack and defended the administration of the Chancery office in a vigorous manner.

Nearly every newspaper in the State published some sort of a contradiction of the story that the business of Clerk Thompson's office is run in a loose manner. One Trenton newspaper stated that Mr. Harvey, who was in court when Vice Chancellor Pitney made his attack on the Clerk's office, and whose name was taken by Judge Parker, who was requested by Mr. Pitney to prepare a protest to the Chancellor, would not pay his fees to the Clerk in Chancery, that he was a delinquent and a fair illustration of the kickers against the office.

Mr. Harvey calls Mr. Thompson to task for this statement in a caustic letter which he has written him, and he also notes a number of practices of the Chancery Clerk's office which he believes deserve criticism.

A RUN FOR NOTHING.

False Alarm Gave the Fire Department a Hard Bit of Work This Morning.

Word came to fire department headquarters this morning that one of the houses in the Eight Row, West Front street, was on fire. Chief Doane ordered out the chemical engine, No. 1 hose wagon, No. 3 hose wagon and 1 steamer. It was a long and tiring run for the horses. When the apparatus arrived, it was discovered that there wasn't any fire at all. Mrs. Peter Ritter started a fire in the stove and the smoke wandered out through the sides of the chimney giving the impression that the house was on fire. An engineer of a passing train saw it and notified the Western Union Telegraph office. The alarm was then sent in by telephone.

Fred Sandford Seriously Ill.

Fred Sandford, of East Front street, is detained at the home of S. B. Wheeler, on Hillside avenue, by illness. Several days ago he and Mr. Wheeler were out riding when Mr. Sandford was taken ill, and he was taken at once to the home of his friend, where he has been ever since suffering with rheumatism and heart trouble. Owing to his condition it was thought best not to remove him at present. Mr. Sandford's wife is with him, and the best of medical service is being given.

Does Not Favor Extension.

Mayor George W. Rockfellow does not favor the extension of the trolley on East Second street beween Watchung avenue and Richmond street, as reported. If the company complies with the law by getting the necessary consents from property owners and the Common Council, he would not stand in the way of this extension, but he knows that the company cannot get the consent of property owner.

Reception for Vets.

Next week Monday evening Winfield Scott Post, No. 73, G. A. R., will attend a reception and entertainment at Westfield given in their honor by the State committee on soldier and sailor work. The Post will go to Westfield again Sunday night, June 3d, when Rev. Mr. Caldwell, of the Presbyterian church, will preach a patriotic sermon to the members.

A Temperance Meeting.

The Christian Endeavor Society of the Park Avenue Baptist church will hold a temperance meeting tomorrow evening in the church. The subject will be "Purity and Power." J. M. Hawkins will lead. Fred H. Martin, of this city, will also be present and tell of his mission work in New York city. A cordial invitation is extended to all persons interested.

The Governor in England.

(Special to The Daily Press.)

Elizabeth, May 24.—A cable dispatch was received here at 6:40 o'clock last evening from Governor Voorhees by his brother, Dr. Nathaniel W. Voorhees, stating that the governor and his traveling companions, Mr. and Mrs. Frank Bergen, had arrived at Southhampton on the steamship St. Paul.

$50 From "A Night Off."

The board of management of Muhlenberg Hospital has received $50 from W. L. Saunders as a portion of the profits received from the production of "A Night Off."

WORK THAT CUPID MADE.

Three Marriages Yesterday in Which Dunellen and New Market People Were Principals.

Cupid has had quite a busy time of it in Dunellen and New Market lately and as a result three marriages were performed yesterday.

The first was that of Isaac H. Stephens, whom rumor had declared was married some time ago, but the ceremony was not performed until yesterday, when he wedded Mrs. Anna Jewel, of Trenton. The ceremony was performed by the Rev. W. C. Kinsey at the parsonage of St. Paul's M. E. church, Tottenville, N. Y. They immediately returned to the borough where they will make their home.

Joseph Kelly and Miss Sarah Wilson, two popular young people of New Market, were married yesterday at the parsonage of the First M. E. church, of Dunellen, by Rev. S. K. Doolittle. They will take up their residence in Dr. Nelson's new house on Prospect street, which the groom has had furnished.

The third wedding was that of Miss Bertha Shepherd, of New Market, and William Voorhees, of Trenton, which took place at the home of the bride yesterday afternoon. The ceremony was performed by Rev. Frank Fletcher, of New Market Baptist church. After a short wedding trip they will reside in Trenton.

DEMOCRATIC PRIMARIES.

They Will be Held Next Monday Evening for the Purpose of Electing Delegates to State Convention.

A meeting of the Democratic city executive committee was held last night. It was decided to issue the call for the primaries, to elect delegates to the State convention, for next Monday evening.

The total number of delegates to which Plainfield is entitled to is nine, divided as follows: First ward, two; Second ward, two; Third ward, two; Fourth ward, three. The total number in the Union county delegation will be fifty-seven. Primaries throughout the county will be held the same evening.

A special effort will be made by members of the committee to get out as large an attendance at the primaries as is possible. The primaries held last fall were the largest attended in several years in Plainfield, and the condition that prevailed at that time will be duplicated next Monday if possible.

FOOLHARDY BOYS.

Take Dangerous Risks in Playing Around Trolley Cars.

Street railway employes have complained to the authorities in regard to the young boys in the vicinity of Liberty and Fourth streets, who persist in running in front of the cars. Yesterday afternoon one small boy stood on the track until the motorman was forced to bring the car to a standstill, while others would wait for a car and then see how near they could let it come before they would run across. The police have been instructed to watch the corner, and hereafter a continuance of the practice will result in several arrests.

Automobile Company Incorporated.

(Special to The Daily Press.)

Elizabeth, May 24.—The New York Automobile Company filed articles of incorporation Tuesday with the clerk of Union county. The company is capitalized at $200,000. The company will issue $75,000 in gold bonds of the denomination of $1,000 cash, to bear 5 per cent. interest, payable semi-annually. The incorporators are Charles G. Bliss and Frank P. Slade, of Westfield; Edward Rode, of New York city; M. S. Hester and Henry B. Shute, of Brooklyn. The company's New Jersey headquarters will be at Westfield in charge of Charles G. Bliss.

Safely Anchored.

The Dyer house was safely landed over the foundation walls on Grove street yesterday afternoon by the contractors. The work was very satisfactorily done and William M. Stillman, the owner, is well pleased with the way it was accomplished by Henry & Johns, who took the contract to move the building. The walls on the interior were not even cracked and only a very slight damage was done to the exterior of the building.

Off for Europe.

A. V. D. Honeyman, of Honeyman's private tours, started today with a party on the first summer trip to Germany. The party will sail on the North German Lloyd steamer "Grosser Kurfurst," which leaves from Hoboken. Mr. Honeyman will not return to Plainfield until next fall. In July he will meet a second party from this country and make a tour of the country.

ACTED IN ROWDY WAY.

SHARP REBUKE FOR SECOND REGIMENT OF STATE GUARD.

Col. Gillmore Takes the Soldiers to Severe Task for Disorder at Recent Field Day.

(Special to The Daily Press.)

Trenton, May 24—Col. Quincy O. M. Gillmore, of the Second Regiment of the State Militia, created a sensation in military circles yesterday by issuing general orders in reference to the conduct of some of the companies on the occasion of the field day last week. The regiment went to Elizabeth and on the return trip some of the companies discharged guns from the car windows at Elizabeth, Rahway and New Brunswick. The order says that this conduct endangered the lives of citizens and filled the people at the stations with consternation. The conduct is strongly condemned as unsoldierly and improper. The order continues:

"It shows a want of discipline and inability on the part of the company commanders to properly maintain order and control of their men. Such conduct, if repeated, will cause the people of the State to regard the members of the regiment with a feeling of apprehension and contempt, and subject the company officers to trial by court martial. In the future, when any organization is ordered from its station, it is directed that all officers remain with their men; and it is further directed that all company commanders at once institute a vigorous investigation and prefer charges against all men in their commands who discharged their pieces without authority on the 18th inst., with a view to having them dishonorably discharged from the military service of the State of New Jersey."

GIFTS AND GIFTS.

Pleasant Ending of the Session of the Grand Jury at Elizabeth Yesterday.

The presentation of a handsome gold-lined silver service set, comprising seven pieces, to W. T. West, of Roselle, foreman of the last Grand Jury, by his fellow jurymen, was a very pleasant feature of the closing session of the Jury. The presentation speech was made by Councilman Francis Engel, and there was a happy response by Mr. West. Following the speech by Mr. West, Andrew Vanderbeek, of this city, a member of the Jury, made a few happy remarks. The silver service was made by J. Wesley Johnson, of this city. Each piece was beautifully engraved. In the centre of the salver was engraved:

Presented
William T. West,
Foreman of Grand Jury.
1900.

By the members of Grand Jury of that session as a token of respect for the courteous and able manner in which he presided over that body.

Mr. West was not the only one surprised, for the jurors on returning to the court room found a neat package on each desk. Each package contained a handsome Russia leather wallet, the gift of Mr. West. On each wallet was stamped in gold the name of the juror receiving it, with the year and date of presentation.

Did Not Cause Maggie's Arrest.

James Harding desires The Press to correct the statement made that he was the cause of Maggie Benford's arrest one day last week. The facts of the case are that Maggie was under the influence of drink and using obscene language on the street. Officer Frederickson seeing her condition and hearing the obscene language, arrested her.

Severed a Small Artery.

While at work on the Johnston fire Tuesday, John Cline, of Plainfield avenue, a member of the truck company, gashed his wrist on some broken glass. It was feared at first that he had received a very bad cut, but it was found later that he had severed a small artery, which had bled very profusely.

Arrangements Not Made Yet.

Arrangements for the print exhibition of the Plainfield Camera Club were not made at the meeting of the club Monday evening. The matter was deferred until the next regular meeting Monday evening when committees will be appointed to take the affair in charge.

The Cars Not There.

As stated in The Press last week the Central railroad has decided to have the cars belonging to the 7:55 train picked up at Dunellen instead of at Plainfield, and this was done for the first time this morning.

Ice Boxes in Delivery Wagons.

Fred Endress is having two handsome rubber-tire delivery wagons built for him by Ballantine & VanFleet, of Somerville. The wagons will be fitted with patent ice boxes similar to the one he now has.

PLAYED GOLF IN RAIN.

REMARKABLE MATCH PLAYED ON HILLSIDE LINKS LAST SATURDAY.

A. E. Fisk Made 93, Beating East Orange Crack—First Match in East Jersey Golf Association.

It is seldom that golf is played under more adverse circumstances than were encountered in the opening match in the East Jersey Golf Association, played on the links of the Hillside Tennis and Golf Club last Saturday afternoon. It rained so hard that the Hillside players did not expect their opponents from East Orange to arrive at all. The East Orange players came, however, and it was play or forfeit the match to them. So seven of the local golfers started out. Capes to mackintoshes were utilized to keep them dry as possible but they were of little protection. In such a rain caddies were almost impossible to secure and most of the players had to carry their own clubs. A few small boys went out barefooted and bravely followed the game throughout.

Good golf was not to be expected under such conditions, but Augustus G. Fisk did some clever work, making the eighteen holes in 93, and defeating the best player of the visiting team by several holes. It looked as if East Orange was going to win, however, for when all except the last pair were in, the visitors were one up. Then Mr. Henderson saved the day by returning his card, having beaten his opponent five up. That gave the match to the Plainfielders by a score of 14 to 10.

It was by far the most remarkable match that has been played on the Hillside course and will be long remembered by those who participated in it. The Hillside team has, since its formation, won over a score of victories and met only one defeat. The defeat was at the hands of the Dyker Meadow team. The formation of the league will give the Hillside team an opportunity to meet the best in this part of the State. It has been difficult, otherwise, to arrange matches, as the Hillside players are playing such great golf that many of the neighboring teams are completely outclassed and are not anxious for any more encounters.

PARK CLUB LOST.

Defeated by New Jersey Whist Club in Attempt to Win State Challenge Whist Trophy.

(Special to The Daily Press.)

Newark, May 24—The whist team of the Park Club, of Plainfield, was defeated last evening in an attempt to wrest the State challenge trophy from the New Jersey Whist Club, of this city. The Park Club and the New Jersey Club have now both made eleven wins for the trophy which passes into the permanent possession of the club first winning it fifteen times.

The game last night was an exciting one. The Park Club had not played together since March while one of the other team was absent. In the first round, the Newark players were in the lead 8 to 1. The second round showed a reversal of the order, the Parks finishing 7 to 0. In the last round the New Jersey's braced up, winning 4 to 0. The total score was 12 to 8 in favor of the New Jersey Whist Club.

The Park Club was represented by Peter B. Matthews, Arthur A. Freeman, Albert Woltmann and Ralph Willis. The Newark players were Messrs. Otis, Aymar, Eagles and Archer.

A Four-Footed Visitor.

The residents of the Clifton building had an unwelcome visitor last evening in the shape of a possum, which was discovered by two ladies ascending the front stairway. On being seen the possum laid down, and the ladies were afraid to pass him. The assistance of a passing colored gentleman was secured, who gleefully took the prize and relieved the blockade on the stairway.

Getting Street Repaired.

A rather feeble attempt was started yesterday to put Arlington avenue back in proper shape. Several carts and a small gang of men were kept busy removing the superfluous earth from the side of the road. Nothing has yet been done toward macadamizing it, however. The iron culverts for the gutter crossings are being set.

Pin For Hope Chapel Boys.

The Young Men's Association, of Hope chapel, have just adopted a handsome official pin, designed by Charles L. Smith. The pin is in shape of a five-pointed star with red tips and blue center. The initials Y. M. A. of H. C. are placed on it making a very neat design. The pins have been ordered and will arrive in a few days.

TRAMP KILLED IN A BAD RAILROAD WRECK

Wheel Breaks on Coal Train Near North Branch and Gondolas Piled in Heaps.

THE TRACKS WERE BLOCKED

TWENTY-ONE CARS, CARRYING 40 TON OF COAL EACH, WRECKED.

Six Tramps Were on the Train—Two Plainfield Young Men Narrowly Escaped Being Killed.

(Special to The Daily Press.)

North Branch, May 24—One of the most disastrious coal train wrecks that the Central railroad has had in a long time, occurred yesterday afternoon about 4 o'clock, just west of the North Branch station.

Engine 435 was bound east with a train of loaded gondolas, running at the rate of twenty-five miles an hour, when the axle on the second car from the engine broke. As a result twenty-one of the cars, loaded with forty tons of coal each, were piled together on the east and west bound tracks.

Besides the brakemen on the train there were six tramps, one of whom was instantly killed and three others are missing. Two brakemen who were on the forward car were pinned under the wreck, and but for the prompt arrival of the section gang one of them would have been smothered beneath the coal. All that could be seen of him was one arm protruding from a pile of coal 20 feet high. He was taken out badly injured and sent to Easton. He gave his name as Hughes and said his home was in Mauch Chunk.

Two young Plainfield men were also in the wreck. Both of them received cuts and bruises. The wrecking trains from Easton and Elizabethport worked all night, but progress was very slow and the first trains were not run through until late this morning. Trains in the meantime were run over the Lehigh road.

All fast freights were held at Plainfield. The tramp who was killed, was well dressed, and had a letter in his pocket addressed to Mrs. S. Collins, Providence, R. I.

The two Plainfield men, which the dispatches from North Branch state, were in the wreck yesterday, were Fred Frey, of Plainfield avenue, and Charles LaTourette, of Jackson avenue. The young men were returning from Whitehouse and were sitting on a car some distance from those that were wrecked. Frey was thrown about forty feet and landed in a wheat field, but escaped with a few bruises and torn clothing. LaTourette was not so fortunate. He received a sprained ankle and several cuts. He was unable to walk and was taken from the depot to his home in a carriage.

Formerly Lived in This City.

The death of Mrs. Caroline M. Smith, aged 56 years, occurred at her residence, No. 7 North Eleventh street, Newark, last Tuesday. She was formerly a resident of this city and an attendant at Trinity Reformed church. She was the mother of Miss Alice O. Smith, who is engaged in teaching music. The funeral services will be held from the late residence tomorrow morning at 11 o'clock, and the interment will take place at Chatham, N. J. Rev. Cornelius Schenck, pastor of Trinity Reformed church, will attend the service.

To Attend Divine Service.

The Sons of Veterans will assemble next Sunday evening at 7 o'clock at their rooms for the purpose of attending divine services at St. Mary's church. A full attendance is desired. The camp will also meet promptly at 7:30 o'clock Decoration Day morning, fully uniformed, to participate in the parade, and again at 1:30 o'clock in the afternoon to attend the services at Music Hall.

Hillman Association's Picnic.

The J. H. Hillman Association is planning for its second annual picnic to be held at Mountainside Grove on Decoration Day. The great success of last season's affair has led the promoter to expect a very satisfactory turnout this year.

The Last Meeting.

The Parliamentary Club held their last meeting this morning. With the exception of the election of Miss L. W. Serrell, Jr., as recording secretary, no business of importance was transacted. The club will resume meetings in October.

Industrial School Fair.

Arrangements are being made by the management of the Industrial School to hold the annual fair in the parish house of the Church of the Heavenly Rest June 7th. The affair will be, as usual, very elaborate.

NEW ASSOCIATED PRESS.

Driven From Illinois, an Organization Is Started In New York.

NEW YORK, May 24.—A charter has been issued at Albany to the following named gentlemen as incorporators of a news gathering organization to be called the Associated Press: Stephen O'Meara of the Boston Journal, Adolph S. Ochs of the New York Times, St. Clair McKelway of the Brooklyn Eagle, William L. McLean of the Philadelphia Bulletin, Frank B. Noyes of the Washington Star and A. H. Belo of the Galveston Daily News and Dallas Daily News.

The membership of the corporation is to consist of and to be limited to the proprietors of newspapers. It is to be purely mutual and co-operative, to make no profit and to declare no dividends. It is not to sell news, but is to collect for and to distribute to its members only. Its operations and membership will cover the entire country.

One of the incorporators said: "The decision of the supreme court of Illinois has swept away a number of the fundamental principles of the association with which we have been connected and has made it impossible for that organization to go on and meet the needs or fulfill the desires of its members. We have looked about for some plan and, in full accord with practically all our associates, have concluded to organize a new Associated Press under the laws of New York. We have in mind simply to carry into this new corporation all of the principles that gave character to the old one, to make no changes whatever in the fundamental theories, to preserve intact all the rights of individual members and in general to find a more congenial domicile than Illinois afforded. The men engaged in the work of incorporation are simply acting as trustees for their associates until the plan can be so far perfected as to turn it over to a fully qualified membership."

Score Killed In Mine.

RALEIGH, May 24.—Twenty-two miners—10 white men and 12 negroes—lost their lives in an explosion at the Cumnock coal mines, Chatham county, N. C. The explosion is supposed to have been caused by a broken gauze in a safety lamp. Forty or 50 men were in the mine at the time. The list of dead includes John Connelly, mine superintendent. He came here from Pittsburg.

In the Cumnock mines on Dec. 19, 1895, an explosion of fire damp occurred, causing the loss of 40 lives. Extensive improvements were made, and the mines had since been thought free from fire damp. Pennsylvania capitalists own the property.

Mayor Harrison For President.

CHICAGO, May 24.—The Record, the acknowledged mouthpiece of Mayor Harrison, printed the following this morning: "Mayor Harrison's name may be presented to the Democratic national convention. Democrats in the state outside of Cook county believe that the Harrison-Gahan-Burke-Loeffler machine will not be averse to going to Kansas City with a state delegation uninstructed or definitely instructed for Harrison for president."

GENERAL SCHWAN'S REPORT.

No Military Organization Among Filipinos—Praise For Otis.

ST. PAUL, May 24.—Brigadier General Theodore Schwan, who has just arrived here from Manila, says:

"There is no longer a rebel military organization, and the guerrilla or robber bands now pursued by the American troops have always existed. They have been re-enforced by officers and men of the rebel army who preferred fighting to labor when their government was broken up, but they are fighting without any union and each band for itself."

General Schwan says the natives learn English very readily, being anxious to acquire the language because it is the language of commerce. They take great interest in the schools established by the war department. Large numbers of text-books have been sent out, every possible encouragement being given to the established schools, and new ones are founded as rapidly as possible.

"We have a foothold in all of the provinces, and sufficient garrisons are maintained," General Schwan continued "Every important point in Luzon is garrisoned and nearly all the important towns in all the islands.

"The American people owe a great debt to General Otis, whose masterly conduct of the war and administration of civil government have thus speedily brought about this desirable state of affairs. He is a remarkable man, and it would be impossible for any one not immediately connected with him to know how great was the burden he carried."

ANTICANTEEN BILL.

House Military Committee Orders a Favorable Report.

WASHINGTON, May 24.—The anti-canteen bill, which has attracted wide-spread attention and against which the military authorities recently reported, was ordered favorably reported by the house committee on military affairs with an amendment which will exclude liquor from the capitol and other public buildings. The bill reported is known as the Bowersock bill and is applied to premises used "for military purposes." These words were struck out, making the bill apply to "any premises used or owned by the United States." The bill as reported is as follows:

"A bill to prevent the selling of or dealing in beer, wine or any intoxicating drinks in any post exchange or canteen or transport or upon any premises used or owned by the United States.

"Be it enacted, etc., That the sale of or dealing in beer, wine or any intoxicating drinks as a beverage by any person in any post exchange or canteen or transport or upon any premises used or owned by the United States is hereby prohibited.

"Section 2. That the penalty for any violation of this act shall not be less than $100 and not more than $500 for each offense."

The vote on the bill was 8 to 3 and, although in executive session, is understood to have been: Yeas—Hull, Marsh, Capron, Dick, Sulzer, Lentz, Hay and Jett. Nays—Slayden, Parker and Stevens.

Artist Carpenter Dead.

NEW YORK, May 24.—Francis Bicknell Carpenter, the well known artist, died in the Presbyterian hospital yesterday afternoon. Mr. Carpenter had been a sufferer from dropsy for about a year and had been under almost constant medical treatment. Mr. Carpenter was best known through his painting "The Emancipation Proclamation," which shows President Lincoln, in the presence of the members of his cabinet, signing the proclamation on Jan. 1, 1863. This picture was exhibited in the principal cities of the United States in 1864 and 1865. It was purchased by Miss Elizabeth Thompson for $25,000 and presented to congress in 1877. It has since been engraved by Ritchie. The picture now hangs in the east wing of the house of representatives. Mr. Carpenter spent several months in the White House while painting the picture and wrote a book entitled "Six Months In the White House With Abraham Lincoln."

Murdered and Outraged.

WEST CHESTER, Pa., May 24.—Stella Morrison, wife of Washington Morrison, aged 26 years, was found murdered in her home at Woodwards Hollow, four miles south of here on a lonely road which leads to Wilmington, Del. Her head was cut and crushed, and there were evidences of assault and a fierce struggle in the room where the body was found by her father-in-law at 4 o'clock yesterday afternoon. It is believed that tramps did the deed, as several were seen in the locality. The coroner and other officers are scouring the country for the murderer.

Man and Horse Killed.

NEW YORK, May 24.—Another bad accident occurred at Morris Park yesterday, which resulted in the death of a man and a horse. Otto Malden was schooling Kingbon over the jumps, when he bolted, crashed through the fence at the head of the stretch and fell heavily. The man was so badly hurt that he died shortly afterward, and the horse had to be shot. Kingbon was a bay gelding owned by John Monahan.

NEARING TRANSVAAL

British Cavalry Across the Rhenoster River.

THE PASSAGE SHARPLY DISPUTED.

Pretoria Reported Ready For a Year's Siege—The Relief of Mafeking and Entering of the Troops Described.

LONDON, May 24.—Lord Roberts is drawing near to the frontier of the Transvaal. His infantry masses are 33 miles north of Kroonstadt, at the Rhenoster river. Some thousands of cavalry are already across the river.

The Boers are retiring toward the Vaal with their heavy baggage. They are reported from Pretoria as already across that river. Twelve thousand men and 14 guns compose the retreating army. Trains continue to run from Veronniging, at the Vaal, to Pretoria.

Foreign engineers assert that Pretoria is able to stand a year's siege. According to advices from Lourenco Marques the Pretoria fortifications are described as complete, but Johannesburg has not yet been placed entirely in a state of defense. The Transvaal government papers and the war chest have been removed to Lydenburg.

Foreigners continue to leave the republic. The Dutch cruiser Friesland is in Delagoa bay, so it is reported, to furnish an asylum to the fleeing Hollanders and passage to Europe.

The Boer forces continue to dwindle. Some of the correspondents assert that probably only about 24,000 of the hardiest fighters yet remain, although there are detached parties in various parts of the Transvaal.

The war office has published the following from Lord Roberts, dated South Bank of the Rhenoster river, May 23, 1:30 p. m.:

"We found on arrival here this morning that the enemy had fled during the night. They had occupied a strong position on the north bank of the river, which had been carefully intrenched, but they did not think it advisable to defend it when they heard that Ian Hamilton's force was at Heilbron and that our cavalry, which had crossed the Rhenoster some miles lower down the stream, were threatening their right and rear.

"The bridge over the Rhenoster, several culverts and some miles of railway were destroyed.

"Ian Hamilton's force drove the Boers under Ret De Wet before them from Lindley to Heilbron. The passage of the Rhenoster was stoutly disputed. Our loss might have been heavy but for a well concerted plan which brought Smith-Dorrien's brigade on the enemy's flank just at the right moment.

"The officer commanding at Boshof reports that upward of 350 Free Staters have surrendered during the last few days and that they have given up 360 rifles, 100 horses and a large amount of ammunition.

"Kelly-Kenny reports that three companies of yeomanry who were sent to repair the telegraph line and to clear the country between Bloemfontein and Boshof have returned to Bloemfontein, having performed the duty exceedingly well."

Mafeking dispatches continue to pour into London relating the events immediately preceding the relief and the entry of the troops. The correspondents agree that the Canadian artillery, Major Endon's seven guns, did splendid work. Some of them assert that the Canadians did "absolutely essential work in the fighting."

About 7 in the evening of the day before the relief, after Colonel Mahon and Colonel Plumer had defeated the Boers nine miles from Mafeking, Major Karri Davies and nine scouts entered the town. The Boers were then retreating. At 4 on the following morning 1,000 men, including the Canadians, arrived. With them were 20 wagon loads of food, which were received with wild demonstrations. The armored train and a detachment then pushed forward to Gametree fort, the scene of the unsuccessful sortie in December. The Boers had evacuated it on the east. They were pursued, and the correspondent, telegraphing these facts Thursday afternoon, closed his dispatch thus:

"We caught up with the retreating Boers and have them now surrounded."

A dispatch from Mafeking, dated May 18, says:

"The whole town is animated with a keen sense of exultation over yesterday's victory, which was complete, decisive and farreaching. The military position shortly after sunrise was extraordinary. All the outlying works of the town were intact. The British had lost hardly any men, and yet three bodies of federals right inside the British lines had been surrounded, cut off and given an opportunity to surrender, which they had declined.

"Commandant Sarel Eloff did not realize that his supports had been driven back, and he informed a messenger that the town was at his mercy. Toward noon there was a lull in the fighting. Everybody at headquarters went to breakfast, and the commissariat requisitioned for horse sausage, bread and water for the men on the fighting line. There was no thought of half rations. Every one got all he could eat.

"The British in the start, moving from rock to rock, gradually drew in their circle around the federals, whom they corralled like cattle in a compound. Shortly after 4:30 p. m. a white flag was hoisted by the enemy, and then amid ringing cheers the first batch of Boers was disarmed and sent to the town. The erstwhile besiegers furnished an inspiriting spectacle to the townsfolk, themselves so long cooped up. As the hungry, dirty, battle stained Boers marched between the gleaming bayonets of the British the British population received them respectfully, but the Kaffirs gave full rein to their enthusiasm in hoots, yells and similar expressions of delight. The prisoners seemed glad that the fight was over."

Fischer Says Surrender.

CAPE TOWN, May 24.—It is reported here that President Kruger has received a communication from Mr. Abraham Fischer, one of the Boer delegates now in the United States, advising him to surrender on the best terms obtainable from Lord Roberts. It is also understood that when Lord Roberts crosses the Vaal river he will issue a proclamation announcing that if the burghers return to their farms their property and stock will be respected.

Weather Probabilities.

Partly cloudy, with showers; light winds, mostly southerly.

CUBAN POLITICS DULL

Little Enthusiasm Over the Coming Elections.

LIGHT REGISTRATION THUS FAR.

General Wood Modifies Election Law In Havana In Favor of the Minority—Bishop Sbarretti Asks Modification In Marriage Law.

HAVANA, May 24.—Except among Cuban politicians there is comparatively little enthusiasm regarding the approaching elections. This is shown by the very light registration. One of the worst features of the situation is the fact that as soon as a party sees it is not likely to win in a particular quarter it withdraws its candidate and declares that everything has been arranged unfairly with a view of defeating them. The Democratic Union and the Republican parties have both withdrawn their candidates in Havana, leaving the election a practical walkover for the National party. On the other hand at Matanzas and Santa Clara the Republicans are likely to have easy victories, the Nationalists there objecting to the election laws. Santiago will be controlled by the Conservative party, of which Demetrius Castillo is the leader. Pinar del Rio has only a National ticket, and this only applies to the mayoralty.

General Wood has issued a modification of the electoral law for the city of Havana so that among the councilmen the minority will be represented. The city will be divided into six districts, each having four councilors. No one will be allowed to vote for more than three candidates, thus assuring to the minority at least six representatives. In view of this arrangement another week will be allowed for nominations.

It is now asserted that the only candidates for the mayoralty will be General Alejandro Rodriguez, representing the National party, and Senor Estrada Mora, who will run as an independent candidate. Many believe that the latter's chances are very good, as he made a favorable impression while assistant mayor and afterward as acting mayor.

Mgr. Donato Sbarretti, bishop of Havana, accompanied by a number of priests representing the clergy and by a lay commission representing the lay Catholics of the diocese, has presented to General Wood petitions signed by 31,000 people requesting that the decree issued by General Brooke while military governor of Cuba ordering that only civil marriages should be considered lawful may be so altered as to allow marriages celebrated according to the rites of any religion to be considered lawful, provided a record of the ceremony is duly handed in by the church or religious body for civil registration within 30 days.

Mgr. Sbarretti delivered an address, in the course of which he contended that General Brooke's decree was contrary to the spirit of religious liberty and to the freedom of conscience professed by the American people and guaranteed by the treaty of Paris.

The Patria, reverting to the postal frauds, observes:

"The Washington government entirely controls the affairs of Cuba. Therefore it is quite right that Washington should give account of the management of the Cuban postal department to the American and Cuban peoples.

"President McKinley's attitude in deciding that the amount stolen must be returned to the Cuban people is an act of justice, not of generosity."

The Boers Dine With Hay.

WASHINGTON, May 24.—Secretary Hay yesterday entertained at luncheon the Boer delegates now in Washington. The affair was a purely personal compliment extended by the secretary and had not even a social significance. His son, Adelbert Hay, the present United States consul at Pretoria, has been treated with the greatest courtesy and consideration by the Boers, not only officially, but personally, and perhaps it was remembrance of this fact that induced the secretary to endeavor to reciprocate in this manner. The party was small. Besides the secretary and his family there were present the delegates, Mrs. Fischer, wife of the leader of the delegation; Dr. Hill, the assistant secretary of state, and a few ladies, intimate friends of the secretary's family.

Plant Mortgaged For Dividends.

FALL RIVER, Mass., May 24.—At a meeting of the stockholders of the Border City Cotton mills it was voted to mortgage the plant for $500,000 and to divide the proceeds of a sale of mortgage bonds among the stockholders. This will amount to a dividend of 50 per cent. The directors recommended that this step be taken as in their opinion the stockholders should hold securities more nearly representing the value of the property of the corporation than is represented by the present capital of $1,000,000. The proposed bonds will draw 5 per cent interest and will probably run for 20 years. In effect the bonds will practically be a gift to the stockholders.

American Jurors In Paris.

PARIS, May 24.—The American jurors appointed for the Paris exposition number 95. Sixty of them who are now in Paris held a meeting and discussed their duties. They afterward attended the general assembly of jurors of all nations at the Palais du Trocadero, at which 1,800 were present. M. Millerand, the minister of commerce, who presided, welcomed them, and M. Picard, the director general of the exposition, read the rules for adjudication.

Good Pay For Three Months.

NEW YORK, May 24.—Members of the bar who are conversant with the affairs of the Third Avenue Railroad company state that it was estimated that the fee of Hugh J. Grant as receiver of the Third Avenue company would amount to $200,000. The receiver's compensation will be 1 per cent on receipts and disbursements. Mr. Grant's term extended over a period of three months.

Killed at Crossing.

MIDDLETOWN, N. Y., May 24.—While attempting to cross the Erie tracks here Truman Racine, a milkman, was struck and killed by a train. The horse was also killed. George Ellison, an aged man, who was with Racine, escaped with slight injuries.

Silk Weavers Strike.

NORWICH, Conn., May 24.—About 25 weavers employed at the Owaneco Silk mills here are out on strike. The strikers claim they were too heavily taxed for imperfect work.

Oh My Poor Back!

BRIDGE WORK

In Dentistry is the best substitute for nature's work that can be done. Sound roots may be built up and crowned and thus fill up an unsightly space. It has to be made of a material that has strength and durability and one that will not discolor. Gold is the one that stands the test. That is the secret of the expense. But the advantages of a bridge over a plate are many times more than the cost of one compared to that of the other.

Announcement is made of the approaching marriage of Miss Bertie B. Ayers and Walter L. Cooke, of this city, to take place Tuesday, June 5th.

Mrs. Augustus Runyon, of West Front street, who was very ill, and who had almost recovered, has had a relapse, and is again confined to the house.

William Drake, of Richmond street, is suffering with a badly bruised shoulder, the result of a sliding ladder falling on him while he was at work in Belcher's stables.

LITERARY.

"Everybody's Magazine for June is full of that sort of literature that is easy to read and hard to forget. The skilful admixture of information with interest, which is characteristic of the articles in this magazine is shown at its best. The "The Simple Explanation" of the month is entitled "Electricity and Some Other Puzzles." The author disclaims at the outset any intention of "explaining" what electricity is, for he says no explanation has yet been given. But he talks breezily along about the latest theories in regard to it and when the reader finishes he will have a very good idea of what it is thought to be, as well as a pretty clear understanding of the hypotheses that concern light, heat, gavitation and the automic and molecular construction of matter.

GREED CHANGES PUT OVER.

The Question Sent to a Committee to Report Next Year.

ST. LOUIS, May 24.—The question of a revision of the Westminster confession was by a vote of the Presbyterian general assembly yesterday afternoon placed in the hands of a committee of 16 to report back to the assembly next year. This committee will compare, analyze and summarize suggestions from the presbyteries, which are invited to take action on the "whole matter of a restatement of the doctrines most surely believed among us and which are substantially embodied in our confession of faith." An hour's discussion preceded the adoption of this plan.

Following the action on the creed revision the assembly elected the Rev. William Noble, D. D., of Redlands, Cal., permanent clerk from a field of seven candidates. The McGiffert case was disposed of by the Rev. Dr. George W. F. Birch withdrawing his appeal after it had been declared regular.

No Change In Creed.

ATLANTA, May 24.—Little Rock was chosen as the 1901 meeting place of the southern general assembly of the Presbyterian church. No discussion on a revision of the confession of faith of the Presbyterian church will arise in the present session of the assembly. The overture from the Brazos (Tex.) presbytery asking a change regarding the death of infants was reported negatively by the committee to which it had been referred, and the report was adopted by the assembly, precluding the possibility of a discussion over the confession.

POLICEMAN KILLED.

St. Louis Strikers Grow More Riotous—Boy Shot Through Leg.

ST. LOUIS, May 24.—Renewed rioting and another fatality marked the progress of the strike yesterday. In the afternoon a Cass avenue car was stopped at the corner of Twenty-third street and Cass avenue to remove a barricade which had been placed across the track. During the enforced halt a mob attacked the car, firing a number of shots. One of the bullets struck Special Policeman Duncan K. McRea, who was riding on the front platform with the motorman, in the left arm, passing through his body and coming out on the right side. The policeman sank unconscious to the floor.

Other patrolmen who had been stationed at the corner to protect the cars then charged the crowd and beat them back. A riot call was sent in, and a dozen mounted policemen came at full gallop to the scene. The combined forces soon restored order. McRea was placed in an ambulance and a hasty trip was made to the dispensary. When the unfortunate policeman was taken out and laid on the operating table, it was found that he was dead. McRea was about 60 years of age and was appointed to the force last Monday. He was a Mexican war veteran and served as a private during the civil war on the Confederate side. He came of a prominent family in New Orleans and was formerly a resident of Kansas City. Eddie Manz, 3 years old, was shot through the leg by a man on a Cass avenue car.

THE MILK WAR.

Looks Like a Collapse on the Part of the Five Staters.

BINGHAMTON, N. Y., May 24.—Over 400 farmers within a radius of 150 miles attended the meeting of the Five States Milk Producers' association held in this city.

It was announced that the statements that were made some time ago that the sales committee of the association had closed a contract with the large New York company headed by Charles R. Flint were false. It was said that no member of the sales committee ever made any such statement. Negotiations were pending and still are pending between the sales committee and that company, and it is believed that a contract will soon be made whereby the producers will secure the price for their milk that they demand.

After much discussion in regard to the recent order of the sales committee for the withholding of the milk a resolution was passed whereby it was decided not to take any further action along that line at present. All members of the association are to be left at liberty to withhold their milk or sell it wherever or to whoever they can to the best advantage.

Cables For the Philippines.

WASHINGTON, May 24.—General Greely, chief signal officer, is making arrangements with the quartermaster's department for the shipment of a large supply of cable to the Philippines, where it is urgently needed in order to keep General MacArthur in close and constant touch with his troops in all parts of the archipelago. About 600 miles of cable will be required for the completion of the cable service in the Philippines, and about half of this quantity will be shipped on the transport Burnside, which will be fitted out at New York for that purpose. It is hoped that she will be ready to start for New York early in August. The remainder of the cable will be forwarded by commercial lines as promptly as possible.

Sharkey Anxious to Fight Jeffries.

NEW YORK, May 24.—Tom Sharkey has finally decided to fight James J. Jeffries again for the heavyweight championship of the world. If the match is made, the men will probably fight at Coney Island in August. Sharkey is now matched to meet McCoy on June 2. Jeffries is suffering from an injury to his left hand, so that it will be impossible for either man to be in proper shape until August.

Turkey Must Hurry.

CONSTANTINOPLE, May 24.—The United States legation having vainly waited four weeks for a reply to the note of April 24 regarding the American indemnity claims, Mr. Lloyd C. Griscom, United States charge d'affaires, yesterday handed to Tewfik Pasha, minister of foreign affairs, a new note, couched in more precise terms and insisting upon a prompt settlement.

Lipton's Generous Offer.

NEW YORK, May 24.—Sir Thomas Lipton sent a cable to the New York Yacht club on May 17 offering a cup valued at $500 to be sailed for by the yachts of the New York Yacht club. The offer has now been supplemented by another offer, in which he offers a cup valued at $1,000.

Oregon Town Scorched.

RENO, Nev., May 24.—A special to The Gazette says the business portion of Lakeview, Or., has been destroyed by fire. Lakeview has a population of 700.

SHARP CONTROVERSY

Republican Senators Disagree Over Insular Matters.

HALE AND SPOONER HAVE A TILT.

Extradition Bill Passes the House. Applies to All Outside Territory. Aimed Especially at the Neely Case.

WASHINGTON, May 24.—Yesterday was a day of rasping political controversy and oratory in the senate. With the controversy those on the Democratic side of the chamber, anomalous as it may seem, had little to do. What by farseeing senators is regarded as likely to be the paramount issue of the approaching national campaign was the subject of two notable speeches, one by Mr. Platt of Connecticut and the other by Mr. Spooner of Wisconsin. The former was an answer to the speech delivered a few days ago by Mr. Bacon of Georgia on his resolution demanding an investigation of financial affairs in Cuba. Mr. Platt favored the adoption of the resolution, but deprecated what he declared was a cheap effort to make political capital out of a shameful condition of affairs which the Republican party needed no prodding to induce it to probe to the bottom.

The speech of Mr. Spooner was a continuation of his address of yesterday on the Philippine question. In its course he became involved in a heated and sensational colloquy with Mr. Hale of Maine over the government's conduct of affairs in our "insular possessions." It was a remarkable controversy between two of the best equipped debaters in the senate and was listened to with profound attention by senators, many representatives and crowded galleries. Mr. Spooner will continue his speech today.

The house passed without division the extradition bill framed by the judiciary committee, but only after a debate in which considerable political rancor was aroused. There was no division of sentiment as to the duty of congress to pass a bill to permit the extradition of Neely, but the Democrats objected to the language of the bill which covered "any foreign country or territory or part thereof occupied by the United States." The Democrats wanted the bill to apply specifically to Cuba, contending that the broader language assumed the possibility of further acquisitions by the United States of a character similar to that of Cuba. A motion to recommit with instructions to change the language was defeated by a strict party vote.

The house also adopted the resolution to allow the committee on ways and means to sit during the recess of congress for the purpose of framing a bill for the reduction of the war revenues and the resolution for a sine die adjournment June 6.

Cashier Mussey Sentenced.

RUTLAND, Vt., May 24.—Charles W. Mussey pleaded guilty before Judge Wheeler in the United States district court yesterday afternoon to an indictment charging him with the embezzlement and misappropriation of the funds of the Merchants' National bank of Rutland, of which he was cashier, and was sentenced to seven years' imprisonment. John C. Farrar, the former cashier of the Waterbury National bank, also pleaded guilty to abstracting $30,000 of the funds of that institution and was given a term of six years. Both men were assigned to cells in the house of correction here last night. Under the law the prisoners were not condemned to hard labor, and they may by good behavior secure a reduction in their terms of confinement of five days for every month.

Methodists Abolish Time Limit.

CHICAGO, May 24.—By a vote of 433 to 238 the Methodist general conference has abolished the time limit of pastorates, thus finally disposing of one of the most important questions before the great Methodist body and doing away with one of the fundamental features of the itinerant system of the denomination. Hereafter, according to the amendment to the discipline adopted by the conference, preachers will be appointed annually by the bishops, with no limit on the number of years a pastor may serve one congregation except the limit imposed by his own ability and popularity with his congregation. He will still be a pilgrim and a stranger, but now may tarry longer than five years. Fraternal greetings were exchanged with the Presbyterian general assembly now in session at St. Louis.

To See the Eclipse.

CHARLESTON, S. C., May 24.—Among the eminent astronomers who will go to Newberry, this state, next Friday to view the eclipse are Professor Page, meteorologist of the United States hydrographic office; Roberdeau Buchanan of the Nautical Almanac office, who for many years compiled eclipse data; Professor Cleveland Abbe of the government signal service and the following members of the Brooklyn Astronomical institute: Professors C. P. Serviss, Levison, Wattles, Holst and Charles Lembke. They will be the guests of the faculty of Newberry college and the citizens of the town. The observatory has been admirably selected near the Southern railway depot.

To Work Siberian Mines.

SAN FRANCISCO, May 24.—Fifty-two experienced California miners will soon sail for Manchuria to work placer mines in Siberia and Manchuria, for which Victor Grot, a well known Californian expert, obtained concessions two years ago. They will take with them $300,000 worth of improved mining machinery. The Siberian mines are 150 miles from Chitu, and in Manchuria the mines are 550 miles from Tien-tsin.

A Three Thousand Scholarship.

PHILADELPHIA, May 24.—The will of Mrs. Juliet S. Bradford, widow of Professor Vincent L. Bradford, LL. D. and D. C. L., who died recently, leaving an estate valued at $50,000, makes a bequest of $3,000 to the Washington and Lee university of Virginia. It is to be used to endow a scholarship to be known as the Vincent L. Bradford scholarship.

Department Stores Taxed.

BERLIN, May 24.—The acceptance by the Prussian diet of the department store bill, which taxes to the amount of 20 per cent the net earnings of such stores as sell goods to the value of 300,000 marks or more yearly, has been greeted by the Liberal press with a storm of indignation. These journals denounce it as prohibitive.

Great Britain is Paying the Price.

According to the New York Sun the British casualty list in the South African war is something appalling. Two hundred eighty-nine officers have been killed by Boer bullets or disease and 731 are wounded or missing. Of the rank and file 4,309 have been killed or have died of disease, 9,843 have been wounded and 4,235 are missing. In addition to the foregoing, 416 officers and 7,203 men have been sent home invalided, thus bringing the losses of the army up to 27,196. On May 5th it is estimated that fully 9,000 were in the hospitals. To this list must be added the noncombatants who have been killed, wounded or died of disease, making a grand total of something over 40,000 casualties thus far.

The Sun's figures leads the Newark News to say: "Hitherto operations have been over an extended field and the casualties, therefore, comparatively light. As the Boer lines contract and their armies find the shelter of the rugged mountain passes of the Transvaal, it seems likely that the British losses are to be very considerable, although from this time on things will be principally included under the heads, 'killed and wounded.' Of course, matters have gone too far to make any sort of a compromise possible. The war must go on to the inevitable end, which means the overwhelming and final defeat of the burghers and the probable obliteration from the maps of these two sturdy little republics. But when the final losses of Great Britain are summed up—the killed, the wounded, the invalided and the tremendous outlay of money—it will probably be found that every acre of Transvaal territory has cost her in British blood and pounds sterling a price which makes this war one of the worst bargains that a great nation ever made."

Enumerators Must be Careful.

C.S.Tunis, supervisors of the census work in this district, has advised The Daily Press of an important rule in regard to the duties and rules governing the conduct of the enumerators who will gather the statistics for Uncle Sam. It is that the enumerators cannot be used to gather lists of names of inhabitants of the sections in which they are employed for use as business purposes or of a semi-public character. In his letter to The Daily Press, Mr. Tunis says:

"As every enumerator is sworn to obey the law under which the census is being taken and likewise to obey the instructions issued in pursuance thereof by the director of the census, it is perhaps only necessary to call attention to the fact that both the law and instructions prohibit anything of the sort and prescribe severe penalties for any infraction of the law in this regard. It follows, therefore, that neither the list nor any portion thereof can be transcribed or made use of in any other way than through its transmission to the Director at Washington. Not even for his own personal use can the enumerrtor make out such a list, let alone furnish it to anyone else."

New Jersey's Fine Roads.

New Jersey farmers, according to Henry L. Budd, the road commissioner, are fairly alive to the importance of good roads. They have found what it is to have hard graded thoroughfares, and are running every day to see which one reaches the commissioner's office first with a petition for such an improvement. The farmers themselves pay 10 per cent. of the cost, the State one-third the expense, and the county the remainder.

There are 116 miles of completed public roads in the State, an increase of thirty-one miles over 1898.

Wheelmen have long known what good runs they can take in Jersey, and now the automobiles are getting so common that in the farout rural districts one seldom thinks of hurrying all the family to the windows and doorways to see a horseless carriage rolling along as easily as in an asphalted city street.

Mr. Budd thinks Jersey will become the mecca of automobilists as well as tally-ho parties as soon as folks find out that no State has better roads or finer scenery.

The benevolent people of this city are well-enough acquainted with the work of the City Union of King's Daughters in the conduct of the fresh air camp on the mountains so that an appeal for funds to carry on the good work this season ought to meet with a ready and liberal response. Such a request was made by the City Union in yesterday's Press, and to those who feel that they can spare something, be it a few cents or several dollars, for the maintenance of this noble institution for the benefit of the poor mothers and babies of the community, we commend the application of the apt saying of "he who gives quickly gives twice." Make your contributions for this work at once. It is deserving of all the aid that it can receive. The young women who are charged with the responsibility of carrying it on sacrifice much of their own time and funds—although they take great pleasure in doing so—but to make it the success that it should be they need the hearty co-operation of the charitably inclined. Let that aid come to them promptly.

The State convention of the Socialist Labor Party of New Jersey will meet at the headquarters in Jersey City, Wednesday, July 4th, at 10 a m., to select Presidential electors and to perfect the party organization in the State.

WHAT THE SHEARS FIND.

Editorial Comment From Other Papers of Interest in Plainfield.

Speaking of the recent Democratic dinner given in Plainfield, and the naming of James E. Martine as a delegate-at-large to the National Democratic convention, the Plainfield Press says "it was a great compliment to Mr. Martine." It was not a compliment for an employer to pay an honest and valued employe his richly-earned wages, and no more is it a compliment for the Democratic party to hand over to Mr. Martine whatever of honor or preferment it has in its power to bestow upon a devoted and eminent advocate.—Elizabeth Journal.

PASSING COMMENT

Things that Are Not Exactly News but Just as Interesting.

It may be of interesting to Plainfielders to know that at present there are about 7,000 employes in the Singer factory at Elizabeth and that when the new addition is completed the number will be increased to over 8,000 The company is at present turning out about 9,000 sewing machines a week, over half of which are shipped to Europe. An improved automobile is also being built by the company and a large number are sent out each week.

Former Congressman Alva Clarke, the Somerville lawyer, was seated in his office one day some years ago when a country lad came in the office and asked him if he wished to buy a cord of wood. "Yes," said Mr. Clarke, "if you will take it out in law." He did not believe that the boy would accept the offer but without a moment's hesitation he replied, "all right," and went out. Mr. Clarke thought no more of the matter until a short time afterward when a constable entered and informed him that he was under arrest for the non-payment of one cord of wood. The boy had delivered the wood and had immediately swore out a writ against Mr. Clarke. There was nothing else to do but to take the joke and the lawyer paid the bill.

DUNELLEN.

(Special Correspondence to The Press.)

Dunellen, May 24—The bridge committee of the Middlesex County Board of Freeholders met yesterday and awarded the contracts for the new bridge on the Bound Brook road, on the outskirts of Dunellen. The stone work was awarded to William Farrier, of New Market, and the iron work to William T. Kirk, of Plainfield. Work will be commenced in a short time. The committee drove to the spot and after viewing the old bridge enjoyed a short drive about Dunellen.

Last fall W. H. Cole predicted that there would be twelve snow-storms during the coming winter. Up to the last snow-storm he had counted eleven, but says that there was two distinct falls of snow in one night, the clouds clearing away after the first one and then reappearing for the second. Counting this as two he would have the twelve, but at any rate, he says, there was another one in Hunterdon county, his old home, which would make the twelve anyway.

Mrs. Addie Randolph and sister, Mrs. Carrie Vorhees, entertained yesterday the Friendship Social Circle. The programme was informal, and refreshments served by the hostess' concluded the social half-hour.

Mrs. Maria Noble, who has been making her home in Newark during the past winter, has returned and taken up her residence with her son Wm. B. Noble.

Mrs. Edward Merrett and children, of Summit, who have been spending two weeks with her mother, Mrs. Ann Dobbins, have returned home.

Mrs. Schenck, of Madison avenue, is visiting at the home of Mr. and Mrs. Louis Coddington, of Fanwood.

Miss Lola Dorwarth, of New York, has been visiting at the home of friends in town for a week.

A special meeting of the Board of Education will be held in the school parlors this evening.

Robert Jahn is making improvements to his home on Park avenue.

WESTFIELD.

(Special Correspondence to The Press.)

Westfield, May 24—The enumeration of the inhabitants for the census, it is said, will show a population of at least 5,000, a sufficient quota to take action for the incorporation of the town into a city of the fourth class, making a change from the township form of government to that of a city, which the size and growing business interest make necessary for the proper development of its territory, and the care and extension of the city improvements already installed.

SOMERVILLE.

(Special Correspondence to The Press.)

Somerville, May 24.—Fire was discovered yesterday morning in the storage rooms of the new Raritan Woolen Mills, and an alarm was turned in from the mill calling out four companies. The Hook and Ladder, Lincoln and West End companies responded from Somerville, while the Relief Hose from Raritan started for the fire. After the firemen had a hard battle with the flames the blaze was gotten under control. Lewis Mack was seen by a Press reporter, and he estimated the loss at about $300.

Yesterday at noon R H. Layton signaled a trolley car at Grove street, to go to his house in East Somerville. The car did not stop, but slowed down a little and he grabbed the handle and attempted to board it. He was dragged a short distance and thrown. The back of his coat was torn, and he was badly bruised. He will sue the company for damages.

Walter L. Johnson, champion of Somerville, and C. Young, champion of Plainfield, will play 200 points of continuous pool on Friday night at the Commercial Hotel. Johnson has played some magnificient games here and out of town, and he expects to make a fine showing.

Ex-Senator Keys entertained Judge J. H. Lippincott, of Jersey City, and a number of other friends at the Chelsea, New York, Tuesday night.

Christan Anderson, who was arrested on Tuesday by Officer Holmes for reckless driving, was sentenced to 10 days in jail by Justice Farley.

Welsh Bros. circus was a success yesterday and was well patronized both afternoon and evening.

Rev. Frank A. Smith is representing the State Baptist Educational Society in Detroit this week.

SOUTH PLAINFIELD.

(Special Correspondence to The Press.)

South Plainfield, May 24—Dennis Harlo has had the lot plowed up which he recently purchased and will soon enclose it with a fence.

McDonough Brothers commenced filling the Swift beef house box with ice today. They have several teams at work on it.

The mumps have about run their course in town, there being no cases of them now.

Dan Laing has so far recovered as to be able to drive out alone.

PROHIBITION PRINCIPLES.

Platform Adopted in State Convention by the Advocates of Cold Water.

The following is the platform of the Prohibition party of New Jersey, adopted at its recent State convention:

The National Prohibition party of New Jersey, in convention assembled at Trenton this 8th day of May, 1900, presents the following declaration of principles and purposes:

We acknowledge Almighty God as the Supreme Ruler in the affairs of men and nations, and believe that the principles of righteousness should apply in all governments. A nation that fails to recognize or be governed by this principle must inevitably fail.

We maintain that the traffic in alcoholic liquors is the supreme social, civic, economic and moral evil. It saps the foundation of good government by debasing the people. It adds greatly to the burden of taxation. It promotes pauperism, crime and disorder. It corrupts public officials and political leaders by terrorism and bribery, and through its flagrant and open violation of law, it encourages a spirit of anarchy and contempt for all law.

We view with indignation the continuance of the army canteen, in violation of the clearly expressed meaning of the 17th section of an act passed by Congress for the regulation of the army, which states "that no officer or private soldier shall be detached to sell intoxicating drinks, as a bartender or otherwise, in any post exchange or canteen, nor shall any other person be required or allowed to sell such liquor in any encampment or fort, or on any premises used for military purposes by the United States."

We declare that the nullification of the anti-canteen enactment by the President of the United States, under the hypocritical pretense of following the opinion of his legal adviser, Attorney General Griggs, in behalf of and at the behest of the Liquor Dealers' Association, demands the stern rebuke of every lover of his country and friend of the soldiers.

We deplore the crime of the age, the devastation caused by the liquor traffic following the flag into our newly-acquired territory. We hold it to be a monstrous assumption that beer and bullets are means ordained by the will of God in the work of benevolent assimilation of foreign populations to American institutions or for the extension of Christian civilization.

We denounce the Republican and Democratic parties as the friends, partners and tools of the organized liquor traffic.

We hold that the right of suffrage should not be denied on account of sex.

That our civil service should be performed by those best qualified to perform its duties, and that public office should not be given as a reward for party service.

We favor the system of the initiative and referendum, giving to the citizens direct the right to inaugurate or reject any legislation.

We denounce the oppression of the toiling masses by tyrannical organizations of capital, and recognizing that there are other reforms pressing for solution, yet we hold that the abolition of the liquor traffic is an open door to all other reforms.

As a party that seeks to apply the principle of righteousness to the conduct of politics, we invite the members of all religious bodies and friends of morality to come to our support at the ballot box.

The State executive committee was appointed to fill vacancies, either in the list of electors or delegates. The following resolution was offered by Alexander Beith and adopted—

We denounce as un-American, unpatriotic and basely subservient the recent spectacle of a Republican "boss" giving directions for a Republican legislator to follow the directions of the Democratic race track boss and pass the Washington Park license bill, so that the former action of the court might be nullified.

To Enter Century Run.

Victor Christofferson, of this city, is organizing a bicycle club to represent Plainfield in the New York Journal century run which takes place Saturday, June 16th, on Long Island. Thus far he is meeting with good success.

—War and Patriotic songs, Music Hall, Monday, May 28th.

—J. H. Leggett is still putting out the finest ice cream soda in town.

Preußen.

Provinz Brandenburg.

Berlin. In verschiedenen Theilen des deutschen Reiches herrschte dieser Tage starke Kälte. Aus Württemberg, Sachsen, Posen, dem Riesengebirge, dem Harz und dem Thüringer Wald wurden starke Fröste und heftiger Schneefall gemeldet. In Berlin stand das Thermometer auf 32 Grad Fahrenheit, in Leipzig auf 36 und im Oberharze auf 23 Grad. In Mainz erlitten die Weinberge bedeutenden Frostschaden.—Die Berliner Stadtverordneten nahmen mit großer Mehrheit die Vorlage des Magistrats betreffend Verschönerung des Friedhofs der Märzgefallenen mit gärtnerischen Anlagen an.—Als ein Experiment überbrachte ein Freiwilligen-Korps, zu dem Nationalverband der Radfahrer gehörig, Depeschen aus Straßburg nach Berlin. Die Distanz, welche 780 Kilometer (487½ englische Meilen) beträgt, wurde in 23 Stunden zurückgelegt.

Charlottenburg. Die 43jährige verwittwete Kaufmannsfrau Justine Block sprang von einem in voller Fahrt befindlichen Straßenbahnwagen ab, trotzdem der Schaffner und die auf dem Hinterperron des Wagens befindlichen Fahrgäste sie warnten. Da sie nach der entgegengesetzten Richtung sprang, kam sie zu Falle und zog sich eine schwere Gehirnerschütterung zu, der sie wenige Stunden später erlag.

Spandau. Spandau erregt immer mehr die Aufmerksamkeit der industriellen Kreise. Wiederum haben Rheinische Industrielle in Spandau ein Terrain von 5000 Quadratruthen angekauft; es sollen dort Filialen süddeutscher Fabriken errichtet werden.

Provinz Hannover.

Hannover. Der Infanterie-General v. Kummer ist in einem Alter von 84 Jahren gestorben. v. Kummer, geboren zu Szelejewo in Posen, war einer der hervorragendsten Heerführer im deutsch-französischen Kriege. Die von ihm zunächst geführte dritte Reservedivision betheiligte sich ruhmvoll an den Kämpfen um Metz. Später übernahm Kummer die Führung der 15. Division und erntete mit ihr in den Schlachten und Gefechten mit der französischen Nordarmee neuen militärischen Ruhm.

St. Andreasberg. Neulich ist mit der Anfuhr des Baumaterials für die neue Haltestelle der Brockenbahn der Anfang gemacht worden. Die Haltestelle liegt am Goethe-Wege, so daß man von der Bahn aus St. Andreasberg, Sonnenberg, Torfhaus, Oderbrück, den Oderteich und den Rehberger Graben leicht erreichen kann, und umgekehrt von jenen Punkten leicht den Brocken.

Provinz Hessen-Nassau.

Frankfurt. Als der Metzgermeister Abraham Micheel sich telephonisch mit einem Geschäftsfreund unterhielt, will er angeblich von der Telephonistin absichtlich unterbrochen worden sein. In seinem Aerger rief er der Beamtin schwere Beleidigungen zu. Er wurde zu einer Geldstrafe von 50 Mark verurtheilt.

Wiesbaden. Als Verüber des Einbruchdiebstahls bei dem Major Freiherrn v. Zedlitz dahier ist ein gewisser Dotzauer in Köln festgenommen worden, der etwa die Hälfte der gestohlenen Werthsachen und über 400 Mark Geld bei sich führte. Sein Genosse bei dem Einbruchsdiebstahl, der angeblich die andere Hälfte des Raubes mit sich führt, soll sich nach Schlesien gewandt haben.

Provinz Pommern.

Stettin. Der Prediger Steinbrück wurde wegen Unterschlagung von 42,000 Mark zu 2½ Jahren Gefängniß verurtheilt.

Leba. Am Ausfluß des Lebasees in die Ostsee sind kürzlich die Lachsfischer Joseph Potrikus, Fritz Schmiedeberg, Wilhelm Malchow, Karl Posewalk und die Gebrüder Groth ertrunken. Die meisten der Verunglückten waren Familienväter.

Provinz Posen.

Posen. Die Ansiedelungskommission kaufte für 250,000 Mark das Rittergut Radzyn bei Kazmierz im Zwangsversteigerungstermine. Der frühere Besitzer des Gutes war ein Deutscher.

Schneidemühl. Bei dem letzthin hierorts stattgefundenen Rennen des Bromberger Reitervereins stürzten Lieutenant v. Richthofen von den 4. Ulanen, Lieutenant Quellmalz von den 19. Husaren und Lieutenant v. Puttkamer von den 2. Dragonern. Lieutenant v. Richthofen ist innerlich schwer verletzt worden.

Provinz Ostpreußen.

Königsberg. Wegen Beleidigung eines Opernsängers durch die Kritik wurde der Musikreferent der „Ostpreußischen Zeitung," Rothnagel, vom Schöffengericht zu 150 Mark Geldstrafe verurtheilt.

Tilsit. Die Besitzerin Kurau aus Puppen stattete hier einer Freundin einen Besuch ab. Bei einer Mahlzeit kam der Frau ein Stück Fleisch in die Luftröhre, und die Bedauernswerthe war in einigen Minuten erstickt.

WHAT HE GIVES AWAY.

A night clerk in a prominent Boston hotel on Copley Square tells of a disheartening state of affairs with which he had to contend. have been troubled a great deal with indigestion," he says, "and have tried many so-called sure cures for that trouble, but never found the relief I wanted until I tried Ripans Tabules. I have given them a fair trial, and find they help in every case—in fact, I do not have occasion to use them regularly now, but whenever I feel the least trouble I take one Tabule and find relief at once." He states that his wife was also troubled with sick headache and her food distressed her, but after a few trials with Ripans Tabules she is very much better. "I would recommend them," he adds, "to any one suffering with either indigestion or dyspepsia. I give away as many as I use."

WANTED—A case of bad health that R-I-P-A-N-S will not benefit. They banish pain and prolong life. One gives relief. Note the word R-I-P-A-N-S on the package and accept no substitute. SMART FROCKS IN PASTEL TINTS.
This Is the Latest Freak of Dame Fashion, Says
MAUD BAUME ROBINSON.

GOWN OF DOTTED BLUE VEILING, TRIMMED WITH BLACK LACE APPLIQUED OVER PALE YELLOW.

In the import departments of the shops there is an atmosphere of suppressed excitement. The "greenroom" is filled by a bevy of stately models who twirl and prink in front of the long mirrors while they are being dressed by their envious companions. And truly when Mlle. Juno steps out with a haughty air and glides among the customers clad in a mass of trailing richness no one would ever dream that she was not to the purple born.

Alas, for the usual result! Old Mrs. Crœsus buys the gown and has it altered to fit her own dumpy figure!

Such costumes as Paris has sent us this year! Gowns of lace worth small fortunes. Not only black, white and cream color, but even gray and pastel green lace dresses are shown. These are the two great novelties. The gray is most artistic made over lavender silk. The green is of a very delicate tint and is usually combined with white or shell pink.

It is needless to say that one pays high for the unusual color. Some of the dresses are ornamented with tiny flowers made of gray, pink or blue chiffon. The skirts of others are decorated with flights of spangled swallows or butterflies, but the very swellest thing is to have a cream lace dress trimmed with appliques and insertion of black lace.

The other day I saw one of the members of the "smart set" riding in the park in her carriage. She was seated on the wrong side. An English writer says that this is a common fault with the American woman and that it proceeds from her inordinate desire of showing herself.

"No English lady," he goes on loftily, "would think of sitting anywhere but on the right hand side behind the coachman."

Anyway, if the woman I saw had this object in view she could not be blamed, for she was most exquisitely gowned. She wore a dress of palest green broadcloth laid in fine tucks and trimmed with wide bands of coffee colored applique. It opened over a vest of rose chiffon. Her hat was of white taffeta, hand painted with a Dresden design. It was made with the new triple brim, each brim being edged with a tiny black velvet ribbon and black chiffon ruching. The touch of color was supplied by a bunch of pale green and pale pink poppies, for even the poppy has been made to forswear its original color and follow the craze for pastel shades.

Pastel shades! We hear nothing but that, and now comes the pastel sailor. It is the very latest thing. Miss Up to Date no longer delights in a stiff ecru straw decorated with a bow of black velvet and a quill. Her "shirt waist hat" rivals the rainbow, for it is trimmed with four rosettes of soft French ribbon in pastel blue, pink, yellow and lavender.

These pale shades are exquisite together, and they harmonize with any shirt waist except red, but then very few red waists will be worn this summer. The most popular colors will be, first and foremost, white, then pale blue, pale pink and lavender. The disastrous way in which ginghams fade is the cause of the popularity of the wash silk waist. This comes with a tiny cord running through it to give it body. An up to date modiste assures me that it has completely taken the place of gingham among her "smart" customers.

I sometimes wonder if it pays to look one's best when one goes to the milliner. Of course one's hair should be prettily fluffed and all that, but there appears such a thing as overdoing it. "Look at this hat," mournfully remarked my friend, "and then look at me!"

I did so, and I promptly shut my eyes. "Good gracious! What made you buy an 'ashes of roses' hat?" I gasped.

She subsided into tears. "It cost $30," she sobbed, "and now I can't wear it. Look how yellow I am!"

An inspiration dawned upon me.

"The day you went to madame's opening did you"—I hinted gently.

She hid her eyes in her handkerchief. "I—I put on just a tiny bit," she confessed. "I was so white I wanted to look well"—

"Well, you will have to go on doing it," I remarked cheerfully, "that's all."

For that matter so will almost every woman who has bought an ashes of roses hat in madame's little pink draped parlor. It would be hard to find a more universally unbecoming color than this fashionable shade.

Was there ever such a rage for green? Last summer it was under a cloud, and those unfortunate enough to have gowns of that color wore them half shamefacedly. This year the same despised foulards and muslins will be remodeled and brought proudly to the front.

One of the most peculiar novelties is the Persian silk waist with a sash of the same material fastened with a buckle at the waist line in the back. One of my friends calls it "the waist with the tail," and it certainly does look that way. Another odd trimming is shown in a yellow lace waist.

GOVERNOR OF HAWAII.

Sanford B. Dole, Late President of the Island Republic, Appointed to the Position.

Sanford Ballard Dole, who has been appointed governor of Hawaii by the president, is regarded as a particularly available man for this important post. His name and personality are a part of the recent history of the islands. Mr. Dole was born in Honolulu in 1844. His parents arrived as missionaries to Hawaii in that very year. He received his preliminary education in Pubahan

college, on the island, and was later graduated from Williams college, in the United States. He studied law and was admitted to the bar in Boston and returned to Honolulu, where he took up the practice of law. In 1887 he was appointed to the supreme court of the kingdom. Mr. Dole, as member of the Hawaiian legislature, took part in the reform movement which culminated in the revolution of 1893. On July 4, 1894, he was made president of the republic of Hawaii. Mr. Dole was the choice of the conservative element of the island for the position of governor. He is thoroughly familiar with the needs and the affairs of his country, and it is believed his administration will be just and wise.

HE FAVORS THE BOERS.

Mr. Schreiner, Premier of Cape Colony, Is Filling a Most Difficult Place Just Now.

W. P. Schreiner, premier of Cape Colony, who is now threatening to resign his office, has had a very difficult place to fill during the British-Boer war. As leader of the Afrikander element in the Cape, he was ostensibly opposed to war, although doubtless in sympathy with the Boer states. He made many efforts to preserve the peace between the peoples, and was more than once called a traitor while negotiations were under way. As to his intellect, he is certainly clever enough to have been for many years an adroit and not entirely unsuccessful opponent of Cecil Rhodes. Mr. Schreiner was born in Cape Colony, is of Dutch descent, and was educated in England. He studied at London and Cambridge uni-

versities, and after taking his degree returned to South Africa as a barrister. Soon winning a reputation for shrewdness, he became attorney general of Cape Colony when Rhodes was prime minister. For a time he was Rhodes' right-hand man and intimate friend, but the Jameson raid caused a rupture which was never healed, and the two men were long at "daggers drawn" with each other. In appearance Mr. Schreiner is a fine-looking man. He has a large head, joined to a pair of broad shoulders by a thick neck. He is a brother of Olive Schreiner, the novelist.

Where Girls Do the Courting.

The Coroadas of Brazil have no marriage ceremony. The suitor simply presents to the bride's parents fruits or game as a token that he agrees to provide for the necessities of his wife. Among the Garrows of Bengal the courting is left entirely to the girl. She wooes and wins her husband, fixes the day of the wedding and invites all the guests. When the feast is over the guests will carry the bride to the river and give her a ducking. The bridegroom makes a pretense of hiding, but is soon found and is served in the same manner. Then his parents set up a prolonged howling and declare that they cannot part with their son, but, all the same, a cock and hen are sacrificed and the pair are legally man and wife.

African Burial Customs.

In certain parts of Africa it is considered a mark of disrespect to bury out of doors at all. Only slaves are treated in such unceremonious fashion. The honored dead are buried under the floor of the house.

The Largest Lemon Grove.

San Diego, Cal., has a lemon grove covering 1,000 acres. It is said to be the largest in the world. It was begun in 1890 with 170 acres.

WE MUST REPEAT.

When Everybody in Plainfield Tells the Same Story,

It is hard to say new things about Doan's Kidney Pills. They cure the lame and aching back, the sufferer from kidney disorders, that they do this is so easy to prove that not a vestige of doubt remains. Public endorsement of local citizens is easily proven. Read this case: Mr. Jepp Zensen, of 728 West Front street, Pattern maker by trade says:—"For a year I had a sort of grinding pain across my back at times extending up to my shoulders, and there was a lameness over my kidneys and severe headaches. When I stooped I always felt dizzy and sometimes was fairly blinded. In the mornings I felt stiff and sore until I got some exercise. I saw Doan's Kidneys Pills advertised in my city paper and so highly recommended for kidney complaint that I went to L. W. Randolph's drug store and got a box. They did me a great deal of good. From my experience with Doan's Kidney Pills I cannot do otherwise than endorse them."

For sale by all dealers, price 50c, a box Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

UNIQUE OHIO CHURCH.

Was Christened with a Bottle of Old Whisky After All Hands Had Taken a Drink.

The Congregational church at Austinburg, O., was dedicated as a house of worship by the breaking of a bottle of whisky over its spire. This town, located six miles south of Geneva, will next June celebrate the one hundredth anniversary of its settlement; and the old church near its geographical center has the distinction of being the first frame church built upon the Western Reserve.

The days when this church was built were avowedly the days of whisky. It

(It Was Built Before Temperance Workers Held the Fort.)

was the day when the drink was poured out freely by all who attended the "raising" of a building, and when everyone partook of it as we of the present would drink a glass of lemonade. Even Rev. Giles W. Cowles, the hero of Austinburg and veteran minister of the county, partook of the "firewater;" and pastors subsequently filling the pulpit of the church stopped at the village store, before and after attending Sunday services, to take an "eye opener."

The "raising" of the church occupied a whole week, having been begun on Monday morning and completed Saturday afternoon. On the last day the entire community was upon the scene to witness the dedicatory ceremonies. As none of those erecting the building would climb to the top of the spire, which is over 100 feet from the ground, the services of a lake sailor were procured. With a rope in his hand, he climbed to the topmost point of the edifice, and as the last timber was placed he drew a bottle of whisky from the ground by means of a rope, and, breaking it over the spire, shouted: "Three cheers for the new church."

Saturday will be a large day for the Hillside Tennis and Golf Club. In the morning at ten o'clock there will be play for the van Herwerden cup, a ladies' handicap competition eighteen holes, postponed from last Saturday on account of the rain. In the afternoon at 2 o'clock play will begin in preminary round for the Chapman cup, a men's scratch competition, eighteen holes. The eight lowest scores are to qualify for match play on Decoration Day. A large entry has been received in both events. The course is now in splendid condition, the best it has ever been and with the cutting, rolling and straightening of tees, it will be in the best of shape for Saturday and Decoration Day.

The opening play for the green committee challenge medal at the Park Golf Club course will be held Saturday afternoon. It was scheduled for last week, but was postponed on account of the heavy rain. Two handicap competitions are to be held during the afternoon in connection with the play for the special medal. There will be a men's handicap, eighteen holes, medal play, which will begin at 2:30 o'clock. The player making the lowest gross score is to become the first holder of the medal which will then be subject to challenge from any member of the club. It is required that each player, before challenging, shall make a gross score within ten strokes of that made by the holder of the medal in the contest in which it was won. A ladies' handicap competion, nine holes, medal play, will also be held.

CYCLING COMMENT.

The cycling division of the Y. M. C. A. is making arrangements to attend the games of the New Jersey Athletic Association, to be held at Bayonne on Decoration Day. The boys will ride both ways by wheel and will take part in some of the events. Bicycling divisions from Elizabeth, New Brunswick, Morristown, Rahway and Somerville will be entertained by the Plainfield boys tonight.

When the entries for the Irvington-Millburn 25-mile road race, to take place Memorial Day, close next Saturday, May 26th, the list will show the greatest number, and the fastest bunch of riders that ever competed in this famous event. Not only the present day riders, but also the men who are regorded as old timers, have concluded to take a chance. It has not been dcided positively as to whether the race will be run in the afternoon or in the morning, as has been the custom in the past, but this will be known definitely in a day or two. Men who have been training over the course daily claim that at the present time it is very fast, and in good condition for record breaking. All that is wanted is fine weather to make it the greatest race since the inaugural event in 1889.

The price of bicycles has now reached such a point that almost everyone can afford to become the owner of one. In purchasing a wheel it has been found greatly advantageous to select one with an established reputation. The Cleveland, Columbia and the Crescent are all so well known to the wheeling public that they need no other recommendation. The F. L. C. Martin Cycle Company, the large salerooms of which are located on East Fourth street, just off Park avenue, is sole agent for these three standard makes. George M. MacIntyre, secretary and manager of the company, is in charge and can be seen at any time by those contemplating the purchase of a wheel. Frank L. C. Martin is now in Newark every day looking after his interests at his big sporting goods store on Broad street, that city.

ON THE DIAMOND

There will be no meeting between the baseball nines of Leal's School and the Hasbrouck Institute this season. The schedule of both teams are complete and so it was impossible to arrange another meeting. This fact is greatly regretted by both teams as a game between them was much desired.

Only two games will be played on local diamonds Saturday afternoon. The Arions of Hope chapel will meet the West End Profectos on the Arion grounds on Plainfield avenue. The Plainfield High School and the North Plainfield High School will play their second game on Martine Common. The Leal's School team goes to New Brunswick to play the Rutger's Prep School team. The Alls A. A. will meet the Bayonne Field Club on the latter's grounds in Bayonne.

ROD AND GUN.

Plainfield fisherman are catching large numbers of carp and Delaware cat-fish in the Raritan, near Bound Brook. Delaware cat-fish are of a much better variety than those usually caught near Plainfield.

THEATRICAL.

The Proctor continuous theatres in New York city—Proctor's Fifth Avenue Theatre, Broadway and Twenty-eighth street, Proctor's Twenty-third Street Theatre, near Sixth avenue, and Proctor's Palace, Fifth-eighth street and Third avenue, are now presenting the best of vaudeville obtainable, and as all three houses are constantly kept cool by electric fans and other appliances, the crowds that find the programmes so enjoyable never complain of the heat while in the Proctor theatres. At Proctor's Fifth Avenue Theatre, week of May 28, are: The Four Cohans, in their new sketch, "The Governor's Son;" Rossow Midgets, in their burlesque athletic pastimes; Yorke and Adams, "Two Plain Jews," and Charlie Rossow, as Anna Held. At Proctor's Twenty-third Street Theatre, week of May 28, the features are: The dainty musical comedietta, "Tally-Ho," by Harry Dodd, Ida Mae Pierpont, and a special cast; Three Guitanos, European acrobats; Carrie Graham, in the character monologue, "Sis Hopkins," and Jess Dandy, Hebrew parodist. At Proctor's Palace, week of May 28, are: Adelaide Herrmann, the Queen of Magic, in her novelty, "A Night in Japan;" Macart, s Dogs and Monkeys, wonderfully clever; Lillie Western, musical artiste; Irene and Zaza, a contortioniste and her dog.

Street Repairs.

As soon as the repairs on Putnam avenue are completed, the street department will turn its attention to the completion of the repairs on South avenue. That street was partially repaired last fall. It will be put in good condition all the way to the city line.

NEW TROLLEY.

Henry H. Isham Is Forming the Suburban Line for the City of Elizabeth.

(Special to The Daily Press.)

Elizabeth, May 24.—A movement is on foot to form a trolley company in this city to be known as the Suburban Line. It is the intention of its promoters to run the line through the eastern section of Elizabeth, where there are now no trolley facilities.

Henry H. Isham, former president of the New Jersey State Agricultural Society, is the prime-mover in the scheme, in which he is trying to interest certain Newark and Elizabeth capitalists. Mr. Isham was the projector of the Elizabeth Street Railway, now known as Senator Kean's line. When this road was firmly established Mr. Isham disposed of his stock in it to Senator Kean.

Mr. Isham, when seen by a reporter said things were progressing very satisfactorily, but he was not at liberty just yet to give a complete outline of the plans of the new trolley syndicate or the names of the capitalists who will be associated with him in the enterprise. All this information, he said, would be given to the public in due season. There would be ample capital subscribed, he declared, to construct, equip and operate in a first-class manner the contemplated trolley road.

MANIC ON THE TRAIN.

Smashes Lamps and Windows of the Car—Fierce Struggle With a Policeman.

Michael Carroll, who was on his way from St. Louis to Ireland, became violently insane on a Baltimore and Ohio train yesterday. Carroll was quiet until the train reached Bound Brook.

There he began to yell and utter imprecations as he walked up and down the aisle of the car, which was well filled with men and women. Conductor Henry Bond and Brakeman John Mackin succeeded in getting Carroll into the combination baggage car and smoker, and he was kept there under guard until the train reached Jersey City.

The maniac was taken in a patrol wagon to the Gregory street police station and afterward removed to the county jail in Jersey City.

Senator Kean Secures Passage of Bill Appropriating $165,000.

(Special to The Daily Press.)

Washington, May 24.—Immediately proceeding the adjournment of the Senate Tuesday evening Senator Kean secured permission for immediate consideration of his bill providing for a public building at Elizabeth, and it was passed without opposition or division.

The bill, as passed, fixes the limit of cost of the building and site at $165,000, the amount to which the committee reduced it from the $250,000 named in the original bill.

PARTICULAR MENTION.

Grand District-Deputy V. W. Nash, of this city, paid an official visit last evening to the A. O. U. W. Lodge at Union.

Thomas McGann, of the borough, will go to Yonkers tomorrow to look after some grading for which he has the contract.

Bad Fall From a Bicycle.

Robert Kirch, the twelve-year-old son of George Kirch, of Liberty street, caught his foot in the sprocket wheel of his bicycle yesterday afternoon while going at full speed on West Fourth street, near Liberty. He was thrown heavily to the ground, landing on his hands and knees, badly cutting the latter. He was picked up and taken home, and it will be some time before Robert will be able to ride his wheel again.

To Speak to Borough Graduates.

John Stewart, Professor of History at the Lehigh University, has been engaged by the Borough Board of Education to deliver the address at the commencement exercises. Professor Stewart is an orator of considerable note, and he will no doubt be very interesting and instructive.

Stone Quarry Rushed.

Owing to the increase of business, the Hartshorn stone quarry at Springfield is worked to its full capacity and the employes are working twelve hours daily to keep up with the orders. Stone is supplied from this quarry for the township roads in Milburn, Springfield and Roselle.

THEIR LIFE'S WORK IS WITH THE SICK.

Three Young Women Graduated as Trained Nurses From Muhlenberg Hospital.

RECEIVED THEIR DIPLOMAS.

CHEERING AND APPRECIATIVE WORDS OF THEIR WORK.

E. B. Clark Presided Over the Ceremonies—Remarks Made by S. St. John McCutchen, Dr. M. B. Long and W. R. Cock.

The fifth annual graduation exercises of the Muhlenberg Hospital Training School for nurses took place last evening in the chapel of the Crescent Avenue church. Like similar occasions it was an event of considerable intereet not only to the three young women who were graduated from the school, but to the large number of people who were present to witness it. The members of the school, which now numbers ten, occupied seats on the pintform, and a pleasing picture in the background was presented through the use of the American and English flags suspended against the wall. The English flag reminded those present of the anniversary of Queen's Victoria's birthday.

In the absence of the president of the board of governors of the hospital, E. B. Clark, a member of the board, presided, and after a prayer by Rev. E. M. Rodman, he made a few remarks of a retrospective nature. He told something of what had been accomplished since the training school was instituted. He spoke of the many things required of a trained nurse and in his opinion he thought members of the school are about as near being angels as is possible. He referred to the needs of the hospital which must have its claims upon the people of Plainfield who, through feelings of humanity, must care for the sick and the poor.

Following Mr. Clark's remarks, a delightful 'cello solo was rendered by Dr. Waldo, accompanied on the piano by Miss Randolph. The chairman then introduced S. St. John McCutchen, president of the Borough Board of Education, who made a short address appropriate to the occasion, which he termed a phase of educational development. He said that today nursing had reached a scientific stage which demands an important place in the world as a necessity. It is first the physician and then his first lieutenant, the trained nurse, and oftentimes recovery is due more to the work of the nurse than to the physician.

Mr. Clark at this time presented the diplomas to the graduates, and as he did so, he took occasion to remark that it gave him special pleasure to present one to Miss DeLaney. She was entitled to one upon the completion of her first two years, but at that time the course was extended another year. Miss DeLaney then decided to take the additional year's study. In the case of Miss Stryker her term extends to July, and Miss Studeman's to August. Both have passed their examinations, but according to the rules they must remain until the time specified. In the case of Miss Delaney she is not now on duty at the hospital, having finished some time ago. She is now filling the position of city nurse for the City Union, King's Daughters.

The next feature of the programme was an address by Dr. M. B. Long, who spoke on behalf of the medical staff. He told of the good work done in the past, and of the necessity of trained nurses. Regarding the idea that doctors disagree he said that this was not true at the hospital. He spoke of the sacrifice made by the Board of Governors and the Women's Auxiliary, and said that too much praise could not be given them, as well as the nurses. He mentioned the many fields of usefulness for nurses and said that now the success of the graduates would depend on their own efforts. In conclusion he wished the graduates all the success possible in their field of labor.

The last number on the programme was the presentation of the class pins, symbol of the red cross, by W. R. Cock, of the Board of Governors. Mr. Cock could not conceal the humor that permeates his soul, and in a happy vein he presented the pins. He said that this presentation is entirely an outside matter, something for which the secretary of the Board could not be called down. Incidentally he remarked that some of his friends expressed a desire that he appear in the costume that made him famous in "A

TO AID STARVING PEOPLE

EFFORTS IN BEHALF OF PEOPLE OF FAMINE STRICKEN INDIA.

Meeting to be Held in Warren Chapel This Evening—Rev. J. O. McKelvey in Charge.

Notwithstanding that in so many cities people have for some time been interested in the famine stricken people of India, there has not been any special effort made in this city toward assisting these terrible sufferers. In view of this fact, Rev. J. O. McKelvey, pastor, and a number of the members of Warren chapel, have taken up this project with a view of doing what they can to help the starving people. A few weeks ago a collection was taken at Trinity Reformed church for the famine stricken people which amounted to $86, but aside from this Plainfielders have not been called upon to do anything in a specific way.

Pastor McKelvey and his people have arranged for a meeting to be held this evening at Warren chapel in the interest of this object, and it is hoped that there will be a large attendance. Items of pecular interest will be presented in a forcible manner and those present will be given a clear and concise idea of the condition of affairs in India now.

A committee of one hundred well-known representative men in New York city has been formed whose purpose it is to raise $1,000,000 for the sufferers of India, which is known as the greatest famine of the century. The New York Tribune, Times, Commerical Advertiser and Sun have taken up the subject in an energetic way, and are assisting all that they can to arouse an interest. People in India are dying by the thousands and if each person in this country would give a little money the help afforded would be very great. Two to five cents a day will save a life, ten cents a day will provide for a starving family, $2 will save a life until next harvest, $5 will give a meal to 250 starving people, $10 will support 200 workers a day, $25 will suport an orphan boy or girl a year, $50 clothes 100 women, $100 will support the diggers of a village to provide against future famines, $1,000 will maintain for a year an orphanage of forty children, etc. Thus it can be seen that every little helps and if a person cannot give much they can collect among friends sums that will save many lives.

Words fail to describe, neither will pictures accurately tell, the great suffering of these people. They are dying by the roadside and everywhere are to be found dead bodies. Help is needed, and at once. England is doing all that she can for the sufferers, and help must come from others if this famine is to cease. Any person desiring to contribute can send whatever they wish to give to Rev. J. O. McKelvey, 61 Grandview avenue, North Plainfield.

CELEBRATED QUEEN'S BIRTHDAY.

Englishmen and Scotchmen Honored Victoria at a Social Gathering.

Yesterday was Queen Victoria's eighty-first birthday and the event was fittingly celebrated last evening by about 30 Scotch and English-Americans of this city, at the home of Mr. and Mrs. David Bowden, of West Fourth street. A most enjoyable evening was spent in listening to songs and dancing Scotch reels and Highland flings, music for which was furnished by Hugh Gray. Songs were given by Mrs. Donald McInnes, Fred Wharton, Robert Gow and Thomas Henry, and recitations by William Macpherson and Mrs. Firstbrook. Refreshments were served at midnight and the guests departed for home, wishing the grand old lady many a happy return of the day.

To Attend the Camp.

The following Plainfield boys have already decided to attend the Y. M. C. A. boys' camp, on the shore of Lake Champlain, next month: Walter Cahoon, Herbert and Frank Rogers, Lester Radford and Arthur Reed. Information about this camp and also the Y. M. C. A. camp at Northfield, Mass., can be had at the Y. M. C. A. building.

Lived to Ripe Old Age.

After a long illness with cancer of the stomach, Mrs. Mary Anne Mattox, aged 81 years, died last evening at the home of her daughter, Mrs. James Huntington, Pearl street. Dr. Zoglio was the attending physician and he did everything possible to prolong life. Mrs. Mattox was the mother of William R. Mattox, of Webster place, this city. She leaves a number of grandchildren. For sometime past she has resided with her daughter where everything was done for her comfort.

COUNTY APPROPRIATIONS.

Board of Freeholders Arranges Financial Matters for Conduct of County.

(Special to The Daily Press.)

Elizabeth, May 25—The new Union County Board of Freeholders yesterday fixed the appropriations for carrying on the affairs of the county for the year at $200,000. This is a reduction of $20,000 from the last year's appropriation. County Collector Wood's annual report showed a balance on hand of $28,000. The largest appropriations are: For courts, $36,000; for lunatics, $45,000, and for elections, $14,000.

Director J. Frank Hubbard appointed the standing committees for the year. On a resolution offered by Freeholder Westphal, a committee of five members was appointed to confer with the members of the Somerset County Board of Freeholders regarding the erection of a bridge across Green brook to connect Madison avenue and Duer street, Plainfield. Mr. Westphal was made chairman of that committee. In the appointment of standing committees, Mr. Westphal was made chairman of the jail committee.

PROMISES TO BEHAVE.

As an Incentive a Thirty Days Sentence to Jail Hangs Over Him.

Henry Fosberry has something hanging over his head that is apt to be unpleasant if it falls. Last night he was arrested by Patrolman Mattox at the request of Fosberry's wife on the charge of being drunk and beating her and the children. This morning Fosberry was arraigned in City Court. He was a demoralized looking creature.

He admitted that he ought not to drink and should support his wife and children. Furthermore, that he could stop if he wanted to. The Judge suspended sentence during good behavior and withheld a sentence of thirty days in jail that will be enforced if Fosberry is heard from again.

NEW BRUNSWICK DISTRICTS.

Democrats May Carry the Matter to the Courts.

(Special to The Daily Press.)

New Brunswick, May 25.—Commissioners Carron, Conger and Vehman, who were appointed by Mayor Williamson to redistrict the election lines in the city of New Brunswick, have about completed their work.

The city contains six wards, and under the new lines proposed three of them will be reasonably sure of giving Republican majorieties, while two are almost positively Democratic and one is moderately Democratic.

The Democrats have so far had little to say concerning the redistricting lines, but there is apparently a disposition to object to them and to carry the matter to the courts.

HONORS AT RUTGERS COLLEGE.

President Scott Announces the Successful Candidates in the Senior Class.

President Scott, of Rutgers College, New Brunswick, announced yesterday the college honors for the year.

In his speech Dr. Scott dwelt upon the faithfulness of the senior class and dismissed them with his best wishes. The honors announced were: First classical, Clarence E. Case; second classical, John Wirter; third classical, Waldo Titsworth; first scientific, John F. Tinsley; second scientific, Henry M. Conover; third scientific, Peter M. Brink; philosophical honor, Robert W. Pettit; rhetorical honors, Frank Eckerson and Arthur Prd. Buaka.

DEATH BLOW TO A VILLAGE.

Closing of a Distillery Means Business Paralysis to Millstone, N. J.

Millstone will lose its only industry, the Somerset distillery, June 1st. It is operated by the Somerset Distilling Co., which is owned and controlled by the Fleischmanns. It is one of their largest eastern establishments.

The distillery gave employment to practically all the working population of the village. Its closing will seriously affect the New Brunswick-Millstone branch of the Pennsylvania Railroad, as the distillery was the largest freight shipper on the line.

Henry's Queer Tale.

When Patrolman Saunders found him, Henry Moore was seated on the front lawn of the residence of E. E. Anthony, of West Front street, serenading the falling rain drops with his brand new harmonica. Henry Moore is a colored man employed by N. Thompson & Co., of Kingston, N. J. He came to Plainfield to have his shoes repaired. So, at least, he told City Judge Runyon this morning. Henry was in luck this time, however, for the complainant failed to appear and the Judge discharged the complaint.

WAGER-WON HUSBAND NOW GETS A DIVORCE

Henry Cook Freed From the Nuptial Bonds Into Which He Was Inveigled.

WIFE MADE NO DEFENSE.

AFTER MARRING COOK SHE REFUSED TO LIVE WITH HIM.

She Induced Him to Wed Her in Order That She Might Win a Wager—He is Twenty Years Her Senior.

Chancellor Magie has just issued a decree of absolute divorce in the suit brought by Henry Cook, of Scotch Plains, against his wife, Mrs. Lizzie Englehart Cook, whose marriage took place under such unusual circumstances ten years ago. A copy of the decree was received this morning by Murphy & Blatz, who represented Cook in the suit.

It was to win a wager that Mrs. Cook, then Miss Lizzie Englehart, set about to persuade Cook to marry her. He finally did so and since that time she has utterly refused to live with him. After repeated efforts toward that end, Mr. Cook brought suit for divorce through his attorneys. The case was referred to Senator Joseph Cross, of Elizabeth, as special master in chancery and testimony taken in the case. There was no attempt at defence. The case then went to Chancellor Magie whose decision in the case has just been rendered.

Cook lives on a farm near Scotch Plains, and is interested in the neighboring stone quarries. He is now fifty-five years old and twenty years the senior of his erstwhile wife. Ten years ago New Year's Day he called on Miss Englehart. It is said that she plied him with beverages until he reached a happy state. Together they walked down the street to the residence of Rev. Mr. Lock, where the young woman proposed that they go in and get married. It didn't take long to persuade Cook to go, too. They were quietly married immediately.

When they returned home Mrs. Cook refused to admit her husband, telling him to attend to his business and she would look after hers. She continued to withstand all his intreaties and husband and wife saw each other but very seldom after the wedding.

She afterwards explained that she had been married to win a bet she had made with her parents. They had teased her about Cook and wagered that he would never marry her.

RAILROAD WINS.

Elizabeth Loses Her Suit Against Central in Supreme Court.

(Special to The Daily Press.)

Elizabeth, May 25—The city of Elizabeth has lost in the Supreme Court a case which the New Jersey Central Railroad carried up from the Elizabeth police court. In the police court a fine of $20 and costs was imposed on the road for obstructing a street crossing with a coal train for more than five minutes. The railroad company appealed on the ground that the complaining witnesses had served no notice on the crew of the train that the cars were blocking the street crossing. There is a clause in the city ordinance which says that such notification shall be given. The Supreme Court because of this neglect set aside the judgment against the company, and the city had to pay the costs of the appeal, amounting to $33.

NO JERSEY WILD WEST.

Colonel Cody Denies Rumor That He Would Locate in Linden

(Special to The Daily Press.)

Trenton, May 25—Colonel William F. Cody (Buffalo Bill) yesterday denied the report that he contemplates purchasing Linden race track as winter quarters for his Wild West show. Colonel Cody told a correspondent that he had not even considered such a step.

A Responsible Position.

It will be of interest to know that William Nelson Cromwell, of the law firm of Sullivan, Cromwell & Curtis, of New York, who is attorney for W. J. Curtis, of Summit, assignee in the big failure of Price, McCormick & Co., cotton brokers, New York, was formerly a resident of this city. The failure was for $13,000,000, and was one of the largest of recent years.

DANGEROUS PREDICAMENT.

Plainfield Party Stalled on Railroad Tracks in Face of Approaching Train.

George Curtis and Andrew Harden, two colored men of this city, in company with two lady friends, had quite an experience at a Central Railroad crossing at Cranford yesterday morning, as they were returning from a drive to Elizabeth.

They were crossing the tracks when the horse shied at something, throwing one of the forward wheels of their surrey into the space between the rail and planks. The wheel was wrecked and resulted in throwing the occupants out. The wheel was wedged in tightly and it was some time before the wagon could be freed. The work of freeing it was hastened by the sight of the train which reaches Plainfield at 12:44 a. m. The wagon was gotten off just as the train passed by.

The wrecked wagon was taken to a livery stable, where another one was procured in its place and the journey resumed to Plainfield.

STOPPED AGAIN.

B. & O. Officials Claimed That Trolley Company Was Taking Dirt From Wrong Place.

The grading operations on the approaches to the trolley trestle work at the B. & O. crossing was stopped Wednesday by the officials of the Baltimore and Ohio Railroad arriving on the scene of operations in a special train. They claimed that the trolley people were taking dirt belonging to the Baltimore and Ohio Railroad. A large force of men was rendered idle and the completion of the overhead crossing delayed.

The trolley company has had a great deal of trouble at this point, and have been blocked several times before, both at the B. & O. crossing and the Lehigh Valley, where engines and cars have been run back and forth to prevent the laying of tracks.

THEY'LL GET THEIR UNIFORMS.

Dance for Benefit of St. Mary's Baseball Club Was a Success.

The St. Mary Baseball Club which was formed some time ago, gave a social dance at T. A. B. Hall last evening for the purpose of procuring the necessary funds to purchase suits. The boys have been working hard to make the dance a success, and as a result they have more than the sum needed for the suits. Dancing was kept up until after midnight to music furnished by Prof. O'Reilly in his usual excellent manner.

The suits, which will be of gray material, with "St. Mary's" across the front, have been ordered and will arrive in a few days.

The regular schedule of the nine begins June 2d, when they will play the Lincoln High School team, of Westfield. Following are the officers of the club: President, Joseph Barry; vice-president, Harry Shannon; treasurer, George Taylor; secretary, Geo. Keen.

A Novel Form of Entertainment.

The chief event of the Epworth League sociable at Vincent chapel this evening will be a railroad excursion of a somewhat novel form. Round trip tickets can be purchased for the sum of four cents. Single trip tickets will be twice that price. Special arrangements have been made to avoid wrecks and to secure the best service. Time tables and other information can be secured at the chapel this evening. There will be refreshments, of course.

Not Enough Offered.

The house and lot owned by the late Margaret Ammerman, at No. 369 Cottage place, which was to have been sold yesterday afternoon at public auction by Benjamin F. Coriell, administrator, did not go through. Only a few bidders were present and the highest bid was $500. Mr. Coriell would not let it go for that sum and he has decided to sell the property at private sale.

Reception After Commencement Exercises.

It is practically assured that the reception to the graduates of the Borough Public High School will be held after the commencement exercises the same evening. An effort is being made to hold it at the Park Club, as the High School is not adapted for such an affair.

Engagement Announced.

The engagement is announced of Miss Emma Haviland, daughter of Mr. and Mrs. A. W. Haviland, of New York, formerly of Rockview avenue, Plainfield, to Charles E. Case, of New York, formerly of Central avenue, Plainfield.

Bought a Running Horse.

Frank Hedden, of Central avenue, has just purchased the bay running horse, "Eclipse" at Sheepshead Bay and will put him out to pasture for a time and then train him for the fall races.

WANTED TO GO TO JAIL.

BUT CITY JUDGE GAVE HIM ONE HOUR TO LEAVE TOWN.

Great Disappointment of a Hobo Who Hoped to Be a Guest of Warden Dodd at Elizabeth.

Christopher Roebly, of any old place, was much disappointed at his treatment by City Judge Runyon this morning. Plainfield possesses quite a reputation among the "hobo" fraternity and Chris felt sure that three days of persistent begging would ensure for him rest and shelter in the county jail for a goodly term.

Roebly wandered into town from Newark three days ago. Patrolman Saunders has been chasing him off the streets at frequent intervals ever since. Last night Saunders found him again preparing to retire on Fred W. Dunn's display stands. So Roebly was arrested and locked up.

When Roebly was arraigned before City Judge Runyon this morning, he hadn't much to say. The Judge delivered a little lecture and Roebly's face wore an expectant look.

"I find you guilty of vagrancy," began the Judge, and the tramp's face was illuminated with a joyful smile. "And I'll give you just an hour to get out of town." The smile forsook the hobo's face and he actually scowled.

For a moment the tramp waited as if uncertain whether or not to return to the Judge and beg for different treatment. With a haughty glance at the young Judge, the ragged wanderer strode slowly away. He will probably be locked up again this evening and get what he was after afterall.

THE CIRCUS IS HERE.

Welsh Brothers Arenic Amusement Aggregation Will Show Here Today and Tomorrow.

After considerable heralding, the Welsh Brothers Shows arrived in Plainfield early this morning via the Central Railroad and despite the rainy weather, the paraphernalia was unloaded from the cars and at once transported to the show grounds at Spooner avenue and Fourth street, where the show will give two performances daily, today and tomorrow. Everything about the show presents a clean and prosperous appearance, the tents, wagons, etc., being all new. The newspapers of neighboring towns where the show recently appeared, speak very highly of the entertainment and claim that it is an unusually brilliant one ring show.

Among the performers, who participate in the "main show" programme, will be found such notables as, the Great Marinellas, St. Alban Sisters, Louis Beauvais, Misses Vera, Dair and Zanta, Alfred, the Great, Heintz, Berger, Bard and DuCrow, Max Hugo, Harry F. West, Jos. Kearney, Claude and Nellie LaMotte and Prof. Harry Mohn's combine of trained ponies, dogs and monkies. A high class band and orchestra under the direction of Herbert H. Whittier give attractive concerts one hour previous to the opening of the performance. A balloon ascension and parachute jump is scheduled to be given this evening at 6 o'clock weather permitting. As the prices of admission are within the reach of the humblest citizen, no doubt the show will draw heavy patronage during its stay in Plainfield.

DRAWBRIDGE BLOCKED.

Mud Scow Caused Central Trains to be Held Up.

(Special to The Daily Press.)

Elizabeth, May 25.—Travel over the main line of the Jersey Central between this city and New York was blocked for over an hour yesterday afternoon by a collision which a mud scow had with the draw of the long bridge between Elizabethport and Bergen Point. A tug was towing two scows through the open drawbridge. One of the scows was swept against it by the tide, and the draw could not be closed. The bridge was repaired by 4:30 o'clock.

Realty Changes.

The following real estate transfers have been recorded from North Plainfield during the past week: Alex. Thorn et ux to Nellie B. Thorn, $1,500; Amanda A. Pangborn et al to John C. Kadin, $1; John Henmann et ux to William M. Stillman, $1; Isaac Vail et ux to Lavina Ribble, $1; William T. Randolph to John C. Daley, $1,400.

Ten to be Baptized.

Ten young persons presented themselves for membership at the meeting held Wednesday evening at the First Baptist church, and they will be baptized next Sunday morning.

KING'S DAUGHTERS PREPARE FOR WORK

Officers of the City Union Elected at the Spring Meeting Yesterday Afternoon.

MISS BLISH IS PRESIDENT.

MRS. TAYLOR'S EXPERIENCES IN CITY MISSIONARY WORK.

The Receipts of the Union for the Year Have Been $1,018.24, of Which $714.44 Was Spent—Work of City Nurse.

The spring meeting of the City Union of King's Daughters was held in the chapel of the First Presbyterian church yesterday afternoon. Reports for the past six months, election of officers and short addresses by Rev. O. E. Herring and Mrs. E. R. Taylor occupied most of the time.

The meeting was presided over by the president, Miss Ella Blish, and eleven out of the twelve circles in the union were represented. After a short devotional service to open the meeting, the secretary, Miss Lillian A. Force, read her report and that of the treasarer, Miss Linda D. Butler. The latter report showed receipts amounting to $1,018.24, disbursements of $714.44 and a balance of $303.80.

As chairman of the city nurse committee, Miss Margaret E. Tracy, reported that after the resignation of Miss Octavia Setzer, last fall Mrs. Susan Ball was secured temporarily and that early in the year arrangements were made with Miss Olive DeLany, who graduated from the Nurses' Training School of Muhlenberg Hospital, last night, who had her begin her duties as city nurse early in the season. She had cared for 46 cases. Miss DeLany then made a short report of her own work and reported having made 364 visits since she began her duties as city nurse.

Rev. O. E. Herring made a short address and urged more work for Christ and humanity and less for denominationalism. The King's Daughters movement was a step in that direction. He also urged his hearers to get down to the level of the needy ones they befriended in order to secure good results from such labors.

Reports from the various circles were made, telling of the work done during the past six months. All of them reported a steady advance.

The nominating committee reported the following names for officers: President, Miss Ella Blish; vice-president, Mrs. F. H. Ball; recording secretary, Miss Lillian A. Force; corresponding secretary, Mrs. James DeGraff; treasurer, Miss Edith Little. They were all unanimously elected.

Mrs. E. R. Taylor told some of her personal experiences in city missionary work. She related the story of several cases that had come to the attention of herself and husband and told how wonderfully God had aided them. She spoke of the work she and her husband are now doing among the colored people who live on the outskirts of the borough, and how greatly their efforts have been rewarded.

TICKLED THE PALATE.

Strawberry and Ice Cream Festival Conducted by St. Joseph's Women.

Sometime ago the members of St. Joseph's parish decided to raise funds for an addition to the church, and for this purpose a strawberry festival was given by the ladies, in Saengerbund Hall, last night. If success can be judged by attendance, then the festival will be more than successful, for there was a large number present. No programme had been arranged, but the young people enjoyed themselves in dancing.

The dancing created a demand for cooling ice cream and strawberries, and the ladies in charge of the refreshments reaped a rich harvest as the result. The fair will be continued this evening, when the contest for a silver service between Mrs. M. Moran, Mrs. Walter Hamilton and Mrs. John O'Reilly, will be decided. The committee of arrangements consists of Mrs. James E. Bailey, chairman; Mrs. Herman Burkham, Mrs. Andrew Kenney, Mrs. Edward Ryan, Mrs. David Kenney and Mrs. Charles Farlee.

Off on a Long Cruise.

Wm. Stephenson, of Grandview avenue, left for New York this morning, where he will embark on a private yacht as pastry cook. The yacht will proceed directly to Havre, France, and from there to all the points of interest along the Mediterranean Sea. Altogether Mr. Stephenson will be absent about six months.

PRICE FAVORS SOUTH JERSEY.

Democratic Leader Willing to Step Aside as National Delegate.

(Special to The Daily Press.)

Newark, May 25.—Colonel E. Livingston Price, chairman of the Democratic county committee of Essex, says he is not anxious to go as a delegate to the National convention and will cheerfully step aside for some one else. The Colonel and other prominent Democrats in Essex are inclined to favor a South Jersey man as one of the four leaders. They say they do not care whether it is Clarence T. Atkinson, Eckard P. Budd or former Judge Howard Carrow, of Camden.

Ordained a Preacher.

An adjourned meeting of the Elizabeth Presbytery was held Tuesday at Liberty Corner. Its object was the ordination of John F. Dobbs, a graduate of Union Seminary. DELAY AT THE RIVER

Lord Roberts Finds the Rhenoster Impassable.

BRIDGE DESTRUCTION OFFENSIVE.

Natives Flee Before the Advancing Imperial Troops—No News of Boer Operations—Relief of Mafeking Retold.

LONDON, May 25.—Lord Roberts' infantry advance is delayed at the Rhenoster river for a day or two by the depth of the stream, which is not fordable. The banks, which are precipitous, are 40 feet high. A pontoon and temporary bridge constructions are under way.

The railway has not been damaged to any great extent between Kroonstadt and the Rhenoster. The Transvaalers have offended the Free Staters by destroying their splendid bridges when retiring to Kroonstadt. They refrained from doing this on the retreat to the Rhenoster, but now they are destroying the railroad and bridges almost completely north of the Rhenoster.

The British troops are in the form of a crescent, with horns 30 miles apart, with General French's cavalry on the left within 23 miles of the Vaal and General Ian Hamilton's mounted men on the right within 30 miles of the Vaal. The center of the crescent is about 40 miles from the Vaal.

Seventy or eighty miles to the left Lord Methuen is advancing up the Vaal.

Boer telegrams say that 3,000 British, with ten guns, are near Vredefort, which is close to the Vaal and close to Parys. One correspondent refers to the advance as a "promenade." Another describes it as a "Boer hunt." The Free Staters are pictured as "bolting like hares" at the first sight of the British. The latter, according to one writer, do not even find women and children, as the fleeing farmers take their families with them in consequence of the reports current among the Transvaalers that the British kidnap all children over 12 years of age.

The Boer rear guard was composed of Russians, to whom was committed the task of destroying the bridges. They also looted freely.

What the Boers are doing is an absolute mystery. The embargo upon news out of Pretoria for the last 24 hours has been complete. Such shreds of information as the correspondents at Lourenco Marques have picked up do not illuminate the Boer designs and dispositions further than that the movement toward Lydenburg continues and that a referendum on the question of continuing the war is going on among the Boer fighting men.

In Natal General Dartnell's volunteers occupied Mount Prospect Monday. Lord Dundonald's cavalry is at Firmstones, near Ingogo. His infantry rests at Schoenshoogte. These names are all of fateful memory in the first Boer war. They face Laingsnek, where the Boers, through the range glasses of the British, are occasionally visible.

In the march across the Biggarsberg all the farms except one were found vacant.

Earl de la Warr, who was supposed to have been captured at the time of the disaster that befell the squadron of Bethune's horse, contrived to escape. He lay all night with a wounded leg behind an ant heap, reaching the camp the next day.

As the railway is now open north of Mafeking an abundance of provisions is entering the town, plenty of flour and meat and a few luxuries. The telegraph messages will probably come from Mafeking direct over the northern route in a day or two.

The Lourenco Marques correspondent of The Times, telegraphing Wednesday, says:

"According to a private letter smuggled through from Pretoria President Kruger now favors surrender on the ground that a continuance of the war would ruin the property of the burghers. He has thrown upon the commandants the onus of deciding which course to pursue.

"Civilian prisoners released at Pretoria report extraordinary activity during the last two weeks on the railway from Pretoria to Pietersburg. As many as 30 trains are run daily, and it is possible that a large proportion of them have been used to remove supplies northward for safety."

The Daily Express continues its alleged exposures of Dr. Leyds' use of the Transvaal secret service fund. The paper's Brussels correspondent asserts that numerous continental newspapers were bribed to the extent of from £20 to £25 each.

Mafeking's Relief.

MAFEKING, via Kimberley, May 25. The British relieving force occupied this town at 9 o'clock Thursday. The garrison immediately moved out with 12 pounders and pompoms and attacked McMullin's laager. The Boers resisted weakly for half an hour and then fled in disorder, leaving their tents, wagons and impedimenta. The British then occupied all the Boer positions. Colonel Baden-Powell gave the garrison an opportunity of revenging themselves, using the relief force as a reserve and as supports. Men and women swarmed to the housetops, and Lady Sarah Wilson, on a bicycle, accompanied the troops as far as the Boer lines. The town guard formed up in the market square for the march past the relief force. There was immense enthusiasm over the fact that the relief of the place was accomplished by colonials.

Boers Meant to Fight.

KROONSTADT, May 25.—Although the Boers retreated without a shot, their late position showed that they meant to fight. Along the steep sides of the south bank were cunningly constructed rifle pits resembling the defense of Paardeberg. These pits extended for 11 miles. A number of gun emplacements had been blasted in the rocks, and for seven miles the grass had been burned in patches with a view of marking the ranges. President Steyn is telling the Free Staters that Lord Roberts' original proclamation has been rescinded.

Deadly Lightning.

JAMESTOWN, N. Y., May 25.—A bolt of lightning which struck just south of this city last evening fatally injured Perry Mead and seriously injured Charles Bragg and Otis Darling. The bolt killed a team of horses belonging to Mr. Bragg.

Teacher Acquitted.

GENEVA, N. Y., May 25.—Miss Mary Bond, the schoolteacher who was arrested, charged with assault in the third degree, was acquitted. The teacher was charged with severely punishing a boy pupil at her school.

COTTON BROKERS FAIL.

Price, McCormick & Co.'s Liabilities May Reach $12,000,000.

NEW YORK, May 25.—Price, McCormick & Co. of 72 Broadway, the largest cotton brokers in the world, failed yesterday afternoon. An attempt to corner the cotton market caused their failure. William Nelson Cromwell, the counsel for the assignee, stated that it was impracticable to make any statement concerning the condition of the firm because of its extensive business and its numerous branches. He said that the total liabilities are $13,000,000, nearly all of which are well secured.

The members of the firm are Theodore H. Price, W. G. McCormick, R. M. Stuart-Wortley, Walter W. Price and special partner, George Crocker. The special partner, Mr. Crocker, is related to the wealthy California family of that name and put in the firm a capital of 7500,000, to which amount his liability is limited. Mr. McCormick is a member of the Chicago family of reaper fame. Mr Stuart-Wortley is a son-in-law of Rear Admiral Schley.

The cotton market was thrown into a panic by the announcement of the failure. The firm was enormously interested in cotton from the long side of the account and for months had been a potent bull factor in the movements of the cotton markets of the world.

Other failures were said to be impending, and great caution prevailed in the matter of margining accounts.

Price, McCormick & Co. have several branches in New England. At one time they had a wire agency in Boston, but of late the business has been transacted through various broker houses there, including the firms of George A. Fernald & Co., Hayden, Stone & Co., Towle & Fitzgerald, Lee, Higginson & Co. and others. At Fernald & Co.'s office in Boston it was stated that Price, McCormick & Co.'s account with them was very small.

Chicago Not Affected.

CHICAGO, May 25.—Chicago is not heavily interested in cotton speculation, hence the Price-McCormick failure was of comparatively little importance here. As far as can be ascertained almost all the Chicago business in cotton was transacted by this New York house, but the amounts involved at present are understood to be small, and in some cases the balances are due to the eastern firm.

Saints Canonized.

ROME, May 25.—There was a magnificent spectacle in St. Peter's today on the occasion of the canonization of Jean Baptiste de la Salle, the founder of the order of Christian Brothers, and Rita di Cascia, a nun of the Augustinian order. The interior of the vast basilica was illuminated and adorned with magnificent hangings, and the building was filled with a great concourse of people, including all the pontifical dignitaries, diplomats and the Roman nobility. Of the 60,000 spectators about 30,000 were foreign pilgrims. Italian troops kept order in the square in front of St. Peter's, while the pontifical bodyguard was stationed within the cathedral.

Lipton Gets the Cup.

LONDON, May 25.—The loving cup subscribed for by American friends of Sir Thomas Lipton, owner of the yacht Shamrock, last year's cup challenger, was presented to Sir Thomas at a banquet at the Hotel Cecil last evening. Mr. J. D. Beach presided. The guests, in addition to the committee appointed to present the cup, included Embassador Choate, Consul General Osborne, Mr. Warner Miller, ex-Senator Voorhees, Admiral the Earl of Clanwilliam, Mr. Charles Russell and Mr. Martino, the queen's painter, who accompanied the Shamrock to America.

To Reconstruct the Buford.

WASHINGTON, May 25.—The secretary of war has awarded the contract for the reconstruction of the transport Buford to the Newport News Shipbuilding company, which was the lowest bidder for the work at $397,000. The Buford is to be fitted out as a troopship for service between the United States and the Philippines. Under the terms of the contract made yesterday the vessel is to be made ready for sea in 125 working days.

German Meat Inspection.

BERLIN, May 25.—The meat inspection bill which passed the reichstag in the compromise form had its essential hygienic features eliminated owing to the Agrarian influences at work in the chamber. In its final shape it contains no provision for trichinæ inspection and none for the inspection of animals slaughtered for family use. These were the two strongest hygienic features of the bill in its original form.

A Woman Wins Art Prize.

PHILADELPHIA, May 25.—This year, for the second time in its history, the trustees of the Pennsylvania Academy of the Fine Arts, at the closing exercises of its ninety-fifth year, awarded the highest prize, $800, for a year's traveling scholarship to a woman, the recipient being Miss Paula B. Himmelsbach.

Senators Again Heatedly Discuss Insular Government.

SPOONER CONCLUDES HIS SPEECH.

Allen and Pettigrew Stirred Up by Certain Charges—House Makes Haste Slowly on the Alaskan Bill.

WASHINGTON, May 25.—The duty of the United States toward its "island possessions" was the subject of heated discussion in the senate again yesterday. Soon after the senate convened Mr. Bacon of Georgia began an extended reply to the speech of Mr. Platt delivered Wednesday. His speech was largely supplemental to that which he delivered several days ago demanding an investigation of Cuban financial affairs. His resolution, to which there is little or no opposition, went under the rules to the committee on contingent expenses.

The remainder of the afternoon was occupied by Mr. Spooner of Wisconsin in concluding his speech on the Philippine question. The debate which he aroused took a turn decidedly political. He charged the so called anti-imperialists with creating an issue which was not legitimate. Many of his statements were controverted by Mr. Allen of Nebraska and Mr. Pettigrew of South Dakota, and the controversy at times became almost personal.

The house practically devoted eight hours to the consideration of the Alaskan civil government bill, but progress was slow. Two amendments of importance were adopted. One of them authorized the secretary of war to issue permits to excavate or dredge for gold below low water mark on the beach at Cape Nome. The secretary has heretofore issued permits, but the bill as it passed the senate canceled them. The house also struck out the chapter relating to arrest and bail which permitted arrests in certain civil actions. The conference report on the Indian appropriation bill was adopted.

Representative Fitzgerald of Massachusetts introduced a resolution reciting that General Brooke, while governor general of Cuba, had prohibited ecclesiastical marriages and ordered that civil marriages be recognized as the only legal form of contract for marriage; that this was a violation of the constitution and against established custom, and directing the secretary of war to revoke the order and to give instructions for full religious toleration in Cuba while it is under the jurisdiction of the United States.

The Morrison Murder.

WEST CHESTER, Pa., May 25.—The county authorities were busily engaged yesterday in running out clews on the murder of Mrs. Stella Morrison, who was brutally beaten to death at her home four miles from here. Last night a warrant was issued for the arrest of James Morrison, the woman's father-in-law, who was the first to give the alarm of the woman's murder and who stated that he found her body lying on the floor when he entered the house. When told he was suspected of having committed the crime, he became much agitated and strongly protested his innocence. He explained the presence of a blood spot on his clothing by saying he received it while separating two fighting dogs a few hours before the murder.

Gigantic Mining Enterprise.

LONDON, May 25.—Messrs. Cecil Rhodes, Alfred Beit and Julius Wernher, with other South African mining millionaires, are about to develop a gigantic mining enterprise in German West Africa. The Daily Express, which makes the announcement, asserts that gold, silver, copper and lead have been found in abundance within 400 miles of Walfisch bay. One hundred thousand pounds will be spent in prospecting, and then if the results warrant the outlay £2,000,000 will be expended in constructing a railway. Mr. Christopher James, a mining expert who has had experience in Mexico and California, will lead the prospecting expedition, which will leave England in June.

Game Law Violators Fined.

WILKESBARRE, Pa., May 25.—Thomas Oakley, John Bauer, S. E. Thurston and Fred and John Herroder, who were arrested at Mount Vernon, N. Y., charged with violating the game laws of Pennsylvania, were brought here for a hearing. They were arraigned before Magistrate Gaughan and after pleading guilty paid fines of $50 each and costs, the whole amounting in the aggregate to $306.16. The specific charge against the defendants was shipping game out of the state, which was a violation of a recent act of assembly. It was a test case, and the aid of the governor was enlisted in running down the violators of the law.

Unitarians In Session.

BOSTON, May 25.—Two notable events held the close attention of Unitarian delegates of the American Unitarian association yesterday, the Sunday school anniversary in the afternoon and the banquet to the denominational clergymen in the evening. During the day there was a pilgrimage to Old Concord, where so many places are linked both with the history of the Union and the founding of liberal religion. The seventy-third anniversary of the Sunday School society was held in Lorimer hall, Tremont Temple.

To Fight Ice Trust.

NEW YORK, May 25.—Attorney General J. G. Davies has rendered his decision on the petition of William R. Hearst that proceedings be begun to prohibit the American Ice company from doing business in this state. The attorney general says he will begin such proceedings, as he is satisfied that "the American Ice company is an unlawful combination, conducting its business in restraint of trade in violation of the law and against public policy."

Paris Hears of Big Battle.

PARIS, May 25.—A special dispatch received here reports a stubborn fight on the island of Catubig, one of the Philippines. The American losses are reported as 500 killed and wounded. The dispatch is undoubtedly a Filipino account of the battle which occurred at Catubig on May 20 and in which there were about 20 American casualties.

Robbers Loot a Bank.

RICHMOND, May 25.—The Peninsula bank of Williamsburg was entered by robbers Wednesday night, the safe blown open and about $10,000 in money taken. There is no clew to the robbers.

NO SIGNS OF PEACE.

Quiet Day In St. Louis Followed by Bloodshed.

WORLD'S FAIR IS NOW INVOLVED.

Unionists In Mass Meeting Resolve to Oppose the Much Talked of Exposition—A Large Number of Arrests Made.

ST. LOUIS, May 25.—The rioting and bloodshed of Wednesday in the street car strike gave way yesterday to comparative peace and quiet. The entire day was absolutely without incident, except perhaps more cars were run than on any day since the strike was inaugurated. At night, however, the status of affairs suddenly veered, and a repetition of Wednesday's events was witnessed.

At 9 o'clock last night a car, presumably with imported men, left the Union station for the far western section of the city. When the car reached the intersection of Park and Compton avenues, it was stopped by a mob of strike sympathizers, who made a hostile demonstration. Exact details as to just what occurred are not known, but fragmentary accounts received up town by telephone are to the effect that as soon as the car was halted the men on board opened on the crowd with a fusillade. John S. Harding, a striking motorman, was hit by a bullet and will probably die. Donald Watts, another striking motorman, received a serious bullet wound, and an unknown bystander was slightly wounded.

Union labor has brought the World's fair question into the strike controversy. At a mass meeting a resolution was passed to the effect that all union labor throughout the United States be asked to instruct its representatives to oppose the passage of the World's fair appropriation bill unless the St. Louis Transit company settles the strike satisfactorily to its former employees. The resolution has been wired to John B. Henderson, speaker of the house of representatives.

Since the strike began 200 arrests of persons alleged to have violated the law in its connection have been made, 25 warrants have been issued, 10 indictments reported by the grand jury, and the remainder of the cases have been taken to the police and United States courts, where many of them are still pending. In most of the cases which have been tried in the police courts the defendants have been discharged. A few of the prisoners have been released without trial, the police failing to collect the evidence for prosecution.

Suppression of "Boxers" Demanded.

SHANGHAI, May 25.—The members of the Chinese secret society known as the "Boxers" are now openly drilling at Peking, and many high Manchus, including members of the imperial clan, are joining the movement, which is becoming so threatening that the diplomatic representatives are about to take action. Senor B. J. de Cologan, the Spanish minister and doyen of the diplomatic corps, has made a demand upon the tsung-li-yamen (Chinese foreign office) couched in the strongest terms for the immediate suppression of the "Boxers," threatening that otherwise all the powers concerned would land troops in China. Advices received here from Korea say Russian troops now occupy Masampho and will prevent the passage of all comers over the territory in Korea claimed by Russia.

Presbyterian Assembly.

ST. LOUIS, May 25.—Yesterday's session of the Presbyterian general assembly was devoted largely to the reports of committees. There was a bit of a sensation sprung again by the judicial committee announcing that the committee had agreed to drop the case of Herman Warszawiak. A report to that effect was made to the assembly, which was adopted. There remain but a few unimportant committees to be heard from, and the promise of adjournment Saturday afternoon was confidently made by Stated Clerk Roberts.

Nominations Confirmed.

WASHINGTON, May 25.—The senate in executive session has confirmed the following nominations: William Glover Gage of Michigan to be the commissioner on the part of the United States on the Chilean claims commission; John C. Freeman of Wisconsin, to be consul at Copenhagen. Navy—Charles Norman Fiske of Massachusetts, assistant surgeon in the navy; lieutenant (junior grade), Thomas J. Senn; lieutenant (junior grade), Jay H. Sypher. Postmaster—Rhode Island, Walter Price, at Westerly.

Injunction For Health Board.

SAN FRANCISCO, May 25.—Judge Morrow has issued an order directing the board of health of this city to show why an injunction should not be granted restraining that body from interfering with the freedom and liberties of the Chinese of this city and those desiring to leave it. An embargo was placed upon the Chinese and Japanese residents of the city on the ground that the plague was prevalent, and it is expected that the proceedings will show conclusively whether or not the disease is present in the city.

Boys Hurt In Explosion.

NEW YORK, May 25.—Henry Klaes, 15 years old, was probably fatally injured yesterday in an explosion of powder in an old barn in Canarsie, East New York, Brooklyn. He and three companions of about the same age were playing with the powder and some giant torpedo caps in the large barn. Henry Spahn was taken to the hospital badly injured, and his brother Edward and John Harris were seriously hurt, but able to be removed to their homes.

Indians Claim an Island.

TOLEDO, May 25.—The grandchildren of the late Indian chief Au-To-Kee intend to put up a strong contest in the United States courts for possession of Presque isle, which was deeded to the chief by the government in 1833, according to the terms of a treaty. Those who now occupy the property claim that it was deeded to them by the late Indian chief, but that the deed has been lost.

Defense For Manchuria.

ST. PETERSBURG, May 25.—A plan for the defense of Manchuria has been drawn up. Six fortified posts will be erected. For the purpose of strategical study General Sacharoff, chief of the Russian general staff, will start for Manchuria at the end of this month, accompanied by eight high Russian officers, to prepare for a possible conflict with Japan.

BRIDGE WORK

in Dentistry is the best substitute for nature's work that can be done. Sound roots may be built up and crowned and thus fill up an unsightly space. It has to be made of a material that has strength and durability and one that will not discolor. Gold is the one that stands the test. That is the secret of the expense. But the advantages of a bridge over a plate are many times more than the cost of one compared to that of the other.

LITERARY.

Scribner's Magazine for June opens with an article appropriate to the season of national conventions. It is entitled "How a President is Elected," and gives a view behind the scenes of the way in which the great machinery of a Presidential election is put in motion. It begins with a meeting of the National committee which decides on the place where the convention is to be held, and terminates with the last night of the campaign when the successful chairman telephones from headquarters, "I congratulate you, Mr. President." The author, A. Maurice Low, is a Washington correspondent who has had every facility to see the workings of a campaign. A brilliant series of pictures fully illustrate the narrative.

A LITTLE BIG WASTE.

DISTINGUISH between economy and wisdom. Sitting at home to save shoe-leather is economy, but it is scarcely wisdom. In the same way, doing without Ivory Soap is economy but it isn't wise; your risks are greater than all possible saving. Every cheap soap contains free alkali. Now, free alkali will eat its way through the new oil cloth on the kitchen floor Imagine then what it will do in a single Monday's washing! Is such economy wise?

VICTORIA'S BIRTHDAY.

Added Zest In the Celebration Because of Recent Victories.

LONDON, May 25.—Under the stimulus of the relief of Mafeking and Lord Roberts' rapid and successful progress the queen's birthday has been celebrated throughout the empire with unique and almost unprecedented rejoicings. The twofold nature of the celebrations gave the occasion unusual brilliancy.

The recent demonstrations only whetted the public appetite for displays of patriotic feelings, and consequently yesterday was chosen for all kinds of functions in connection with the war and its funds. In London and in the provincial towns there was a tricolor eruption. Every private house was decorated with miniature union jacks, and a picturesque carnival procession a mile long of cars emblematic of the war paraded the northern suburbs of London.

Torchlight processions and reviews in the garrison towns, etc., were witnessed throughout the country. The school children had a holiday, and at most places there was a partial suspension of business.

The west end of London at night was brilliantly illuminated, and thousands crowded the streets, wearing patriotic favors.

In the house of commons the government leader, Mr. A. J. Balfour, announced that Lord Salisbury would consider a proposal to appoint a national Thanksgiving day, with a suitable form of prayer, in acknowledgment of God's vouchsafing victory to the British arms.

A Birthday Dinner.

WASHINGTON, May 25.—The anniversary of the birthday of Queen Victoria was celebrated at the British embassy last night by a dinner given by Lord and Lady Pauncefote to attaches of the embassy and a number of other friends.

CONDENSED DISPATCHES.

South Dakota Republicans nominated Charles N. Herried for governor.

Mrs. Catherine Gladstone, widow of the statesman, was reported ill in London.

The proposed Swiss law for compulsory insurance was defeated on the popular vote.

Captain Seely, Unionist, was elected to the British parliament from the Isle of Wight.

The Westinghouse Airbrake company of Pittsburg has received a $20,000 order from Peru.

The Republicans in Kentucky will turn over the minor state offices to the Democrats at once.

Judge Tuley, in a decision at Chicago declared illegally held nearly all the positions in the city in the graded service.

It was reported at Albany that President McKinley had offered to Charles T. Saxton the position of judge advocate of Porto Rico.

Fair Grounds Transferred.

ALBANY, May 25.—The deeds transferring the interest of the Syracuse promoters of the State Fair grounds in Syracuse to the state under the new regime have been filed with State Comptroller Morgan. The state fair commission appointed by the governor under the act passed by the last legislature purchased the holdings of the Syracuse parties for $10,000. Now that title to the State Fair grounds lies with the state the state fair appropriation of $126,000 made by the last legislature becomes available. There is a mortgage of $50,000 on the State Fair grounds, and this the state has assumed and will pay the interest on it June 1.

A GENERAL INVESTIGATION.

Every Department In the Cuban Government to Be Overhauled.

HAVANA, May 25.—Mr. Bristow, acting director general of posts, has abolished the solicitor's bureau, appointing in its place a law clerk, with one stenographer, and thus saving $2,700 annually. Many other reforms are promised.

The inspectors are still busy over the postal accounts, and they say it will be a month before their report will be ready. In the meantime it is not likely that important developments will arise.

General Wood has ordered that every department of the island be thoroughly overhauled. The auditors are now dealing with the treasury and with the North American Trust company. Later they will deal with the custom house. There is no suggestion that frauds are suspected in connection with any of these departments or institutions, but General Wood feels that the public desires the most complete investigation of all Cuban accounts. Such a move had been contemplated for several weeks before the discovery that something had gone wrong in the postal department. General Wood's order will be executed quite irrespective of the investigation that congress is likely to direct.

Mr. Runcie, who is the legal representative here of Charles F. W. Neely and Corrydon Rich, says that no law can be made by congress which will effect the return of Neely to Cuba and that it is impossible that Neely should be brought here for trial.

Cuban Campaign Interesting.

SANTIAGO, Cuba, May 25.—The political situation here is becoming extremely interesting. Numerous meetings are held nightly. The orators for the white or Republican party go on the assumption that the Americans intend to establish a republic in Cuba and to withdraw as soon as that is accomplished. The spokesmen of the black or National party claim on the other hand that there is a conspiracy between the Republicans and the Americans to bring about the annexation of the island to the United States.

A LIVELY CONFERENCE.

Elections Call Forth Heated and Even Bitter Discussion.

CHICAGO, May 25.—Yesterday were held several elections, attended by extremely lively debates, in the Methodist general conference. Agents of the eastern and western book concerns were named, the election for western agents resulting in the retirement of Dr. Lewis Curtis of Chicago, over whose management of the office considerable controversy has taken place. Samuel H. Pye and A. C. Jennings were the successful candidates for the Chicago and Cincinnati offices, and Homer Eaton and George P. Mains were re-elected to the New York office.

Following the general plan of unification and consolidation which has prevailed throughout the sessions the conference abolished the office of secretary of the Epworth league and refused to allow another secretary for the Sunday school society. It did, however, reconsider its action of a week ago in abolishing additional secretaries of the various church benevolences so far as the Freedman's Aid and Southern Educational society was concerned. The debate resulting in this action was quite bitter at times, the race question being brought out prominently, and once in the discussion an angry delegate accused another of uttering a falsehood. The convention at times became involved in apparently hopeless parliamentary tangles, and Presiding Bishop Ninde in the afternoon session admonished the delegates not to turn the conference into a debating society. The general conference voted to adjourn sine die at 12:30 o'clock Tuesday next.

A Practical Temperance Man.

CHICAGO, May 25.—The annual convention of the American Antisaloon league is holding a four days' session here, 30 states being represented by 100 delegates. At the close of the reading of the annual address of the president, Hiram Price, Rev. H. H. Abrams, superintendent for Iowa, arose and said: "What can you tell us, Mr. President, of the stand of President McKinley on the liquor question?" Objections were made to the timeliness of the query, but President Price overruled them and said: "I sat for years by the side of William McKinley in the house of representatives and know him to be a very pure and clean man. My opinion is that he is a practical temperance man."

A Methodist Revolution.

The Methodist General Conference has removed one of the rules of church government that has long since distinguished the denomination from any other—that of limiting the pastorate of any of its ministers to more than five years in one place. Under the limitation system the Methodists have grown to be one of the greatest church bodies in the world, and the effect that the abolition of this rule will have will be watched with great interest. While it may be that the larger towns and most influential churches will not feel apprehensive of the result, it is thought that in the rural districts the change from the system of compulsory rotation may not be so satisfactory.

Considering the case of the rural church and this aspect of the question, the Newark News observes:

"The rotation in pastorates, made absolutely necessary by the time limit, secured at least an occasional able clergyman for the church of the smallest means. Talented young men accepted these churches gladly, knowing that in five years at the latest they would be released to take better fields. They worked hard, with promotion in mind, and the weaker churches flourished correspondingly. The abolition of the time limit will naturally make promotion much more tardy, and render the smaller churches, therefore, far less desirable to able men, results full of evil omen to country communities."

Indignant Dunellen.

The recent discussion on the part of some of the city officials of the likelihood of Plainfield being compelled to eventually seek some other system of sewage disposal than now afforded at the filtration beds in the West End, has stirred the citizens of Dunellen to dramatic indignation over the existence and operation of this department of municipal business.

The high-strung feeling of the Dunellenites is reflected in the columns of The Call, whose editorials nowadays are of the most fiery brand. The Call cannot forget the fact that it was through the perseverance and industry of George H. Frost, then Councilman from the Second ward, that resulted in the establishment of the sewage beds directly "under their noses," and though Mr. Frost has long since removed from Plainfield its editor still continues to rap the former Councilman in a most unmerciful manner.

In sarcastic tone The Call of this week says that "the city of Plainfield finds that as time passes the knowledge of the promoters of their system of sewerage, who by the way professed to know just what was needed by the city, the location which would the most satisfactory, and promised a result which would cause the raising of a monument so much sought after by Mr. George Frost, was not so perfect as anticipated."

The attention of the public must be directed to what is inside a mercantile establishment, says the Philadelphia Record. What passers-by can see in the store windows is not always accepted as an indication of the quality of the goods that are sold over the counters. The public has little time and less inclination to explore unknown mercantile regions. Therefore, the proprietors of stores must advertise; and the better the advertisements the more attention will be attracted.

Governor Voorhees is right in the swim of swell society in old London. Yesterday a banquet was given at the Hotel Cecil in honor of Sir. Thomas Lipton, at which a loving cup was presented Sir Thomas by the admirers of the owner of the Shamrock. Cable dispatches give a long list of notables who were present at the exclusive, high-toned affair, and among them is seen the name of "Mr. Foster Voorhees, Governor of New Jersey."

Senator Sewell has braved the wrath and criticism of the cold water folks by coming out open and above-board in favor of the army canteen. Yesterday the senior New Jersey Senator said: "If you care to quote me, you may say that my experience in and with the Army shows that the canteen is conducive to temperance. There are fewer men put in the guardhouse and there is more attention to duty on the part of the soldiers."

The Democratic primaries will be held in all the wards of this city Monday evening, when delegates to the State convention, to be held at Trenton next Thursday, will be elected.

Gov. Voorhees reached Southampton Wednesday evening in good health and spirits. He will sail on the same steamer June 6th and will arrive home June 13th.

PASSING COMMENT.

Things that Are Not Exactly News but Just as Interesting.

Yakimo Anrika, a young Japanese student, whose name has been shortened to John, who has been in Rahway three years, under the protection of J. L. Crowell and family, now leads his class in the Columbia School of that city, and has won the Bracher prize for deportment and excellence of lesson reports during the term. This entitles him to a free use of the books in the public library at Rahway for the next six months. When he came to this country in 1897 he didn't know a word of English.

Fred Breem, one of the members of the Plainfield fire department, has just received a letter from Chief W. R. Joyner, of Atlanta, Ga., thanking the Plainfield firemen who subscribed to the fund for the erection of a monument to the memory of Flag Lieutenant Tom Brumby. The letter was accompanied by a copy of the Atlanta, (Ga.,) Constitution, of May 19th, telling of the donations made by the Plainfield firemen for the fund and giving a list of the donors and the amounts. Fred Breem and James E. Bailey were the committee who received the donations and forwarded them to Chief Joyner, chairman of the committee in charge of the fund.

The police are anticipating a rather lively summer now that the trolley to Elizabeth is in operation. Of itself, Plainfield possesses very few really tough characters, but the trolley promises to import a fine collection here summer evenings. The toughs of Elizabeth and the 'Port usually prefer to get the full enjoyment of their frequent sprees by visiting other towns. Plainfield will undoubtedly have its share, and Saturday and Sunday nights are therefore likely to see many cases of intoxication in the neighborhood of the trolley terminus. Several instances have already been seen in which the drunken men have practically done as they pleased in the trolley cars without interference. It is to be hoped that the trolley road management will adopt severe measures in handling such characters and make it possible for respectable women to ride on the cars at night. The troubles of the Brunswick Traction Company last summer should serve as a warning.

DUNELLEN.

(Special Correspondence to The Press.)

Dunellen, May 25—The Democratic voters of the borough will meet tonight in the town hall for the purpose of electing two delegates, one to the State and one to the congressional conventions.

Last evening's reception by the Dunellen Banjo Club was the most successful social event that has been held in Dunellen for a long time. Over 150 guests were present, some of them coming from New York, Plainfield, Metuchen, Fanwood and New Market. The residence of O. A. Douglas, where the reception was held, was profusely decorated with cut flowers and palms, making a very pretty appearance. Although the club has been in existence but a year, and this is their first public reception to their friends, they did unusually well and the different numbers were frequently encored. The club is not composed altogether of banjos for there are also mandolins, guitars, 'cello, and piano. They were assisted last evening by a professional fluitis. At the conclusion of the musical numbers, the club was showered with congratulations, after which refreshments were served and an informal programme of vocal solos and recitations was given by several gentlemen. The following are members of the club: Leader, Miss Ella H. Boice; mandolins, Mrs. Fesmeir, Mrs. Harry Terry and Charles A. Corlell, Jr.; guitars, Mrs. W. E. Terry, Miss L. Clawson; banjos, Miss May Fulper, Travis Sutphen, Gilbert Herlick, Abner S. Corlell, Jr., Percy Abbott, Miss Ella H. Boice; 'celloist, Miss Helen Dunham; pianist, Miss Josephine Dealaman. The reception closed the season's work, but practice will be resumed next fall and the members hope to have these receptions once a month during the winter.

The New York and New Jersey Telephone Company has commenced work on the new line to New Market. This line will place Dunellen and Plainfield in direct communication with New Market.

The Union News Company has removed the stand at the depot which was given up a year ago on account of poor business. It will be erected again at Freehold.

The last meeting of the Literary Society will be held at the residence of O. A. Douglass tomorrow night.

Rev. J. Jonegeil, of Central Bridge, N. Y., will occupy the pulpit of the Presbyterian church next Sunday.

Mrs. Addie Randolph, and his sister Mrs. Voorhees, entertained the Friendship Social Circle, Wednesday.

Miss Mary Logan and Miss Cathie Moynihan, spent Wednesday with friends in Plainfield.

George Reusch and son Herbert, of Cranford, paid a flying visit to Paul Reusch yesterday.

Mrs. R. A. Van Nostrand, of Romulus, N. Y., is visiting her brother, Rev. A. F. Todd.

Mr. and Mrs. John Low, of Plainfield, will entertain the Crokinole Club this evening.

Wm. Sieger, of Bethlehem, Pa., was in the borough on business Wednesday.

Dr. Whitford, of New Market, is spending a few days at Berlin, N. Y.

Thomas Todd is confined to the house with an attack of lumbago.

John Whitlock spent yesterday with friends in New Brunswick.

The Building and Loan Associaton met last night.

Somerville, May 25.—The Y. M. C. A. Gospel meetings Sundays, at 4 p. m., will be held in the Baptist church during the summer months, and arrangements are being made for a grand rally Sunday, June 3d. The final meeting in the rooms will be held next Sunday, and will be addressed by Sylvester Smith, of Raritan. H. W. Reusswig has kindly consented to sing several solos, and Messrs. Smith and Maurer will assist with the music. The meeting will be for men, women and children, and everybody is invited.

Last evening the annual reception of the Woman's Club was held at the home of Mrs. Lyman Demaray's on Cliff street, where progressive euchre was indulged in. The tables numbered twelve, and were surrounded by beautiful potted plants and roses. The first ladies' prize was a beautiful opera fan and was won by Miss Laura Vanderbeek. The second prize was a cut-glass dish and was won by Mrs. Barcalow. The first gentlemen's prize was a silk umbrella and was won by Dr. Stillwell; the second was a traveling clock and won by Mr. Cox. Fifty-two were present and among the guests were: Mr. and Mrs. George Vandeveer, Dr. and Mrs. Stillwell, Mr. and Mrs. Griggs, Mr. and Mrs. Cook, Mr. and Mrs. Galpin, Mr. and Mrs. William Garretson, Mr. and Cox, Mr. and Mrs. Stephen E. Garretson, Mrs. Gaston, Mrs. Chambers, Mrs. Clarke, Mrs. Vanderbeek, Mrs. H. B. Smith and the Misses Smith, Mrs. Barcalow, Miss Davenport, Mrs. Hoffman, Mrs. Lane, Mrs. Anderson, and Miss Bessie, Mrs. Miller, Mrs. Reed, Mrs. Arkenburgh, Mrs. Davenport, Mrs. Emery, Mrs. Kline, Mrs. Randolph, the Misses Jamenson, Miss McMurty, Mrs. Frech, Miss Gildersleeve, Jack Chambers and Mr. Northrup.

A committee of Brooklyn physicians were in town this week looking at the DeForest House, a summer boarding house in the suburbs of the town, for the purpose of locating an inland sanitarium. The house, location and surroundings were considered by them as very desirable for the purpose, and the sewerage and drainage of the premises unusually good. The price asked was considered too high to warrant the purchase of the property.

The missionary committee of the Christian Endeavor Society of the Baptist church has raised nearly $50 for the sufferers from the famine in India.

John H. Hickey, indicted for stealing a milk can from J. S. Clark, near Franklin Park, pleaded not guilty.

WESTFIELD

(Special Correspondence to The Press.)

Westfield, May 25.—It is reported that the revenue of the postoffice for the fiscal year ending June 30th is more than sufficient to warrant the granting of the free delivery system to Westfield, and that it is only necessary to wait for the report to be forwarded after that date, so close at hand, when the department may issue the necessary orders to carry it into effect, placing Westfield in the ranks of the free delivery system, to which it is entitled.

The Westfield Township Committee has for several years been endeavoring to get a street opened across the railroad, from North to South avenue, west of Westfield avenue. The attempts have met with failure, owing to the indifference of the railroad officials, who would not signify whether they preferred it to cross the tracks on grade or overhead bridge. Of late the railroad people have been more favorable, and it looks as though an agreement would be reached and the road opened.

SOUTH PLAINFIELD.

(Special Correspondence to The Press.)

South Plainfield, May 25.—John Geary has a fine crop of early vegetables this spring and is marketing quite a nice load every morning.

The good crop of corn of last year has caused quite an increase in acreage of the crop this year.

The coal storage is running on full time this week, mostly shipping.

More Neely Frauds.

WASHINGTON, May 25.—According to information received from Havana the authorities there are making progress in unearthing frauds against the postal revenues. A tip has been received from Special Agents Seybolt and Williams in which they charge Neely with not accounting for stamps, moneys, property, etc., aggregating more than $65,000. There are five counts in this charge against Neely. One involves the appropriation to himself of stamps, moneys, etc., amounting to $57,000, another $1,500, one for $3,000, one for $1,500 and one for $300. This report will be forwarded to the counsel for the government at New York.

A Twentieth Century Fund.

ATLANTA, May 25.—The southern general assembly of the Presbyterian church will likely raise a twentieth century fund of $1,000,000 to be used principally for the establishment of educational institutions. The special committee to which was referred an overture from the presbytery at Louisville and one from L. H. Blanton, J. L. Vance and others asking that the fund be raised reported favorably upon the overtures at the opening session. There is much favorable sentiment in the assembly toward the movement to raise the fund, and the recommendation will doubtless be adopted.

Costly Pearl Found.

BOSTON, May 25.—A pearl of great price is likely to belong to Mr. Allan Wood of this city. He took Mrs. Wood to lunch after the circus, and in a Little Neck clam served on the half shell he found a 39 grain pearl. A jeweler now raises Mr. Wood's hope of richness by saying that if the pearl proves to be perfect its value will be $18,200.

Six Men Killed in a Boiler Explosion.

BROWNSVILLE, Tenn., May 25.—A boiler exploded at Hurleston, Tenn., a small village 25 miles west of here, in Captain James A. McFarrin's sawmill. The proprietor, aged 55, formerly in the internal revenue service during Cleveland's administration, is among the dead. Four employees named Burkett, York, Moses and Huntley, all white, and an unidentified negro were also killed. One man was driven through the wall of a cotton gin several yards away.

White's Murderer Arrested.

PHILADELPHIA, May 25.—Superintendent of Police Quirk has announced that the accomplice of Henry Ivory of Wilmington, colored, in the murder of Professor Roy Wilson White of the University of Pennsylvania was captured late Saturday night and is now locked up in the Mercer county workhouse, near Trenton. Requisition papers for his transfer to this city will be made out at once.

Fair Will Be Open on Time.

BUFFALO, May 25.—Rumors have been rife that the Pan-American exposition would not be ready on the day named for its opening, May 1, 1901. In order to counteract this impression a meeting was held of the Amusement Concessionaires association, at which the opinion was unanimously expressed that there was no reason to believe that the exposition would not be completed on the date fixed for the opening.

Second Attack of Lockjaw.

EAST GREENWICH, R. I., May 25.—The 15-year-old son of W. A. Pierce has just died from a second attack of tetanus, a similar case being unrecorded, it is believed, in surgical annals. The first attack of lockjaw followed a foot wound two years ago.

Provinz Westpreußen.

Konitz. Der Minister des Innern hat 20,000 Mark auf die Ermittelung des Mörders des Gymnasiasten Winter in Konitz ausgesetzt. Die von der bisher ausgesetzten Summe noch übrigen 6000 Mark sind für die Auffindung der Kleider Winters und sonstiger Spuren bestimmt. Der Kopf des ermordeten Gymnasiasten ist durch spielende Knaben in einem Graben bei Konitz aufgefunden worden. Der Kopf war in der Erde eingegraben.

Ließau. Dieser Tage feierte der Arbeiter Friedrich Menge ein seltenes Fest. Vor 50 Jahren war er in den Dienst der Familie des Gutsbesitzers Th. Göhrtz getreten. Göhrtz veranstaltete daher ein Fest und überreichte ihm ein größeres Geldgeschenk; auch soll Menge bis an sein Lebensende bei ihm bleiben.

Rheinprovinz.

Kreuznach. Vor einiger Zeit wurde der bei der Seifenfabrik von Karl Ost angestellte Reisende Jakob Dietrich plötzlich entlassen; er hatte Unterschlagungen in Höhe von mehreren Tausend Mark verübt. Letzter Tage wurde nun auf der Lorelei von Ausflüglern die Leiche Dietrichs gefunden; er hatte sich erschossen.

Kürten. Anhier hat sich ein ungefähr 47 Jahre alter Mann erhängt. In dem Selbstmörder wurde ein gewisser Paul Ottermann aus Zabrze, wohnhaft in Breslau, erkannt, der vom Jahre 1886 bis 1892 Bürgermeister von Peiskretscham war und später als Generalagent von Versicherungsanstalten sein Leben fristete.

M.-Gladbach. Die verstorbene Rentnerin Frau Johanna Bitz, frühere Vorsitzende des Vaterländischen Frauenvereins, vermachte 47,500 Mark für kirchliche und gemeinnützige Zwecke, darunter 30,000 Mark, deren Zinsen für hiesige evangelische Arme verwendet werden sollen.

Trier. In der Nähe unserer Stadt ist im Walde die 41jährige Tochter des Küfers Börsch mit durchschnittenem Halse todt aufgefunden worden. Wie festgestellt wurde, hat Börsch seine Tochter ermordet und sich darauf in der Mosel ertränkt.

Provinz Sachsen.

Gardelegen. Der Bau einer Kleinbahn von Gardelegen nach Calbe a. M., mit dem Anschluß an die normalspurige Kleinbahn Bertzendorf-Calbe-Bismarck und in Bismarck an die Staatsbahn ist nunmehr gesichert. An dem Unternehmen betheiligt sich der Provinzialausschuß mit einem Aktienkapital von zunächst 300,000 Mark.

Halle. Die hiesige Maschinenfabrik sperrte 600 Arbeitnehmer aus, weil sie am 1. Mai feierten. Diese durchzogen im regellosen Zuge die Straßen. Ein Polizeiaufgebot zersprengte den Zug. Sechs Arbeiter wurden verhaftet.

Klepzig. Hierorts erschoß der einarmige Invalide Primplitz beim Spatzschießen versehentlich den Schneidermeister Richter aus Giebichenstein mit einem Teschin.

Provinz Schlesien.

Breslau. Wegen des großen Umfanges der Diözese Breslau wird geplant, zwei Weihbischöfe anzustellen. Für den deutschredenden Theil ist der Kanonikus Marx, für den polnischen der Generalvikar D. Speil in Aussicht genommen.

Kapsdorf. Auf die Ermittelung des Mörders des 15jährigen Sohnes des Gemeindevorstehers Anders war eine Belohnung von 500 Mark ausgesetzt, die vom Regierungspräsidenten in Breslau jetzt auf 2000 Mark erhöht worden ist. Der Knabe ist am 23. Dezember 1899 Nachmittags durch wuchtige Hiebe an den Hinterkopf zu Boden geschlagen und in den Kopf geschossen worden.

Lauban. Der als Komponist und pädagogischer Schriftsteller bekannte Kantor Reinhold Reich ist im Alter von 58 Jahren plötzlich gestorben.

Flensburg. In einer Woche verstarben hier drei Personen, die das 90. Lebensjahr überschritten hatten: die unverehelichte Anna Closs erreichte ein Alter von 96 Jahren; sie war 37 Jahre Insassin des hiesigen Klosters; die Wittwe Anna Jensen verstarb im 91. Lebensjahre und ein Arbeiter Hinrich Arp ebenfalls im 91. Lebensjahr.

Kiel. Die Stadtkollegien bewilligten 700,000 Mark für die Anlage eines städtischen Elektrizitätswerkes. Sie beschlossen ferner die Ausschreibung des Oberbürgermeisterpostens mit einem Jahresgehalt von 15,000 Mark.

Provinz Westfalen.

Dortmund. In dem Fuhrgeschäft von Hemfoth wurden im vergangenen Jahre sieben Pferde durch schwere Stichwunden verletzt, so daß einzelne wochenlang als arbeitsunfähig stehen bleiben mußten. Eins ging ein, ebenso ein zweites, das an Bräune litt und dem die eingesetzte Kanüle herausgerissen worden war. Hemfoth faßte schließlich gegen seinen Knecht Johann Weber den Verdacht, daß er diese Quälereien ausführte. Weber legte auch ein Geständniß ab. Zu seiner Entschuldigung gab er an, er habe den Dienstherrn zwingen wollen, ihm bessere Pferde zu geben. Die Strafkammer verurtheilte den Knecht wegen Sachbeschädigung zu einem Jahre Gefängniß.

Rüdinghausen. Anhier tödtete der Invalide Bühren seinen Schwiegersohn durch einen Beilhieb.

A faithful and competent house-maid relates the following experience with

Ripans Tabules

"For more than two years I never knew what it was to be well. I had almost constantly a dull headache over my eyes. I felt so badly most of the time that I found it very difficult to do my work as I should. I became discouraged and almost broken down. One day the lady for whom I work gave me a few Ripans Tabules and told me to try them. I had spent nearly all my savings for months in doctoring, but as the Tabules were given me I thought I might try them. I used about a dozen and the result was I felt like another woman, and am now almost entirely free of my trouble with my stomach. The headache is all gone. But I always keep the Tabules on hand and take one now and then as I feel I need it. They have truly worked wonders for me."

WANTED—A case of bad health that RIPANS will not benefit. They banish pain and prolong life. One gives relief. Note the word RIPANS on the package and accept no substitute. RIPANS for 5 cents, may be had at any drug store. Ten samples and one thousand testimonials will be mailed to any address for 5 cents, forwarded to the Ripans Chemical Co., No. 10 Spruce St., New York.

Society in Gotham Displaying Pretty Costumes

They May Be Seen at the Round of Entertainments That Are Now in Vogue

SOCIETY is in vogue once more. The long days of Lent are a thing of the past; Easter has come and gone again for another year, and the days of entertainments, of parties and balls and visiting are here again. With these days come the beautiful fashions of the spring, the dainty gowns, and hats, and jackets; and of these none are more charming than the dainty visiting gowns in which my lady does a calling go.

Much variety is seen in the gowns of the season, no matter for what purpose they are designed. In fact, variety is the order of the day in fashions, and so great is the variety offered that every woman may be just as exclusive in the fashioning of her garments as she desires and can afford, for, of course, exclusiveness and originality in gowns, as in everything else is expensive.

OF HELIOTROPE SILK POPLIN.

These elaborations by which variety is secured are carried out in many ways. The latest of these is now shown in the sleeve designs that one sees; the ornamented sleeve, with its ornamentations in countless different ways, is seen on almost every new gown that are either worn by the fashionable woman of the city, or displayed in the fashionable shops. And while speaking of sleeves, we may note the tendency toward short sleeves for an early date. These have come to us from Paris and from our own winter resorts. While in the south I saw large numbers of these sleeves worn with long gloves of silk, suede or kid, and the returning fashionables are not only bringing the fashion north with them, but are rejoicing in the fact that it is a fashion approved by Paris. As seen to-day the lower ends of these short sleeves are variously finished. small revered cuffs, ruffles of lace, chiffon, puffings of soft silks and panne, shirrings of various materials and other fabrics are being widely used where the sleeve is cut abruptly at the elbow or slightly below it. Many house gowns have shirred sleeves of thin fabrics, which are cut off at the elbow and finished there with falls of lace, full if the lace is thin or simple if the richer embroideries are used.

But the short sleeve does not please every woman, and for those who prefer the long ones there is an equal amount of ornamentation to attract. The long sleeve covering the wrist has disappeared, and all long sleeves are now finished with cuffs and with the fullness of lace fastened inside and falling gracefully over the hand. This is a return to a style which has frequently been in vogue. All sleeves have some soft fabric inside and around the hand. This is also a former fashion, and is a very advantageous one, as the material which touches the skin can be frequently changed if it becomes slightly soiled.

It has only been within the past week or so that any tendency has been shown toward ornamentation of the sleeve above the wrist. For several seasons this portion of every gown has been made plain and without garniture of any kind, unless it were a few narrow tucks or cording, or a few gathers at the top. But now fancy sleeves are much in favor. On them are seen net, filigree, puffings, strappings, narrow velvet ribbons and rich embroidered laces. In fact, the more elaborate the construction of the arm covering, the more effective and new will the cosume be. The lingerie sleeves are being constructed in a variety of forms, from the end of the short sleeve to the wrist. These fabrications admit of a great deal of additional garniture in the way of thin fabrics and lacy effects. No two need be alike, and, in fact, no two are alike. Every idea and every handy material of the gauzy and lacy character is being pressed into use for this portion of the dress.

But of the visiting gowns that are attracting attention at the present time: I have seen a number of them on the avenues, and in the handsomely equipped carriages, and in the stores, and will describe a few of them.

They, like all other gowns, are being elaborately trimmed in laces like the bretonnets, guipure nets, cut-out-point nets, plaited gauzes and shirred chiffons. In the gowns of the day these are being used for yokes and vests, with ruchings and flounces of guipure lace, Brussels lace, duchess lace, maline, valenciennes lace, fine French lace and applique lace, and rosettes of chiffon and tulle. These are in shades of white, ecru, old lace, ivory and black, and are worn on the many handsome light weight cloths which are a feature of the season's materials, and silks, poplins, foulards and printed silks.

OF PALE GRAY CLOTH TRIMMED WITH IVORY LACE.

One of these visiting gowns was of pale gray cloth, with trimming of ivory lace in a design of flowers appliqued on the cloth. The skirt is very graceful, with a box plait at the back, and a circular flounce in front about five inches from the waist line. It was very narrow, and as it extended towards the bottom it widened. This flounce was edged with very narrow ivory lace. Directly down the front of the skirt was an applique of ivory lace, with the narrow lace extending around the bottom of the skirt. The bodice was in fine tucks of gray silk, and over this came cleverly swathed folds of the cloth bordered with wide lace applique.

Another gown seen on Fifth avenue a day or two ago was of heliotrope silk poplin. This was trimmed with quantities of ecru guipure insertion and ruched ribbon.

One of the prettiest things of the week was a gown of French foulard in pink, with quantities of the finest of French lace in black. The skirt of this gown was made with a double box plait in the back, and a narrow accordion plaited flounce around the bottom, with a heading of French black lace. There were two pointed tunic effects that reached to the bottom of the skirt with the black lace on each.

A pretty foulard gown of red and white was made with flounces of breton lace, and the round bodice had a yoke and vest of breton net trimmed with ruchings of scarlet ribbon.

An Unfortunate.

CHRISTIAN ENDEAVOR.

Topic For the Week Beginning May 27—Comment by Rev. S. H. Doyle.

Topic.—Have patience.—Math. xviii, 21-35.

THE PARABLE.

Christ has recently said, "If thy brother shall trespass against thee, go and tell him his fault between thee and him alone." This leads Peter to ask, "How oft shall my brother sin against me and I forgive him—till seven times?" The Pharisees said three times, and Peter no doubt thought seven was a generous number, but Jesus replied, "I say not unto thee seven times, but until seventy times seven"—that is, no definite number, as three or seven, but always have a spirit of willingness to forgive. This truth Christ then illustrates in the parable of "The Unmerciful Servant," which has been selected for our study. A king calls his servants to account. One owed him 10,000 talents, a great sum, which he could not pay. The king therefore ordered him and his family to be sold to pay the debt. The servant begged humbly for more time, saying, "Have patience with me, and I will pay thee all." The king, going further even than he asked, generously forgave him. But this servant went out and found one who owed him and brutally demanded what was owed, and in spite of his fellow servant's appeal he refused to have mercy, but had him cast into prison. The king was told. He recalled his pardon and had the unmerciful servant delivered into the hands of the tormentors until he could pay.

THE INTERPRETATION.

The interpretation of this parable is easily made if we except one particular which must be borne in mind. The king is God; men are his debtors. None of us can pay what we owe God. God will forgive us only when we are willing to forgive our fellow men who have trespassed against us. The parable does not teach that God gives a pardon and then recalls it, as the king did. Christ simply means to illustrate that unless we forgive God will not forgive us. The illustration is human and hence imperfect, but the one truth taught is clearly evident.

THE APPLICATION.

Two practical lessons may be drawn from this parable that will apply and enforce the topic.

1. God is willing to have patience with us. The king bore most mercifully and generously with his debtor, who could not pay. He graciously forgave him the debt, and in this he is typical of God, in whose debt we are. God is willing to forgive us. He always deals patiently and mercifully with us. Did He not do so, we could not stand for a single moment before Him. Let us appreciate God's mercy and patient endurance and thank Him for them.

2. Since God has patience with us, we should have patience with our fellow men. The generosity of the king in forgiving his servant a great debt should have made it a joy for him to have forgiven a fellow servant a much smaller debt. His action was base and ungrateful, and we applaud the king's action in recalling his pardon. He was unworthy of it. It had been misplaced. God makes no mistakes. He needs to recall no pardons. He sees the heart and knows whether we are willing to forgive men their trespasses against us, and, if not, He will not, yea, cannot, forgive us. To be forgiven we must forgive.

THE PRAYER MEETING.

Let the leader explain the parable and then have an open, voluntary discussion of the topic.

BIBLE READINGS.

Ps. xxxvii, 7; Eccl. vii, 8; Math. vi, 12-15; Rom. v, 1-5; Eph. iv, 32; Titus ii, 1, 2; Heb. vi, 12; xii, 1, 2; Jas. v, 7-11; I Pet. ii, 19-25.

Put It In Your Bible.

Here is a handy table, furnished by The Christian World, which it would be well to cut out and copy for reference in your Bible studies:

A day's journey was about 23 1-5 miles.

A Sabbath day's journey was about an English mile.

A cubit was nearly 22 inches.

A hand's breadth is equal to 3¾ inches.

A finger's breadth is equal to about one inch.

A shekel of silver was about 50 cents.

A shekel of gold was $8.

A talent of silver was $538.30.

A talent of gold was $13,800.

A farthing was 3 cents.

A piece of silver, or a penny, was 13 cents.

A mite was less than a quarter of a cent.

An ephah, or bath, contained seven gallons and five pints.

Serious Thoughts.

Make time for serious thoughts. Let no day pass without some memory of solemn things. Each morning as you rise remind yourselves that "God spake these words and said." Each evening as you lie down to rest let God's angels close the door of your heart on thoughts of purity and peace. The soul that has never lived face to face with eternity is a vulgar soul. The life that has never learned the high law of holiness is a ruined and a wasted life.—F. W. Farrar.

A Prayer.

O Eye that needeth no repose,
Look down upon my hand
And see if I am using it
To do as Thou hadst planned!

O Ear that hears all vibrancy,
Attend upon my voice
And stop the idle parlance there
Unmeet to be Thy choice!

O Mind that knows infinity,
Be critic of my own
And temper all its transient thoughts
To righteousness alone!

O Strength that rules unnumbered orbs,
Yield me enough each day
To keep my hand, my voice, my mind,
Above the claims of clay!

THE PRETTY MAID.

"Where are you going, my pretty maid?"
"I'm going to Harker's store," she said.
"What will you do there, my pretty maid?"
"I'll get great bargains, sir," she said.

"He sells magazines at the publishers' price,
And his store is just delightfully nice.
He has pretty inkstands and paper weights,
Alphabet blocks and transparent slates.

"He has all the popular novels, too,
And special books he'll get for you.
He has paper napkins and fountain pens,
And the sweetest, loveliest, dearest things.

He has dominoes, checkers and playing cards,
Duplicate whist and tally cards,
Crokinole, archarena and also chess,
And all other kinds of games, I guess.

"He has papeteries in greatest array,
From the daintiest tints to the very gay—
"You've said quite enough, my pretty maid,
I must see that wonderful store," he said.

SPORTING.

GOLF

The first of the really important events on the local golf links will be held tomorrow. The rain of last Saturday necessitated the postponement of competitions on both Hillside and Park Club courses and they will be played off tomorrow instead. It is really the opening of the active season for both clubs, and much interest is shown in the probable results. While there are certain of the players who can be surely counted on as certain to make a good showing during the summer, the spring always brings with it the possibilities of new talent. The first few competitions will therefore be watched with special interest and a view as to who are to be Plainfield's leading players this year. Two events are to be held at the Hillside Club links tomorrow. In the morning, there will be play for the van-Herwerden cup, a ladies' handicap competition, 18 holes, medal play. In the afternoon, the preliminary round for the Chapman cup, a scratch competition, eighteen holes medal play. The best eight will qualify for match play Memorial Day. A man's handicap competition, eighteen holes, medal play, and a ladies' handicap competition, nine holes, medal play, will be the events of the afternoon on the course of the Park Golf Club. At the same time as the first of these, there will be play for the green committee challenge medal, which is to go to the player making the lowest gross score in the tournament. This latter event is designed to show the best play in the club, and will be contested for every Saturday afternoon by challenge.

AMONG THE STEPPERS.

If the weather is favorable there will be some trotting at the track at the Gentlemen's Driving Park tomorrow afternoon.

Thomas Brantingham and J. Wesley Johnson have entered their horses in the races to be held soon at New Brunswick.

ON THE DIAMOND

The Watchung Ball Club defeated the Holy Cross team yesterday by a score of 21 to 8. The batteries for the former were L. Minford and A. Wills, and Sherwin and Shepard for the latter team.

CYCLING COMMENT.

Clinton Newton, press agent for the Welsh Brothers' circus, which shows here today and tomorrow, was a pleasant caller at The Daily Press office today.

Mr. and Mrs. Andrew McCardell of West End Park, owing to the recent death of a relative, did not attend the wedding reception given in honor of Mr. and Mrs. Thomas Lynch, last Wednesday evening, as reported.

Hospital's Annual Meeting.

The annual meeting of Muhlenberg Hospital will be held next Monday evening, when some important business will be considered.

Night Off," but this he declined to do. After another selection by Dr. Waldo, Mr. Clark extended to the Crescent Avenue church and those who had furnished music the hearty thanks of all. Those present were then invited to the parlors of the chapel, where a reception was held for the graduates and refreshments were served.

The names of the graduates are Miss Olive Z. DeLany, Miss Virginia Force Stryker and Miss Emma C. Studeman. Although not definitely known, it is quite likely that they will make Plainfield their permanent home.

ENTERTAINED CYCLERS.

Elizabeth Y. M. C. A. Boys Visited the Local Association.

The bicycling division of the Y. M. C. A. had made preparations to entertain a number of bicycling corps from surrounding places last evening, but on account of the threatening weather only one delegation from Elizabeth of about thirty members arrived.

The use of the gymnasium and swimming pool was given to the boys, after which they were entertained by Mr. Heywood, who gave a humorous reading entitled, "Burdock's Music Box," and another by Elmer Cutting, entitled, "Getting the Best of the Conductor."

Light refreshments, which had been prepared by the Misses Moraller, Stafford, Lowe and Mrs. Heywood, were served, and the visitors left for home on the 10:17 train on account of the rain.

The next run in connection with the league will probably be to Rahway June 7th.

"The Country School."

The members of the Epworth League of Grace M. E. church are arranging to give an entertainment in the church soon, entitled "The Country School." The affair will be given Friday evening of next week.

SCHOOL AND CHURCH.

Cardinal Vaughan is a magazine owner as well as a churchman, being proprietor of the Dublin Review.

Japanese schoolboys are taken into the forests by their teachers, one day in the autumn, to engage in rabbit hunting.

The acquaintance of Prof. Charles Eliot Norton, of Harvard university, with the late John Ruskin, of England, which was quite intimate, began over 45 years ago.

It is claimed that the Wesleyan female college, at Macon, Ga., was the first woman's college in the world. It was established by the Methodist Episcopal church, South, of that town, in 1836.

Brown university has 2,559 living graduates from a total of 5,115. Rhode Island has 910 of them; Massachusetts, 614; New York, 296, and there is no state in the union not represented by at least one.

Thomas Wentworth Higginson observes that an increasing number of college graduates are taking to journalism in preference to other professions because a quick way of earning a living is afforded.

As an evidence that the Methodist Episcopal church is making gains in Italy, Rev. Dr. William Burt, presiding elder of the Rome district of the Italian conference, alleges the fact that 12 years ago collections in that country were $917, while they were $16,345 last year.

There are 4,671 ordained Protestant missionaries, assisted by 2,075 laymen, 4,705 missionary wives, and 3,421 unmarried women, a total missionary force of 15,019, reenforced by 64,193 native helpers, carrying the Gospel to the world. About 4,000 of the native helpers are themselves ordained ministers. The total evangelistic army numbers 80,300 souls, and the annual income of the societies supporting them is, in round numbers, $15,000,000.

MISSING MEN SEEN ON WRECKED TRAIN MAY BE DEAD.

Hard Work to Clear Up Wreck at North Branch—800 Tons of Coal Spilled.

It was after 6 o'clock last night before the wrecking crews were able to leave the scene of Wednesday's fatal wreck at North Branch, and the debris is not entirely cleared away yet. Section men are still at work removing the coal, but only half of the 800 tons has been cleared away. It is still believed by many that there are some bodies under the wreck, as seven men besides the crew were seen on the train as it left Whitehouse. Three of these have been accounted for, the dead man and the two Plainfield men, but nothing has been seen or heard of the other four.

In the hope of obtaining some clue to the identity of the man killed in the wreck at North Branch Wednesday night, Chief Detective John K. Large, of the Central Railroad, sent a telegram to Chief of Police Baker, of Providence, R. I., asking him to hunt up Mrs. S. Collins, 11 Sansbery street, that city, and learn if she knew anything about the letter addressed to her which was found on the dead man's body.

Mrs. Collins thought the dead man might be her son Fred, aged twenty-seven years. The latter's brother, Albert H. Collins, of 45 Cedar street, New York, was notified, and together with Detective W. J. Dougherty, of the Central, went to Somerville this morning to see if he could identify the remains as those of his brother. When they arrived there they found that the remains had been interred by Undertaker Johnson by order of the County Physician. The remains will be exhumed so that Collins may see if they are those of his brother. If they are they will be shipped to Providence for burial.

EARLY INTELLIGENCE.

—Tomorrow Sebring will show a new line of straw hats.

—Lettuce, radishes, asparagus and in fact all the fresh vegetables are to be found at Neuman Brothers.

—Fancy shirts and fine neckwear and all the latest spring styles in hats to be found at James R. Blair's, 126 Park avenue.

HORSES WILD RUN.

Attached to a Dump Cart Which Suddenly Upset.

A team of horses attached to a dump cart, belonging to Michael Welsh, of West Third street, became frightened this morning on Fifth street, near Madison avenue, by a pin coming out and dumping the load. The driver, Grant Miller, was thrown off and the horses ran down Fifth street at a furious pace. They turned Plainfield avenue and also Third street and ran as far as Grant avenue, where they were caught by Dory Dunlop. No serious damage was done to either horses or cart.

Mr. and Mrs. George Wean of West Fourth street, are entertaining relatives from Milford, N. J.

PREPARING TO WORK FIELD COPPER MINE.

Philadelphia Capitalists Have Secured Rights for Old Mine Near Warrenville.

PUMPING OUT THE SHAFT.

THE WORKINGS ARE SAID TO BE A CENTURY OLD.

Richard Fields Attempten to Mine Copper There Twenty-five Years Ago and Sunk Much Money in the Effort.

The probable reopening of the old copper mines near Warrenville has set the tongues in that vicinity ago. Although the work is being conducted very quietly and considerable secrecy is maintained concerning the backers of the enterprise, it is now a well-known fact that the scheme is so far under way and that an effort is being made to pump the water out of the old mine in preparation to its future working.

The present prosperous times and the recent improvement in mining machinery are the direct causes of this resumption of activity at the old Field copper mine near Warrenville. The mine itself is over a hundred years old. It was part of an old colonial grant, but was not successful on account of the great cost of extracting the metal. A quarter of a century ago Richard Fields, of Bound Brook, invested a large sum toward opening up the mine. The old shaft was pumped out and greatly extended. Copper was found and in considerable quantities, but the low price of the metal at that time, combined with the crude methods of extracting it, made the enterprise an unsuccessful one and the mine was finally abandoned.

The Field mine is located on the farm now occupied by Rev. George Bowers, pastor of the Coontown M. E church, which is only a quarter of a mile from Warrenville. It's location had nearly been forgotten until recently when it was learned that certain capitalists from Philadelphia were looking for the site of the old mine with a view of reopening it.

There is a large well or shaft sunk fifty feet into the ground from which branch off a series of galleries in all directions. In several of these specimens of rich ore were found. The metal is mixed with a hard trap rock, however, and it has been heretofore found too expensive work to separate it. Now, however, that the great demand for copper has sent the price well up and improved machinery make it possible to extract metal at a much less cost than formerly, it is believed that these copper mines can be carried on as a paying investment.

The Philadelphia capitalists evidently take that view of the matter for they have obtained a lease of the mining rights for the term of years and are preparing for active operations. During the years that the mine has remained inactive, it has filled up with water which will have to be pumped out. Pumps have been established in the old buildings at the entrance to the mine and the water is slowly being lowered in the main shaft.

The prospect of such an important industry near at hand has aroused much interest among the people of Warrenville and that part of the county. The secrecy observed concerning those who are pushing the movement has tended to intensify the curiosity concerning the movement.

There are several other of the old mines in that same part of Somerset county that are said to be equally as valuable as the old Field mine. It has been persistently rumored that some New York and local capitalists were carefully considering the advisibility of investigating the old copper mines near Chimney Rock and on the southern side of the first range of the Watchung Mountains.

PYTHIANS DANCED.

Perseverance Lodge Members and Friends Had a Good Time.

Perseverance Lodge, No. 74, K. of P., gave a social dance to the lodge members and their friends last evening at their rooms on West Second street. The dance was given for the purpose of getting the members and friends better acquainted and to secure new members for the lodge. No regular programme had been arranged, but dancing was kept up until midnight, when refreshments were served.

The entertainment committee was composed of Samuel Robinson, chairman, assisted by the Messrs Flannery and Drake.

OLD SOLDIER'S FUNERAL

LAST SAD RITES OVER REMAINS OF JOSEPH R. BENNETT.

Services in Charge of G. A. R. Members of Rahway, at Which Place Remains Were Interred.

The funeral services of the late Jos. R. Bennett were held yesterday afternoon at 2:15 o'clock from the home, corner of Lincoln place and Duer street. There was a very large attendance of relatives and friends, including many from Rahway, the former home of the deceased.

For the convenience of the many business men who could not attend the services, the body lay in state from 11 o'clock until 1 o'clock, giving them an opportunity of viewing the remains during those hours.

The services were in charge of Rev. John A. Leggett, pastor of the Second Presbyterian church, and chaplain of Barry Post, G. A. R., of Rahway, of which the departed was a member. He spoke concerning the strong Christian character and exemplary life of Mr. Bennett, and of his bravery during the Civil War, when he was among the first to answer his country's call and go to the front. He spoke of him as a kind and loving husband and father, and his pecular devotion to the home. He made mention of Mr. Bennett's uprightness and how highly regarded he was among his fellow business men.

There was a beautiful display of flowers about the casket, consisting of two pillows, one from the bereaved wife bearing the word "Husband," and another from the grandchildren bearing the word "Grandpa." There was also a cross from the children with the inscription "Father," and a large bunch of lilies from Westfield relatives, and a sheaf of wheat. These were placed about and on the casket, upon which there was also placed an American flag. Upon the lapel of the coat of the deceased was the familiar G. A. R. badge.

After the services the remains were taken to Rahway for interment in the family plot. At Rahway the cortege was met by the members of Barry Post, G. A. R., who accompanied it to the grave and conducted the military service of the order, including the firing of the salute.

Those who acted as pall bearers were W. H. Ludlow, Wm. H. Addis and J. P. Homan, of this city; Col. Joseph W. Martin, Frank Bliss and Thompson Thorn, of Rahway, Col. Martin and Mr. Addis, were members of the Sixth N. Y. Independent Battery, of which the deceased was a member.

GLITTER CAUGHT HIS EYE.

Diamond Lost by Albert Carey Twenty-one Months Ago Was Found Yesterday.

Just twenty-one months ago, Albert Carey, of this city, who is manager of the packing box factory of F. R. Abbey, of New York, lost a valuable diamond in a peculiar manner. Mr. Carey was working at a scroll saw when his hand caught in the teeth and two fingers were severed, the saw being stopped by a ring on his third finger.

The ring is all that saved his other fingers, but the diamond which was in it and which weighs 1¼ carats, was knocked out and despite the most diligent searching could not be found until yesterday. When Mr. Carey met with the accident he was on the fifth floor near a window and overlooking an extension roof. The diamond flew out of the window to the roof where it laid in the gravel until the glitter caught the eye of an employe who quickly secured it. A reward had been offered for the return of the ring but Mr. Carey had given it up for lost, and to say that he was surprised at getting it back after twenty-one months would be expressing it mildly. The ring is valued at $150.

Upsala College Commencement.

(Special to The Daily Press.)

Elizabeth, May 26.—The seventh annual commencement of Upsala College, the chief educational institution of the Lutheran church in this section, took place Thursday evening at the handsome new college building finished this year at New Orange. The college was formerly located at Brooklyn. The principal address was delivered by Rev. Christian G. Fischer, pastor of the Lutheran church at Elizabeth, and orations by Professors A. R. Olsin and H. Wallin, of the Lutheran League of the United States. Special trains were run from Roselle to New Orange for the commencement.

Larger Choir Gallery.

The enlargement of the choir gallery at the First M. E. church is now completed, making room for all the members of the large chorus choir that has just been organized by Chas. L. Lewis.

$500 FOR ST. JOSEPH'S.

STRAWBERRY FESTIVAL PROVED TO BE A PROFITABLE AFFAIR.

Second Night of the Affair Was a Great Success—Names of the Prize Winners.

The second and last night of the strawberry festival in Saengerbund Hall, given under the auspices of the ladies of St. Joseph's church, came to a successful close last night. The attendance was much larger than on the preceding evening, and the refreshment stands had a decided increase of business.

The main topic of the evening was the guessing of the successful candidates for the different prizes, and when Father Brennan arose to announce the winners everyone cheered for their favorite. The winners were as follows: Diamond pin, Miss Lizzie Ryan; gold watch, Miss Lizzie Fitzgerald, and the silver service, Mrs. M. Moran. In the latter contest three ladies who collected a total amount of $231.75, took part. Mrs. Moran collected $115 25. The total net receipts of the fair will be about $500, which is to be placed in the building fund.

The committee to whom credit for the success of the fair is due were Mrs. James. E. Bailey, chairman; Mrs. Herman Burkham, Mrs. Andrew Kenney, Mrs. Edward Ryan, Mrs. David Kenney and Mrs. Charles Farlee.

GOLDEN WEDDING JUBILEE.

Mr. and Mrs. William Tharp, of Sergeantsville, are Remarried in Their Home.

(Special to The Daily Press.)

Flemington, May 26.—Mr. and Mrs. William Tharp, of Sergeantsville, celebrated the fiftieth anniversary of their marriage yesterday afternoon. About one hundred guests were present from Newark, Brooklyn, Plainfield, Flemington, and other towns. The Rev. Mr. Young, pastor of the Sergeantsville Methodist Episcopal Church, remarried the old couple.

Mr. Tharp was born on April 14, 1827, and Mrs. Tharp on July 18, 1826. They have no children. Both are very devout, having belonged to the Methodist Episcopal church for forty years. Mr. Tharp has read the Bible through ten times. He held the office of Overseer of the Poor of Delaware township for eleven years, resigning two months ago.

FOR FAMINE SUFFERERS.

Rev. J. O. McKelvey Succeeded in Raising $35 for Relief of Starving People of India.

The meeting held last evening at Warren chapel in the interest of the famine stricken people of India was largely attended and a success. Rev. J. O. McKelvey, pastor of the chapel, conducted the meeting and told much about the sufferers in India. He told of the movement on foot to help these people. His remarks were attentively listened to and excited considerable interest among those present who gave about $35 toward the object. Pastor McKelvey is much gratified with the success and hopes that the above amount may be increased considerably.

GOOD CIRCUS PERFORMANCE

Welsh Brothers Talent Pleases a Large Audience.

All roads seemed to lead to Spooner avenue and Fourth street last evening, where Welsh Brothers' Circus opened their two days' engagement. The big tent was crowded to the doors with an enthusiastic audience. The show is really one of the cleanest and best constructed one-ring shows that ever appeared in Plainfield. From beginning to end there is a diversity of extraordinary male and female aerialists, high class gymnasts, refined clowns, adept trained animals, etc. The act presented by the Great Marinellas, a duo of Roman ring performers, created a genuine sensation. The concluding performance will be given this evening at 8 o'clock, after which the show departs for Elizabeth, where they appear Monday.

Another Attraction at Woodhull & Martin's.

Woodhull & Martin's big basement will be a very attractive place for the ladies this coming week. In addition to the free cooking school they will have a demonstrantion of a new ironing and press board, especially adopted for laundrying ladies' shirt waists, and to prove the advantages of the board they will laundry free of charge ladies' shirt waists. See their advertisement for particulars.

Miss Moss' Successor Not Yet Chosen.

Up to the present time no one has been selected to take the place of Miss Moss, as superintendent at the hospital. It is likely that Miss Messler, the assistant, will hold the position for the present.

HUNT CLUB READY FOR HORSE SHOW.

Union County Lovers of Horseflesh Impatiently Awaiting Exhibition Near Elizabeth.

OPENS ON MEMORIAL DAY.

PREPARATIONS COMPLETED AND SOCIETY EXPECTED TO TURN OUT.

More Than 100 Entries Have Been Received—One of the Features Will be an Exhibition Cavalry Drill by the Crack Essex Troop.

Plainfield will have a large representation at the second annual horse show of the Union County Hunt Club, at the New Jersey Jockey Club's grounds near Newark, Decoration Day. Preparations for the show are now nearly completed and it promises to be a great success. There are 155 horses entered by 55 different owners, including many prominent in society in Plainfield, Elizabeth and Orange.

There are thirteen classes in all, the judging in which will begin at 10 o'clock that morning and continue until 5 o'clock in the afternoon. An exhibition cavalry drill with fancy riding by the Essex Troop, Newark's cavalry organization, will form part of the afternoon's attractions.

Lewis E Waring, of this city, is on the committee in charge of the entries and will take a prominent part in the show. The Plainfield owners to be represented in the various classes are Miss Louise G. Fisk, Miss Daisy Shepard, Charles W. Fisk, Augustus R. Fisk, Rutherford M. Shepard, Frank L. Schoonmaker, Craig A. Marsh, Seigfried Arens, Dr. Middleton O'M Knott and Lewis E. Waring.

Miss Fisk and Miss Sheppard are both entered in class 4, ladies' harness horses, single, to be shown before appropriate traps, ladies to drive. The majority of the Plainfield entries are in class 5, for combination saddle and harness horses, to be first shown in harness to an appropriate vehicle and then to be unharnessed in the ring and shown under saddle.

Charles W. Fisk has entered his tandem in class 7, for harness tandems. There are also a number of Plainfield entries in class 8, for saddle horses. R. M. Shepard has entered two horses in class 9, for jumping classes. He will ride one and L. E. Waring the other.

The judge will be Henry C. Taintor, editor of the Rider and Driver. A. P. Vredenbugh, secretary of the American Kennel Club, will be ring steward, and A. W. Mackintosh, of Elizabeth, his assistant.

A party af thirty from this city will attend the show. The private car of the East New Jersey Traction Company has been secured to take them to the grounds. Others will drive to the grounds. Several four-in-hands and drags from this city, Newark and the Oranges are expected.

"IN A PERSIAN GARDEN."

Beautiful Cantata to Be Given Under Direction of W. J. Romain.

An evening of music, poetry and song, under the direction of Wm. J. Romain, Monday evening next at Y. M. C. A. Hall, will be of special interest to all lovers of music, as the cantata, "In a Persian Garden," will be given for the first time in Plainfield.

To those less acquainted with the work it may be well to mention that this work is a composition for four solo voices, which was given for the first time in London in 1896, creating at once a musical sensation, and now the whole musical world has acclaimed it as the finest work of its kind.

Mr. Romain has engaged four solo voices of repute from New York to render this beautiful composition, and he should meet with the support of all lovers of music in his efforts to bring before the public here a work requiring the very best talent, as it is not possible of rendition otherwise.

Besides the cantata, there will be a miscellaneous programme of the best order. Tickets will be on sale at all the drug stores in the city.

Consecration of St. Mary's Church.

It has about been decided to hold consecration services at St. Mary's R. C. church the latter part of next September. By that time the entire debt on the church will have been paid. The improvements that have been under the way for some time past were completed today.

—William Drake, Jr., of Richmond street, has taken a position as driver with Crosby & Hill.

NEW ROAD TO BE OPENED

FREEHOLDERS DECIDE AGAINST THE OBJECTORS.

Street Will Run From a Point Near Charles Bent's Residence, in Graceland, to Brightwood Avenue.

A decision has been made in the dispute over the proposed opening of the street which is to run from Graceland to Brightwood avenue. During the early part of last fall the surveyors of highway from Westfield and Fanwood met for the purpose of considering the advisability of opening a street from a point near Charles Bent's residence, in Graceland, through to Brightwood avenue.

Several of the property owners appeared before the meeting and opposed the plan. The surveyors of highways, after hearing both sides, decided that the improvement would benefit the majority, so they decided to have the street opened. The opposition filed a caveat against the work. It was carried to the Board of Freeholders and a committee of six was appointed and met in Westfield yesterday at Ward's Hotel for the purpose of listening to the case. The committee also drove over the property through which it was proposed to run the road.

The committee, after consultation, decided that the proposed improvement was a just one and that the road should be opened.

This will probably settle the dispute to the satisfaction of all. The committee appointed by the Board was composed of Director Hubbard, Freeholders Robison, Adams, Scudder, King and Cady.

CHECK FOR $1,000.

Women's Auxiliary Able to Order it Drawn for Benefit of the Hospital.

The Women's Auxiliary of Muhlenberg Hospital met yesterday and elected the following officers: President, Miss Elizabeth Cook; vice presidents, Mrs. Daniel T. VanBuren and Mrs. Samuel Huntington; corresponding secretary, Mrs. W. M. Stillman; recording secretary, Miss Emilie Schipper; treasurer, Mrs. Lapsley; auditors, Miss Mary Tweedy and Miss Schipper.

The report of the treasurer showed the year's receipts to be $1,156, which was chiefly from the rummage sale of which they received half and the Plainfield Relief Association the other half. A check for $1,000 was ordered drawn in favor of the Board of Governors of the hospital for use at that institution.

The following appointments for the month are Miss Cock, purchaser; Miss Emily Tracy, Miss Mary Tweedy, Mrs. S. F. Kimball, Mrs. Schwed, Mrs. W. A. Wheeler, visitors.

Mrs. Daniel T. VanBuren, who has served the auxiliary as president for five years, declined a re-election. She consented, however, to serve as one of the vice-presidents.

DEWEY RIDICULED?

A Correspondent Criticises Some of the Songs Arranged for Concert in Music Hall.

To the Editor of The Daily Press:—As you are aware, Mr. Lewis is going to give a concert at Music Hall Monday next. Among the songs to be sung is one by the children about Admiral Dewey, wherein the Admiral is held up to ridicule if not contempt, such words as these appear in the song: "When you gave the house to your wife we felt like 30 cents," and "If you will only keep still we will forgive you for having a swelled head," and more of the same character. As an American citizen I protest against teaching our children such unpatriotic and ungrateful sentiments.

Respectfully yours,
Karl Mathiasen.

BIG REAL ESTATE DEAL.

S. D. Drake Buys Old Thompson Property on North Avenue.

Announcement is made today that Silas Dewey Drake has purchased of A. I. Smalley, N. B. Smalley and David C. Smalley, the property on North avenue, owned by them, which is known as the Thompson property, and that Mr. Drake will erect a handsome building four or five stories high on the property. Mr. Drake made a deposit to the Smalley Brothers to clinch the bargain, and he agrees to pay the balance of the price July 1st.

Finger Mangled.

J. W. Anghiltree, of Third place, had the first finger of his left hand mangled yesterday by being caught in the chain of his wheel. The finger was wedged in on account of a tight chain, and it was necessary to turn the sprocket to release it. The nail was torn off and it is thought the bone is broken.

FREEHOLDERS ASSIGNED

STANDING COMMITTEES ANNOUNCED BY DIRECTOR HUBBARD.

County Collector's Bond Accepted—Trolley Application To Go To Road Committee.

Captain J. Frank Hubbard, of this city, director of the Union county Board of Freeholders, has appointed the following standing committees to look after the routine business of the county legislature:

Publication—Adams, Robison, Gerstung.

Discharge of Prisoners—Wahl, Robison, Scudder.

Settle with Collector—Krouse, King, Brucklacher.

Audit Accounts—King, Cady, Woodruff.

Lunacy—Miller, Adams, Swain.

Public Grounds and Buildings—Farrell, Cady, Scudder.

Jail Inspection—Westphal, Wahl, McCandless.

Settle with Sheriff—Robison, Ehrlich, Scudder.

Miscellaneous Accounts and Agreements—Ehrlich, Krouse, Swain.

Legal Questions—Cady, Ehrlich, Bonnell.

Appropriations — Farrell, Westphal Krouse, Brucklacher and Woodruff.

County Roads — King, Adams, Krouse, Brucklacher, Swain.

Elizabeth Drawbridges—Miller, Ehrlich, Gerstung.

Rahway Drawbridges—Ehrlich, Farrell, Bonnell.

The committee on Collector's bonds reported that they had received Collector E. M. Wood's bond, and the securities were as follows: John Kean, Frank Bergen, Edward C. Woodruff, John W. Whelan and Meline W. Halsey. The committee recommended the acceptance of the bond, which was unanimously adopted.

Mr. Scudder offered a resolution that whereas the Elizabeth and Westfield Street Railway Company was about to make application to the Board for permission to lay a double track on Central avenue, in the township of Clark, near the tracks of the Lehigh Valley Railroad Company, that when the application was presented it be referred to the county road committee with power to grant permission, the committee to make such terms as would prove most beneficial to the county. The resolution was adopted.

DELEGATES ELECTED.

North Plainfield Democrats Choose Representatives to State Convention.

The Democrats of the borough met last evening in the basement of the Somerset street public school and held a primary for the purpose of electing delegates to attend the State convention to be held at Trenton next week Thursday. There were about twenty Democrats present. Elston M. French was chosen chairman, Lambert Bodine, secretary, and William N. Pangborn, judge.

William J. Conroy and Elston M. French were chosen from the borough, and it seemed to be the opinion of the chair that a delegate from the township should also be elected at the meeting. Wm. Pangborn took exception to this and thought that as the township has been set off from the borough, the Democrats in the borough have no right to elect a delegate for the township. The chair did not contend that it was right or legal, but expressed a desire that such a delegate be elected. This was done and William Demler was chosen as a delegate from the township.

This course makes little difference, however, for the Democrats of the township met yesterday afternoon and elected Mr. Demler a delegate to attend the convention at Trenton. After the members gave the delegates power to fill all vacancies the meeting adjourned.

Bought Business Property.

An important sale of business property in this city took place yesterday when Patterson Bros., the West Front street tobacco dealers, purchased the property adjoining their property formerly owned by Messrs. Pope and Hubbard. It is said that the price paid was $6,500, which is about $325 a front foot. Just what change will be made by the purchasers is not known, but the property will probably be left as it is for the present.

Parvis Will Settle.

The action brought by Lawyer J. P. D. Kirch against Edward Purvis, of Springdale, for the non-payment of an endorsed note, was settled in Justice Smalley's court this morning when judgment for the plaintiff for $40 and costs, amounting in all to $44.69, was given. Assurances have been given that the defendant will settle.

EXCITING FIGHT TO SERVE ATTACHMENT.

United States Marshal Climbed Through Transom to Get Into Store of Demarest & Son.

SHERIFF WAS AHEAD OF HIM

CREDITORS ANXIOUS TO PROTECT THEIR INTERESTS.

Clash Between State and Federal Courts—Both Sides Now Claim Possession—Petition to Have Firm Declared Bankrupt.

A most exciting turn of affairs developed last night over the question as to who has the right of priority on the goods and chattels of the firm of Demarest & Son, grocers, who were forced to give up their business yesterday. The legal fight is between Reed & Coddington, who represent James Secor, and Lawyer Kelcey, of Jersey City, who represents R. C. Williams & Co., of New York, and several other creditors, the latter having made a petition to have the firm declared bankrupts. The facts of the case up to the present time are as follows:

Reed & Coddington, representing the judgement creditor, James Secor, obtained judgement for $1,000 from the Supreme Court in Trenton. The execution was placed in the hands of Sheriff Houston, of Union county, who had a levy made on the goods and advertised them for sale. He took possession of the store and locked it up at 3 o'clock yesterday afternoon.

Last night about 9 o'clock Secor's lawyers were notified that R. C. Williams & Company, another creditor, doing business in New York, had made application before Judge Kirkpatrick, of the United States District Court at Trenton, for a petition to have the firm declared bankrupts, and had sent Deputy U. S Marshal E. R. Semple to levy on the goods. To the latter's great surprise he found Reed & Coddington had gotten ahead of him. He then went to Peter V. Weaver, the Sheriff's Deputy here, and demanded the keys to the store.

On meeting with a refusal he went back to the store and entered it through the front transom. He posted the notice on the front door and also had a padlock placed on it, and now claims the right to possession.

The contest will be an interesting one from now on, as there will be a collision between the various parties over the writ issued by the Federal courts and the writ issued by the court of New Jersey. So far it has turned out to be a race between Lawyer Kelcey, of Jersey City, and Reed & Coddington as to who would get first levy and the latter won out about six hours.

A conference of the interested parties will be held in the law office of Reed & Coddington Monday morning, when they will try to adjust the contention and make arrangements to dispose of the goods so that the business can be settled up. The liabilities are estimated to be about $4,000, and the assets between $2,000 and $3,000.

TALKED TEMPERANCE.

Meeting Held by Park Avenue Baptist Christian Endeavorers.

The Christian Endeavorors of the Park Avenue Baptist church held a temperance meeting last evening which was led by J. M. Hawkins. The feature was the talk by Fred H. Martin, of this city, who related his experience in mission work in New York City. During the service vocal solos were given by Miss Adele Runyon and Miss Ada Runyon. At the close a collection was taken for the famine stricken in India which amounted to $8. This with the sum contributed by the Junior Christian Endeavor Society of the church will make the total amount $10. This sum will be forwarded to Rev. Mr. Spooner who is working among Jersey Endeavorers for these sufferers.

To Be Sold For Taxes.

Next Monday afternoon at 2 o'clock sharp there will be a sale of borough property upon which taxes are due as advertized in The Daily Press. This sale will be final and there will be no adjournment. Collector Brown will be pleased to receive taxes at any time up to the hour of sale on Monday.

To be Interred in Newark

JOTTINGS OF THE DAY

ENTERPRISINGLY GATHERED AND CONCISELY TOLD BY REPORTERS.

Newsy Notes of More or Less Importance Bunched Together for the Ready Reference of Press Readers

—The Lehigh Valley station at Aldene was removed to South avenue this week.

—The regular preparatory service will be held at the First Baptist church Friday evening, June 1st.

—Tonight there will be one of the largest sales of seafood for cash that we have ever held. Rogers.

—The annual festival at the Children's County Home at Mountainside will be held Wednesday of next week.

—The Frenchtown peach basket factory is now turning out fifteen hundred baskets daily. The force of hands will be doubled in a short time.

—The next regular meeting of Plainfield Council, No. 711, Royal Arcanum, will be held Monday evening, and a full attendance of members is desired.

—Ladies, clean your kid gloves with LaBelle glove cleaner. It is not a liquid, leaves no odor and can be used while the glove is on the hand. For sale only by Frank Bowley, druggist. tf

—Mrs. Lydia Abbott, of Flemington, is the possessor of a pair of child's slippers made one hundred and eighteen years ago. Her grandmother, Lydia Haines, wore them in her childhood.

—Once more West Front street is being scraped and the surplus mud is being removed. This is the result of the great amount of dirt that has been used in macadamizing the street from time to time in years past.

—Footpads are operating in the vicinity of Point Breeze. While returning from Barbertown, David B. Hawke was confronted by the desperadoes, who ordered him to get out of the wagon. Hawke's bold attitude intimidated the footpads and they allowed him to go unmolested.

NEW JERSEY GROWING FAST.

Coming Census is Expected to Show a Population of Nearly 3,000,000.

The census soon to be taken is expected to give New Jersey a population of nearly two millions. The population in 1890 was 1,444,933. The development of suburbs, through trolley extensions and other improvements, and the increase of manufactures and the growth of summer resorts, have all drawn people to the State.

The first census was taken in 1737, when there was only ten counties, and New Jersey was divided into the East and West Jersey provinces. The first United States census was taken in 1790. Hunterdon led then in population, with Burlington second. The population of the State was 184,139.

Great Auction Sale of Lots.

On Wednesday, May 30, (Decoration Day,) there will be a great sale of building lots for home sites as well as for speculation at Lincoln, N. J. The lots will be offered and sold to the highest bidder over and above the upset prices of $15, $30, $40 and $50 each. The title to Lincoln has been guaranteed by two trust companies; almost all the lots are 25x125 feet each. The main thoroughfare is macadamized, all the streets are well made and some have water mains and sewerage. The trolley service which connects Lincoln with New Brunswick, Dunellen, Bound Brook and Plainfield, is perfect in every respect. Lincoln has two railroad stations on the property, both Central and Lehigh Valley. The terms offered purchasers of $5 down, balance $1 per week, payable monthly, are certainly within the reach of all. Lincoln is bound to rival Plainfield and other Central R. R. towns as a manufacturing town. Those who buy now will have a chance to see the town grow and profit by their investment. The managers offer as a side attraction to have Jewell Bros., of Trenton, make their great parachute leap from a ballon five hundred feet in the air, a military band will give a concert before the sale on arrival of train and during the ballon ascension. Free train to and from Lincoln, full particulars of which will be published in the papers. Should Decoration Day prove stormy the sale will take place the following Saturday, June 2d, same hour for train. Train will leave Plainfield at 1:39 p. m.; Netherwood at 1:35 p. m., and Dunellen at 1:45 p. m.

Home on Sick Leave.

Lieutenant Nixon, formerly of Somerset county, sailed for Havana and New York, on the 21st instant. He returns after two years' absence, eighteen months of which have been spent in Cuba, and twelve on the Caribean coast. Lieutenant Nixon has seen some field service as well as initiation into camp life, and now returns on sick leave, having succumbed to frequent attacks of Cuban fever.

BLUE AND GRAY MEET.

President and Cabinet With Army of the Potomac at Fredericksburg.

FREDERICKSBURG, Va., May 26.—Fair weather favored the presidential party in their visit to the memorial services of the Army of the Potomac here. It was distinctly Confederate weather, however, with more gray than blue in the sky. When the special train from Washington arrived, the whole population of the staid old Virginia town grouped about the depot or massed along the main street with the national colors in evidence everywhere.

The special carried the president and all the members of the cabinet except Secretary Wilson. There also were in the party General Nelson A. Miles, his chief aid, Colonel Michler; General Joseph Wheeler, former Adjutant General Ruggles, who was colonel of the president's old regiment during the war, and the Marine band.

The train was met at Quantico by a reception committee from Fredericksburg, consisting of Hon. Horace F. Crismon, Major T. P. Morris and Postmaster John M. Griffin, who accompanied the presidential party to Fredericksburg where they were turned over to the hospitalities of the local committee. The procession formed at the depot and headed by the Marine band, moved at once to the courthouse, where the public exercises were held and an official welcome was tendered by the Society of the Potomac. The address of welcome was delivered by St. George R. Fitzhugh and the response was made by General Martin T. E. McMahon.

Mr. Fitzhugh's oration was a striking piece of oratorical work. He paid the highest tribute to the Army of the Potomac and to their Confederate opponents saying that to erase the names of the Spottsylvania battlefields from the history of the American army would be to rob it of half its glory.

The principal oration of the occasion was then delivered by General Daniel E. Sickles.

The exercises at the courthouse were followed by a luncheon served in the opera house to the members of the society, the ladies and invited guests, after which the president held a brief reception at the residence of Mr. St. George R. Fitzhugh before the party proceeded to the National cemetery for the ceremonies incident to the cornerstone laying of the Fifth corps monument.

The cornerstone of the monument was laid by General Daniel E. Butterfield. He had prepared for the occasion a handsome silver trowel appropriately inscribed, and after the ceremony this was presented to the Masonic lodge of Fredericksburg.

A HEALTHY CHANGE.

Gradual Decline In Prices Has Been Beneficial.

NEW YORK, May 26.—R. G. Dun & Co.'s weekly review of trade says:

Transition to a more natural range of prices after a time of extraordinary buying, speculation and rise is not wholly delightsome, however needful it may be to business health. But the gradual change this year, though wearying, has given opportunity in various branches to avoid losses. It is nearly six months since the highest prices of pig iron were reached Nov. 29, and of wool Dec. 1, while hides reached their maximum Dec. 13, leather and iron products Jan. 10, boots and shoes Jan. 24, woolens Feb. 21 and cotton and cotton goods March 21. The tables given by this paper have shown that the highest point for all prices was March 16, and after two months of slow decline the range for all prices was but 4.5 per cent lower May 16. But the past week has added its full share, a fall of 10 per cent in cotton, 3 per cent in pig iron, 1.5 per cent in iron products, 2 per cent in hides, 2½ in boots and shoes and 3½ in leather, 3½ in petroleum and a little in many other products.

All these are steps toward a renewal of business on a larger scale. But it continues the fact that actual business by railroad is now larger than in any previous year. Earnings reported for May thus far have been 9 per cent larger than last year and 16.5 per cent larger than in 1898, and this in spite of a comparatively small grain movement, which renders more impressive the gain in other merchandise. The heavy failure in cotton caused sales of many thousand shares of stocks which depressed prices on Thursday slightly below those of last week. But railroad stocks closed with an average 12 cents per share higher than a week ago, while the 40 industrial stocks averaged a shade higher than at the lowest point they ever touched, May 17.

The movement of breadstuffs has not materially changed. Atlantic exports of wheat, flour included, having been in four weeks 10,405,397 bushels against 8,657,165 last year, Pacific exports 2,791,791 against 1,932,703 last year and exports of corn 13,917,631 bushels against 10,267,662 last year. Prices have changed very little. Failures for the week have been 185 in the United States against 142 last year and 20 in Canada against 16 last year.

TARDY WILL CONTEST.

Mrs. Tousey, Who Gave Away a Million, Claimed to Have Been Insane.

NEW YORK, May 26.—A year after its admission to probate the will of Mary Beach Tousey, leaving upward of $1,000,000 to churches and charity, has been attacked on the ground of fraud. Notice of contest was filed by Mrs. Sarah B. Rohrer, the nearest living relative of Miss Beach, who now claims the million.

It was through the action of the counsel for the will that Mrs. Rohrer first learned about the document and took steps to contest it. These attorneys discovered a few weeks ago that they had neglected to serve notice upon the heirs at law before having the will probated. They hastened to repair this error and wrote to Mrs. Rohrer citing her to show cause before the surrogate why the will should not be probated.

Mrs. Rohrer, who lives at Council Bluffs, Ia., at once instituted an investigation. She engaged ex-Judge George M. Curtis to fight the will.

Mary Beach Tousey was over 70 years old when she died. She inherited the principal part of her fortune from Sinclair Tousey, the millionaire founder of the American News company. Her will, filed for probate just after her death in March, 1899, left the bulk of her estate to the Domestic and Foreign Missionary society of the Methodist Episcopal church, to be equally divided among the Freedman's missions, Indian missions, domestic missions and foreign missions. The bequests to churches and charities included the Protestant Episcopal Society For the Increase of the Ministry, Hartford, $10,000; Trinity college, Hartford, $20,000; Society of St. Johnsland, $10,000; St. Clement's church, New York, $10,000, as well as a large farm in Los Angeles county, Cal. By a codicil she gave $10,000 to the diocesan convention of New York state.

Ex-Judge Curtis has served notice of contest on the counsel for the Union Trust company, which has been appointed trustee under the will. In the papers it is charged that Mrs. Tousey was insane when she made the will. Fraud and undue influence are also charged, but no persons are named.

RAPIDLY ADVANCING

The Boers Evacuate Positions South of Vaal River.

ROBERTS NEARING THE FRONTIER.

The Movements of the Enemy Enveloped In Mystery—All Communications From the Transvaal Suppressed.

LONDON, May 26.—The latest intelligence from Lord Roberts' headquarters at Vredefort Station, filed Thursday, 5:45 p. m., was that the British were rapidly advancing. General Hamilton had effected a junction with Roberts. The country in front of them was clear of Boers to Viljoen's drift. The Boers were evacuating all their positions south of the Vaal river, and 5,000 had already crossed to the north bank. Probably General French's cavalry is already reconnoitering the fords of the Vaal.

War office observers expect that the next dispatch from the field marshal will be dated in sight of the Transvaal frontier. Mr. Bennet Burleigh, wiring to The Daily Telegraph from Vredefort Thursday evening, said Lord Roberts would doubtless cross the Vaal Saturday or Sunday. The British outposts were then at Erste Geluk, nine miles north of Vredefort and 26 miles south of the Vaal river. The railway is much damaged.

While the British in overwhelming force are thus rapidly approaching the Transvaal, the movements of the Boers are enveloped in mystery. The last Pretoria newspaper to reach Lourenco Marques was a week old. Every one seeking to cross the Portuguese border from the Transvaal is searched for newspapers and letters. Dispatches and mail letters containing even harmless references to the war are suppressed, and the only news that has emerged from the Transvaal during the last ten days has come by word of mouth.

According to these oral reports yesterday the Boers were quarreling among themselves. Transvaal paper money was circulating at 80 per cent discount. Becket's firm was giving £1 in gold for £5 in paper. Kronse and Klinke, the engineers who opposed the blowing up of the mines, have been dismissed. Commandant Schutto had been appointed to defend Johannesburg, and all the British subjects had been turned out.

The Transvaalers fear that the British will blow up the bridge at Komati Poort, thus cutting off their supplies from Delagoa Bay, and a commando of 500 is guarding the bridge against any such attempt by British raiders.

It is reasserted that President Kruger will retire to Lydenburg when fighting is imminent at Johannesburg and Pretoria. Concern is expressed at Pretoria with reference to the possibility that General Carrington may come down from Rhodesia with 5,000 men to co-operate with as many more entering the Transvaal by way of Mafeking. Horse sickness is said to have broken out among General Carrington's animals.

The railway south of Mafeking is being rapidly repaired, and the bridge at Taungs can now be used. Refugees from Mafeking are passing through Taungs, bound for the Cape.

Two thousand Boers are near Ficksburg, besides small roving parties that come into contact with the British while reconnoitering. President Steyn was with these Boers last Monday, organizing and inspiriting them and drafting recalcitrants into the service.

Crocker's Reasons For Failure.

ROME, May 26.—Mr. George Crocker of the firm of Price, McCormick & Co. of New York city, who on Thursday announced their inability to meet their engagements, is staying here at the Grand Hotel de Rome. He informed a correspondent that he was the chief partner in the firm and that he had heard of the failure with great surprise. "In my opinion," said Mr. Crocker, "the failure was probably caused by the private speculations in cotton of a member of the firm, unknown to the other partners and contrary to the rules of the firm, which absolutely forbid speculation." Mr. Crocker left today for Florence, where he will remain for a week.

Pay of Customs Officials.

WASHINGTON, May 26.—The division of customs and insular affairs of the war department gave out the statement yesterday that the average annual salary per man in the United States customs service is $1,205, while the average annual salary per man in the customs service of Cuba is $822, making a difference in the average annual salary in favor of the Cuban customs service of $383 per man as compared with that service in the United States. Of the total employees in the Cuban customs service only 7 per cent are Americans.

Sultan's New Adviser.

LONDON, May 26.—A dispatch to The Daily Mail from Tangier says that the sultan of Morocco, who has taken affairs into his own hands, has chosen Moulai Elamin as his chief adviser. The Gibraltar correspondent of The Daily Express, who reports an interview through an interpreter with officials of the Tangier foreign office, says that documents have been discovered at the residence of the late grand vizier, Ahmed Ben Mussa, which prove that he made grants to France without the sultan's knowledge.

Kansas Corn For India.

CHICAGO, May 26.—Twenty carloads of corn from Kansas has arrived in Chicago over the Rock Island railway destined for India as a part of Kansas' donation toward relieving the starving millions of Britain's eastern empire. The Rock Island transports the corn free of charge. It is estimated that the 20 cars carried upward of 20,000 bushels. East of Chicago the consignment will be divided equally between the Pennsylvania and the Lake Shore.

Irish Newspaper Seized.

DUBLIN, May 26.—The government has seized the issue of The United Irishman containing letters addressed to Earl Cadogan, lord lieutenant of Ireland, by a subscriber whose papers had been stopped by the postoffice officials while in transit, alleging that the privilege accorded to the soldiers of wearing the shamrock was merely intended to stimulatet recruiting. The writer also denounces the war in South Africa.

King Albert Better.

BERLIN, May 26.—The condition of King Albert of Saxony, who has been ill in Silesia, is much improved. He was able to spend several hours yesterday out of bed.

SWEDISH COLONY PLANTED IN MAINE

Soon to Celebrate Thirtieth Anniversary—Has Grown From 51 to 2,000. King Oscar Sends Portrait and Message—Trade Relations.

NEW YORK, May 26.—William W Thomas, envoy extraordinary and minister plenipotentiary of the United States of America to Sweden and Norway, arrived last night on the Hamburg American liner Furst Bismarck and proceeded direct to Washington. Said he:

"My present visit to America is for a very pleasant purpose. In 1870 I led a little colony of Swedes over the ocean and with them founded the settlement of New Sweden in the dense forests of the north of my native state of Maine. The colony numbered 51 souls all told, men women and children. It has grown and prospered and today has over 2,000 happy, contented Swedish-American farmers. There is not today a more prosperous agricultural settlement in the United States than New Sweden. On the 25th of June next the colonists celebrate the thirtieth anniversary of the day when I led them into the Maine woods, and on invitation I have sailed from old Sweden to be with them, speak to them and rejoice with them on that day. I bear with me an autograph letter from King Oscar expressing his congratulations on the success of the colony and his best wishes for its future. I also bear with me a fine portrait of the king signed "Oscar" with the king's own hand, which he has charged me to present to the colony.

"Our commerce with Sweden and Norway is in a most satisfactory condition. Only two difficulties have arisen in the last three years, and they were most agreeably settled. The commerce amounts to $12,000,000 a year, with the balance of trade very much in our favor, our exports to Sweden alone amounting to $8,000,000, consisting of cotton, petroleum, sole leather, cereals chiefly, and the imports being $4,000,000, chiefly iron. Swedish iron continues to be the best in the world and is indispensable in the manufacture of the finest cutlery and the finest drawn wire.

Strikers Still Shooting.

ST. LOUIS, May 26.—Sympathizers of the striking street car men were again the medium of a riotous demonstration yesterday, and another name was added to the long list of wounded. A car on the Jefferson avenue line, running south, was attacked by a crowd of men and boys near Sullivan street, and several shots were fired at the car. The policemen on board the car returned the fire, and in all about 100 shots were exchanged. Peter Wells, a patrolman who was riding on the front platform, was hit in the left side, the bullet producing an ugly wound. Wells was taken to the College of Physicians and Surgeons. It is not known who fired the shot, as the crowd scattered as soon as the men on the car drew their revolvers. It was rumored that two men in the crowd were shot, but they could not be found by the police.

Refuses to Give Up Kentuckians.

INDIANAPOLIS, May 26.—Governor Mount has returned from St. Louis and was informed that Colonel Tom Campbell would appear before him to argue the question of honoring the requisition for the arrest of former Secretary of State Finley of Kentucky, but he declared positively that he would not honor a requisition for the return of Governor Taylor or Finley. An attempt was made yesterday to secure a requisition from the governor for the arrest of a man in Kentucky who was guilty of a petty theft in Lawrence county. The governor believed that it was a trick to ask favors of Governor Beckham, and he declined to issue it.

Army Relief Association.

WASHINGTON, May 26.—Representative McClellan of New York has introduced a bill incorporating the National Army Relief association. The names of Governor Roosevelt, John Jacob Astor, Cornelius N. Bliss, Stuyvesant Fish, Daniel S. Lamont, L. P. Morton, Whitelaw Reid, William C. Whitney, General Joe Wheeler and many ladies appear among the incorporators. The purpose of the organization is stated to be "to provide aid and relief to the dependent widows and orphans of the officers and enlisted men of the regular army, to assist them in securing employment, to establish scholarships," etc.

Library For Manila.

WASHINGTON, May 26.—Mrs. Greenleaf, wife of Colonel C. R. Greenleaf, U. S. A., has succeeded in opening an American library in Manila for the use of American soldiers, sailors and citizens in Manila. There are about 4,000 volumes in this library, many of them worn and soiled, but greatly enjoyed by both officers and men. About ten papers are sent regularly from the United States, which are read at the library and then sent to the troops in the field. It is the earnest request of Mrs. Greenleaf that copies of papers from every part of the United States be sent to this library.

Heavy Damages For Loss of Eyesight

PHILADELPHIA, May 26.—A common pleas jury awarded to William F. Waters, a lad who had his eyes blown out by an explosion of acid at the works of the Atlantic Refining company, $47,000 damages. The boy was employed at the oil works. The verdict is the largest for damages for personal injuries ever awarded here.

British Occupy Vredefort.

PRETORIA, May 26.—An official bulletin issued here says it is reported that the British have occupied Vredefort and are advancing on Schoeman's drift. General De Wet announces that the federals have occupied Heilbron and Potchefstrom. He reports that the call to arms is meeting with a noble response.

German Derby Won by Axtell.

BERLIN, May 26.—The German trotting Derby at the West End over a course of 3,200 meters and for a purse of 15,000 marks was won by Young Axtell, driven by Herr von Tiele, a Prussian cavalry officer. The time was 5:28.

A Monument to Bach.

BERLIN, May 26.—A national monument to Johann Sebastian Bach, the celebrated musical composer whom Marx called the "father and founder of German music," will be erectetd in Leipsic. It will face the Church of St. John.

BRIDGE WORK

In Dentistry is the best substitute for nature's work that can be done. Sound roots may be built up and crowned and thus fill up an unsightly space. It has to be made of a material that has strength and durability and one that will not discolor. Gold is the one that stands the test. That is the secret of the expense. But the advantages of a bridge over a plate are many times more than the cost of one compared to that of the other.

PATERSON DEMOCRATS TO PARADE.

One Hundred and Fifty of Them Going to the State Convention.

(Special to The Daily Press.)

Paterson, May 26.—The delegates elected last week to represent this county in the Democratic State convention at Trenton May 31st met Wednesday evening and made arrangements for the trip. Each delegate was authorized to invite a friend and it is expected that 150 members of the party will journey to Tronton. It was decided to hire a band. Canes and badges will be procured and the delegates will parade to the depot and again in Trenton on the way to the convention place.

The delegates are pledged to vote for William B. Gourley as one of the delegates from the Fifth Congressional District to the national convention.

—A public meeting in the interest of prohibition and temperance is being arranged by Wm. Lunger, of the borough, to be held in the near future.

MANY PENSIONS.

House Passes 190 Bills Before Mr Talbert Blocks Business.

WASHINGTON, May 26.—The house devoted two hours yesterday which belonged to the legislative day of Thursday to the continuation of the discussion of the Alaskan bill without completing it.

The session from noon until adjournment was devoted under the rule to private pension bills. Mr. Talbert of South Carolina, who abandoned obstructive tactics a few weeks ago, was again in evidence. After 190 bills had been favorably acted upon by the committee of the whole Mr. Talbert blocked their passage in the house with the point of no quorum. Among the bills favorably acted upon were the senate bills to pension the widow of the late Captain Gridley, who commanded the Olympia in the battle of Manila, at $50 per month, the widow of the late Commodore R. W. Meade at $40 per month and the widow of the late General M. F. Force of Ohio at $50 per month. The latter case is a very pathetic one. General Force was the Republican candidate for governor of Ohio in 1873, when Allen was elected. Subsequently he was minister to France. Since his death Mrs. Force has fallen into destitute circumstances and is now engaged in truck farming near Cincinnati.

Discussion of the Spooner Philippine bill was continued in the senate by Mr. Morgan of Alabama.

Senator Pettigrew introduced a resolution calling upon the secretary of war for information as to the number of Filipinos who have been killed in the Philippines since Feb. 5, 1898.

The conferees of the two houses on the naval appropriation bill decided to report a disagreement on the armor plate amendment of the senate and also on the senate amendments relating to the terms of Annapolis cadets and ocean and lake surveys. An agreement has been reached upon all other items of the bill.

METHODIST CONFERENCE.

Many Secretaries Chosen—Report of Committee on Amusements.

CHICAGO, May 26.—With but four exceptions the Methodist general conference yesterday elected to serve during the next quadrennial all the secretaries and assistant secretaries of the church benevolences and the editors of the various official church publications, present officers being in most instances re-elected. The exceptions were one secretary of the Freedman's Aid and Southern Educational society, the assistant secretary of the Missionary society and editors of The Central and Western Christian Advocates.

The conference also took up for final disposition the report of the committee on the state of the church in regard to the attitude of the Methodist church on card playing, theater going and other at present prohibited amusements, and the prospects appear favorable for an exceedingly lively debate before it is finally disposed of.

The majority report, as presented by ex-Governor Pattison of Pennsylvania, favors the removal from the penal code of the book of discipline of the matter bearing on this subject and placing it in the advisory. The minority report favors no action. Many of the debaters of the great Methodist body have announced their intention of speaking on the subject.

A BRITISH COLONY.

One Thousand Acres Purchased on Long Island For Settlement.

NEW YORK, May 26.—Negotiations have been carried on between several wealthy Englishmen and Long Island real estate men for some time with a view to forming an English colony on Long Island similar to the Rugby settlement in Tennessee. Joseph C. W. Willis of London and Enderby Dunsford of Torquay, Devonshire, are said to be the prime movers in the scheme. They have recently closed a contract with Charles F. Smith of St. James for the purchase of 1,000 acres of land on Long Island for $75,000, securing the property in the interest of about 50 wealthy young Englishmen, who intend forming a colony at this place for the purpose of carrying on scientific farming.

The colony will be run on a syndicate plan as far as the earnings are concerned. The settlement will only be open to bachelors, at least until the venture has passed the experimental stage.

Mr. Willis was at one time actively engaged in farming speculation in Canada. He was also owner of one of the largest sheep ranches in Australia.

ON AGUINALDO'S TRAIL.

Major March Is Pursuing the Supposed Escort.

MANILA, May 26.—Major Peyton C. March, with a battalion of the Thirty-third infantry, and Colonel Luther R. Hare, with another part of the Thirty-third regiment, while scouring the country northeast of Benguet, report they have struck the trail of a party of Filipinos traveling in the mountains and believe they are escorting Aguinaldo. Major March is continuing the pursuit across an exceedingly difficult country beyond the telegraph lines.

Sergeant Berry and four privates of Company B of the Twenty-seventh regiment have rescued the daughter of the president of San Mateo from some ladrones who abducted her. Afterward 12 ladrones ambushed them, killing the sergeant. Three privates stood off the band while the others secured re-enforcements. Seven ladrones were killed.

Big Batch of Immigrants.

NEW YORK, May 26.—It was a busy day at the barge office yesterday. Six ships, the Pennsylvania from Hamburg, the California from Mediterranean ports, the Germanic from Liverpool and Queenstown, the Saale from Bremen and Southampton, the Peninsular from Portuguese ports and the Kaiser Wilhelm II from Mediterranean ports, landed 5,561 immigrants, the majority of whom are Germans and Italians.

Child's Miraculous Escape.

LEBANON, Pa., May 26.—A little son of Engineer Michael Rowe of the Cornwall Iron Works wandered away from home and could not be found. Yesterday morning miners found him at the bottom of a mine shaft 125 feet deep. He was slightly bruised and bleeding, but fast asleep. The child had fallen into the pit, striking the sides. He was not much hurt. An hour later he was running about.

Dynamiters Sentenced.

TORONTO, May 26.—It took a Canadian jury only 12 minutes' consideration to find Dullman, Nolin and Walsh guilty of the attempted destruction of the Welland canal by dynamite. They were each sentenced to penal servitude for life.

CHAFFEE QUITS CUBA

Monster Farewell Reception Held In Havana.

ALL CLASSES DO HIM HONOR.

No Frauds In Customs Service, Declare Wood and Bliss—Fullest Investigation Courted—Nearly All the Employees Cubans.

HAVANA, May 26.—The largest farewell reception ever given in Havana attended the departure of General Adna R. Chaffee, the retiring chief of staff of the governor general. General Chaffee has been unquestionably one of the most popular Americans in Cuba, and all classes and all nationalities were represented at the palace by those who gathered there to wish him bon voyage.

General Chaffee sailed at 3 o'clock yesterday afternoon on the United States transport Burnside. The transport was followed out of the harbor by a large number of steamers and tugs, many of them carrying bands. A salute was fired from El Morro.

When the dispatches from the United States, alleging, on the authority of an official of the Havana customs service, that gross frauds existed in the Cuban customs were shown to General Wood and Collector Bliss, as well as to others officially interested, they were ridiculed and repudiated. General Wood said:

"It is quite probable that this story, which is a canard, originated with a discharged official who has himself been

GENERAL CHAFFEE.

accused of fraud. It seems to me that the Cuban customs service vindicates itself in the fact that, although the duties are little more than half the figures of former times, the balance is always in favor of the government, a thing that was never known before. Besides this, Collector Bliss has always courted the fullest inquiry with reference to the affairs of his department. I believe him to be the soul of honor, and I have the fullest confidence in him. The mere fact that individuals have got away at various times with small amounts and been discovered does not justify any sweeping charge of wholesale corruption."

Collector Bliss said:

"More than 98 per cent of the employees of the department are Cubans. From the outset I have endeavored to keep a very close watch. From the time I took charge of the department more than 200 employees have been discharged for fraud, among them members of some of the principal families of Havana.

"If the customs official now in the United States who is referred to in these dispatches as making the charge of thievery, lax methods and incompetency will furnish me with any information tending to support it, I will gladly push matters to the last ditch, irrespective of consequences. I think, however, that the person referred to is probably honestly mistaken. Of course there are some who act in collusion with merchants and inspectors, and here, as everywhere else, there are conspiracies to defraud the government. It is also quite likely that such conspirators go undiscovered for a time. Nevertheless the experience gained from the last 17 months has taught us certain safeguards which I believe efficient and sufficient.

"While I would not wish to pledge myself explicitly for the integrity of every employee in the department, I will say that I have been much gratified to find that other departments, after seeing the workings of my system, have adopted it as their own."

Famous Baritone Dead.

PHILADELPHIA, May 26.—Signor Giuseppe del Puente, the famous operatic baritone, died suddenly yesterday of apoplexy at his home, 4303 Walnut street. He was 60 years old. A widow and one son survive him. Signor del Puente was stricken while sitting at the table. Two physicians were called, but the singer died without regaining consciousness. Del Puente was the leading baritone cantante of his time and was a favorite in grand opera in Europe as well as in this country. He was an accomplished artist, with a repertory of over 60 operas, and was particularly famous for his rendering of the part of the Toreador in "Carmen." His last appearance on the operatic stage was at the Grand Opera House in this city. For the past ten years he had devoted his time to teaching and concert singing. He was born in Naples.

Unitarians Disperse.

BOSTON, May 26.—The anniversary week of American Unitarianism, which brought together in this city ministerial and lay delegates from parishes in all parts of the country, closed last night with an impressive service in Tremont temple, and the enthusiasm which imbued the great audience told of the inspiration drunk in during the many sessions throughout the last seven days. Most of the delegates will tarry yet a day and see a little of the social side of New England life and its many picturesque places, and on Sunday the more distinguished among the clergymen will occupy the chief Unitarian pulpits in the east.

By Whom Milk Is Adulterated.

MIDDLETOWN, N. Y., May 26.—E. J. Preston, deputy commissioner of agriculture, who has been stopping here, says the records of the department of agriculture show that one farmer in 250 adulterates his milk, one peddler in 75 and one creameryman in 50. He adds that the reason so few cases against creamerymen become matters of public knowledge is that the creamerymen settle as soon as caught instead of going to trial.

There May Be Trouble.

It begins to look as though the two extremes, geographically, will meet in battle array at the Democratic State convention next Thursday—Camden county representatives demanding an instructed delegation for Bryan, and Hudson county insisting on the delegates to the National convention being left free of instructions.

Yesterday Robert Davis, the Hudson county leader, stated that he is opposed to instructing the National delegates. Today the news comes up from South Jersey that Camden Democrats are preparing to force the issue of instructing delegates when the convention meets.

Whether or not the leaders and the delegates in the two sections, now differing so much on the question of instructions, can get together and harmonize without undue excitement, remains to be seen.

At this time it looks as though the convention will be absolutely free of contests with reference to the selection of delegates, but what may develop concerning the question of instructions is something that it is difficult to forecast now.

Elizabethians are actually shaking hands with themselves in their joy at the passage of Senator Kean's bill providing for a $165,000 public building. But they must remember that it is a long road to an actual consummation of the project even after it has reached the stage to which Senator Kean's energy and influence has pushed it.

Summit scientists have temporarily abandoned their crusade against that festive New Jersey bird, the mosquito, because, as a local paper puts it, "people were not sufficiently interested to co-operate." It is too bad. An expectant world was anxiously awaiting the result of the war in which a truce has now been ingloriously declared.

That Somerville undertaker who was paid by the county for interring the remains of the North Branch wreck victim, and did not even so much as wash the dirt off the face of the poor fellow before putting him in the grave, must have a cold-blooded idea of his professional duties.

And now the Jersey City Journal refers to him as "'Farmer Orator' James E. Martine, of Bayonne." If this thing keeps on Mr. Martine will soon lose his identity as a Plainfielder.

WHAT THE SHEARS FIND.

Editorial Comment From Other Papers of Interest in Plainfield.

The many friends of Union county's popular Democrat and orator, James E. Martine, are pleased to note the indication that he is likely to be favored by being selected as one of the delegates-at-large to the National convention, to be held at Kansas City, July 4th. No more deserving, loyal or capable member of the party could be chosen.—Rahway Democrat.

EPWORTH LEAGUE R. R.

UNIQUE ENTERTAINMENT GIVEN IN VINCENT CHAPEL.

Those Who Attended Imagined They Were in a Railroad Train and Had a Good Time.

In the absence of I. Ketcham and U. Cheetham, respectively general manager and general passenger agent of the Plainfield Division, Epworth League Railroad of New Jersey, the railroad excursion of the Epworth Leaguers of the First M. E. church last evening was personally conducted by James A. Stafford.

It was altogether a new kind of a sociable under the charge of the literary committee of the league. On their arrival the guests first encountered Walter MacNaghton as ticket agent, and round-trip tickets were purchased at the cost of four cents each. The car itself rested in the centre of Vincent chapel. It had two rows of seats separated by an aisle and with sides built of the League colors. By dint of considerable imagination the car and its passengers departed on a tour of the world.

The official time-tables of this flourishing railway were distributed to the passengers who were compelled to guess the names of the stops from the description on the time-tables. The first stop was Lansing which was described by a surgical instrument. Chicago was a city whose end and aim is go. The other cities were described in a similar fashion.

As they were compelled to change seats at frequent intervals, everybody became pretty well acquainted. J. A. Stafford acted as conductor. Eugene A. Edgar was the baggage master and looked after lost articles.

During the excursion Miss Jeanne Dunham entertained her fellow passengers with several clever recitations, and E. A. Adgar did his share by giving several baritone solos. Walter McNaughton represented the Union News Company in truly in realistic style.

At the end of the journey the passengers clambered out into Vincent chapel and enjoyed the refreshments that were served. The literary committee in charged consisted of James A. Stafford, chairman; Miss Edna French, Miss Susie Davies, and Mr. Mrs. E. A. Edgar.

A BEAUTIFUL OUTING.

Pleasant Trip to Mauch Chunk Afforded by the Central.

Those of Plainfield's people that are debating in their minds where to spend Decoration Day, should consider the New Jersey Central's low-rate excursion to Mauch Chunk and Glen Onoko, with the grand up and down hill ride over the inimitable Switchback Gravity R. R. from the summit of Mount Pisgah.

The ride from Plainfield is 96 miles and it takes you through the most picturesque part of the road. Train reaches Mauch Chunk in ample time for dinner, after which comes the switchback ride and then the ramble through Glen Onoko. Plenty of time is given for exploration and there is no need of hurry as the time at the resorts is several hours. It is doubtful if anyone could possibly choose a finer outing that this at so low a price.

Special excursion train leaves Plainfield at 9:30 a. m. Adult round-trip tickets $1.50. Children under 12, $1.13. Switchback tickets 50 and 25 cents, if purchased on excursion train.

Gashed His Neck.

George Bonn, of South Second street, gashed his neck in a peculiar manner this morning, so that it was necessary to take four stitches in the wound. He was carrying a large pane of glass, when the corner of it accidently flew up, striking him in the neck directly under the chin. He hurried to Dr. VanHorn, who took the stitches and bandaged it up.

DOES COFFEE AGREE WITH YOU?

If not, drink Grain-O—made from pure grains. A lady writes: "The first time I made Grain-O I did not like it but after using it for one week nothing would induce me to go back to coffee." It nourishes and feeds the system. The children can drink it freely with great benefit. It is the strengthening substance of pure grains. Get a package today from your grocer, follow the directions in making it and you will have a delicious and healthful table beverage for old and young. 15c. and 25c.

Domestic Finish Only.

With our new machinery we are making a specialty of the Collar and Cuff trade. No stretching of collars so common with laundries using the old-style gloss-finish machine. Have you heard about our new turn-down collar shaper? No? Well, try it; no break. Call and see us use it. Always welcome.

THINGS THAT INTEREST SCOTCH PLAINS AND DUNELLEN.

Brief and Terse Observations Gathered by Alert Press Reporters to be Perused at the Supper Table at Your Leisure

DUNELLEN.

(Special Correspondence to The Press.)

Dunellen, May 26.—For the second time within a few weeks, Abram Smalley, the engineer at Garrettson & Gray's stone crusher, met with a serious mishap. Some time ago he fell from a plank on which he was standing and severely sprained his arm, which forced him to quit work for two or three days. Thursday afternoon he was standing near the crusher when a sliver of rock flew out, striking him on the left ear and nearly severing it from his head. He went to Dr. Brakeley, who was obliged to take seven stitches in it. Although it is still very painful he is able to be at work.

After a short illness from pneumonia, Clara Schover, the sixteen-year-old daughter of Richard and Louise Schover, of Randolphville, died yesterday morning. The funeral services will be held from the house Monday at 10 a. m., Rev. Frank Fletcher officiating. Interment will be in Middlesex Hillside cemetary.

While cleaning his bicycle yesterday, Henry Case, of Greenbrook road, caught the first finger of his right hand in the sprocket wheel and had it badly crushed. The nail was torn entirely off.

Miss M. Lillian Remsen has returned to her home in Newark, after a pleasant visit with T. C. Bodine.

John Runyon, of Washington avenue, is spending today with his son, Augustus Runyon, of Plainfield.

Miss Helen Terry, of Westfield, visited her grandmother, Mrs. Apgar, of Front street, yesterday.

Charles Apgar, of Westfield, visited his mother, Mrs. Emily Apgar, of Front street, Thursday.

J. K. Large, of Plainfield, railroad detective for the Central, was in town yesterday on business.

Mr. and Mrs. John Runyon spent Thursday with Mr. and Mrs. George Drake, of Piscataway.

John Fenner has been confined to the house for the past few days with illness.

Mrs. A. F. Sampson spent yesterday with Mrs. A. L. Egbert, of Plainfield.

Miss Anna Gilby, of New Brunswick, is visiting Mrs. George Trimmer.

John Cruiser spent yesterday in Cranford.

'PLAINS AND FANWOOD.

(Special Correspondence to The Press.)

Scotch Plains, May 26.—It begins to look as though Scotch Plains will observe Decoration Day in a very quiet manner this year. It has been customary for several years past for the fire companies and the several orders, together with the school children, to unite with the delegation from the G. A. R. of Plainfield, and observe the day in a fitting manner. But this year there has been no effort made to take part in the exercises which will probably be held by a delegation from Winfield Scott Post, as they always make arrangements to see that the graves of their comrades in our cemetery are decorated.

Mr. and Mrs. O'Melia, of Bayonne, who occupied the John Cook property on Mountain avenue last summer, have rented the Ackerman house on Park avenue for the summer.

Rev. G. M. Schott will take for his Sunday morning sermon, "The Valley of Acher;" in the evening, "The Soul That Sineth, It Shall Die."

The juniors of the Baptist church held one of their pleasant little gatherings in the church parlors yesterday afternoon.

The several Sunday-schools are practicing for a proper observance of Children's Day, the second Sunday in June.

Miss Bertha Berry, of Brooklyn, is visiting at the home of her aunt, Mrs. Joseph Schwalbach.

Twilight Council, Jr. O. U. A. M., held an interesting meeting in their rooms last evening.

Arrangements are being made to open a merry-go-round in town next week.

WESTFIELD

(Special Correspondence to The Press.)

Westfield, May 26—The question was asked of the Township Committee at a meeting about a month ago as to what the Town Committee could do with regard to North avenue, that part which had been taken over by the Freeholders for a county road last year, and which stands in need of repairs, which some citizens have asked for. The fact was brought out that neither the Committee nor the Freeholders could make repairs during the present status of affairs, as it is necessary for the Freeholders to first make improvements before any repairing could be done, and therefore some citizens interested on that thoroughfare are inquiring what is to become of the new county road if no one can do anything, as it may be rendered impassable by washouts and the ravages of violent storms. When the new county road shall be graded and macadamized through to Plainfield a direct and beautiful new drive will be available for the people of Westfield, which would enhance real estate values to a considerable extent.

SOMERVILLE.

(Special Correspondence to The Press.)

Somerville, May 26.—Last evening twelve young men serenaded Ouida Lance and his bride at the De Forest house in East Somerville. They built a bonfire and gave three cheers and a few minutes afterwards Mr. Lance appeared on the front piazza and presented the boys with a nice little prize. Three more cheers were given and the boys departed for the Brick Hotel where cigars and soft drink were served.

H. M. Todd, holding the fund for the benefit of Mary Wortman, filed an account in the Orphan's Court last April. A. M. Beekman, attorney for Mrs. Wortman, filed an exception to it, the matter being tried before Judge Schenck yesterday. The decision was reserved until next Friday. The trustee was represented by G. V. Vandervoer.

The town is crowded today with farmers from Flemington, High Bridge, North Branch, Annandale, White House and all along the route. The train arrived from High Bridge with 9 cars at 9:45. The Somerset Band has been engaged to play on Main street all day and the Crescent Band at the other end of town.

William Smith had a brand new bicycle smashed all to pieces last week by a collision between him and a wagon driven by Henry Hoagland.

E. P. Wilbur, former president of the Lehigh Valley Railroad, was in town yesterday.

Edward Kelly, of Raritan, is about to undergo a difficult operation.

SOUTH PLAINFIELD.

(Special Correspondence to The Press.)

South Plainfield, May 26.—The Sunday-school classes are already practising for Children's Day, which will be observed June 17th.

The rain yesterday stopped farm work and drove all or the farmers to the blacksmith shops.

All kind of fruits bid fair for a full crop. Strawberries are already commencing to ripen.

A Hint to the Wise.

The dethroned bicycler generally knows when he's well-off, but the man with weak eyes is never well-off until he consults an optician and is started on the road to relief. If in need of relief in this line you can't go wrong if you call at Collier's, No. 103 Park avenue.

Picture of Mr. Spencer.

In this week's issue of the Unionist Gazette there appears a very fine picture of Somerset County's Surrogate, H. N. Spencer, among a number of other pictures of notables of Somerset county.

A Tale With a Moral.

W. W. Cary, the locomotive engineer, who will address the Y. M. C. A. tomorrow afternoon at 4:15 o'clock, spent many days in revelry in this city some years ago. He will give a testimony.

Bicycle For Inspector.

The Borough Board of Health has very wisely and considerately purchased a bicycle for Health Inspector William N. Pangborn, for his use in performing the work of his office.

HOTEL SET ON FIRE.

Bold Attempt to Burn McVey's Hotel Shortly After 1 o'Clock This Afternoon.

A deliberate and bold attempt to set McVey's hotel on fire took place shortly after 1 o'clock this afternoon. A strange bicyclist took dinner in the restaurant and then asked to take a bath. He was shown the bath room on the second floor. That was the last seen of him.

Some time after that it was noticed that sparks were falling from the roof on to the awning in front of the hotel. A hasty investigation was made and it was found that the lattice work on the rear balcony had been sprinkled with alcohol and set on fire. The flames had consumed considerable of the lattice work and were burning fiercely when discovered by the laundress.

A few pails of water put out the flames. Had they burned unnoticed a little while longer they would probably have got beyond control.

An empty alcohol bottle was laying on the balcony where it had been dropped by the incendiary.

Golf Club's New Members.

The following new members have been admitted to the Hillside Tennis and Golf Club: Active members: Dr. Myron A. Carman, Dr. John H. Carman and Jabez C. Gilbert. Associate members: Mrs. Andrew R. Kenyon, Mrs. John W. Stimson and Howard W. Selter.

Body Found in Wreck Identified.

(Special to The Daily Press.)

Somerville, May 26.—The body of the man found dead in the coal train wreck on the Central Railroad of New Jersey at North Branch Station three days ago was identified yesterday as that of Frederick Fisher Collins, an electrician, of Providence, R. I. James Collins accompanied the detectives to the Potter's Field here. The body was exhumed, and Collins identified it as that of his brother.

Entertainment of Delegates.

Arrangements are rapidly being completed for the entertainment of the four hundred delegates to the New England Baptist Convention to be held at the Mt. Olive Baptist church next month. Some of the delegates will be entertained at Westfield.

Patriotic Divine Service.

Winfield Scott Post, No. 73, G. A. R., John Hand Camp, No. 28, S. of V., and the Women's Relief Corps will attend divine service tomorrow evening at St. Mary's R. C. church, at which time Rev. Father Smyth will deliver a patriotic sermon.

Democratic Primaries.

The Democratic voters of the city of Plainfield are hereby notified that the primaries in the various wards of the city, to elect delegates to the Democratic State convention in Trenton May 31st, will be held at 8 o'clock

MONDAY EVENING MAY 28TH.

Each of the nine voting precincts will be entitled to one delegate each, they to be chosen in the ward primary in which the district is located. The meeting place and the number of delegates in the various wards are as follows:

First ward, two delegates, Voehl building, 220 East Front street:
Second ward, two delegates, Bryant School building, East 6th street.
Third ward, two delegates, High School building, West Fifth street.
Fourth ward, three delegates, T. A. B. Hall, West Fourth street.

Sachsen.

Dresden. Die evangelischen Arbeitervereine Sachsens haben gegenwärtig 15,500 Mitglieder. Fast alle Vereine haben Sparkassen, bei denen im Jahre 1899 mindestens 300,000 Mark gespart worden sind, von denen allein auf den Dresdner Verein 108,602 Mark entfielen.—Die hiesigen Stadtverordneten beschlossen, im Einverständniß mit den Beschlüssen des Rathes, für die Kösten der 1903 in Dresden stattfindenden Deutschen Städteausstellung die vorschußweise Entnahme von 20,000 Mark aus dem städtischen Betriebsvermögen zu bewilligen, innerhalb der Stadt Dresden zur finanziellen Sicherung des Ausstellungsunternehmens einen Garantiefonds von insgesammt 300,000 Mark aufzubringen, wozu von der Stadt Dresden 50,000 Mark gezeichnet werden sollen. Als Unternehmerin der Ausstellung tritt die Stadt Dresden auf, die auch selbst ausstellen wird.

Eibenstock. In einer Sitzung der städtischen Kollegien wurde der Bürgermeister Hesse in Anerkennung seiner Verdienste um das Gemeinwohl hiesiger Stadt auf Lebenszeit gewählt und ein ihm früher schon gewährte Gehaltszulage um weitere 200 Mark erhöht.

Leipzig. Eine Gutenberg-Feier wird aus Anlaß des 500jährigen Jubiläums der Erfindung der Buchdruckerkunst Mitte Juni in Leipzig stattfinden. In sämmtlichen Räumen des Buchgewerbehauses wird gleichzeitig eine allgemeine Ausstellung für das gesammte Buchgewerbe vor sich gehen. Ferner hat der hiesige Buchhändler-Börsenverein beschlossen, einen internationalen Verlegerkongreß im Jahre 1901 in Leipzig zu veranstalten und Einladungen an die hervorragendsten Verlagshandlungen in Europa und Amerika dazu zu erlassen.

Planitz. Der Bergarbeiter Stephan nahm eine Dynamitpatrone in den Mund und brachte sie durch eine Zündschnur zur Explosion. Der Kopf wurde ihm völlig zerschmettert.

Werdau. Für die Erweiterung des Bahnhofes Werdau-Leubnitz sind 1,450,000 Mark bewilligt worden. Hierzu kommen die Kosten für die durch die Verkehrsverhältnisse weiter bedingte Beschaffung von Gebäuden für die Unterbringung des Stations- und Rangirpersonals, die Erweiterung der Güter- und Expeditionsräume u. s. w., sodaß sich der ersteedachte Bedarf um 900,000 Mark erhöht.

Thüringische Staaten.

Eisenach. Der Gemeinderath beschloß, die Oberbürgermeisterstelle mit 9000 Mark Jahresgehalt auszuschreiben.

Jena. Der Maschinenheizer Elchner stürzte bei der Fahrt eines Güterzuges zwischen Geschwitz und Jena so unglücklich auf die Schienen, daß ihm Kopf und Beine vom Rumpf getrennt wurden. Er hinterläßt eine Frau mit sechs unversorgten Kindern.

Rudolstadt. Hier fand die feierliche Eröffnung des neuen Technikums in Gegenwart der Vertreter der staatlichen und städtischen Behörden statt.

Zeulenroda. Die Stadt Zeulenroda beging die Feier ihrer 400jährigen Zugehörigkeit zu Reuß ä. L. Fürst Heinrich der Zweiundzwanzigste nahm an der Feier Theil.

Freie Städte.

Hamburg. Durch einen Vertrag zwischen der brasilianischen Regierung und der Rhederei Freitas in Hamburg sind den zwischen brasilianischen Häfen und Hamburg verkehrenden Dampfern der Freitas-Linie die Rechte brasilianischer Postdampfer verliehen worden. —Eine Schenkung von 4000 Mark hat die Unterstützungskasse für hilfsbedürftige Lehrer-Wittwen und ältere Lehrerinnen aus dem Testament des Fräulein Margaretha Fett erhalten.

Bremen. Telephonische Anschlüsse besitzt Bremen jetzt 2400. Das alte Fernsprechamt ist nur auf 3400 Anschlüsse eingerichtet, so daß in circa drei Jahren die Grenze seiner Leistungsfähigkeit erreicht ist. Senat und Bürgerschaft liegt jetzt ein Projekt vom Reichspostamt vor, wonach in der Altstadt ein größerer Häuserkomplex angekauft und dort ein Fernsprechamt für 12,000 Anschlüsse errichtet werden soll.

Bremerhaven. Der Gefängnißschließer Gustav Höpfner, der bereits einmal wegen nicht genügender Beaufsichtigung von Gefangenen bestraft war, hat kürzlich wieder zwei Gefangenen die Flucht aus dem hiesigen Gefängniß erleichtert und wurde daher zu 100 Mark Geldstrafe verurtheilt. Außerdem wurde er seines Amtes enthoben.

Lübeck. Der Redakteur des hiesigen sozialdemokratischen „Volksboten" wurde wegen Beleidigung der Redakteure des hiesigen „Amtsblattes" vom Schöffengericht zu vier Wochen Gefängniß verurtheilt. Auf Gefängnißstrafe wurde deshalb erkannt, weil bei einem mit Geldstrafe abschließenden Urtheil der Beklagte nicht getroffen, die Strafe vielmehr von der Parteikasse getragen würde.

Oldenburg.

Bahlen. Der Dienstknecht Gier beim Zeller German feierte im Hause seines Brodherrn seinen 80. Geburtstag. Er steht seit seiner Entlassung aus der Schule im Dienste der Familie German, also 66 Jahre.

FASHION'S CHANGES.

A Return of the Taste For Quiet Decoration.

Fashion authorizes all sorts of fancies. Nevertheless the most elegant costumes are those of a simple style and reserved character. Great care is taken to preserve purity of outline, and, although rich effects are obtained with lace, it is used flat, and complicated draperies are avoided which tend to conceal the lines of the form.

There is a strong current of taste now setting toward sobriety of ornament, and

CORSELET BODICE.

the excessive superimposed ornamentations hitherto employed and the extravagant metallic and spangled effects are in less high regard than they have been. There is a return of self colored decorations and those not superabundant. For example, on costumes of covert cloth or corkscrew moire or taffeta trimmings are used which exactly match the gown and are covered with cordings of the same tone.

The cut given today represents a bodice of thin gray satin cloth. It is plain at the back and fitted in front by means of stitched plaits, which take the place of darts. The flaring collar and the revers are of white satin, embroidered and spangled. The corselet is of royal blue panne, as are the plaited collar and the plastron. The tight sleeves have stitched plaits at the shoulders and cuffs of satin matching the revers. JUDIC CHOLLET.

PARASOLS.

They Match Summer Gowns—Novel Handles.

Among the recent untrimmed parasols are those of plaid silk in different shades of the same color. These are carried as accompaniments to the tailor made gown and are of the same general tint.

A fashionable luxury is a different parasol to match each gown, a piece of the same silk being used for the covering. This is less extravagant than it seems, now that parasol and umbrella covers are

BENGALINE GOWN.

adjustable and are so made that they fasten on the frame with tiny hooks or loops. One or two frames will in this way serve for half a dozen parasols.

Novelty handles for sun umbrellas and parasols are rather large, terminating in carved heads of animals, such as bulls and sheep with horns and cats with immense glass eyes. These are more odd than pretty.

Natural wood handles are thick and clublike in aspect. The umbrellas thus mounted are of bright or light plain silk or of delicately tinted plaids.

The cut shows a costume of lizard green bengaline. The skirt has a band of white satin around the foot, upon which are five lines of black velvet. It is lined with light pink silk. The coat bodice is trimmed with bias bands of white satin and black jet buttons. The collar of white satin is covered with lines of black velvet and bordered with a plaiting of black mousseline de soie. The draped plastron is of black spangled lace over pink silk. The tight sleeves have black velvet bands and black mousseline plaitings at the wrist. The light straw hat is faced with black velvet and trimmed with pink roses and foliage. JUDIC CHOLLET.

The Onion.

Onions and cucumbers are two of the very oldest known vegetables. Like peas, the Egyptians grew them at least 30 centuries ago. Indeed to the onion belongs probably the honor of being the first vegetable primeval man ever made trial of.

CHARLES A TOWNE.

Nominated for Vice President of the United States by the Sioux Falls Populist Convention.

Charles A. Towne was born in Ingham county, Mich., near the city of Lansing, 41 years ago last October. His parents were in comfortable circumstances, and young Towne, after receiving a common school education was sent to Ann Arbor university, where he graduated in both the academic and law courses. After receiving his sheepskin Mr. Towne went to Marquette, Mich., where he opened a law office and practiced his profession for about three years. He then moved to

CHARLES A. TOWNE.
(Nominated for Vice President by the Regular Populists.)

Chicago, where he struggled to establish a law practice for several months, but gave it up and came to Duluth in the spring of 1890. He has always taken an active interest in politics, and until the free silver agitation in 1896 was a stanch republican. In 1892 he stumped considerably for the republican ticket through the northwest, and his remarkable eloquence soon brought him to the front. At the next republican congressional convention for the Duluth (Minn.) district, Mr. Towne was enthusiastically nominated for congress, and was elected with an overwhelming majority. He seemed destined to be one of the foremost republicans in the west, until in the early summer of 1896 he declared himself in favor of free silver. In the fall he was nominated by the democrats and populists as their candidate for congress, although holding his seat in that body as a republican. He was defeated by Page Morris by nearly 2,000 votes. In the fall of 1898 he was again nominated by the fusionists for congress, and was once more defeated by Morris by a plurality of 1,000 votes, although he carried Duluth, the home town of both candidates, by 1,343. In the summer of 1898 he was chosen national chairman of the silver republicans.

IS AFRAID OF CATS.

Gen. Lord Roberts Has an Antipathy for Felines Which Amounts Almost to a Mania.

Gen. Lord Roberts, the hero of Kandahar, who wears the Victoria cross for gallantry in the field, is afraid of cats.

If the fate of the empire depended on it, "Bobs" could not stroke the fur of a cat.

A few thousand domestic cats scattered over the veldt would drive the commander in chief of the British forces out of South Africa. A single cat hurled into his tent might demoralize the finest plans for a battle or a march.

It is not likely that the Boers will be able to take military advantage of Lord Roberts' weakness, for he is well guarded, and the most patriotic Trans-

GEN. LORD ROBERTS.
(From the Latest Photograph of the South African Commander.)

vaal cat could not approach his tent without being shot. So Boer sympathizers will gain nothing by forwarding their household pets as munitions of war to President Kruger.

"Bobs" is the victim of an antipathy. He cannot help himself. An antipathy cannot be reasoned away, and it has nothing to do with courage. It is something a person is born with or else acquired very early in life. Many persons share Lord Roberts' antipathy for cats. Nearly everybody has one for snakes. Oliver Wendell Holmes wrote a story about a young man who had a mortal antipathy for beautiful young women, which is about the saddest antipathy that could be imagined.

So the British general is entitled to sympathy and not scorn because the sight of a cat makes him tremble all over and feel faintly faint.

Illuminants and the Eye.

The number of winks in a given time is found by Koiz, a Russian physician, to furnish a fairly accurate measure of the degree of eye fatigue caused by various illuminants. This method gave the following unexpected results from readings of ten minutes: With a candle, 6.8 winks per minute; city gas, 2.8; sunlight, 2.2; electric light, 1.8.

Public Sale of Lands

FOR TAXES OF 1898

Due Borough of North Plainfield.

Notice is hereby given, that by virtue of a warrant issued by the Mayor and Council of the Borough of North Plainfield, in the county of Somerset, to make the unpaid taxes assessed on lands, tenements, hereditaments and real estate, in said Borough in the year 1898, the subscriber, Collector of Taxes for said Borough to whom the said warrant is directed, will on

"I'm going to Harker's store," she said.
"What will you do there, my pretty maid?"
"I'll get great bargains, sir," she said.

"He sells magazines at the publishers' price,
And his store is just delightfully nice.
He has pretty inkstands and paper weights,
Alphabet blocks and transparent slates.

"He has all the popular novels, too,
And special books he'll get for you.
He has paper napkins and fountain pens,
And the sweetest, loveliest, dearest things.

He has dominoes, checkers and playing cards,
Duplicate whist and tally cards,
Crokinole, archarena and also chess,
And all other kinds of games, I guess.

"He has papeteries in greatest array,
From the daintiest tints to the very gay—
"You've said quite enough, my pretty maid,
I must see that wonderful store," he said.

ATTACKS THE ARMY.

Gen. Greely Declares the American Military Organization to Be a Political Machine.

Gen. A. W. Greely, chief of the signal service of the army, spoke of the United States army as a military organization at the annual banquet of the Worcester (Mass.) board of trade the other night.

He declared that the army was a political organization and that it had not advanced during a period of 50 years. If the system, which is now imperfect, was to be improved in future years, it would be at the cost of tens of thousands of lives and millions in treasure.

He declared that the same process of weeding out incompetent men that obtains in commercial and industrial life should obtain in the army. Until this was done the United States army would be the weak and imperfect organization that it was to-day and had been for half a century.

GEN. A. W. GREELY.
(Chief of the Signal Service of the United States Army.)

The soldiers, Gen. Greely declared, represented the manhood and integrity of the military organization and the officers the political machine. If every incompetent officer in the army was discharged from the service it would have a tremendous effect and make the army of the United States approach the model of the German army of to-day which, of all national military organizations, was the nearest perfect.

Gen. Greely said that the quartermaster's department of the army contained many incompetent men, some of whom were a disgrace to the country. It was owing to the imperfect system obtaining at the outbreak of hostilities with Spain that the resources of the nation had been taxed to the utmost to move an army of 20,000 men to Cuba.

As showing that the whole system was yet imperfect, the speaker referred to the fact that at the close of the war with Spain and in the present war in the Philippines signal service men have been obliged to go without rations for a period of ten days.

PROPOSALS FOR COAL.

OFFICE OF THE BOARD OF EDUCATION.
PLAINFIELD, N. J., MAY 9th, 1900.

Pursuant to a resolution adopted by the Board of Education of the City of Plainfield, N. J., at a meeting held May 7th, 1900, notice is hereby given that the Board of Education will meet on Monday evening, June 4th, next at 8:30 o'clock, at the Board room in the Stillman School, corner of West Fifth street and Arlington avenue, in the City of Plainfield, at which time and place said Board of Education will receive sealed proposals for furnishing five hundred tons, more or less, of the best coal suitable for steam and hot air heating, in pea, No. 1 Chestnut, stove and egg sizes, all coal to be thoroughly screened, trimmed, and placed in the bins within the public school buildings without any extra expense to the Board for such handling, and to be delivered during the month of July next, or at such time as the Board may direct. Bids to specify the quality of coal, and whether long or short tons. Payment for all coal contracted for to be made after September 1st next. All proposals to be endorsed "Proposals for coal." The Board reserves the right to reject any or all bids.

Upon receipt of the bids or proposals, the Board will immediately proceed to unseal the same and publicly announce the contents in the presence of the parties bidding or their agents, provided such parties or agents choose to be then and there present and also to make proper record of the prices and terms upon the minutes of the Board.

By order of the Board of Education.

BICYCLES and MOTORS

BOTH HAVE RIGHTS.

Bicyclists and Pedestrians Who Act with Common Courtesy Need Never Have Trouble.

The season is not far distant when the bicycle will glide noiselessly and swiftly over the streets to the danger of passing pedestrians. There are laws on the subject, and yet it has never been established to a satisfactory degree what are the rights of bicyclists and what are the rights of pedestrians. Each insists in words and by actions that the other has no rights. Practical possession of the streets is claimed by wheelmen and vehicles, and yet pedestrians are compelled by circumstances and the peculiarities of city construction to use the streets at intersections. No matter what right bicyclists may have on the streets in general, the crossings belong to pedestrians.

There are certain distinctions and niceties of etiquette that could be followed by both riders and walkers which would obviate the ceaseless controversies. First of all it should be understood that both have rights that must be respected. The reckless scorcher is no more privileged to pedal his machine along a crowded street at lightning speed than a pedestrian is privileged to place his cane in the spokes of the rider's wheel, flinging him to the ground. Both are offenses against the written and the unwritten laws. Both are disgraceful as well as dangerous performances and both are public grievances, for no man knows but that he will be the next victim of one or both of the two idiots.

There is a simple distinction between bicyclists and pedestrians that should make easy the enactment and enforcement of all necessary laws for the protection of the public, both walking and riding. The bicycle is a vehicle and should be given the privileges and protection accorded other vehicles, no more, no less. The bicyclists that will soon be skimming along the streets should have this impressed upon them by those in authority.—Cincinnati Times Star.

ENGLISH FOOT BRAKE.

Built on a New and Unique Principle, But Its Usefulness Has Yet to Be Demonstrated.

According to the invention of Philip J. Parmiter, of Anstey, England, a brake spoon is used in the form of a segment of a cylinder carrying a flexible endless friction band of greater length than the spoon, the spoon and band being adapted to be pressed into engagement with the tire of the wheel, whereby the endless band will be caused to revolve and the friction between the inner surface of the band

THE LATEST FOOT BRAKE.

and the outer face of the spoon will cause the wheel to be retarded without wear upon the tire.

The position of the brake lever is such that a downward pressure thereon will not apply the brake, but will allow the rider to rest his feet upon it or to use it as a step to dismount, if desired. To apply the brake the rider will place his foot on the upper end of the lever and press it forward, thereby moving the spoon and the endless band rearwardly into engagement with the wheel.—Louisville Courier-Journal.

Wheeling a Good Exercise.

The use of the bicycle as a means of exercise ranks among the beneficial forms of exercise that may be taken. It ranks equally with horseback riding, rowing, swimming, and is superior to walking. Besides this it is a means of rapid transportation, and forces the rider into the open air. It is an active exercise that can be proportioned to the weakest and the strongest. He who desires vigorous exercise can obtain it. No one can ride a bicycle and not have his thoughts taken out of himself, and at the same time have his attention pleasantly engaged. The exercise is fairly distributed over the body, affecting principally the legs and arms, and secondarily those great systems, the cardiac, glandular and nervous.

Grease Keeps the Mud Off.

Bicyclists who ride in muddy weather will find that the machine will take no harm from the mud and that there is no necessity to have it cleaned immediately, providing the owner takes care to keep the metal work in a greasy condition. This may be effected by rubbing all the tubing, spokes, rims, etc., with an oily rag during the cleaning process. Take care not to wipe the oil off, but have the metal in a greasy state. The double result will follow that the metal will not be liable to rust from the mud and moisture and the mud will come off readily when the machine is cleaned. It is also a good plan to smear some vaseline over all the lubricating holes, so as to render them impervious to damp.

LINCOLN is bound to rival Plainfield as a city of homes and for factory sites. See the great Steel Works, employing hundreds of men; also the Paint Works and Incubator Works, now in full blast. You have a choice of either Central or Lehigh Valley Railroads, Trolley to Plainfield and New Brunswick. Those who bought in the centre of Plainfield years ago had no idea that city would grow as it has. Keep your eye on Lincoln, which will soon speak for itself, as one of the most prosperous cities in New Jersey. People often complain that they never had the chances others have had in investing a few dollars and reaping great results. Don't complain if you miss Lincoln. The terms offered to purchasers of $5 down on each lot, balance $1 per week, payable monthly, are certainly within the reach of all. We want the man of small means to visit Lincoln on Decoration Day, as on that day we provide a free train so that it will cost him nothing. NOBLE PATRIOTISM OF FATHER SMYTH.

Expressed in the Sermon He Preached to Veterans in St. Mary's Church Last Night.

G. A. R. MEMBERS ATTENDED

FIRST SERVICE OF ITS KIND EVER HELD BY LOCAL CATHOLICS.

Praise for the Men Who Saved the Country in the Civil War—Father Smyth Glorified the Greatness of the United States.

For the first time in the history of Plainfield, the members of Winfield Scott Post, No. 73, G. A. R., the Woman's Relief Corps and Sons of Veterans, attended a memorial service last evening in St. Mary's R. C. church, which was held for the soldiers and sailors who died for their country in the Civil War. The large and beautiful edifice was thronged with members of the organizations and friends until there was scarcely standing room. The organizations marched in the church in a body and occupied seats reserved for them. In the front of the church near the altar was placed an American flag that symbolized the object and principles for which the service was held.

The service opened with the singing of "America" by the choir and congregation. This was followed with a prayer by Rev. Father J. A. Westman, curate of the church. An impressive part of the service was the singing of "Tenting on the Old Camp Ground," by the chancel boy choir, the congregation singing the chorus. "Pray for the Dead" was a beautiful selection sung by a quartette composed of Mrs. Veronica Brady, soprano; Miss Flanagan, alto; Charles Boone, bass; Mr. McDonald, tenor.

This was followed with a patriotic address by Rev. Father P. E. Smyth, pastor of the church. It was a soul-stirring discourse and was intently listened to throughout. A portion of the address is as follows:

"Members of the G. A. R., on this, your fist visit to our church, I beg to extend to you a cordial welcome.

"On matters of religious faith we may hold distinctly different views, but in respect for the dead soldiers and honor to the living ones, in love for the flag and loyalty to the Union, we are in heart and hand. But those especially with Irish blood in their veins have a warm spot in their affections for the American soldier. We cannot forget that the first ray of hope for the Irish people came, after long centuries of oppression, as a result of the bravery of American soldiers in the War of the Revolution, and we gratefully acknowledge that to American sympathy and influence we are indebted for some of the just rights our people now enjoy in their own land.

"It is good and edifying to find men, after the din of battles, coming to a house of prayer to remember their comrades who are gone, to thank God for their own preservation and to keep alive the spirit of patriotism in those who are to be hereafter the defenders of the Union.

"We are a Christian people, and as such owe allegiance to God. On Christian principles our moral strength is founded. We owe to God gratitude for our Christian heritage and for the noble lives of those whose example now so powerfully sustains us.

"New Jersey's sons, by their patriotism and valor, did honor to themselves and the State from which they came. Where the fight was thickest and danger greatest could be found the Jersey Volunteers. In the valleys of the Cumberland and Mississippi, on the banks of the James and Potomac, by the shores of the Gulf and Atlantic, in southern battlefields and prisons, they fell by hundreds. Gladly would you, their comrades, place fresh flowers on their graves, but it would be impossible. The God of battles will mark their place in His eternal mind.

"But some who escaped the conflict are here with us this evening—living memorials of what our people accomplished at a time when the nations of Europe expected to see this young republic crumble to dust. For more than thirty years you have kept alive in the land the spirit of patriotism. Strangers who came to our shores, children who were born since the war ended, receive on occasions such as this, a lesson in history that cannot be forgotten. And though the participants in the parade on Memorial Day may diminish yearly, and the flowers they scatter on the graves of their comrades may fade, the recollections of their sacrifice will remain to inspire their children in a future emergency to do as they did.

"A word or two, particularly to the young people in this congregation, and to those born under another flag: When it comes to the question of living, we hold there is only one country to live in, only one flag to live under, the flag that floats above us here. We, who were born in another realm, bless the day of our second birth when we began to know and live the lives of men under the emblems of the bravest and freest people on earth. There must have been more than human foresight in the framing of a constitution that gathers in the oppressed of all lands, and, irrespective of nationality, creed or previous condition, assimilates them into one family; teaches them to think, speak and act as men; binds them together in ties of true Christian brotherhood; draws out and develops whatever is noblest and best in each of them, and leaves nothing indone to make them prosperous and happy. Under whatever sky a man may have first seen the light, whatever may be the form of his religious belief, when he once sets his foot on this land and comes in contact with American civilization, he attains the full stature of his manhood and feels within him possibilities of what is good as he never before dreamed of. However true or noble a character he may be, be he Christian minister or layman, he will find here a broader field, with larger opportunities and encouragement to develop and perfect his individual powers, such as he never found before, and as can be found nowhere else but in America.

"Here we have liberty in its truest sense—not the Old World idea of liberty, which leads often to tyranny and anarchy, but the liberty of conservatism, liberty of conscience, the liberty with which Christ has made us free.

"No wonder that the grand old Pontiff, who, for us Catholics, is our spiritual guide, as he looks out over the ashes and ruins of Rome, Republican and Imperial, goes out in hopeful thought to the young and vigorous republic of the west, because in its genius and the spirit of its institutions there is evidence that a power more than human has been at work in fashioning this land for a noble destiny.

"America of today is not only peaceful at home, but powerful and respected abroad, sufficiently respected to be courted, powerful enough to excite the ambition of more than one European power to form an alliance.

"What is it that has made imperial and royal houses of Europe willing to stoop and ally themselves to the once despised daughter of Democracy? It is because her democracy is feared, because she has wrested from the powers beyond the sea their unwilling admiration.

"What a few years ago 'Yankee braggadosio' is today American pluck and courage, and, above all, success. Today, did she wish to exercise it, the United States holds the balance of power and the strongest power of Europe would be afraid to interfere with any suffering nation to which America stretched forth the hand of friendship. We trust, however, that the warning voice of the father of his country, the immortal Washington, will always find a willing ear among those who guide the destinies of the nation: that they should never mix themselves up with 'entangling alliances' against which he counselled them. What a tribute of praise we owe to you, veterans of today! What a glorious result for your sacrifices! The one stain on the flag of freedom, slavery, has been removed. Disunion has been buried deep and forever, and the states united rise in their preserved unity and rally under one flag. No north, no south, but a union of States and sentiments cemented by the blood of a nation's heroes.

At the close of the service the choir and congregation sang "Holy God, We Praise Thy Name," while a collection was taken for the benefit of the relief work carried on by the G. A. R. Post. Miss Smith presided at the organ and her work was of a high order.

For the Famine Sufferers.

In addition to the amount received Friday evening by Rev. J. O. McKelvey for famine sufferers, he has received by letter a check for $50 from a man who says: "Having been in that country I know in a slight degree how awful the suffering must be." Another person stopped Mr. McKelvey and handed him a dollar for the cause. He refused to give his name.

Rev. Mr. Love Preached.

Rev. Edward Love, of Ninth street, occupied the pulpit at the Park Avenue Baptist church yesterday in the absence of the pastor, Rev. Dr. Richardson, who is in Connecticut with his family.

DEMOCRATS TO ELECT DELEGATES TONIGHT.

Men Who Will Attend State Convention Will Be Chosen at the Primaries.

SOMERSET FOR MR. MARTINE

FORMER SPEAKER BERGEN DEFEATED FOR DELEGATE.

Bryan Men Dislike the Way He Has Acted — Union County Delegates Will Caucus Before State Convention Thursday.

Democratic primaries for the election of delegates to the State convention will be held in the various wards of the city this evening at 8 o'clock. The places of holding the primaries and the number of delegates each are entitled to are as follows:

First ward, two delegates, vacant store in Voehl building, 220 East Front street; Second ward, two delegates, Bryant school building, East Sixth street: Third ward, two delegates, High School building, West Fifth street; Fourth ward, three delegates, T. A. B. Hall, West Fourth street.

The only business to be transacted will be the election of delegates to the convention, which will be held in Trenton next Thursday, but the city executive committee hopes that there will be a good turnout of Democrats to participate in the selection of delegates.

Arrangements have been made for a caucus of the Union county delegates in the rooms of the Democratic Lyceum on Warren street in Trenton Thursday morning at 11 o'clock. At this meeting the wishes of Union county in reference to the proceedings of the State convention will be determined. The State convention will convene in Taylor's Opera House at noon.

The majority of the Union county delegates will go to Trenton Thursday morning on the Central Railroad train leaving here at 9:46.

The Democratic primaries were held in the various towns in Somerset county Saturday evening, except in North Plainfield, where the primary was held Friday evening. The only contest was in Somerville, where a fight was made against the candidacy of former Speaker James J. Bergen as a delegate to the State convention. A number of the enthusiastic Bryan men, who have never forgiven Mr. Bergen for bolting the national convention and ticket in 1896, determined to keep him out of the State convention. John J. Gaffney, who is well known in this city, made the fight against Mr. Bergen. It was necessary to vote three times before a decision could be arrived at, and then Mr. Gaffney was declared the victor by one majority. Mr. Bergen was made his alternate. The delegates were instructed to vote for James E. Martine, of this city, for delegate-at-large to the Kansas City convention.

In Warren township W. H. Rogers was elected delegate to the State convention without opposition. He will support Mr. Martine for one of the "Big Four."

CROWNING A STATUE.

Impressive and Pleasing Service Carried Out by Children of Mary of St. Joseph's Church.

St. Joseph's R. C. church was crowded to overflowing last evening when the annual celebration of the Children of Mary took place. This is one of the most interesting features of the year. It is always the custom to close the month of May by crowning the statue of the Queen of the Heaven.

Last evening seven young women took part and recited appropriate selections. Miss Lizzie Ryan, after reciting a selection, crowned the statue, and those assisting were Miss Lulu Jacot, Miss Mary Leahy, Miss Katy Carty, Miss Lizzie Fitzgerald, Miss Kate Egney and Miss Alice Kennedy. After the part in which the Children of Mary officiated, Rev. Father Brennan, curate of the church, delivered an eloquent sermon of great interest to all. During the services there was special music by the chorus choir under the direction of James Bailey. There were solos, part songs, chorus selections, all of which was enjoyed by those present.

Will Occupy Dr. Schenck's Pulpit.

Rev. Harmon Peeke, of East Millstone, stationed in Southern Japan, as a missionary, at present on a vacation to this country for his health, has so far recovered that he and his wife and children will return in a few weeks to their fields of labor. Mr. Peeke will occupy Dr. Schenck's pulpit next Sunday evening.

BEAUTIFUL NEW WINDOW

DESIGNED AFTER RAPHAEL'S PAINTING ENTITLED "SISTINE MADONNA."

It is a Duplicate of the One Presented to the New Church at Bernardsville by F. P. Olcott.

Now that the improvements are completed at St. Mary's church it will be interesting to know something of what has been done to beautify this large edifice. At a great expense the whole interior has been changed and when seen last evening for the first time in its completness, it was certainly the admiration of the vast throng present. The work was done by Locke & Arnold, of Brooklyn, world-renowned church decorators, who have instituted an American Art School for the purpose of changing the prevailing style of heavy, dark English decoration. St. Mary's church now presents a bright appearance, due to the lighter shades used. The frescoing and tinting harmonizes perfectly.

One of the strongest among the improvements is the new window in the front of the church. This is after a painting by Ralphael, entitled "Sistine Madonna," and is a duplicate of the one placed by the same firm in the Catholic church at Bernardsville for F. P. Olcott. The duplicate is considered an improvement over the original. The base is a deep brown, which merges into an olive color, and the top is trimmed in ivory. The colors blend beautifully and is a work of art in every particular.

About the front of the church a complete renovation has taken place, and everything presents a bright and attractive appearance. The edifice is illuminated with the Welsbach light, which was furnished by Gavett, of Front street. In September next the church will be consecrated, at which time the entire debt on the property will have been paid.

WANTED TO HELP.

But George Miller's Efforts to Assist the Salvation Army Were Not Appreciated.

George Miller, a stranger in town, felt a great desire to assist the Salvation Army in their services last evening. While his efforts may have been well intentioned they were rather illtimed. Patrolman Saunders found Miller waxing enthusiastic on Somerset street. The officer says that the man had been drinking too much. So he was locked up.

Miller was arraigned this morning before City Judge Runyon and given his choice between a fine of $5 or ten days in jail. He said he hadn't the cash but the police gave him a chance to raise it.

To Decide About Heating Apparatus.

There will be a very important meeting of the Borough Board of Education this evening, when plans and specifications for the heating and ventilating of the Somerset street school will be decided upon, and a time will be set for a public meeting when the citizens will be asked to authorize the execution of the work.

Will be Given Next Monday.

The cantata, "In a Persian Garden," and a miscellaneous programme of music and poetry, under the direction William J. Romain, will not be held in the Y. M. C. A. Hall this evening, as was stated in Saturday's Daily Press. The entertainment will be given in Y. M. C. A. Hall, Monday evening, June 4th, a week from today.

Approaching Marriage.

Announcement is made of the approaching marriage of John S. Johnson, manager of the carpet department at Woodhull & Martin's store, and Miss Maggie Menagh, of Hackettstown. The happy event will be celebrated on Wednesday afternoon, June 6th, at 5 o'clock, at the home of the bride.

Jumped the Track.

A small wreck occurred on the Jersey Central Railroad at Garwood Saturday, when a pair of trucks beneath a freight car slipped out of position and jumped the track. Fortunately the train was going slow and no damage resulted.

Clearing up Arlington Avenue.

An extra gang of men was brought from Cranford Saturday and put to work clearing up Arlington avenue. The macadamizing will be finished on one side of the street car tracks at a time, and will be commenced at Ninth street.

Discussed New Hello Company.

An important meeting of the street committee of the Common Council will be held Thursday evening when the new telephone ordinance and other matters of importance will be considered.

GOOD GOLF PLAYED ON THE LOCAL LINKS.

VanHerden and Chapman Cups Contested for at Hillside.

MANY PLAYED SATURDAY.

W. J. R. THIERS WAS FIRST WINNER OF COMMITTEE TROPHY.

Edgar I. Serrell Won Men's Handicap at Park Club Links—Miss Howell Victorius in Ladies' Handicap Competition.

While the links of the Park Golf Club have been open for a month the active season of competitive play was not inaugurated until Saturday afternoon. First play for the green committee challenge trophy, a men's handicap competition and a ladies' handicap competition, were the events of the day. W. J. R. Thiers won the green committee trophy, while Miss Saidee May Howell and Edgar I. Serrell carried off first honors in the two handicaps.

The course was crowded during the first part of the afternoon, and even the threatening rain failed to frighten the golfers away. The rain kept its promise and appeared late in the afternoon, but many of the enthusiasts declined to have their day's sport spoiled and kept on playing.

The general interest centred about the first winner of the green committee trophy. A men's handicap competition, eighteen holes, medal play, was held. There were sixteen entries. The player making the lowest gross score in that event was to be the winner of the trophy. He will then be subject to challenge and the trophy will be played for every Saturday afternoon.

It was expected that one of the scratch men in the tournament would win it and W. J. R. Thiers did so. He made the two rounds in company with Edgar I. Serrell. Thiers played good, consistent golf except for the last two holes of the first round. He rallied, however, and handed in a card that showed 101. Serrell played a brilliant game, but it lacked steadiness. With his handicap of 20 it easily won him first place in the handicap. His ninth hole in 5 was a fine achievement, being one better than bogie. He made it on a phenomenal put.

But for Thiers' break at the end of the first round, he should have had a 45. The score card, turned in by Thiers and Serrell, was as follows:

Thiers, out.....5 5 5 4 5 4 6 8 8—50.
Serrell.....6 7 4 6 6 7 5 5—63.
Thiers, in.....4 7 6 6 6 5 5 4 7—51.—101.
Serrell.....7 8 5 5 9 5 5 4 10—58.—111.

Fred P. Taylor and Morgan T. Townsend played together. Neither was up to his best game and so figured little in the handicap. Townsend's ball hit in a post hole on the seventh and bothered him somewhat. Both came within ten strokes of the score made by the winner of the trophy and so were eligible to send in a challenge which they promptly did. Taylor will play for it next week and Townsend the week following unless the green committee allow it to be competed for Decoration Day. Serrell just came inside the challenging limit and will probably challenge later.

Senator Charles A. Reed and Councilman George T. Rogers carried off second and third place respectively in the handicap. They played together and the Senator did some great work on the green.

The following cards were returned in the men's handicap:

	Gross.	Hand.	Net.
Edgar I. Serrell	111	20	91
Charles A. Reed	123	30	93
George T. Rogers	121	24	97
Herbert S. Rogers	128	30	98
W. J. R. Thiers	101	0	101
H. D. Hibbard	114	12	102
William B. Faber	136	24	102
Morgan T. Townsend	109	4	105
Fred P. Taylor	106	0	106

Only four competitors took part in the ladies' handicap, nine holes, medal play, although there were a number of other entries. It proved a fairly easy win for Miss Saidee Mae Howell from scratch. The scores were:

	Gross.	Hand.	Net.
Miss Saidee Mae Howell	67	0	67
Miss Adelaide G. Ball	88	13	75
Miss Daisy Elsberg	91	13	78
Miss Long	108	20	88

There was a large number of golf enthusiasts that gathered at the Hillside Tennis and Golf Club grounds Saturday when two events formed the attraction. In the morning the first play for the vanHerwerden cup, ladies' competition, was the feature. The account of this event was published in The Daily Press of Saturday. In the afternoon the qualifying round for the Chapman cup brought out a large number of players. The entry list for this event was large, although all did not hand in their scores. In this competition the first eight qualified for match play for the cup to be played for next Wednesday. The contest was close and exciting thoughout and, as will be seen by the scores, there is very little margin between the majority.

The course was in the pink of condition, allowing the best play, and aside from the competition there was a goodly number of enthusiasts enjoying private matches. Toward the latter part of the afternoon the rain somewhat interferred with the play, but the majority of the players remained on the course and completed the rounds. The scores made in the competition for the Chapman Cup are as follows: J. Whitney Baker, 90; A. R. Fisk, 91; Willard Wadsworth, 94; Morris Dumont, 101; W. L. Glenney, 101; W. T. Kaufman, 104; Howard Huntington, 106; Olaf Sangstaud, 107; R. F. Murray, 108; R. M. Shepard, 108; R. Stockton, 109; P. W. Mason, 109; J. W. Sandford, 118; L. H. VanBuren, 120.

On Decoration Day the first round and semi-finals for the Chapman Cup will be played, and next Saturday the finals will be the event of interest. The golf team will go to New Brunswick Saturday and contest with the team at that place for honors in the New Jersey League series.

HEPTASOPHS TO GATHER.

Union Meeting of Conclaves in Towns in This Section to be Held in Plainfield.

Tuesday, June 5th, will be a gala day for the Heptasophs of this vicinity. There is to be a union meeting of the Conclaves of Somerville, Plainfield, Westfield, Elizabeth, Rahway and Orange. There will be large delegations from the above Conclaves who will be the guests of Protective Conclave, No. 505, of this city.

The Supreme Archon and other supreme officers will be present. The Improved Order of Heptasophs is 23 years old and is one of the leading fraternal insurance orders and is growing very rapidly. During the past year the membership has increased 10,000. In this city, where they were organized about two years ago, at which time the order was practically unknown here, they have made good progress and have among their members some of the leading citizens, and among whom will be found Mayor Rockfellow, Judge Nash, F. C. Lounsberry, William Westfall, Judge Newcorn, Dr. Hepburn and a great many others.

FOR A NOBLE WORK.

Appeal for Funds to Carry on Work of Fresh Air Camp of King's Daughters.

As the warm weather approaches the attention of the benevolent-minded people of our city is called to the needs of the City Union of the King's Daughters. Soon the work of restoring to health the little ones, who are living in crowded homes devoid of God's fresh air because of their wretched surroundings, will begin. These little ones will be taken, together with the tired mothers, by the city nurse to the camp on the mountains. This work, together with the work the nurse is doing from day to day, necessitates a considerable outlay of money, and the Union feels that the people of the city, who have so bountifully helped us with their contributions heretofore, will not fail us now, when we again make an appeal for assistance.

The smallest gift, as well as the largest, from either organization or individual, will be most gratefully received by the treasurer, Miss Linda Butler, 215 East Front street.

WILL CHARGE EXCESS FARE.

Black Diamond Express, of the Lehigh Valley, Grows in Popularity.

Owing to the necessarily limited capacity of its Black Diamond Express and its desire to comfortably accommodate all its passengers, the Lehigh Valley officials have determined to charge an extra fare upon this train. This addition, which will go into effect today, varies from 15 to 50 cents between different points. The Black Diamond is becoming daily more and more popular among the patrons of the Lehigh Valley, and its capacity has of late been sorely taxed. Its popularity is due largely to the magnificent and comfortable equipment of the train, which is always kept up to the very latest standards of excellence.—Philadelphia Record.

May Walk Did Not Take Place.

On account of the threatening weather Saturday, the May walk of the Turn Verein was not held yesterday. The destination was to have been Feltville, or Glenside Park. The proper observance of a May walk includes seeing the sun rise and as it still remained cloudy Saturday evening, it was thought best to declare it off. A number of the members went to Keller's Grove in the afternoon and carried out a part of the programme which had been arranged.

Local News on Pages 2 and 3.

MOON SHUT OFF VIEW OF SUN FROM EARTH.

Through Thousands of Smoked Glasses the Eclipse Was Observed This Morning.

LASTED OVER TWO HOURS.

PRODUCED A STRANGE AND UNCANNY EFFECT ON TERRA FIRMA.

At 9:06 o'Clock the Eclipse Was at Its Height and 95 Per Cent. of the Sun's Surface Was Covered by the Moon.

Our friend, the sun, performed his stunt this morning according to schedule. The moon wandered across his face and nearly covered him up. The clouds blew out of the east and threatened to hide both from view but they relented at the last moment and the eclipse was to be seen for nearly the entire time. Thousands of people gazed at the unusual phenomenon, and all sorts of arrangements of smoked glass were utilized with which to view the strange sight.

The early morning was bright enough, but as the sun rose, the clouds began to gather and it was a question whether or not the eclipse would be visible.

As early as 7:45 o'clock the moon appeared on the edge of Old Sol. Half an hour later the old fellow looked like a cracker with a big bite taken out of the side. The clouds chased over the sun at intervals and a cold wind swept out of the east and chilled the watchers.

Anything in the line of smoked glass was eagerly sought for, and all over the city men, women and children gazed through it at the bright orb above them. It began to grow dark, an effect which the cloudiness of the sky assisted in producing. At 9:06 o'clock the eclipse was at its height and 95 per cent. of the sun's surface was covered. All that remained was a little narrow crescent of silver light. The thin clouds drifted by and made all that remained of the sun easy to view with the naked eye. The rays of sunlight that reached the earth all assumed the shape of a crescent. The effect was strange and rather uncanny.

At a number of the schools, both public and private, recitations were so arranged that the pupils might have an opportunity to view the phenomenon. Shop-keepers and business men deserted their establishments for the time and turned their eyes upward. Then the clouds swept away for a few minutes and a fine view was obtained.

The moon passed away as rapidly as it came, but the end of the eclipse was hidden by the clouds which grew heavier and hid the sun completely. There were many who thought the cold wind that blew was the direct result of the eclipse, but it wasn't. It was merely an easterly wind, just off the ocean.

Many of the local photographers took advantage of the opportunity to secure some views of the solar eclipse. J. Hervey Doane, George H. Fountain and C. T. Coon, all of the Plainfield Camera Club, gathered on top of the Babcock building during the progress of the eclipse and took several views of the sun. Mr. Doane took three plates, Mr. Fountain six and Mr. Coon two.

WANT PROF. MAXSON.

New Haven Board of Education is Anxious to Secure Plainfield's Superintendent of Schools.

One of the latest commendations the Plainfield public schools have received is an attempt to draw their superintendent, H. M. Maxson, away to another city. The Board of Education of the city of New Haven, Conn., having lost its superintendent of schools to Indianapolis, has notified Superintendent Maxson of the vacancy and invited him to visit New Haven and see if he wants it. The invitation was unexpected by Prof. Maxson, who did not know that the New Haven Board was considering him. Coming from a city like New Haven, under the very eaves of Yale University, the offer is very flattering to both Plainfield and its efficient superintendent.

An Honor Pupil.

In recently publishing the names of the graduates of the Borough Public High School the name of Frank Bach, as an honor pupil, was unintentionally omitted. Mr. Bach deserves special mention. Not once since he has been in the High School has he gone below 80 per cent. in his studies, and he is one of the most ambitious students in the school.

—The attachment issued by Justice Moffett against Sadie Tyler, was adjourned until Friday, June 1st, at 10 a. m.

CAUGHT IN LEIPSIC.

Clever American Diamond Thieves Held by German Police.

CHICAGO, May 28.—The Chicago police say that a man under arrest in Leipsic, Germany, on the charge of stealing $15,000 worth of diamonds is Charles Woodward, alias Williams, alias Anderson, alias Watson, alias Wright, who has been absent from Chicago for 18 years. He is one of the cleverest thieves in the world and has earned the cognomen of "Diamond Swallower" through repeated acts of that kind in order to escape conviction. He has stolen half a million dollars' worth of diamonds and has served nearly 20 years in jails and penitentiaries in this country and in Europe. In the 60 years of his life Woodward has become celebrated all over the world through his penchant for stealing diamonds.

He caused a big sensation in Chicago in 1878 when, on Aug. 10 of that year, he stole $22,000 worth of diamonds from a jewelry salesman in the Palmer House. He was arrested shortly afterward by William Pinkerton, and the only gem he had in his possession which belonged to the lot stolen from the salesman he swallowed. He was convicted nevertheless and sent to Joliet to serve a year. He left the penitentiary Jan. 1, 1880, and after living a few months in Chicago disappeared, and, although he was arrested numerous times afterward, he never returned to this city so far as the police know. His arrest in Germany occurred four weeks ago and came to the notice of the Chicago authorities in a letter to Superintendent George Porteous of the national bureau of identification, in which the president of police of Berlin said that he had in custody two men charged with the theft of $15,000 worth of gems in Leipsic.

One of them gave the name of Edward Morton, the other James Hawkins. The letter was accompanied by pictures of the men and their Bertillon measurements. Superintendent Porteous says Morton is Charles Woodward and Hawkins is John Parkins, who is wanted in Pittsburg on the charge of stealing several hundred dollars' worth of precious stones.

THE COMMUNE CELEBRATED.

Socialists Parade In Paris In Honor of "Bloody Week" Victims.

PARIS, May 28.—The socialists celebrated the anniversary of the commune yesterday with the usual pilgrimage to Pere Lachaise cemetery, against the walls of which the communards were shot.

The procession was formed at a hall near the entrance, from which point, headed by the socialist leaders, the demonstrators marched to the graves of the notable victims who were executed during what the socialists call "bloody week." The "Carmagnole" and anarchist songs were sung, and revolutionary cries were raised.

The police confined their interference to seizing a few red flags which were carried in defiance of the police edict. Several slight conflicts resulted, and one or two policemen were scratched. A few arrests were made.

Bishops Consecrated.

CHICAGO, May 28.—By the laying on of the hands of 12 bishops and in the presence of 3,000 persons at the Auditorium four new bishops of the Methodist Episcopal church were consecrated yesterday afternoon. The newly consecrated bishops are: David Hastings Moore, assigned to the Shanghai district; John William Hamilton, assigned to the San Francisco district; Edwin Wallace Parker and Frank Wesley Warner, missionary bishops, assigned to India and Malaysia. The ceremonies were brief and simple. The delegates to the conference and hundreds of their friends came forward when the services were at an end and crowded the stage to congratulate the four new bishops.

NEITHER WILL YIELD

St. Louis Transit Company and Employees Still at War.

NO CARS RUN WITHOUT POLICE.

Heavy List of Casualties as the Result of Rioting—Citizens Take the Case In Hand and May Effect a Settlement.

ST. LOUIS, May 28.—This is the twenty-first day of the street railway strike, and the end seems as far away as ever, both the transit company and its employees standing firm. Not a car on the transit company's system has been run since the strike began without police protection. In consequence of there not being enough police to guard the 800 or more cars usually operated less than a quarter of that number has been run by the company over only a part of its 22 divisions and lines.

Since the 8th of May, when the strike began, there have been numerous collisions between the police and the strikers and the latter's sympathizers. Hardly a day during that time has passed without somebody being wounded by bullets or injured by flying missiles and police clubs. The list of casualties shows four persons shot and killed, 22 wounded by bullets and 50 or more injured in other ways.

Two of the killed were innocent bystanders, the others being a striking motorman and an emergency policeman. Several of the wounded are in a critical condition and may die.

It is said by the strikers that less than 50 of their number (3,325) who struck have returned to work. These, with the street car men imported from other cities, are operating the transit company's cars. It is asserted that at least 50 of the imported men have joined the strikers. The points at issue between the company and its striking employees have been agreed to except that of reinstating all the men who went out in their old positions. The company refuses to displace the men hired since the strike began, while the strikers decline to sign any agreement that does not give all the old men their places again.

A meeting of citizens has been called for this afternoon for the purpose of discussing plans for the amicable settlement of the strike.

Sunday was uneventful. The first cars to run over the transit company's lines since 10 a. m. Saturday were sent out in the morning over the Delmar avenue, Page avenue, Spaulding avenue, Compton Heights, Park avenue, Laclede avenue and Olive street lines. The day being fair, the cars were crowded from early morning until 7 p. m., when they ceased running, by persons going to and coming from the parks and western suburbs. The lines mentioned run east and west, and in consequence the main dependence of those living in the north and south portions of the city was on wagons and buses or the cars of the suburban system, which operates only in a limited area compared with that covered by the transit system.

Prospetous France.

WASHINGTON, May 28.—A bright picture of the present area of prosperity in France is painted by the United States consul at Marseilles in his annual report printed in the forthcoming volume of commercial relations to issue from the bureau of foreign commerce, state department. He says that while recent years have constituted a period of liquidation in France the whole country seems now prepared to emerge into commercial prosperity. Capital has feared revolutions, and business has been as bad as it could be, but there has come a change, and partisans now clamor for the digging of a great canal from Marseilles to the Rhone, for the canalization of the Loir and for the creation of a ship canal connecting Paris with the sea. These schemes are cited by the consul as signs of the times.

Itinerary of Boer Envoys.

WASHINGTON, May 28.—The Boer envoys expect to leave here tomorrow for Boston to attend a reception there on Thursday. From Boston they proceed west for Chicago, where they are to be on the 5th and 6th of June, stopping en route at Cleveland or Buffalo, just which of the two cities not having been determined yet. They will be in St. Paul on June 7 and in Philadelphia on the 15th. Other intermediate cities may be included in their stopping places, but as to these no definite conclusion has been reached. It seems likely, however, that the envoys may spend a day in Baltimore.

Foreign Troops Needed In Peking.

SHANGHAI, May 28.—Reports just received indicate that affairs around Peking are extremely critical owing to the defeat of the government troops by the "Boxers." It is now regarded here as certain that foreign troops must be sent to Peking to protect the legations, while the withdrawal of missionaries from the interior is considered imperative. Large portions of the province of Pe-chi-li and Shangtung are in a state little better than absolute anarchy, and disorder is spreading in the province of Shansi in consequence of the encouragement received from the empress dowager.

Lynch Defeats Donnelly.

INDIANAPOLIS, May 28.—Returns received by the canvassing board of the International Typographical union indicate now that Donnelly is defeated by Lynch for president by from 4,000 to 5,000. For first vice president the returns received are not sufficient to decide the result, so close is the race between Hayes and Hawkes. It will require the official vote to decide. The indications are that if there is any difference it is in favor of Mr. Hawkes of Chicago.

Syndicate Buys a Town.

PHILADELPHIA, May 28.—A million dollar deal has just been consummated in this city whereby the entire town of Frugality, Cambria county, Pa., with all its coal and coke interests, passes into the hands of a company of capitalists, of which State Senator J. Henry Cochran of Williamsport is president. The purchase was made from Supreme Court Justice Dean.

Fatal Tunnel Explosion.

BOISE, Ida., May 28.—By an explosion in the Florida mountain tunnel of the Trade Dollar company at Silver City Dan Joyce was killed, A. Jessie probably fatally injured and Andy Davis and Joseph Nelson seriously hurt. The accident was caused by the men drilling into a missed hole.

BAPTISTS AND EXPANSION.

Strong Sentiments Uttered In Detroit at the Missionary Anniversary.

DETROIT, May 28.—Expansion sentiment was rife at the missionary mass meeting held last night as one of the features of the American Baptist missionary anniversaries. Dr. Wayland Hoyt of Philadelphia began his address on the subject of "Denominational Expansion In Relation to the Work of the Baptist Publication Society" by quoting from a speech delivered by Senator Hoar at a children's day celebration in Massachusetts five years ago, at which time the anti-imperialist statesman is reported to have said that the tree of liberty and self government set out by the fathers of the republic having spread across the continent its roots would "in good time thrust themselves beneath the waves and spread to the isles of the sea."

"This prediction," said Dr. Hoyt, "came true more quickly than the distinguished senator anticipated and evidently more quickly than he desired. If it is true that he made this eloquent and logical statement in 1895, a hundred anti-expansion speeches made in 1900 could not efface the effect of that truthful prediction."

Dr. Hoyt argued eloquently for expansion in missionary effort, keeping pace at least with the progress of the American flag. He deprecated the fact that the literature of the day takes little or no notice for the most part of the life that is in connection with that which is to come. He quoted Napoleon's statement "to replace is to conquer" as applicable to the endeavors of the publication society in its book and missionary work.

Madison C. Peters, D. D., of New York also argued strongly for political and religious expansion in his address concerning expansion of the work of the Baptist Home Mission society. He asserted that the Baptists would stand by and follow the American flag in confidence that it would never retreat.

In the afternoon the new missionary chapel car "Herald of Hope" was dedicated. The car is the sixth placed in service by the Baptists of America within the past six years, the expense of which has been sustained wholly by free will offerings.

CONDENSED DISPATCHES.

Fire at the bureau of engraving and printing, Washington, caused a loss of about $1,500.

A steamer from Antwerp landed in Philadelphia 219 young men from Venice, Berlin and Vienna. Not a woman or child came on the ship.

John Bartlett and Wesley Rising of Lake George, N. Y., went into the mountains back of the lake and killed 192 full grown rattlers. The smallest was four feet long.

Mrs. Ulysses S. Grant and her daughter, Mrs. Nellie Grant Sartoris, have signified their intention to be present at the national G. A. R. encampment in Chicago in August.

Mutinous Seamen Arrested.

BALTIMORE, May 28.—Five seamen were arrested on the charge of mutiny preferred against them by Captain Voss of the British steamship Newholm. They claim they shipped on the vessel and went aboard about noon Saturday. Later in the day the vessel sailed for Tampico. When the supper hour arrived, the men allege that they were given nothing to eat but a can of tea and a few ship's biscuits. They told the captain, they assert, that they would not work unless given more substantial food. The vessel was anchored in the bay and returned yesterday with the men in irons. Captain Voss claims that the men not only refused to work, but made various threats against him. Other men will be shipped today, and the vessel will again make a start for the Mexican port.

The Carinthia Disaster.

KINGSTON, Jamaica, May 28.—The Proserpine has returned from the wreck of the Cunard line steamer Carinthia, which grounded May 15 at Point Gravois, Haiti, while proceeding from New Orleans for Cape Town with 1,400 mules on board. She reports that she could not move the steamer off the rocks. The hull is full of water forward. Arrangements have been made with a wrecking company to save the vessel if possible, and a steamer is soon expected there for that purpose. The company believes the effort will succeed. One thousand mules have been safely landed, and a ship has been chartered to convey them to South Africa. The other 400 were lost.

Harvest Help Wanted In Kansas.

TOPEKA, May 28.—Twenty thousand men can secure employment in assisting the Kansas farmers in harvesting their wheat. One county alone is calling for 2,000 men. "While Kansas will raise the largest wheat crop this year in the history of the state I don't believe that the yield will reach 100,000,000 bushels or anywhere near it," said State Grain Inspector A. E. McKenzie. "The largest crop the state ever raised was 82,000,000 bushels. I believe that we will raise 85,000,000 bushels this year. I have been all over the wheat belt recently, and the prospects could not be finer."

Situation Serious In Buffalo.

BUFFALO, May 28.—J. D. Pierce of Worcester, Mass., general organizer of the American Federation of Labor, has reached Buffalo, and as the representative of President Gompers he held several conferences with the strike leaders, and it is understood that he considers the situation here as serious. The men employed in the Lackawanna locomotive shops have reached an agreement with the company and will resume work today.

Export of Coolies Advocated.

BERLIN, May 28.—Herr Eugene Wolff, the well known explorer, has an article in the Berliner Tageblatt advocating the organization of wholesale export of coolies from Kiaochau and the entire province of Shangtung to German colonies, especially those in Africa. He contends that without such labor the colonies will be ruined.

Cooper's Record Broken.

CINCINNATI, May 28.—At Chester park yesterday Al Newhouse of Buffalo made a mile in 1:33 1-5, breaking the record held by Tom Cooper on the same track of 1:35 and also breaking the state record for a mile.

Mrs. Gladstone Worse.

LONDON, May 28.—The illness of Mrs. Gladstone is now reported to be more serious. Her strength is gradually failing, and the members of the family have been summoned to Hawarden.

GATHERING THEM IN.

Daily Captures of Filipinos and Arms In Luzon.

IMPORTANT VICTORY AT PALONOG.

Colonel Hardin Routs Masbate Insurgents, Whom He Disarms and Frees—Manila Peaceful—Funston's Trial Quashed.

MANILA, May 28.—Scouting, small engagements and the capture of arms and prisoners continue daily in northern Luzon. Last week's operations by the Ninth, Twelfth, Thirty-third, Thirty-fourth and Thirty-sixth regiments resulted in the killing of 46 of the enemy, the taking of 180 prisoners and the capture of 300 rifles and a quantity of ammunition.

Colonel Edward E. Hardin, with three companies of the Twenty-ninth regiment and bluejackets from the gunboat Helena, landed at Palonog, Masbate island, under the enemy's fire, routed the insurgents and after an engagement lasting half an hour occupied the town without casualties.

The insurgent commander, with 20 officers and 230 men, surrendered on May 20, giving up 100 rifles. An impressive scene occurred on the plaza when the prisoners were disarmed and liberated. The islanders were found suffering from lack of food owing to the blockade, and the American authorities are endeavoring to relieve them.

Peace reigns, and no trouble is expected in Manila, although the city is crowded with people from the provinces, who are leaving the unprotected hamlets in order to avoid the conscription which the insurgent leaders are enforcing as well as robbery and outrages at the hands of roving insurgents and bandits.

The investigation of the charge against Brigadier General Frederick Funston of having summarily executed two natives in the province of Zambales has resulted in a discontinuance of the proceedings. It developed the fact that General Funston caught the natives in the very act of murdering bound Maccabebe scouts, his action in view of these circumstances being regarded as justifiable.

Confederate Reunion.

LOUISVILLE, May 28.—The tenth annual reunion of the United Confederate Veterans will begin in this city on Wednesday. It is expected, considered numerically, that the tenth annual reunion will surpass any of the reunions previously held, and a conservative estimate is that 150,000 visitors will be in Louisville during the week. Every arrangement has been made for entertaining such a crowd. The city is handsomely draped in bunting, the red and white of the Confederacy being most prominent, while the portraits of Confederate generals are suspended from many buildings. The court of honor on Jefferson street, opposite the courthouse, where the reviewing stand has been erected, is an imposing structure. A great white arch is surmounted by eagles, while in the center is a Confederate shield. By day it appears in dazzling whiteness, and by night it will be ablaze with hundreds of electric lights.

A National Fight Proposed.

CHICAGO, May 28.—Building trades workmen in every city in the United States where there is a branch of the National Building Trades council are to be asked to cease work on buildings where the contracts are held by Chicago builders until the labor trouble in this city is settled. This at least will happen if the plan decided on yesterday at a conference between Edward Carroll, president of the national organization, and James Harvey of Milwaukee, a member of the national executive board, meets the approval of H. W. Steinbiss, national secretary, and other members of the general executive board, who were asked by telegraph to come at once to Chicago to attend a meeting tomorrow at which the plan to make a national fight will be laid before them.

French Acquitted.

BALTIMORE, May 28.—Charles R. French, who was convicted three weeks ago of having in his possession $650 in postage stamps supposed to have been stolen from the Houston (Va.) postoffice, has been acquitted in the United States district court of the charge against him. He was granted a new trial upon a technicality. He was not placed on the stand during the second trial, but his evidence given at the first trial was read. He claimed that he bought the stamps for speculative purposes from an unknown man. French is a civil engineer and lives at Houston, where his sister-in-law is postmistress. The office was burned last year, and the stamps were supposed to have been stolen at that time.

"The Passion Play."

BERLIN, May 28.—The Rev. Dr. Dickie, pastor of the American church in Berlin, who has returned from Oberammergau, said yesterday regarding the performance of "The Passion Play" Thursday: "Fraulein Anna Flunger, the Mary of the representation, is too young and, in my opinion, too florid for the part. She has also a very masculine voice and lacks the experience of sorrow that would give her impersonation more the appearance of reality." During the performance, Dr. Dickie says, the actor who impersonated Judas Iscariot threw his girdle over the limb of a tree to hang himself, but the girdle broke before the curtain had fallen.

Trouble at a Ball Game.

WHEELING, May 28.—The game was remarkable not only for its length, but for the sensational plays in nearly every inning and the excitement caused by the attempt to arrest the players by the church people. As has been the custom at Sunday games, the players were arrested on state warrants and gave bond. Later a constable came on the field and tried to arrest them on warrants secured by the church federation. He was seized by the bleacherites and thrown over the fence. His warrants were torn up, and he was finally placed under arrest himself for disorderly conduct.

Turkish Guardsmen Arrested.

CONSTANTINOPLE, May 28.—Three officers of the Turkish imperial guard have been placed under arrest because found in possession of plans of the Yildiz Kiosk and of the sultan's private apartments.

Weather Probabilities.

Probably showers and thunderstorms; fresh southerly winds, becoming variable.

BEYOND VAAL RIVER

Lord Roberts' Victorious Advance Still Continues.

BOERS PREPARE FOR A FINAL STAND

Gatsrand Mountains the Chosen Spot. Large Quantities of Dynamite For Destruction of Johannesburg Mines—Talk of Surrender.

LONDON, May 28.—When Lord Roberts wrote his first dispatch on Transvaal territory yesterday shortly before 2 o'clock in the afternoon, he was 51 miles from Johannesburg and 77 from Pretoria. His immensely superior forces had passed the Vaal river, their last great natural obstacle, at three points.

The Vaal forms a curve of 80 miles from Parys on the west to Zand drift on the east. The concave of the curve is toward the Free State. Thus Lord Roberts, advancing along the railway, was in a position to strike any part of the crescent by shorter lines than those by which the Boers could re-enforce the threatened points. The Boers retreated almost without a show of defense. General French and General Hamilton apparently did not fire a shot.

Of Lord Roberts' immediate force 11 men belonging to the Eighth mounted infantry were the first to ford the river. They came upon a Boer patrol looting at Viljoen's drift, and a skirmish lasting ten minutes followed. Two hundred Boers tried feebly to hold the Vereeniging colliery, but they were dislodged.

The Boer rear guard is at Meyerton, ten miles north of Vereeniging. Their main body is moving toward the Klip river hills that cover the south side of Johannesburg.

While Lord Roberts' 30,000 infantry, 20,000 horse and 150 guns are moving on Johannesburg and Pretoria through a parched and deserted country the situation at the Transvaal capital, as it was last Friday, is thus described by an observer who sent his message by private hand to Lourenco Marques yesterday:

"The situation, both from a military and a political point of view, has become very critical. President Kruger yesterday admitted for the first time that matters are very grave. The Boer determination is to trust everything to a last stand on the Gatsrand mountains, to the north of Potchefstroom, where 3,000 Kaffirs are digging trenches. To that point every available man and gun have been sent.

"The whole of the western border of the Transvaal from end to end is defenseless, and General Baden-Powell can march in when he likes. Lord Roberts, on the other hand, will encounter the greatest resistance. The Boer endeavor is to lure the British into appearing to threaten Johannesburg with attack, an excuse thus being given them for the destruction of property. The Transvaal government will not dare destroy the mines or property without an excuse. Much dynamite has been sent down the line, and 100,000 cases lie ready at Zuurfontein, near Johannesburg.

"General Louis Botha and General Lukas Meyer have pleaded for the preservation of property. Both are large landed proprietors and fear confiscation, but they have not received satisfactory replies from President Kruger.

"Meanwhile many French and German adventurers have come forward with schemes and inventions for blowing up the British troops. Some of these have received a tacit permission to experiment. One German invention is for use on a railway, where it lies perfectly concealed until the weight of a passing train explodes the charge.

"General Lukas Meyer says surrender would be at once proposed by the Boers, but that everybody fears the ignominy of being the one to make the proposal. He declares that he is assured that his men will not stand. President Steyn and Mr. Reitz, the Transvaal state secretary, are strongly opposed to peace, but Mr. Kruger is not so much against it."

The war office has received the following from Lord Roberts, dated Vereeniging, Sunday, May 27, 1:50 p. m.:

"We crossed the Vaal this morning and are now encamped on the north bank. The advance troops, which crossed yesterday, were only just in time to save the coal mines on both this and the other side of the river from being destroyed. Our casualties were four.

"Baden-Powell reports that the railway between Mafeking and Bulawayo has been restored and that supplies are being brought into Mafeking. He says the Canadian artillery joined Colonel Plumer from Beira with incredible rapidity.

"Lieutenant Webber was taken prisoner at Heilbron a few days ago. He went there on telegraph duty. It was not known that our troops had been temporarily withdrawn."

BRITISH IRRESISTIBLE.

Roberts' Army Carries Everything Before It—The Mines Threatened.

GROOTVIET, May 28.—Lord Roberts' northern advance steadily continues, and yesterday the hills of the Transvaal were sighted. General French has secured an excellent flanking position on the northwest. There is something irresistible about this advance. The troops have been splendidly handled, and the Boers, completely outmaneuvered, have been forced to abandon their positions at the first appearance of the British flanking force, which has made a determined resistance at the Vaal impossible.

Many Transvaal burghers are now trekking homeward, and it is safe to say that the most irreconcilable Transvaaler at last recognizes the hopelessness of the struggle. Most of the farms in the northern part of the Free State, where the ties of blood with the Transvaal are strongest, have been deserted. This section has been flooded with false tales of British cruelty, reports of the burning of farmhouses and the eviction of women and children, in the hope of inducing the burghers to remain with the commandoes, but the evidence all points now to the existence of a permanent feeling of enmity between the Transvaalers and the Free Staters, each accusing the other of treachery and cowardice.

The condition of the British troops continues excellent, although the cold nights are very trying. They are able to march three miles an hour.

The Boers have destroyed every bridge and culvert. They are said to regard Klipriverberg, north of the Vaal, as a position of great strength and talk of making themselves impregnable there.

It is reported that the population of Johannesburg is in a high state of excitement. The Boers who are passing

BRIDGE WORK

In Dentistry is the best substitute for nature's work that can be done. Sound roots may be built up and crowned and thus fill up an unsightly space. It has to be made of a material that has strength and durability and one that will not discolor. Gold is the one that stands the test. That is the secret of the expense. But the advantages of a bridge over a plate are many times more than the cost of one compared to that of the other.

Boers Re-enforced.

NEWCASTLE, May 28.—The Boers in this part of the theater of war are very active, having been re-enforced from various directions. Their front now extends from Laingsnek to New Republic, where they are fortifying. General Hildyard's division, which is intrusted primarily with attacking the Boer right at Elandslaagte, arrived Saturday. The work of searching the district is progressing, and many rebels have been sent to Ladysmith.

French Crosses the Vaal.

TAATBOSCH, May 28.—General French crossed the Vaal at Lindegues drift Friday, and General Henry, with mounted infantry, crossed Saturday. They pushed forward and nearly succeeded in saving the bridge, only the northernmost span being destroyed. The Boers are taking a position at Klip river drift, having left the Vaal. The commandants have assembled to discuss the advisability of continuing the struggle.

Boers and Their Provisions Taken.

MASERU, Basutoland, May 28.—Four squadrons of colonials captured 150 Boers, with ten wagons of grain, near Ficksburg, where they also captured a Maxim constructed by a local inventor.

KROONSTADT, May 28.—General Hamilton has invaded the Transvaal, having crosed at Wonderfontein drift.

WORK BEFORE CONGRESS.

Much Will Remain Undone if Adjournment Is Taken June 6.

WASHINGTON, May 28.—The house leaders are figuring that the senate will agree to the house's resolution to adjourn Wednesday, June 6, so that much business will be crowded into the coming week. Individual members with belated bills are pressing for recognition and will be given some show. Conference reports on appropriation bills will have the right of way. There are half a dozen measures of public importance pressing, including the oleomargarine bill, the anticanteen bill, the St. Louis fair bill, the Philadelphia museum bill and the antitrust measures, but the indications are that none of them save the antitrust bill and resolution will be considered. Friday and Saturday are to be devoted to their consideration under special rules. The friends of the others, however, are active, aggressive and insistent, and some of them may be successful. But the programme of the leaders does not go much beyond driving through the appropriation bills, the passage of the antitrust legislation and the cleaning up of a few odds and ends.

The time of the senate during the present week will be divided largely between the discussion of the Philippine question and the consideration of appropriation bills, with a diversion about the middle of the week in the Clark case.

The senate will make an effort to meet the plans of the house in the matter of final adjournment on June 6.

Baltimore In Darkness.

BALTIMORE, May 28.—The strike of the 300 employees of the United Railways and Electric company is still on, and last night the city was almost in total darkness. Many of the 1,400 arc lights used to light the city have not been trimmed or supplied with new carbons since the strike began a week ago, and notwithstanding strenuous efforts made by the company to secure new men to fill the places of the striking trimmers and dynamo tenders their efforts seem to have been nullified by the efforts of the strikers to intimidate or otherwise persuade what few new men the company secured to quit work and join the strikers. At 9 o'clock the police reports from various sections of the city indicated that 1,380 lamps were in darkness.

May Kidnap Taylor.

INDIANAPOLIS, May 28.—Governor Taylor, ex-Secretary of State Finley and R. N. Miller, the Kentucky refugees now in this city, intended going to Martinsville, Morgan county, to spend several days and were to have left yesterday. Their plans were changed suddenly when word was received from Kentucky telling them to be on their guard, as schemes were being laid there to secure their return to that state to answer indictments for conspiracy in the Goebel case. The Kentucky word said that persons close to Governor Beckham were offering to bet that Taylor and Finley would be within the jurisdiction of the Kentucky courts within a week, and it was believed that some scheme was being hatched to circumvent Governor Mount.

Irish Convicts Not Wanted.

NEW YORK, May 28.—The board of special inquiry at the barge office has considered the cases of James Fitzharris, nicknamed "Skin the Goat," and Joseph Mullett, the Irish revolutionists, who arrived on Saturday aboard the Cunard steamship Lucania. The board decided that they were properly ex-convicts and should be debarred. Fitzharris drove the jaunting car from which the Phœnix park murderers alighted and stabbed Lord Frederick Cavendish and Mr. Burke to death. Mullett attempted to assassinate a juror in the murder trial.

Caught In the Act.

TOWANDA, Pa., May 28.—Secret Service Operator Flynn and Deputy Marshal Hollen brought to Towanda the chief of the counterfeiting gang who have been flooding this section with bogus dollars and 50 cent pieces for the past two years. The prisoner is Louis Ruger, 73 years old, of Tuscarora township, and he was caught in the act of making coins. The entire outfit, mold, melting pots, metal, etc., was taken, in addition to several coins just off the molds and too hot to handle at the moment.

Octogenarians to Wed.

TOLEDO, May 28.—August Croft, aged 86 years, and Miss Kate Putnam, aged 88, will be married at South Bloomfield this evening. The wedding party will be a large one, but no one whose age is less than 60 years has been invited. At the age of 15 and 17 they were devoted lovers, but did not become formally engaged until Jan. 8, 1900. Neither the bride nor groom has ever married.

California's Big Fruit Crop.

SAN FRANCISCO, May 28.—From reports carefully collected in every fruit growing county of California it is seen that the fruit crop will be the largest ever known in the state because of the new acreage.

Air Splitting Train Trials.

BALTIMORE, May 28.—The cigar shaped air splitting train on its second trial trip between Baltimore and Washington beat all records on this division of the Baltimore and Ohio railroad. With a train of six cars and a light, ordinary 56 ton locomotive the run of 40 miles was made in 37 minutes and 30 seconds, an average speed of 78 miles an hour. This included the slowing up on two miles of track within the environs of Baltimore and a similar distance in the suburbs of Washington. Inventor Adams is still confident that his air splitting device will enable a train to make 100 miles an hour with a locomotive that can haul an ordinary train at a speed of 50 miles an hour.

Great Loss of Life at Kumassi.

ACCRA, May 28.—It is reported that three European officers were killed and Captain Alpin and 100 Hausers were wounded in a recent effort by the Lagos Hausers to break the investing lines of tribesmen at Kumassi. The Ashanti loss is reported to have been great, as the Hausers had three Maxims engaged, although themselves greatly outnumbered. Three hundred Ashantis are said to have been killed in a previous action. The uprising is still spreading.

The Boxer Will Be Boxed.

BRIDGEPORT, Conn., May 28.—Eddie Teabout, the colored pugilist who was taken to the Bridgeport hospital in an insensible condition Friday night as the result of a blow received during a boxing match with William Forsyth at Sailer's hall that evening, died yesterday afternoon without regaining consciousness. Forsyth is now in jail, having been unable to secure $1,000 bonds required at the preliminary hearing Saturday.

Coogan's Contribution.

NEW YORK, May 28.—A committee of prominent Democrats who are interested in collecting funds for the campaign of William J. Bryan called on James J. Coogan, president of the borough of Manhattan, in his office in the city hall Saturday, and when they went away they carried with them, so Mr. Coogan admits, Mr. Coogan's pledge to contribute $100,000 to the fund.

Comparing the total losses of the British in South Africa with those of the United States in the Philippines, the Filipino war looks rather insignificant. The total losses suffered by the English in their unholy war against the struggling and brave Boer Republic now amount to 40,000 men. Cutting off one cipher, and putting the figure at 4,000, you have the total losses to the United States troops in their conflict with the Filipinos. The British have already paid the price that "staggers humanity," as Paul Kruger put it at the outset.

The members of the Congressional Committee on Harbor and River Improvements that visited Paterson and Newark on Saturday to look into the project of widening and deepening the Passaic river, so as to make the stream navigable for big craft, expressed themselves unanimously in favor of the proposed improvement. The news carries cheer to those who would be benefitted by such an improvement, but it will require considerable "log-rolling" in Washington to get the necessary funds to carry out the project.

The grim reaper has again taken off a prominent and prosperous figure in New Jersey newspaper circles. This time it is James Wilson Schoch, senior proprietor of the Newark Sunday Call. Together with the late Wm. U. Ure, Mr. Schoch secured control of the Call many years ago when the paper was about to collapse, and by indefatigable work and brilliant talent succeeded in building up one of the most valuable and influential journals in the State.

Nobody can tell who will be the Republican vice-presidential candidate. The winning candidate has not yet been agreed upon. Long of Massachusetts, Woodruff of New York, Fairbanks, Indiana; Bradley, Kentucky; Cullom, Illinois; Shaw, Iowa; Washburn, Minnesota; Torry, Wyoming; Wolcott, Colorado; Pritchard, North Carolina, and Roosevelt, New York, continue to be mentioned.

WHAT THE SHEARS FIND.

Editorial Comment From Other Papers of Interest in Plainfield.

Governor Voorhees, May 2d, received from the Comptroller a list of corporations that had failed to pay the State taxes, and by this omission rendered their charters and legal powers void. Included in the list was the Union Water Company. The Governor would not give any further time for paying these taxes, and thereupon issued a proclamation declaring the charter in default, and all powers conferred by law inoperative and void. Thus the dreadful monopoly has had its wings clipped and its claws pared; and any citizen can shake a dish-cloth at it and say "Shoo!" if it dares to dig up the streets. Now let the still-born local company breathe!—Westfield Republican.

PASSING COMMENT.

Things that Are Not Exactly News but Just as Interesting.

As an evidence that the fire insurance companies do not always make big money on their business, the Insurance Review in its last issue states that during the past year the insurance companies of the United States paid out about $4,000,000 more than they received from their business. This fact was commented upon at some length in the issue editorially.

* * * * *

A plymouth rock hen belonging to John J. Hicks, of Weston, decided that incubators had held the monopoly for raising chicks long enough, and accordingly set out to beat them. The hen stole her nest and nothing was seen of her until a few days ago, when she was discovered in a haymow with 38 eggs under her. Whether or not she counted on bringing them all out is not known, but at any rate she was not disturbed and is still sitting on the pile. The result is anxiously looked for.

* * * * *

The Mail and Express of Thursday evening published the tribute recently made to the memory of the late Rowland Cox at the United States Circuit Court in New York, where he frequenently appeared in patent cases. Arthur VonBriesen notified the court of Mr. Cox's death and offered the resolution that the clerk be instructed to place upon the minutes the appreciation of bench and bar of the great ability and beauty of character of Mr. Cox, the consciousness of their great loss and their sympathy with his family. There followed remarks by E. C. Perkins, M. S. Wise and Benno Lewinson in which they all testified as to the ability and integrity of their late colleague. Judge Lacombe added the final word of praise and said in concluding his remarks: "It is a great thing to be a man of ability, a man of industry, a man of indomitable perseverence. Mr. Cox possessed all these attributes, and also an absolute integrity upon which every judge who ever heard him felt he could rest in confidence. He pursued his career as a counsellor not only with the object of doing his duty by his clients, but with the very highest ideals of professional and commercial honor, and it is characteristic more than any other which will, I think, commend his name to us."

CHINESE ARITHMETIC.

Celestials Possess a Talent for Inaccuracy That Amounts to Positive Genius.

The Chinese rejoice in a wonderful talent for inaccuracy in every detail, says Leslie's Weekly. For instance, a pound or a pint varies as it suits the merchant's fancy. In some parts you get half or quarter as much as you do in others for the same price and measure.

Then again, their way of calculating distances does not at all tally with Euclid. For instance, you are told from A to B is four miles, but from B to A is eight miles. If you ask how this is possible, you are told it depends from which end you start; if you start from A it is down hill, so much easier to walk; whereas, starting from B, you have to walk up hill, which is much more exerting and fatiguing—in fact, it is the same as walking a longer distance on even ground.

This form of argument always amused me nearly as much as the way the Chinese have of counting a person's age by tens. "My mother," they will tell you "is 30" (or 40). When she leaves 30 she is getting near 40. Should we all like to be told that, I wonder?

From Royal Tables.

In the Austrian court it is contrary to custom for perishable articles to appear twice on the imperial table. The result is large perquisites for the attendants. To one man fall all uncorked bottles, to another the wine left in the glasses, to another the joints and to another still the game and the sweets. Every morning a sort of market is held in the basement of the palace, where the Viennese come to purchase the remains.

The Saloon-Keeper in Dawson.

According to a consular report a young man with aspirations may go to Dawson City and apply for a license to open a saloon. All the application costs him is $50, and if the license is refused him the $50 stays in the Dawson City treasury. If it's decided to grant him a license he will have to shell out $2,500 more. A gallon of whisky will cost him only $60.

Japanese Still Benighted.

Enlightened as the Japanese are in many ways, it still happens that in cases of sudden outbreak of disease religious festivals are organized with a view to propitiating the supreme power. These functions have the effect of gathering together the people from infected as well as healthy localities, to spread infection.

—The regular June meeting of the Borough Council will be held next Friday evening, when several important matters will be considered.

SCHOOL AND CHURCH.

The Egyptian native press opposes the entrance of Christian missionaries into the Soudan.

It has been ascertained by a series of questions that what children are most afraid of are thunderstorms. Next come reptiles, strangers, darkness, fire, death, domestic animals, illness, wild animals, water, insects, etc.

The total missionary force under leading Christian societies doing strictly foreign work was 14,210 last year, and the total native force was 54,420. There were 20,228 schools, with 944,430 pupils, and the income for the year was $14,513,972.

Seven Christian Endeavor societies have been organized in Beirut, and this is in answer from a spontaneous demand from the young men of the churches. It was only 50 years ago that the first Christian church was organized in Syria with only 18 members.

The Philadelphia Italian mission, under the care of Dr. Malan, makes a good report for the year. There have been more than 100 conversions within the past 12 months. The losses in the field are numerous, but the net increase in the membership of the mission is 32.

Forty-five colleges and universities in 20 states have sent in replies to letters from the committee of Hartford Theological seminary. These 45 institutions have an attendance of more than 30,000 students, and in only three of the schools is the religious condition said to be at all discouraging.

In the mountain regions of Germany there are 130 inns which give specified free accommodations to German students. A bed, supper and breakfast are given at 11 of them; in 78 a bed and breakfast are supplied, and in 41 only a bed. Similar favors are granted at some of the hotels in the Swiss Alps to Swiss students.

It is a remarkable record that the Railroad Y. M. C. A. made in 1899, in the erection of 12 fine new buildings for branch stations, all completed and free of debt. These were for the most part in communities where there was no city association, and some of the buildings were placed in comparatively small towns which happened to be important railroad centers.

CONGRESSMAN JENKINS

Wisconsin Statesman Who Is Making the Fight of His Life Against the Trust System.

Representative John J. Jenkins, of Wisconsin, who has introduced into congress a bill providing for an amendment to the constitution of the United States so that legislation against trusts will be possible, is second in rank on the house committee on trusts. He has served three terms in congress, and has made himself a power in Wisconsin politics despite the fact that not more than 25 years ago he was a common laborer in the pine woods. Mr. Jenkins was born in England and settled in Wisconsin in 1852 when a lad of 11. Until 1870 he resided in Baraboo, whence he went to Chippewa Falls, his present residence. Since 1875 he has practiced law, his partner for many years being E. R. D. Marshall, now justice of the supreme court of Wisconsin. After serving in the state legislature for two terms and acting as county attorney for five years, Mr. Jenkins ran for congress, defeating his democratic opponent by 10,000 votes. He has a war record of three years' infantry service during the civil war. He is a supporter of the sound money and expansion policies of the republican party. He is mentioned for the nomination for governor of Wisconsin, and his friends believe that he has a great political future.

Brief and Terse Observations Gathered by Press Reporters to be Perused at Supper Table at Your Leisure

DUNELLEN

(Special Correspondence to The Press.)

Dunellen, May 28—Schepflin's bowling green was crowded all Saturday afternoon with players, and a number of games were played. A party of gentlemen from New Brunswick visited the greens. They came in Superintendent Radel's private car, the "Annie R." Among the party were Fred Wergel, ex Sheriff Hicks, H. Brewster Willis, Dr. Meacham and E. H. Wikoff. The return trip was made at 6 o'clock.

For the second time last week the residence of O. A. Douglas was filled Saturday night with about 50 guests of the Literary Society, who had been invited to the last meeting. The evening was spent in guessing charades and riddles, the members being divided into two sides, under the leadership of Mrs. Lucy Titsworth and Mrs. John Herbert. The charades were given from one side to the other and were all guessed but one, the answer of which was "card sharper." At the conclusion of the guessing refreshments were served and a social time followed. This was the last meeting of the season which begun last October with about 14 members, and which was increased to 18. The society met every two weeks during the winter and has discussed all the prominent American authors and some English. It has proved instructive as well as entertaining and the members are to be congratulated on its success.

Assistant Secretary of War Meiklejohn spent yesterday with N. B. Hayes. Mr. Meiklejohn enjoyed a pleasant drive behind one of his host's fine trotters and was very much pleased with the scenery about Dunellen.

The Dunellen Juniors defeated a team from Bound Brook, Saturday, on the Lincoln avenue grounds, by a score of 10 to 8. The Dunellen battery was R. and D. Rogers; and the visitors, Jackson and Brokaw.

The W. C. T. U. of the Methodist church celebrated their fifth anniversary yesterday. An appropriate address was delivered by Pastor Doolittle.

Edward Herlick spent yesterday with friends at Raritan.

Mrs. George Schenck spent Saturday in New York.

John Cruser spent Saturday in Somerville.

'PLAINS AND FANWOOD.

(Special Correspondence to The Press.)

Scotch Plains, May 28—John H. Coles, who was injured so badly in the wreck at Bayonne several weeks ago, is recovering slowly, and is now able to get aroud some with the aid of crutches.

The scholars and teachers of the public school will observe Decoration Day in a fitting manner at the school tomorrow afternoon. An appropriate programme of music, recitations, etc., has been prepared by the teachers, and a very pleasant time is anticipated.

Jacob Sells, of Fanwood, finished second in the 15-mile road race held at Westfield Saturday afternoon. This was Jake's first attempt at racing and he showed remarkable speed for a novice. A number from the village attended the race to encourage him.

The Democratic primary to elect delegates to the State convention which is to be held at Trenton May 31st, will be held in Bucket and Engine Company rooms this evening.

Dr. James H. Parks led the regular monthly conquest meeting of the Baptist Young People's Society last evening. Subject: "Work Among the Freedmen."

George Archibold, a former old resident of the village, but now of Newark, is visiting at the home of his brother, William Archibold.

An important meeting of the executive committee of the B. Y. P. U. will be held at the home of Rev. G. M. Shott this evening.

Mr and Mrs. Fred. Bulkly, of Westfield, were the guests yesterday of Mrs. Bulkly's sister, Mrs. George W. Marsh.

George Snyder, of New York, has been visiting at the home of his sister, Mrs. Louis Fulton.

SOMERVILLE.

(Special Correspondence to The Press.)

Somerville, May 28.—As a result of a crusade by the residents of the West Millstone against vice and immorality in that place, Detective George D. Totten, of the Somerset county Prosecutor's office, and a squad of constables at an early hour yesterday morning raided the residence of Chas. Wilson, colored, near the Millstone river.

When Detective Totten and his men had forcibly entered the place at 1 o'clock they arrested Captain Walter Scouten, of a freight boat lying between Millstone and Rocky Hill; William Tulley, formerly foreman in a stone quarry at Chimney Rock, and James McGraw, a resident of East Millstone. The men were in the company of Rachel Wilson, Mary Davenport and Emily Nevius, three Negro women. Wilson and his wife and Charles Haine, a Negro, were also placed under arrest.

They were arraigned before Justice Sutphen and pleaded guilty to the charge of being frequenters of a disorderly house. Captain Scouten, William Tulley and James McGraw were each fined $15, and a fine of $10 each was imposed upon the three Negro women. It was discovered that Tulley was wanted on a charge of robbing the Chimney Rock Hotel, and he was held to await the action the Grand Jury.

SOUTH PLAINFIELD

(Special Correspondence to The Press.)

South Plainfield, May 28—At the meeting of the School Board Saturday it was decided to abandon the idea of changing the schoolhouse site, on account of having to call an extra meeting to do it. After a brick house has been built on the old lot it will be more difficult to move it than it would be to call an extra meeting now.

A special collection for the sufferers of India will be taken next Sunday morning at the Baptist church.

The annual strawberry festival of the Ladies' Aid Society will be held in Washington Hall June 6th.

Chas. Soper, of Newark, was in town last night.

PARTICULAR MENTION.

Mrs. H. E. Rider, of this city, has returned from an extended visit in the west.

Dr. H. V. Merrell, of Central avenue, has been entertaining company from New York.

Mr. and Mrs. Adams, of Netherwood avenue, are entertaining a relative from Orange.

Rev. Father Brennan, of St. Joseph's church, in the borough, officiated at Father Scannell's church, Stony Hill, yesterday.

EARLY INTELLIGENCE.

—Next Thursday evening Franklin Council, No. 41, Jr. O. U. A. M., will take final action on the amendments to the by-laws.

—The Leonard property on West Front street, adjoining Leal's School, is being treated to a coat of paint, which improves its appearance.

—It is important that every member of the Sons of Veterans attend the regular meeting tomorrow evening, as business of interest will be considered.

—Preparatory services will be held at the First Baptist church next Friday evening and the Lord's Supper will be observed on the following Sunday.

A Chicago newspaper man tells an interesting story of how he got the laugh on the editor-in-chief: "During the last year," says the newspaper man, "I have been troubled with very unpleasant feelings in my stomach. The editor-in-chief knew I had recently been taking Ripans Tabules and had been inclined to laugh at me, but when I told him how much better I was he got interested. He has been taking medicine from a physician all summer for stomach troubles. I told him the story of Ripans as I had learned it from the ads, telling him the name was the initials of rhubarb, ipecac, peppermint, aloes, nux and soda. He says his wife is all out of sorts and he has a notion to try Ripans on her. I hope he will, for if he does he will stop paying $5 a trip to the physician who has been treating him. I feel very free to say that I never felt better in my life. I have a good appetite, good digestion, sleep well, and enjoy life. I ride to business and back, making twenty-two miles a day, on my wheel, and enjoy it as well as I ever did. I have dropped down to one Tabule a day. Not that I feel the need of even one, but I take it as a preventive."

WANTED—A case of bad health that RIPANS will not benefit. They banish pain and prolong life. One gives relief. Note the word RIPANS on the package and accept no substitute. RIPANS 10 for 5 cents, may be had at any drug store. Ten samples and one thousand testimonials will be mailed to any address for 5 cents, forwarded to the Ripans Chemical Co., No. 10 Spruce St., New York.

FANCIES OF FASHION.

Authorities Say We Are to Have a Veritable White Season.

Diaphanous Fabrics Will Rule the World of Fashion for Some Time to Come — Novelties in Belts and Sunshades.

[Special Chicago Letter.]

AT THIS particular time of the year one's thoughts turn naturally in the direction of dainty summer gowns and all of the airy-fairy belongings suitable for warm weather wear, and as the season's fashions have declared themselves in no uncertain manner, and are at their brightest and best just now, I think a few hints regarding the prevailing and forthcoming modes will not prove uninteresting reading matter to the majority of womankind.

That this is to be a veritable "white season" goes without saying, judging from the almost unlimited number of all-white models seen within the past week. And, after all, there is nothing prettier or more appropriate for midsummer wear than white, but it must be borne in mind that this charmingly dainty fashion entails considerable expense in the matter of laundry bills, as the entire beauty of a white costume depends upon its perfect freshness. The care and attention a woman gives to her summer clothing has very much to do with her good appearance, and by observing certain rules of neatness the woman who is unfortunately obliged to manage on the smallest of incomes can appear any number of times in the same white gown, white

TWO BEAUTIFUL CREATIONS FOR THE SUMMER SEASON.

hat and white gloves and ever look trim and what is called for want of a better name "well groomed."

Pretty and attractive as the fashions are at the present moment they would be as nothing were it not for the beautiful materials now in vogue that lend themselves in the most pleasing manner to all the latest whims and fancies of Dame Fashion.

Diaphanous fabrics of all kinds and descriptions are, of course, much in demand. Silk-finished batiste is to be reckoned among the season's favorite novelties, while embroidered mulls and sheer organdies vie with each other

AN IDEAL SUMMER WAIST.

in popularity. Spotted silk muslin is another delightful material seen for the first time this season, and when mixed with accordion-plaited lace makes an ideal summer gown. For dainty afternoon wear white silk is greatly to be commended, and from a lasting point of view is far from extravagant, provided that a good quality to procured in the first place, as it cleans most beautifully and will even bear washing, though cleaning is to be preferred.

Gowns fashioned of this silken fabric are delightful to look upon when trimmed with tiny frills and edged with valenciennes lace and narrow satin ribbon. For morning wear and wear in the country frocks made of cool-looking dimity and soft-finished muslin are the correct thing this summer. They are fashioned in a somewhat simple manner, although, strictly speaking, nothing in the world of fashion is simple nowadays, the main idea being seemingly to produce a simple and chaste effect at the expense of a vast amount of labor and skill in the way of exquisitely fine needlework.

Foulard and taffeta silks are in as much, if not greater, demand than ever before, which is a somewhat surprising state of affairs considering they have reigned almost supreme in popular regard quite three seasons.

The sketch represents a smart foulard gown trimmed with blue velvet ribbon and cluny lace, the vest being of tucked chiffon with insertions of bebe ribbon velvet. The gown in the other picture illustrates one of the latest and prettiest models. It is fashioned of gray silk-finished batiste. The skirt is elaborately tucked, while the bodice is trimmed with cream-tinted cluny lace, the chemisette being of cream muslin and pink panne-velvet.

Black strappings outline the lace on the bodice, and black velvet bows ornament the front.

Highly favored of fashion at the present hour is the white shirt, both lined and unlined. In fact, this dainty little garment has created a perfect furor of late, especially when fashioned of cluny lace or the ever-popular all-over lace embroidery.

Tuckings and puffings and all kinds of fine stitchery are playing a most important part on the newest of the new shirts, but it is whispered in authoritative circles that accordion-plaiting will take the place of these later on. Time alone will tell. There is a most distinct change in the sleeves, whereby the new shirt can be readily distinguished from the old, otherwise it is the same as those worn earlier in the season. This new sleeve is cut somewhat on the lines of the old-fashioned bishop shape and is unvariably tucked in rather large tucks placed perpendicularly from shoulder to wrist. It is comfortable looking and appeals at once to one's sense of appropriateness, something the erstwhile tight-fitting shirt sleeve never did.

The shirt that looks best is without exception the one worn over a well-boned, tight-fitting silk or cotton slip, its success also depending largely on the way in which it is put on and the belt with which it is worn.

The model given in the picture is more of a blouse than a shirt. It is composed of cream-tinted Mechlin lace and black velvet ribbon and mounted on a tight-fitting silken slip.

The belts brought out this season are beautiful in the extreme, the designs almost without limit, the same being also true of the price.

Some are beautifully jeweled with various colored stones, the exquisite workmanship showing the skilled fingers of the artistic craftsman, while others made of filigree silver are studded here and there with mock diamonds so beautifully imitated as to deceive any but an expert. Belts of soft leather, hand-painted in small floral designs, are among the novelties, while the new snathed belt is carrying all before it in its mad race for popularity. It is seen to particular advantage when worn by the tall slender woman, but the short-waisted, compact sister, wise in her day and generation, will stick to the narrow, stitched belt fastened with a neat cut steel buckle, or, better still, to one of silk or satin cut on the cross.

I have not yet said a thing about parasols and sunshades, and there are interesting things galore concerning them. Fringes are still being used on the plain black satin and peau-de-soie sunshades, but the latest importations display various tuckings and plaitings of fine black net, mixed with chenille and jet.

Lace plays a most important part on some of the Frenchiest-looking parasols seen this summer. Fine Chantilly lace is invariably used and usually takes the form of a handsome "all-over," or else of a deep frill caught up at intervals by small lace rosettes. Hand-painted parasols are among the most attractive novelties of the season. They come in both black and colors, but the prettiest, I think, are made of rich black satin, the painting being carried out in a small floral design, which shows to particular advantage against the black background. Extremely smart, though representing a vast deal of labor, are some black and white silk parasols stitched and tucked in a wonderfully intricate manner, but personally I consider black and white a little hard, whereas tucked chiffon and soft lace always form a charming frame to a pretty face.

Proceedings of the Union County Board of Chosen Freeholders.

[OFFICIAL.]

Adjourned meeting of the Board of Chosen Freeholders of the County of Union, N. J., held on Tuesday, May 8, 1900, at 2:30 p. m.

Roll-call showed all present except Freeholders Higgins, Hulskamper and Robinson—3.

The minutes of the previous meeting (reading of bills being omitted), were on motion, approved as read.

On motion of Freeholder King it was ordered that the rules be suspended and the payment of bills proceeded with.

The following bills properly audited and approved were read and on roll-call unanimously ordered paid, viz.:

Members Pay Account—James A. Burnett $46.25, John H. Tier $86, W. H. Hulskamper $8, J. Martin Roll $75.40, John A. Cady $12.

Salary Account—W. R. Codington $75.

Incidentals Account—S. Rusling Ryno $110.75.

Committee Expense Account—John H. Tier $24.80, J. Martin Roll $8, James A. Burnett $9.25, John N. Cady $3.40.

On motion of Freeholder Bruck-lacher the Board then took a recess until 3:30 p. m.

Upon re-assembling after recess, roll-call showed all members present except Freeholders Higgins, Hulskamper and Robinson—3

COMMUNICATIONS, ETC.

From the State Charities' Aid Association, as follows:

May 8, 1900.

To the Union County Board of Freeholders, Elizabeth, N. J.:

Dear Sirs—The Board of Managers of the State Charities' Aid Association wish me to express to you their satisfaction in the condition and management of the jail in Elizabeth.

When inspected, it was found clean, the cells in order, the cook shop as it should be, the bread and provisions good.

The wardens and matrons deserve special mention in regard to faithfulness and management. (Signed,)

For the Board,
Emily E. Williamson,
Secretary.

No objection being offered, the communication was received and ac'd on file.

REPORTS OF COMMITTEES.

From the County Physician, his annual report:

May 8, 1900.

To the Board of Chosen Freeholders:

Gentlemen—I herewith suomit my annual report for the year ending May 1, 1900:

I have investigated 160 cases—three cases have been referred to the coroner—53 cases of death by accident, 15 suicides; the remainder died from natural causes.

(Signed)
Respectfully,
F. W. Westcott, M. D.,
County Physician.

On motion of Freeholder Roll, received and placed on file.

By the Legal Questions Committee, its annual report:

To the Board of Chosen Freeholders of the County of Union:

Gentlemen—Your Committee on Legal Questions would respectfully report that very little business has been before the committee during the past year and that the same was disposed of in a satisfactory manner.

(Signed)
Chr. Ehrlich,
Chairman of Committee.

On motion of Freeholder King, received and placed on file.

From Committee on Jail Inspection:

To the Board of Chosen Freeholders of the County of Union:

Gentlemen—In compliance with the rules of the Board, the Committee on Jail Inspection herewith respectfully submit their annual report for the year ending May 1st, 1900. Together with that is a carefully prepared report by the warden, of the receipts, expenditures, number of prisoners, ages, sexes, nationalities, commitments, discharges and cost of maintenance for each prisoner per day, etc.

Receipts amount to four thousand five hundred and sixty-four dollars and one cent ($4,564.01). The expenditures for all purposes, viz.: Salaries, provisions, medical attention, clothing, supplies, miscellaneous, etc., four thousand five hundred and sixty-four dollars and one cent ($4,564.01). Number of prisoners in custody at the beginning of the year, forty-one; received during the year six hundred and twenty-six. The whole number in custody during the year, six hundred and sixty-seven; discharged, six hundred and sixteen; remaining, fifty-one; average number in custody each day, fifty-one. Total number of days board of prisoners, 18,629. The average cost per prisoner, 24½ cents.

During the year the prisoners are daily employed about the building in cleaning and attending the furnace, storing coal and being generally useful. The very limited expenditures and general good management of the county jail is wholly due to the efficient services of the warden, matron and deputy warden, who have conducted the proceedings agreeably to the entire satisfaction of your committee.

It affords your committee great pleasure to say that the management and general condition of the jail has been highly recommended by the State Charities' Aid Association through its efficient secretary, Mrs. E. E. Williamson, and also by the Grand Jury of the county as expressed in a very complimentary resolution, dated January 30, 1900.

This condition, in the opinion of your committee, is highly creditable to county, and, no doubt, gratifying to the Board.

Your committee would further report that at their meeting on May 1, Dr. F. R Bailey was unanimously appointed physician to the county jail for the ensuing year at the usual compensation.

John H. Tier,
John F. Wahl,
Committee.

Attached to the foregoing was the following report of Charles W. Dodd, Warden.

In connection with my report I would like to state that the general health of the prisoners has been good during the year. The jail physician, Dr. F. R Bailey, was prompt in his attendance, and in every respect satisfactory. With many thanks to the committee on jail inspection for their co-operation with me in the discharge of my duties as warden and with especial thanks to the director, J. Frank Hubbard, for his assistance and advice in all matters pertaining to the general good management of the county jail, I remain,

Respectfully yours,
Chas. W. Dodd,
Warden.

On motion of Freeholder Miller the two foregoing reports were received and placed on file.

By the Committee on Stationery, its annual report:

Elizabeth, N. J., May 8, 1900.

To the Board of Chosen Freeholders of the County of Union:

Gentlemen—Your Committee on Stationery would report that the amount expended ddring the year was $1,886.55, which was for stationery, books of records, and account books for the several court officers who, by law, are entitled to secure their stationery from the Board.

Benjamin King,
John F. Wahl,
Joseph McCandless,
Committee.

NEW BUSINESS.

By Freeholder King:

"Resolved, That the County Collector is hereby authorized to transfer $1,270.00 from the miscellaneous account to the bridge account."

Freeholder Brucklacher moved the adoption of the resolution, and on roll-call it was unanimously adopted.

By Freeholder Swain:

"Resolved, That the bill of Thomas Glynn be paid when the collector opens his new books, amount, $38.50.

Freeholder Roll moved the adoption of the resolution, and on roll call it was unanimously adopted.

By Freeholder Brucklacher:

"Resolved, That the thanks of the Board be tendered to the retiring members for the past services they have rendered to the county as members of the Board of Freeholders."

On motion of Freeholder McCandless, the resolution was adopted unanimously.

Freeholder Roll then arose and said that after a service of sixteen years as Freeholder, he was about to retire, and he did so with great regret; the time spent by him in the Board had been very pleasant; he was proud to be known as a member of the Board, which had a reputation throughout the State for honesty and uprightness. Its members, without regard to party, had always acted fairly, honorably and in harmony. Now, that he was about to retire, he assured the members that they would always have a warm place in his heart.

Director Hubbard then extended to the members of the Board his thanks for the uniform kindness and courtesy with which he had been treated by all the members of the Board during the year just closing. He then turned to Freeholder Boll, and in a feeling manner expressed his regret both as Director and member of the Board, that the time had arrived when he, (Mr. Roll) must cease to be a member of the Board. In extending the parting hand he assured Mr. Roll that his wise counsel and advice given to the Board in the past would not be forgotten; he congratulated him on the excellent record he had made, and then on behalf of the members and officers of the Board, presented him with a handsome rosewood, satin-lined case, containing a number of pieces of silverware. A plate on the cover of the case was engraved as follows: "Presented to J. Martin Roll by Union County Board of Freeholders, May 8, 1900."

Freeholder Roll said that he wanted to reply, but was too much taken by surprise; he did desire to return his sincere and heartfelt thanks for the beautiful gift, and assured the donors that they would never be forgotten by him.

No further business appearing, Freeholder King moved that the Board adjourned, sine die, which was so ordered.

The Director thereupon declared the Board adjourned, sine die,

S. Rusling Ryno, Clerk.

QUININE FIENDS MULTIPLY.

A New York Druggist Protests That People Are Too Free with the Drug.

The druggist was in a talkative mood. In the last hour he had sold quinine to nine customers, and he felt called upon to make a mild protest, says the New York Mail and Express. "It is strange," said he, "what simple faith most persons have in the virtue of quinine and whisky as a cure-all. If the average man sneezes a few times he buys a lot of quinine capsules and a pint of Jersey lightning and goes to bed with it. He washes ten or 12 grains of quinine down with half a pint or so of the whisky, and the next morning he gets up feeling old, bedraggled and generally unfit for publication. He might better have had the cold—can to subject his system to such a strain. The quinine is a drug which should be handled with as much care as any other. Why, some customers of mine are regular quinine fiends, and take the stuff on the slightest pretext. Perhaps they want some excuse for getting away with the whisky. But it's a pretty small man who would look at it in that way. What people don't seem to understand is that quinine has certain defined uses and is not a panacea. When you put whisky with it you get a mixture which should be handled with as much care as aconite or anything else."

COAL-BINS ALL OVER WORLD.

Their Necessity Was Made Apparent by the Late Spanish-American War.

In the late war with Spain the standing order of the secretary of the navy was that all the ships should be kept full of the best coal obtainable, says the Philadelphia Saturday Evening Post. The controversies that came after the war referred largely to the question of a coal supply. Since then the department has been laying in supplies in every part of the world where the fuel may be needed by our ships of war. We are acquiring coaling stations in islands wherever it can be done. In our new colonies thousands of tons are being stored.

Take, for instance, the Dry Tortugas and Key West, the points which command the entrances to the Gulf of Mexico. There will be piers and coal sheds with a capacity of 20,000 tons, and the channnel will be dredged so that the largest ships will have no difficulty. By extending the chain of stations this country will be in control of the entire gulf. On the Pacific coast buildings will be erected with a capacity of 100,000 tons of coal. More buildings and piers will be constructed for Honolulu, at Guam and in the Philippines, and thus gradually there will be built up a complete system of coal deposits in various parts of the world.

WORK WHEN THEY PLEASE.

Mexican Peons Are the Most Independent Laboring People on Earth.

Observers of industrial conditions in Mexico assert that, as far as they have noted, there is no more independent person in the world than the Mexican laborer. Especially is this true of the peon of the tropics. It would seem that he works for Americans who have big plantations to develop more as a matter of accommodation than from necessity. He demands a snug sum in advance, which to have a good time at the festas before he settles down to several months of drudgery. No native Indian has to work for white men in the tropics in order to gain a livelihood. His wants are few, his ambition is limited to a desire for enough to eat, a thatched hut and a little cotton cloth. The hut he can make for himself. There are fish in the river and game in the forest. There is plenty of unoccupied land upon which he can raise a few cereals to trade for the things he cannot produce himself. There is no winter to provide against, and, though the rainy days come often in summer, they only mean more rest.

JAPS ARE PLEASED.

Rejoice in the Marriage of Their Crown Prince, Yoshihito.

His Bride Is the Princess Sada, a Pretty Maiden of Fifteen—Some of the Details of a Swell Japanese Wedding.

Cable dispatches from Tokio announce that Yoshihito Harunomiya, the heir apparent to the mikado of Japan, was united in marriage there with Princess Sada, a pretty little daughter of the great house of Fujiwara. The prince imperial escorted the bride-to-be from the home of her parents to the imperial palace, where the wedding was performed.

Princess Sada, now the crown princess of Japan and its future empress, is 15 years of age. She is a daughter of the powerful Prince Kugo Michikata, who is a direct descendant of the illustrious family of the Fujiwaras, who have furnished many an empress to the Japanese. The family is noted for its military traditions and its great wealth. About 18 months ago the mikado decided that his son should marry, and the little princess, then a pupil in the third grade of the high school, was selected as the bride.

Japanese girls mature at a much earlier age than their fairer European sisters, which accounts for the youthfulness of the prince imperial's bride. When the court of Tokio selected little Sada for that high honor she was taken from among her companions at school and turned over to efficient masters whose duty it was to instruct her in those special branches in the study of which modernized Japan encourages its nobility. Dropping all her studies save history, French and geography, she began to devote herself especially to these and to the study of music, not forgetting the cultivation of her talent for poetry, which is said to be so unusually promising as to threaten the prestige of the present empress as a poet. In addition to these mental exercises the princess has not been allowed to neglect her

calisthenics, and her naturally robust physique has been strengthened by work in the gymnasium and in the open air.

Prince Yoshihito is 21 years old, but, young as this may seem for a benedict to occidental custom, it is a very mature age for Japan. The groom's imperial father was married at the startlingly early age of 15. Yoshihito is not the son of the empress. The dynasty cannot be endangered by the practice of monogamy, and that is why the emperor is always supplied with several secondary wives, who live quietly and are seldom heard of. One of these—Mme. Yanagiwara—is the mother of the crown prince.

All of the mikado's hopes of a succession in his direct line are centered upon Yoshihito. He is the only living son of the emperor, and would have been married long ago had he not been something of an invalid. It is said that he has weak lungs, but lately he has been in very good health, owing to the skill of eminent foreign surgeons who have been consulted in the case. Should the pr

MEMORIES OF WAR TIMES.

Patriotic Concert to be Given in Music Hall This Evening by Prof. Lewis.

Memories of the war-times of over a quarter century ago will be revived at Charles L. Lewis' concert at Music Hall this evening. Coming as it does just before Memorial Day, it will be particularly appropriate. A great chorus of school children, another of young women, and the well known Lotus Glee Club will give the selections that will form the programme. An interlude of miscellaneous numbers will be given by the glee club, which will include solos by Mr. Strickett, who is particularly popular with Plainfield audiences. The concert promises to be the most enjoyable affair of its kind that has been held in Plainfield and there will undoubtedly be a large attendance.

PARTICULAR MENTION.

Frank Helmer and William Knuole, of New York, were guests of R. R. Rogers, of Westervelt avenue, yesterday.

John McKeon, an agent of the Manhattan Delivery Company, of New York, returned home last night after being detained here several days by illness.

Will F. Williams and wife, of Central avenue, went to Philadelphia Saturday evening to visit their uncle, N. C. Dunn. They will return Wednesday evening.

WHAT? DID THEY WIN?

CITY HIGH SCHOOL BOYS VICTORIOUS ON THE DIAMOND.

Beat the Borough Boys By Just One Score—City Players Did Not Get Rattled.

A strange thing happened on Martine Commom Saturday afternoon. For the first time this season the Plainfield High School boys managed to win a baseball game. The explanation is easy. They forgot, during the five innings that were played, to get rattled. The result was a victory over the North Plainfield High School by a score of 10 to 9.

The city team settled right down to work. In the second inning they scored five runs. The North Plainfielders were way off their usual form. While Armstrong pitched a good game he was given wretched support.

In the third three singles and two bases on ball with a few errors landed six runs for the boroughites. The runs were made by good stick work rather than on errors. Squires pitched a fair game and was given good support.

In the fifth inning the North Plainfielders became demoralized. Four runs came in and two of the bases were filled with none out. Then George, captain of the North Plainfield team, agreed to call the game.

The teams lined up as follows:

A meeting of Miantonomo Tribe of Red Men was held Friday evening. Two propositions were received. The committee in charge of the Fourth of July picnic at Mountainside Grove was increased to seven. The invitation to attend the reception of the Red Men of South Amboy Thursday evening was accepted and it was decided to go to Perth Amboy by stage and there take a tug across the Raritan.

Ten Young Women Baptized.

Ten young women, most of whom are members of one Sunday-school class at the First Baptist church, were baptized yesterday morning by Rev. D. J. Yerkes. There was a very large congregation present, and Dr. Yerkes delivered a discourse appropriate to the occasion. A pleasing duet was rendered during the service by Mrs. F. M. Ward, contralto, and William Holmes, baritone.

His First Courts.

Justice Fred J. Huff held court for the first time last Friday afternoon. The case of William Newcorn against James McVoy, on contract, was tried and judgment rendered for the plaintiff. The case of Sternberg & Co. against Michael Crowley, in tort, was also tried and judgment rendered for the plaintiff. William Newcorn represented the plaintiff.

IN HIS SHIRT SLEEVES.

And the Kentuckian Thought the Episcopal Prelate a Most Unassuming Man.

Not long ago Bishop Dudley, of Kentucky, went to preach in a little town in the western part of the state, where there are no Episcopal churches, and only one, in fact, of any other denomination. The people, says the Louisville Courier-Journal, are unfamiliar with any but the plainest and most simple church service and entirely unaccustomed to the vestments which the Episcopal clergy wear. The pastor of the "only church," a good, conscientious, narrow-minded man, hearing that the bishop was coming on a certain Sunday to preach at the courthouse, told some of the "pillars" of his congregation that he hoped they would not desert their own church to hear the Episcopal service.

On the appointed Sunday what was the pastor's suprise to notice half of his flock absent, and upon inquiry he learned that the courthouse was thronged with the villagers. The next day he met one of his chief supporters, whose accustomed seat had been vacant at the weekly service, and the pastor questioned him as to his whereabouts on Sunday. The man replied that he had gone to hear Bishop Dudley. "What!" replied the clergyman. "Desert me to hear that pompous prelate!" "You're mistaken in the man," answered the culprit. "Bishop Dudley is no pompous prelate. He preached in his shirtsleeves."

DIANA OF PHILADELPHIA.

The Beautiful Figure That Graces a Curious Coin in the Mint of That City.

At the mint in Philadelphia are a number of coins far more precious than any which find their way into circulation. They are a collection of curios, and many of them date from times of great antiquity.

Perhaps the most interesting among them is a handsome coin bearing on its face the profile of a woman, which has a striking resemblance to the Goddess of Liberty of our own currency. Underneath is the single word "Demos," which is the Greek for "The People."

On the reverse of the coin is a beautiful figure of the goddess Diana, arching her bow, and the inscription, translated into English, reads: "Diana, Friend of the Philadelphians."

The coin was minted more than 2,000 years ago at the city of Philadelphia in Asia Minor, where, as we know, there grew up in later years one of the seven churches of which St. John writes. The prize was discovered some years ago in Europe by Joseph Mickley, of Philadelphia, a violin-maker and an authority on coins. By him it was appropriately presented to the mint in Philadelphia.

A NOVEL IDEA.

Pastor Newell Exhibits in St. Louis Church Scene of the Resurrection.

To give his congregation an object lesson in the story of the resurrection Rev. W. W. Newell introduced into Easter Sunday's services at Compton Hill Congregational church a working model of the tomb of Christ.

The model, which is the first of its kind ever shown from a St. Louis pulpit, is a fac-simile of one in the Moody Bible school in Chicago, which was made under the direction of Gen. Brown, of the United States army, during his visit to Palestine and presented to the great evangelist after his return.

BIG TROLLEY COMBINE.

RIKER COMPANY SEEKING TO MAKE AGREEMENT WITH SENATOR KEAN.

Conference Held Saturday and Plans Discussed for a Combination of Interests.

Senator John Kean and Fred L. Heidritter, representing the Elizabeth Street Railway Company, and Chandler W. Riker, Colonel E. W. Hine and Senator McCarter, representing the Elizabeth and Westfield Street Railway Company, met in conference in Mr. Kean's office in Elizabeth Saturday morning.

They discussed plans for a combination of interests, so far as to arrange for the Elizabeth and Westfield road to run its cars over the Green Line in Elizabeth to connect with the Staten Island ferry, and also for trolley connections between Elizabeth and Rahway.

Nothing definite was decided upon, and Senator Kean left for Washington with the intention of returning to Elizabeth June 13th, when the negotiations will be resumed between the companies.

Chandler W. Riker said the object of the conference is to make a perfect chain of connections between Jersey City and Trenton.

Lived Past Four-Score.

Mrs. Jane W. Dunham, widow of Robert B. Dunham, aged 84 years, died this morning at her home, 323 East Sixth street, after a long illness. She has been a resident of this city for many years. Her husband died about four years ago. A son, who is employed in a Newark bank, and a daughter, with whom she lived, survive her. The notice of funeral will be published later.

Important Transfer.

Another important transfer of valuable piece of property has just been made through J. P. Emmons. The property in question is the building on North avenue, running through to Second street and occupied by Horne's livery. It was traded by the owner, Dan S. Roberts, for two houses, No. 20 Willow avenue and 15 Prospect place, which belonged to Mrs. Julia Peck, of New York.

WHAT WILL HAPPEN ON MEMORIAL DAY.

Tomorrow will be an Active Day For Plainfielders in Many Ways.

G. A. R. PARADE IN MORNING

APPROPRIATE EXERCISES AT MUSIC HALL IN AFTERNOON.

Activity at Both Local Golf Links—Many Baseball Games—Letter-carriers From Plainfield and Elizabeth Will Meet.

The first of the summer holidays is at hand. Tomorrow will be Memorial Day. In Plainfield the G. A. R. will conduct the usual parade and exercises while a long list of outdoor attractions are announced for the day. There is promise of good weather and higher temperature.

Winfield Scott Post, No. 73, G. A. R., has made elaborate arrangements for observing the day in a proper manner. In the early morning details from the Post will visit all the local cemeteries and decorate the graves of the veterans of the Civil War. At 10 o'clock there will be the parade, the details of which have already appeared in The Daily Press. Special exercises will be held at Music Hall in the afternoon beginning at 2 o'clock.

There will be any quantity of baseball games in both morning and afternoon. All the regular teams will play beside a number of special matches that have been arranged. The Leal's School nine is expecting to play two games, both on their own grounds on Washington avenue. In the morning the Leal's School boys meet the Alis A. A. team, of this city. It is expected that the Rutgers Prep School, of New Brunswick, will play a return game here in the afternoon.

The Plainfield High School will play on Martine Common in the morning with Rutgers' Prep. School, of New Brunswick. The game will begin at 10 o'clock.

The Arion A. C., of Hope chapel, will meet the North Plainfield High School on the Plainfield avenue grounds in the morning.

The game that will attract the most general interest, even if it does not furnish the best example of good ball playing, will be a match on Martine Common in the afternoon between teams composed of the letter-carriers of Plainfield and the letter carriers of Elizabeth. The game is called for 3:30 o'clock and will undoubtedly be thrilling enough to suit anybody. James E. Martine is preparing to give the visitors something to eat and drink after the contest. The Elizabeth delegation is expected to attend twenty strong.

Memorial Day promises also to be a lively day for the golfers. A large crowd is expected to spend the day at both the local courses and the facilities of both clubs will be taxed to their uttermost. At the links of the Hillside Tennis and Golf Club the scratch contest for the Chapman Cup will be continued. The preliminary round was played last Saturday afternoon, eight players qualifying for the first round, match play, to be played tomorrow morning. The winners will meet in the semi-finals, match play, in the afternoon.

Quite a programme of events is announced at the Park Golf Club. In the morning there will be play for the Charles Hyde holiday cup, handicap, eighteen holes, medal play. The same cup will be played for Labor Day and Election Day, as well, and the four players making the lowest average net scores will qualify for the semi-finals to be played Thanksgiving Day.

In the afternoon there will be a mixed foursome handicap, nine holes, medal play. There are a number of entries in this event.

The J. H. Hillman Association will give a picnic at Mountainside Grove during the day. A good time is promised. The Sewing Circle of Mt. Olive Baptist church will give a quilting party and strawberry festival in the evening at the church.

Filling in New Street.

That portion of land between Craig place and Green brook which will be an extension of Duer street, is now being filled in so as to bring it up to a level with the city side. There is about nine feet of filling to be done.

Going to the Camp.

HEREDITARY INSANITY.

Jane Richards is Raving Mad and Has to be Sent to Insane Asylum at Trenton.

The hereditary streak of insanity in the Shoemaker family of South Plainfield has sent Jane Richards to the State Hospital for the Insane at Trenton. The woman was left at the county jail, New Brunswick, by Overseer of the Poor John C. Morris, of Piscataway township, who had received her from her friends.

At the jail Warden Messler had his hands full with the woman who shouted and stormed most of the time.

After the physicians has examined her an order was made out for her commitment to the insane asylum and yesterday morning Constable Gedney, of Metchen, with Overseer Morris, took her to Trenton.

The woman was formerly a Miss Shoemaker, and is the aunt of Albert Shoemaker, who went crazy last year and shot his sister-in-law.

SANG PATRIOTIC SONGS.

CHAS. L. LEWIS' CONCERT AT MUSIC HALL WAS A GREAT SUCCESS.

Lotus Glee Club, a Chorus of Children and a Chorus of Young Women Took Part.

The mere fact that Charles L. Lewis was in charge of the patriotic concert at Music Hall last evening vouched for its excellence. The hall was fairly well filled with an audience that found much to enjoy and received the various selections with hearty applause.

It was a concert of patriotic and war songs, but between the two parts there was an interlude that included a number of other selections. The chorus of small children, forty-four in all, led by Mr. Lewis, were well trained and sang many of the well-known war songs with spirit. The chorus of young women tried something more difficult in two parts with success.

There is nothing better of its kind than the Lotus Glee Club, composed of George Shymour Lennox, G. Morgan Stricklett, Charles L. Lewis and Edward B. Martindell. The selections by the quartette were fine. All of the men are vocalists of much talent and they have been together so long that they are thoroughly in sympathy. The Negro melody, "He Certainly Was Good to Me," arranged by Frank J. Smith, particularly pleased the audience. There were solos by all the members of the club except Mr. Lewis. Mr. Martindell and Mr. Stricklett found special favor.

Four lads, Masters Shepherd, Brooks, Yaeger and Taylor, gave "Look Out for the Hoodpo Doodoo Man," with blackened faces and startling costumes. They were very clever.

Mrs. Charles L. Lewis accompanied the two choruses. The Lotus Club sang without accompaniment but Frank J. Smith acted as accompanist for the solos. The programme concluded with, "The Star Spangled Banner" in which the audience joined, everyone standing while the children waved their little American flags. The hall was gay with tri-colored bunting and a profusion of American flags of all sizes.

Red Men to Visit.

A delegation from Miantonomo tribe of Red Men will leave the wigwam on West Front street at 6:30, sharp, Thursday evening to go by stage to Perth Amboy. Upon their arrival at the Staten Island ferry, a tug will be in waiting to convey them to South Amboy, where they will make an official visit to Seneca Tribe, No. 23, to perform adoption ceremonies. All the great chiefs will be present, besides delegations from surrounding towns.

Miss Miller's Tea.

An informal but very delightful tea was given yesterday afternoon by Miss Mary Miller, daughter of Major and Mrs. Miller, of LaGrande avenue, in honor of Miss Hildreth, of New York State. The rooms were artistically decorated with flowers. The guests were received by Mrs. Miller, Miss Mary Miller and Miss Hildreth, assisted by Misses Annie and Emma Miller, Miss Brown and Miss Moore from out of town.

Illness Kept Many Out of Schools.

During the past few months no less than 200 children have been out of the borough public schools on account of illness, chiefly the measles. Owing to this fact the scholars have done excellent work, and the present school year will be one of the most successful in the history of the borough.

Holiday Hours at the Library.

POLICE AND THEIR FRIENDS AT DINNER.

Banquet of the Superior Officers Association Was Held Yesterday Afternoon.

PLEASANT TIME FOR ALL.

CHORD OF GOOD FELLOWSHIP SHOWN IN A CONGENIAL WAY.

Affair Given at the Hotel Waldorf—Forty Guests Were Present, Many of Whom Were From Out of Town.

Whenever a man is recorded as a guest of a police it is presumed that he has been at variance with the law of land and is duly humiliated and punished. There are, however, exceptions to every rule, and one of these was demonstrated in fine style yesterday afternoon when the Superior Police Officers' Association of Union and Middlesex Counties held its meeting in this city and acted as hosts for a number of gentlemen more or less distinguished in the walks of life.

As in all organized bodies of men, there is a strong chord of goodfellowship running through the guardians of peace in the cities of the two counties whose interests and well-fare require regular police forces, and in the Superior Police Officers' Association it finds a medium of displaying itself in a congenial and pleasant manner at the business and social affairs of the organization. The meetings of the association are held alternately in the cities in which the membership is found, and yesterday it was the turn of the Plainfield members to do the honors. The latter acted as hosts with a fine appreciation of their duties and provided one of the best gatherings of policemen and their friends that has been held in the two counties.

The dinner was given at the Hotel Waldorf on East Front street. Henry Windham, the proprietor, always well-versed in knowing just how to do things which he undertakes, provided a dinner that was excellent in all respects. After the material part of the affair had been disposed of, Chief Tenney, of Elizabeth, president of the Association, opened the "least of reason and flow of wit," which was to follow, in a few pleasant words. Once the speech-making was commenced there was no end of it till nearly all the forty guests gathered around the table had been called upon for a few words. With so many different sections represented around the festive board, there was naturally an extensive interchange of ideas and compliments, for which Plainfield and its police force came in for a good share.

Plainfield's popular humorist, John Carney, was present and gave several of his inimitable German dialect stories, in which he worked several laughable references to some of those present. Robert Schwartz, of Elizabeth, also responded with several stories and songs that were of an entertaining character.

The affair was given under the direction of Chief Grant, Sergeant Kiely and Roundsmen Frederickson and Flynn, of the local force.

The following were those present:

Former Mayor Charles J. Fisk, Councilman R. I. Tolles, Councilman J. F. Buckle, President of the Common Council Smith, City Clerk J. T. MacMurray, Andrew McCardell, John Kenney, Albert Demarest, Chief of Police Grant, Sergeant Kiely, Roundsmen Frederickson and Flynn, Patrolman McCarty, John Carney, George Tobin, W. W. St. John, M. F. Elderton, of Plainfield; Chief of Police Tenney, Lieut. Peters, Sergeant Gerstang, Sergeant Ellminger, Detective Decker, Lieut.-Col. D. F. Collins, Captain Long, President of the Council P. J. Ryan, Michael Gannon, Robert Schwartz, Jacob Glazer, of Elizabeth; Chief Burke, Sergeant Mulligan, Street Commissioner Kruger, Freeholder George Cummings, Water Commissioner Burke, of Perth Amboy; Mayor Holmes, Chief Wright, Clerk Ryno, Charles Read, of Rahway; Joseph Fields, Bound Brook.

Will Not Stop at Fanwood.

The recent endeavors of several Plainfield and Fanwood commuters to have the 8:37 o'clock morning train stop at Fanwood were unsuccessful. The committee from the commuters who interviewed Mr. Warren, of the Jersey Central, was shown by the latter what an unwise thing it would be and they cheerfully agreed to abide by the present arrangements.

TO MANAGE HOSPITAL.

ANNUAL MEETING OF THE BOARD OF GOVERNORS.

Work of the Year Just Past Was the Biggest in History of the Institution—Officers Elected.

At the annual meeting of the Board of Governors of Muhlenberg Hospital, held last evening, fourteen of the seventeen members were present. Reports were submitted by the various officers and committees.

The number of patients in the hospital during the year was 332, the largers number ever treated. The officers and standing committees elected were as follows:

President, Charles J. Fisk; first vice-president, William R. Cock; second vice-president, Francis Wood; secretary, Charles E. Brooks; treasurer, Howard P. Reynolds; managing committee, Samuel Huntington, William R. Cock, Edward B. Clark, Charles E. Brooks, Edward H. Ladd, Jr.; finance committee, Ernest R. Ackerman, J. Frank Hubbard, DeWitt C. Ivins, William L. Saunders, John M. Whiton.

Dr. George W. Endicott, who has been on the medical staff of the Hospital since its foundation, offered his resignation. The Board of Governors unanimously declined to accept Dr. Endicott's resignation, and adopted resolutions urging him to reconsider his action which would, if persisted in, bring very serious loss to the Hospital and cause great regret to the Board.

The committee appointed several months ago to raise the funds necessary to the purchase of a new site for the Hospital reported that considerable success had attended their efforts and that they had strong hopes of obtaining the full amount.

A committee was appointed to take suitable action in regard to the recent death of Rowland Cox, who had long been a member of the Board of Governors.

Miss Louise Moss, the present superintendent, who has resigned her position, sails tomorrow for Europe and carries with her the regrets of her numerous friends and well wishes among the managers of the Hospital, the nurses and other employes and a host of former patients who have been under her care in the last six years.

The following items of receipts and expenditures from the report of the treasurer, H. P. Reynolds, will be interesting. The expenditures for the current year were a little above $9,000, being as follows in round figures: For medical and surgical supplies and appliances, $1,700; salaries and wages, $3,000; general house expenses, $3,800; miscellaneous, $500, making a total of $9,000. To meet these expenses receipts from various sources were reported as follows: Hospital Sunday, $338; patients pay account, $3,000; receipts from regular subscribers and organizations, with proceeds from public entertainments, $4,600; income from legacies and interest on money, a little over $600; legacy, $900, making a total of $9,100.

PATRIOTISM IN SCHOOLS.

Appropriate Exercises Held Today—Visit From G. A. R. Men.

Appropriate exercises attendant upon the observance of Memorial Day was observed today in the Borough Public Schools. This morning at the High School a programme of music and recitations was given by the scholars and a fine address was made by Former Mayor L. V. F. Randolph, of Post No. 73, G. A. R., and other comrades also spoke. Exercises were held this afternoon by the younger scholars of the schools.

A detail from Winfield Scott Post, No. 73, G. A. R., visited each of the public schools and attended the exercises. Former Mayor L. V. F. Randolph spoke to the High School in behalf of the G. A. R. while there were other local speakers at the other schools.

Not Settled Yet.

No further developments have arisen in the Demarest case and the matter still remains the same. United States Marshal Alcott was in town yesterday, but no meeting of the interested parties was held. Sheriff Houston arrived in town today, and it is expected that a conference will be held this afternoon.

A Tedious Job.

Wrecking crews have been and are still at work clearing up the debris caused by the wreck at North Branch a few days ago. Last Sunday men were working most all day. The most tedious job is that of collecting the vast amount of coal that was upset.

Loss by Fire Adjusted.

The loss at the fire that partially destroyed the barn of John Johnson, of South avenue, has been adjusted through the insurance agency of Elston M. French.

SCHOOL DAYS ARE COMING TO AN END.

Arrangements Being Made in North Plainfield for the Graduation Exercises.

MUSIC HALL RESERVED.

ONLY THOSE HOLDING TICKETS WILL BE ENTITLED TO SEATS.

Each Graduate of the Class Will be Entitled to Thirty Tickets to Give to Friends—Class Day Exercises One Week Before.

Only a short time now remains before the borough public schools will close for the summer vacation, and affairs are gradually shaping themselves toward the end of the 180 days of school. The commencement day has been fixed for June 22d, one day after that of the Plainfield schools. This is due to the fact that in the borough the scholars have had a little more vacation during the year, and the term will have to extend to June 22d to get in the set number of days.

There is to be some changes this year in the general arrangements for the closing exercises. There will be no orchestra to furnish music as heretofore, but instead a chorus of school children, numbering 125 from the High School and Grammar department, will sing selections appropriate to the occasion. Charles L. Lewis, who has charge of the music, will train and direct the musical programme. The old custom of an orchestra has become very tiresome, and this will be appreciated no doubt.

After careful consideration it has been decided by those in authority to reserve the entire seating capacity at Music Hall, and not allow any part of it to be free without a ticket. A sufficient number of tickets have been provided, and these will be generously distributed among those who desire them. Each graduate will be entitled to thirty tickets, while the teachers, members of the Board of Education and Superintendent Wightman will have a number for distribution. The idea in reserving the hall is to keep that element out that always attend such occasions for no other purpose than to make a nuisance of themselves and annoy others. Persons who desire to attend the exercises will have no trouble in securing tickets.

As stated a few days ago Prof. John Stewart, of Lehigh University, will make the address at the commencement. He is a talented speaker of much note. In addition to this the Board of Education hope to have the president of the State Board of Education, James L. Hayes, of Newark, present the diplomas to the graduates. He was secured for last year, but death in his family prevented his attendance.

Class Day exercises will probably be held one week before commencement in the High School. The arrangements for this event is entirely in the hands of Fred Bach, president, and various members of the class. The graduates reception will be held the same evening of the commencement at 10 o'clock at the Park Club. Douglass Drake, president of the Alumni Association, has this matter in charge and is now perfecting arrangements for it.

There seems to be no doubt but what the 1900 class is one of the strongest that has graduated in recent years. This seems to be the opinion of many who should know. The class has done remarkably good work which is a source of gratification and pleasure to the instructors.

Little Missionary's Day Nursery.

The fourth annual birthday party of the "Little Missionary's Day Nursery," 612 East Ninth street, New York, of which Miss Sara Curry is superintendent, will be held next Thursday evening at the Eleventh Street M. E. church, near Avenue B, New York. All friends of this work are cordially invited to attend and see Miss Curry's family of seventy-five children, and all persons interested in this very excellent institution are invited to send their gifts to Miss Curry, or, better still, go to her in person and give of your substance after you get there. Miss Curry is doing a work worthy of anyone's assistance.

Banquet for Knights Templars.

Trinity Commandery, Knights Templars, has arranged to entertain the members of Clinton Commandery of Brooklyn, Monday evening, June 18th, at the Hotel Kensington. There will be a banquet and an entertainment. Any Knights Templars living in Plainfield who are not members of Trinity Commandery will receive an invitation if they inform Eminent Commander Asa Collier of the fact.

POTTER ARRAIGNED.

Cranford Editor Brought Up on Grand Jury Indictment for Slander.

(Special to The Daily Press.)

Elizabeth, May 29.—Thirty-eight prisoners against whom indictments had been found by the May Grand Jury were arraigned yesterday in the Union County Court of Common Pleas.

John Alfred Potter, editor of the Cranford Chronicle, who was indicted on a charge of criminally libeling James W. Rogers, one of the Cranford Township Committeemen, pleaded not guilty. His trial was set down for June 14th. Craig A. Marsh, of Plainfield, is Mr. Potter's lawyer.

Thomas Fitzgibbons, an Elizabethport saloonkeeper, who was indicted on the charge of abducting Emily and Ada Hill, of New Providence, also pleaded not guilty and furnished $500 bail to appear for his trial June 12th.

All those who pleaded guilty will be sentenced next Saturday.

TO BUILD COUNTY ROAD

BIDS FOR MACADAMIZING SPRINGFIELD AVENUE.

Lowest Offer was Made by G. M. Meeker, of Plainfield—The Road is Three Miles Long.

The committee appointed to receive bids for the macadamizing of Springfield avenue in the township of New Providence met at the Freeholders rooms Monday afternoon at 2 o'clock and received the following bids for the construction of the road which is to be built in accordance with the plans and specifications and under the supervision of County Engineer F. J. Hubbard, of this city.

Three bids were received by the committee as follows: C. Milton Meeker, of this city, $11,333.74; Miller & Molitor, of Chatham, N. J., $11,809.36; Osborne & Marsellis Company, of Montclair, N. J., $14,260.02. The committee will report the bids to the Board of Freeholders at their next regular meeting, June 7th.

The road in question is three miles long and is part of a system that will eventually extend through Morris and Somerset counties to Bernardsville, or turning south, to Somerville.

The short piece of Mountain avenue, extending from Green Brook to Park avenue, Scotch Plains, was, for some unexplained reason, ignored by the contractors and there were no bids received for this short stretch of road, hence the committee will meet again on June 6th when it is expected there will be bids on this connecting link.

CONDUCTOR THROWN OFF.

Lost His Balance on Trolley Car on a Sharp Curve Between Westfield and Scotch Plains.

A strange accident occurred on the Elizabeth and Westfield Street Railway late last evening when a car was running between Westfield and Scotch Plains on its way to Plainfield. It was bringing the members of Winfield Scott Post, No. 73, G. A. R., home from a reception they had attended at Westfield. While the car was running around one of the sharp curves, the conductor, whose name cannot be learned, was thrown off, and the car went nearly two miles before the collector of fares was missed. When the car met another car going to Westfield, the motorman on the eastbound car asked his fellow-motorman where his conductor was. It was then learned that he was missing. The trolley was reversed and the car went back nearly two miles, where the conductor was found by the track. He had received a severe cut in the head when thrown off the car, but his injuries were not serious. He explained that when he fell he called loudly to the motorman, but it was impossible for the latter to hear the call.

County C. E. Convention.

The next meeting of importance to Christian Endeavorers will be the Union county convention, which, through the courtesy of the trustees of the Central Baptist church, Elizabeth, will be held in that new and handsome edifice this evening. Large delegations of Endeavorers from every society in the county will be present. The State president, Rev. A. W. Spooner, D. D., will make an address, and the other exercises will be of an equally interesting character.

A Fine Singer.

Prominent among the singers in the "Persian Garden" on the 4th of June, at the Y. M. C. A. Hall, is Douglas Lane, of St. Paul's church (Trinity), New York. Mr. Lane has taken up his suburban residence in Plainfield. Mr. Lane will be remembered to great advantage by those who had the good fortune to hear "The Messiah" during the Christmas holidays at the Crescent Avenue church, as possessing a basso voice at once impressive and sympathetic.

DEMAND MR. MARTINE FOR ONE OF "BIG FOUR"

Delegates Instructed to Present "Farmer Orator's" Name to the State Convention.

WILL INSPIRE CONFIDENCE.

DEMOCRATIC HOSTS WILLING TO TRUST TO HIM.

Appreciative Words of the Loyalty and Devotion of Mr. Martine to Democracy—Delegates Who Will Go to State Convention.

The candidacy of James E. Martine for one of the delegates-at-large to the Democratic National convention at Kansas City in July has been much talked of during the last two months, but at the primaries of the Democrats, to elect delegates to the State convention, the "Farmer Orator's" friends at home formally approved of his aspirations. The primaries were called for the selection of delegates, but in all the wards the following resolution was passed:

"The Democratic voters of the —— ward of the city of Plainfield, assembled in a regularly called and duly constituted primary, desire at this time to record their appreciation of the loyal, able and untiring efforts of that sterling Democrat, James E. Martine, in behalf of the Democratic party at all times and under all circumstances. We believe there is no partisan in the State of New Jersey who has labored more earnestly and sacrificed self interests to a greater extent for the benefit of Democracy than Mr. Martine. Such being a fact, we deem that any honor which the New Jersey Democracy can offer to him is thoroughly deserved and will meet with enthusiastic approval throughout the State among Democrats. In this connection we desire to formally instruct the delegates representing the Democrats of this ward at the State convention to secure the presentation of Mr. Martine's name for choice as one of the delegates-at-large to represent the State at the National Democratic convention to be held in Kansas City, July 4th. We know that his election to a leading place in the New Jersey delegation to the National convention will inspire confidence in the Democratic hosts that desire that New Jersey shall be among the foremost of the commonwealths demanding the nomination of that able end peerless leader, William Jennings Bryan."

The routine proceedings of the primaries were as follows:

FIRST WARD.

The meeting was called to order by Andrew J. Nolan, who was made chairman, and M. DeCourcy acted as secretary. John Rafferty and William T. Banks were elected as delegates. Resolutions were passed endorsing the candidacy of James E. Martine as delegate at-large to the National convention.

SECOND WARD.

James E. Martine was selected as chairman and James Guttridge as secretary. Hezekiah Hand was selected as judge of election. The delegates elected were Wm. K. McClure and Alfred Cocks. The alternates are Frank Vosselier and H. W. Marshall. The resolutions endorsing Mr. Martine's candidacy were passed unanimously.

THIRD WARD.

The Third ward Democrats met in the High School building. J. H. Hillman was appointed chairman and Frank McInerney, secretary. John Moran and Dennis O'Keefe were elected delegates, with power to choose their own alternates. A resolution was passed similar to that in the other wards, recommending the election of James E. Martine as a delegate to the National convention, after which the meeting adjourned.

FOURTH WARD.

There was the usual good turn-out of Democrats at the primary in the Fourth ward. M. B. Flynn was made chairman of the meeting and James Kane secretary. E. C. Searing was judge of election. The delegates chosen were: First district, W. W. St. John; Second district, Cormick Canfield; Third district, Ira Hulburt. A committee composed of the chairman, James Searing and Thomas Carty were appointed to fill vacancies. The resolutions endorsing Mr. Martine as delegate-at-large were passed unanimously.

To Macadamize Extension.

Within a short time the work of macadamizing the extension of Duer street to Green brook will be started. The officials hope to have the street opened the latter part of July.

DEPUTIES DISTURBED

Uproar Causes French Chamber to Suspend.

THE DREYFUS AFFAIR REVIVED.

M. Waldeck-Rousseau Blames the War Office, and a Ministerial Crisis Is Threatened—Explanation Restores Peace.

PARIS, May 29.—In the chamber of deputies yesterday General Galliffet, the minister of war, repeated the statement that he made in the senate on Friday in regard to the Dreyfus case. There was great excitement and many noisy interruptions.

The chamber was packed, and the galleries were crowded to overflowing.

The appearance of M. Waldeck-Rousseau in the tribune was the signal for insulting interruptions from the opposition. Before he had opened his mouth a member shouted, "Now the lies will recommence!" Later on, when the premier declared that he was opposed to the opinion of M. Joseph Reinach, M. de Cassagnac, Conservative, exclaimed, "Ah, Joseph sold by his own brother!"

A dreadful uproar, which led to the suspension of the session was provoked by the following declaration of the premier, when repudiating the charge that he had engineered the efforts to revive the Dreyfus affair:

"The spying was not done at the ministry of the interior, but at the second bureau of the war office and against the detective service in order to establish against Tomps the basest accusation. They waited for a moment to produce the documents and to make their coup de theatre. These documents were divulged by the felony of an officer."

A perfect pandemonium followed. Members of the opposition rose and hurled invectives and denunciations at the head of the premier.

In the midst of the din General de Galliffet rose and picked up his portfolio and left the hall.

The Nationalists interpreted his action as a protest against the warmth of the premier's allusion to the war office and redoubled their fulminations against M. Waldeck-Rousseau.

Several of them approached the tribune and shouted: "Go out!" "Go out!" "Resign!" Some of the most violent even threatened to strike him, but the ushers interfered and barred the way.

The Socialists, who were now also on their feet, cheered the premier until they were hoarse. One group sang the "Marseillaise," while the most orderly section of the opposition responded with deafening banging of desk lids.

All the while M. Waldeck-Rosseau remained in the tribune erect and apparently unmoved.

Finally one of the most disorderly scenes ever witnessed in the chamber was ended by M. Deschanel putting his hat on, thereby suspending the session. The ushers immediately cleared the hall.

In view of many wild reports the resumption of the session was awaited with feverish interest. When the doors were reopened, the deputies and public flocked into the hall, and it was immediately remarked that General de Galliffet was absent.

M. Waldeck-Rosseau ascended the tribune, and his first words tended to confirm the lobby reports, as he immediately made an apologetic explanation of his previous remarks. He said:

"I declare I never had any intention to incriminate the character of an officer whose service has been particularly brilliant. In expressing myself as I did on his act I only repeated what the minister of war had previously expressed, and I join in the eulogies he addressed to the loyalty of the army."

"We accept your apologies," cried M. de Cassagnac.

M. Deschanel then read a number of orders of the day criticising the government's attitude and one proposed by M. Leon Bourgeois, Republican Radical, couched thus:

"The chamber, approving the act of the government and confident of the devotion of the army to the fatherland, and the republic passes to the order of the day."

The motion of M. Bourgeois "approving the acts of the government" was adopted by 288 votes against 247, and the second portion was passed unanimously. The session was then adjourned until Thursday next, and the chamber emptied amid ministerial shouts of "Vive la republique." The Waldeck-Rousseau cabinet thus emerged victorious from the most vigorous assault yet delivered against it.

Pennsylvania the Winner.

PHILADELPHIA, May 29.—The second dual track and field contest between the University of Pennsylvania and the University of California, postponed from May 19, took place yesterday on Franklin field and was won by Pennsylvania by a score of 76 points to 20. California's most noteworthy performance was the hammer throw by A. Plaw. In this contest the big westerner beat the intercollegiate record by casting the hammer a distance of 165 feet 0½ inch. He holds the intercollegiate record of 154 feet 4½ inches, made at the intercollegiate games last week.

"Boxers" Threaten Peking.

PEKING, May 29.—The diplomatic corps is now in session, considering the situation caused by the "Boxers." The foreign guards will certainly be brought here. The position of affairs is alarming. Railway communication with Tien-tsin is interrupted. The "Boxers" have burned Lin-Lino station, 29 miles from Peking, and murdered the Chinese employees of the railroad company. It is rumored that the "Boxers" are marching on Peking. The United States cruiser Newark and a French cruiser have arrived at Taku.

Gift to Pennsylvania University.

PHILADELPHIA, May 29.—President Harrison has announced a gift of $20,000 from J. Dundas Lippincott, a prominent local citizen, to the University of Pennsylvania in memory of Joshua Lippincott, his father. One of the dormitory houses will be named "The Lippincott House." Mr. Lippincott recently erected at the University hospital an operating room in memory of his uncle, James Dundas.

Mrs. Howe Re-elected.

BOSTON, May 29.—At the thirty-fourth annual meeting of the New England Woman's Suffrage association Mrs. Julia Ward Howe was re-elected president, Mrs. Ellen M. Bowles of Providence corresponding secretary, Miss Eva Channing recording secretary and Frances J. Garrison treasurer.

He has paper napkins and fountain pens,
And the sweetest, loveliest, dearest things.
He has dominoes, checkers and playing cards,
Duplicate whist and tally cards,
Crokinole, archarena and also chess,
And all other kinds of games, I guess.
"He has papeteries in greatest array,
From the daintiest tints to the very gay—
"You've said quite enough, my pretty maid,
I must see that wonderful store," he said.

A SECRET TREATY.

Senator Wellington Says One Exists With England.

WASHINGTON, May 29.—In the course of a speech in favor of the adoption of a resolution expressing the senate's sympathy for the Boers yesterday Mr. Wellington of Maryland referred to a secret understanding existing between the United States and Great Britain. When Mr. Lodge of Massachusetts demanded proof that such an understanding existed, Mr. Wellington said that, in the circumstances, it was difficult to present tangible proof, but he believed the proof could be found in the secret archives of the state department. Mr. Lodge replied that under our form of government no such understanding could exist, and as the secretary of state had emphatically denied the existence of any alliance or understanding he believed the country would accept his statement as true.

The reading of the sundry civil appropriation bill was completed, but not all of the committee amendments have been disposed of. A lively debate was precipitated over the proposition to continue the life of the industrial commission until Oct. 31, 1901. Charges were made that the commission was being used as a Republican campaign machine and that important testimony had been suppressed. The committee amendment, however, was agreed to.

It was a dull day in the house considering the near approach of the final adjournment. The Alaskan civil government bill was passed, and some odds and ends of legislation were cleaned up. Mr. Dalzell gave notice that the antitrust resolution and bill reported by the judiciary committee would be considered tomorrow, Thursday and Friday under a special order.

CONDENSED DISPATCHES.

Gas from a fire in the Hecla mine at Houghton, Mich., killed one man.

The American liner New York arrived in port two days late because of a broken port propeller.

A new flagstaff 125 feet high and costing $1,200 has been erected at the Brooklyn navy yard.

A Korean official confessed, under torture, names of those alleged to have murdered the queen.

During a severe storm in Chicago two persons were killed and two seriously injured by lightning.

A cargo of purple ore, dug from the buried amphitheater in Telmessus, arrived at Philadelphia.

At Sydney, N. S. W., there have been 247 cases of the bubonic plague, of which 89 have resulted fatally.

The king of Tonga objected to the British treaty and insisted that his family should retain the throne.

Kumassi Relief Opposed.

LONDON, May 29.—A dispatch received at the colonial office from Accra, British Gold Coast, announces that Colonel Wilcock's relief force, which had only just started for Kumassi, has already met with opposition. One officer is reported wounded. The Accra dispatch of Sunday, which reported that three European officers were killed and one captain and 100 Hausers were wounded, seems to refer to the fighting which occurred a couple of months ago. The government does not appear to be apprehensive of any serious extension of the rising.

Railway Station Burglarized.

NEWARK, N. Y., May 29.—Early yesterday morning the West Shore station in this village was entered by burglars and several dollars in pennies and silver carried off. A large automatic weighing machine had been shattered and a quantity of pennies carried away. A chewing gum machine was also missing. The burglars made a fruitless attempt to open the safe in the ticket office, smashing the combination lock off and tampering with the hinges. It is estimated the burglars took about $120 worth in money and property.

Ahmed Pasha In Philadelphia.

PHILADELPHIA, May 29.—Vice Admiral Ahmed Pasha of Turkey has arrived here from Washington. He was met by members of the Cramp shipbuilding firm and was shown through the company's extensive yard. Last night he was entertained by members of the firm at dinner. Nothing could be learned from the vice admiral or the Cramps as to whether the Turkish government is to place a contract for a warship in this city.

Telegraphic Rates to Cuba.

NEW YORK, May 29.—The Western Union Telegraph company announces a rate to places in Cuba beyond Havana of 20 cents per word from its offices east of the Mississippi river and 25 cents per word from its offices west of the Mississippi river, to take effect on and after June 1.

To Plead Guilty.

BUFFALO, May 29.—It is announced that Fred L. Newton, the defaulting teller of the Fidelity Trust and Guaranty company, charged with grand larceny, first degree, in embezzling $48,000 of the funds of the bank, will plead guilty.

The Czar Breaks a Record.

ST. PETERSBURG, May 29.—For the first time on record the czar invited the members of the British embassy to dinner on the occasion of the queen's birthday last week. This innovation is regarded as of great political significance.

SEEING THE ECLIPSE

Ideal Weather Along the Line of Totality.

MANY SUCCESSFUL OBSERVATIONS.

Across the United States From Norfolk to New Orleans, In Africa, India and Spain, Scientific Parties Well Repaid For the Trouble.

ATLANTA, May 29.—In every section of the southeastern states over which the belt of totality of the sun's eclipse extended the weather was ideal for the observation of this remarkable phenomenon.

In the southern portion of Alabama there was some haziness, but other than this the astronomers and scientists who located their observatories in North and South Carolina, Georgia, Alabama and Louisiana report that the weather could not have been more auspicious for the study of the sun's eclipse and for securing splendid photographs of it.

From the many stations of observation established by universities and scientific and private parties the reports indicate that the taking of scientific data was entirely successful, and no incidents occurred to mar in the smallest degree the full benefit that was expected to be derived from the event by the scientists, many of whom made long journeys to view the eclipse for 85 seconds.

Professor Lord of the Ohio State university believes he obtained results that tend to prove that the mysterious matter which forms the corona is to be found also in the solar prominences. The existence of protuberances on the sun was reported by Professor Pickering of Harvard. From the standpoint of grandeur the spectacle was awe inspiring. The movements of the heavenly bodies were rapid. Not over five seconds elapsed from the time of the first contact until the great shadow was seen sweeping over the earth from the southwest. Just as the moon covered the face of the sun Mercury came into prominence.

The United States naval observatory achieved splendid success at both Barnesville and Griffin. Professor Updegraff, who directed the work at the government station at Barnesville, says of the observations at that point:

"The weather was very favorable, and the conditions under which observations were made were good. Our programme was carried out without interruption, without accident or delay. We secured 20 photographs on the five cameras mounted on the polar axis and four photographs with the large photoheliograph. The transparency of the sky was good, and the steadiness of the air was excellent, in fact it was unusually good. We feel, as far as we can tell at this time, that the observations were entirely successful."

At the stations of the Philadelphia High school and University of Pennsylvania observations were attended with very gratifying results.

The accuracy of the results at Griffin will not be known for some time, as the photograph plates will not be developed at present. A few minutes before totality clouds drifted across the sun's face and cut off a good portion of the light. It is a disputed question whether there was any haze before the sun during totality.

Dr. Brown, the director of the observations, thinks there was a very slight cutting off of the light on this account, as does also Dr. Humphreys. Professor Mitchell and others of the observers, however, who watched this particular phase of the eclipse, say that there was no interference or if there was so slight as to be inappreciable.

The report of Professor Alfred E. Burton, in charge of the expedition from the Massachusetts Institute of Technology at Washington, Ga., reads:

"The weather here was perfect. Time of totality 1 minute 25 2-10 seconds. The magnetometer showed no disturbance in magnetic declination. Seven sketches were made of the corona."

Professor W. H. Pickering, at the head of Yale's expedition, furnished the following statement:

"We secured 36 plates with intramercurial apparatus and 34 with other cameras, aided by 19 assistants. The plates will be developed in Cambridge observatory. The corona resembled that of the 1889 eclipse. Two large solar protuberances, Venus and Mercury were conspicuous. The inner corona was visible in the telescope several seconds after totality was over. There was no dark band around the moon's limb during the partial phase and no detail on the moon during totality."

Professor W. W. Campbell, astronomer in chief of the Lick observatory expedition, states:

"Forty-two photographs were secured. The corona had somewhat the appearance of the corona in 1898 as observed in India. Two prominent streamers extended to the west near the line of the solar equator to a distance equal to about five or six diameters of the sun, several million miles.

"One prominent streamer to the east of the sun and north of its equator was traced to equal four diameters of the sun. The corresponding streamer south of the equator was very much less prominent. The shadow bands were observed easily at the beginning and ending of totality.

"The eclipse occurred seven seconds earlier than was expected."

The observations at Siloam, Ga., were a complete success.

Professor Charles Burkhalder, observer in charge of the Chabot university eclipse station, gives the following statement regarding his work:

"The corona appeared strikingly like that of the eclipse in India in 1898. The pictures taken vary from 2 to 1 1-100 of a second at the moon's limbs and 4 to 6 seconds at the outer limits, two plates giving 4-100 to 8-100 inside and 4 to 8 seconds outside exposures, with intermediate exposures for intermediate places."

IN VIRGINIA.

Favorable Conditions For Observing the Eclipse.

NEWPORT NEWS, Va., May 29.—The total eclipse of the sun was viewed here and at Old Point Comfort under meteorological conditions which the astronomers pronounced perfect. Thousands of people from various parts of the country flocked to the Virginia peninsula. Scientists, members of the faculties of half a score of institutions of learning, fellows of the National Geographic society and representatives of the Smithsonian institution touched elbows with statesmen, tourists and sightseers on the piers and other points of vantage looking out upon the waters of Hampton Roads and Chesapeake bay.

Totality began at 8:53. The scene on the water front at Old Point during the brief period of occultation was weird and impressive. A few moments before the sun passed into absolute obscurity, while the shadows were gathering thick upon the white sand, a corpse was thrown upon the beach in front of one of the big hotels by an incoming billow. The ghastly object splashed directly under the eyes of a group of observers. It proved to be the body of William McGone, who was drowned in the bay last Thursday while fishing.

The period of totality was long enough to permit observers to take in all of the beauty of the corona and then to glance around at the landscape and notice the effect. The water presented a gloomy picture, and low down next the earth there was a touch of red which resembled a sunset.

Eros Found.

DENVER, May 29.—While Professor H. A. Howe was waiting in the Chamberlain observatory for the sun to rise, and the eclipse to begin he made one of the most important observations of the year, the rediscovery of the planet Eros. This tiny planet, which was discovered only two years ago at the Berlin observatory, has been looked for since last September, the time when, according to calculations, it should emerge from behind the sun. Astronomers all over the world have been scanning the skies for it, but without success. Professor Howe discovered the planet near the first point of Aries.

As Seen In Spain.

MADRID, May 29.—The solar disk appeared reduced almost one-half. The squares, streets, balconies and terraces were crowded with people observing the details of the phenomenon through smoked glasses. All the shops were closed at Plasencia as the hour of the eclipse approached. At Lisbon the eclipse began at 2:07:43 and terminated at 4:39:01. During its continuance the stars became visible, and the temperature fell.

Successfully Observed In Africa.

ALGIERS, May 29.—The eclipse was observed here under fine conditions. The sky was almost cloudless and the atmosphere almost transparent, although not of the deep blue usually associated with the Mediterranean. Observing parties were here from England, France, Germany, Italy and Switzerland, the largest being the British.

The Eclipse In India.

OVAR, May 29.—The duration of the totality was under three seconds. The thermometer dropped 4 degrees. The planet Mercury was plainly visible. Despite some clouds excellent negatives were obtained of the corona, which differed little from that observed during the last eclipse in India.

BRIDGE WORK

in Dentistry is the best substitute for nature's work that can be done. Sound roots may be built up and crowned and thus fill up an unsightly space. It has to be made of a material that has strength and durability and one that will not discolor. Gold is the one that stands the test. That is the secret of the expense. But the advantages of a bridge over a plate are many times more than the cost of one compared to that of the other.

Giant Remains Found.

ATLANTIC CITY, May 29.—Former Freeholder Stewart H. Shinn of this city while on a gunning cruise a few days ago discovered the remains of a gigantic animal. Only three bones have been taken out, but an effort will be made today to unearth the entire skeleton. The skeleton is imbedded in the marsh at Grassy point. The meadows separate this island from the mainland. Each of the three bones taken out weigh 40 pounds and is 13 inches long and 40 inches in circumference. Over 50 feet of the backbone was located, but there was no sign of an end.

Robber Meets His Match.

CHICAGO, May 29.—A robber was shot and fatally wounded last night while attempting to hold up Jacob Wolf's jewelry store, 147 Thirty-first street. Three bullets were sent into the man's brain before he fell to the floor. Wolf is suffering from three ugly cuts on his hand which were inflicted by a rusty iron bar wielded by the highwayman. For each blow the watchmaker returned a shot from his revolver.

Sheriff and Deputy Shot.

THOMPSONS, Utah, May 29.—Sheriff Tyler of Grand county and Deputy Sam Jenkins were shot and killed by outlaws on Hill creek, 40 miles north of here, on Saturday. The murderers are known as the "Dilley" band of outlaws, and three posses had been hunting for them. Tyler and Jenkins were accompanied by a third man, who succeeded in getting away and came here for assistance.

Salisbury to Retire.

LONDON, May 29.—A rumor is current in the lobbies of the house of parliament, and which was said to have originated at the Carlton club, that the Marquis of Salisbury will retire from politics at the next general election.

Berlin Court In Mourning.

BERLIN, May 29.—Emperor William has ordered the Berlin court to go into mourning for five days because of the death of Prince William of Hesse.

BOERS ON THE RUN.

Roberts Gives Them No Time to Resist.

THE BRITISH NEAR JOHANNESBURG.

General French Said to Have Already Entered the Town—Panic and Confusion Prevail In the Transvaal.

LONDON, May 29.—Lord Roberts is now within a day's march of Johannesburg, and General French and General Ian Hamilton fought the Boers from noon until evening on Monday, with what result is not known here.

A news agency asserts that it is rumored in Cape Town that General French has entered Johannesburg. An official report from Mafeking as to the total casualties during the siege shows the following losses among the combatants: Officers, 5 killed, 15 wounded, 1 missing; noncommissioned officers and privates, 51 killed, 103 wounded, 25 missing; 15 died from disease, and 5 were accidentally wounded.

The war office just before midnight published the following dispatch from Lord Roberts, dated Klip River, Transvaal, May 28, 5:25 p. m.:

"We marched 20 miles today and are now 18 miles from Johannesburg. The enemy had prepared several positions where they intended to oppose us, but they abandoned one after the other as we neared them.

"We pressed them so hard that they had only just time to get their five guns into train and to leave this station as some of the West Australian mounted infantry dashed into it.

"French's and Ian Hamilton's forces are apparently engaged with the enemy about ten miles to our left, as firing has been heard since noon.

"H. J. Whigham has just returned to Lourenco Marques from Pretoria, where he went disguised. He wires that Kruger has all the arrangements made for flight, presumably to Holland. A special train, provisioned, is always ready with steam up. The train waits some distance from Pretoria.

"The farmers near our line of advance are surrendering, with their arms and horses.

"Rundle occupied Senekal on May 24. No report of what took place has reached me yet."

The Lourenco Marques correspondent of The Times, telegraphing Monday, says:

"Commandant General Botha consulted the Transvaal government a few days ago and in the strongest terms urged capitulation, recognizing that the struggle is utterly hopeless. Neither persuasion nor the liberal use of the sjambok can induce the men to stand. Steyn is equally emphatic for peace, but Kruger is still obdurate. The strong feeling of the Pretoria peace party, however, may at any moment carry the point."

MORE FILIPINOS YIELD.

General MacArthur Reports the Surrender of Two Bands.

WASHINGTON, May 29.—General MacArthur has cabled the war department from Manila under date of May 28, reporting the surrender of more insurgent organizations intact. General MacArthur says:

"Three officers and 56 men, with 46 rifles, surrendered unconditionally at Cuyapo yesterday. Three officers and 46 men, with 55 rifles, surrendered unconditionally today at Tarlac. These spontaneous surrenders are very encouraging."

General Corbin said that General MacArthur's dispatch shows that the situation in the Philippines is improving. The present policy of the army, he said, is to disarm and not to kill the Filipino insurgents, and that object is being facilitated by the action of the Filipino captains in getting their men together and surrendering in a body. In such cases the men get receipts for their arms and ammunition.

Otis Due Today.

SAN FRANCISCO, May 29.—Major General Elwell S. Otis, former commander in chief of the American forces in the Philippines, is expected to arrive here today. The transport Meade, with the general aboard, left Nagasaki on May 13 and should now be within a few hundred miles of the Golden Gate. Elaborate preparations are being made at the Presidio for the reception of General Otis. All soldiers out on passes have been ordered to report for duty, and the post is being renovated in anticipation of his visit. He will hold a review and inspection of troops before resuming his journey eastward.

Shot by Unknown Assassins.

ANOKA, Minn., May 29.—William Wise, a farmer, was sitting at a table with his wife and four children in their home ten miles from here last night when some persons fired through the window with a shotgun and a Winchester rifle. William Wise, Jr., 7 years old, fell dead, a bullet striking him in the back and emerging from his cheek. James Wise, 11 years old, was shot through the right lung and lost two fingers of his right hand. William Wise, 38 years old, was shot in the right shoulder from behind, ten buckshot entering his body. He is paralyzed and will die. Mrs. Wise was shot in the back, the bullet emerging from her abdomen. She was also hit in both arms and will die. Eliza and Martha, the daughters, escaped.

Benham Again on Trial.

CANANDAIGUA, N. Y., May 29.—For the second time Howard Curtis Benham was yesterday placed on trial for the murder of his wife, Florence Tout Benham, in Batavia, N. Y., Jan. 4, 1897. The first trial took place in Batavia and resulted in Benham's conviction. The court of appeals affirmed the conviction and preparations were made for the execution of the death sentence. In the meantime Benham's lawyers had been active, and proceedings were begun to get a new trial. The execution, which was to take place on Jan. 2 last, was temporarily staid, and on Feb. 6 Justice Hooker handed down his decision granting Benham a new trial.

Damage by High Tides.

MONMOUTH BEACH, N. J., May 29.—The high east wind of the last two days has raised very high seas along the Jersey coast, causing a great deal of damage. Two cottages at Galilee owned by Miss D. Storms of New York had the bulkheads broken, and another high tide would have wrecked the buildings. A cottage owned by H. A. Rider of New York was washed into the sea and is a total wreck. At North Long Branch the drive along the ocean was washed away for a distance of 100 feet, leaving nothing of what was once a 50 foot drive. The iron pier at Long Branch was also damaged by the heavy seas.

Taylor Is Willing.

MARTINSVILLE, Ind., May 29.—W. S. Taylor has issued the following after consulting several prominent Kentuckians: "To the Citizens of Kentucky—In response to inquiries from many Kentuckians I would say I shall not seek nor would I decline the nomination for governor. The mandate of those struggling for civil liberty in Kentucky should be obeyed. After taking a rest for the benefit of my health, which was seriously impaired by the struggle just ended, I shall be ready to do whatever in the judgment of the liberty loving people of Kentucky is my duty to them and the state."

Prince Climbs Sulphur Mountain.

BANFF, N. W. T., May 29.—The ascent of Sulphur mountain, in the Canadian national park, was made Saturday by Prince Kalamanola of the Hawaiian Islands under the charge of the Swiss guides stationed at Banff. The summit was reached in three hours, the last part of the climb being made through deep snow. The prince, who is en route for the Paris exposition, has left for the east.

Straw Works Burned.

FOXBORO, Mass., May 29.—The Union Straw works of this place were destroyed by fire last night. The loss is nearly $150,000. Straw plaiting was the only industry of the town, and the loss will be severely felt.

A Vice-Presidential Candidate.

The nomination of Col. Bryan as the Democratic candidate for President being conceded long before the National convention meets, the next great subject that looms up for settlement at the Kansas City gathering is the question of who will be the Nebraskan's running mate. Many names have been mentioned in connection with the Vice-Presidential nomination, but as the date of the convention draws nearer there is one that seems to be regarded with more favor than any other. It is the name of William Sulzer, Congressman from New York.

The fact that Mr. Sulzer is a formidable aspirant for the second highest office in the gift of the people of this country possesses a close interest for New Jersey, and particularly of Union county. It is a fact probably not generally known that Mr. Sulzer is a native of Union county, having been born in Union township, only a few miles from Plainfield, and attended the public schools in the city of Elizabeth till he was in his teens. However much men may disagree as to political ideas, there is a serene satisfaction is realizing that out of the section in which they live, and in which there must be an inherent pride and a desire to see it glorified and made prominent, a man has developed who has had the ability, the cleverness and the force to make for himself a place among the leading men of the country. That Mr. Sulzer, springing from humble parentage and battling against the odds of the world while striving to rise, has done.

If he is nominated to the second place on one of the leading tickets in a campaign which promises to be the most important and notable in the history of the Republic, it will be a distinguished honor and recognition that his fellow-citizens in the section in which he was born to that priceless heritage, a sovereign citizen of the United States, will at least—even though they are partisans of another political organization—appreciate as a choice which meets with local gratification and pride.

Considered from a purely Democratic view, the candidacy of Congressman Sulzer for this office has much that commends itself to the practical, sober view of the political situation. It is generally admitted that the Democratic ticket should be made up of an eastern Vice-Presidential candidate, and in considering those in the east who are regarded as available for the place, Mr. Sulzer's position in the party, as well as his official acts as a Congressman, strikes a sympathetic chord that vibrates the majority of the Democracy.

New York's electorial vote is regarded as very desirable—in fact, essential—to the success of the Democratic ticket. Mr. Sulzer would tend to do much in the second place on the ticket to stir New York, and especially Tammany Hall, to an exhibition of Democratic energy and aggressiveness that has not been witnessed in that commonwealth in several years.

As a native of New Jersey, the Democratic delegates to be elected at Trenton next Thursday to represent the State at Kansas City will undoubtedly regard Mr. Sulzer's aspirations to be Vice-President with more favor than any other name that will be mentioned in connection with that office.

Plainfield's Military Chance.

For several years there has been more or less discussion about organizing a company of the National Guard of New Jersey in Plainfield, but somehow the opportunity has never come so that the project could be carried out successfully. Now, however, it looks as though Plainfield's chance to secure a military company has about shaped itself in a practicable manner.

At the recent field day of the Second Regiment in Elizabeth the shortcomings of the company hailing from Keyport were so manifest, both from a military standpoint and as gentlemen, that Colonel Gilmore has recommended that the company be disbanded and a new company to take its place be organized in another town.

The determination of Col. Gilmore to effect this change is the chance which Plainfield should seize upon. Efforts should be made at once to start a movement to organize a company of the National Guard in this city, and in the meantime Col. Gilmore should be thoroughly acquainted with the military desires of the Eldorado of the East and its ability to furnish one of the crack companies of the Second Regiment.

A fine military company, attached to the National Guard, would be an excellent thing for Plainfield. That the city possesses the requisite material for such an organization no one can doubt. All it requires is for a few to take the initiative and enlist the interests and efforts of those who will undoubtedly be anxious to become members as soon as the first steps have been taken.

The demand for charitable benevolences are many, but there is no enterprise depending upon the contributions of the public that is more deserving, or where funds are used to a more noble advantage, than the conduct of the fresh air camp by the City Union of the King's Daughters. Remember that every mite will be of material aid to this worthy charity, and that "he who gives quickly gives twice."

The Daily Press will not be issued tomorrow.

PASSING COMMENT.

Things that Are Not Exactly News but Just as Interesting.

Sunday Julia Ward Howe celebrated her eighty-first birthday. In girlhood she and her two sisters were known as the "Three Graces," but in later life she became equally identified with the "Muses," and has been an important figure in the social progress of her time."

* * * * *

Judging by the complaints made Sunday it would seem as if one Westfield and Elizabeth Street Railway conductor had made a new schedule of fares to suit himself. He threatened to put a whole car load of people off because they refused to pay an extra nickel, making a twenty cent fare when the rate is only fifteen. The passengers finally paid the fare in preference to getting off. He also stopped the car to put a little child off, who the mother claimed was under age, and because she did not have the three cents. The fare was paid by a sympathetic passenger.

Love's Young Dream

Is soon dissipated when there's trouble with the cooking. There's sure to be if you don't use the right sort of utensils. Cheap enameled ware scales gets into the food and makes stomach trouble. How is it cheap anyway, since it wears out so soon? But imported Stransky ware—quadruple enameled—wears for years, is pure, clean—like china inside—and cheaper than the cheapest when length of service is considered. Everything for the kitchen in this celebrated ware at Woodhull & Martin's.

Well-Known in Plainfield.

Invitations have been issued for the marriage of Mrs. A. I. Montinari to Dr. John J. Thomas, Thursday evening, June 2d, at St. Thomas' church, Washington, D. C. Mrs. Montinari is well-known to many Plainfielders, as she was the French instructor at the Plainfield Seminary for a number of years.

Mr. and Mrs. F. S. Brown and Mr. Betz and sister, of One-hundred and Seventy-seventh street, New York, spent Sunday with Mr. and Mrs. Cortright, of East Sixth street.

DOES COFFEE AGREE WITH YOU?

If not, drink Grain-O—made from pure grains. A lady writes: "The first time I made Grain-O I did not like it but after using it for one week nothing would induce me to go back to coffee." It nourishes and feeds the system. The children can drink it freely with great benefit. It is the strengthening substance of pure grains. Get a package today from your grocer, follow the directions in making it and you will have a delicious and healthful table beverage for old and young. 15c. and 25c.

NEWS OF THE SUBURBS.

THINGS THAT INTEREST SCOTCH PLAINS AND DUNELLEN.

Brief and Terse Observations Gathered by Alert Press Reporters to be Perused at the Supper Table at Your Leisure

DUNELLEN.

(Special Correspondence to The Press.)

Dunellen, May 29—The new office of Garretson & Gray on Washington avenue was taken possession of by the firm last Saturday. The office is a model one in every respect and is a credit to this enterprising firm.

A very pleasant surprise party was tendered to Miss Bessie Titsworth, of Cedar Cottage, last evening by about fifty of her young friends. The party met at the home of W. R. Larkin and proceeded to Miss Titsworth's in a body. Although taken completely by surprise she proved herself equal to the occasion and made an excellent hostess. Music and games helped to pass a pleasant evening and at their conclusion refreshments were passed. The time glided by all too quickly and it was with regrets that the young people were forced to say good night and return home.

There are more stone wagons passing through the borough now than there has been for a long time. Garretson & Gray have twelve teams at work carting stone to Plainfield, while a large number from J. Y. Wilson's quarry pass through with stone for the county roads.

The express train from Flemington, which reaches Dunellen at 7:45 a. m., was delayed for half an hour yesterday morning by a draw-head pulling out of a combination car. This is the commuters' train which leaves Plainfield at 7:55.

Eugene Brokaw has been appointed baggagemaster on the 8:38 train in place of Lewis Tinsman, who is now braking on Conductor Rarick's train. Bert VanHouten has secured a position as brakeman on the former train.

Carp fishing at New Market has become popular with the borough boys lately. Last Saturday Francis Ginder and Clarence Harrison made two fine catches. They weighed about five pounds each.

Thomas Laird, of Brooklyn, returned home yesterday after a pleasant visit with his sister, Mrs. A. W. Warden.

Besides a number of bicyclists a party of young people from Westfield took dinner at Taylor's Hotel Sunday.

The wedding of Miss Margaret Brennan and Luke Hurly was announced at St. John's church Sunday.

Mr. and Mrs. Parker, of New York, have returned home from a visit with Mrs. Archer, of Washington avenue.

Mr. and Mrs. William Dove, of Metuchen, visited Mr. and Mrs. William H. Terry, Sunday.

Mr. and Mrs. A. S. Roe, of New York, are visiting Mrs. Thomas, of Washington avenue.

The Dunellen ball team will journey to Raritan Wednesday and cross bats with the local team.

H. L. Terry and daughter, of Westfield, enjoyed a pleasant visit with his parents Sunday.

Harry Randolph, of Plainfield, has taken a position as extra brakeman on the Central.

Mr. and Mrs. J. S. Fisher, of Front street, are visiting friends in Philipsburg.

John Lindsey, of Plainfield, spent yesterday in the borough on business.

Edison Brown, of Bristol, Conn., is spending a few days with his mother.

John Fenner has returned from a visit to Easton and Bethlehem.

Miss Alice Frescoe, of Brooklyn, is visiting Miss Frances Hunt.

Harry Swackhamer spent Saturday and Sunday in Easton.

Percy Abbot spent Sunday with relatives in Westfield.

Jacob Ginder spent Sunday in Rockport, Pa.

PLAINS AND FANWOOD.

(Special Correspondence to The Press.)

Scotch Plains, May 29.—The executive committee of the Baptist Young People's Society met at the home of Rev. G. M. Shott last night to arrange for the annual strawberry festival. Thursday evening of next week was the date selected. The committee in charge are arranging an excellent programme of vocal and instrumental music. As this will be the first festival of the season in town the society hopes to have a large turnout of their friends. Admission will be 25 cents, including refreshments.

Tomorrow's observance of Memoral Day will be very quiet in town. The G. A. R. Post of Plainfield will have a delegation attend to the decorating of the graves of their comrades who lie in the Baptist Cemetery. For several years the residents of the village have observed the day in a fitting manner. But for some reason no one seemed to lead so the day will pass without the usual observance.

The Democratic voters met in Bucket and Engine Company rooms last night to elect one delegate to the State Convention which meets at Trenton May 31st. Charles H. French was made chairman of primary and W. S. Emery secretary. George A. Clark was elected as delegate to represent Fanwood township.

Scotch Plains is to have a merry-go-round. A large tent has been erected on Front street and one of the latest carosels will be in full blast in our midst within a day or two.

Mr. and Mrs. Cass Acheson and family, of Haziet, this State, have been visiting at the home of Mrs. Acheson's parents, Mr. and Mrs. Joseph Clark.

The local team will cross bats with the C. and C. ball team of Garwood on the diamond in the rear of the school building tomorrow morning.

A large number of wheelmen from town are arranging to attend the road race over the Irvington-Millburn course tomorrow morning.

The Misses Zsengles, of Brooklyn, have been visiting at the home of their aunt, Mrs. Frank Hosinger.

Mrs. John Marsh is entertaining Miss Emma Poole, of Plainfield, for a few days.

SOMERVILLE.

(Special Correspondence to The Press.)

Somerville, May 29—Officers Henderson and Koch arrested Ida Sharr, a colored woman, Saturday, for being disorderly on the streets. She resisted arrest, but was soon overpowered and taken to the jail and was locked up.

The new Board of Town Commissioners met at the Engine House last night, all the members being present but Hon. James J. Bergen, president of the Board. Considerable business was transacted, and the Central Railroad was jumped on to with considerable force. Commissioner Osborne first touched them up for removing the flagman from the Middaugh street crossing, and introduced a resolution that the counsel of Board be instructed to present an indictment against them when the next Grand Jury met, unless the matter was satisfactorily adjusted before. This was unanimously passed. Then a petition was presented by the property owners living along South street, protesting against the shifting of cars along the railroad from Division street to the Somerville Beef House. This shifting goes on at all hours of the day and night and the slumbers of residents are disturbed. Joshua Doughty threatened to have the railroad indicted unless it was stopped. He also said that the company had usurped Railroad avenue with their tracks and blocked that street to travel. The matter was referred to the committee on streets. The following officers were then elected: Assistant Secretary, A. P. Sutphen; superintendent of streets, George W. Abbott; counsel, James L. Griggs; superintendent of fire alarm, Jacob H. Gernert; superintendent of licenses, E. W. Farley. The salary of the police was fixed at $50 a month, a raise of $10 a month. Treasurer Taylor reported a balance of $7,338.15 on hand, and bills aggregating $903.48 were passed. The standing committees were announced, and the Board then adjourned to meet Monday evening, June 11th.

Dr. Frank L. Adair returned Saturday evening after having spent a pleasant trip in the south.

Mrs. J. H. Gumble, of New London, Conn., is visiting the Misses Dunn.

George L. Stevenson and wife returned Saturday from Pittsburg.

Alfred deCordova is very ill at his country home in North Branch.

Miss Pidcock, of Whitehouse, visited Miss Jamison last week.

SOUTH PLAINFIELD.

(Special Correspondence to The Press.)

South Plainfield, May 29.—Thomas Brantingham left today for the races at New Brunswick.

Last week someone broke into Tom Brantingham's stable at the driving park and stole considerable of his racing harness and fixtures.

The Township Committee are making arrangements to macadamize the road from town to Park avenue.

Mr. and Mrs. Milton Major returned yesterday from a visit to his parents in Pennsylvania.

The funeral of Paul Kamamasy's infant daughter was held yesterday.

P. J. McDonough has commenced grading around his new houses.

BOROUGH SCHOOL AFFAIRS.

Meeting of Voters to be Called to Decide on Raising Money for New Heating Apparatus.

The Borough Board of Education held at important meeting last evening, at which time there was a discussion of plans for the proper heating and ventilating of the Somerset street school. It was decided to call a meeting of the citizens early in June when a request will be presented for adoption of plans and execution of the work. The Board also discussed the enforcement of the new school laws regarding truancy and absence of scholars from school. The law only provides one excuse for absence, sickness, but it has been learned that parents had been keeping their children out for other reasons. Richard McDonald, janitor of the Somerset street school, was appointed assistant truant officer to help Chief Campbell in his work.

Another important matter discussed was manual training for the schools, and while nothing was decided upon the members considered the matter in a favorable light, and it is possible that something will be done later on.

It was announced that Miss Southworth, formerly a teacher in the High School, but who went to Binghamton, N. Y., would return and take the class taught by Miss Ada Terry in the first grade. Miss Terry has resigned. Nothing else of importance was considered.

Mrs. William Firstbrook, of West Fifth street, has returned from a visit to Belleville.

Arthur Williams, of Plainfield avenue, has about recovered from an attack of measles.

Miss Lydia P. Ackerman, of West Seventh street, has returned home after visiting friends in Philadelphia.

Borough Councilman Robert Clark has presented his wife with a very stylish low phæton, for her own private driving. It was used for the first time today.

Lokal-Nachrichten aus der alten Heimath.

Aus der Rheinpfalz.

Neustadt. Eine Versammlung von Weinbergbesitzern unseres Bezirkes beschloß, mit dem Massenabfang der Motten des Heu- und Sauerwurms in den Weinbergen ernstlich zu beginnen. Allabendlich sollen an 300 Schulknaben unter Leitung der Lehrer durch die Weingärten ziehen und mit den Fangfächern, die mit Klebstoff bestrichen sind, die fliegenden Motten abfangen.

Rohrbach. Durch herabstürzendes Gestein wurden in der Grube St. Ingbert zwei Bergleute verschüttet. Der eine, der 27 Jahre alte Johann Joseph Pfeiffer von Rohrbach, war todt, der andere, der Schlepper Anton Junker aus Kirrberg, war schwer verwundet.

Zweibrücken. Im Mannschaftszimmer der hiesigen Infanteriekaserne erschoß sich der aus Beilenhausen gebürtige Tambour Weißenstein. Furcht vor Strafe, weil er seinen Urlaub überschritten, war das Motiv der That.

Württemberg.

Stuttgart. Die württembergische Invaliditäts- und Altersversicherungsanstalt hatte nach der letzten Zusammenstellung ein Vermögen von 21,529,713 Mark, das heißt das Vermögen der Anstalt hat sich seit 1891 nahezu verzehnfacht. Im letzten Rechnungsjahre wurden an Beiträgen 3,760,294 Mark erhoben. Seit 1891 sind die Beiträge um über 1,000,000 Mark gestiegen. Die zur Auszahlung gelangten Invalidenrenten bezifferten sich ohne den Reichszuschuß im letztabgeschlossenen Rechnungsjahr auf 740,000 Mark, 1892 betrugen sie nur 24,517 Mark. An Altersrenten wurden im letzten Rechnungsjahr bezahlt 564,000 Mark, im Jahre 1892 wurden nur 275,000 Mark ausbezahlt. Die Kosten des Heilverfahrens beliefen sich im Ganzen auf 165,854 Mark.

Hölzern. Der Amts- und Polizeidiener Karl Bayer hatte in den Löwensteiner Waldungen eine ausgiebige Wilderei getrieben; ein Forstwächter ertappte ihn auf frischer That und nahm ihn nach einigem Widerstand fest. Das Gericht erkannte auf eine Gefängnißstrafe von neun Monaten.

Niedernau. Ein 20jähriger Gefangener, Albert Wisniewsky aus Landsberg a. d. Warthe, ist auf einem Fluchtversuch ertrunken, als er bei Niedernau den Neckar durchschwimmen wollte.

Ulm. Der Floßverkehr auf der Iller geht von Jahr zu Jahr mehr zurück. Nach einer von den städtischen Behörden aufgestellten Statistik sind im Jahre 1869 3192, voriges Jahr dagegen nur noch 914 Flöße hier angekommen. Der Rückgang wird noch zunehmen, da eine bedeutende Holzhandlerfirma (Mayser u. Buck) ihren Sitz von hier wegverlegen wird. So dürfte der Zeitpunkt nicht mehr fern sein, wo auch auf der Iller das letzte Floß fahren wird.

Baden.

Karlsruhe. Dieser Tage hat die elektrische Bahn das erste Opfer gefordert. Ein von Durlach kommender elektrischer Motorwagen erfaßte ein Steinfuhrwerk; der Dienstknecht Langendörfer aus Weingarten wurde vom Wagen geschleudert und buchstäblich in zwei Stücke zerschnitten, so daß der Tod sofort eintrat.

Kehl. Jüngsthin wurde der Kehler Hafen eröffnet und zwar zunächst für den Umschlag von Kohlen und dergleichen Massenartikeln, sowie für den Stückguterkehr an der Werfthalle. Der Getreidespeicher soll erst später mit Fertigstellung des Elektrizitätswerkes in Betrieb genommen werden.

Mannheim. Mit einem Festakte wurde hierorts der neue städtische Schlachthof, der mit dem schon seit einigen Jahren betriebenen neuen Viehhof ein Ganzes bildet, eröffnet. Die Größe der Anlage erhellt schon aus der einen Angabe, daß in der mit 50 Winden ausgerüsteten Großviehschlachthalle bei zehnstündiger Arbeitszeit 500 Stück Großvieh an einem Tage geschlachtet werden können. Die Kosten der Anlage, deren Bau drei Jahre in Anspruch nahm, beziffern sich auf 2,150,000 Mark.

Pforzheim. Der 33jährige Bijouteriefabrikant Wilhelm Zehetmayr hat sich mit Chankali vergiftet. Ueber das Motiv des freiwilligen Todes verlautet nichts.

Elsaß-Lothringen.

Straßburg. Kürzlich wurde mitgetheilt, daß die katholische Garnisonkirche in Straßburg von ruchloser Hand beschädigt worden sei. Es hat sich nun herausgestellt, daß die Beschädigung eine Folge des—südafrikanischen Krieges ist. Spielende Kinder, die mit Gefechten zwischen Engländern und Buren sich vergnügten, gebrauchten anstatt der Kanonen die Schleuder; sie überschütteten sich mit Steingeschossen und beschädigten dabei auch die Fenster der Kirche.

Diedenhofen. Anhier versetzte bei einem Streit zwischen italienischen und einheimischen Arbeitern der Italiener Tinozelli einem Arbeiter aus Redingen einen gefährlichen Messerstich in den Leib; er entfloh in eine an der deutsch-französischen Grenze gelegene Gastwirthschaft. Drei Arbeiter verfolgten ihn. Da sie ihn im Hause nicht vorfanden, steckten sie das Gebäude in Brand, das bis auf die Grundmauern niederbrannte.

Tailor-Made and Going-Away Gowns in Gotham

Elaborate Preparations Are Being Made for the Trip to Europe That Many Will Take

NEW YORK society people are preparing to depart for new fields, and, while Newport and all the other fashionable watering places in this country will be by no means deserted, yet there will be a greater exodus than usual to Europe, where the Paris exposition seems to be the drawing card.

While the people who are preparing for a trip to Europe may be classed as the fashionables, it is not the ultra select that is going. The women who make the styles and lead in the society affairs of this country will not visit Paris in any great numbers until fall, if they go at all, and from present indications it would seem that they do not intend to lend their presence to the fair with which Paris is attempting to attract the world. The fact is it is not considered fashionable to crowd into the jam that is attracted by a great international exposition. Your woman of wealth does not desire the world to think that she must attend these attractions for the purpose of seeing the sights that are offered. She would much rather convey the impression that they offer nothing new to her, and that she is not anxious to associate with the rabble that they attract, and this is probably true.

One would naturally think that American women would be willingly led by the Parisians, but such is not the case. Now, if it were, the society leaders of London, the ladies and duchesses and countesses, who demanded attendance, they would be much more willing to give obedience, for New York leans much more towards London than to Paris at the present time.

But the woman who is not blessed with sufficient means to keep up a magnificent summer establishment at Newport, and who must be content with at best a few days or weeks at some of the fashionable hotels of the place, finds it convenient to go to Paris for the exposition, and ignore the prejudices of their more fortunate sisters.

For this reason there is at present much preparation going on for the journey across the water. Many new gowns are being made, and many more have already been completed. Among these are a great variety of traveling and tailor-made gowns that will in many cases answer for traveling purposes.

For several days I have been studying some of these new gowns and have found much to admire in them. For the tailor-made gowns stitching seems to predominate, although the embroidery of silk, and sometimes chenille, are very much used, and the smart stitched bands also come in for a degree of popularity.

Of materials there are serges, Venetian cloth, cheviots, checked cloths, and all light weight cloths are being used, and there are beautiful medium shades in blue, purple and green, and tints of almond, willow, olive, lime and reed green, and high grades of red from ruby to deep claret.

TWO CHARMING TAILOR-MADE GOWNS.

To give an idea of these smart gowns a description of a few will serve a good purpose. One of them that is very attractive is of an almond tint in Venetian cloth. The skirt of this is made perfectly plain, with two box plaits at the back, and the nobby tight-fitting jacket is just below the waist line, with a spade front. It has a turn-over collar of black velvet, with strapped and stitched bands of black cloth down the front and around the jacket.

Another that is not less attractive is of a light weight cloth in a heliotrope shade. The skirt is stitched down each seam and has a double plait in the back. The jacket is tight fitting, with a double-breasted front. A large turn-over collar of white cloth stitched down the front and around the bottom with white silk. Six large fancy buttons adorn the front.

One that I thought a particularly neat suit is of a Venetian cloth in a medium shade of blue. The skirt has very little fullness at the waist line in the back, although at the foot it spreads out into graceful folds, and the little coat is semifitting, and decorated with rows of the fashionable machine stitching.

OF A SOFT SHADE OF BLUE LIGHT-WEIGHT CLOTH.

A smart gown that is to be worn without a jacket is of a soft shade of blue cloth, with the cross-over bodice edged with white cloth embroidered in blue braid. It has a high stock, and V front of soft silk. The skirt is trimmed down the front, and extending on each side towards the bottom in tunic effect, with the white cloth and blue braid.

One of the startling street gowns that will grace Paris is of a light weight cloth in the tone of ruby. The skirt is made with a panel front, with side plaits all around, stitched just below the knees. This is trimmed with seven rows of white mohair braid around the bottom of the skirt and on the tight-fitting bodice.

A gown of checked cloth is of a vivid red and green. The skirt has two box plaits at the back, with trimmings of red and green silk braid forming a short apron front. The bodice has a deep pointed yoke filled with rows of braid. The sleeves and high stock are finished in the same way.

SARAH DAVIDSON.

Already Tamed.

"I have decided," said the girl in blue, "that when I marry I shall marry a widower."

"Coward!" returned the girl in gray, scornfully.

Truly, it would seem that a woman should be willing to tame her own husband.—Chicago Post.

FRICTIONLESS CHAIN.

Ball Bearing Put to a New and Seemingly Important Use by a Pittsburgh Inventor.

Ball bearings, which first became generally familiar through their use in bicycle bearings, have now become part of innumerable mechanical contrivances. Wherever it is desired to reduce friction to a minimum, or to obtain a particularly easily movable part a ball bearing is introduced, so that they are found in everything, from a car axle to a chair castor. Inventors have racked their brains in an endeavor to find new adaptations of this principle, and one of the most recently evolved, a ball-bearing chain, designed by a Pittsburgh patentee,

FRICTIONLESS CHAIN.

Robert A. Carter, is illustrated here. As shown, the links are provided at one end with a concave, or hollow, rounded seat, in which the steel ball is placed. The interlocking link engages with and bears upon this ball, this position being maintained by the shoulders or abutments, as indicated. By such means a particularly flexible chain is obtained, and one which can be used for a great variety of purposes, where it is desired to keep the chain in motion, and where the energy to do this is a factor to be considered.—Cincinnati Commercial Tribune.

THE WHEEL IN SPRING.

What to Do with a Bicycle That Has Been Stored Away Through the Winter Months.

A machine that has been neglected all winter should be taken entirely apart, if the rider knows how to do it, and every part closely examined, especial attention being paid to the joints and points of bearing. Kerosene is a good thing for cleaning, as it cuts rust quickly, but great care must be taken not to let any of it get on either the enamel or the tires.—In cleaning cups and bearings a great deal of care must be taken. When removing the bearings a cloth should be spread under the wheel so that these little steel balls do not become lost. It is advisable to keep the sets separate, even though may be of the same size. Bearings have a tendency after being in use awhile to wear off their own imperfections and adjust themselves to each other and the path they wear in the cups. Sometimes it makes quite a difference if one set is put in the place of another. Vaseline is used by many as a lubricant for bearings. In the case of tires the only thing to do is to inflate them fully. They may have become defective if they have been left deflated and standing on a floor. It is best to have an expert look after these. Dust may have clogged the plunger of the valve or the cement holding the valve in the valve-stem may have dried and broken. A defect of this kind may give the rider the impression that the tire has become porous. Any trouble with the valve can be easily detected by taking a small wine glass, filling it with water and holding it close to the rim so that the entire valve is submerged. If there is an escape of air it will be readily seen by small air bubbles in the water. The tire, in all cases where a wheel has been left standing all winter, should be removed and freshly cemented to the rim. The old cement cracks and will not hold. Unless attention is given to this the tire will "creep" the first time the machine is used and the valve-stem will be cut off.

The head or steering gear of the machine is another part that should be carefully examined. The head has a great deal to do with the easy running of a machine, so there must be a perfect adjustment. It is a part that is always moving in the act of balancing the wheel, and therefore has a great deal of wear. In addition to this there is an unequal strain. The bearing cups have to support nearly all the weight of the rider and all strains occasioned by the unevenness of the road. The bearings in the head do not have the full rotary movement as in other parts of the machine. There is only a backward and forward movement, often very slight, but enough to wear considerably. In the adjustment of the head care should be taken that it is neither too tight not too loose. Any looseness can be detected by taking hold of the handlebar and lifting it up and pressing it down alternately. If there is any looseness it must either proceed from the head or front wheel. A good plan after lubricating the bearings is to turn the front wheel around several times so that the bearings find their proper adjustment. Heads should work freely, but should always be rigid.—N. Y. Times.

Poison in Tobacco Smoke.

As the proportions of nicotine do not satisfactorily explain the poisonous effects of tobacco, H. Thoms assumes that the toxic substance is a new oil he has detected in tobacco smoke. This oil produces violent headache, trembling, giddiness, etc., and by treatment with a two per cent. potash solution yields a phenollike body with an odor like creosote.

Exit the Mine Mule.

Compressed air motors are supplanting mules in Michigan mines.

If Women Only Knew

What a Heap of Happiness it Would Bring to Plainfield Homes.

Hard to do housework with an aching back.

Hours of misery at leisure or at work.

If women only knew the cause;

Backache pains come from sick kidneys,

Doan's Kidney Pills will cure it.

Plainfield people endorse this.

Mrs. I. L. Holmes of 442 West Second street, says:—"I used several boxes of Doan's Kidney Pills for backache and derived more benefit from them than from anything else. Before I tried this remedy I was bothered almost constantly with a severe pain across the small of my back so bad at times that I thought I must give up. If I sat down and got up or was lying down and attempted to rise quickly or retained one position for any length of time, sharp, acute pain always followed. I saw Doan's Kidney Pills, advertised for such troubles and went to L. W. Randolph's drug store and got a box. They helped me from the first and I improved right along under the treatment."

For sale by all dealers, price 50c. a box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

BICYCLE LICENSE TAGS.

Not Used Very Extensively in This Country, But Quite an Institution in Europe.

In France and elsewhere where bicycle owners have to pay a special tax on their wheels name plates are required by law, giving the name of the owner, the license number and such other information as may be necessary. In this country the license tag is not at all general, but is usually resorted to only in local districts, as, for instance, where a club pays the toll for the use of the turnpike by its members for the season. This arrangement is very convenient, as it enables the rider of a wheel carrying a license tag to ride past the several toll gates without the annoyance of dismounting. The new device here illustrated, patented by

BICYCLE LICENSE TAG.

Joseph E. Fisher, of Buffalo, N. Y., is a particularly convenient form of such tags. It consists of a plate upon which the necessary inscriptions are made, and prongs or arms bent around the fork side of the bicycle to embrace it, its lower end being secured by the nut on the axle of the bicycle. This permits of its readily being slipped from the fork from above, and when fastened under the axle nut is prevented from working off. In this position the plate is very conspicuous and in a convenient position for being observed as the wheeler rides by.—Louisville Courier-Journal.

A PUNCTURED TIRE.

Molasses Is Not a Permanent Cure According to This Veracious Tale from Florida.

Peters is an ardent devotee of the wheel, and often takes long rides around the ten-mile road track. Last Sunday, when about five miles from town, he punctured the front tire, and the rubber collapsed. Sitting by the roadside he opened his repair kit and discovered that he had no cement, and thereby hangs the tale. Five miles is a long way to push a wheel to town on a hot day, and Peters was for a moment disconsolate. However, he started for home, but, reaching a negro's shack, he conceived the idea that perhaps the negro had some molasses in the house and it could be used to fill the puncture.

Five minutes and five cents convinced the negro that the idea was a good one, and Mr. Peters loaded his repair syringe with the good black product of the Florida sugar cane and commenced operations. He injected about half a pint of molasses into the tire and then applied the pump. The idea worked like a charm, the tire became inflated and Peters mounted his wheel and started for home.

Nothing happened until the discoverer of the new puncture cement reached Bay street, when, without a word of warning, the molasses began to squirt out of the puncture. The saccharine flew into Peters' eyes and covered his light new suit of clothes from collar to shoes. There was the usual crowd at the foot of Hogan street when this happened and Mr. Peters beat a hasty retreat into the pressroom of a newspaper, where his brother, who is there employed, scraped him off with a hammer and chisel.—Florida Times-Union and Citizen.

A Peculiar German Law.

Inventors in German factories have a hard time to profit by their brain work, according to a report to the state department by Consul General Guenther at Frankfort. He cites the case of a foreman who invented a substance used in finishing velvet. Because he imparted his invention to persons outside of the firm for which he worked the foreman was tried and convicted of revealing a trade secret, although this secret was his own. The German court took the ground that it was a duty of the foreman to make experiments; that his inventions belonged to his employers, and that he had no right to expose them.

Careful Fitting of Wheels.

The best bicycle in the world will not satisfy unless properly fitted to whoever uses it. Many a new rider, not posted as to the importance of correct adjustment, has discarded a good machine, which rightly regulated and accomodated to his use, would have served him well. Every dealer should provide his customers with ample information on this subject and see to it that every machine sold is carefully fitted to the rider before delivery.

Automobiles for Towing.

Probably the best type of automobile is one which will be used for towing purposes on the Erie canal, and which will be sufficiently powerful to haul from six to ten canal boats at the time. This machine is now in process of construction, and so sanguine of success are its designers that preparations are being made for turning out more of them.

Population of the Earth.

The population of the earth, as estimated by Ernest George Ravenstein some years ago for the Royal Geographical society, was 1,487,900,000.

GOLF PLAYERS OUT IN FORCE YESTERDAY

Exciting Competitions Held on Both the Hillside and Park Club Courses.

THE HYDE HOLIDAY CUP.

FIELD OF FORTY CONTESTANTS FOR THIS TROPHY.

Best Score Made by Fred P. Taylor—Semi-Finals for the Chapman Cup—Mixed Foursomes at Park Club, Too.

A field of forty players turned out for the first play for the Charles Hyde holiday cup on the links of the Park Golf Club yesterday morning. The competition proved a lively one. It was a handicap event, eighteen holes, medal play, to be continued Labor Day and Election Day, the four players making the lowest average net scores to qualify for the semi-finals Thanksgiving Day. The "duffers" were remembered with fat handicaps and came to the front in great style.

The best gross score was made by Fred P. Taylor from scratch, who played with Morgan T. Townsend, four strokes handicap. Their scores were as follows:

Taylor, out	5	5	4	5	5	4	5	4	8—45.	
Townsend	4	6	6	4	5	7	5	4	9—50.	
Taylor, in	6	5	6	6	5	6	4	4	6—48.	93
Townsend	5	7	5	4	6	5	7	4	6—49.	99

Charles E. Faber was low man, aided by the fat handicap of 46. The Rogers brothers were second and third. Fred P. Taylor was fourth.

Twenty-nine scores were turned in as follows:

	Gross.	Hand.	Net.
Charles E. Faber	131	46	85
Herbert S. Rogers	117	30	87
Frank Rogers	137	48	89
Fred P. Taylor	93	0	93
Gifford W. Cooley	105	12	93
Morgan T. Townsend	99	4	95
Wm. J. R. Thiers	97	0	97

Aubrey D. Hull	137	25	112
George D. Hallock	165	52	113
Phillip S. Suffrein	158	40	118
Clarence L. Murphy	148	25	123
Charles S. Cook	173	40	133

The event of the afternoon at the Park Club links was a mixed foursome handicap, eighteen holes, medal play. Eight pairs took part in the contest and all the card were turned in. Miss Valiant and Herbert Rogers had a close thing of it with the scratch team, Miss Saidee Mae Howell and Fred P. Taylor, but finally defeated them by a single stroke. The course was in the best of condition and a great crowd played both morning and afternoon. The scores in the foursome were as follows:

	Gross.	Hand.	Net.
Miss Valiant, Herbert Rogers	151	30	121
Miss Saidee Mae Howell, Fred P. Taylor	122	0	122
Miss Long, Allan B. Laing	156	30	126
Mrs. J. H. Howell, J. H. Howell	153	25	128
Miss Adelaide G. Ball, H. D. Hibbard	150	20	130
Miss Edith Clapp, Wm. H. Faber	169	30	139
Miss Daisy Eisberg, W. J. R. Thiers	148	7	141
Miss Shreve, Charles E. Faber	194	35	159

Yesterday was an ideal day for golf, and the Hillside Tennis and Golf Club course was crowded from early in the morning till almost dark. The course was in the best of condition and even the novices were able to make good scores. There was not a large programme of events for the day, but perhaps this was best, for it gave many an opportunity to play who otherwise would not have been able. The events for the day were the first round and semi-finals for the Chapman cup. Last Saturday the preliminary round for the Chapman cup was played and the following qualified: J. Whitney Baker, A. R. Fisk, Willard Wadsworth, Morris Dumont, W. L. Glenney, W. T. Kaufman, Howard Huntington and Olaf Sangstaud.

In the first round there was some good playing and the interest was intense. Olaf Sangstaud beat W. T. Kaufman 1 up; Willard Wadsworth beat J. Whitney Baker 7 up and 6 to play; W. L. Glenney beat Howard Huntington 8 up and 6 to play. Morris Dumont beat Reeve Stockton 5 up 4 to play.

Although the interest in the morning play was great, it was even more so in the afternoon, when the semi-finals were played. There is great rivalry between the contestants and it was a toss-up as to who would win out. A number of persons watched the contest with almost as much interest as the players. The result of

SELF SUPPORTING NOW.

HOME FOR GIRLS OF ST. JOSEPH'S CHURCH ESTABLISHED.

Greater Demand on the School for Girls Than it Has Been Possible to Accommodate Thus Far.

The home for girls that is being conducted on Manning avenue by the sisters of St. Joseph's R. C. church is now well established and self-supporting, not one penny from the church being given in support of the institution. The accommodations was so small that it became necessary to purchase additional property. The sisters were desirous of securing Mr. Braider's property adjoining that of the home, but he did not care to sell, so the next property was purchased of Michael Connoolly, and the sisters have been gradually furnishing the house. At present four girls are living at the new home and more will be received when the accommodations are properly arranged.

The work done at this home has been highly commended, and girls have been sent from there to all parts of New Jersey and New York, wherever there has been calls for help and there were girls to send. The great difficulty has been that the supply has been far less than the demand. There is always a demand for efficient help, and the Sisters strive to train girls to intelligently do work that is required of them about a house. They are taught all kinds of housekeeping, sewing, embroidery, music, etc., and when they complete their work are thoroughly capable. In fact, they are not sent out until they are.

The new home is well-adapted for the needs of the work. It is in many respects similar to the original home next to the church. The rooms are large, light and well-ventilated, and permit the best of work. There is a sufficient depth to the property to allow for a large addition to the home when the necessity demands it. Mother Raymond is in charge of the home, and she has the respect and esteem of those under her. She is proficient in all the various details of the work, and greater results are looked for in the near future.

FAST HORSES RACE.

New Brunswick Driving Association Held Successful Horse and Bicycle Races Yesterday.

(Special to The Daily Press.)

New Brunswick, May 31.—The New Brunswick Driving Association held a race meet on its track yesterday afternoon. In the 2:30 trot or pace, Parkway Stables' "Lawrence" won first money. Woodbrook Farm's "Barney Williams" was the only Plainfield starter and took third money.

In the 2:22 trot or pace, "Elizabeth D," belonging to Thomas Drum, of Elizabeth, won first money. "Myrtle Twig," belonging to A. J. Brantingham, of Plainfield, took second. "Gen. Brayton," from Parkway Stables, Brooklyn, won first money in the 2:40 trot and pace. Charles Brower, of Plainfield, captured second with "Patella."

In the bicycle races W. H. Cornwell, of Newark, won the mile open, and Henry Galchter, of Paterson, the two-mile handicap.

Walked for the Cake.

Washington Hall was crowded last evening with the friends of the Park Avenue Hotel waiters, under whose auspices a reception and cake-walk was given. Dancing was stopped at 11 o'clock for the walk, in which five walkers had entered. The judges awarded first prize to William Wilson and Mrs. Troy Gibbs, formerly Miss Maggie Bell; second to Harry Anderson and Louise Carr; third to Thomas Brokaw, of Somerville, and Miss Annie Hewlett.

Township Wins.

The controversy between the Millburn Township Committee and the Diamond Mills Paper Company over the maintenance of the bridge over company's raceway on Brookside avenue, Millburn, has ended. The paper company has decided to build a new bridge. The structure is to be built of heavy timber.

Reception to Seniors.

Miss Susie Glass, of the North Plainfield High School, will give a reception to the senior class at her home on Fairview avenue tomorrow night. There will be phonograph selections and recitations by Frank Bristol.

May Recover.

Joseph D. Spicer, of West Fifth street, improves very slowly from injuries he received some time ago. The physician as well as the family can notice the change for the better, and hopes of ultimate recovery are entertained.

BOYS IN BLUE HONOR THE VETERAN DEAD

Observance of Memorial Day Carried Out by Members of the G. A. R.

MUSIC HALL EXERCISES.

PATRIOTIC ADDRESS BY REV. W. C. SNODGRASS.

Impressive Ceremony of Decorating the Unknown Grave — Usual Parade Marked the Observance in the Morning.

Yesterday's observance of Memorial Day by the G. A. R. veterans was a success in every respect. The exercises began in the morning with the decorating of the graves of the departed comrades in the different cemeteries. Beside the Plainfield graves, those in Scotch Plains, Westfield and South Plainfield were honored by detachments from the local post.

The usual parade began at 10 o'clock and moved over a short route to the Methodist cemetery, where the graves were decorated, thence back to the post rooms. Those in charge of the parade were Marshall W. O. Smith and Commander J. F. Berg. The remaining officers of the day were Senior Vice-Commander Francis Whitely, Junior Vice-Commander Augustus Runyon, Officer of the Guard John Finley, Surgeon Israel Compton, Quarter-Master John Naylor, Adjutant E. C. Morse.

The day's programme concluded with the exercises at Music Hall, which began at 2:30. The house was filled long before that time. Bunting and flags were placed around the balcony and boxes, and lent a patriotic appearance to the hall. The veterans filed into the hall behind the Crescent band of Raritan, and took their places on the stage. A pretty bouquet was given to each veteran and pinned on their coats by the members of the W. C. T. U.

The ceremonies were opened with a prayer by Rev. J. O. McKelvey, of Warren chapel. A male quartette, composed of Clifford Braider, Arthur Smith, Wilson Derby and Frank McDonald, sang three songs acceptably. The post exercises were then given under the direction of the master of ceremonies, Dr. J. F. Berg, followed by a solo, "America Forever," by Miss Mira Marisona. Sixteen little girls than sang a chorus, and were followed by a cornet solo by Ben LaVere, with bugle and piano accompaniment. His accompanists were Herbert Harold and William Olmstead. Miss Alberta Barber also recited. The members of the post then went through the ceremonies of decorating the unknown graves, which represented those of their brothers who had fallen in battle and were buried in unmarked graves.

The exercises closed with the benediction and a tableau entitled "Rock of Ages, or Freeing the Slave," arranged by Comrade Mattox. Those who took part in the tableau were: "Slave," Miss Ella Phillips; "Emancipator," Miss Loretta Cashin; "Justice," Loretta Nash; "Rock of Ages," Edna Clum; "Victor," Comrade Compton; "Crowning the Victor," Ethel Clum; "Cherubins," Guthard Shephard, Rose Rottberg, Nettie Steiner, Mamie Sacher, Esther Wolf, Sadie Goldstein, Annie Neilson and Henrietta Welsh. The speaker-of-the-day was Rev. W. C. Snodgrass, of the First M. E. church. He gave an excellent patriotic address, which was frequently interrupted with applause. He spoke very feelingly of the reuniting of the North and South by means of the Spanish War, after all other means had failed.

A Beautiful Soprano.

Miss Dora Louise Topping, of New York, will be the soprano for the "Persian Garden" to be given at Y. M. C. A. Hall next Monday evening, under the direction of W. J. Romain. Miss Topping has a soprano voice that has placed her in the foremost rank of vocalists. It is a dramatic soprano of remarkable range and purity, a voice rarely heard outside of the Metropolitan Opera House. Miss Topping is the soprano for St. Anthony's church, Brooklyn, where she attracts many to hear her voice.

To Supervise Macadamizing.

George W. Reeve, of White Oak Ridge, Milburn, has been appointed by the Essex County Board of Freeholders as supervisor of construction of the new county road on Parsonage avenue, Milburn.

San Jose Scale Prevalent.

The San Jose scale has attacked the apple orchards in the vicinity of Whitehouse. An effort will be made to kill the pest in June by spraying the trees with petroleum.

STRONG SUPPORT FOR THE "FARMER ORATOR"

If Pledges Are Kept J. E. Martine Will Be Chosen One of "Big Four."

UNION IS ENTHUSIASTIC.

DEMOCRATIC STATE CONVENTION IS STRONG FOR BRYAN.

Convention Called to Order at 12:30—Adjourned for Dinner and Committee Conferences—The Probable Choice.

(By a Staff Correspondent.)

Trenton, May 31.—The chances that James E. Martine will be one of the "Big Four" to represent the Democrats of New Jersey at the Democratic National convention at Kansas City, have brightened visibly since the delegates to the Democratic State convention began to gather here last evening. If all the pledges made are kept the "Farmer Orator" will have a substatial majority on the first ballot. Union and Somerset counties are enthusiastic in their support of Mr. Martine. Hudson is pledged to stand by him while the Essex county friends of the "Farmer Orator" believe that they can hold that delegation solidly in his behalf.

The Union county crowd has been prominent all the morning working enthusiastically in behalf of Martine. A part of Essex started a boom in favor of Gotfried Kruger, of Newark, but it seems likely to be short-lived and that the support of Kruger will eventually rally to the support of the Plainfield politician.

There can be no doubt but that a majority of the delegates favor the nomination of Col. Wm. J. Bryan this year, and that they are likely to support a resolution to instruct the delegation to vote for him at the National convention. There has been no test of the strength of the opposition as yet, so it is impossible to say whether or not it will materialize.

It is barely possible that the "Big Four" will be chosen without opposition. A contest is generally expected but it will not last long. The four men who are the probable choice of the convention to go as delegates-at-large to the Kansas City convention are James E. Martine, of Plainfield; Robert Davis, of Jersey City; Former Congressman Johnson Cornish, of Warren, and Former Congressman Thomas N. Farrell, of Gloucester.

The Union county delegation held its caucus at the Democratic League Club rooms this morning. Lieut. Col. D. F. Collins, of Elizabeth, was made chairman, and John M. C. Marsh, of Westfield, secretary. The honors of convention were selected as follows: Vice-president, John L. Crowell, of Rahway; committee on credentials, Frederick W. Park, of Cranford; committee on rules and resolutions, Former Congressman John T. Dunn, of Elizabeth.

It was unanimously decided to support J. E. Martine for delegate-at-large to the National convention, and City Clerk James Manning, of Elizabeth, as Union county's representative at the Congressional district convention.

The Congressional district convention was held in the same place immediately after the adjournment of the Union county caucus, the Essex and Bayonne delegations arriving. James Manning, of Elizabeth, and M. J. Doyle, of Montclair, were chosen delegates from the Eighth Congressional district to the National convention. E. S. Wile, of Glen Ridge, and Frederick W. Park, of Cranford, were elected alternates.

The Somerset county delegation held its caucus at the Trenton House this morning. Andrew Lane, of Neshanic, was the chairman and John J. Gaffney, of Somerville, the secretary. The convention honors were assigned as follows: Vice-president, Dr. S. O. B. Taylor, of Millstone; committee on permanent organization, W. Henry Rogers, of Warren; committee on resolutions and rules, Sheriff Selah Schoonmaker, of Somerville; committee on credentials, Geo. S. Corle, of Neshanic. The delegation pledged itself to the support of Mr. Martine for delegate-at-large.

The convention was called to order at 12:30 o'clock in the Trenton Opera House by State Chairman Wm. B. Gourley, of Paterson. Just previous to the opening of the convention the Union county delegation proposed three cheers for James E. Martine which were given with a will by almost all the delegations.

Col. C. W. Zulick, of Monmouth, was introduced as the temporary chairman and William Devereaux, of

MANY BASEBALL GAMES CONTESTED YESTERDAY

Rutgers Preps Had No Trouble in Defeating the High School Boys.

ALSO BESTED LEAL'S TEAM.

NORTH PLAINFIELD HIGH SCHOOL WON OVER ARIONS.

Alis A. A. Unable to Get the Best of Leal's in the Morning—Warren Engine Company Lost to Fire Laddies of West End.

The boys from the Rutgers Prep School, of New Brunswick, had no trouble in defeating the Plainfield High School by a score of 14 to 3, on Martine Common yesterday morning. Townsend Mason pitched for the home team and was batted freely but he was given excellent support.

The teams batted as follows:

Plainfield High School: F. Mason, l. f.; M. Moynihan, s. s.; T. Mason, p.; Schomp, 3 b.; Doane, 1 b.; H. Moynihan, c. f.; VanAuken, 2 b.; Herman, c.; Pond, r. f. Rutgers Prep: Kuenhle, s. s.; Cole, r. f.; Adams, 1 b.; VanVechten, c.; Colson, p.; Kipp, c. f.; Pettit, 2 b.; Mittage, 3 b.; Milbur, l. f.

The score by innings:

Rutgers Prep	0	0	2	0	2	3	1	5	1	—14
Plainfield High	0	0	0	0	0	1	0	2	0	— 3

The Leal's School boys played two games yesterday on the Washington avenue grounds. In the morning they defeated the Alis A. A., of this city, but met defeat at the hands of the Rutgers Prep boys from New Brunswick in the afternoon. The teams batted as follows: Leal's School—Tilney, c.; Thompson, l. f.; Dupee, 3b.; R. Schoonmaker, s. s.; Millar, p.; W. Schoonmaker, c. f.; Vreedenburgh, 2b; Churchill, r. f.; Brown, 1b. Alis A. A.—G. P. Smith, 1b; Kline, p.; H. Smith, r. f.; Lederer, 2b.; Woolston, s. s.; Moore, c.; Phillips, 3b; Taylor, c. f.; Egan, c. f.; Beard, lf.

Score by innings:

Alis,	3	0	1	0	0	0	0	2	2	— 8,
Leal's,	1	0	1	1	2	3	0	2	x	—10.

The afternoon game looked like a victory for Leal's as well until the seventh inning came. Up to that time the home team was in the lead, 5 to 0. The teams batted as follows:

Leal's School: Tilney, c.; Thompson, l. f., s. s.; Dupee, p.; R. Schoonmaker, 3 b.; Millar, s. s, l. f.; W. Schoonmaker, c. f.; Vreedenburgh, 2 b.; Churchill, r. f.; Brown, 1 b.

Rutgers Prep: Keunkle, 3 b.; Cole, r. f.; Adams, p.; VanVechten, c.; Colson, 1. b.; Kipp, 3 b.; Pettitt, 2 b; Mittage, c. f.; Wilbur, l. f.

Score by innings:

Rutgers Prep	0	0	0	0	0	0	4	0	4	—8
Leal's School	1	0	1	1	2	0	0	1	0	—6

The Woodsides defeated the Plainfield Juniors yesterday morning by a score of 16 to 6. Score by innings:

Woodsides	3	2	2	2	0	7	0	0	0	—16
Plainfield Jr's	0	0	0	2	0	3	0	1	0	— 6

The North Plainfield High School team defeated the Arions, of Hope chapel, yesterday by a score of 11 to 8. The batteries were: Arions, Smith, Roseberry and Kennett; N. P. H. S., Armstrong and George. The pitching of Armstrong deserves special mention, as it was his first full game.

Among the interesting baseball games of yesterday was the one played in the morning between teams from Warren Engine Company and the West End Hose Company. The West End team won the game by a score of 20 to 16. Up to the fifth innings the Warren boys were ahead, but after that they became rattled. There was one accident, Robert M. Clark injured one of his fingers.

Stole Lamps and Cut Tires.

A mean and contemptible act was committed Tuesday evening. Mr. and Mrs. Harry L. McIntosh, of West Seventh street, rode their wheels to Watchung avenue, where they called on some friends. They left their wheels out doors and attached them with a bicycle lock. While they were inside some mean person or persons came along and cut the tires on the wheels and stole the lamps on them. The wheels were in the yard off the highway and anyone going near them was trespassing. Mr. McIntosh has offered a reward of $25 for the detection and conviction of the thief, and it is to be hoped that he may be found.

Looted Wheelmen's Rest
(Special to The Daily Press.)

Lincoln, May 31.—A few nights ago some thieves entered "Wheelmen's Rest," owned and conducted by Constable Polhemus. A quantity of cigars, confection and lunch was taken, and no trace of the thieves has been found. Mr. Polhemus now sleeps at the rest with a shot-gun close to his side and he has blood in his eyes for all intruders.

AFTER MELLICK'S MONEY

JOHN C. MORRIS APPOINTED ADMINISTRATOR OF ESTATE.

Two New York Men Who Claimed Relationship to Henry Mellick Cannot Be Found.

Those mythical nephews of the Middlesex county miser, Henry Mellick, who proposed to contest the disposition of a one hundred thousand dollar estate located just outside of Plainfield, failed to materialize in court at New Brunswick Tuesday.

When about a hundred cousins of the dead miser filed an application last week to have John C. Morris, of Stelton, made administrator, two men giving the names of John and Henry Mellick, of Schoharie county, N. Y., claimed to be nephews of old Mellick. Their claims were presented by Counselor Meyers, of Elizabeth, and he was given until yesterday to present these men in the Middlesex Court, as no one knew that Mellick's one brother had ever married.

Cousins by the dozen were present when the Orphans' Court opened Tuesday, and when Alan Strong, for the cousins, asked to have John C. Morris appointed as administrator the "nephews'" counsel had no objection. Judge Strong turned the big estate over to Mr. Morris, and he will divide it among the cousins after considering each claim. The estate is worth a trifle more than $100,000, and from the way cousins, first, second and third, are making themselves known very little will be left of the property of the man who would not spend money enough to have a will drawn.

TROUBLE AT WATSON'S.

Duffy and the Bartender Had an Encounter and Boyle Joined In—Both Men Fined.

John Duffy does not remember exactly what happened in Michael Watson's saloon on Grant avenue last evening. According to the statement of the proprietor and his bartender, Patrick Crystal, Duffy insisted upon drinking at the expense of the house and then beating the bartender with his blackthorn. Crystal took the blackthorn away and retaliated to the detriment of Duffy's face. In some way Patrick Boyle became mixed up in the fracas and was for damaging the bartender seriously. Sergeant Kiely and Roundsman Frederickson responded to the call for aid, and arrested both Duffy and Boyle. They were fined $5 each by City Judge Runyon this morning.

Camera Club Committees.

The committees of the Plainfield Camera Club have been appointed for the year as follows: House committee, W. W. Moore, chairman; Harold Serrell, George E. Holmes, J. Hervey Doane and Fred W. Stack; entertainment committe, J. Hervey Doane, chairman; Walter Freeman, Harry H. Coward; outing committee, George H. Fountain, chairman; Otto Arens and Harold Serrell; membership committee, Otto Arens, chairman; Asa F. Randolph and Harry H. Coward.

Young People Entertained.

Miss Belle Patterson, of Franklin place, and Miss Marion Bowen, of Watchung avenue, entertained a number of young people from Wilmington, Del., over Decoration Day. Last evening A. S. Patterson entertained the party at dinner at the Hillside Tennis and Golf clubhouse. During the day the party visited Glenside Park, near Feltville, where they had a delightful time. The guests returned home this morning.

Struck in the Face With a Ball.

During the ball game between the Leal and Rutgers teams yesterday afternoon, Miss Myra Emmons, of Prospect place, was struck in the mouth by a ball and had her upper lip badly cut. It bled so profusely, it was thought she was badly hurt, but fortunately she was not. She was taken home by an older sister.

Children's Fair.

Four little girls, Edith Glaentzer, Alice Sharkey, Ada Westphal and Ethel Lorton, will hold a little fair on the lawn adjoining No. 203 Watchung avenue, Saturday afternoon. The proceeds will be given to the Westfield Fresh Air Camp fund.

Certainly Was Crowded.

Ninety fares were rung up on a closed car of the Netherwood line yesterday between Dunellen and the North avenue switch. When it is remembered that the car only seats twenty comfortably, one can imagine what a crowded car it was.

Lawyer Bruce to Lecture.

Lawyer George H. Bruce will give a free lecture to the students and friends of Plainfield Business College, City Bank building, tomorrow at 12 o'clock.

HONORS AT THE HORSE SHOW FOR MISS FISK

Won Two Firsts and a Second at Union County Hunt Club's Show.

MORE PLAINFIELD WINNERS.

MISS HYDE RECEIVED FIRST AWARD IN SADDLE HORSE CLASS.

Chief Honors Went to Miss Fisk and Mrs. E. F. Lawton, of Newark—Held at Elizabeth—Was a Great Success—Many Plainfielders There.

(Special to The Daily Press.)

Elizabeth, May 31.—Society circles of Elizabeth, Newark, the Oranges, Plainfield and all this section of New Jersey were represented to the number of over three thousand at the second annual horse show of the Union County Hunt Club, held on the grounds of the New Jersey Jockey Club yesterday. The chief honors were carried off by Miss Louise G. Fisk, daughter of Former Mayor Charles J. Fisk, of Plainfield, and Mrs. E. F. Lawton, of Newark. Other Plainfield winners of prizes were Miss Edith Hyde and Lewis E. Waring.

In the first and second classes, for roadsters and horses in harness, there were no competitors from Plainfield. In class No. 3, for single horses to appropriate vehicles, Miss Fisk's "Brer Fox," driven by Charles W. Fisk, won over Mrs. E. F. Lawson's "Master Claude." This was the first time "Master Claude" has ever been scored over. A. R. Fisk and F. L. Schoonmaker were the other Plainfield entries in this class.

The same horses were the principal rivals in class No. 4, for ladies' harness horses, ladies to drive. As "Brer Fox" had already scored over "Master Claude" in the preceding class, it remained a matter of horsemanship to decide and Miss Fisk finally won by her superior handling of the ribbons.

E. M. Jackson, of Orange, won the fifth class for combination saddle and harness horses. Dan Runkle drove and rode Miss Fisk's "Brer Rabbit." The other Plainfielders in that class were Dr. M. O'M. Knott, Seigfried H. Arens, F. S. Schoonmaker and L. E. Waring.

In class No. 7, for harness tandems, the contest for the blue ribbon was very close between Miss Fisk's "Brer Rabbit" and "Brer Fox" and Mrs. E. F. Lawson's "Miss Earle" and "Master Claude." The Lawson tandem finally won on account of the better action of the wheeler. Miss Fisk's tandem took second prize. Her brother, Charles W. Fisk, drove. L. E. Waring drove Chas. H. Ross' tandem, but the rein on the leader broke as they entered the ring and a serious accident was narrowly averted.

The class for saddle horses, No. 8, was won by Miss Edith Hyde from a large field of competitors, among whom were Seigfried H. Arens, Augustus B. Fisk, Dr. Knott on Craig A. Marsh's "Marion," and C. W. Fisk on Miss Fisk's "Brer Rabbit."

The class for jumpers, No. 9, was won by Gallopin, owned and ridden by Jos. L. Frelinghuysen, of Somerville. Louis Batjer's "Hopie," ridden by C. W. Fisk, took second award. Miss Daisy Shepard and R. M. Shepard were also entered.

Dr. Knott, on "Black Diamond," was the only Plainfielder to ride for the Union County Hunt Club cup. In the steeplechase Edgar A. Knapp, of Elizabeth, won on his "Teddy B," and Lewis E. Waring was second on "Doctor." Waring rode a very clever race despite the fact that his glasses were knocked off at the first jump.

A party of forty Plainfielders attended the show in a private trolley car. There were many others who went by train and drove down.

FIRST CHOIR FESTIVAL.

Enjoyable Musical Entertainment to be Given Tonight at Holy Cross Church.

The first choir festival of the Church of the Holy Cross will be held in the church this evening at 8 o'clock. G. Edward Stubbs, the well-known choirmaster of St. Agnes chapel, New York, and who has the direction of the Holy Cross choir, will be in charge of this musical festival, assisted by Clarence D. Sears, organist. The parish choir will be augmented by sixteen choristers from St. Agnes chapel, New York, and will number in all about forty-five voices. Tickets for admission have been issued and may be obtained of the rector and members of the vestry.

A Bad Fall.

Fred Westphal, of Liberty street, is confined to his bed as the result of a bad fall, which he received while reaching for a package on a high shelf. He fell heavily on his side, sustaining several bad bruises.

HOWELL'S PULL.

Gets Liberal Allowances for Postoffices in His District.

(Special to The Daily Press.)

Washington, May 29.—Congressman Howell has been fortunate in prevailing upon the officials of the Postoffice Department to make some liberal allowances in his district. It was shown that the office at Belmar did a lot of distributing work through the summer season, and $650 has been allowed for extra compensation for clerical services for the ensuing summer season, beginning with July 1st. An allowance of $400 was made for the office at Freehold for additional clerk hire, and the salary of Charles Toland, a clerk in the Asbury Park office, was advanced from $900 to $1,000 at the request of the Congressman.

STRIKERS USE DYNAMITE.

Much Damage by an Explosion in St. Louis—More Bloodshed.

ST. LOUIS, May 31.—An attempt was made last night to blow up the trolley power house at Prairie and Easton avenues. Windows were shattered and walls cracked, but no one was injured. Thomas Kehoe, a striker, was fatally shot at Osage street and South Broadway, a Winchester bullet passing through his liver. The shots are said to have come from the second story of the Southern Electric power house. Kehoe was standing a block and a half away from the building when he was hit.

The police board has ordered Sheriff Pohlman to summon a posse of 1,000 citizens for the preservation of the public peace during the continuance of the strike. The order is issued in accordance with a section of the new police law which empowers the police board to call upon the sheriff to form a posse comitatus to assist under the board's direction, in the preservation of the public peace. The sheriff in the use of this force of citizens is absolutely under the control of the police board and must obey its orders.

A riot call was sent in from Cherokee and Nebraska streets last evening, where a crowd was stoning a Cherokee car. They dispersed on the appearance of the police. At Jefferson avenue and North Market street about 6 o'clock Thomas Reilly was shot through the left breast and mortally wounded while attacking a Jefferson avenue car. Fred H. Potter was shot through the hand.

Miss Corrine Hesser was attacked by a crowd of women late yesterday afternoon at Tenth street and Geyer avenue. She had just alighted from a transit car, and the strike sympathizers tore off nearly all her clothing.

Killed at Bicycle Races.

WALTHAM, Mass., May 31.—In an accident at the Waltham Athletic park yesterday during the bicycle races one racing man was killed and another received injuries from which he died two hours and a half later. The accident happened during the 20 mile motor paced international race. The two men who met their death were W. H. Miles of Lynn and S. F. Stafford of Cambridge, motor pacemakers for William T. Stinson of Cambridge. The accident was caused when Albert Champion got a fall on the fourth lap of the first mile.

Kentucky Cases Delayed.

FRANKFORT, Ky., May 31.—The court of appeals has refused to act on either of the cases of the minor state officers until docketed in the usual way. The effect of this is to lay the trial of the appeals over to the fall term of the court, and the contests otherwise remain in status quo. The matter could be taken up sooner by both sides agreeing to a motion to advance, but there is small probability that such an agreement will be reached.

Forest Fires In British Columbia.

TORONTO, May 31.—The government agent at Rat Portage reports that forest fires are raging in the Rainy river district, and already millions of dollars' worth of timber has been destroyed. Efforts were made to prevent the flames from reaching the districts in which millions of feet of cut logs were stored, but were unsuccessful.

Relief For Ottawa.

MONTREAL, May 31.—The Canadian Pacific Employees' Patriotic Relief fund has closed and a check for $12,033.64 sent to Treasurer Courtney at Ottawa. It is estimated that this amount represents 100 per cent of one-half day's pay for the entire system at present season.

WATCH YOUR KIDNEYS!

Never for one moment forget that your constant duty to yourself, to your business, to your family, is a constant watch on your kidneys. As the careful engineer watches each pulsation of his faithfully tended engine, so should you give the closest scrutiny to your kidneys, for are they not the great engines of human life? The kidneys filter the blood, all its impurities are left in the kidneys, to be, in turn, passed to the bladder and so find escape from the human system. Can you not readily see how with improperly working kidneys the blood scatters its poison, and before you know it you are in the clutch of Bright's Disease and death is upon you.

Hundreds of the sudden deaths you hear and read about are due to neglect of the signals nature gives, such as weak back and pains across the small of the back. If you ever have backache, don't hesitate, but seek the best and surest and quickest acting remedy at once

Dr. Holtin's Kidney Tablets

are made from the formula of a practicing physician and guaranteed to be the most efficacious in all diseases of the bladder and kidneys. They go at once to the weak spot and give quick strength; they are vegetable, easy to take and pleasant. Thousands owe life and health to them, and take them occasionally as a preventive, and thereby forestall the possibility of the dread of disease.

Look out for substitutes and take only the genuine Dr. Holtin's Kidney Tablets. Price 2 and 50 cents per package.

BRITISH IN PRETORIA

Roberts' Advance Guard Meets No Resistance.

DISCUSSING TERMS AT JOHANNESBURG

London Press Proclaims the End of the War—Transvaal Fugitives Flee to the Coast—Buller Reports Evacuation of Dornberg.

LONDON, May 31.—Yesterday at noon the British were only about two hours' march from Pretoria, and the Boer military force had abandoned the city. This intelligence comes from the Reuter agent at the Transvaal capital and from the Earl of Rosslyn in a press dispatch. The two messages left about the same time.

At 2 o'clock this morning the war office had received no news from Lord Roberts which the officials would make public, but it is assumed that the press advices are correct.

The morning papers print Lord Rosslyn's dispatch and comment upon it, treating the war as ended. Some of the more cautious critics think that guerrilla warfare is likely to be carried on for some time in various parts of the conquered territories.

Although the Boer forces are dissolving Lord Roberts apparently has not yet taken any considerable quantities of artillery, arms or stores. Large bodies of Boers must still be somewhere in the field.

The Daily Mail publishes the following dispatch, dated Pretoria, May 30, 11:40 a. m., from the Earl of Rosslyn, who was a prisoner at Pretoria, but who, as a civilian, appears to have been released:

"Pretoria will be occupied in about two hours without resistance. The president has gone to Watervalboven. Burgomaster de Souza is authorized to receive the British. He, with an influential committee of citizens, including Chief Justice Gregorowski, has been appointed to preserve life and property during the interregnum.

"Everything is quiet, but crowds are waiting expectantly in Church square for the arrival of the British.

"Fearing a possible disturbance and bloodshed among the prisoners of war at Waterval, United States Consul Hay and Mr. Leigh Wood insisted upon 20 officers being liberated on parole to go to the men. Their action cannot be too highly praised.

"I was permitted to accompany the officers. Everything was quiet."

Another dispatch from Pretoria, dated May 30, says:

"British officers are now at Johannesburg dictating terms of surrender. The British advance guard is half way between Johannesburg and Pretoria. It is reported that there is a force also at Hatherly. All the forces have been dismissed from the forts around Pretoria. President Kruger is now at Watervalboven.

"At a public meeting called this morning by the burgomaster of Pretoria a committee was appointed to keep public order."

Waterval Boven, or Waterfall Boven, is 130 miles due east of Pretoria on the Delagoa Bay railway. It should not be confused with Waterval, ten miles north of Pretoria, where the British prisoners are. Waterval Boven is a small place in a mountainous country. The seat of the Boer government—what there is left of it—will probably be Lydenburg, to the north.

A dispatch from Lourenco Marques, dated Wednesday, says:

"Commandant Kraus has surrendered Johannesburg to Lord Roberts. By tonight's train from Pretoria arrived a few Greeks, who say they were told to leave Pretoria Tuesday. They affirm that the train in which they left was shelled by the British and that half of the train was cut off, the remainder steaming away. This incident probably occurred at Eleandsfontein junction.

"Passengers from Pretoria assert that the town is utterly demoralized. There is a mad rush for the coast. Five trainloads of fugitives are expected here tonight."

The war office has just announced that no news has been received here tending to confirm a rumor said to be current in Berlin that Johannesburg has been blown up.

General Buller cabled the war office that he had invaded the Transvaal. His dispatch, dated Newcastle, Natal, May 30, was as follows:

"General Hildyard has captured Utrecht, in the Transvaal.

"Clery is bombarding Laingsnek.

"The enemy has been forced to retire from Dornberg, where he threatened my right and rear.

"The Boers are disheartened, and if they did not occupy such strong positions I doubt if they would show fight."

Confederates In Louisville.

LOUISVILLE, May 31.—Surrounded by waving banners bearing the fiery cross of the Confederacy, listening to the cheers from the throats of 3,000 men who wore the gray and confronted by the waving handkerchiefs of hundreds of ladies, General John B. Gordon, commander in chief of the United Confederate veterans, yesterday formally opened the tenth annual reunion of the order, which in point of attendance is already the largest ever held.

Traffic Closed.

LOURENCO MARQUES, May 31.—Goods traffic between here and the Transvaal was officially closed yesterday, the reason apparently being the military movements in progress. A Transvaal Boer commando has arrived at Komatipoort. All the Portuguese troops have been ordered to be in readiness to proceed to the frontier, and the Portuguese fleet along the coast has received orders to concentrate here.

Steamer Majestic Resumes.

NEW YORK, May 31.—The White Star line steamer Majestic arrived yesterday from Liverpool and Queenstown after an absence of nearly six months from the regular Liverpool-New York route. In her absence the Majestic has made two trips to the Cape of Good Hope with troops for the campaign in the Transvaal.

Women Editors Meet.

DETROIT, May 31.—Many women editors, correspondents, reporters and writers of literature from various American cities gathered in the Hotel Cadillac at the opening of the annual meeting of the woman's international press union congress. Mrs. Mary Smith Lockwood of Washington, president of the union, presides.

Heads of Many Havana Officials Chopped Off.

GREAT SAVING IN POSTAL EXPENSES

The Work of Reorganization and Inspection Reveals Disorder and Gross Carelessness—Rathbone Proposes to Leave.

HAVANA, May 31.—Although in consequence of the Memorial day functions the postoffice and the offices of the postal department were closed, Mr. Bristow and the inspectors were hard at work until a late hour. Mr. Bristow amalgamated the money order and registry bureaus under a chief, thus effecting a reduction of $3,400 in expenses. The appointment bureau was also reorganized, its expenditures being reduced $1,650. These reforms go into force on Friday. On July 1 the bureau of finance will cease to exist. The salaries paid in that bureau have aggregated $11,300. The work done there will hereafter be done by the bureau of stamps and supplies, with a total salary list of $4,900.

There is still a good deal that can be done, Mr. Bristow says, in the way of reduction of expenses. The work of reorganization and inspection shows disorder and carelessness even greater than had been supposed. For instance, there is no record of any kind respecting postal supplies for many months.

In honor of Memorial day the offices of the United States officials were closed. At noon a national salute was fired at Fort Cabanas. The banks of the city did not close.

In the morning a programme of interregimental sports was carried out, and in the afternoon there was a baseball match between nines representing the artillery and the infantry.

The bodies of the victims of the Maine having been removed, there were very few graves to decorate.

CUBAN POSTAL ACCOUNTS.

Rathbone's Report of the Situation Sent to Congress.

WASHINGTON, May 31.—Postmaster General Emory Smith has sent to the house, in response to resolutions of inquiry, a letter of Director of Posts Rathbone of Cuba, dated April 25 last, inclosing a copy of reports on the condition of the finances made by officers of the postal service in Cuba. Mr. Rathbone states that 81 money order offices are in operation, 56 of which have been inspected, including the Havana office. He adds:

"In the inspection of the offices herein included some irregularities were found, which have been corrected and the postmasters thoroughly instructed. A report by Special Agent Seybolt shows many offices in good condition, with some confusion at a few points. At Cienfuegos a shortage of $170 was located, and the money order division at Havana was short $424.73, both shortages being made good."

Elaborate accounts of Messrs. Seybolt and Neal, special agents, are appended, giving the balances on many different accounts. These are certified as correct, and the special agents say in a summary, dated April 23: "The manner in which these accounts, stamps, supplies and funds are handled reflects credit upon the chief of the bureau of finance, Mr. Charles F. W. Neely, and his assistants."

Cleveland Democrats Riot.

CLEVELAND, May 31.—The police were called to quell what threatened to be a serious riot at the Democratic county convention here as the result of a fight between the "Kid" and "Goat" factions of the party. The "Kids" secured possession of the convention hall and locked the doors against the "Goats." The latter gathered in strong force and were just forcing an entrance when a patrol wagon loaded with police dashed up in response to a riot call. About 60 "Goats" had gained an entrance to the hall, and had not police arrived on the scene there undoubtedly would have been many broken heads. As it was several men were knocked down and badly bruised.

Probable Plenary Council.

WASHINGTON, May 31.—Bishop Gleanon of Kansas City, who has just returned from Rome, has written to a personal friend in Washington that "the authorities of the propaganda are considering the feasibility of convening a general council of the American prelates at Baltimore." The bishop states that in one of his interviews with the cardinal-prefect of the propaganda that dignitary emphasised the need of a plenary council at no distant day as nearly 16 years have elapsed since the last convention was held in this country.

A British Estimate.

LONDON, May 31.—The Naval Annual, published at Portsmouth, in comparing the navies of the world, estimates that at the close of the year the strength in completed battleships will probably be: Great Britain, 47; France, 34; Russia, 17. But, it is added, Great Britain's preponderance in modern, powerful vessels will probably make her navy more than equal to the combined French and German navies.

Costly Fire In Hoboken.

NEW YORK, May 31.—Fire destroyed the Palisades Paper mill, in Hoboken last night. The flames, which are believed to have been of incendiary origin, were discovered at 3:50 o'clock in the rear of the first floor. The structure was a frame one, with two stories and attic, 150 by 300 feet. Loss estimated at $300,000.

Princeton Wins.

PHILADELPHIA, May 31.—The intercollegiate championship cycling contest at the Woodside park track yesterday was won by Princeton with 22 points. Yale was second with 21 points; Columbia third, 7 points; Pennsylvania fourth, 5 points, and Swarthmore last, failing to score a point.

Thirty Drowned.

AHMEDABAD, India, May 31.—A portion of the embankment of the Sabermuttee river, on which Ahmedabad is situated, caved in yesterday while many men, women and children were washing clothing in the river. Thirty lives were lost.

Penny Won Boat Race.

PHILADELPHIA, May 31.—Pennsylvania won the intercollegiate boat race between second crews of that university and Cornell and Columbia by about six lengths. Cornell was second.

BRIDGE WORK
In Dentistry is the best substitute for nature's work that can be done. Sound roots may be built up and crowned and thus fill up an unsightly space. It has to be made of a material that has strength and durability and one that will not discolor. Gold is the one that stands the test. That is the secret of the expense. But the advantages of a bridge over a plate are many times more than the cost of one compared to that of the other.

FOR BLUE AND GRAY

Dedication of a Monument on Antietam Field.

PRESIDENT AND CABINET ATTEND.

Thousands of Confederate and Federal Troops Stand Side by Side at the Unveiling—Presented by Maryland to the Nation.

HAGERSTOWN, Md., May 31.—In the presence of President McKinley and many members of his cabinet, a score or more of United States senators and twice as many members of the house, the governor of Maryland and prominent men from all parts of the country there was dedicated on Antietam battlefield a monument to the memory of the Federal and Confederate dead who fell on the bloody field. There were also present hundreds of veterans who fought for the "lost cause" and thousands who fought for the Union. Side by side, shoulder to shoulder, they stood, with uncovered heads throughout the ceremony which marked the conveyance of the monument from the state of Maryland to the national government.

The monument is of granite and bronze, octagon, 22 feet in diameter at base and 35 feet high to the top of the statue. Upon the base rest eight columns, representing the eight Maryland commands which were present at the battle, united in supporting the "Temple of Liberty," which is of bronze and forms the canopy. The whole is surmounted by a bronze statue representing Peace, with sword sheathed and pointed downward. The figure holds a laurel wreath over the hilt of the sword. On four of the faces of the monument are bronze bas-reliefs, representing scenes in the battle. On the interior faces of the buttresses are eight bronze tablets, bearing in raised letters the name and record during the war of the eight organizations commemorated by the monument. The monument cost $12,000.

The movement to erect the monument grew out of a desire of the Maryland members of the Grand Army of the Republic to honor the dead of Maryland who fell in the battle. The Grand Army at first contemplated erecting the monument only to commemorate the Union dead, but Norman C. Scott, state senator from Washington county in 1898, was influential in having the appropriation include the Confederate dead.

THE DAY IN NEW YORK.

Ten Thousand Men In Line, Veterans of Two Wars.

NEW YORK, May 31.—With tattered flags that have given courage to many a man in battle and escorted by soldiers of a younger generation veterans of the civil war yesterday marched down Fifth avenue, parading in honor of the countless dead who gave up their lives for their country.

More than 10,000 men, veterans of two wars, made up the parade, which passed between a vast throng of enthusiastic spectators who lined both curbs in Fifth avenue from the starting point at Forty-sixth street to Washington square.

Memorial day has seldom seen a more brilliant spectacle, and never were the veterans, old and young, received with greater enthusiasm. All the national guard regiments of the state received an ovation at the reviewing stand at the Worth monument—even the Seventh, though a few hisses could be heard through the cheers for it.

Fifth avenue was gay with the national colors and long before the parade began was alive with men, women and children seeking a good place to see the soldiers move by.

A large crowd assembled at Grant's tomb in the afternoon for the public services held there by U. S. Grant post, No. 327, of Brooklyn, according to annual custom. The floral decorations in the tomb were very handsome. By order of the Chinese government, forwarded by cable by Li Hung Chang to the Chinese consul here, Chung Pao Hsi, a pillow of red and pink roses, snowballs and white immortelles, with the inscription in red immortelles, "China's Tribute to General Grant," was placed in the central part of the roof of the sarcophagus.

Bronze Statues Unveiled.

MUSKEGON, Mich., May 31.—The bronze statues of Abraham Lincoln, General U. S. Grant, General W. T. Sherman and Admiral Farragut given to this city by Charles H. Hackley were unveiled yesterday. Local members of the G. A. R. had charge of the ceremonies. The crowd present included many veterans from other cities. The statues are of heroic size, mounted on pedestals, each on one of the four corners of the public square donated to the city by Mr. Hackley. They are the work of Sculptors Nehaus and Rhind of New York and cost $28,000. Mr. Hackley, who is a millionaire lumberman, has given donations to the city public library, schools, land and statues amounting to $500,000 in value.

Detroit Observes on a Large Scale.

DETROIT, May 31.—Detroit presented a true holiday aspect, and Memorial day was never more generally observed. Street cars on lines leading to the various cemeteries were crowded during the earlier hours with flower laden veterans of the G. A. R., members of the Woman's Relief corps and relatives and friends of deceased soldiers of the civil war. Flags were hoisted almost universally over down town buildings. The sick soldiers at Fort Wayne, members of the Fourteenth infantry, recently returned from the Philippines, were not forgotten in the distribution of flowers. The afternoon's Memorial day parade was one of the largest held in years.

At Gettysburg.

GETTYSBURG, Pa., May 31.—The unusual occurrence of a former Confederate soldier delivering the Memorial day address over the graves of 3,500 Union soldiers who lost their lives at the "high water mark of the rebellion" took place yesterday afternoon, when the Hon. John S. Wise of New York city spoke from the rostrum in the National cemetery. The crowd was large and the day beautiful. Members of the Grand Army of the Republic, soldiers of the Spanish-American war, patriotic societies and 400 school children from the public and Catholic schools were in the parade.

A Great Celebration.

CLEVELAND, May 31.—Probably never in the history of this city has Memorial day been so generally observed as it was yesterday. Business was entirely suspended, the schools were closed, and the cemeteries were crowded with people decorating the graves of the dead with flowers. The several G. A. R. posts marched to the different cemeteries during the morning and held appropriate exercises. The parade in the afternoon was by far the greatest ever witnessed in Cleveland on Memorial day. A conspicuous feature was the presence of several ex-Confederates who rode with the grand marshal.

In Paris.

PARIS, May 31.—About 250 Americans gathered at the Picpus cemetery yesterday at the customary celebration at the grave of General Lafayette. Speeches were delivered by General Horace Porter, the United States embassador; Colonel Clark E. Carr, Commissioner General Ferdinand W. Peck and G. Lafayette, the nearest descendant of the great patriot. A number of wreaths from various American societies were laid upon the tomb.

Confederates Furnish Flowers.

BIRMINGHAM, Ala., May 31.—Memorial day was observed here by the Grand Army of the Republic and Sons of Veterans. Major W. H. Hunter delivered the memorial address. Dr. O. T. Dozier, a Confederate veteran and a member of the Confederate Veterans' camp of this city, presented the Grand Army with the flowers which were used in decorating the graves.

Taylor and Finley Speak.

MARTINSVILLE, Ind., May 31.—Memorial day was observed with appropriate exercises. At the request of the Grand Army of the Republic former Governor W. S. Taylor and former Secretary of State Charles Finley of Kentucky, who are resting here at the Springs, both delivered addresses.

St. Louis Decorates 16,000 Graves.

ST. LOUIS, May 31.—Memorial day in St. Louis was celebrated by the various posts of the Grand Army of the Republic. At Jefferson Barracks the graves of 16,000 Mexican, civil and Spanish war dead were decorated with flags and flowers.

THE CHINESE CRISIS.

"Boxers" Have Destroyed Much Property—Warships Landing Men.

TEEN-TSIN, May 31.—The rescue party of Frenchmen and Germans returned from Changh-Sin-Tien yesterday afternoon. They confirm the report that the beseiged Belgians are now safe at Peking. They found several thousand "Boxers" about the ruins of Lu-Kow-Chiao and Changh-Sin-Tien stations. The bridges have been damaged and the rolling stock destroyed. At both places the damage done is considerably greater than at Fang-Tai. The members of the rescue party saw several bodies of Chinese tearing up the sleepers, and in one case a mandarin was looking on. They further report that the missionaries and others escaped from Pao-Ting-Fu in boats.

The Imperial railway directory is endeavoring to fasten the blame for the damage at Fang-Tai on the foreign employees, principally the British, who, they say, should not have left their posts. The foreigners, however, did not leave until they saw Lu-Kow-Chias station, five miles away, in flames, and an attack had actually been made on an engine from Fang-Tai, which was running on the Lu-Han line in an attempt to rescue the Belgians.

The foreign men-of-war have arrived here—five Russian warships and two Russian gunboats, one French warship, two British warships and one Italian warship. They are all landing men. The Chinese refuse to allow Russian troops to pass the Taku forts.

Americans In Danger.

LONDON, May 31.—In American mission circles in London it is said that the interests chiefly concerned in the disturbed districts of China are American. It is pointed out that several important American mission stations, with ladies among the members of their staff, are at Pao-Ting-Fu, where the missionaries are reported to be cut off. A dispatch received here today says the "Boxers" have attacked and burned a mission station at Lau-Tson, 40 miles southwest of Peking, and have murdered the missionary in charge. Sir Halliday Macartney, counselor and English secretary of the Chinese legation in London, says he regards the rebellion as grave, although he is hopeful that it may be suppressed. The danger lies, in his opinion, in the fact that among the Chinese there are "large numbers of inflammable persons."

Cholera Increases In India.

LONDON, May 31.—The Daily Express has the following from Bombay, dated yesterday: "An unprecedentedly severe epidemic of cholera has broken out in the northern districts of Bombay presidency, especially in the famine camps. The deaths have increased 40 per cent within three days. In the Kaira district there have been 1,330 deaths in seven days. The government has made a special grant of £1,000 to cremate the dead immediately. In Palanpur state on the first day there was 1 death, on the second 84, and on the third there were upward of 400. The swiftness of the infection was due to the fact that the first death was near the only available water supply. The germs were thus carried all over the camp. In the city of Bombay there have been 67 deaths in the last seven days."

Hearst For Vice President.

ATLANTA, May 31.—The Evening Journal in its leading editorial last night said: "For second place on the presidential ticket that will be named at Kansas City, The Journal wishes to present the name of William Randolph Hearst of New York. Mr. Hearst is a firm Democrat and has so strongly stamped his individuality on the community in which he now lives that we believe he would greatly aid the ticket. We think he could carry the state of New York."

Shot by Former Partner.

CHICAGO, May 31.—Frank Cameron, a broker, was shot and probably fatally wounded at Harvey by his former business partner, Thomas O'Neil. The men fought on the platform of the Illinois Central depot. Half a dozen shots were exchanged, and the lives of a score of persons waiting for trains were endangered. Cameron, according to a witness, was the first to draw a weapon. O'Neil, it was said, had made repeated threats to shoot him.

A Gift For Pennsylvania.

PHILADELPHIA, May 31.—Provost Harrison of the University of Pennsylvania has announced that John G. Carruth, a prominent local manufacturer, has presented the institution with $20,000, to be applied to the dormitory fund. The donation is made as a memorial to Mr. Carruth's daughter who died recently.

To the several foreign-born elements of our population it is a matter of pride and interest to know the number of persons of their nationality in the United States, and their general economic condition. In 1890 there were more than 9,000,000 residents in the United States who were born in foreign countries. Of this number about 30 per cent were born in Germany, 20 per cent in Ireland, and 10 per cent in Canada and Newfoundland. From 1821 to 1830 the United Kingdom contributed 53 per cent of the total immigration to the United States, and Germany 35 per cent. In the decade 1881 to 1890 the immigrants from the United Kingdom constituted only 28 per cent of the total immigration, the proportion from Germany being slightly less. In the ten years 1861 to 1870 the combined immigration from Austria, Hungary, Russia, Poland, and Italy constituted only 1 per cent of the total immigration. In the decade 1881 to 1890 this proportion rose to 17 per cent, and in the nine years 1891-1899 to more than 64 per cent.

The Elizabeth Journal warmly denies that Senator Kean needs to go to school to Representative Howell to learn how to secure part of the appropriations. On the contrary, it says, it took Mr. Howell six years in which to secure the appropriation for the New Brunswick postoffice, whereas Senator Kean got a bill through the Senate for Elizabeth in as many months. This leads the Trenton correspondent of of the New York Herald to add the truthful comment: "But this bill has not passed the House yet, nor will it this year, and there is no telling when it will become law. It is an ancient and well understood game for one House to pass an appropriation bill to please a member, with the certain knowledge that it will be hung up in the other one. Still, Senator Kean carries a long pole and will probably reach that persimmons next year."

"No merchant can sell goods if the purchasing public don't know he has them for sale," says the Philadelphia Record. The more the public is kept informed as to his business the more generously it purchases. Advertise freely and the public will respond promptly.

Among a long list of nominations for postmasters confirmed by the Senate at it executive session Monday, were those of George W. Pollitt, at Paterson, and John J. Anderson, at Hackensack.

PASSING COMMEN

Things that Are Not Exactly News but Just as Interesting.

There is something wonderful in the growth of summer resorts in this country. A single resort on the Atlantic coast today can sumptuously provide for more people than half a century ago could be accommodated in all the summer places in this country. But the older places have had a most interesting past. In former days they were Meccas of the wealth, wisdom and beauty of our land. Many interesting incidents of their inception and history will be published in the July Ladies' Home Journal, under the heading "Fashionable Summer Resorts of the Century."

Realty Changes.

The following real estate transfers have been recorded from North Plainfield during the past week: John F. McIntyre et ux to Ethel Lloyd et al, $8,500; Ethel Lloyd and husband to Alicia Chamberlin, $1,500; Selah Schoonmaker, sheriff, to George Moore, $2,250; George Moore to John R. Feurier, $2,250; Eve M Baker et al to Irving W. Hand, $150.

MAIL-CARRIER'S PLAYED

UNCLE SAM'S MEN CONTESTED ON BASEBALL DIAMOND.

Elizabeth Boys Went Down to Defeat Before Plainfield—Mr. Martine's Hospitality.

Uncle Sam's faithful servants—the letter-carriers—had a great time yesterday afternoon on Martine common, when a game of baseball was played between the local carriers and a team of carriers from Elizabeth. It was the first time that these genial personages had ever met and they had a royal good time, which was due in no small measure to the generosity of James E. Martine, who could not let such an opportunity pass to make things pleasant for Uncle Sam's men. His hospitality permeated the atmosphere and if those present did not have a good time it was not the fault of the "Farmer Orator."

The best part of the contest on the diamond was that the Plainfield carriers won the game by a score of 18 to 11. Early in the game it looked as though the visitors would win, as the home team appeared awkward and could not seem to hit the ball or run bases when they reached the bags.

The best of feeling prevailed and it made no difference how many errors were made. It was all the same and the crowd enjoyed the sport. The visitors brought a jolly contingent with them and the cheering was not all one-sided. One accident happened during the game, which only lasted for six innings. Paudling, catcher for the visiting team, was hit in the head with a ball, and it laid him out for a few minutes.

The home team was as follows:

Sharp, 2 b.; Thorn, c. f.; Hines, 3 b.; Mack, l. f.; Angleman, s. s.; Reville, p.; Loughlin, r. f.; Shea, c.; Burns, 1 b.; Glaentzer, extra. The visiting team was composed of the following: Paudling, c.; Sullivan, p.; Brennan, 1 b.; Ryan, 2 b.; Trimball, 3 b.; Nefsey, s. s.; Fussell, r. f.; Kenneely, c. f.; Gannon, l. f. There were two umpires, John Gallagher, of this city, and Chas. O'Brien, of Elizabeth. They gave entire satisfaction. Below will be found the score by innings:

Plainfield.....0 1 9 0 8 0—18
Elizabeth.....6 2 0 3 0 0—11

After the game the teams and their friends were invited by Mr. Martine to partake of some refreshments. A bountiful spread was given and a good social time enjoyed.

THEATRICAL.

Archie Boyd has been engaged to create the chief character part in William J. McKiernan's new pastoral drama which will be produced at the Columbia Theatre in Newark next week. Mr. Boyd's name has been identified with everyone of the successful rural plays produced in the last ten years. He has played the principal part in "The Old Homestead," "Shore Acres," "The County Fair" and "Way Down East," and has just closed his season as the star in "The Village Postmaster." This actor is ranked with James A. Herne as a character actor and is considered a better Joshua Whitcomb than Denman Thompson, who created that part. Mr. Boyd refused to accept the engagement for "Back in Jersey" on any terms until he had read the play. He visited Newark last week and after a reading of "Back in Jersey" he became enthusiastic over it and at once closed the contract to create the part of Ola Goode, the Sussex county applejack maker.

NEWS OF THE SUBURBS.

THINGS THAT INTEREST SCOTCH PLAINS AND DUNELLEN.

Brief and Terse Observations Gathered by Alert Press Reporters to be Perused at the Supper Table at Your Leisure

DUNELLEN.

(Special Correspondence to The Press.)

Dunellen, May 31.—The workmen employed on the grading of Washington avenue have found a great deal of quicksand, which makes progress rather slow. It has been found necessary to place a great deal of stone in the sand to give a good foundation. The work is now being rapidly pushed and will soon be completed.

A dog belonging to James McMann showed symptons of rabies last week and was chained in the cellar. Tuesday he became worse and the owner found it necessary to kill him.

The Dunellen boys were defeated yesterday by a score of 7 to 1, by the Raritan nine. The Dunellen battery was D. and C. Rogers.

Mr and Mrs. Joseph Elder, of New York, and Mr. and Mrs. Ferdinand Hoch, of Somerville, spent yesterday with Joseph Maier.

Viola Hill and Lulu Hubbard are the latest victims of the measles. They are both confined to the house with them.

A freight train was delayed on the eastbound track for about an hour Tuesday by the pulling out of a drawhead.

John Fenner and sister Addie attended the reunion of the Fenner family held at Roycefield yesterday.

Mr. and Mrs. Wilson Fredericks were entertained yesterday by Mr. and Mrs. H. L. Terry, of Westfield.

Wm. Conly, of Reaville, has returned home from a pleasant visit with friends in town.

A large number of young people attended the dance given in Apgar's Hall Tuesday night.

Only one letter remains in the postoffice, and that is for Miss Kate R. Nicholas.

Miss Georgine Reusch, of Cranford, visited her aunt, Mrs. Paul Reusch, Tuesday.

Mr. and Mrs. Harry Swackhamer were at the Fenner reunion yesterday.

John Whitlock spent yesterday in New Brunswick.

'PLAINS AND FANWOOD.

(Special Correspondence to The Press.)

Scotch Plains, May 31.—Owing to a lack of conservative action on the part of the G. A. R. Post and a number of the residents of the town the soldiers' graves in the Baptist cemetery were doubly decorated yesterday morning. It has been customary in the past for a committee from Winfield Scott Post, of Plainfield, and a like committee from town to confer and unite in one service to the honor of the heroes of the past. This year, as the time drew near for the day, neither citizens or post had conferred as to any arrangement. But several of the citizens decided that Scotch Plains would honor the memory of the dead who had fallen. A number of those interested got together and arranged for a great celebration. A number of the ladies and children gathered with them at 9:30 in the Baptist cemetery and the programme, as arranged, was carried out. Col. Stegman, a veteran of the Civil War, was the orator of the day. Winfield Scott Post had also gone ahead and made their arrangements to honor their brother soldiers, and a delegation from the post came to town at 8 a. m. and proceeded at once to the cemetery and performed their duty to those who had gone on before. Rev. G. M. Shott acted as chaplain.

The game of ball arranged between the local team and the team from the C. and C. Works, of Garwood, for yesterday morning, was not held as the visiting team failed to come. A scrub game was then arranged between a number of the married men and the single fellows. Only four innings were played, the single boys defeating the benedicts by the score of 9 to 3. The Alerts team met the Netherwoods, of Plainfield, in the afternoon. The game was losely played by both teams and was won by the local club by the score of 40 to 35.

A number of lovers of trap-shooting in town held a very successful clay pigeon shoot on Johnston's Farm yesterday afternoon. No prizes were given, but the shoot developed some very good trap-shooting talent in town. Freeholder John Robison carried off the honors of the meeting.

Miss Minnie Squires enjoyed a pleasant visit Tuesday evening from a number of members of her Sunday-school class from the First Presbyterian Sunday-school of Rahway. The evening was passed very pleasantly in social talk and games.

The scholars and pupils in the school enjoyed a pleasant Decoration Day programme in the assembly room of the building Tuesday afternoon.

Miss Mira Seber entertained a number of her friends at a social evening gathering at her home on East Front street last evening.

Mr. and Mrs. John B. Stiliger, of Roselle, were the guests yesterday of Mr. Stiliger's parents, Mr. and Mrs. George Stiliger.

A tally-ho party from Newark spent yesterday with Landlord W. S. Emery in an enjoyable manner.

Mrs. Ann Dobbins and family are entertaining friends from Newark for a short time.

SOMERVILLE.

(Special Correspondence to The Press.)

Somerville, May 31.—The regents of the different chapters of the Daughters of the American Revolution throughout the State met at Washington's headquarters here Tuesday for the transaction of business and to participate in a Martha Washington luncheon tendered by the State regent, Miss E. Ellen Batcheler. The luncheon was served in the room of the Jersey Blue Chapter, which was beautifully decorated for the occasion.

Saturday Max A. Rost, the German tourist, who distinguished himself by walking across the country from Dunsmer, a small town in California, to New York in 105½ days, about six years ago, visited Somerville en route to New York, where he is going to sell his property at Eau Gallie, Fla., from which place he has been walking since March 23d, having lost 16½ days, owing to bad weather and illness. Rost is sixty-one years old, and during his pedestrian experiences has had many adventures. Some of his stories of personal reminiscences are exceedingly interesting.

The funeral of Robert H. Kitchen, of Raritan, who died Sunday with consumption, was held yesterday morning at 11 o'clock from his late residence on Gaston avenue. Interment was at Somerville. Mr. Kitchen was a member of the G. A. R. and Red Men, and a brother of Squire Kitchen, of this place.

A kickers' handicap was played at the Somerset Country Club Saturday afternoon and drew a large crowd. Mrs. W. H. Arkenburgh won the ladies' loving cup by running up 89 points, and Alex. Mack the gentlemen's cup by a large score.

The congregation of the Reformed church at South Branch Tuesday celebrated the fiftieth anniversary of its organization. Of the first consistory, the only member living is John Veghte, now of New York city.

SOUTH PLAINFIELD

(Special Correspondence to The Press.)

South Plainfield, May 31.—The striking trackmen, lamplighters and repairmen of the Wyoming Division of the Lehigh Valley number 840, only one gang of twenty-three men and a foremen remaining at work. They are on the Bowman Creek Branch. When the committees called upon Supt. Alexander Mitchell and demanded three cents an hour increase, he told them he could not grant their request. He says that the strike will not interfere with the road and trains will be run as usual. The strikers, he said, receive the same rate of wages as is paid by the Central, Delaware and Hudson and Pennsylvania; the Delaware, Lackawanna and Western men receive only $1.15 a day.

Thomas Brantingham's house was burglarized Tuesday night. The thief entered by a back window and took $3.50 in cash and a gold watch and chain belonging to Mrs. Brantingham's brother, who is visiting there. There was considerable money in the house but the thief was frightened away before he had time to find it. Thieves also visited Fred LaTaurett's place but only took some small articles of jewelry.

Mrs. Peter Johnston gave a very pleasant party last evening in honor of Miss Mildrid's ninth birthday. Six little ones from Plainfield and five from here were in attendance. The afternoon was spent in play and games after which the guests were served with ice cream and cake. Mildred received quite a number of presents.

Miss Eleanor Dennis and cousin are visiting her sister, Mrs. Thos. Brantingham.

Mr. and Mrs. Wm. Hamilton were visiting at Tard's yesterday.

Prize Orator at Rutgers.

At Rutgers College, New Brunswick, President Scott has announced the result of the Delta Phi Senior orator contest. The oratory prize was awarded to Clarence Edwards Case, of Somerville. His subject was "The British War in the Transvaal." The other contestants were Arthur Perlee Brokaw, of Freehold; Robert W. Pettit, of New Brunswick, and Frank Eckerson, of Newark.

GOLF PLAYERS OUT IN FORCE YESTERDAY.

[CONTINUED FROM PAGE 1.]

the play was somewhat of a surprise to some, who had hopes that their favorites would win. Here is the result: W. L. Glenney beat Olaf Sangstaud 8 up and 7 to play; and Willard Wadsworth beat Morris Dumont 3 up and 1 to play. Next Saturday W. L. Glenney and Willard Wadsworth will play the finals for the cup and this play will arouse considerable enthusiasm, as Mr. Wadsworth is the club champion, and it remains to be seen whether he will maintain his hitherto superior record.

There were many social features at the clubhouse yesterday afternoon and evening which were enjoyed thoroughly by the members. In the evening several dinner parties were given.

DISAPPOINTED AGAIN.

City Judge Again Refused to Send Persistant Tramp to County Jail This Morning.

Christopher Roebly, of nowhere in particular, was disappointed again this morning. He was arrested the first of the week for vagrancy. He wanted to go to jail but the Judge gave him an hour to get out of town. Last night he appeared at police headquarters again and declared that he should be arrested. Chief Grant locked him up. Despite a collection of fables, the most wonderful ever told to the City Judge, Judge Runyon refused to commit the willing prisoner and ordered him out of town again. The Judge promised hard labor at the city lockup if Roebly came up again.

REPORTED DIVISION OF CENTRAL.

Denial Made That the Pennsy and B. and O. Have Divided Railroad.

(Special to The Daily Press.)

New York, May 31.—A reporter called at the New Jersey Central Railroad and inquired as to the truth of a story in a paper that the Pennsylvania and Baltimore and Ohio would divide the New Jersey Central.

He was informed that President Maxwell had no knowledge of such a deal, although he thought his company would be able to give the Baltimore and Ohio all the facilities it needed without a sale being made.

College Building Dedicated.

The new building of the Upsala College, the educational institution maintained by the New York conference of the Swedish Lutheran church, located at New Orange, Union township, was dedicated yesterday. In the morning there were religious exercises and addresses were made by a number of mission workers. The dedication ceremonies took place at 3 p. m. Rev. L. P. Ahlquist, of Portland, Conn., officiated. The college was formerly located in Brooklyn.

Ran Away to Join Pawnee Bill.

John Lott, the seventeen year-old son of Edward Lott, Phillipsburg, who had been missing from home for a week, has been found with Pawnee Bill's circus. The boy was employed in a jewelry store and had a good position and home. His parents are making every effort to get him to return home, but the life seems to have a fascination for him and he refuses to leave the circus.

New Wing for Jersey Capitol.

Acting Gov. Johnson, of New Jersey, met the State Comptroller and State Treasurer, constituting the State House Commission, at Trenton and signed the contract with Louis Lawton for the erection of the new Capitol wing. Contractor Lawton expects to begin work on the new building within a few days.

$10,000 Loss by Incendiary Fire.

All the barns and outbuildings on the farm of H. McCandless, in Linden, were destroyed by an incendiary fire yesterday. The residence was saved by a bucket brigade formed by neighbors. The loss is $10,000, which is partially insured. McCandless is a contractor and an extensive cattle raiser.

Jersey's Pay for War Supplies.

Acting-Governor Johnson, of New Jersey, has received a check for $45,662.47 as an installment on the debt owed the State for supplies and equipments furnished to the National Government during the war with Spain, when the New Jersey regiments went out fully equipped.

Fought Six Rounds.

John King, of West Third street, and Frank Gregory, an old time boxing instructor, fought a six-round draw at Quien's Hall, Elizabethport, Tuesday night. The purse was for $50 and was divided between the fighters.

Lokal-Nachrichten aus der alten Heimath.

Oesterreich.

Wien. Vierzehn Eisenbahnrangirer und eine Anzahl Hehler, die in den letzten Monaten Diebstähle in großem Umfange in den Wagen der österreichischen Staatsbahnen ausführten, wurden verhaftet. Es handelt sich um eine organisirte Bande, die sich mit Diebstählen von Lebensmitteln, Kleidungsstücken, Stoffen u. s. w. befaßte. Der Schaden wird auf viele tausend Gulden geschätzt. —Bei der Nesselsdorfer Fabrik stürzte ein Automobil um. Der Partieführer Kucharz wurde getödtet, der Lenker und zwei andere Personen erlitten Verletzungen.

Arco. Aus Deutschenhaß hatte seinerzeit der aus Arco gebürtige Josef Leoni den Wirth Pacher ermordet. Der Mörder war vom Schwurgerichte zum Tode verurtheilt worden, wurde jedoch vom Kaiser begnadigt. Der Kassationshof hat die Strafe in 20jährige, schwere, mit Dunkelarrest verschärfte Kerkerhaft umgewandelt.

Budapest. Die Staatsprüfungskommission für Baumeister hat Fräulein Exita Paulas auf Grund ihrer theoretischen und praktischen Prüfungen das Baumeisterdiplom ausgestellt.

Grad. Die Plazer'sche Metallwaarenfabrik war am 1. Mai der Schauplatz gewaltthätiger Exzesse, weil der Fabrikbesitzer Plazer den Arbeitern nur den halben Tag als Feiertag freigeben wollte. Mit Messern, Beilen und Stöcken drangen die erbitterten Arbeiter auf ihren Arbeitgeber und dessen Gattin und Sohn ein und bedrohten sie mit thätlicher Mißhandlung. Die eiligst herbeigeholte Gendarmerie mußte einen Theil der Exzedenten verhaften, ehe es gelang, die Ruhe wiederherzustellen.

Innsbruck. Der Tiroler Landtag genehmigte für ein Gewerbemuseum hier einen Baubeitrag von 10,000 Kronen und eine Jahresunterstützung von 2000 Kronen, vorläufig für fünf Jahre von der Eröffnung an.

Judenstein. Aus der hiesigen Wallfahrtskirche wurde der Mantel der Figur des heiligen Andreas entwendet. Der Mantel besteht aus Gold- und Silbergewebe und war mit Perlen und Edelsteinen besetzt. Der Dieb ist noch nicht ermittelt.

Medias. In der Nähe von Medias hat der Gendarm Zoltan Szeleresz seinen Kameraden Albert Horvath meuchlings erschossen. Die beiden Gendarmen befanden sich auf einem nächtlichen Patrouillengang. Szeleresz ließ Horvath einige Schritte vorausgehen und gab dann, ohne ein Wort zu sagen, von rückwärts aus seinem Dienstgewehr drei Schüsse auf seinen Kameraden ab. Der Thäter gab als Motiv der That an, daß Horvath von einem Mädchen, um welches sich Beide bewarben, begünstigt wurde.

Pistyan. Seitens der Kurdirektion Pistyans wurden der englischen Regierung zehn Freiplätze für im südafrikanischen Kriege verwundete Offiziere angeboten. Das englische Kriegs-Departement hat diesen Antrag acceptirt. Nach den Kriegsjahren von 1866, 1870 auf 1871 und 1875 strömten Offiziere in großer Zahl nach Pistyan, dessen Schlammbäder bei Folgen von Verletzungen gute Dienste leisten.

Triest. Anläßlich der Freisprechung eines Schülers der hiesigen Handelsakademie, gegen welchen Direktor Professor Gelich die Anzeige wegen Majestätsbeleidigung erstattet hatte, inszenirten die Schüler der zweiten Klasse Krawalle gegen den Direktor. Den Kundgebungen schlossen sich die anderen Schüler unter Hochrufen auf den früheren Direktor Professor Sandrinelli und andere Professoren an.

Schweiz.

Bern. Die im Oberhasli aufgefundenen Erzlager werden als so mächtig taxirt, daß sie, einmal im richtigen Betrieb, einen großen Theil des Eisenbedarfs der Schweiz decken können. Deutsche, französische und englische Firmen haben bereits Kapitalien zur Ausbeutung der Lager angeboten.

Zürich. Der in Winterthur verstorbene Kartograph Johann Randegger hat mit Legaten, die zusammen eine Summe von etwa 25,000 Francs erreichen, verschiedene öffentliche Institute und Wohlthätigkeitsvereine bedacht. So erhielten: der Winterthurer Kunstverein 5000 Francs, die Stadtbibliothek, die Hilfsgesellschaft, Ferienversorgung und Kindergarten, der städtische Krankenfonds, ferner das Armengut Ossingen und das Schulgut Hegi je 2500 Francs, die Ortsarmen von Hegi 2000 Francs.

St. Gallen. Das von Architekt Kunkler ausgearbeitete Projekt für die geplante städtische Tonhalle in St. Gallen sieht einen Bau im Kostenvoranschlag von 365,000 Francs vor. Hiervon sind bereits 200,000 Francs von Privaten gezeichnet.

Graubünden. Der Kurort St. Moritz hatte während der Hochsaison im letzten Winter 522 Gäste.

Aarau. Der Große Rath genehmigte das Projekt für Errichtung einer landwirthschaftlichen Winterschule in Brugg nebst Kostenvoranschlag im Betrage von 250,000 Francs.

Waadt. Auf dem Bahnhofe Tour de Peilz wurde Professor Nessek-Guy, Komponist aus Lausanne, als er einen Zug auf der unrichtigen Seite verlassen wollte, von einem eben einfahrenden Schnellzug überfahren und so schwer verletzt, daß er bald darauf starb.

An athletic Philadelphian named Paul Harmon, a young man of exemplary habits, is a clever boxer, a fine wrestler and has won several medals in arenic sports. Curiously, however, although his muscular system has always seemed to be in splendid condition, his experiences in training have sometimes resulted in ill health, possibly because he has not paid the attention to diet that he should. As a consequence, he at one time became a severe sufferer from dyspepsia and his blood appeared to have become impure. It was a friend, who was also an athlete, who first directed his attention to Ripans Tabules. He made trial of them and has continued to use them ever since, and says of them: "I can sincerely recommend Ripans Tabules to those who suffer from any disturbance of the stomach, liver or from any nervous disorder which proceeds from these annoying troubles. They helped me wonderfully and I have always found that a single one gives relief."

WANTED—A case of bad health that RIPANS will not benefit. They banish pain and prolong life. One gives relief. Note the word RIPANS on the package and accept no substitute. SUMMER WRAPS.

Capes, Jackets and Boleros of Various Kinds.

Short capes, scarcely more than fichus, are rounded at the back and have long ends in front, with a voluminous jabot of lace and mousseline de soie. There are also other short capes without long ends and, above all, boleros of all sorts and descriptions. Incrustations of black or white lace or of spangled silk are the trimming.

The jacket is never entirely abandoned, although the bolero now goes far to replace it. It is still much worn for informal occasions, but for elaborate use wraps of silk and satin are revived.

A new coat is the Louis Quinze jacket, which fastens at the top by a single but-

ton and is much cut away over a vest. The vest is preferably white, and may be plain, plaited or embroidered, with a small cravat to match.

A simple but attractive costume for a girl is shown in the picture. It is of pastel blue woolen goods, the plain skirt having a double box plait in front and at the back and two groups of folds around the foot. The blouse bodice has also the two double box plaits, the front one being decorated with clusters of small black velvet buttons. The pelerine has two groups of folds and is bordered with a little ruffle of black velvet. The belt and collar are also of black velvet.

THE MODE.

Skirts Both Plain and Plaited—Ball Gowns.

Skirts continue to be long and very ample about the foot. This style will probably continue all summer, as it is specially suitable for thin goods.

Although the duration of plaited skirts is problematical, they continue to be much employed for dancing gowns, which are most frequently of transparent material.

Ball gowns of plain satin of the soft flexible sort are the most elegant, except for juvenile dancers. Such gowns are comparatively plain and are closely mold-

ed to the figure. They require a fine form in the wearer, and women who are not thus favored by nature will do better to keep to mere fluffy arrangements of tulle and mousseline de soie.

There are some extremely expensive gowns all of lace made in form and worn over a satin undergown. These are rich in appearance, but actually less becoming than many less costly costumes.

The picture shows an empire gown for a little girl. It is of broche wool goods, with a little band of black panne around the foot. It is mounted in large plaits on a yoke of plaited taffeta, and there is a bolero of guipure, fastened in front by a long, fringed scarf of black panne. The full sleeves are of black panne, with deep cuffs of guipure, the collar of black velvet. A little plastron of guipure, with a band of black panne forming points at the top, appears at the closing of the bolero.

Summer Attractions in Drama and Vaudeville

A Big Production of "Hearts Are Trumps" Destined to Prove a Leader in Chicago

WE speak of the theatrical seasons as about over, and that the city is already beginning to wear a deserted look; but, as everybody knows, this is not to be taken literally. The summer through, there will be the ceaseless stream of people coming and going up and down the thoroughfares of the big towns, people who work, and shop, and study, people that must have some relaxation, some amusement in their leisure hours; and to this want the theaters cater, and day in and day out, year in and year out, the doors of certain of them are open—unless some extra big scenic attraction may require an unusual amount of time to put its stage settings in order.

Last week, on the conclusion of Otis Skinner's engagement at McVicker's, in Chicago, the theater was closed for two nights to allow of final preparations for "Hearts Are Trumps," the big London melodrama. The play was produced for the first time last fall at the Drury Lane theater, in London, where it created a considerable sensation. It was transplanted to New York and ran a three months' course there, and now is in Chicago for the summer. The play is big in many ways; in cast, scenery, and, naturally, the biggest thing of all is the avalanche, shown in the last act. Chicagoans no doubt will rejoice that within their midst during the torrid days of summer they are to have a mountain of ice, and we have no doubt the roof-garden habitues will affect this theater in preference to their old-time aerial resorts.

"Hearts Are Trumps" is a four-act play dealing with society life in London. Lady Winifred Crosby contracted a secret marriage with a man named Wain. A daughter is born, who is not acknowledged by the mother, but is known to the world as Dora Woodbury, ward of Lady Winifred. Michael Wain, a brother of the husband, returns to England with a fortune won in Australia, and, not knowing Lady Crosby's relations to his brother, devotes his life to wreaking vengeance on her and hers in repayment of a suspected wrong done his brother by her father. He obtains a mortgage on her home and turns her and Dora out of doors.

The lady, who has the enterprise and spirit of the up-to-date woman, borrows $10,000 to start a millinery establishment, known as the Maison Phrynette, and gives as security a policy of life insurance on the life of Dora. The policy is held by Leopold Kolditz, one of the villains in the play—there are several scoundrels. The millinery venture proves unsuccessful, and Lady Winifred is again bankrupt. Dora tries to turn an honest penny by selling her sketches, and goes to the studio of Basil Gillespie. Here she meets Maud St. Trevor, a music hall student, who is a most interesting character. At the studio she also meets an old admirer, the earl of Burford, who resumes his unwelcome attentions, and is not only persistent but insulting. Dora angrily repulses him, and he, desirous of revenge, hits on a most diabolical way of obtaining it. He gets the artist in his power and forces him to paint a nude figure to the head of Dora and have the picture placed in the Royal Academy. At a private exhibition, at which are present many fashionables, including Lady Winifred and Dora, the picture is the center of interest. Lady Winifred destroys it before the eyes of the assemblage and proclaims her relation to Dora.

Hard luck continues to dog the pair, and the young girl, in order to repair their fallen fortunes, on the advice of Maud St. Trevor, goes on the stage. The mother is in the audience and when she recognizes her daughter makes a scene not down on the programme; and, for a climax, Dora faints on the stage. And still there are troubles to come. Kolditz, in need of money, decides to make way with Dora and get the life insurance money. He lures her to Switzerland and there tries to push her over a precipice in the Alps. But a lover, a young minister, comes along and rescues her from death, and when the two reach a place of safety down comes an avalanche and ignominiously removes the hateful Kolditz from the face of the earth. Then Lady Winifred tells her enemy Wain that he is persecuting his brother's wife, and of course he at once is remorseful and all the good people are happy forever after. "Hearts Are Trumps" certainly is unique in plot and execution and will probably prove a strong attraction at McVicker's.

Pretty, winsome, dainty, clever Cissie Loftus is one of the decided attractions offered for the summer season at the vaudeville houses. The great artists, Modjeska and Ellen Terry, who have seen her remarkable work in vaudeville, say she is meant for better things and that it is but a question of time before her true merit is appreciated. Modjeska, you remember, gave the young lady an opportunity in New York to play in her company, and, in spite of the poor support she had, Miss Loftus made a distinct and favorable impression as Viola in "Twelfth Night." It is to be hoped that before long the place for which she is so well fitted will be occupied by this favorite impersonator. At present Miss Loftus is appearing at the Masonic Temple Roof Garden theater in Chicago. Last season Miss Loftus made the biggest hit of any of the stars that appeared at this theater. Her mimicry of great ones on the stage is the work of genius and should have some better name than mimicry; it involves the keenest observation, the utmost sympathy, intelligence of a high order, sufficient to appreciate the role portrayed. This delicate caricaturist stands alone in her line.

SCENE FROM ACT II of "HEARTS ARE TRUMPS."

Although Miss Viola Allen appears so young and vigorous, she really has died a thousand deaths—we take Miss Allen's word for it. She played Virginia with McCullough, and he stabbed her to death; Desdemona to Salvini's Othello, and he smothered her; as Juliet many times has she fallen by her own dagger on Romeo's prostrate form; in "La Charbonniere" she took slow poison; as Jess in "Hoodman Blind" she dies of starvation. What wonderful recuperative powers she has, for only this week at Powers' theater in Chicago she was most vital and real as Glory Quayle in "The Christian."

Miss Allen's first season as star, in "The Christian," was a season of great popularity, which popularity has not abated. That the star is superior to her play all agree, but one scarcely dare find fault with so great a success as "The Christian," however glaring these faults may be. The play was first produced in Albany a year ago last August, went to New York in October and remained there till March, from which date till the end of the season it had a run in Boston. When Miss Allen took the play to Chicago early this season, Powers' theater was crowded to the limit for five weeks; and the last week at the same theater, on a return engagement, the love affairs of Glory Quayle and John Sturm proved of the greatest interest in spite of the hot weather, the first few evenings. It is estimated that the receipts of "The Christian" for this season extend between $400,000 and $500,000.

Both of Miss Allen's parents were theatrical folks; her father supported James K. Hackett in his famous Falstaff, in "The Merry Wives of Windsor;" played in "Esmeralda," "David Copperfield," "Twelfth Night" and "Man O'Airlie." Her mother's specialty was "old woman" parts. Miss Allen was born in Alabama, but spent her childhood in Boston. She made her debut on the stage in New York at the age of 15 in "Esmeralda." The next season she became leading lady for John McCullough, then played with Barrett, the elder Salvini, Joseph Jefferson and William Florence. The roles played by Miss Allen are Virginia in "Virginius," Desdemona in "Othello," Julia in "The Gladiator," Juliet, Mrs. Errol in "Little Lord Fauntleroy," Lydia Languish in "The Rivals," and she was very successful in "Esmeralda" and Bronson Howard's "Shenandoah."

It is interesting to summarize the successes of the season just drawing to a close; successes artistic or financial, and, in some cases, both artistic and financial. Without question the list has the names of Irving, Mansfield and Mrs. Fiske at the head, and in the column belong the names of Mrs. Carter, Viola Allen, Nat Goodwin, Julia Marlowe and Maude Adams.

THE ASTROLOGER.

NAMED FOR PRESIDENT.

Wharton Barker, a Philadelphia Financier, Nominated by the Middle-of-the-Road Populists.

Wharton Barker was a republican until the spring of 1896. He was a pioneer Garfield man in 1880 and was fully as enthusiastic for Benjamin Harrison in the national convention four years later. He continued in fealty to the Indianian in 1888, but opposed his renomination at Minneapolis. In the campaign of 1888 he devoted practically his entire time, as well as a large amount of money, to swinging Delaware into the republic-

an column. A senatorship was at stake, and he succeeded in carrying the legislature against the democrats, resulting in the election of Anthony Higgins to Eli Saulsbury's seat in the upper house.

As a reward a powerful movement was set on foot to have Mr. Barker appointed secretary of the treasury by President Harrison. This honor might have been paid him had it not been known even then that his financial views, which caused his bolt in 1896, were not in accordance with republican doctrine.

Since 1868 he has been a member of the banking house founded by Abraham Barker, having entered it when aged about 30.

In 1887 Mr. Barker became widely known as the American backer of Count Mitkiewicz, who claimed to have secured a concession from Li Hung Chang for the establishment in China of a bank with $20,000,000 capital, half to be held by Americans and the other half by Chinese capitalists.

Mr. Barker is the founder of the Investment of Philadelphia and the Finance company of the same city, with a combined capital of $9,000,000. As a side issue he established the American in 1889, and ever since has given that weekly his personal attention.

CHARLES W. F. DICK.

The Able Secretary of the Republican National Committee Is, of Course, an Ohio Man.

Maj. Charles W. F. Dick, of Akron, O., secretary of the republican national committee, has long been a factor in Ohio politics, and has had much experience in campaign management. He was born in 1857. He passed through the public schools and began his business career as clerk in a mercantile establishment in his native city. Subsequently he became teller of the Citizens' Savings and Loan association, and was interested in various business enterprises. He has been an active republican since reaching his majority, and he was elected auditor of Summit

county in 1886. He was reelected three years later. He was for years a member of the republican county committee and as chairman three times conducted successful campaigns. He was prominent in the republican national convention of 1892, to which he was a delegate. As chairman of the republican state executive committee he showed fine ability and was given much of the credit of rolling up the great majorities given Maj. McKinley when running for governor. Maj. Dick has been frequently proposed for a candidate for governor, but has declined to make the run. He won new honors as the right hand man of Mark Hanna at Chicago during the last campaign. President McKinley offered him the positions of fourth assistant postmaster general and of treasurer of the United States, but he refused both positions.

Birds Are Great Mimics.

The song of the marsh wren bears the resemblance to the gurgle of rippling water. The red-headed woodpecker reproduces the noise of the wood toad. In South America one bird imitates exactly the crackle of the limbs of the forest in which it lives.

A Mean Man's Revenge.

A Reading (Pa.) man who was obliged to pay $2,500 damages in a breach of promise suit has married the young woman. This is one way of getting even.

If Women Only Knew

What a Heap of Happiness it Would Bring to Plainfield Homes.

Hard to do housework with an aching back.

Hours of misery at leisure or at work.

If women only knew the cause;

Backache pains come from sick kidneys,

Doan's Kidney Pills will cure it.

Plainfield people endorse this.

Mrs. I. L. Holmes of 442 West Second street, says:—"I used several boxes of Doan's Kidney Pills for backache and derived more benefit from them than from anything else. Before I tried this remedy I was bothered almost constantly with a severe pain across the small of my back so bad at times that I thought I must give up. If I sat down and got up or was lying down and attempted to rise quickly or retained one position for any length of time, sharp, acute pain always followed. I saw Doan's Kidney Pills advertised for such troubles and went to L. W. Randolph's drug store and got a box. They helped me from the first and I improved right along under the treatment."

For sale by all dealers, price 50c. a box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name Doan's and take no substitute.

TEACHING A CHILD NUMBERS.

It Is a Mistake to Allow Little Folks to Count Indiscriminately When Learning.

It is unwise to teach the child to run over the names of numbers without associating the names with any meaning. "He can count to five—to ten," boasts some thoughtless parent, when the baby tongue has repeated the string of one, two, three, etc. And but little more useful is the plan now followed of having baby count objects, such as spools or pennies. All this, says Florence Hull Winterburn, in Woman's Home Companion, "is artificial training, sure to disappoint our expectations in the end. For some day when baby is displaying his little accomplishment he makes sad blunders. He puts five before two; leaves out four altogether; and when questioned thinks three is more than six, and shows utter ignorance of any power of genuine counting. This is not at all surprising. The words one, two and so on mean absolutely nothing to him until there has grown up in his mind the sense of quantity. When he realizes the distinction between a little of a thing and more of it, between a few objects and many of the same kind, he is beginning to grasp the great generalization implied in the power of measurement. He must get an indefinite sense of the difference between large masses and small masses, many objects and small objects, before he can at all comprehend that there are definite degrees of value. Intelligent children take pleasure in comparing one thing with another. They love to measure and to weigh articles in miniature scales; they continually note differences between objects, and although their distinctions are always crude and sometimes absurd, they occasionally show surprising sharpness in finding out contrasts.

The faculty of discerning differences is closely allied to what is called mathematical faculty. Yet how many parents will applaud the child who shows readiness to repeat numbers, and frowns down the "nonsense" of curiosity as to relative weights and sizes, or the child who insists on details!

YOUNG MAN HONORED

Nominated for Governor by the Republicans of Illinois.

Richard Yates, Son of the Famous War Governor, to Lead His Party —His Interesting Record as a Man and Official.

Richard Yates, the republican nominee for governor of Illinois, has been making history during his 39 years of life almost as rapidly as his famous father did, before him. He was born in Jacksonville, Ill., is young, vigorous, magnetic, clean handed, a fighter, and ambitious. As an orator he is considered strong when his topic is one in which he takes a deep personal interest.

His education began in Jacksonville, he entering Whipple college when he was 13. He remained there three years and was then graduated. He was afterward a student at Illinois college, where his father had preceded him, and was graduated from that institution in 1860. He was class orator. He believed when he was graduated that he would make a good newspaper man, and he became the city editor of the Jacksonville Daily Journal at a salary of $40 a month. He liked the work, but the pay did not please him, and he decided to study law. He left Jacksonville and entered the University of Michigan.

Here again a shortness of funds confronted him and he could not complete his law course. He returned to Jacksonville and again entered newspaper work. This time he saved enough money to enable him to return to Ann Arbor, finish his law studies, and he graduated with honor in 1884. Nothing carried him through his struggles to gain an education at this time but his own pluck and determination to win. He returned to his native town, the admired of all who knew his work, and greeted with their good wishes for his future success. He cast his first vote in 1882, and was chairman of the republican city committee of Jackson-

ville in 1883. He was chairman of the local Blaine and Logan club in 1884.

The same year he stumped a portion of the state for the republican ticket and showed himself to be willing to do party work at all times. In 1885 he was appointed city attorney of Jacksonville. One year later he became chairman of the congressional district committee. The next year he was elected city attorney, and held that office until 1891. In 1886 he was again making campaign speeches throughout the state. When the first Republican National league convention was held in Illinois Mr. Yates was chosen as one of the Morgan county delegates to it. In time he became secretary of the Illinois Republican league and took an active part in its affairs. He also kept up his practice of making campaign speeches wherever he could and extending his acquaintanceship throughout the state. He was and is a tireless worker, and this led party leaders to pay particular attention to him.

He became chairman of the Morgan county republican central committee in 1890, campaigned throughout the state that year, and later ran for congressman at large and was defeated, although polling a large vote. Two years later he was elected county judge of Morgan county, and after that served in Cook county for a considerable period with Judge Carter, as an additional judge. He campaigned the state for President McKinley in 1896. In 1897 President McKinley appointed him internal revenue collector for the Springfield district, and he holds that position still.

He is married, prominent in the work of the Methodist church, a capital entertainer and frank in his manners. He began his campaign for governor last September with the open statement at that time that he certainly would be nominated. Of his personal habits and reputation for integrity only the best can be said.

Jewish Soldiers Are Brave.

Lord Roberts has, in a letter to a distinguished member of the London Anglo-Jewish community, paid a high compliment to the fighting qualities of his Jewish soldiers. Of course many Hebrews are connected with the regular regiments at the front, but the larger number proportionately are associated with the volunteer regiments, and particularly with bodies like the City of London Imperial volunteers; while a larger number still are associated with the colonial forces.

Germs Are Not Long-Lived.

Experiments by E. Klein indicate that, contrary to common belief, such germs as those of cholera, typhus and diphtheria do not survive more than three or four weeks after burial in the ground.

STRONG SUPPORT FOR THE "FARMER ORATOR"

[CONTINUED FROM PAGE 1.]

Asbury Park, and Editor William Mattison, of the Somerville Messenger, as the secretaries. Col. Zulick made a short address after which the vice presidents and committees were announced and the convention adjourned for dinner and to allow the committees to confer.

SPORTING.

ON THE DIAMOND

The following is the schedule of the Arion Baseball Club of Hope chapel: Saturday, June 2, Klondyke's on Arion's grounds; June 9, Westfield High School at Westfield; June 16, Weed and Kennedy Insurance Co., of New York, at Prospect Park, Brooklyn; June 23, Clinton Avenue, at Clinton avenue; June 30, Cartaret A. C. at Cartaret; July 4, Alls, on Arion's grounds; July 7, Weed and Kennedy Insurance Co. at Plainfield; July 14, Perth Amboy at Plainfield; July 21, Pond Tool Works at Plainfield; July 28, North Plainfield Stars at Plainfield; Aug. 4, Clinton avenue at Plainfield. August 11, 18, 25 and Sept. 3, Labor Day, are open dates and the club would like to fill them with teams averaging 18 years.

AMONG THE STEPPERS.

Plans for a two days' race meet on the track at the Gentlemen's Driving Park are gradually being made. The dates selected are the 3d and 4th of July.

A large delegation of Plainfield people who love horse-racing went to New Brunswick yesterday to attend the races held there. Although not many horses were entered from this city, the interest in the event was keen.

GOLF

Next Saturday afternoon the Hillside golf team will play the New Brunswick team at the latter place. The same afternoon the finals for the Chapman cup will be played on the Hillside course.

Died at the Hospital.

The death of Miss Lillian Mowrey, aged 18 years, occurred at the hospital this morning. She was a medical patient and was admitted last evening by Dr. Tomlinson, who has been treating her. She had been staying for a few days past with her sister, Mrs. Charles Bock, of 250 East Second street. She had been suffering with eurmic coma and this caused her death. No arrangements have as yet been made for the funeral.

Stealing a Ride.

John Davis and William Reed, en route to Atlantic City, were taken off the 1:17 train this morning by Sergeant Kiely and Patrolman Watson. They were stealing a ride. City Judge Runyon suspended sentence on them this morning.

New Dwelling on Grove Street.

Mrs. A. M. Hanigan, owner of the building lot on the north corner of Grove street and Craig place, has decided to erect a fine dwelling house on the lot, and plans are being made for it.

Children's Day.

A week from next Sunday Children's Day exercises will be held in the various churches in the city. Elaborate arrangements have been made at most churches for the day.

Ready to Take the Census.

W. W. Rowley and L. E. Barkalew, of the borough, who were recently appointed census enumerators, will commence their work in the borough tomorrow morning.

Addition to St. Joseph's.

The work on the new addition for St. Joseph's R. C. church will be started in a short time. The amount necessary to make the alteration has about been collected.

GREAT BASEBALL.

Pleasant Outing at "Sunset Cottage" by the Friends of Mr. and Mrs. Jacob Voehl Yesterday.

At "Sunset Cottage," the mountains, yesterday, Mr. and Mrs. Jacob Voehl entertained their children, grandchildren, and Mr. and Mrs. Edward Guerin and their little daughter, Enola, of Orange; Miss Cheeseman, of Bayonne; Miss Flora McGinsee, of Warrenville; Miss Ella Sebring, of this city.

The day was delightfully spent in playing games, etc., and the most interesting of all was a game of baseball played by teams composed of the ladies and gentlemen. The teams were known as "Uneeda Biscuit," of Bayonne, and "Quaker Oats," of this city. The game was called at the end of the seventh innings with the score standing 14 to 10 in favor of "Uneeda Biscuit." Lunch was then served to forty guests.

FOUND DEAD IN BED.

Sudden Death of Robert Young, Coachman for F. A. Barnaby, Early Yesterday Morning.

Robert Young, aged 55 years, who for the past two years has been coachman for F. A. Barnaby, of Plainfield avenue, died very suddenly early yesterday morning. He had not been ill at all and his death was a great shock. He was found dead in bed at 6 o'clock by one of the other employes, and Dr. Endicott was summoned at once. The opinion of the doctor was that Mr. Young's death was due to apoplexy. Mr. Young, his wife and children came from Brooklyn to this city. The body was taken to that city yesterday, where the funeral services will be held and the interment will take place.

WILL GET HIS DEGREE.

John H. VanWinkle, Jr., Has Successfully Passed Final Examinations at N. Y. U.

John H. VanWinkle, Jr., son of Counsellor John H. VanWinkle, of Duer street, received notification from the Registrar of the Law Department of the New York University, this morning that he as a member of the senior class, had successfully passed all of his examinations. The graduation exercises will take place next Wednesday night at the Metropolitan Opera House, New York, when Mr. VanWinkle, together with the other members of his class, will receive the degree of LL B. These honors coming to Mr. VanWinkle are well deserved and show the result of close application to studies and a determination to win He will receive the hearty congratulations of his friends for his success.

BOYNTON BEACH OPEN.

That Popular Day Resort Was Visited by Many Plainfielders Yesterday.

The summer season was formally opened yesterday at Boynton Beach, with a large crowd in attendance from Plainfield, New Brunswick, Perth Amby and other places. Dancing was the feature of the day and was kept up until a late hour by the young people. The resort will be run under the same management and practically the same conditions as it has been during previous seasons.

Delightful Musicale.

A delightful musicale was given Tuesday evening at the Randolph-Cooley Collegiate School by Miss Palmer and her younger pupils. Part first was devoted to illustrating theoretical and technical training, and those who took part were Margaret Lowe, Helen Batchelor, Alice Mary Ross, Edith Mellick, Helen Cruikshank and J. Hartley Mellick. Part second was given up to a miscellaneous programme of popular selections which was presented by the same young people.

Distinguished Guests.

Among the prominent people who are now enjoying life at the Park Avenue Hotel, are Mrs. E. H. Bennett and her two charming daughters, Miss Bennett, and Miss I. Bennett, of New York. Mrs. Bennett is the widow of a former president of the Singer Sewing Machine Company. The family has a very stylish Victoria and a handsome team of bay horses, with which they enjoy seeing the beauties of Plainfield and vicinity.

An Approaching Marriage.

Mr. and Mrs. Edward T. Lovatt have issued invitations to the marriage of their daughter, Sarah Theodosia, to Clarence Morrow Travis, Tuesday evening, June 12th, at 8 o'clock, at St. Paul's M. E. church, North Tarrytown, N. Y. Mr. Travis is well-known in this city, having conducted a marble business on Somerset street.

Wanted to Fight.

Roundsman Flynn and Patrolman McCarty found Martin Muldoon, of Bernardsville, wandering by the Central tracks early yesterday morning. In response to the officers' instructions to move on, Muldoon started to lick them both. He failed and Mayor Rockfellow sentenced him to ten days in jail last evening.

A Musicale.

The pupils of Wm. E. MacClymont will give a musicale in the Plainfield Camera Club rooms, Babcock building, this afternoon at 4 o'clock.
